of 100 golden acres, fertile and splendid state of cultivation, with splendid buildings, fine home, excellently fenced, well stocked, and a to Bremer county.

substantiality of this business is noted on the approach to the fences are in good condition, the space between the fence and mowing fields are free of weeds, the barns and outbuildings well kept, attractive, and in good condition. The house sets in from the road ten rods, surrounded by a nice grove of trees, the lawn is in a fine condition, while everything shows an air of contentment, refinement, and business.

The term "business" is used in this sense, for every farmer is a business man and he is in the biggest business world.

Schroedermeier has used business judgment in the operation of his farm. His splendidly equipped barn, with box stalls and individual stalls, with litter carriers leading to every stall, with running water in the driveway, cement floors, hay mow; the well-equipped and splendidly adapted dairy barn; the granary and corn crib, the two modern and modern silos, the modern large hog house, the chicken house, the steam-equipped dairy or milk house, all go to show what years of successful application has brought to the farm.

Of course, it has taken years of labor to produce these conditions. It has taken time to build all of these buildings, acquire all of the modern farm machinery, the two gasoline engines, and as fencing the farm into suitable fields, and then the keeping up of the soil to a high state of fertility.

This business undertaking Mr. Schroedermeier was not alone. He had the valuable co-operation of his excellent wife and help-mate, his splendid children, who thru all these years worked like a perfect organization to bring this farm to its present condition.

And on the farm there is being produced this year excellent crops, corn in big, oats in fine shape, a fine hay crop, fifty or sixty head of splendid Poland-China hogs, seven-five head of registered Holsteins, many hundred of the purest chickens, in fact, everything that is necessary. This year Mr. Schroedermeier, when he planted his corn so arranged his planter that he produced three grains of soy beans in a hill, and he now has thirty acres of soy beans standing two feet high on each and every hill of corn in

LOUIS CASE ANSWERS THE FINAL SUMMONS

Well-known Pioneer Citizen of Waverly Passed Away on Monday Evening

Louis Case, for many years a well-known and highly respected citizen of Waverly and Bremer county, who has been closely identified with the history of this section of the state, where he held positions of honor and trust both in public and private life, passed away Monday evening at 7 o'clock, death being due to physical weakness, induced by the infirmities of old age. Mr. Case had passed four score and five years, and had not been in the best of health for some time, growing gradually weaker until the end.

The funeral services were held at his late home this Wednesday afternoon at 2:30 o'clock, the obsequies being attended by a very large number of sorrowing relatives and friends. The funeral sermon was delivered by his pastor, Rev. Arthur Stook, of the local Congregational church. The body was laid to rest in the family lot in Harlington cemetery, the following friends of the family acting as pallbearers: G. O. Van Derveer, C. R. Temple, H. G. St. John, W. Eldredge and Dr. S. L. Seeley.

Thru his industry and his desire to build up his community and to represent the people as their trustworthy servant in public life, the name of Louis Case has been written large in the history of Bremer county as a man of honor and of upright living, conscientious in every act and deed. Mr. Case was identified for many years with the financial and industrial development of the community, and served the county as state representative, as well as having been a member of the board of education, county clerk, and other positions, all of which he discharged with credit and honor, making him a public figure in this part of the state.

Louis Case was born on July 6, 1834, in Harmony, Chautauqua county, New York, a son of George L. and Sarah (Alexander) Case. In 1854 the family came west, going to Gelena, Ill., by rail and thence overland to Waverly, where the parents passed away about forty years ago.

size a boys and girls club, and to make a tour, or perhaps two tours of the county, and to have numerous herds of Holsteins in Bremer county, with a view of encouraging greater efforts in this breed of cows and at the same time to get the boys in taking care of stock, the effort being mutual and for the purpose of learning more.

The attendance at the meeting, considering the fact that it was held in the midst of the harvest season, was very good and considerable enthusiasm was manifested over the plans of the organization. At this meeting it was decided that Bremer County takes the lead in Iowa in the Holstein stock, so it was decided to give the raising of this breed greater impetus through organization.

The meeting was called to order by County Agent Thorsen, who addressed the breeders on the organization, and what can be accomplished through co-operation. He asked of what several of the other counties were doing, and his address was well received with considerable interest.

To demonstrate the interest in the meeting, it was noticeable that J. H. Thompson, of Waterloo, J. S. Thompson, member of the State Executive Committee of the Iowa Dairy Association, E. S. Estel, of the State Dairy Association, and manager of the Iowa Dairy Cattle Congress, and H. B. Friesian Breeders Association were present. These gentlemen addressed the meeting. They discussed the counts of what several other counties were doing, and spoke of the progress of the breeders of the Holsteins in this county, getting the herds to the show, and making Bremer County one of the famous cow counties of the Middle West in the range of blooded or registered stock.

It was decided that a Cow Club should be organized and all will be immediately made to be a part of the association going into the plan to buy at least two heifers, over two years old, to be sold to that number of boys in the county. The money to be advanced by the calves to be advanced by the club at six percent interest, the boys to sign the notes, with their parents or guardian. The notes are to be for one year.

It is planned to have each boy raise a calf from the heifer, at the end of the first year, to have the cow and sell the cow, the cow bringing a profit over the purchase price, the calf will be clear profit.

At the annual show the first

county takes such a high place
g the counties of the state and

making him a public figure in this part
of the state.

Louis Case was born on July 6, 1834,
in Harmony, Chautauqua county, New
York, a son of George L. and Sarah
(Alexander) Case. In 1854 the fam-
ily came west, going to Gelena, Ill., by
rail and thence overland to Waverly,
where the parents passed away about
forty years ago.

Louis Case was educated in the pub-
lic schools of Chautauqua county, N.
Y., and at the Jamestown Academy.
He was twenty years of age when he
came to Waverly, and he immediately
became active in the county, and held
a number of county offices, and in 1860
was elected county clerk. For years
he was prominent in financial circles,
and assisted materially in the organiz-
ing of the State Bank of Waverly, of
which he was also cashier for twenty
years, retiring in 1909, when he was
succeeded by G. O. Van Derveer. How-
ever, he remained on the directorate
of the bank. For eighteen years he
was a member of the board of educa-
tion, and served his district two terms
in the state legislature, with credit to
the state and the community. He was
also bank examiner for ten years.

Mr. Case was twice married. On
July 4, 1858, he was married to Miss
Emma R. Morse. To this union was
born one daughter, Miss Harriet A.
Case, now director of voice culture at
the State Teachers' College, in Cedar
Falls. Mr. Case's first wife passed
away in 1889, and on June 10, 1891, he
was married to Miss Minnie N. Tufts,
who, with his daughter, survives him.

In the passing of Mr. Case the com-
munity has lost one of its noblest men,
always ready and willing to lend a
helping hand, and even in the feeble-
ness of his advanced years, taking a
deep interest in the affairs of the com-
munity and of those about him. He
was kind and generous, but keen in
affairs of business and of state, ad-
ministering with justice and honor all
of his affairs.

Mr. Case's entire life was based
upon principle, and upon this plan he
endeared himself to the people of his
community, who trusted and honored
him, and looked to him for guidance in
many of their private affairs.

The community mourns his loss, and
to the bereaved ones there goes out
the sincere sympathy of those who
were his friends and neighbors. He
made his life worth while, and in the
archives of memory are recorded the
deeds of goodness and kindness that he
has performed.

GOOD PROGRAM FOR THE BAND

to sign the notes, with their
or guardian. The notes are to
one year.

It is planned to have each
raise a calf from the heifer, and
end of the first year, to have
and sell the cow, the cow bring
profit over the purchase price
the calf will be clear profit.

At the annual show the first
sale will occur. The owner of the
er, if he desires, can buy in the
at the purchase price, and if
sires, he can also sell the calf,
it.

In view of the fact that the
clubs have been organized in
parts of the country and have
very profitable as well as cre-
greater interest in the raising
istered stock, it is believed that
same kind of interest can be s-
ed in this county.

A carload of tuberculin test
ers will be shipped in, possib-
Wisconsin.

The membership also de-
make a tour of the county, a
every herd of Holsteins in the
The first tour will probably be
the first Monday in September,

held. When the meeting adjourned
Mrs. Schroedermeier served
ice cream and cake.

LOCAL INTERURBAN ROAD PAYING FINE

The Waterloo, Cedar Falls &
Society has just received a report
its report to the state executive
oil for the year ending Dec. 31.

Louis Case, Born July 6, 1834, Died July 21, 1919—One of Our Best Citizens For Sixty-Five Years.

Hon. Louis Case died Monday morning, July 21, 1919, aged 85 years and 15 days. His death removes from Waverly a splendid man, one of our best and most widely known citizens, who made a life record that won for him the confidence and respect of all who knew him.

Louis Case was born in Harmony, Chautauqua county, New York, July 6, 1834, a son of George L. and Sarah (Alexander) Case. The father served in the War of 1812, and in 1816 moved to Chautauqua county, where he remained until 1854. In that year he came to Iowa, making the journey by rail to Galena, Ill., and thence by stage to Iowa. He located in Waverly, Bremer county, and here made his home until his death, which occurred in January, 1867. His wife survived him for a number of years, dying in 1877. In their family were fourteen children, twelve of whom came west.

Louis Case was reared in Chautauqua county, New York, and acquired his education in the public schools and Jamestown Academy. He was twenty years of age when he came to Iowa with his father, locating in Waverly, where he had since made his home. Soon after his arrival he became active in public affairs and he held various county offices, among them that of county clerk, to which he was elected in 1860. He was for many years a prominent figure in financial circles, assisting in the organization of the State Bank of Waverly, of which he served for twenty years as cashier. He discharged the duties of this position with credit and ability until 1909 and then retired from active life, still retaining, however, his connection with the bank as a member of the directorate. For eighteen years he was a member of the school board, thus manifesting his interest in education. He was for two terms a member of the state legislature, forwarding all measures which he deemed for the benefit of the people. He also held the responsible position of national bank inspector for ten years.

Mr. Case was twice married. On July 4, 1854, he wedded Miss Emma R. Morse, a sister of the late Stephen H. Morse. To this marriage was born a daughter, Harriett A., a teacher of music in the Iowa State Teachers College, Galena, Ill. Mr. Case's first

Bremer County Holstein Cattle Breeders Get Together.

A number of breeders of Holstein cattle in Bremer county gathered at the H. H. Schroedermeler farm in Warren township last Saturday afternoon. H. E. Colby, secretary of the Iowa State Holstein Association; E. S. Estel, manager of the Dairy Cattle Congress at Waterloo, and J. P. Eves, assistant State Dairy Expert, attended the meeting.

A farm tour which will include a visit to a number of the best herds of Holsteins in the county will be held some time in September. The matter of advertising Bremer county Holsteins by showing them at a number of fairs this fall was thoroughly discussed. A Holstein Club was formed with Howard Schroedermeler of Waverly as president, W. D. Chapin of Tripoli vice president and Walter Thompson of Sumner as secretary. The object of this organization is to promote the best interests of the Holstein cattle in Bremer county.

A Holstein Heifer Club will be organized among Bremer county boys and girls within a short time. Any boy or girl between the ages of ten and twenty years is eligible to enter this contest. Several of the banks in the county have agreed to loan the money to the boys and girls at a very reasonable rate of interest. The complete rules of the contest are given below. Anyone interested in joining this club should notify County Agent Thorson, who is in charge.

HOLSTEIN COW AND CALF CLUB.

1. To have a dairy contest beginning on or about September 1, 1919, and closing about September 1, 1920.
2. To permit boys or girls to enter the contest from the ages of 10 to 20, that is, those who have not attained their 21st birthday at the opening day.
3. The contestant should give a note on some local bank, due in one year and bearing reasonable interest. The note should be signed by the parents or guardians of the contestants.
4. Heifers should be selected from reliable herds; they should be two years old and bred for early freshening and not later than December 1, 1919.
5. The heifer should be awarded according to the "Lot Method."
6. (a) A strict feed account should be kept of both cow and calf during the time of ownership.

Louis Case was reared in Chenango county, New York, and acquired his education in the public schools and Jamestown Academy. He was twenty years of age when he came to Iowa with his father, locating in Waverly, where he had since made his home. Soon after his arrival he became active in public affairs and he held various county offices, among them that of county clerk, to which he was elected in 1860. He was for many years a prominent figure in financial circles, assisting in the organization of the State Bank of Waverly, of which he served for twenty years as cashier. He discharged the duties of this position with credit and ability until 1909 and then retired from active life, still retaining, however, his connection with the bank as a member of the directorate. For eighteen years he was a member of the school board, thus manifesting his interest in education. He was for two terms a member of the state legislature, forwarding all measures which he deemed for the benefit of the people. He also held the responsible position of national bank inspector for ten years.

Mr. Case was twice married. On July 4, 1854, he wedded Miss Emma R. Morse, a sister of the late Stephen H. Morse. To this marriage was born a daughter, Harriett A., a teacher of music in the Iowa State Teachers College, Cedar Falls. Mr. Case's first wife passed away in February, 1889, and on the 10th of June, 1891, he was again married, his second union being with Miss Minnie N. Tufts, who survives him.

The passing of Louis Case brings to the minds of many persons some act of kindness he had rendered them in a financial way or some bit of good advice, based on good judgment and keen business insight, and it is doubtful if any banker ever lived thru the struggling times that Mr. Case did who was thought more of by the whole community than was he.

Funeral services were held Wednesday afternoon and were largely attended. The banks were closed during the afternoon out of respect to one who had done so much for the banking interests of the community. Rev. Arthur M. S. Stook of the Congregational church conducted the religious services, and interment was in Harlington cemetery.

The pall bearers were Dr. S. L. Seeley, C. R. Temple, W. W. Saylor, W. Eldredge, H. G. St. John and G. O. VanDerveer.
