Ancestry.com. 1930 United States Federal Census [database on-line]. Provo, UT, USA: The Generations Network, Inc., 2002. Original data: United States of America. Bureau of the Census. *Fifteenth Census of the United States, 1930*. Washington, D.C.: National Archives and Records Administration, 1930. 2,667 rolls.

Description:

Containing records for approximately 123 million Americans, the 1930 United States Federal Census is the largest census released to date and is the recent census available for public access. The census gives us a glimpse into the lives of Americans in 1930, and contains information about a household's family members and occupants including: birthplaces, occupations, immigration, citizenship, and military service. The names of those listed in the census are linked to actual images of the 1930 Census. [Learn more...](#)
