FRANK D. BAYLESS CALLED BY DEATH

Former Prominent Resident Died
in California.

NEARLY EIGHTY YEARS OLD

Favored Growth and Permanent
Improvement of Elkader More
Than Any Other Man.

Word was received here Monday of
the death Sunday evening in California
of Frank D. Bayless, formerly of El-
kader.

Thus death has tolled the summons
for the man who in his active business
career did more to further the growth
and permanent improvement of Elka-
der than any other person.

Frank Davis Bayless was the son of
Mills S. and Eliza A. (Reed) Bayless
and was born in Pendleton, Madison
county, Indiana, October 9th, 1840.

He came west with his mother, a
younger brother and two younger sis-
ters in 1853, the trip being made by ox
team. In 1855 he moved with the fam-
ily to Dodge county, Minn., where he
assisted on the farm until the fall of
1856 when he returned to Indiana and
attended high school for two years. In
1858 he again went to Minnesota where
he was occupied with farming, teaching
school and the study of medicine until

Responding promptly to the call of
his country he enlisted in the Second

He is survived by his wife; three sons,
Charles D. of North McGregor, John R.
and Fred N. of Elkader, and one sister,
Mrs. N. A. McFaul of Hollywood, Los
Angeles, Cal. One son Frank H. died
June 21st, 1904.

Mr. Bayless was not a man without
faults. He was human and had a strong
and positive character but he will be re-
membered for the good he did while life
lasts with those he helped and in the
history of Elkader for all time, for, as
we said in the beginning, he did more
to further the growth and permanent
improvements of our town than any
other man.

His remains will be brought here for
burial. It is expected that they will ar-
rive Saturday and that funeral services
will be held Sunday in the Congrega-
tional church with Rev. C. H. Franke
officiating.

Altogether Too Much Light.

They stood together by the open
door. What mattered the cold to these
pulsating lovers? What mattered the
icy wind that entered from the street
outside and threatened to extinguish
the flickering hall lamp? What, in
fact mattered anything?

"Heart of my heart," he whispered
"how I love you!"

"And how I love you," she answered
back, "light of my days, light of my
thoughts, light of my very existence,
light—"

"Lucy," shouted her father's angry
voice from above, "just put out that
light at once and get to bed!"

or is getting quite a reputation for way in which he is speeding up the and we have heard numerous pring comments from the attorneys erning his ability and businesslike ods. Our report of the work of the on will appear next week.

ork on the dance hall is well way and when completed will im- e the hall a great deal. Much ad- na floor-space has been provided he dancers and a large balcony on orth and east sides of the hall will mple to take care of the spectators ll times. A larger check room has een provided so that the man- ent can give better service in this ect. The pipes of the heating sys- will be raised to the ceiling this ing summer and then the job of re- eling will be complete.

**D ROADS IN IOWA
A BLOW TO TRAVEL**
ossible For Autos to Get Throug
Snow and Mud.

owa with its automobiles for every residents could have carried its e population in cars this winter, if Clayton county is a criterion e of the state, by far the most he rrying has been done by. Do That is, what carrying has been e, which, in the case of farmers and r-families, has been mighty little. ording to report only one automo- has come over the country roads ing into McGregor since the first December and that was a Ford with xles cut down. The driver managed ull through recently from Elkader, gh he reports a smewhat strenuous as every so often the car got off the k into the deep snow at the side and ad to lift it back an again. he trouble came from the fact tha automobile can't force a way thro- the drifts as Dobbin and his wagon . Horse vehicles make the road and er teams my follow, but it is too nar- for the car. So, though traveling h a team may become fairly easy, omobiles is taboo. The unusual ount of snow has aggravated condi- is this winter. Two feet on the level l-drifts four to six feet high have v" d. Thawing will not improve s. tion. The worst mud of any ing in a long time is anticipated this nth. It now looks as though it may April before the farmer s can get to n with a car. This will mean far- rs' cars have been utterly useless to m for four months.

assisted on the farm until the fall of 1856 when he returned to Indiana and attended high school for two years. In 1858 he again went to Minnesota where he was occupied with farming, teaching school and the study of medicine until the breaking out of the Civil War.

Responding promptly to the call of his country he enlisted in the Second Minnesota Infantry in 1861 and served creditably in the Kentucky and Tennessee campaigns, but his health becoming impaired he received an honorable discharge and returned to Minnesota. On Feb. 5th, 1863 he was married to Miss Harriett Dresser at Concord, Minnesota.

With returning health Mr. Bayless was not content to remain at home while his country was still in danger and his comrades making their supreme offering on the battle fields of the south, so the following winter he re-enlisted in the Third Minnesota Infantry. For a time he was assigned to the recruiting service and in April 1864 joined his regiment in Arkansas with over two hundred recruits. Soon afterward his knowledge of medicine and drugs caused his assignment to the medical department where he served faithfully until the close of the war, receiving his final discharge September 21, 1865.

During the winter of 1865-1866 Mr. Bayless was employed as a clerk in a drug store in Manterville, Minnesota, but his desire to be in business for himself caused him to buy the Drake drug store in Elkader and move here in with his family in May 1866. Here his ability as a business man became evident in the rapid building up of a large and profitable business, and the establishment from time to time of branch stores at other points. A feature of Mr. Bayless' life was his training of young men in the home store and then establishing them as business partners in one or the other of his various ventures. Numbers of young men have owed much to the business training and assistance given them by Mr. Bayless in this way and we may add that these young men were markedly faithful and successful.

Mr. Bayless was always a man of constructive ideas and used his efforts and means for the permanent growth and improvement of the localities where he was interested, he built or purchased and improved many residences and store buildings. In 1897 he built Hotel Bayless in Elkader which remains a monument to his memory. He helped to finance and build the Congregational church here, later presenting it with

According to report only one automobile has come over the country roads leading into McGregor since the first of December and that was a Ford with the axles cut down. The driver managed to pull through recently from Elkader, but he reports a somewhat strenuous job, very so often the car got off the track into the deep snow at the side and had to lift it back again.

The trouble came from the fact that the automobile can't force a way through the drifts as Dobbin and his wagon do. Horse vehicles make the road and their teams may follow, but it is too narrow for the car. So, though traveling with a team may become fairly easy, the automobile is taboo. The unusual amount of snow has aggravated conditions this winter. Two feet on the level and drifts four to six feet high have prevailed. Thawing will not improve the situation. The worst mud of any kind in a long time is anticipated this month. It now looks as though it may be April before the farmers can get to work with a car. This will mean farmers' cars have been utterly useless to them for four months.

Doctors have had a particularly hard time of it. Few of them keep horses nowadays. Many towns are without ambulances and a team for hire is not to be obtained.

SCHOOL ELECTION PASSED OFF QUIETLY

Only 168 Ballots Were Cast at The Election.

The school election passed off quietly here last Monday afternoon. Three officers were to be elected: two directors and the school treasurer.

Three candidates had been nominated for directors as follows: H. D. Brown, Geo. Ehrhardt and D. D. Murphy. The first and the last named were candidates for re-election and received the largest number of votes.

A. J. Carpenter was the only nominee for treasurer and was elected to succeed himself.

The vote was as follows for school directors:

H. D. Brown	105
Geo. Ehrhardt	49
D. D. Murphy	153

J. Carpenter received 148 votes as treasurer.

MARRIAGE LICENSES.

Bert Benson—Pauline Fishel.

self caused him to buy the Drake drug store in Elkader and move here in with his family in May 1866. Here his ability as a business man became evident in the rapid building up of a large and profitable business, and the establishment from time to time of branch stores at other points. A feature of Mr. Bayless' life was his training of young men in the home store and then establishing them as business partners in one or the other of his various ventures. Numbers of young men have owed much to the business training and assistance given them by Mr. Bayless in this way and we may add that these young men were markedly faithful and successful.

Mr. Bayless was always a man of constructive ideas and used his efforts and means for the permanent growth and improvement of the localities where he was interested, he built or purchased and improved many residences and store buildings. In 1897 he built Hotel Bayless in Elkader which remains a monument to his memory. He helped to finance and build the Congregational church here, later presenting it with the pipe organ. He was one of the organizers of the Elkader State Bank; he financed and helped to start the Elkader Register in 1878 and stood behind its later owners during its early years until it was successfully established. About the last of his active business ventures was the taking over of a small sanitarium at Prairie du Chien, Wis., and the starting of the splendid new sanitarium at that place and his vision of its future possibilities has been fully justified by the realization of later years.

Always active for the welfare and advancement of the community he gave freely of his time and means to its interests. He was a member of our school board continuously for twenty-four years and of the town council for a long time.

Mr. Bayless was long intensely interested in political affairs wielding a large influence in local politics although not a seeker after political offices. He was, however, elected State Senator in 1883 and served in that position for eight years with honor to himself and the county. In fact his ability and sound common sense gained wide influence among his fellow members of the Iowa legislature.

Mr. Bayless retired from active business some years ago and he has since lived in Chicago and for some years in
