## GOVERNOR'S SIGNING MESSAGE

### [HOUSE FILE 524](#)

May 12, 2017

The Honorable Paul Pate  
Secretary of State of Iowa  
State Capitol  
LOCAL

Dear Mr. Secretary:

I hereby transmit:

[House File 524](#), an Act relating to medical cannabidiol and prescription drugs, including the establishment of the medical cannabidiol act, the federal scheduling of a cannabidiol investigational product, and the exchange of prescription drug information, providing for civil and criminal penalties and fees, and including effective date provisions.

The 87th General Assembly and I agree that there may be medicinal benefits for certain diseases treated by cannabidiol. I recognize medical research continues to investigate the efficacy of medical cannabidiol. We sympathize with the families that have a loved one that might benefit from treatments that include the use of this product, and for those reasons, I have signed [House File 524](#) into law. We appreciate the General Assembly for greater involving the medical community in discussions around cannabidiol. However, in carefully analyzing this bill, a number of issues have been identified that should be addressed during the next session of the General Assembly in order to address some pressing concerns. While these issues are not large or numerous enough to warrant a veto of the bill, they will continue to be concerns for the public and state agencies until they are addressed in the future.

These issues include the following:

In the definition of disqualifying felony offenses, the offenses are limited only to controlled substance-related felonies. This provision seems to allow for individuals with misdemeanor drug offenses, crimes of violence, weapon offenses, theft, fraud, forgery, etc. to work in or even hold a license as a cannabis manufacturer or dispensary.

In issuing a registration card (both for patients and primary caregivers) from the Iowa Department of Public Health (IDPH), the department is instructed to consider prior disqualifying felony offenses. In order for the Department to utilize the Division of Criminal Investigation (DCI) for national background checks, more precise authorizing language would need to be provided for such a background investigation.

The bill also sets the requirement of background checks on all manufacturers and dispensary applicants. As the bill is written, it only allows for a check of a criminal history record. In order for DCI agents to fully investigate the backgrounds of these individuals, more legislative language will be needed authorizing such investigations. Additionally, the timetables that are laid out in the legislation may not allow for adequate time for full and thorough background investigations of all individuals connected to manufacturing and dispensary applications. Finally, if the DCI agents are to check more than just these individual's Iowa criminal history, they will need more direct language to allow for the use of FBI National Database background checks.

By signing [House File 524](#), Chapter 124D is repealed and ends the current medical cannabidiol program for patients with intractable epilepsy. While [House File 524](#) replaces the old law, there are some unintended consequences for applicants in the current program. IDPH has worked to resolve these unintended consequences as much as legally possible. However, the IDPH will file emergency administrative rules soon in order to accept late applicants for the old program and new applicants under the new program until [House File 524](#) is fully operational.

The law requires the annual fees for manufacturers and dispensaries to cover the cost of regulating and inspecting. The fees set in this bill would generate roughly \$50,000-60,000. The upfront cost of the fee structure may be insufficient to properly carry out all the regulatory duties and data management system required.

The above House File is hereby approved this date.

Sincerely,

Terry E. Branstad  
Governor

## GOVERNOR'S ITEM VETO MESSAGES

[HOUSE FILE 643](#)

May 12, 2017

The Honorable Paul Pate  
Secretary of State of Iowa  
State Capitol  
LOCAL

Dear Mr. Secretary:

I hereby transmit [House File 643](#), an Act relating to and making appropriations to state departments and agencies from the rebuild Iowa infrastructure fund, the state bond repayment fund, the technology reinvestment fund, and the revenue bonds capitals fund, providing for related matters, and including effective date provisions.

[House File 643](#) is approved on this date with the following exceptions, which I hereby disapprove.

I am unable to approve the item designated as Division I, Section 1, subsection 6, in its entirety. This item provides \$1.8 million for Community Action Agencies facilities. Although I support the mission of Community Action Agencies, money should be directed to the low-income individuals the agencies serve and not to the agencies' facilities.

I am unable to approve the item designated as Division V, Section 20, in its entirety. This item requires the Department of Administrative Services (DAS) to inventory and study vacant buildings owned by the state. It then directs half of the profits from potential sales of these buildings to the Department of Cultural Affairs and the other half of the profits to major maintenance projects at DAS. DAS already has the authority to conduct a survey of the state's buildings. Current law provides that proceeds from the sale of any state buildings by DAS shall be returned to the original funding source and I see no reason to change this designation. Further, I have recommended appropriating funds for repairs and remodeling of Department of Cultural Affairs' building. Funding should be done using a sustainable source of revenue and not on speculative earmarked funds.

For the above reasons, I respectfully disapprove the designated items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in [House File 643](#) are hereby approved as of this date.

Sincerely,

Terry E. Branstad  
Governor

HOUSE FILE 653

May 12, 2017

The Honorable Paul Pate  
Secretary of State of Iowa  
State Capitol  
LOCAL

Dear Mr. Secretary:

I hereby transmit [House File 653](#), an Act relating to appropriations for health and human services and veterans and including other related provisions and appropriations, and including effective date and retroactive and other applicability date provisions.

[House File 653](#) is approved on this date with the following exceptions, which I hereby disapprove.

I am unable to approve the item designated as Division IV, Section 4, subsection 2, lettered paragraph c, in its entirety. This item creates a redundant, overly burdensome mandate requiring the Iowa Veterans Home to make expenditure reports monthly to the Legislative Services Agency for fiscal year 2018. While I strongly support transparency efforts that publicly disclose how departments spend their resources, this information is already available within the State's accounting and budgeting systems.

I am unable to approve the item designated as Division V, Section 12, numbered paragraph 21, in its entirety. This item requires the Department of Human Services to report on cost containment strategies. The Department of Human Services, Department of Management and the Legislative Services Agency meet at least on a quarterly basis to determine projections for the Medical Assistance appropriation. Information relating to cost containment strategies is shared during these meetings. While I strongly support transparency efforts that publicly disclose how departments spend their resources, this information is already available within the State's accounting and budgeting systems.

I am unable to approve the item designated as Division V, Section 12, numbered paragraph 22, in its entirety. This item requires the Department of Human Services (DHS) to report on process improvement changes. DHS, the Department of Management and the Legislative Services Agency meet at least on a quarterly basis to determine projections for the Medical Assistance appropriation. Information relating to process improvement changes is shared during these meetings. While I strongly support transparency efforts that publicly disclose how departments spend their resources, this information is already available within the State's accounting and budgeting systems.

I am unable to approve the designated portion of the item designated as Division V, Section 13, numbered paragraph 5, lettered paragraph a, in its entirety. This item provides \$202,000 to Drake University to establish remote learning sites and maximize outreach and enrollment in its master's program in applied behavioral analysis. The effect of this disapproval shall cause the \$202,000 contained in this item to revert to the General Fund. The Department of Education has already awarded public funding to Drake University, a private university, for the establishment of a master's program in applied behavioral analysis. In addition, the Iowa Department of Public Health already

administers a board-certified behavior analyst and board-certified assistant behavior analyst grants program. Therefore, this item is redundant and unnecessary.

I am unable to approve the item designated as Division V, Section 27, numbered paragraph 1, in its entirety. This item requires the Department of Human Services to report operational and program expenditures at least monthly to the Legislative Services Agency. While I strongly support transparency efforts that publicly disclose how departments spend their resources, this information is already available within the State's accounting and budgeting systems.

I am unable to approve the designated portion of the item designated as Division V, Section 27, subsection 7, in its entirety. This item provides \$200,000 for DHS to expand internet training to additional providers. Provider associations already conduct training opportunities for providers and the department provides assistance as necessary. In addition, I did not recommend this item in my budget recommendations. Therefore, this item is redundant and unnecessary.

I am unable to approve the item designated as Division V, Section 31, subsection 1.a., numbered paragraph 1, lettered paragraph d, in its entirety. Iowa modernized its administration of Medicaid by partnering with specialized, patient-centered health plans. This bipartisan initiative was implemented on April 1, 2016. The provider reimbursement rate floors issued by DHS already include protections for providers and their reimbursement. This legislation already provides for additional appropriations for case-mix nursing facility rates effective July 1, 2017. This item is redundant and unnecessary.

I am unable to approve the item designated as Division V, Section 31, subsection 1.a., numbered paragraph 3, in its entirety. Iowa has modernized its administration of Medicaid by partnering with specialized, patient-centered health care plans. This bipartisan initiative was implemented on April 1, 2016. The provider reimbursement rate floors issued by the Department of Human Services already include protections for providers and their reimbursement. Therefore, restrictions in this item are redundant and unnecessary.

I am unable to approve the item designated as Division V, Section 31, subsection 12, lettered paragraph b, in its entirety. Iowa has modernized its administration of Medicaid by partnering with specialized, patient-centered health care plans. This bipartisan initiative was implemented on April 1, 2016. The provider reimbursement rate floors issued by the Department of Human Services already include protections for providers and their reimbursement. Therefore, restrictions in this item are redundant and unnecessary.

I am unable to approve the designated portion of the item designated as Division X, Section 43, subsection 2, lettered paragraph c, in its entirety. This item creates a redundant, overly burdensome mandate requiring the Iowa Veterans Home to make expenditure reports monthly to the Legislative Services Agency for fiscal year 2019. While I strongly support transparency efforts that publicly disclose how departments spend their resources, this information is already available within the State's accounting and budgeting systems.

I am unable to approve the designated portion of the item designated as Division XI, Section 51, numbered paragraph 20, in its entirety. This item requires the Department of

Human Services to report on cost containment strategies. The Department of Human Services, Department of Management and the Legislative Services Agency meet at least on a quarterly basis to determine projections for the Medical Assistance appropriation. Information relating to cost containment strategies is shared during these meetings. While I strongly support transparency efforts that publicly disclose how departments spend their resources, this information is already available within the State's accounting and budgeting systems.

I am unable to approve the designated portion of the item designated as Division XI, Section 51, numbered paragraph 21, in its entirety. This item requires the Department of Human Services (DHS) to report on process improvement changes. DHS, the Department of Management and the Legislative Services Agency meet at least on a quarterly basis to determine projections for the Medical Assistance appropriation. Information relating to process improvement changes is shared during these meetings. While I strongly support transparency efforts that publicly disclose how departments spend their resources, this information is already available within the State's accounting and budgeting systems.

I am unable to approve the designated portion of the item designated as Division XI, Section 66, numbered paragraph 1, in its entirety. This item requires the Department of Human Services to report operational and program expenditures at least monthly to the Legislative Services Agency. While I strongly support transparency efforts that publicly disclose how departments spend their resources, this information is already available within the State's accounting and budgeting systems.

I am unable to approve the item designated as Division XI, Section 66, subsection 6, in its entirety. This item provides \$100,000 for DHS to expand internet training to additional providers. Provider associations already conduct training opportunities for providers and the department provides assistance as necessary. In addition, I did not recommend this item in my budget recommendations. Therefore, this item is redundant and unnecessary.

I am unable to approve the item designated as Division XI, Section 70, subsection 12, lettered paragraph b, in its entirety. Iowa has modernized its administration of Medicaid by partnering with specialized, patient-centered health care plans. This bipartisan initiative was implemented on April 1, 2016. The provider reimbursement rate floors issued by the Department of Human Services already include protections for providers and their reimbursement. Therefore, restrictions in this item are redundant and unnecessary.

For the above reasons, I respectfully disapprove the designated items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in [House File 653](#) are hereby approved as of this date.

Sincerely,

Terry E. Branstad
