The big clearing sale at the Hub the past week has been a record breaker for the store as far as volume of business is concerned. It has far succeeded the most sanguine expectations of manager G. A. Sunstrum and to say he is pleased with it would be putting it very mildly. He is making a remarkable success of the Hub store and deserves congratulations. His plan to cut prices to the bone an effort to reduce the stock for the spring and summer goods which will begin arriving soon. Especially on odds and ends and broken lines, are they reducing the price to the customer that makes it an object to visit the store.
