## **Automatic Rain Gauge** For Grand River Area

A new automatic rain gauge has been received by the Adair County Soil Conservation office here, for the accurate recording of rain which falls in the Grand River watershed area.

The new gauge which with other standard rain gauges lo-cated in the area will be in charge of M. A. Ghormley of the conservation staff.

The new gauge records the rainfall upon a chart which is operated by a clock, recording a week's precipitation on each chart.

The rain as it falls enters the device at the top and falls into a copper bucket , which weighs the rais and converts it into inches on the chart.

A compensating device absorbs that to upset its accuracy. The chart also records all evaporation, so that the readings are scientifically accurate.

So sensitive is the needle tracing the diagram that anyone walking across the floor will cause it to vibrate. When it is installed it will be mounted upon a concrete foundation.

The entire mechanism is closed in a water tight closed in a water tight case, with only the inlet protruding

heen cellindeopowdy efficient and systellegistic lids farm. The accurate recording of rainconstructed fall in the area is of importance, ion Service because of the scientific way in illdozer to which terraces are constructed.

## J. W. ROBERTS, PIONEER DIES

## State Representative In 41st and 42nd Assemblies

J. W. Roberts, 75 years of age, a resident of Adair County all of his life, and the county's oldest plonger, died at his home in Grand River township Saturday morning after an illness of six months duration.

Mr. Roberts during his life was prominent in Republican politics of the county, serving as township officer, county recorder during the years of 1903 to 1909 and in the 41st and 42nd general as-semblies of the state legislature. The parents of Mr. Roberts

came to Adair county from Illinois in a prairie schooner drawn by He was born in a little log cabin that stood east of the old

south of the Roberts school house, His father Uncle Jimmy Roberts brought his mother's family of nine children and settled in 1854.

The mother Emily McDonald Roberts came in 1850 to the home place on Middle River when nine years of age with her parents, Mr. and Mrs. William McDonald.

At the age of 19, Emily was united in marriage to John Rob-

To this union, seven children were born of which James William was the oldest.

At the age of 25, he was united in marriage to Eva Jane Tullis. To them were born three children, two sons and a daughter, James and Lloyd Roberts, who reside here and Mrs. Olie Grace Hoyt, who resides in Guthrie, Oklaho-ma. The grand children are Donald, Mildred, Robert and Roberta Hoyt and Betty Darlene Roberts. The Roberts family moved from

Greenfield to their present home in Grand River township in February 1909. Mr. Roberts was a resident of Grand River township

for 58 years.

Those rugged principles of honesty and neighborliness which were characteristic of the early pioneers were exemplified in the life of J. W. Roberts. His life grounded in realities. He was not one to be carried away by fads and fancles.

The funeral services were held The funeral services were held Monday afternoon at 2:30 at his home. Ware W. Wimberly, pastor of the Greenfield, Pseubyterian Church. Conducted the Services. Mrs. R. W. Hoyt and Mrs. W. R. Alley sang: "Going Down The Valley" and "My Faith Looks up to Thee". Those serving as pall-bearers were, Henry Young, Herbert Inick, W. E. Wakefield, E. E. Savage. Harvey Rostat and Roy Savage, Harvey Rostat and Roy Gray. Interment took place in the Grand River cemetery.

## A True Fish Story

July 16 beginning at 8 o'clock.
W. E. Solomon, state representative of the W. O. W. will be the principal speaker of the meeting.
The program for the evening follows:

Song-America .... Audlence Address of Welcome . Selection Cornet Solo ...... Address .... Billy McClure
W. E. Solomon .... Ed Sidey

Wilma, Roberts Remarks by others present,

## HEAT WAVE IS **CUTTING CROPS**

## Roberts homestead, July 9, 1861. The father, John Roberts came to the old Roberts homestead Just Week Over 100 as County Swelters

Temperatures in Greenfield Thursday ..... Friday ..... Saturday ..... 101 Tuesday 105

With temperatures in the county for the last week ranging over 100, farmers are becoming more pessimistic over the outlook for the county's corn crop.

White leaves are appearing in corn fields with growing frequency and the corn is rolling badly. The "white flags" in the fields indicate that the corn is firing from the top. As yet corn generally has not fired from the bottom because of the shade provided by the good stand and the height of the corn.

Early planted corn in the tass eling stage is badly damaged and will not make a crop according to local crop observers.

local crop observers.

Rain is needed within the next few days if the later of terrois, to be saved. to be saved.

Threshing small grain began in the county this week. As a gen-oral rule oat yields are better than was first expected.

Pastures are suffering under the burning sun and are decreas-ing in feed value with every day

of the bot weather.

The majority of Greenfield residents have not had a good night's sleep for a week due to the heat, Beds are moved out of doors at night to escape the heat.

Supplies of electric fans here have been sold out and dealers claim that warehouse supplies are exhausted so great has been the demand.

No heat prostrations have been reported in Greenfield during the

Here is a true fish story that the pests damaging corn fields, serving crops constituted the challenges local fishermen. Mr.

## Are Made to Preser Forage in This Emergency

Modifications of the 1936 Agric tural Conservation Program, meet the emergency resulting fr drought conditions in the Corn I Region announced by AAA b been received by Walter M. Zell-County Agent.
Claud R. Wickard, acting direct

of the North Central Division, p ed out that these modifications designed to preserve all availa forage for livestock feed; to courage farmers to increase th amount of forage crops for fall : winter feeding, and to provide large an acreage as possible of conserving crops for 1937.

An additional revision provi for the acceptance of performa other than a good stand of a : conserving crop, if the failure obtain a good stand was caused conditions beyond the control the farmer

The substance of the modif tions which have been made, which will become effective mediately is as folloms:

1. Good stand of soil conserv erop on land from which a g hay or annual legume hay is vested is classed as soil-conserv -Land from which a crop of g hay or annual legume hay, sucl soybeans and field peas has I harvested in 1936 will be classi as soil-conserving provided a s stand of a soil-conserving cro growing on this land when per mance is checked later in the y The kind, rate, and time of see the soft-conserving crop will be ject to recommendations made the State Agricultural Conserva Committee. Such will be annous by the Iowa Agricultural Conse tion Committee in about ten de

This provision will not only to the production of feed and ro age on farms in the Corn Belt year but by encouraging late i mer and early fall seedings legumes and grasses, it will of a definite incentive to farmer. take steps this year to provide masture and hay crops in 1937 thereby to get back to a n normal acreage of soil-conser crops. It is further pointed out a good stand of legumes and gi es this coming winter and sp will tend to prevent wind and w erosion on land that other might be vold of vegetation bec of drought.

than a good stand—Farmers have seeded soil-conserving c in accordance with good fari practice but who have lost c because of drought, insect is tions, or other conditions be; their control, may qualify for conserving and soil building ments on this land. It will necessary, however. that farmers provide sufficient evide that soll-conserving crops v rs Collemat Connectoy Boun Boat distatiating the State distorical Society of the found of soil serving crops constituted the

quarter section. He also operates his father's farm in Union township and in the conduct of his agricultural interests is meeting with a most gratifying and well merited measure of success.

On the 11th of February, 1903, Mr. Bevercombe was united in marriage to Miss Ella E. Reed, her parents being William H. and Emma (Witham) Reed, extended mention of whom is made on another page of this work. To Mr. and Mrs. Bevercombe have been born two children, Gale R. and Wilma H. Mr. Bevercombe gives his political allegiance to the democracy and is now serving as treasurer of Union township and as a member of the school board, making a most creditable record in both connections. Both he and his wife belong to the Christian church and enjoy an extensive and favorable acquaintance in their home community.

#### JAMES W. ROBERTS.

Agricultural interests find a worthy representative in James W. Roberts, who is living on section 17, Grand River township, where he is busily and successfully engaged in the usual work of the farm. He has always lived in this county, his birth having occurred in Harrison township on the 9th of July, 1861, his parents being John and Emily (McDonald) Roberts, natives of Indiana and Illinois respectively. They arrived in Adair county in childhood with their parents, were here reared and in 1860 were married. They have resided continuously in Grand River and Harrison townships since that time, now making their home in the latter. Mrs. Roberts is today the oldest living resident of Adair county in years of continuous residence therein, for she arrived on the 4th of July, 1850. It was not until four years later, or in 1854, that John Roberts became a resident of the county.

James W. Roberts was reared upon the old home place and the district schools afforded him his educational privileges, supplemented by a business course in Drake University at Des Moines. After studying there he returned to Adair county and for three years gave his attention to educational work, teaching school in Grand River township through three winter seasons, while the summer months were devoted to farming.

In March, 1886, Mr. Roberts was joined in wedlock to Miss Eva Tullis, of Grand River township, and the following year they took up their abode upon a rented farm on section 4 of that township. In due time Mr. Roberts purchased this farm, then comprising one hundred and twenty acres, but as his financial resources increased he kept adding to his place. He remained upon the farm until 1902, when the vote of his fellow townsmen called him to public office, electing him county recorder of Adair county. He then removed to Greenfield, where he filled the position most acceptably for three terms, or six years, discharging the duties of the office in a most prompt and capable manner. After the expiration of his third term he removed to his present home farm of one hundred and twenty acres on section 17, Grand River township, having purchased the property during his residence in Greenfield. His time and energy are now devoted to the further development and improvement of this place, which is a well kept farm, having

upon it many substantial and modern improvements. In addition to this property he is a stockholder in the Lincoln Township Mutual Telephone Company and a stockholder in the Adair County Fair Association.

To Mr. and Mrs. Roberts have been born three children: Olie Grace, the wife of C. A. Hoyt, living at Silver City, Iowa; and James T. and Lloyd A., both at home. The family is well known and the hospitality of the best homes of the township and county is freely extended them. Mr. Roberts is a prominent republican and in 1912 was the candidate of his party for state representative and, notwith-standing it was the year of the great democratic landslide, he was defeated by but eighteen votes. He is a member of Greenfield Lodge, No. 375, I. O. O. F., and also holds membership with the Woodmen of the World. He has wielded considerable influence over public thought and action and none question the integrity of his opinions even though they differ from him. He has made an excellent record in office, has been progressive and reliable in business affairs and in every relation has merited and won the confidence and goodwill of those with whom he has been brought in contact.

#### H. P. PROCTOR.

Among the representative and enterprising agriculturists of Adair county is numbered H. P. Proctor, who owns and operates a well improved farm embracing one hundred and sixty acres on section 20, Grand River township. His birth occurred in Indiana on the 12th of February, 1867, his parents being G. M. D. and Nancy A. (Alexander) Proctor, the former a native of Ohio and the latter of Indiana. They came to Adair county, Iowa, in 1870.

H. P. Proctor, who was but a child of three years when brought to this county, remained under the parental roof until twenty-three years of age, when he was married and established a home of his own. He purchased a farm of one hundred and twenty acres which he operated for fifteen years and then sold, buying his present home place of one hundred and sixty acres on section 20, Grand River township. On this property he has made excellent improvements and as an agriculturist is meeting with well deserved success, cultivating the cereals best adapted to soil and climate and also raising and feeding stock of all kinds. The prosperity which he now enjoys is attributable entirely to his own efforts and he may justly lay claim to the proud American title of a self-made man.

In 1890 Mr. Proctor was united in marriage to Miss F. E. Jordan, a native of Iowa county, Iowa, and a daughter of John and Rebecca (Reed) Jordan, both of whom were born in Ohio. They came to Iowa in the early '70s, locating first in Iowa county and at the end of three years making their way to Adair county, while at present they are residents of Madison county, this state. To them have been born ten children. Mr. and Mrs. Proctor have become the parents of seven children, as follows: Nellie T., who is the wife of Samuel Zellweger; Laura G., who has completed a course in a musical college; Lester T., who is a college graduate and now a minister of the Christian church in Nebraska; Floyd E.; Forest R.; Mabel I.; and Zetta, who is deceased.
