## One Killed and Score Injured Near Kremlin, O. T.

### DEFECTIVE RAIL DITCHES CARS.

**Fatal Rock Island Train Crowded With Men and Women Departing From El Reno—Victims From Nebraska, Iowa and Kansas.**

Kremlin, O. T., July 31.—The north-bound Rock Island passenger train No. 2, which left El Reno at 7 p. m. three hours late, crowded with departing housekeepers, was wrecked while going at full speed two miles south of here at 1:45 p. m. yesterday. C. L. McLain of Enid, O. T., was killed and 24 other passengers received cuts and bruises. It is believed that none was fatally hurt. The most seriously injured were L. J. Schmidt, Kansas City, who was cut badly on the face and hands; W. H. Kelsey, Medford, O. T., cut on head, face and hands; James Taylor, Jamesport, Mo., severe cuts on chest and head; G. H. Sholund, Victor, Colo., arm broken; D. E. Saighman, Joplin, severely cut and injured internally; K. J. North, Topeka, thigh jammed, head bruised serious, and A. N. Smith, Mills, Ia., back and wrist hurt, severe.

Others injured whose hurts consisted mostly of cuts and bruises follow: John Chaney, Chanute, Kan.; D. B. Redman, Baileyville, Kan.; John Dappleman, Artell, Kan.; A. G. Klino, Nebraska; Andrew Nette, negro, Lincoln, Neb., back and shoulder injured; J. C. Credan, Axtell, Kan.

A broken rail in a culvert, washed out by heavy rains, threw the baggage car from the track. This car, the smoker and one passenger car were overturned, resting on their sides. Three passenger cars and the Pullman also left the track, but did not overturn. The engine and mail car remained on the track. Engineer Kelly shut off the air on the train as soon as he saw the culvert's condition and thus saved a greater disaster. The track was torn up for 300 feet. Passengers in the overturned cars were lifted out through the upper windows.

#### Narrow Escape From Disastrous Wreck on the Wabash.

Peru, Ind., July 31.—One of the narrowest escapes from disastrous wrecks in the history of the Wabash railway occurred about seven miles east of this city last night. Train No. 5, the fast limited mail, was delayed by a partially burned out bridge, and received orders at Koller's station to come to Peru.

Henry L. Dashnell was born in Louisville, Kentucky, July 9th 1835. When he was 12 years old he attended an academy at Shelbyville, Kentucky for nine months, and at that time he read five books of Caesar and the books of Virgil. About this time his family moved to Eddyville, Iowa, where he remained on the farm until grown, when he went to Ottumwa and studied law and in 1857 or 58 he came to Albia and commenced the practice of his profession.

On June 13 1861 he enlisted in Company H., of the First Iowa Cavalry as private and on August 26, 1862 was promoted to First Lieutenant. He was shot through the right lung in the battle of Wilson's Creek near Springfield, Mo., July 12 1863.

The bullet, which has caused him so much pain and suffering, still in his body the remainder of his life.

He served his state with both honor and credit in both branches of the Legislature, and also on the District bench. When not on the bench he practiced his profession at Albia until 1893, when he was compelled to leave aside active work on account of failing health. He had a profound knowledge of the law, a high sense of right and honor, and was always devoted to duty. He was a man of studious habits, and while his schooling was limited to the nine months of the Academy, yet he was an educated man. He mastered the Greek language alone and read a chapter of his Greek testament almost every day until the day of his death.

He was married at Albia, Iowa, September 1860, to Martha J. Knight. Seven children were born to them, six daughters and one son. His devoted wife and five children survive him.

Soon after his return from the army he was converted and united with the Methodist Episcopal church at Albia, where he remained a devoted member. He was seldom absent from the various services of the church until compelled by his bodily infirmities to remain away.

During the later years of his life he was a great sufferer, but with all his pain and suffering he was never heard to complain, and through all the furnace of affliction the smell of fire was not on him. He remarked to a member of the family just a few days before he died that he was going to a better country. "Mark the perfect man and behold the upright for the end of the man is peace."

Convention was called to order at 11 o'clock a. m. by chairman, O. C. Palmer. The opera house was crowded with all delegates apparently present. O. C. Palmer read the call and announced E. R. Wright temporary chairman, John DeMuth, Reading Clerk and Jerry Wilcox, Recording Sec'y. Mr. Wright made a brief but eloquent and rousing republican address, telling of the republican success of the past years, of every pledge fulfilled and no apologies to make for its administration. The Republican party has always been found on the side of patriot progress and never shirks its duty. It saved the Union from disruption in 1864 and 1898, it rescued Cuba and the Philippines and has extended the commercial standing of this country over the entire earth, until today America exercises a prestige she never before held. The Republican party has demonstrated its ability to govern the nation and we go before the people with a clean record asking continued support and a victory in Monroe county and in Iowa this year that will cause that calm

## Death of Judge H. L. Dashiell.

On Monday evening at 6:30 o'clock  
at his home on South Clinton street,  
Judge Dashiell closed his eyes in  
eternal sleep. On Wednesday evening  
at 6 o'clock the funeral services were  
held at the home, Rev. T. B. Hughes  
officiating, and the remains were con-  
veyed to Oak View cemetery. The Al-

Judge Dashiell was a strictly con-  
scientious man in all the walks of life.  
He would not take a case unless he was  
impressed that his client was subject  
to injustice. He sought to have  
difference settled by compromise rath-  
er than by litigation. On the bench  
and in the halls of legislation he was  
regarded as not only able but strictly  
honest and pure. He was always relied  
on by the honest poor and he never  
deceived them. In the army he was  
always ready for duty, brave, loyal,  
and devoted to his comrades. As a  
citizen he stood by the church, good  
morals, and the educational interests  
and all that was elevating and pro-  
motive to the best in human character.  
In his home life he loved his wife and  
family and devoted himself to their  
welfare and happiness. It is truly  
said of him that no man in Monroe  
county has lived a purer life, gave  
more loyal devotion to the trusts re-  
posed in him, and filled the full meas-  
ure of life's obligation better than he.

on and off the trains.

The Wabash trains stop to take  
and let off passengers but they do  
have any platform and it is very  
convenient.
