As J. P. Schneider was passing by
Wilson Bros. ice house Tuesday
morning, he noticed smoke issuing
from it and notified the boys who
were getting ice out at the time.
They manifested no uneasiness and
said it was most always smoking,
but as the volume of smoke increas-
ed they concluded to look to the
matter and upon examination found
the flax straw in which the ice was
packed, on fire and just breaking in-
to a blaze which was soon extinguish-
ed. Whether the fire was the result
of spontaneous combustion or from
other cause is not known.

Again we are called upon to chron-
icle the death of one of the pioneer
settlers of Mitchell county, Thomas
H. Hume Sr., who died at his home
in St. Ansgar Monday, after a long
illness. He was born in
Scotland, Nov., 22nd, 1820 and came
to America in 1832, settling in
Otsego Co. N. Y. In March 1866 he
married Margaret Young of St. Law-
rence Co., N. Y. and the same year
came to St. Ansgar. He had three
children by this union, Margaret,
Thomas H. Jr., and James H. the
two latter of whom with the mother
survive him. In the early days he
was a stock buyer and by his means
and the judicious investments in
real estate he accumulated consid-
erable wealth. Until failing health
compelled him to desist, he was ac-
tive in business and politics. He
was widely known and universally
respected, and will be greatly missed
in the community.

Here is something that every
farmer in the land ought to know.
Sprinkle a little stone lime in your
stock tank and not a particle of green
scum will form in the water. When
the lime water loses its strength
and scum begins to form, which may
be twice during the season, wash the
tank and repeat the dose. It is cheap,
harmless and wholesome, keeps water
sweet and saves time.
