DONHOWE DIED
SATURDAY MORNING

Remains of Popular Banker and
Citizen Laid to Rest Tuesday.
Large Concourse at Funeral.

On Tuesday afternoon, in the
presence of an enormous con-
course of relatives and friends, all
that was mortal of Henry N. Don-
howe was laid to rest in Fairview
cemetery.

Death came to him soon after
sunrise on Saturday, after every
earthly means had failed to save
his life from the illness which had
its start just two weeks before.

Struck down in the prime of
manhood and in the midst of a
very active career, it has been
difficult for those who knew him
to reconcile themselves to the
death of Mr. Donhowe. Though
never of a robust physique, he
had always been active and ac-
complished in his few years of
life more than most men do who
fill their three score and ten.

Mr. Donhowe was born on the
farm south of Story City March
11, 1872, being thus at the time
of his death a little past 53 years
of age. He had the common
school education of his time and
in 1893 attended the academy at
St. Ansgar, following which he
worked in the dry goods store of
his brother Olavous.

Sept. 1, 1896, he was married
to Miss Tilda Tollefson at St.
Ansgar, who ever since has shared
his joys and sorrows. The widow
with two sons and one daughter
(Arthur and Erling, and Mrs.
Lester Henderson) survive him.

Mr. and Mrs. Donhowe lived
for a while at Northwood, where
he managed a clothing store, and
later moved to Story City, and
this has been their home ever
since.

For a year or so he sold sewing
machines, then with his brother
John went into the clothing busi-
ness here, taking up auctioneer-
ing on the side. The latter voca-
tion soon took all his time during
the sale season, as he developed
into one of the most successful
auctioneers in the state.

In 1909 he with his brother
John and Joseph Marwick organ-
ized the Story City National
Bank, of which he was at first
president.

In 1915 he bought the Randall
bank and helped organize the
First National Bank of Roland

Norse-American Centennial

As is well known, the one hundredth anniversary of the landing of the first Norwegian immigrant ship on these shores will be celebrated this year in Minneapolis. The date is June 6 to 9. Elaborate arrangements are being made for a great program to entertain a great multitude. Many from in and around Story City are planning to attend. President Coolidge has signified his willingness to participate in the program.

Coupon books containing three tickets of admission to the Fair grounds, where the meeting will be held, are being sold at a dollar apiece. Those who expect to attend will of course get one of these tickets, and others who cannot go themselves but are interested in seeing a successful centennial are also invited to contribute a dollar by purchasing a coupon book. They are for sale at the following places in Story City: A. G. Larson, H. E. Myrah, Ben Holm and Herald office.

Norwegian Masterpiece to Be Shown at the Grand

Manager Egenes is going to show one of Ibsen's masterpieces at the opera house next Monday and Tuesday nights. "Terje Viken" is the name of it, and it is said to be a very fine presentation of that work. Admission 50 cents and 25 cents.

Can You Beat This?

A merchant in a small town in Northwestern Iowa says he has a farmer customer who sells his cream and buys Oleo. His children milk the cows but the spread they get for bread is Oleo.

For a year or so he sold sewing machines, then with his brother John went into the clothing business here, taking up auctioneering on the side. The latter vocation soon took all his time during the sale season, as he developed into one of the most successful auctioneers in the state.

In 1909 he with his brother John and Joseph Marwick organized the Story City National Bank, of which he was at first vice-president and later president.

In 1915 he bought the Randall bank and helped organize the First National Bank of Roland and the First Liberty Bank of Eagle Grove, being president of the latter for several years. At the time of his death he was president of the Story City National and the Randall Savings Banks. He was also treasurer of the Sindhordland laget, in which he had for years taken a strong interest.

He served the county as representative in the legislature for two terms, the 39th and 40th general assemblies.

For a quarter of a century he took a prominent part in the development of his home community. Being of a generous disposition he was ever ready to extend a helping hand to anyone in need. His friendliness was a choice characteristic, and young and old remember his hearty handshake and pleasant greeting. He will be greatly missed in and around his home town.

The funeral service Tuesday afforded a striking proof of Mr. Donhowe's wide acquaintance and popularity. The church was overflowed an hour before the service was to start. There were probably two thousand people present, only a third of whom could get into the church, the other two-thirds remaining on the outside until they could come in to view the remains of their friend and neighbor.

Rev. Andersen preached the funeral sermon, dwelling much upon the last days of the deceased, how he had come to measure life's success not in money, fame or power, but in his relation to God.

Revs. Heimarek, Paulsrud and Smedal also made brief addresses, in which they eulogized the departed in feeling words.

The floral tributes were extraordinarily large and beautiful. Besides wife and children, the (Continued on Page Three)

tuberculosis was made on one and arrangements are being made to enter her at Oakdale Sanitarium very soon. Two other children will be taken to Iowa City for medical treatment at the same time. A young boy whose physical condition did not permit him to do passing work, has been placed on the farm. It is anticipated that the healthful country life will benefit him to such an extent that he will be much improved by fall and will be able to do creditable work by Sept. 1st.

A number of the children have not been vaccinated. The history of smallpox shows conclusively that there is an everpresent danger to the unvaccinated community and with the large number of critical cases in nearby localities, vaccination is urged in every case. Physicians, nurses and attendants in smallpox hospitals, when properly vaccinated, never contract smallpox. Their sole protection is vaccination.

The Child Welfare Organization has purchased a cot and mattress for the First Aid room. They are contemplating furnishing each building with First Aid Cabinets and some other facilities which are needed badly. This organization is to be commended highly for the large amount of splendid work they carry on throughout the year. However, they cannot cover the charity work, which necessarily must be done in a town of this size. In one home, where the family depends on charity entirely, an excess amount of clothing was found. Too many donations are made promiscuously. These families should be urged to seek work rather than be taught to depend on charitable donations, and very often only a charity organization can judge the situation and bring about the proper results. Distribution of charity to the poor and needy could be taken care of more economically and satisfactorily if Story City had an Associated Charity Organization.

MADRIGAL CHOIR COMING

The Madrigal Choir of Simpson conservatory of music of Indianola will give a concert in Story City Friday evening, April 17. This choir consists of thirty voices under the direction of Bernhart Bronson and renders a concert of exceptional merit. They will appear here in the high school auditorium. Admission 35 and 50c.

deceased leaves his aged father, his brothers Olavous, John, Nels and Peter, and sister Mrs. Sam Johnson to mourn his death.

Resolution of Sympathy

The following resolution, passed by the state legislature, in session Monday, was read:

Whereas, information has just reached the House of Representatives carrying the sad tidings of the sudden and unexpected death of the Honorable Henry N. Donhowe, a member of the 39th and 40th General Assemblies, and

"WHY I LIKE TO LIVE IN THE COUNTRY"

The Country Gentleman recently conducted an essay contest on the subject: "Why I like to live in the country." In competition with three thousand contestants from all parts of the country, Mrs. Evelyn S. Belville, formerly of Marion county, Iowa, and now of Tracy, Minnesota, won the first prize.

Mrs. Belville's prize-winning essay makes a most convincing case for farm life. Three main lines of argument are used as follows:

"Companionship. The farm home is a spot where father, mother, sons and daughters may live, work, play together; where

came a temptation to sacrifice home life in the supposed interest of business. But the farmer as a class has never surrendered—and the explanation is to be found in Mrs. Belville's essay.

Agriculture makes its most eloquent plea to American citizenship when it speaks in defense of the farm home. As an industry, agriculture is in no great danger of suffering any permanent distress, for all the other industries are supported by agriculture and they are all dependent upon agriculture. The thing that the entire nation should be interested in preserving is the American farm home as distinguished from a system of landlordism wherein the actual farmer would be an industrial employe.—Des Moines Capital.

Be It Resolved by the House of Representatives: That we express our very sincere regrets at his passing, and that we tender to Mrs. Donhowe, the family and all other relatives our heartfelt sympathies.

Honorary pall bearers selected by Speaker Edson were as follows: Martin H. Troup of Story county, Matthew H. Francis of Boone county, Charles Rhinehart of Dallas county, Irving H. The active pall bearers were T. T. Henryson, Edwin Olson, L. A. Dale, Albert Jacobson, Andrew Owenson and Jgnas K. Johnson.

One of the popular songs in the United States just now is a waltz called "All Alone." It is stated that over in Europe they sing it "All a Loan."

all may dwell in mutual helpfulness and love.

"Security. Banks may fail, stocks may tumble, the business world go mad, but the roof over our heads, the acres about us, remain our own. With industry, frugality and prudence we are assured a comfortable living and a competence for old age. Trite sentiment these, yet they signify all the difference between tranquillity and tragedy.

"Abundance. Where man, working harmoniously with nature, can produce that which provides for his material needs and ministers to his higher aspirations. I love to enter my store-room where in shining rows stand the jars filled with the products of my labor; with shelves and bins full, with pure milk, golden honey, new-laid eggs, meat and the flesh of fowls, I have the best and freshest of food for my table. Let King Winter rave and mass his forces against my Castle of Home; we are provisioned against a siege."

We are all looking for contentment, yet a great many of us fail to find it. Even on the farm there are a great many men and women who are unable to attain happiness; but considering farm life as a whole there is every reason to believe that the stories of its traditional contentment have not been exaggerated.

In recent years much has been written and spoken on the industrial and commercial side of farming. This discussion is decidedly worthwhile (for agriculture is the one basic industry) but money-making is not the only concern of the farmer. The farm is essentially a home. For pioneer families it was almost exclusively a home. Then the cities began to grow in size and number and the American farm became a part of the nation's complex economic system. With this change there

Roosevelt and the Kitten

When Roosevelt was President he was walking to church one Sunday morning and saw a kitten on the sidewalk trying to escape from two terriers. In writing to his daughter Ethel about it, he said, "I bounced forward with my umbrella and after some active work captured the kitten." He then inquired of the people on the neighboring porches as to the ownership. Nobody knew about it. The President saw it was not accustomed to taking care of itself and he did not want to expose it to danger by putting it down. So he marched along half a block carrying it in his arms. Then he saw a small house with a dressmaker's sign on the door. A colored woman and her little girl were looking out of the window. He walked up the steps and asked them if they did not want the kitten. They were greatly pleased to accept it. Whether they realized that the President of the United States had brought it to them we do not know.—The Well-spring.

Mr. and Mrs. O. O. Donhowe, Mrs. Alonzo Donhowe and Mrs. Arthur Vinje of Chicago came here for the funeral of H. N. Donhowe.

John C. Anderson of Albert Lea Minn., has been visiting the past week with his mother, Mrs. Miller.
