PUBLISHED BY THE
STATE OF IOWA
UNDER AUTHORITY OF IOWA CODE SECTION 17A.6

The Iowa Administrative Code Supplement is published biweekly pursuant to Iowa Code section 17A.6. The Supplement contains replacement pages to be inserted in the loose-leaf Iowa Administrative Code (IAC) according to instructions included with each Supplement. The replacement pages incorporate rule changes which have been adopted by the agencies and filed with the Administrative Rules Coordinator as provided in Iowa Code sections 7.17 and 17A.4 to 17A.6. To determine the specific changes in the rules, refer to the Iowa Administrative Bulletin bearing the same publication date.

In addition to the changes adopted by agencies, the replacement pages may reflect objection to a rule or a portion of a rule filed by the Administrative Rules Review Committee (ARRC), the Governor, or the Attorney General pursuant to Iowa Code section 17A.4(4); an effective date delay imposed by the ARRC pursuant to section 17A.4(5) or 17A.8(9); rescission of a rule by the Governor pursuant to section 17A.4(6); or nullification of a rule by the General Assembly pursuant to Article III, section 40, of the Constitution of the State of Iowa.

The Supplement may also contain replacement pages for the IAC Index and for the preliminary sections of the IAC: General Information about the IAC, Chapter 17A of the Code of Iowa, Style and Format of Rules, Table of Rules Implementing Statutes, and Uniform Rules on Agency Procedure.

DAIRY

[Prior to 3/9/88, see Agriculture Department 30—Ch 30]
[Prior to 7/27/88, see 21—Ch 30]

21—68.1(192,194) Definitions. In addition to the definition found in the Code of Iowa, the following terms shall mean:

"Habitual violator" is a producer or other dairy industry business entity that is regulated by the department, for whom the monthly official records for somatic cell counts, bacteria, cooling or added water show that the violation has occurred eight times in a 12-month period, including the accelerated testing counts; or that has received three, two-of-four warning letters in a 12-month period; or that has received a second three-of-five, off-the-market letter in a 12-month period; or that has been cited for unsanitary conditions three times in a 12-month period; or that has been found with a fourth positive antibiotic in a 12-month period.

"Imminent hazard to the public health" means any condition so serious as to require immediate action to protect the public health. It shall include, but is not limited to: pesticide, antibiotic, or any other substance in milk or milk products considered to be dangerous if consumed by humans.

"P.M.O." means the Grade A Pasteurized Milk Ordinance, 2003 Recommendations of the United States Public Health Service/Food and Drug Administration, a copy of which is on file with the department and is incorporated into this chapter by reference and made a part of this chapter.

"Public health hazard" means any condition which, if not corrected, could endanger the public health.

"Qualified personnel" means employees certified or approved by the department to perform certain tasks as required by the Code of Iowa. It shall include, but not be limited to, dairy industry inspectors and hearing officers.

21—68.2(192) Licenses and permits required.

68.2(1) *Milk plant permit.* A person who brings, sends into, or receives into this state, milk or milk products for storage, transfer, processing, sale or to offer for sale, shall possess a "milk plant" permit.

68.2(2) *Grade A farm permit.* A person who operates a dairy farm to produce "Grade A milk" shall possess a "Grade A farm" permit.

68.2(3) *Grade B farm permit.* A person who operates a dairy farm to produce milk to be used as "milk for manufacturing purposes" shall possess a "Grade B farm" permit.

68.2(4) *Hauler/grader license.* A person engaged in the transporting, transferring, sampling, weighing or measuring of milk or a person engaged as a sample courier shall possess a "hauler/grader" license.

68.2(5) *Tester license.* A person who tests a dairy product for fat content to establish a value of the product shall possess a "tester's" license.

68.2(6) *Milk truck license.* A vehicle used primarily for collecting or transporting milk or milk product in the bulk shall possess a "milk truck" license.

68.2(7) *Dairy distributor's permit.* A person primarily in the business of distributing dairy products shall possess a "dairy distributor" permit.

21—68.3(192) License application. Reserved.

21—68.4(192) Certification of personnel. Certification programs conducted by the department shall follow closely the procedures as outlined in the P.M.O., Appendix B.

68.4(1) *Dairy industry inspectors.* Reserved.

68.4(2) *Field representative.* The department shall provide a certification program for individuals who work as "quality control" officers in the dairy industry but are not employees of the department. An individual certified as a "field representative" may perform certain tasks for the department when authorized to do so by the department.

21—68.5(190,192,194) Milk tests. The department recognizes approved methods of testing milk or cream for milk fat and other dairy products as specified in Standard Methods for the Examination of Dairy Products (16th Edition). That publication is hereby incorporated into this rule by this reference and made part thereof insofar as applicable, a copy of which is on file with the department.

All milk, graded or tested, as provided by Iowa Code chapters 192 and 194 shall be graded and tested by samples which shall be taken in the following manner:

1. Samples may only be taken from vats or tanks which pass the required organoleptic test.
2. The temperature of milk in bulk tanks from which the sample is to be taken must not be higher than 45 degrees Fahrenheit for Grade A milk and 50 degrees Fahrenheit for manufacturing milk.
3. The temperature of the milk in the bulk tank shall be recorded on the farm milk room record, on the collection record, and on the sample container.
4. The volume of the milk in the bulk tank shall then be measured and the measurement shall be recorded.
5. Bulk tanks of less than 1,000-gallon size shall be agitated for a period of not less than five minutes. Bulk tanks of 1,000 gallons or greater shall be agitated for a period of not less than ten minutes. However, if the manufacturer of the bulk tank provides in writing that a lesser time for agitation is acceptable given the design of the bulk tank, then the lesser time is acceptable if the agitation is done in a manner and time consistent with the manufacturer's written instructions. In addition, the instructions must be conspicuously posted in the milk room. The instructions shall be laminated, framed under glass, or otherwise displayed so that the instructions will not deteriorate while displayed in the milk room.
6. The sample shall then be taken by using an approved sterile dipper and the milk shall be poured in an approved sterile sample container, until the sample container is three-quarters full.
7. The sample of milk shall then be immediately stored at a temperature of between 32 and 40 degrees Fahrenheit.
8. Grade A and Grade B milk shall not be picked up from a farm bulk milk tank when the milk volume in the tank is insufficient to completely submerge the bulk milk agitator paddle or, if there is more than one set of paddles, the lower set of agitator paddles into the milk.
9. No device, other than the bulk tank agitator, shall be used to agitate the milk in a farm bulk milk tank.
10. If the milk in a farm bulk milk tank cannot be properly agitated by the bulk tank agitator at the time of pickup by the milk hauler, the milk shall not be sold for human consumption.

This rule is intended to implement Iowa Code sections 194.4, 194.5, and 194.6.

21—68.6(190,192,194) Test bottles. Test bottles and pipettes as approved by the Standard Methods for the Examination of Dairy Products, 16th Edition, are approved for universal use in Iowa. All test bottles should be graduated to the half point.

This rule is intended to implement Iowa Code chapters 192 and 194.

21—68.7(190,192,194,195) Test transactions. Rescinded IAB 1/24/01, effective 2/28/01.

21—68.8(190,192,194,195) Cream testing. Rescinded IAB 1/24/01, effective 2/28/01.

21—68.9(192,194) Tester's license. The examination for a tester's license must be approved and administered by the department.

This rule is intended to implement Iowa Code sections 192.111 and 194.13.

21—68.10(192,194) Contaminating activities prohibited in milk plants. All "milk plants," "creameries," "transfer stations," "receiving stations," or any other facility for handling of bulk milk or milk products shall be a facility separated from any activity that could contaminate or tend to contaminate the milk or milk products.

21—68.11(192,194) Suspension of dairy farm permits.

68.11(1) Grade A and Grade B farm permit suspension and revocation. The department may temporarily suspend a Grade A or Grade B farm permit if the dairy farm fails to meet all the requirements as set forth in the P.M.O. or the Grade B United States Department of Agriculture document titled, "Milk for Manufacturing Purposes and Its Production and Processing, Recommended Requirements," effective June 17, 2002. A Grade A farm under temporary suspension of the Grade A permit may sell the milk as "milk for manufacturing purposes" until reinstated as a Grade A farm if the former Grade A farm meets the requirements necessary to sell Grade B milk. A Grade B farm under temporary suspension of the Grade B permit may sell milk as "Undergrade Class 3" until reinstated as a Grade B farm if the former Grade B farm meets the requirements of Undergrade Class 3. If an inspection reveals a violation which, in the opinion of the inspector, is an imminent hazard to the public health, the inspector shall take immediate action to prevent any milk believed to have been exposed to the hazard from entering commerce. In addition, the inspector shall immediately notify the department that such action has been taken. In other cases, if there is a repeat violation of a dairy standard as determined by two consecutive routine inspections of a dairy farm, the inspector shall immediately refer the violation to the department for action. The department may revoke the dairy permit of a person that the department determines is a habitual violator as defined in rule 21—68.1(192,194).

68.11(2) Summary suspension of dairy farm permits. If the department finds that the public health, safety or welfare imperatively requires emergency action, summary suspension of a permit may be ordered pending proceedings for revocation or other action. If a permit is summarily suspended, no milk or milk products may be sold or offered for sale until permit is reinstated.

The following situations or incidents are situations in which summary suspension is appropriate:

a. Unclean milk contact surfaces of equipment or utensils.

b. Filthy conditions in a milking barn or parlor or in a cattle housing area, including several days' accumulation of manure in the milking barn gutters, calf pens or in other areas.

c. Filthy conditions in a cow yard and very dirty cows.

d. Filthy conditions in a milk room/milk house.

e. Water supply, water pressure, or water heating facilities not in compliance with standard operating procedures.

f. No access to hand-washing facility in the milk room/milk house.

g. Violation of standards under this chapter related to well construction or potability of water supply, including any cross connections between potable and nonpotable water sources.

h. Lack of an approved sanitizer in the milk room/milk house or adjacent storage area to meet the sanitizing requirements.

i. Visibly dirty udders and teats on cows being milked.

j. Milk not cooled in compliance with subrule 68.22(4).

k. Rodent activity in the milk room/milk house, or severe rodent activity in a milking barn or milking parlor or in a feed storage room.

l. Dead animals in the milking barn, parlor or cow yard.

m. Other situations where the department determines that conditions warrant immediate action to prevent an imminent threat to the public health or welfare.

68.11(3) A Grade A dairy producer whose permit has been suspended for a period of 12 consecutive months shall be downgraded to the Grade B market and be issued a Grade B permit.

GRADE A MILK

21—68.12(192) Milk standards. Standards for the production, processing, distribution, transportation, handling, sampling, examination, grading, labeling, sale and standards of identity of Grade A pasteurized milk, Grade A milk products and Grade A raw milk, the inspection of Grade A dairy herds, dairy farms, milk plants, milk receiving stations and milk transfer stations, the issuing, suspension and revocation of permits and licenses to milk producers, milk haulers, and milk distributors shall be regulated in accordance with the provisions of the P.M.O., a copy of which is on file with the department and is incorporated into this rule by reference and made a part of this rule.

Where the mandatory compliance with the provisions of the appendixes therein is specified, the provisions shall be deemed a requirement of this rule.

Cottage cheese, dry curd cottage cheese and low fat cottage cheese bearing the Grade A label must conform to the standards of identity for Title 21, section 133 of the Code of Federal Regulations. However, cottage cheese, dry curd cottage cheese, and low fat cottage cheese shall not require a Grade A rating for sale within this state.

The discharge pipe on all gravity flow manure removal systems in milk barns shall be sufficient in size to handle the flow of manure generated by the cows using the system and any bedding materials or other materials that may enter the system.

Lighting systems shall be adequate to produce sufficient light as required by the Pasteurized Milk Ordinance. Such systems may include, but are not limited to, electrical powered lighting systems or pressurized white gasoline, pressurized kerosene, or battery powered lanterns. Such systems shall be designed and used in a manner that no odors can reasonably be expected to be emitted into the milk room unless there is sufficient ventilation to remove the odors. Lanterns shall be mounted on permanently affixed hooks and shall remain in place at all times.

If artificial lighting is provided by nonelectrical means, then a portable battery operated fluorescent light shall be made available for use and maintained in working order in the milk house. The fluorescent bulb shall either be shatterproof or shall be enclosed in a shatterproof enclosure.

Raw milk for pasteurization shall be cooled to 7° C (45° F) or less within two hours after milking. However, the blend temperature after the first milking and subsequent milkings shall not exceed 10° C (50° F). No specific bulk milk tank equipment is required in achieving this cooling standard; however, producers are expected to use all necessary diligence in achieving compliance.

This rule is intended to implement Iowa Code chapter 192.

21—68.13(192,194) Public health service requirements.

68.13(1) *Certification.* A rating of 90 percent or more calculated according to the rating system as contained in Public Health Service "Methods of Making Sanitation Ratings of Milk Shippers," 2003 Revision, shall be necessary to receive or retain a Grade A certification under Iowa Code chapter 192. That publication is hereby incorporated into this rule by this reference and made a part thereof insofar as applicable, a copy of which is on file with the department.

68.13(2) *Documents.* The following publications of the Public Health Service of the Food and Drug Administration are hereby adopted. A copy of each is on file with the department:

1. "Procedures Governing the Cooperative State-Public Health Service/Food and Drug Administration Program of the National Conference on Interstate Milk Shipments," 2003 Revision.
2. "Standards for the Fabrication of Single Service Containers and Closures for Milk and Milk Products," as incorporated in the P.M.O., Appendix J.
3. "Grade A Condensed and Dry Milk Products and Condensed and Dry Whey," Supplement I to the Grade A Pasteurized Milk Ordinance, 1995 Recommendations.
4. "Evaluation of Milk Laboratories," 1995 Revision.

This rule is intended to implement Iowa Code chapter 192.

21—68.14(190,192,194,195) Laboratories. Evaluation of methods and reporting of results for approval of a laboratory shall be based on procedures and tests contained in "Standard Methods for the Examination of Dairy Products, 16th Edition 1992," and "Methods of Analysis of the Association of Official Analytical Chemists, 15th Edition 1990." These publications are hereby incorporated into this rule by this reference and made a part thereof insofar as applicable; a copy of each being on file with the department. The health authority shall accept, without the imposition of a fee for testing or inspection, supplies of milk and milk products from an area or an individual shipper not under routine inspection provided they are delivered in closed and date-coded containers; provided further that if the code date has expired, reasonable inspection testing fees may be assessed the processor or establishment having care, custody and control of the milk and milk products.

This rule is intended to implement Iowa Code chapter 192.

GRADE B MILK

21—68.15(192,194) Milk standards. Standards for the production and processing of milk for manufacturing purposes shall conform to standards contained in the USDA document entitled "Milk for Manufacturing Purposes and Its Production and Processing, Recommended Requirements," dated June 17, 2002, which is hereby incorporated into this rule by reference and made a part thereof insofar as applicable, a copy of which is on file with the department.

21—68.16(194) Legal milk.

68.16(1) All milk delivered to a creamery, cheese factory or milk processing plant shall be subject to an examination, as provided in Iowa Code chapter 194, which shall be made at the plant if delivered in separate containers or before mixing with other milk collected in a bulk tank container and the examination shall be made by a licensed grader.

68.16(2) Every creamery, cheese factory or milk processing plant which gathers its milk by a bulk tank vehicle whether operated by an independent contractor or otherwise shall provide for a licensed grader in the operation of the bulk tank and for examination of the milk by the grader upon receipt thereof at the bulk tank.

68.16(3) The common change occurring in milk is the development of acidity, causing an acid flavor and odor, or even complete or partial coagulation. Other undesirable changes include sweet curdling, ropiness, gassiness and abnormal flavors, odors and colors. All milk showing any of these defects or any other defect must be rejected.

68.16(4) The presence of any insect in milk shall be sufficient cause for rejection.

This rule is intended to implement Iowa Code sections 194.2, 194.12 and 194.15.

21—68.17(194) New producers.

68.17(1) A "new producer" is a person selling milk for the first time who has not previously produced milk under Iowa Code chapter 194. A person who formerly produced farm-separated cream and is now selling, for the first time, whole milk for manufacturing purposes is considered a new producer. Similarly, a producer who previously supplied Grade A milk or sold milk in another state not reciprocating on quality transfers and offering manufacturing milk for sale in the state of Iowa for the first time shall be classified as a new producer. A new producer is also one who has not offered manufacturing milk for sale since the enactment of this milk grading law on July 4, 1959.

68.17(2) A licensed milk grader must examine, smell and taste the first lot of milk purchased from a new producer. This milk must also be tested immediately for extraneous matter or sediment content. However, it is not necessary to subject the milk of the new producer on the first delivery to a bacterial quality test. A test of this nature, however, must be made on a properly collected sample from this producer within 15 days thereafter.

68.17(3) If the sediment disc on the can of milk selected for test shows sediment in excess of 2.50 mg., all cans in the shipment shall be tested for sediment content in the same manner. Any milk showing sediment in excess of 2.50 mg. shall be rejected by the creamery, cheese factory or milk processing plant and not used for human consumption.

This rule is intended to implement Iowa Code section 194.2.

21—68.18(194) Testing and exclusion of Class III milk.

68.18(1) If a producer desires to change to another plant or factory, it is required that the first shipment of milk be accompanied by a written quality release form from the former purchaser. This quality release form must be requested by the producer in person or in writing from the manager of the plant previously purchasing the milk. (Plant being asked for quality release shall give it to person with written order or deliver to producer making the request.) The new buyer shall not accept the first delivery until receiving a copy of the record of the producer's milk quality covering the preceding 90 days.

68.18(2) If the quality release form of this producer shows that the last test for bacterial quality indicated Class III milk, the new purchaser must then test first shipment of the transferring producer's milk by:

a. Organoleptic grading (physical appearance, taste and smell).

b. Sediment or extraneous matter.

c. An estimate of bacterial quality must be run within seven days from the last test date entered on the transfer form.

68.18(3) In other words, the previous record of bacterial quality is transferred. For example, if a producer has had two consecutive Class III bacterial estimates at one plant and then decides to sell the milk to another plant, the producer may not start as a new producer without previous history. This rule requires that the milk be tested for four consecutive weeks if there is no improvement in the quality of the milk during this period. Upon transferring to a new plant, the next bacterial test is entered on the record as the third of the four required tests.

68.18(4) If the fourth consecutive test is still Class III, this producer's milk may not be purchased by any plant for human consumption. The plant refusing this milk is required to notify the area resident inspector of the dairy products control bureau of the Iowa department of agriculture and land stewardship, immediately, in writing.

This rule is intended to implement Iowa Code section 194.2.

21—68.19(194) Unlawful milk. Four weekly Class III bacterial tests or milk containing radioactive agents "deleterious to health" shall make rejection compulsory and that milk shall not be accepted thereafter by any plant or creamery until authorized by the secretary of agriculture.

This rule is intended to implement Iowa Code sections 194.4 and 194.9.

21—68.20(194) Price differential. All purchasers or receivers of milk shall maintain a price differential between the grades of milk as defined by bacterial estimate test.

21—68.21(194) Penalties for plants and producers.

68.21(1) The scope of this section is broad, covering all plant employees, operators and milk haulers.

68.21(2) A producer selling milk to a new purchaser without first obtaining a quality release form from the former buyer, would be an example of noncompliance with the law and these rules.

This rule is intended to implement Iowa Code section 194.20.

21—68.22(192,194) Farm requirements for milk for manufacturing.

68.22(1) *Milking facility and housing.* A milking barn or milking parlor of adequate size and arrangement shall be provided to permit normal sanitary milking operations. It shall be well lighted and ventilated, and the floors and gutters in the milking area shall be constructed of concrete or other impervious material. The facility shall be kept clean.

68.22(2) *Milk house or milk room.* A milk house or milk room conveniently located and properly constructed, lighted, and ventilated shall be provided for handling and cooling milk and for washing, handling, and storing the utensils and equipment. Other products shall not be stored in the milk room which would be likely to contaminate milk, or otherwise create a public health hazard.

It shall be equipped with wash and rinse vat, utensil rack, milk cooling facilities and have an adequate supply of hot water available for cleaning milking equipment.

68.22(3) *Utensils and equipment.* Utensils, milk cans, milking machines (including pipeline systems), and other equipment used in the handling of milk shall be maintained in good condition, shall be free from rust, open seams, milkstone, or any unsanitary condition, and shall be washed, rinsed, and drained after each milking, stored in suitable facilities, and sanitized immediately before use with at least 200 ppm. chlorine solution or its equivalent.

68.22(4) *Cooling.* Milk in farm bulk tanks shall be cooled to 45° F or 7° C or lower within two hours after milking and maintained at 50° F or 10° C or lower until transferred to the transport tank. Milk in cans shall be cooled immediately after milking to 50° F or 10° C or lower unless delivered to the plant within two hours after milking. The temperature requirement for milk placed in cans will be 50° F or 10° C or lower. The cooler, tank, or refrigerated unit shall be kept clean.

This rule is intended to implement Iowa Code chapter 192 and section 192A.28.

21—68.23 to **68.25** Reserved.

21—68.26(190,192,194) Tests for abnormal milk.

68.26(1) At least once every calendar month, all creameries, cheese factories, or milk processing plants, hereafter referred to as purchasers, shall test a herd milk sample from every producer in a certified or officially designated laboratory to determine the existence of abnormal milk.

68.26(2) A herd milk sample shall be deemed to be abnormal or adulterated if a test by direct microscopic examination, electronic somatic cell count, or equivalent technique, reveals a count greater than 750,000 somatic cells/ml.

68.26(3) Whenever two of the last four consecutive somatic cell counts exceed 750,000 cells/ml, the purchaser or regulatory authority shall send a written notice thereof to the person concerned. An additional sample shall be taken within 21 days of the sending of such notice, but not before the lapse of three days. Immediate suspension of permit shall be instituted whenever the standard is violated by three of the last five somatic cell counts.

68.26(4) Within one week following receipt of a written application from the producer, an inspection shall be made by the regulatory authority or the purchaser and a herd milk sample taken. If the test indicates a count of 750,000 or less somatic cells/ml, the producer's milk may be purchased for human consumption provided additional samples of herd milk are tested at a rate of not more than two per week. The producer shall be reinstated under the normal testing program when three out of four consecutive tests have counts of 750,000 or less somatic cells/ml.

This rule is intended to implement Iowa Code chapter 192 and Iowa Code sections 190.4, 194.4, and 194.6.

21—68.27(192,194) Standards for performing farm inspections. The August 1, 1976, manual prepared by USDA/AMS, Dairy Division, titled "General Instructions for Performing Farm Inspections According to USDA Recommended Requirements for Manufacturing Purposes and Its Production and Processing for Adoption by State Regulatory Agencies," is adopted in its entirety, and shall constitute the official standards for farms producing milk for manufacturing, with the following exception:

Strike from Rule 1c, Brucellosis Test, the words "Uniform Methods and Rules" for establishing and maintaining Certified Brucellosis Free Herds of Cattle, Modified Certified Brucellosis Area and Certified Brucellosis Free Areas which are approved by Animal Disease Eradication Division, Agricultural Research Service. . .", and insert in lieu thereof, "Brucellosis Eradication, Uniform Methods and Rules, effective February 1, 1998". The bacteriological standards for private water supplies used by dairy farms consist of an MPN (Most Probable Number of Coliform Organisms) of less than 2.2/100 ml by the multiple tube fermentation technique, or less than 1/100 ml by the membrane filter technique, or the results of any water test approved by the United States Food and Drug Administration or Environmental Protection Agency of less than 1/100 ml.

DAIRY FARM WATER

21—68.28 to **68.34** Reserved.

21—68.35(192) Dairy farm water supply.

68.35(1) Water for milk house and milking operations shall be from a supply properly located, protected, and operated and shall be easily accessible, adequate and of a safe, sanitary quality.

68.35(2) A Grade A permit shall not be issued to an applicant when the water well supplying the dairy facility is located in a well pit.

68.35(3) New well construction or the reconstruction of an existing well supplying the dairy facility shall be constructed according to 567—Chapter 49, Iowa Administrative Code.

68.35(4) Frost-free hydrants shall be located at least ten feet from the well that supplies the water for the dairy facility unless a written variance is granted by the department.

68.35(5) The department encourages the use of high-pressure washers for use in the dairy facility. However, they can create a negative pressure and contaminate the water supply system because of their capability to pump at a faster rate than water can be supplied if not properly installed and operated.

The dairy facility water supply system shall be protected from overpumping by a high-pressure washer by one of the following:

1. A separate water supply.
2. By supplying the high-pressure washer from a surge tank that is isolated from the main water supply system by an air gap.
3. A low-pressure cutoff switch.
4. A device built into the high-pressure washer by the manufacturer and approved by the department.
5. Any other device installed in the system to prevent a negative pressure to the supply system that is approved by the department.

This rule is intended to implement Iowa Code chapter 192.

21—68.36(192) Antibiotic testing.

68.36(1) The dairy industry shall screen all Grade A and Grade B farm bulk milk pickup tankers and farm can milk loads for beta lactam drug residues or other residues as designated by the department. A sampling method shall be used with can milk loads to ensure that the sample includes raw milk from every milk can on the vehicle.

68.36(2) When loads are found to contain drugs or other inhibitors at levels exceeding federal Food and Drug Administration established "safety levels," the department's dairy products control bureau shall be notified immediately of the results and of the ultimate disposition of the raw milk. Disposition shall be in a manner approved by the bureau. The producer samples from the violative load shall be tested for tracing the violation back to the violative producer. The primary responsibility for tracing the violation back to the violative producer shall be that of the initial purchaser of the raw milk.

68.36(3) In every antibiotic incident, pickups of milk from the violative individual producer(s) shall be immediately discontinued and the permit shall be suspended until such time that subsequent testing by a certified industry supervisor establishes that the milk does not exceed safe levels of inhibitory residues. In addition, in every antibiotic incident except when the load is negative and the milk can be used, the violative producer shall pay the purchaser for the contaminated load of milk and the producer will not be paid for the producer's share of milk on the load.

68.36(4) The dairy products control bureau staff shall monitor the dairy industry inhibitor load testing activities by making unannounced, on-site inspections to review the load sampling records. The inspector may also collect load samples for testing in the department's dairy laboratory.

68.36(5) For the first violative occurrence within a 12-month period, a department dairy products inspector shall conduct an investigation.

68.36(6) For the second violative occurrence within a 12-month period, a department dairy products inspector shall make an appointment with the producer and a dairy industry representative to meet at the dairy facility within 10 working days of the violative occurrence to inspect the drug storage and to determine the cause of the second violation. In addition, the producer shall review the "Milk and Dairy Beef Residue Prevention Protocol" with a veterinarian within 30 days of the violative occurrence. The protocol certificate shall be signed by the producer and the veterinarian. The producer shall send the dairy products control bureau a copy of the signed certificate within 35 days of the violation. Failure to complete the course or to submit a copy of the certificate to the dairy products control bureau is grounds for suspension or revocation of a violative producer's permit to sell raw milk.

68.49(5) The department shall grant or deny a license application within the 45-day interim period.

68.49(6) The department shall not issue a milk hauler license if court action is in progress against the applicant for operating without an interim or regular license.

21—68.50(192) Supplies required for milk collection and sampling. A milk hauler who collects milk in bulk from a dairy farm shall have all of the following supplies available:

1. An adequate supply of sample containers.
2. A sample dipper.
3. A sample dipper storage container.
4. A sanitizing solution in the sample dipper storage container of 200 ppm of chlorine or equivalent.
5. An insulated carrying case with a rack to hold samples.
6. A certified thermometer, accurate to plus or minus 2°F, that can be used to check the temperature of the milk in the farm bulk tank, the accuracy of the farm bulk tank thermometers and the temperature of the commingled load.
7. A marking device to identify samples collected.
8. A watch or timing device.
9. An adequate supply of forms needed for milk collection and records.
10. A writing device to write on the forms and records.
11. Access to an adequate supply of single-service paper towels.

21—68.51(192) Milk hauler sanitization.

1. A milk hauler shall wear clean clothing.
2. A milk hauler shall maintain a high degree of personal cleanliness.
3. A milk hauler shall observe good hygienic practices.
4. A milk hauler shall not measure, sample or collect milk if the hauler has a discharging or infected wound or lesion on the hauler's hands or exposed arms.

21—68.52(192) Examining milk by sight and smell.

68.52(1) Before a milk hauler receives or collects milk from a dairy farm, the hauler shall examine the milk by sight and smell and shall reject all milk that has any of the following characteristics:

1. Objectionable odor.
2. Abnormal appearance and consistency.
3. Visible adulteration.

68.52(2) A milk hauler who rejects milk from a farm shall collect only a sample of the rejected milk.

68.52(3) If a dairy farmer disputes a milk hauler's rejection of the milk, the milk hauler shall contact the operator of the dairy plant to which the milk would ordinarily be delivered, and the plant operator or the plant field person shall examine the rejected milk to determine whether the milk was properly rejected.

21—68.53(192) Milk hauler hand washing. A milk hauler shall wash and dry hands before performing any of the following:

1. Using a thermometer.
2. Measuring the milk.
3. Collecting a milk sample.

21—68.54(192) Milk temperature.

68.54(1) Before a milk hauler collects milk at a dairy farm, the milk hauler shall record the temperature of the milk to be collected.

68.54(2) If the milk is collected more than two hours after the last milking, the milk hauler shall reject the milk if the milk temperature exceeds 45°F or 7°C.

68.54(3) If milk from two or more milkings is collected within two hours of the last milking, the milk hauler shall reject the milk if the milk temperature exceeds 50°F or 10°C.

68.54(4) If the farm bulk tank thermometer is working, at least once each month, and more often if necessary, a milk hauler shall check the accuracy of each dairy farm bulk tank thermometer by taking the temperature of the milk in the bulk tank with the milk hauler's thermometer and shall record the temperature on the milk pickup record card. This procedure shall be done at every pickup if the farm bulk tank thermometer is not working.

68.54(5) Before a milk hauler uses the milk hauler's thermometer to take the temperature of the milk in a bulk tank, the hauler shall sanitize the stem of the thermometer in 200 ppm chlorine or its equivalent for a minimum of 60 seconds.

68.54(6) A milk hauler shall immediately notify the milk producer and the dairy field person if the dairy farm bulk tank is not cooling properly or if the bulk tank thermometer is not recording the temperatures accurately.

21—68.55(192) Connecting the milk hose.

68.55(1) Before the milk hauler connects a tanker hose to a bulk tank, the hauler shall examine the fittings of the tanker hose and the bulk tank outlet and shall clean and sanitize as necessary.

68.55(2) The milk hauler shall attach the milk hose to the bulk tank outlet in a manner that does not contaminate the hose or the hose cap.

68.55(3) The hose shall be connected through the milk room hose port.

21—68.56(192) Measuring the milk in the bulk tank.

68.56(1) Before milk is transferred from a bulk tank to a bulk milk tanker, the milk hauler shall measure the amount of milk in the bulk tank.

68.56(2) The milk hauler shall measure the milk using a clean gauge rod or other measuring device that is specifically designed and calibrated to measure milk in the bulk tank.

68.56(3) Immediately before using the gauge rod or measuring device, the milk hauler shall wipe it dry with a clean, single-service disposable towel.

68.56(4) A milk hauler shall not measure the amount of milk in a dairy farm bulk tank until the milk in the tank is motionless.

68.56(5) If the milk is being agitated, the milk hauler shall turn off the agitator and wait for the milk to become completely motionless before measuring the milk.

68.56(6) After measuring the milk with a gauge rod or other device, the milk hauler shall use that measurement to calculate the weight or volume of milk in the bulk tank with the manufacturer's conversion chart.

68.56(7) The milk hauler shall record that weight or volume on a written collection record.

21—68.57(192) Milk sample for testing.

68.57(1) Before milk is transferred from a dairy farm bulk tank to a bulk milk tanker, a milk hauler shall collect a representative sample of that milk from the dairy farm bulk tank for testing. If there is more than one bulk tank, a sample from each tank shall be taken and identified.

68.57(2) The collected sample shall be filled only ¾ full in the sample container so that the sample can be agitated in the lab.

21—68.58(192) Milk collection record.

68.58(1) Whenever a milk hauler collects a milk shipment from a dairy farm, the milk hauler shall make a written record for that shipment.

68.58(2) One copy of the collection record shall be posted in a dairy farm milk room.

68.58(3) The collection record shall be initialed by the milk hauler.

68.58(4) The record shall include all of the following:

1. The milk producer identification number.
2. The milk hauler's initials.
3. The date when the milk was sampled and collected.
4. The temperature of the milk when collected.
5. The weight or volume of milk collected as determined by the milk hauler.
6. The time of pickup, including whether A.M. or P.M. or military time.

21—68.59(192) Loading the milk from the bulk tank to the milk tanker.

68.59(1) After a milk hauler has sampled milk from the dairy farm bulk tank and prepared a complete collection record, the hauler may transfer the milk from that bulk tank to the milk tanker.

68.59(2) A milk hauler shall not collect milk from any other container on a dairy farm other than from a bulk tank.

68.59(3) Partial pickup of milk shall be avoided whenever possible.

68.59(4) After a milk hauler has collected all of the milk from a bulk tank, the milk hauler shall disconnect the milk hose from the bulk tank, cap the hose and return the hose to its cabinet in the bulk milk tanker.

68.59(5) The milk hauler shall inspect the empty dairy farm bulk tank for abnormal sediments and shall report any abnormal sediments to the dairy producer and the dairy plant field person.

68.59(6) After the milk hauler has disconnected the milk hose and inspected the empty farm bulk tank for abnormal sediments, the milk hauler shall rinse the bulk tank with cold or lukewarm water.

21—68.60(192) Milk samples required for testing.

68.60(1) The milk hauler shall collect a sample of milk from each dairy farm bulk tank before that milk is transferred to a bulk milk tanker.

68.60(2) A milk sample collected from a dairy farm bulk tank shall not be commingled with a sample collected from any other bulk tank.

21—68.61(192) Bulk milk sampling procedures. A milk hauler shall comply with all of the following procedures when collecting a milk sample:

1. Shall collect the sample after the bulk tank milk has been thoroughly agitated.
2. Shall agitate a bulk tank of less than a 1000 gallon size, in the presence of the milk hauler, for at least five minutes before the milk sample is taken.
3. Shall agitate a bulk tank of a 1000 gallon size or larger, in the presence of the milk hauler, for at least ten minutes before the milk sample is taken. If there are stamped printed instructions on the bulk tank, giving explicit agitation instructions that are different from ten minutes, the bulk tank shall then be agitated according to the written instructions.

4. Shall collect the sample using a sanitized sample dipper that is manufactured for the purpose of taking a milk sample from a bulk tank. The milk hauler shall not use the sample container to collect a milk sample.
5. Shall rinse the sanitized sample dipper in the milk, in the bulk tank, at least two times before the dipper is used to collect the sample.
6. After rinsing the sample dipper in the milk, shall pour the sample from the dipper into a sample container until the sample container is ¾ full and shall securely close the sample container.
7. Shall not fill the sample container over the bulk tank, but shall fill the sample container off to the side of the bulk tank, over the floor of the milk room.
8. Shall handle the sample container and cap aseptically.
9. After collecting the milk sample, shall immediately place the sample on a rack or floater, on ice in the insulated sample container, and rinse the sample dipper with clean potable water.

21—68.62(192) Temperature control sample.

68.62(1) The milk hauler shall collect two milk samples at the first farm on each milk route.

68.62(2) One of the two samples collected from the first farm shall be used for a temperature control (TC) sample.

68.62(3) The temperature control (TC) sample shall remain in the rack with the other samples pertaining to that load.

68.62(4) The temperature control (TC) sample container shall be marked in a legible manner identifying the sample as the TC sample and shall also be marked with the other following information:

1. The producer identification number.
2. The initials of the milk hauler.
3. The date the sample was collected.
4. The time the sample was collected.
5. The temperature of the milk in the farm bulk tank from which the TC sample was collected.

21—68.63(192) Producer sample identification. Immediately before a milk hauler collects a milk sample, but before the milk hauler opens the sample container, the milk hauler shall, unless that sample container is prelabeled with the producer information, clearly and indelibly label the sample container with all of the following information:

1. The producer identification number.
2. The date when the sample was collected.
3. The temperature of the milk in the bulk tank.

21—68.64(192) Care and delivery of producer milk samples.

68.64(1) Immediately after a milk hauler collects a milk sample, the milk hauler shall place the sample container in a clean, refrigerated carrying case in which the temperature is kept at from 32°F to 40°F.

68.64(2) If the sample containers are packed in ice or cold water to keep the samples refrigerated, the ice or water shall cover no more than ¾ of each sample container.

68.64(3) The milk hauler shall promptly deliver the samples to the place designated by the milk purchaser.

21—68.65(192) Milk sample carrying case. The carrying case shall be constructed to have all of the following characteristics:

1. Shall be constructed of rigid metal or plastic.
2. Shall be effectively insulated and refrigerated to keep the samples at the required temperature.
3. Shall have a rack or floater designed to hold samples in the upright position.

21—68.66(192) Bulk milk delivery.

68.66(1) If milk is unloaded or transferred at any location other than a licensed facility, the person having custody of the milk shall notify the department of that unloading or transfer before that milk is processed or shipped to any other location.

68.66(2) Air entering a bulk milk tanker when the tanker is unloading shall be filtered to prevent contamination of the milk when the door to the receiving area is open.

21—68.67(192) False samples or records. The department may take enforcement action against a person doing or conspiring to do any of the following:

1. Falsely identify any milk sample.
2. Submit a false or manipulated milk sample.
3. Submit a milk sample collected in violation of this chapter.
4. Misrepresent the amount of milk collected from a dairy farm.
5. Misrepresent or falsify any record or report required under this chapter.

21—68.68(192) Violations prompting immediate suspension. A person violating any of the following shall have the person's milk hauler license suspended for the first full five weekdays following the violation. Administering the violation in this manner will allow a licensed field representative or a person employed by the plant with a milk hauler's license to ride with a suspended milk hauler and to perform all of the bulk milk pickup procedures which the suspended milk hauler shall not perform while the license is suspended. This rule will also allow a dairy co-op or a proprietary establishment the ability to recover the cost of the employee of the business establishment while the employee is working with the suspended milk hauler.

1. Not measuring the milk before pumping.
2. Not collecting a sample from the farm bulk tank.
3. Collecting milk from a container other than the farm bulk tank or an approved milk can.
4. Not collecting a milk sample before pumping or opening the valve to the milk tanker.
5. Mixing the contents of milk samples with other milk samples.
6. Collecting a sample before proper agitation.
7. Not using proper sample collection equipment.
8. Falsely identifying a milk sample.
9. Submitting a false or manipulated milk sample or a false sample collection record.

21—68.69(192) Milk grader license required.

68.69(1) A person shall not be employed as a dairy field person or a milk intake person and shall not collect a raw milk sample from a farm bulk tank or collect a load sample from a bulk milk tanker in Iowa without first being evaluated by a department dairy inspector and making application for a milk grader license. A milk grader license will not be needed by a temporary milk plant intake person that is under the direct supervision of a licensed milk grader.

68.69(2) The department may take an enforcement action against a person engaged in activities of a dairy field person or milk intake person or a person collecting milk samples from a farm bulk tank or from a bulk milk tanker if the department determines that the applicant has engaged in such activities without first obtaining a valid Iowa milk grader license or a valid 45-day interim license or has procured another person to operate without a license.

68.69(3) The cost of a milk grader license is $10.

68.69(4) A milk grader license obtained pursuant to this rule expires June 30 annually and is not transferable between persons.

68.69(5) As a condition of relicensing:

ASSESSMENT FEE FOR INTERMEDIATE CARE FACILITIES FOR THE MENTALLY RETARDED

These rules describe the assessment of the fee authorized by Iowa Code section 249A.21. The rules explain how the fee is determined and paid, and under what conditions collection of the fee will be terminated.

441—36.1(249A) Assessment of fee. Intermediate care facilities for the mentally retarded (ICFs/MR) licensed in Iowa under 481—Chapter 64 shall pay a monthly fee to the department. The fee shall equal 6 percent of the total revenue of the facility for the facility's preceding fiscal year divided by the number of months of facility operation during the preceding fiscal year. For ICFs/MR operated by the state, the fee shall be retroactive to October 1, 2003.

441—36.2(249A) Determination and payment of fee for facilities certified to participate in the Medicaid program. For facilities certified to participate in the Medicaid program, the fee shall be determined and paid as follows:

36.2(1) The assessment for each facility fiscal year shall be based on the financial and statistical report for the facility's preceding fiscal year submitted pursuant to rule 441—82.5(249A), as adjusted pursuant to 441—subrules 82.5(10) and 82.17(1).

36.2(2) The department shall notify each facility of the amount of the fee assessed for each fiscal year following submission of the financial and statistical report for the facility's preceding fiscal year. The fee is subject to adjustment based on adjustments to the financial and statistical report.

36.2(3) The department shall deduct the monthly amount due from medical assistance payments to the facility. The department shall also deduct from medical assistance payments any additional amount due for past months as a result of an adjustment to the assessment.

36.2(4) By August 15, 2004, the department shall notify each facility operated by the state of the amount of the fee assessed for the retroactive period of October 1, 2003, through August 31, 2004, subject to adjustment based on adjustment to the facility's financial and statistical report. State-operated facilities shall transfer the amount due for the retroactive period during state fiscal year 2004 (October 2003 through June 2004) to the medical assistance appropriation by August 31, 2004. The amount due for July and August 2004 shall be deducted from the quarterly medical assistance payments made to state-operated facilities in October 2004.

441—36.3(249A) Determination and payment of fee for facilities not certified to participate in the Medicaid program. For facilities not certified to participate in the Medicaid program, the fee shall be determined and paid as follows:

36.3(1) Any licensed ICF/MR in Iowa that is not certified to participate in the Medicaid program shall submit Form 470-0030, Financial and Statistical Report, as required for participating facilities by rule 441—82.5(249A), for purposes of determining the amount of the assessment. The department may audit and adjust the reports submitted, as provided for participating facilities in 441—subrules 82.5(10) and 82.17(1).

36.3(2) The assessment for each facility fiscal year shall be based on the financial and statistical report for the facility's preceding fiscal year as submitted and audited pursuant to subrule 36.3(1).

36.3(3) The department shall notify each facility of the amount of the fee assessed for each fiscal year following submission of the financial and statistical report for the facility's preceding fiscal year. The fee is subject to adjustment based on adjustments to the financial and statistical report.

36.3(4) The facility shall pay the assessed fee to the department on or before the fifteenth day of each month. Any additional amount due for past months as the result of an adjustment to the initial assessment is due 30 days after the department notifies the facility of the additional amount.

441—36.4(249A) Termination of fee assessment. If federal financial participation to match the assessed fee becomes unavailable under federal law, the assessment terminates on the date the federal statutory, regulatory, or interpretive change takes effect.

441—36.5 Reserved.

These rules are intended to implement Iowa Code section 249A.21.

DIVISION II

36.6(1) *Applicability.* All nursing facilities that are licensed in Iowa under Iowa Code chapter 135C and department of inspections and appeals rules in 481—Chapter 58 shall pay a monthly assessment to the department, as determined under this division, with the exception of:

a. Nursing facilities operated by the state.

b. Non-state-government-owned or non-state-government-operated nursing facilities.

36.6(2) *Definition.* For the purposes of this division, the Iowa Medicaid utilization rate is defined as the number of Iowa Medicaid patient days divided by the total number of patient days, as reported by each facility on Form 470-0030, Financial and Statistical Report.

36.6(3) *Assessment level.*

a. Facilities that have an Iowa Medicaid utilization rate of less than 10 percent are required to pay no assessment.

Nursing facilities that are newly licensed under 481—Chapter 58 shall not be required to pay an assessment until the effective date of a Medicaid rate calculated pursuant to 441—81.6(249A) based on Form 470-0030, Financial and Statistical Report.

36.7(2) The department shall calculate the monthly assessment amount due by:

a. Multiplying the facility's total non-Medicare patient days by the applicable assessment level, as determined in subrule 36.6(3); and

b. Dividing the result by the number of months covered by the Financial and Statistical Report.

36.7(3) The department shall notify each facility of the amount of the assessment due following the facility's submission of Form 470-0030, Financial and Statistical Report. The assessment is subject to adjustment based on adjustments to the Financial and Statistical Report.

The department may adjust the reports submitted in the same manner as used in the determination of the Medicaid reimbursement rate for participating facilities under rule 441—81.6(249A).

36.8(2) During each state fiscal year, the assessment shall be based on the facility's Form 470-0030, Financial and Statistical Report, as submitted and adjusted pursuant to subrule 36.8(1), for the facility's fiscal year ending in the preceding calendar year.

36.8(3) The department shall calculate the monthly assessment amount due by:

a. Multiplying the facility's total non-Medicare patient days by the applicable assessment level, as determined in subrule 36.6(3); and

b. Dividing the result by the number of months covered by the Financial and Statistical Report.

36.8(4) The department shall notify each facility of the amount of the assessment due for each fiscal year following the facility's submission of Form 470-0030, Financial and Statistical Report. The assessment is subject to adjustment based on adjustments to the Financial and Statistical Report.

36.8(5) The facility shall pay the monthly assessment to the department on or before the fifteenth day of each month. CHAPTER 52
PAYMENT

[Prior to 7/1/83, Social Services[770] Ch 52]
[Prior to 2/11/87, Human Services[498]]

441—52.1(249) Assistance standards. Assistance standards are the amounts of money allowed on a monthly basis to recipients of state supplementary assistance in determining financial need and the amount of assistance granted.

52.1(1) *Protective living arrangement.* The following assistance standards have been established for state supplementary assistance for persons living in a family life home certified under rules in 441—Chapter 111.

$645	Care allowance
$ 81	Personal allowance
$726	Total

52.1(2) *Dependent relative.* The following assistance standards have been established for state supplementary assistance for dependent relatives residing in a recipient's home.

a. Aged or disabled client and a dependent relative $849
b. Aged or disabled client, eligible spouse, and a dependent relative $1131
c. Blind client and a dependent relative $871
d. Blind client, aged or disabled spouse, and a dependent relative $1153
e. Blind client, blind spouse, and a dependent relative $1175

52.1(3) *Residential care.* Payment to a recipient in a residential care facility shall be made on a flat per diem rate of $17.86 or on a cost-related reimbursement system with a maximum per diem rate of $25. The department shall establish a cost-related per diem rate for each facility choosing this method of payment according to rule 441—54.3(249).

The facility shall accept the per diem rate established by the department for state supplementary assistance recipients as payment in full from the recipient and make no additional charges to the recipient.

a. All income of a recipient as described in this subrule after the disregards described in this subrule shall be applied to meet the cost of care before payment is made through the state supplementary assistance program.

Income applied to meet the cost of care shall be the income considered available to the resident pursuant to supplemental security income (SSI) policy plus the SSI benefit less the following monthly disregards applied in the order specified:

(1) When income is earned, impairment related work expenses, as defined by SSI plus $65 plus one-half of any remaining earned income.

(2) An $81 allowance to meet personal expenses and Medicaid copayment expenses.

(3) When there is a spouse at home, the amount of the SSI benefit for an individual minus the spouse's countable income according to SSI policies. When the spouse at home has been determined eligible for SSI benefits, no income disregard shall be made.

(4) When there is a dependent child living with the spouse at home who meets the definition of a dependent according to the SSI program, the amount of the SSI allowance for a dependent minus the dependent's countable income and the amount of income from the parent at home that exceeds the SSI benefit for one according to SSI policies.

(5) Established unmet medical needs of the resident, excluding private health insurance premiums and Medicaid copayment expenses. Unmet medical needs of the spouse at home, exclusive of health insurance premiums and Medicaid copayment expenses, shall be an additional deduction when the countable income of the spouse at home is not sufficient to cover those expenses. Unmet medical needs of the dependent living with the spouse at home, exclusive of health insurance premiums and Medicaid copayment expenses, shall also be deducted when the countable income of the dependent and the income of the parent at home that exceeds the SSI benefit for one is not sufficient to cover the expenses.

(6) The income of recipients of state supplementary assistance or Medicaid needed to pay the cost of care in another residential care facility, a family life home, an in-home health-related care provider, a home- and community-based waiver setting, or a medical institution is not available to apply to the cost of care. The income of a resident who lived at home in the month of entry shall not be applied to the cost of care except to the extent the income exceeds the SSI benefit for one person or for a married couple if the resident also had a spouse living in the home in the month of entry.

b. Payment is made for only the days the recipient is a resident of the facility. Payment shall be made for the date of entry into the facility, but not the date of death or discharge.

c. Payment shall be made in the form of a grant to the recipient on a post payment basis.

d. Payment shall not be made when income is sufficient to pay the cost of care in a month with less than 31 days, but the recipient shall remain eligible for all other benefits of the program.

e. Payment will be made for periods the resident is absent overnight for the purpose of visitation or vacation. The facility will be paid to hold the bed for a period not to exceed 30 days during any calendar year, unless a family member or legal guardian of the resident, the resident's physician, case manager, or department service worker provides signed documentation that additional visitation days are desired by the resident and are for the benefit of the resident. This documentation shall be obtained by the facility for each period of paid absence which exceeds the 30-day annual limit. This information shall be retained in the resident's personal file. If documentation is not available to justify periods of absence in excess of the 30-day annual limit, the facility shall submit a Case Activity Report, Form 470-0042, to the county office of the department to terminate the state supplementary assistance payment.

A family member may contribute to the cost of care for a resident subject to supplementation provisions at rule 441—51.2(249) and any contributions shall be reported to the county office of the department by the facility.

f. Payment will be made for a period not to exceed 20 days in any calendar month when the resident is absent due to hospitalization. A resident may not start state supplementary assistance on reserve bed days.

g. The per diem rate established for recipients of state supplementary assistance shall not exceed the average rate established by the facility for private pay residents.

(1) Residents placed in a facility by another governmental agency are not considered private paying individuals. Payments received by the facility from such an agency shall not be included in determining the average rate for private paying residents.

(2) To compute the facilitywide average rate for private paying residents, the facility shall accumulate total monthly charges for those individuals over a six-month period and divide by the total patient days care provided to this group during the same period of time.

52.1(4) *Blind.* The standard for a blind recipient not receiving another type of state supplementary assistance is $22 per month.

52.1(5) *In-home, health-related care.* Payment to a person receiving in-home, health-related care shall be made in accordance with rules in 441—Chapter 177.

52.1(6) *Minimum income level cases.* The income level of those persons receiving old age assistance, aid to the blind, and aid to the disabled in December 1973 shall be maintained at the December 1973 level as long as the recipient's circumstances remain unchanged and that income level is above current standards. In determining the continuing eligibility for the minimum income level, the income limits, resource limits, and exclusions which were in effect in October 1972 shall be utilized.

52.1(7) *Supplement for Medicare and Medicaid eligibles.* Payment to a person eligible for the supplement for Medicare and Medicaid eligibles shall be $1 per month.

This rule is intended to implement Iowa Code chapter 249 as amended by 2004 Iowa Acts, House File 2134, sections 4 and 5.

61.15(6) *Fee schedule.* The bureau shall not be compensated for costs related to interpretation or translation services in excess of the maximum allowable under the schedule of fees prescribed pursuant to this subrule. Any moneys collected under this rule shall be used to reimburse the appropriation obligated and disbursed in payment for services.

a. Rate for services. The fee schedule for interpretation services shall be based on a portal-to-portal basis multiplied by the appropriate rate. The standard rate shall be $25 per hour, plus actual expenses not to exceed the state reimbursement rate for meals, lodging, parking, and ground or air transportation costs incurred in providing services.

When a single interpretation assignment exceeds six hours, a flat salary rate of $150 per day, plus actual expenses, not to exceed the state reimbursement rate, shall be charged.

The fee for translating documents shall be $25 per page for verbatim translations and $10 per page for summary translations.

b. Minimum charges. A minimum charge of one hour shall be charged for providing requested interpretation services. A minimum of one hour shall be charged for cancellations less than 12 hours prior to a prescheduled appointment. A minimum one-hour charge, plus incidental costs, shall be charged for party no-shows.

For any legal action preparatory to appearing before any court which is facilitated through a telephone interpretation, a minimum charge of 15 minutes shall be charged. A charge for each additional 15-minute increment, after the first 15 minutes, shall be billed at a prorated share of the scheduled standard rate of $25 per hour.

61.15(7) *Payment.* Payment for interpretation and translation services invoiced according to the fee schedule shall be issued to the bureau by the clerk of court, if the interpreter or translator is appointed by the presiding judicial officer, unless other state or federal statutory provisions preclude the payment. The presiding judicial officer may order that all or part of the salaries, fees, expenses and costs be apportioned between or among the parties or be taxed according to existing state or federal statutory provisions.

Invoices for interpretation and translation services shall be sent on the tenth of the month following the service date to the appropriate clerk of court. Information on this invoice form is considered confidential and shall include:

1. Name and address of party initiating the service request.
2. Date, time and location of assignment.
3. Description and rate.
4. Hours of service delivery.
5. Name of interpreter(s) and translator(s).
6. Detailed statement of related costs.

441—61.16(217) Pilot recredentialing services. The department shall make available, as a pilot program, recredentialing services for refugees who are graduates of a foreign school that qualifies its students for certification or licensure as registered nurses or licensed practical nurses. These pilot services shall be available to the extent that funding is available through the federal fiscal year 2001 Polk County targeted assistance grant (see 441—61.17(217) for definition) and through Office of Refugee Resettlement social services funds up to a maximum of $22,500. The pilot program shall end September 30, 2003.

61.16(1) *Services included in recredentialing services.* In addition to employability services as described in subrule 61.5(11), the department shall provide the following to participants in recredentialing services:

a. Practical assistance in securing documents and services needed to achieve evaluation of credentials earned outside the United States through appropriate United States professional credentials-evaluation organizations.

b. Payment of the initial fee for services of professional credentials-evaluation organizations.

c. Payment, to a maximum of $5,000 per eligible refugee, as contracted for or otherwise arranged or approved by the bureau, for professional refresher training or other education or training services to enable participants to achieve Iowa certification or licensure.

61.16(2) *Limitations on recredentialing services.* In addition to the policies described in rule 441—61.6(217), the following shall apply to participants in recredentialing services:

a. The department shall identify eligible participants for recredentialing services through the appropriate employability assessment services as provided in paragraph 61.5(11)*"b."*

b. The department shall deny eligibility for recredentialing services when the applicant cannot achieve acceptable levels in bureau-administered assessment tests of English literacy, spoken English proficiency, and math proficiency.

c. The department shall consider that eligibility for recredentialing services begins with payment of the fee to the appropriate professional credentials-evaluation organization.

d. The department shall deny or terminate eligibility for recredentialing services when it becomes clear that recredentialing cannot be achieved within the limitations as provided in rule 441—61.6(217). In addition to the appropriate professional credentials-evaluation organization, appropriate education and training institutions may be consulted to determine whether recredentialing may be achieved within these limitations.

e. The department shall limit eligibility for recredentialing services based on place of residence only so far as the source of recredentialing services funding requires such limitation.

441—61.17(217) Targeted assistance grants. "Targeted assistance grants" means U.S. Department of Health and Human Services formula allocation funding granted to the department for assistance to counties where, because of factors such as unusually large refugee populations (including secondary migration), high refugee concentrations, and high use of public assistance by refugees, there exists and can be demonstrated a specific need for supplementation of available resources for services to refugees.

61.17(1) *Administration of targeted assistance grants.* The department shall make 95 percent of the total award available to the designated county except when the designated county has agreed to let the department administer the targeted assistance grant in its stead.

61.17(2) *Eligibility for services under targeted assistance grants.* Services funded by targeted assistance grants are limited to refugees who reside in the designated county.

61.17(3) *Services and limitations for services funded by targeted assistance grants.* Rules of 441—Chapter 61 are applicable to services funded by targeted assistance grants, except for subrules 61.5(5) and 61.6(1).

61.17(4) *Priority of services.* Services funded by targeted assistance grants shall be provided in the following order of priority, except in certain individual extreme circumstances:

1. Cash assistance recipients, particularly long-term recipients.
2. Unemployed refugees who are not receiving cash assistance.
3. Employed refugees in need of services to retain employment or to attain economic independence.

441—61.18(217) Iowa refugee services foundation. An Iowa refugee services foundation is established to engage in refugee resettlement activities to promote the welfare and self-sufficiency of refugees who live in Iowa and are not citizens of the United States. The structure and authority of the foundation shall be as prescribed in 2004 Iowa Acts, Senate File 2298, section 146, and in the bylaws adopted by the board of directors.

61.18(1) *Board of directors.* The foundation board of directors shall perform the duties and functions necessary and proper to carry out the foundation's responsibilities.

a. Composition. The board shall consist of five members, one appointed by the governor and four appointed by the director of the department of human services.

b. Term. Members of the board shall be appointed to three-year terms, except as described in paragraph "*c.*" Terms shall begin on July 1 and end on June 30.

c. Initial term. The initial term of the members appointed by the director of the department of human services shall be as follows:

(1) One member appointed for three years.

(2) Two members appointed for two years.

(3) One member appointed for one year.

d. Equity. Not more than two members appointed by the director of the department of human services shall be of the same gender or of the same political party.

61.18(2) *Board meetings.* The board of directors shall meet at least once each year to elect one of its members as chairperson.

65.8(1) *Standard allowance for households with heating or air-conditioning expenses.* When a household is receiving heating or air-conditioning service for which it is required to pay all or part of the expense or receives assistance under the Low-Income Home Energy Assistance Act (LIHEAA) of 1981, the heating or air-conditioning standard shall be allowed.

a. The standard allowance for utilities which include heating or air-conditioning costs is a single utility standard. This standard is $202 effective August 1, 1991.

b. Beginning October 1, 1992, this allowance shall change annually effective each October 1 using the percent increase reported in the consumer price index monthly periodical for January for fuels and other utilities for the average percent increases for the prior year for all urban consumers United States city average. Any numeral after the second digit following the decimal point will be dropped in this calculation. Any decimal amount of .49 or under will be rounded down. Any decimal of .50 or more will be rounded up to the nearest dollar. The cent amount will be included when calculating the next year's increase.

65.8(2) *Heating expense.* Heating expense is the cost of fuel for the primary heating service normally used by the household.

65.8(3) *Telephone standard.* When a household is receiving telephone service for which it is required to pay and the household is not entitled or chooses not to receive a single standard allowance, a standard allowance shall be allowed. This standard shall be $18 effective August 1, 1991. Beginning October 1, 1992, this allowance shall change annually effective each October 1 using the percent increase reported in the consumer price index monthly periodical for January for telephone service for the average percent increases for the prior year for all urban consumers United States city average. Any numeral after the second digit following the decimal point will be dropped in this calculation. Any decimal amount of .49 or under will be rounded down. Any decimal of .50 or more will be rounded up to the nearest dollar. The cent amount will be included when calculating the next year's increase.

65.8(4) *Energy assistance payments.* For purposes of prorating the low income energy assistance payments to determine if households have incurred out-of-pocket expenses for utilities, the heating period shall consist of the months from October through March.

65.8(5) *Standard allowance for households without heating or air-conditioning expenses.* When a household is receiving some utility service other than heating or air-conditioning for which it is responsible to pay all or part of the expense, the nonheating or air-conditioning standard shall be allowed. These utility expenses cannot be solely for telephone.

a. This standard is $103 effective August 1, 1991.

b. Beginning October 1, 1992, this allowance shall change annually effective each October 1 using the percent increase reported in the consumer price index monthly periodical for January for electric service for the average percent increases for the prior year for all urban consumers United States city average. Any numeral after the second digit following the decimal point will be dropped in this calculation. Any decimal amount of .49 or under will be rounded down. Any decimal of .50 or more will be rounded up to the nearest dollar. The cent amount will be included when calculating the next year's increase.

65.8(6) *Excluded payments.* A utility expense which is reimbursed or paid by an excluded payment, including HUD or FmHA utility reimbursements, shall not be deductible.

65.8(7) *Excess medical expense deduction.*

a. Notwithstanding anything to the contrary in these rules or regulations, at certification, households having a member eligible for the excess medical expense deduction shall be allowed to provide a reasonable estimate of the member's medical expenses anticipated to occur during the household's certification period.

(1) The estimate may be based on available information about the member's medical condition, public or private medical insurance coverage, and current verified medical expenses.

(2) Households giving an estimate shall not be required to report or verify changes in medical expenses that were anticipated to occur during the certification period.

b. Effective beginning June 1, 2004.

(1) A household member who receives the Medicare prescription drug credit shall be allowed a standard medical expense of $50 per month for the credit until the full value of the annual credit is realized.

(2) A household member who has a Medicare prescription drug discount card shall be allowed a standard medical expense of $23 per month for the discount.

(3) These standard medical expenses shall be added to any other eligible monthly out-of-pocket medical expenses.

c. Effective beginning June 1, 2004, a household member with a Medicare drug discount card may claim actual prediscount prescription drug expenses rather than use the standards if the expense is greater than the standards. To claim actual expenses, the person must verify either the prediscount expense or the discounted expense. If the discounted expense is verified, then prescription costs are multiplied by a discount factor of 1.25 to determine the prediscount expense.

65.8(8) *Child support payment deduction.* Rescinded IAB 5/2/01, effective 6/1/01.

65.8(9) *Standard deduction.* Each household will receive a standard deduction from income equal to 8.31 percent of the net income limit for food assistance eligibility. No household will receive an amount less than $134 or more than 8.31 percent of the net income limit for a household of six members.

65.8(10) *Sharing utility standards.* Rescinded IAB 9/4/02, effective 10/1/02.

Households are supplied with this form at the time of initial certification, at the time of recertification whenever the household needs a new form, whenever a form is returned by the household, and upon request by the household.

Households which are exempt from filing a monthly report must report a change in total household gross earned income of more than $100 per month. Households exempt from filing a monthly report must report changes in income within ten days of the date the household receives the first payment reflecting the change.

441—65.11(234) Discrimination complaint. Individuals who feel that they have been subject to discrimination may file a written complaint with the Diversity Programs Unit, Department of Human Services, Hoover State Office Building, 1305 E. Walnut Street, Des Moines, Iowa 50319-0114.

441—65.17(234) Involvement in a strike. An individual is not involved in a strike at the individual's place of employment when the individual is not picketing and does not intend to picket during the course of the dispute, does not draw strike pay, and provides a signed statement that the individual is willing and ready to return to work but does not want to cross the picket line solely because of the risk of personal injury or death or trauma from harassment. The service area manager shall determine whether such a risk to the individual's physical or emotional well-being exists.

441—65.18(234) Rescinded, effective 8/1/86.

441—65.19(234) Monthly reporting/retrospective budgeting. This rule is effective only until the transition to simplified reporting is complete.

The department will supply the Public Assistance Eligibility Report, Form 470-0454 (computer issued), 470-0455 (manually issued), or 470-3719 (Spanish, manually issued) to the recipient as needed or requested. The department shall provide a postage-paid envelope for return of the Public Assistance Eligibility Report.

Households shall return the completed form to the local department office where the case is assigned by the fifth calendar day of the month which precedes the issuance month, when the form was issued in the department's regular end-of-month mailing. Households shall return the completed form to the local department office where the case is assigned by the seventh day after the date of the issuance of the form when the form was not issued in the department's regular end-of-month mailing.

c. Failure to return a completed form shall result in cancellation of assistance. A completed form is a form with all items answered, accompanied by verification as required in 65.19(14), and signed and dated by a responsible household member on or after the last day of the budget month. When the Public Assistance Eligibility Report is used and a person in the household is also required to report monthly for another public assistance program, the form shall also be signed by all individuals required to sign for that program to be considered complete.

65.19(3) *Determination of eligibility.* Eligibility will be determined on the basis of the household's prospective income and circumstances.

65.19(4) *Public assistance income.* The department shall consider family investment program and refugee cash assistance grants authorized for the issuance month in determining the household's eligibility and benefit level. The department shall count adjustive or corrective public assistance payments retrospectively.

Retrospective budgeting will begin in the month after the household reported the status change.

The department shall notify households who become exempt from monthly reporting within ten days of the date the department becomes aware of the change. This notification shall inform the household that they no longer have to file future monthly reports and will tell them when the change in budgeting, if any, will occur. Prospective budgeting will begin the first issuance month the client does not submit a monthly report.

The department shall change the budgeting method of households who must report changes in ten days no later than the next month following the ten-day period for the worker to act and timely notice requirements.

65.19(8) *Prospective beginning months.* The department shall calculate benefits for eligible households prospectively for the two beginning months. When a household has applied for assistance from the family investment program or the refugee resettlement cash assistance program, and for food assistance benefits using Form 470-0462 or 470-0466 (Spanish), Public Assistance Application, the department shall allow a third food assistance beginning month. The department shall allow a third beginning month when the public assistance program's first "initial month" is the same calendar month as the second food assistance beginning month, and the third beginning month permits a simultaneous transition to retrospective budgeting.

Calculation of benefits for households not required to monthly report will use the actual or converted amount of income received on a weekly or biweekly basis for that benefit month.

65.19(12) *Mailing of notices.* All individual household notices of benefit amounts will be mailed separately from benefits.

65.19(13) *Reinstatement.* Reinstatement of the household canceled for failure to submit a complete monthly report will occur only when the otherwise eligible household submits a complete report by the end of the report month or by the extended filing date, whichever is later.

65.19(18) *Household membership.*

a. Except for applications received during a period of time when the household was not certified to receive benefits, household membership shall be determined as it was or is anticipated to be on the first day of the issuance month. Changes in household membership occurring on or after the first day of the month which are reported during the month in which the change occurs will not be considered until the following month.

b. Except for qualified residents of a shelter for battered women and children, individuals shall not be added to the household before they are removed from another household where they were receiving benefits.

65.19(19) *Certification periods.* Households in which all members are receiving family investment program (FIP) cash assistance or family medical assistance program (FMAP)-related Medicaid will be assigned certification periods of 6 to 12 months. However, a certification period of less than 6 months may be assigned at application or recertification to match the food assistance recertification date and the public assistance review date.

Households in which one or more members are not receiving FIP cash assistance, or FMAP or FMAP-related medical assistance, and which are not required to file a monthly report will be assigned certification periods of one to six months based on the predictability of the household's circumstances except when the adult members are all 60 years of age or older with very stable income such as social security, supplemental security income, pensions or disability payments. b. The provider shall ensure the rights of persons applying for services.

77.37(10) *Certification process.* Reviews of compliance with standards for initial certification and recertification shall be conducted by the department of human services' bureau of long-term care quality assurance staff. b. Rescinded IAB 9/1/04, effective 11/1/04.

c. Rescinded IAB 9/1/04, effective 11/1/04.

d. The department may request any information from the prospective service provider which is considered pertinent to arriving at a certification decision. This may include, but is not limited to:

(1) Current accreditations, evaluations, inspections and reviews by regulatory and licensing agencies and associations.

(2) Fiscal capacity of the prospective provider to initiate and operate the specified programs on an ongoing basis.

(3) The prospective provider's written agreement to work cooperatively with the state and central point of coordination in the counties and the state to be served by the provider.

77.37(11) *Initial certification.* The department shall review the application and accompanying information to see if the provider has the necessary framework to provide services in accordance with all applicable requirements and standards.

a. The department shall make a determination regarding initial certification within 60 days of receipt of the application and notify the provider in writing of the decision unless extended by mutual consent of the parties involved. Providers shall be responsible for notifying the appropriate county and the appropriate central point of coordination of the determination.

b. The decision of the department on initial certification of the providers shall be based on all relevant information, including:

(1) The application for status as an approved provider according to requirements of rules.

(2) A determination of the financial position of the prospective provider in relation to its ability to meet the stated need.

(3) The prospective provider's coordination of service design, development, and application with the applicable local county central point of coordination and other interested parties.

c. Providers applying for initial certification shall be offered technical assistance.

77.37(12) *Period of certification.* Provider certification shall become effective on the date identified on the certificate of approval and shall terminate in 270 calendar days, one year, or three calendar years from the month of issue. The renewal of certification shall be contingent upon demonstration of continued compliance with certification requirements.

a. Initial certification. Providers eligible for initial certification by the department shall be issued an initial certification for 270 calendar days based on documentation provided.

b. Recertification. After the initial certification, the level of certification shall be based on an on-site review unless the provider has been accredited for similar services by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), the Council on Accreditation of Rehabilitation Facilities (CARF), the Council on Quality and Leadership in Supports for People with Disabilities (The Council), or the Council on Accreditation of Services for Families and Children (COA). The on-site reviews for supported community living and supported employment use interviews with consumers and significant people in the consumer's life to determine whether or not the 20 individual value-based outcomes set forth in subrules 77.37(1) and 77.37(2) and corresponding processes are present for the consumer. Respite services are required to meet Outcome 1 and participate in satisfaction surveys.

Once the outcomes and processes have been determined for all the consumers in the sample, a review team then determines which of the 20 outcomes and processes are present for the provider. A specific outcome is present for the provider when the specific outcome is determined to be present for 75 percent or more of the consumers interviewed. A specific process is present for the provider when the process is determined to be present for 75 percent or more of the consumers interviewed. Since the processes are in the control of the provider and the outcomes are more in the control of the consumer, length of certification will be based more heavily on whether or not the processes are in place to help consumers obtain desired outcomes.

An exit conference shall be held with the organization to share preliminary findings of the certification review. A review report shall be written and sent to the provider within 30 calendar days unless the parties mutually agree to extend that time frame.

Provider certification shall become effective on the date identified on the Certificate of Approval, Form 470-3410, and shall terminate in 270 calendar days, one year, or three calendar years from the month of issue. The renewal of certification shall be contingent upon demonstration of continued compliance with certification requirements.

c. The department may issue four categories of recertification:

(1) *Three-year certification with excellence.* An organization is eligible for certification with excellence if the number of processes present is 18 or higher and the number of outcomes and corresponding processes present together is 12 or higher. Both criteria need to be met to receive three-year certification with excellence. Corrective actions may be required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(2) *Three-year certification with follow-up monitoring.* An organization is eligible for this type of certification if the number of processes present is 17 or higher and the number of outcomes and corresponding processes present together are 11 or higher. Both criteria need to be met to receive three-year certification. Corrective actions are required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(3) *One-year certification.* An organization is eligible for this type of certification when the number of processes present is 14 or higher and the number of outcomes and processes together is 9 or higher. Both criteria need to be met to receive one-year certification. One-year certification may also be given in lieu of longer certification when previously required corrective actions have not been implemented or completed. Corrective actions are required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(4) *Probational certification.* A probational certification may be issued to those providers who cannot meet requirements for a one-year certification. This time period shall be granted to the provider to establish and implement corrective actions and improvement activities. During this time period the department may require monitoring of the implementation of the corrective actions through on-site visits, written reports or technical assistance. Probational certification issued for 270 calendar days shall not be renewed or extended, and shall require a full on-site follow-up review to be completed. The provider shall be required to achieve at least a one-year certification status at the time of the follow-up review in order to maintain certification.

d. During the course of the review, if a team member encounters a situation that places a consumer in immediate jeopardy, the team member shall immediately notify the provider, the department, and other team members. "Immediate jeopardy" refers to circumstances where the life, health, or safety of a consumer will be severely jeopardized if the circumstances are not immediately corrected. The provider shall correct the situation within 24 to 48 hours. If the situation is not corrected within the prescribed time frame, that portion of the provider's services that was the subject of the notification shall not be certified. The department, the county of residence, and the central point of coordination shall be notified immediately to discontinue funding for that provider's service. If this action is appealed and the consumer, legal guardian, or attorney in fact under a durable power of attorney for health care wants to maintain the provider's services, funding can be reinstated. At that time the provider shall take appropriate action to ensure the life, health, and safety of the consumers deemed to be at risk as a result of the provider's inaction.

e. As a mandatory reporter, each team member shall be required to follow appropriate procedure in all cases where a condition reportable to child and adult protective services is observed.

f. The department may grant an extension to the period of approval for the following reasons:

(1) A delay in the department's approval decision which is beyond the control of the provider or department.

(2) A request for an extension from a provider to permit the provider to prepare and obtain department approval of corrective actions. The department shall establish the length of extensions on a case-by-case basis.

g. The department may revoke the provider's approval at any time for any of the following reasons:

(1) Findings of a site visit indicate that the provider has failed to implement the corrective actions submitted pursuant to paragraph 77.37(13)*"e."*

(2) The provider has failed to provide information requested pursuant to paragraph 77.37(13)*"f."*

(3) The provider refuses to allow the department to conduct a site visit pursuant to paragraph 77.37(13)*"h."*

(4) There are instances of noncompliance with the standards which were not identified from information submitted on the application.

h. An approved provider shall immediately notify the department, applicable county, the applicable mental health and developmental disabilities planning council, and other interested parties of a decision to withdraw from an HCBS MR waiver service.

i. Following certification, any provider may request technical assistance from the department to bring into conformity those areas found in noncompliance with HCBS requirements. If multiple deficiencies are noted during a review, the department may require that technical assistance be provided to a provider to assist in the implementation of the provider's corrective actions. Providers may be given technical assistance as needed.

j. Appeals. Any adverse action can be appealed by the provider under 441—Chapter 7.

77.37(13) *Review of providers.* Reviews of compliance with standards as indicated in this chapter shall be conducted by designated members of the HCBS staff.

a. This review may include on-site case record audits; review of administrative procedures, clinical practices, personnel records, performance improvement systems and documentation; and interviews with staff, consumers, the board of directors, or others deemed appropriate, consistent with the confidentiality safeguards of state and federal laws.

b. A review visit shall be scheduled with the provider with additional reviews conducted at the discretion of the department.

c. The on-site review team will consist of designated members of the HCBS staff.

d. Following a certification review, the certification review team leader shall submit a copy of the department's written report of findings to the provider within 30 working days after completion of the certification review.

e. The provider shall develop a plan of corrective action, if applicable, identifying completion time frames for each review recommendation.

f. Providers required to make corrective actions and improvements shall submit the corrective action and improvement plan to the Bureau of Long-Term Care, 1305 East Walnut Street, Des Moines, Iowa 50319-0114, within 30 working days after the receipt of a report issued as a result of the review team's visit. The corrective actions may include: specific problem areas cited, corrective actions to be implemented by the provider, dates by which each corrective measure will be completed, and quality assurance and improvement activities to measure and ensure continued compliance.

g. The department may request the provider to supply subsequent reports on implementation of a corrective action plan submitted pursuant to 77.37(13)*"e"* and 77.37 (13)*"f."*

h. The department may conduct a site visit to verify all or part of the information submitted.

77.37(14) *Supported community living providers.*

a. The department will contract only with public or private agencies to provide the supported community living service. The department does not recognize individuals as service providers under the supported community living program.

b. Providers of services meeting the definition of foster care shall also be licensed according to applicable 441—Chapters 108, 112, 114, 115, and 116.

c. Providers of service may employ or contract with individuals meeting the definition of foster family homes to provide supported community living services. These individuals shall be licensed according to applicable 441—Chapters 112 and 113.

d. All supported community living providers shall meet the following requirements:

(1) The provider shall demonstrate how the provider will meet the outcomes and processes in rule 441—77.37(249A) for each of the consumers being served. The provider shall supply timelines showing how the provider will come into compliance with rules 441—77.37(249A), 441—78.41(249A), and 441—83.60(249A) to 441—83.70(249A) and 441—subrule 79.1(15) within one year of certification. These timelines shall include:

e. Living units designed to serve more than three supported community living consumers shall be approved as follows:

(1) The department shall approve living units designed to serve four consumers if the geographic location of the program does not result in an overconcentration of such programs in the area.

(2) The department may approve conversion of a total of 40 living units for five persons or fewer formerly licensed as residential care facilities for persons with mental retardation to living units designed to serve supported community living consumers. Upon approval, the living unit shall surrender the facility license and continue to operate under the medical assistance home- and community-based services waiver for persons with mental retardation.

Approvals of living units for five persons or fewer formerly licensed as residential care facilities for persons with mental retardation granted before July 1, 2002, shall remain in effect.

Applications for approval to be granted under this subparagraph after July 1, 2003, shall be submitted to the Department of Human Services, Bureau of Long-Term Care, 1305 E. The letter shall verify that the county will request sufficient waiver slots for the consumers to be served and provide necessary county funding.

The bureau of long-term care shall approve the application based on the letter of support from the county and the requirement to maintain the geographical distribution of supported community living programs to avoid an overconcentration of programs in an area.

(3) Subject to federal approval, a residential program which serves not more than eight individuals and is licensed as an intermediate care facility for persons with mental retardation may surrender the facility license and continue to operate under the home- and community-based services waiver for persons with mental retardation if the department has approved the timelines submitted by the residential program pursuant to subparagraph 77.37(14)*"d"*(1).

(4) The department shall approve a living unit for five persons subject to all of the following conditions:

1. Approval will not result in an overconcentration of such living units in an area.

2. The county in which the living unit is located submits a letter of support for approval to the bureau of long-term care.

77.39(7) *Intake, admission, service coordination, discharge, and referral.*

a. The provider shall have written policies and procedures according to state and federal laws for intake, admission, service coordination, discharge and referral.

b. The provider shall ensure the rights of persons applying for services.

77.39(8) *Certification process.* Reviews of compliance with standards for initial certification and recertification shall be conducted by the department of human services' bureau of long-term care quality assurance staff. Certification carries no assurance that the approved provider will receive funding.

a. Rescinded IAB 9/1/04, effective 11/1/04.

b. Rescinded IAB 9/1/04, effective 11/1/04.

c. Rescinded IAB 9/1/04, effective 11/1/04.

d. The department may request any information from the prospective service provider which is considered pertinent to arriving at a certification decision. This may include, but is not limited to:

(1) Current accreditations, evaluations, inspections and reviews by regulatory and licensing agencies and associations.

(2) Fiscal capacity of the prospective provider to initiate and operate the specified programs on an ongoing basis.

(3) The prospective provider's written agreement to work cooperatively with the state and central point of coordination in the counties and the state to be served by the provider.

77.39(9) *Initial certification.* The department shall review the application and accompanying information to see if the provider has the necessary framework to provide services in accordance with all applicable requirements and standards.

a. The department shall make a determination regarding initial certification within 60 days of receipt of the application and notify the provider in writing of the decision unless extended by mutual consent of the parties involved. Providers shall be responsible for notifying the appropriate county and the appropriate central point of coordination of the determination.

b. The decision of the department on initial certification of the providers shall be based on all relevant information, including:

(1) The application for status as an approved provider according to requirements of rules.

(2) A determination of the financial position of the prospective provider in relation to its ability to meet the stated need.

(3) The prospective provider's coordination of service design, development, and application with the applicable local county central point of coordination and other interested parties.

c. Providers applying for initial certification shall be offered technical assistance.

77.39(10) *Period of certification.* Provider certification shall become effective on the date identified on the certificate of approval and shall terminate in 270 calendar days, one year, or three calendar years from the month of issue. The renewal of certification shall be contingent upon demonstration of continued compliance with certification requirements.

a. Initial certification. Providers eligible for initial certification by the department shall be issued an initial certification for 270 calendar days based on documentation provided.

b. Recertification. After the initial certification, the level of certification shall be based on an on-site review unless the provider has been accredited for similar services by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), the Council on Accreditation of Rehabilitation Facilities (CARF), the Council on Quality and Leadership in Supports for People with Disabilities (The Council), or the Council on Accreditation of Services for Families and Children (COA). The on-site reviews for supported community living and supported employment use interviews with consumers and significant people in the consumer's life to determine whether or not the 20 individual value-based outcomes set forth in subrules 77.39(1) and 77.39(2) and corresponding processes are present for the consumer. Respite services are required to meet Outcome 1 and participate in satisfaction surveys.

Once the outcomes and processes have been determined for all the consumers in the sample, a review team then determines which of the 20 outcomes and processes are present for the provider. A specific outcome is present for the provider when the specific outcome is determined to be present for 75 percent or more of the consumers interviewed. A specific process is present for the provider when the process is determined to be present for 75 percent or more of the consumers interviewed. Since the processes are in the control of the provider and the outcomes are more in the control of the consumer, length of certification will be based more heavily on whether or not the processes are in place to help consumers obtain desired outcomes.

An exit conference shall be held with the organization to share preliminary findings of the certification review. A review report shall be written and sent to the provider within 30 calendar days unless the parties mutually agree to extend that time frame.

Provider certification shall become effective on the date identified on the Certificate of Approval, Form 470-3410, and shall terminate in 270 calendar days, one year, or three calendar years from the month of issue. The renewal of certification shall be contingent upon demonstration of continued compliance with certification requirements.

c. The department may issue four categories of recertification:

(1) *Three-year certification with excellence.* An organization is eligible for certification with excellence if the number of processes present is 18 or higher and the number of outcomes and corresponding processes present together is 12 or higher. Both criteria need to be met to receive three-year certification with excellence. Corrective actions may be required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(2) *Three-year certification with follow-up monitoring.* An organization is eligible for this type of certification if the number of processes present is 17 or higher and the number of outcomes and corresponding processes present together is 11 or higher. Both criteria need to be met to receive three-year certification. Corrective actions are required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(3) *One-year certification.* An organization is eligible for this type of certification when the number of processes present is 14 or higher and the number of outcomes and processes present together is 9 or higher. Both criteria need to be met to receive one-year certification. One-year certification may also be given in lieu of longer certification when previously required corrective actions have not been implemented or completed. Corrective actions are required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(4) *Probational certification.* A probational certification may be issued to those providers who cannot meet requirements for a one-year certification. This time period shall be granted to the provider to establish and implement corrective actions and improvement activities. During this time period the department may require monitoring of the implementation of the corrective actions through on-site visits, written reports or technical assistance. Probational certification issued for 270 calendar days shall not be renewed or extended and shall require a full on-site follow-up review to be completed. The provider shall be required to achieve at least a one-year certification status at the time of the follow-up review in order to maintain certification.

d. During the course of the review, if a team member encounters a situation that places a consumer in immediate jeopardy, the team member shall immediately notify the provider, the department, and other team members. "Immediate jeopardy" refers to circumstances where the life, health, or safety of a consumer will be severely jeopardized if the circumstances are not immediately corrected. The provider shall correct the situation within 24 to 48 hours. If the situation is not corrected within the prescribed time frame, that portion of the provider's services that was the subject of the notification shall not be certified. The department, the county of residence, and the central point of coordination shall be notified immediately to discontinue funding for that provider's service. If this action is appealed and the consumer, legal guardian, or attorney in fact under a durable power of attorney for health care wants to maintain the provider's services, funding can be reinstated. At that time the provider shall take appropriate action to ensure the life, health, and safety of the consumers deemed to be at risk as a result of the provider's inaction.

e. As a mandatory reporter, each team member shall be required to follow appropriate procedure in all cases where a condition reportable to child and adult protective services is observed.

f. The department may grant an extension to the period of approval for the following reasons:

(1) A delay in the department's approval decision which is beyond the control of the provider or department.

(2) A request for an extension from a provider to permit the provider to prepare and obtain department approval of corrective actions. The department shall establish the length of extensions on a case-by-case basis.

g. The department may revoke the provider's approval at any time for any of the following reasons:

(1) Findings of a site visit indicate that the provider has failed to implement the corrective actions submitted pursuant to paragraph 77.39(11)*"d."*

(2) The provider has failed to provide information requested pursuant to paragraph 77.39(11)*"e."*

(3) The provider refuses to allow the department to conduct a site visit pursuant to paragraph 77.39(11)*"f."*

(4) There are instances of noncompliance with the standards which were not identified from information submitted on the application.

h. An approved provider shall immediately notify the department, applicable county, the applicable mental health and developmental disabilities planning council, and other interested parties of a decision to withdraw from an HCBS BI waiver service.

i. Following certification, any provider may request technical assistance from the department to bring into conformity those areas found in noncompliance with HCBS requirements. If multiple deficiencies are noted during a review, the department may require that technical assistance be provided to a provider to assist in the implementation of the provider's corrective actions. Providers may be given technical assistance as needed.

j. Appeals. Any adverse action can be appealed by the provider under 441—Chapter 7.

77.39(11) *Departmental reviews.* Reviews of compliance with standards as indicated in this chapter shall be conducted by the division of mental health and developmental disabilities quality assurance review staff. This review may include on-site case record audits, administrative procedures, clinical practices, and interviews with staff, consumers, and board of directors consistent with the confidentiality safeguards of state and federal laws.

a. Reviews shall be conducted annually with additional reviews conducted at the discretion of the department.

b. Following a departmental review, the department shall submit a copy of the department's determined survey report to the service provider, noting service deficiencies and strengths.

c. The service provider shall develop a plan of corrective action identifying completion time frames for each survey deficiency.

◊Two or more ARCs
*Effective date of 79.1(15)"*d*"(4) delayed 70 days by the Administrative Rules Review Committee at its meeting held September 10, 2002. At its meeting held November 19, 2002, the Committee delayed the effective date until adjournment of the 2003 Session of the General Assembly.

82.5(12) *Termination or change of owner.*

a. A participating facility contemplating termination of participation or negotiating a change of ownership shall provide the department with at least 60 days' prior notice. A transfer of ownership or operation terminates the participation agreement. A new owner or operator shall establish that the facility meets the conditions for participation and enter into a new agreement. The person responsible for transfer of ownership or for termination is responsible for submission of a final financial and statistical report through the date of the transfer. No payment to the new owner will be made until formal notification is received. The following situations are defined as a transfer of ownership:

(1) In the case of a partnership which is a party to an agreement to participate in the medical assistance program, the removal, addition, or substitution of an individual for a partner in the association, in the absence of an express statement to the contrary, dissolves the old partnership and creates a new partnership which is not a party to the previously executed agreement and a transfer of ownership has occurred.

(2) When a participating nursing home is a sole proprietorship, a transfer of title and property to another party constitutes a change of ownership.

(3) When the facility is a corporation, neither a transfer of corporate stock nor a merger of one or more corporations with the participating corporation surviving is a transfer of ownership. A consolidation of two or more corporations resulting in the creation of a new corporate entity constitutes a change of ownership.

(4) When a participating facility is leased, a transfer of ownership is considered to have taken place. When the entire facility is leased, the total agreement with the lessor terminates. When only part of the facility is leased, the agreement remains in effect with respect to the unleased portion, but terminates with respect to the leased portion.

b. No increase in the value of the property shall be allowed in determining the Medicaid rate for the new owner with any change of ownership (including lease agreements). When filing the first cost report, the new owner shall either continue the schedule of depreciation and interest established by the previous owner, or the new owner may choose to claim the actual rate of interest expense. The results of the actual rate of interest expense shall not be higher than would be allowed under the Medicare principles of reimbursement and shall be applied to the allowed depreciable value established by the previous owner, less any down payment made by the new owner.

c. Other acquisition costs of the new owner such as legal fees, accounting and administrative costs, travel costs and the costs of feasibility studies attributable to the negotiation or settlement of the sale or purchase of the property shall not be allowed.

d. In general, the provisions of Section 1861(v)(1)(0) of the Social Security Act regarding payment allowed under Medicare principles of reimbursement at the time of a change of ownership shall be followed, except that no return on equity or recapture of depreciation provisions shall be employed.

e. A new owner or lessee wishing to claim a new rate of interest expense must submit documentation which verifies the amount of down payment made, the actual rate of interest, and the number of years required for repayment with the next semiannual cost report. In the absence of the necessary supportive documentation, interest and other property costs for all facilities which have changed or will change ownership shall continue at the rate allowed the previous owner.

82.5(13) *Assessed fee.* The fee assessed pursuant to 441—Chapter 36 shall be an allowable cost for cost reporting and audit purposes.

a. For the purpose of implementing the assessment for facilities operated by the state, Medicaid reimbursement rates shall be recalculated effective October 1, 2003, as provided in paragraph *"b."*

b. For purposes of determining rates paid for services rendered after October 1, 2003, each state-operated facility's annual costs for periods before implementation of the assessment shall be increased by an amount equal to 6 percent of the facility's annual revenue for the preceding fiscal year.

82.5(14) *Payment to new facility.* A facility receiving Medicaid ICF/MR certification on or after July 1, 1992, shall be subject to the provisions of this subrule.

a. A facility receiving initial Medicaid certification for ICF/MR level of care shall submit a budget for six months of operation beginning with the month in which Medicaid certification is given. The budget shall be submitted at least 30 days in advance of the anticipated certification date. The Medicaid per diem rate for a new facility shall be based on the submitted budget subject to review by the accounting firm under contract with the department. The rate shall be subject to a maximum set at the eightieth percentile of all participating community-based Iowa ICFs/MR with established base rates. The eightieth percentile maximum rate shall be adjusted July 1 of each year. The state hospital schools shall not be included in the compilation of facility costs. The beginning rates for a new facility shall be effective with the date of Medicaid certification.

b. Following six months of operation as a Medicaid-certified ICF/MR, the facility shall submit a report of actual costs. The rate computed from this cost report shall be adjusted to 100 percent occupancy plus the annual percentage increase of the Consumer Price Index for all urban consumers, U.S. city average. Business start-up and organization costs shall be accounted for in the manner prescribed by the Medicare and Medicaid standards.

Any costs that are properly identifiable as start-up costs, organization costs or capitalizable as construction costs must be appropriately classified as such.

(1) Start-up costs. In the period of developing a provider's ability to furnish patient care services, certain costs are incurred. The costs incurred during this time of preparation are referred to as start-up costs. Since these costs are related to patient care services rendered after the time of preparation, the costs must be capitalized as deferred charges and amortized over a five-year period.

Start-up costs include, for example, administrative and program staff salaries, heat, gas and electricity, taxes, insurance, mortgage and other interest, employee training costs, repairs and maintenance, and housekeeping.

(2) Organization costs. Organization costs are those costs directly related to the creation of a corporation or other form of business. These costs are an intangible asset in that they represent expenditures for rights and privileges which have a value to the enterprise. The services inherent in organization costs extend over more than one accounting period and affect the costs of future periods of operation. Organization costs must be amortized over a five-year period.

1. Allowable organization costs. Allowable organization costs include, but are not limited to, legal fees incurred in establishing the corporation or other organization (such as drafting the corporate charter and bylaws, legal agreements, minutes of organization meetings, terms of original stock certificates), necessary accounting fees, expenses of temporary directors and organizational meetings of directors and stockholders, and fees paid to states for incorporation.

2. Unallowable organization costs. The following types of costs are not considered allowable organization costs: costs relating to the issuance and sale of shares of capital stock or other securities, such as underwriters' fees and commissions, accountant's or lawyer's fees; costs of qualifying the issues with the appropriate state or federal authorities; and stamp taxes.

(16) Administrative office supplies and equipment, including depreciation, rent, repairs, and maintenance as documented by a supplemental schedule which identifies the portion of repairs and maintenance, depreciation, and rent which applies to office supplies and equipment.

(17) Data processing and bank charges.

(18) Advertising.

(19) Travel, entertainment and vehicle expenses not directly involving residents.

f. Facility rates shall be rebased using the cost report for the year covering state fiscal year 1996 and shall subsequently be rebased each four years. The department shall consider allowing special rate adjustments between rebasing cycles if:

(1) An increase in the minimum wage occurs.

(2) A change in federal regulations occurs which necessitates additional staff or expenditures for capital improvements, or a change in state or federal law occurs, or a court order with force of law mandates program changes which necessitate the addition of staff or other resources.

(3) A decision is made by a facility to serve a significantly different client population or to otherwise make a dramatic change in program structure (documentation and verification will be required).

(4) A facility increases or decreases licensed bed capacity by 20 percent or more.

g. Total patient days for purposes of the computation shall be inpatient days as determined in subrule 82.5(7) or 80 percent of the licensed capacity of the facility, whichever is greater. The reimbursement rate shall be determined by dividing total reported patient expenses by total patient days during the reporting period. This cost per day will be limited by an inflation increase which shall not exceed the percentage change in the Consumer Price Index for all urban consumers, U.S. City Average.

h. State-owned ICFs/MR shall submit semiannual cost reports and shall receive semiannual rate adjustments based on actual costs of operation inflated by the percentage change in the Consumer Price Index, All Urban Consumers, U.S. City Average.

i. The projected reimbursement for the first annual period will be determined by taking the per diem rate calculated for the base period and then multiplying it by the Consumer Price Index and adding it to the base rate. The projected reimbursement for each period thereafter (until rebasing) will be calculated by taking the lower of the prior year's actual or the projected reimbursement per diem times the Consumer Price Index and adding it to the lower of the two. If a facility experiences an increase in actual costs that exceeds both the actual reimbursement and the maximum allowable base cost as determined for that annual period, it shall receive in the following period the maximum allowable base as calculated as reimbursement.

This rule is intended to implement Iowa Code sections 249A.12 and 249A.16.

441—82.6(249A) Eligibility for services.

82.6(1) *Interdisciplinary team.* The initial evaluation for admission shall be conducted by an interdisciplinary team. The team shall consist of a physician, a social worker, and other professionals. At least one member of the team shall be a qualified mental retardation professional.

82.6(2) *Evaluation.* The evaluation shall include a comprehensive medical, social, and psychological evaluation. The comprehensive evaluation shall include:

a. Diagnoses, summaries of present medical, social and where appropriate, developmental findings, medical and social family history, mental and physical functional capacity, prognoses, range of service needs, and amounts of care required.

b. An evaluation of the resources available in the home, family, and community.

c. An explicit recommendation with respect to admission or in the case of persons who make application while in the facility, continued care in the facility. Where it is determined that intermediate care facility for the mentally retarded services are required by an individual whose needs might be met through the use of alternative services which are currently unavailable, this fact shall be entered in the record, and plans shall be initiated for the active exploration of alternatives.

d. An individual plan for care shall include diagnosis, symptoms, complaints or complications indicating the need for admission, a description of the functional level of the resident; written objective; orders as appropriate for medications, treatments, restorative and rehabilitative services, therapies, diet, activities, social services, and special procedures designed to meet the objectives; and plans for continuing care, including provisions for review and necessary modifications of the plan, and discharge.

e. Written reports of the evaluation and the written individual plan of care shall be delivered to the facility and entered in the individual's record at the time of admission or, in the case of individuals already in the facility, immediately upon completion.

82.6(3) *Certification statement.* Eligible individuals may be admitted to an intermediate care facility for the mentally retarded upon the certification of a physician that there is a necessity for care at the facility. Eligibility shall continue as long as a valid need for the care exists.

82.6(4) Rescinded IAB 4/9/97, effective 6/1/97.

This rule is intended to implement Iowa Code section 249A.12.

441—82.7(249A) Initial approval for ICF/MR care.

82.7(1) *Referral through targeted case management.* Persons seeking ICF/MR placement shall be referred through targeted case management. The case management program shall identify any appropriate alternatives to the placement and shall inform the person of the alternatives. A referral shall be made by targeted case management to the central point of coordination having financial responsibility for the person. The department is the central point of coordination for persons with state case status.

82.7(2) *Approval of ICF/MR placement by central point of coordination.* The central point of coordination shall approve ICF/MR placement, offer a home- or community-based alternative, or refer the person back to the targeted case management program for further consideration of service needs within 30 days of receipt of a referral. Initial placement must be approved by the central point of coordination with responsibility for the person. Once approved, the eligible person, or the person's representative, is free to seek placement in the facility of the person's or the person's representative's choice.

82.7(3) *Approval by Iowa Foundation for Medical Care.* Medicaid payment shall be made for intermediate care facility for the mentally retarded care upon certification of need for this level of care by a licensed physician of medicine or osteopathy and approval by the Iowa Foundation for Medical Care which is designated as the professional standards review organization for the state.

The Iowa Foundation for Medical Care shall review ICF/MR admissions and transfers only when documentation is provided which verifies a referral from targeted case management which includes an approval by the central point of coordination.

82.7(4) *Appeal rights.* Notice of adverse action and right to appeal shall be given in accordance with 441—Chapter 7. The applicant or consumer is entitled to have a review of the level of care determination by the Iowa Foundation for Medical Care by sending a letter requesting a review to the foundation. If dissatisfied with that decision, the applicant or consumer may file an appeal with the department.

The applicant or consumer for whom the county has legal payment responsibility shall be entitled to a review of adverse decisions by the county by appealing to the county pursuant to 441—paragraph 25.13(2)*"j."* If dissatisfied with the county's decision, the applicant or consumer may file an appeal with the department.

This rule is intended to implement Iowa Code section 249A.12.

441—82.8(249A) Determination of need for continued stay. Certification of need for continued stay shall be made according to procedures established by the Iowa Foundation for Medical Care.

This rule is intended to implement Iowa Code section 249A.12.

82.17(2) *Auditing of proper billing and handling of patient funds.*

a. Field auditors of the department of inspections and appeals or representatives of Health and Human Services, upon proper identification, shall have the right to audit billings to the department and receipts of client participation, to ensure that the facility is not receiving payment in excess of the contractual agreement and that all other aspects of the contractual agreement are being followed, as deemed necessary.

b. Field auditors of the department of inspections and appeals or representatives of Health and Human Services, upon proper identification, shall have the right to audit records of the facility to determine proper handling of patient funds in compliance with subrule 82.9(3).

c. The auditor shall recommend and the department shall request repayment by the facility to either the department or the resident(s) involved, such sums inappropriately billed to the department or collected from the resident.

d. The facility shall have 60 days to review the audit and repay the requested funds or present supporting documentation which would indicate that the requested refund amount, or part thereof, is not justified.

e. When the facility fails to comply with paragraph *"d"* the requested refunds may be withheld from future payments to the facility. The withholding shall not be more than 25 percent of the average of the last six monthly payments to the facility. The withholding shall continue until the entire requested refund amount is recovered. If in the event the audit results indicate significant problems, the audit results may be referred to the attorney general's office for whatever action may be deemed appropriate.

f. When exceptions are taken during the scope of an audit which are similar in nature to the exceptions taken in a prior audit, the auditor shall recommend and the department may, after considering the seriousness of the exceptions, reduce payment to the facility to 75 percent of the current payment rate.

441—82.18(249A) Out-of-state facilities. Payment will be made for care in out-of-state intermediate care facilities for the mentally retarded. Out-of-state facilities shall abide by the same policies as in-state facilities with the following exceptions:

82.18(1) Out-of-state providers will be reimbursed at the same intermediate care facility rate they are receiving for their state of residence.

82.18(2) Out-of-state facilities shall not submit financial and statistical reports as required in rule 441—81.6(249A).

82.18(3) Payment for periods when residents are absent for visitation or hospitalization will be made to out-of-state facilities at 80 percent of the rate paid to the facility by the Iowa Medicaid program. Out-of-state facilities with 15 or fewer beds shall be reimbursed at 95 percent of the rate paid to the facility by the Iowa Medicaid program.

441—82.19(249A) ICF/MR development. Rescinded IAB 2/5/03, effective 2/1/03.

These rules are intended to implement Iowa Code sections 249A.4, 249A.12, and 249A.16.

◊ Two ARCs

f. The person must meet income and resource guidelines for Medicaid as if in a medical institution pursuant to 441—Chapter 75. When a husband and wife who are living together both apply for the waiver, income and resource guidelines as specified at paragraphs 441—75.5(2)"*b*" and 441—75.5(4)"*c*" shall be applied.

g. The person must have service needs that can be met by this waiver program. At a minimum a person must receive one billable unit of service under the waiver per calendar quarter.

83.2(2) *Need for services.*

a. The consumer shall have a service plan approved by the department which is developed by the service worker identified by the county of residence. This service plan must be completed prior to services provision and annually thereafter.

The service worker shall establish the interdisciplinary team for the consumer and, with the team, identify the consumer's need for service based on the consumer's needs and desires as well as the availability and appropriateness of services using the following criteria:

(1) This service plan shall be based, in part, on information in the completed Home- and Community-Based Services Assessment or Reassessment, Form 470-0659. Form 470-0659 is completed annually, or more frequently upon request or when there are changes in the consumer's condition. The service worker shall have a face-to-face visit with the consumer at least annually.

(2) Service plans for persons aged 20 or under shall be developed to reflect use of all appropriate nonwaiver Medicaid services and so as not to replace or duplicate those services. The service worker shall list all nonwaiver Medicaid services in the service plan.

(3) Service plans for persons aged 20 or under that include home health or nursing services shall not be approved until a home health agency has made a request to cover the consumer's service needs through nonwaiver Medicaid services.

b. The total monthly cost of the ill and handicapped waiver services shall not exceed the established aggregate monthly cost for level of care as follows:

Skilled level of care	Nursing level of care	ICF/MR
$2,480	$852	$3,019

If more than $500 is paid for home and vehicle modification services, the service worker shall encumber up to $500 per month within the monthly dollar cap allowed for the consumer until the total amount of the modification is reached within a 12-month period.

c. Interim medical monitoring and treatment services must be needed because all usual caregivers are unavailable to provide care due to one of the following circumstances:

(1) Employment. Interim medical monitoring and treatment services are to be received only during hours of employment.

(2) Academic or vocational training. Interim medical monitoring and treatment services provided while a usual caregiver participates in postsecondary education or vocational training shall be limited to 24 periods of no more than 30 days each per caregiver as documented by the service worker. Time spent in high school completion, adult basic education, GED, or English as a second language does not count toward the limit.

(3) Absence from the home due to hospitalization, treatment for physical or mental illness, or death of the usual caregiver. Interim medical monitoring and treatment services under this subparagraph are limited to a maximum of 30 days.

(4) Search for employment.

1. Care during job search shall be limited to only those hours the usual caregiver is actually looking for employment, including travel time.

2. Interim medical monitoring and treatment services may be provided under this paragraph only during the execution of one job search plan of up to 30 working days in a 12-month period, approved by the department service worker or targeted case manager pursuant to 441—subparagraph 170.2(2)*"b"*(5).

3. Documentation of job search contacts shall be furnished to the department service worker or targeted case manager.

441—83.3(249A) Application.

83.3(1) *Application for HCBS ill and handicapped waiver services.* The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed.

83.3(2) *Application and services program limit.* The number of persons who may be approved for the HCBS ill and handicapped waiver shall be subject to the number of consumers to be served as set forth in the federally approved HCBS ill and handicapped waiver. The number of consumers to be served is set forth at the time of each five-year renewal of the waiver or in amendments to the waiver approved by the Centers for Medicare and Medicaid Services (CMS). When the number of applicants exceeds the number of consumers specified in the approved waiver, the applicant's name shall be placed on a waiting list maintained by the bureau of long-term care.

a. The county department office shall contact the bureau of long-term care for all applicants for the waiver to determine if a payment slot is available.

(1) For applicants not currently receiving Medicaid, the county department office shall contact the bureau by the end of the fifth working day after receipt of a completed Form 470-2927, Health Services Application, or within five working days after receipt of disability determination, whichever is later.

b. Another community resource is available to provide the same or similar service to the client at no financial cost to the client, that will meet the client's needs.

441—130.6(234) Social casework. For each active service case, when service is provided directly, purchased, or by a combination of methods, a department social worker shall:

130.6(1) Determine eligibility. For rehabilitative treatment services, eligibility shall be determined by the review organization as directed in 441—subrule 185.2(2).

130.6(2) Ensure that there is a department case plan for each individual or family based on assessment of strengths and needs. Furnish appropriate sections of the initial plan and of all updated department case plans to the provider agency when services are purchased for an individual. When individual case management services are being provided under 441—Chapter 24 for persons with mental retardation, a developmental disability, or chronic mental illness, the individual case management services provider shall distribute the case plans.

130.6(3) Refer the client to other workers or agencies through proper channels, and coordinate all workers involved in the case.

When individual case management services are being provided under 441—Chapter 24 for persons with mental retardation, a developmental disability, or chronic mental illness, the individual case management services provider shall be responsible for making referrals and coordinating workers as specified in the individual program plan.

130.6(4) Enter information to the service reporting system.

130.6(5) Monitor the case to ensure that eligibility continues, services are received, plans are adjusted as needed, services reporting system reporting is correct, and the case is canceled when appropriate, according to these rules.

130.6(6) Ensure that services are unavailable elsewhere without cost to the client.

This rule is intended to implement Iowa Code section 234.6.

441—130.7(234) Case plan. The department worker shall develop a case plan with or on behalf of persons approved to receive services. However, a case plan is not required (1) for child or adult protective investigation, (2) for family planning, (3) for foster care cases in which the department does not have custody, guardianship or a voluntary placement agreement, or (4) when child care is the only service. A case plan shall be developed with or on behalf of every other person approved to receive services unless the person has a case manager as specified in 441—Chapter 24. When department services are provided before an individual program plan in compliance with 441—Chapter 24 is approved, a department case plan must be developed according to the requirements of this rule.

When individual case management services are being provided under 441—Chapter 24 for persons with mental retardation, a developmental disability, or chronic mental illness, the rules in 441—Chapter 24 on time limits, plan format and on who develops the plan shall apply for adults and for children whose services are not under court jurisdiction. The department worker shall determine eligibility for those services provided by the department; however, a separate department case plan need not be developed. If the individual program plan does not include sufficient information to meet department service requirements or the requirements in this chapter, the person providing department social casework shall complete either a case plan or addendum and coordinate distribution to the persons who receive the individual program plan with the case manager.

The case plan shall become part of the client's case record. The client shall participate in the development of this plan to the extent possible. The case plan shall be consistent with other service or program plans. A copy of the case plan shall be provided to the client or, when indicated, to the parent or representative of the client. For adult services the case plan shall be recorded using Form 470-0583, Individual Client Case Plan. For children's services the case plan shall be known as the case permanency plan and shall be prepared using Form 470-3453, Case Plan.

130.7(1) Services shall be directed toward the social services block grant goals of:

a. Achieving or maintaining self-support to prevent, reduce or eliminate dependency.

b. Achieving or maintaining self-sufficiency, including reduction or prevention of dependency.

c. Preventing or remedying neglect, abuse or exploitation of children or adults unable to protect their own interest, or preserving, rehabilitating or reuniting families.

d. Preventing or reducing inappropriate institutional care by providing for community-based care, home-based care, or other forms of less intensive care.

e. Securing referral or admission for institutional care when other forms of care are not appropriate, or providing services to individuals in institutions.

130.7(2) The recorded case plan shall contain, but not be limited to, the following:

a. The goal and objective to which the plan is directed, stated in a clear manner indicating the specific services required to achieve or maintain the goals to meet the needs of the particular client.

b. Activities of clients, workers, and others involved in the plan related to specific services. These shall be measurable and have time frames for completion.

c. A summary of all pertinent information relating to the client and the client's situation relative to need, and containing, but not limited to, the following:

(1) Emotional behavior.

(2) Social aspects.

(3) Historical perspective.

(4) Reasons for success or lack of success.

d. Information on case entries that will substantiate the client's eligibility for service.

e. A target date for reevaluation of the case plan based on assessment of need, which shall not exceed six months.

f. A review of financial eligibility in accordance with 130.2(5).

g. The reason for termination or reduction of any or all services.

h. Rescinded IAB 8/9/89, effective 10/1/89.

130.7(3) The case plan shall be developed and filed in the case record before services begin unless:

a. The department receives judicial notice that services have been court-ordered. The case plan shall be filed within 45 days from the date the notice is received or within 60 days from the date the child entered foster care, whichever is the earlier date.

b. An unanticipated provision of service is provided for the protection and well-being of a client. Assessment shall begin immediately. The case plan shall be filed within 45 days from the date services are initiated or within 60 days from the date the child entered foster care, whichever is the earlier date.

130.7(4) The reevaluation of the case plan shall include all components listed under 130.7(2) and shall be filed at least every six months, or more often when there are significant changes, when required by the court, or when required according to the rules of the service.

130.7(5) The case plan may be amended between evaluation periods. Participants in the plan shall receive a copy of the amendment.

This rule is intended to implement Iowa Code section 234.6 and 1984 Iowa Acts, chapter 1310, section 3.

441—130.8 Monitoring and evaluation. Rescinded IAB 12/13/89, effective 2/1/90.

441—130.9(234) Entitlement. Except as provided for rehabilitative treatment services, there is no automatic right to ongoing service in any service category from one fiscal year to the next.

PREAMBLE

The intent of this chapter is to establish requirements for the payment of child care services. Child care services are for children of low-income parents who are in academic or vocational training; or employed or looking for employment; or for a limited period of time, unable to care for children due to physical or mental illness; or needing protective services to prevent or alleviate child abuse or neglect. Services may be provided in a licensed child care center, a registered child development home, the home of a relative, the child's own home, a nonregistered family child care home, or in a facility exempt from licensing or registration.

441—170.1(237A) Definitions.

"Child care" means a service that provides child care in the absence of parents for a portion of the day, but less than 24 hours. Child care supplements parental care by providing care and protection for children who need care in or outside their homes for part of the day. Child care provides experiences for each child's social, emotional, intellectual, and physical development. Child care may involve comprehensive child development care or it may include special services for a child with special needs. Components of this service shall include supervision, food services, program and activities, and may include transportation.

"Child with protective needs" means a child who has a case plan that identifies protective child care as a required service and who is a member of a family with one of the following:

1. A confirmed case of child abuse.
2. Episodes of family or domestic violence or substance abuse which place the child at risk of abuse or neglect and have resulted in a service referral to family preservation or family-centered services.

"Child with special needs" means a child with one or more of the following conditions:

1. The child has been diagnosed by a physician or by a person endorsed for service as a school psychologist by the Iowa department of education to have a developmental disability which substantially limits one or more major life activities, and the child requires professional treatment, assistance in self-care, or the purchase of special adaptive equipment.
2. The child has been determined by a qualified mental retardation professional to have a condition which impairs the child's intellectual and social functioning.
3. The child has been diagnosed by a mental health professional to have a behavioral or emotional disorder characterized by situationally inappropriate behavior which deviates substantially from behavior appropriate to the child's age, or which significantly interferes with the child's intellectual, social, or personal adjustment.

"Client" means a current or former recipient of the child care assistance program.

"Client error" means and may result from:

1. False or misleading statements, oral or written, regarding the client's income, resources, or other circumstances which affect eligibility or the amount of assistance received;
2. Failure to timely report changes in income, resources, or other circumstances which affect eligibility or the amount of assistance received;
3. Failure to timely report the receipt of child care units in excess of the number approved by the department;

4. Failure to comply with the need for service requirements.

"Department" means the Iowa department of human services.

"Food services" means the preparation and serving of nutritionally balanced meals and snacks.

"Fraudulent means" means knowingly making or causing to be made a false statement or a misrepresentation of a material fact, knowingly failing to disclose a material fact, or committing a fraudulent practice.

"In-home" means care which is provided within the child's own home.

"Migrant seasonal farm worker" means a person to whom all of the following conditions apply:

1. The person performs seasonal agricultural work which requires travel so that the person is unable to return to the person's permanent residence within the same day.

2. Most of the person's income is derived from seasonal agricultural work performed during the months of July through October. Most shall mean the simple majority of the income.

3. The person generally performs seasonal agricultural work in Iowa during the months of July through October.

"Overpayment" means any benefit or payment received in an amount greater than the amount the client or provider is entitled to receive.

"Parent" means the parent or the person who serves in the capacity of the parent of the child receiving child care assistance services.

"Program and activities" means the daily schedule of experiences in a child care setting.

"Provider" means a licensed child care center, a registered child development home, a relative who provides care in the relative's own home solely for a related child, a caretaker who provides care for a child in the child's home, a nonregistered child care home, or a child care facility which is exempt from licensing or registration.

"Provider error" means and may result from:

1. Presentation for payment of any false or fraudulent claim for services or merchandise;

2. Submittal of false information for the purpose of obtaining greater compensation than that to which the provider is legally entitled;

3. Failure to report the receipt of a child care assistance payment in excess of that approved by the department;

4. Charging the department an amount for services rendered over and above what is charged private pay clients for the same services.

"Recoupment" means the repayment of an overpayment by a payment from the client or provider or both.

"Relative" means an adult aged 18 or older who is a grandparent, aunt or uncle to the child being provided child care.

"Supervision" means the care, protection, and guidance of a child.

3. Training shall be on a full-time basis. The training facility shall define what is considered as full time. Part-time plans may be approved only if the number of credit hours to complete training is less than full-time status, the required prerequisite credits or remedial course work is less than full-time status, or training is not offered on a full-time basis.

441—170.2(237A,239B) Eligibility requirements. A person deemed eligible for benefits under this chapter is subject to all other state child care assistance requirements including, but not limited to, provider requirements under Iowa Code chapter 237A and provider reimbursement methodology. The department shall determine the number of units of service to be approved.

170.2(1) *Financial eligibility.* Financial eligibility for child care assistance shall be based on federal poverty levels as determined by the Office of Management and Budget and on Iowa's median family income as determined by the U.S. Census Bureau. Poverty guidelines and median family income amounts are updated annually. Changes shall go into effect for the child care assistance program on July 1 of each year.

a. Income limits. For initial and ongoing eligibility, a family's nonexempt gross monthly income as established in paragraph 170.2(1)*"c"* cannot exceed:

(1) 140 percent of the federal poverty level applicable to the family size for children needing basic care, or

(2) 175 percent of the federal poverty level applicable to the family size for children needing special needs care, or

(3) 85 percent of Iowa's median family income, if that figure is lower than the standard in subparagraph (1) or (2).

b. Exceptions to income limits.

(1) A person who is participating in activities approved under the PROMISE JOBS program is eligible for child care assistance without regard to income if there is a need for child care services.

(2) A person who is part of the family investment program or whose earned income was taken into account in determining the needs of a family investment program recipient is eligible for child care assistance without regard to income if there is a need for child care services.

(3) Protective child care services are provided without regard to income.

(4) In certain cases, the department will provide child care services directed in a court order.

c. Determining gross income. In determining a family's gross monthly income, the department shall consider all income received by a family member from sources identified by the U.S. Census Bureau in computing median income, unless excluded under paragraph 170.2(1)*"d."*

(1) Income considered shall include wages or salary, net income from farm or nonfarm self-employment, social security, dividends, interest, income from estates or trusts, net rental income and royalties, public assistance or welfare payments, pensions and annuities, unemployment compensation, workers' compensation, alimony, child support, and veterans pensions.

(2) For migrant seasonal farm workers, the monthly gross income shall be determined by calculating the total amount of income earned in a 12-month period preceding the date of application and dividing the total amount by 12.

d. Income exclusions. The following sources are excluded from the computation of monthly gross income:

(1) Per capita payments from or funds held in trust in satisfaction of a judgment of the Indian Claims Commission or the court of claims.

(2) Payments made pursuant to the Alaska Claims Settlement Act, to the extent the payments are exempt from taxation under Section 21(a) of the Act.

(13) Earnings of a child 14 years of age or younger.

(14) Loans and grants obtained and used under conditions that preclude their use for current living expenses.

(20) Payments from the Low-Income Home Energy Assistance Program.

(21) Agent Orange settlement payments.

(22) The income of the parents with whom a teen parent resides.

(23) For children with special needs, income spent on any regular ongoing cost that is specific to that child's disability.

(24) Moneys received under the federal Social Security Persons Achieving Self-Sufficiency (PASS) program or the Income-Related Work Expense (IRWE) program.

(25) Income received by a Supplemental Security Income recipient if the recipient's earned income was considered in determining the needs of a family investment program recipient.

(26) The income of a child who would be in the family investment program eligible group except for the receipt of Supplemental Security Income.

e. Family size. The following people shall be included in the family size for the determination of eligibility:

(2) Natural mother or father, adoptive mother or father, or stepmother or stepfather, and children who reside in the same household.

(3) A child or children who live with a person or persons not legally responsible for the child's support.

f. Effect of temporary absence. The composition of the family does not change when a family member is temporarily absent from the household. "Temporary absence" means:

(1) An absence for the purpose of education or employment.

(2) An absence due to medical reasons that is anticipated to last less than three months.

(3) Any absence when the person intends to return home within three months.

170.2(2) *General eligibility requirements.* In addition to meeting financial requirements, the child needing services must meet age and residency requirements and each parent in the household must have at least one need for service.

a. Age. Child care shall be provided only to children up to age 13, unless they are children with special needs in which case child care shall be provided up to age 19. Children who are part of the family investment program who are 13 years of age and older may be eligible for child care assistance benefits if there are special circumstances surrounding the child in need of child care. The child's parent or guardian shall submit a request for an exception to the supervisor of the county department office.

b. Need for service. Each parent in the household shall meet one or more of the following requirements:

(1) The parent is in academic or vocational training. Child care provided while the parent participates in postsecondary education leading up to and including a baccalaureate degree program or vocational training shall be limited to a 24-month lifetime limit. A month is defined as a fiscal month or part thereof and shall generally have starting and ending dates that fall within two calendar months but shall only count as one month. Time spent in high school completion, adult basic education, GED, or English as a second language does not count toward the 24-month limit.

Payment shall not be approved for the following:

1. When labor market statistics for a local area indicate low employment potential. Exceptions may be made when the client has a job offer prior to entering the training or if a client is willing to relocate after training to an area where there is employment potential. Clients willing to relocate must provide documentation from the department of workforce development, private employment agencies, or employers that jobs paying at least minimum wage for which training is being requested are available in the locale specified by the client.
2. Jobs paying less than minimum wage.
3. College coursework for a client who possesses a baccalaureate degree unless the coursework is to obtain a teaching certificate or complete continuing education units.
4. The course or training is one that the client has previously completed.
5. When the client was previously unable to maintain the cumulative grade point average required by the training or academic facility in the same training for which application is now being made. This does not apply to parents under the age of 18 who are enrolled in high school completion activities.

PROMISE JOBS child care allowances provided while the parent is a recipient of the family investment program and participating in PROMISE JOBS components in postsecondary education or training shall count toward the 24-month lifetime limit.

(2) The parent is employed 28 or more hours per week, or an average of 28 or more hours per week during the month. Child care services may be provided for the hours of employment of a single parent or the coinciding hours of employment of both parents in a two-parent home, and for actual travel time between home, child care facility, and place of employment.

(3) The parent needs child care as part of a protective service plan to prevent or alleviate child abuse or neglect.

(4) The person who normally cares for the child is absent from the home due to inpatient hospitalization or outpatient treatment because of physical or mental illness, or is present but is unable to care for the child, as verified by a physician. Care under this paragraph is limited to a maximum of one month, unless extenuating circumstances are justified and approved after case review by the service area manager or designee.

(5) The parent is looking for employment. Child care for job search shall be limited to only those hours the parent is actually looking for employment including travel time. A job search plan shall be approved by the department and limited to a maximum of 30 working days in a 12-month period. Child care in two-parent families may be provided only during the coinciding hours of both parents' looking for employment, or during one parent's employment and one parent's looking for employment. Documentation of job search contacts shall be furnished to the department. The department may enter into a nonfinancial coordination agreement for information exchange concerning job search documentation.

EXCEPTION: Additional hours may be paid for job search for PROMISE JOBS recipients if approved by the PROMISE JOBS worker.

(6) The person is participating in activities approved under the PROMISE JOBS program and there is a need for child care services.

(7) The family is part of the family investment program and there is a need for child care.

If a parent in a family investment program household remains in the home, child care assistance can be paid if that parent receives Supplemental Security Income.

c. Residency. To be eligible for child care services, the person must be living in the state of Iowa. "Living in the state" shall include those persons living in Iowa for a temporary period, other than for the purpose of vacation.

170.2(3) *Priority for assistance.* Child care services shall be provided only when funds are available. Funds available for child care assistance shall first be used to continue assistance to families currently receiving child care assistance and to families with protective child care needs. When funds are insufficient, families applying for services must meet the specific requirements in this subrule.

a. Priority groups. As funds are determined available, families shall be served on a statewide basis from a service-area-wide waiting list as specified in subrule 170.3(4) based on the following schedule in descending order of prioritization.

(1) Families with an income at or below 100 percent of the federal poverty level whose members are employed at least 28 hours per week, and parents with a family income at or below 100 percent of the federal poverty level who are under the age of 21 and are participating in an educational program leading to a high school diploma or equivalent.

(2) Parents under the age of 21 with a family income at or below 100 percent of the federal poverty guidelines who are participating, at a satisfactory level, in an approved training program or in an education program.

(3) Families with an income of more than 100 percent but not more than 140 percent of the federal poverty guidelines whose members are employed at least 28 hours per week.

(4) Families with an income at or below 175 percent of the federal poverty guidelines whose members are employed at least 28 hours per week with a special needs child as a member of the family.

b. Exceptions to priority groups. The following are eligible for child care assistance notwithstanding waiting lists for child care services:

(1) Families with protective child care needs.

(2) Recipients of the family investment program or those whose earned income was taken into account in determining the needs of family investment program recipients.

(3) Families that receive a state adoption subsidy for a child.

c. Effect on need for service. Families approved under a priority group are not required to meet the requirements in paragraph 170.2(2)*"b"* except at review or redetermination.

170.2(4) *Reporting changes.* The parent must report any changes in circumstances affecting these eligibility requirements and changes in the choice of provider to the county office worker or the department's designee within ten calendar days of the change.

441—170.3(237A,239B) Application and determination of eligibility.

170.3(1) *Application process.*

a. Application for child care assistance may be made at any county office of the department on Form 470-3624, Child Care Assistance Application.

b. The application may be filed by the applicant, by the applicant's authorized representative or, when the applicant is incompetent or incapacitated, by a responsible person acting on behalf of the applicant.

c. The date of application is the date a signed application form is received in the county office.

170.3(2) *Exceptions to application requirement.* Applications are not required for:

a. A person who is participating in activities approved under the PROMISE JOBS program.

b. Recipients of the family investment program or those whose earned income was taken into account in determining the needs of family investment program recipients.

c. Families with protective service needs.

d. Child care services provided under a court order.

170.3(3) *Application processing.* The department shall approve or deny an application as soon as possible, but no later than 30 days following the date the application was received.

The department shall issue a written notice of decision to the applicant by the next working day following a determination of eligibility. EXCEPTION: When the court orders services, the court order provided by the court and the case plan provided by the department shall serve as written notification.

170.3(4) *Waiting lists for child care services.* When the department has determined that there may be insufficient funding, applications for child care assistance shall be taken only for the priority groups for which funds have been determined available according to subrule 170.2(3).

a. The department shall maintain a log of families applying for child care services that meet the requirements within the priority groups for which funds may be available.

(1) Each family shall be entered on the logs according to their eligibility priority group and in sequence of their date of application.

(2) If more than one application is received on the same day for the same priority group, families shall be entered on the log based on the day of the month of the birthday of the oldest eligible child. The lowest numbered day shall be first on the log. Any subsequent tie shall be decided by the month of birth, January being month one and the lowest number.

b. When the department determines that there is adequate funding, the department shall notify the public regarding the availability of funds.

170.3(5) *Review and redetermination.* Eligibility for child care assistance shall be redetermined at least every six months in the same manner as at application. EXCEPTION: Recipients of the family investment program or those whose earned income was taken into account in determining the needs of family investment program recipients shall be deemed eligible notwithstanding eligibility redetermination requirements.

a. If the department has suspended family investment program benefits, the family will continue to receive child care assistance on the basis of family investment program eligibility until family investment program eligibility has been canceled.

b. If family investment program eligibility ends, the department shall redetermine child care assistance eligibility according to the requirements in rule 441—170.2(237A,239B). The redetermination of eligibility shall be completed within 30 days.

441—170.4(237A) Elements of service provision.

170.4(1) *Case plan.* The case plan shall be developed by the department service worker and contain information described in 441—subrule 130.7(2), when the child meets the need for service under 170.2(2)*"b"*(3).

170.4(2) *Fees.* Fees for services received shall be charged to clients according to the schedule in this subrule, except that fees shall not be charged to clients receiving services without regard to income. Nothing in these rules shall preclude a client from voluntarily contributing toward the costs of service.

a. Fee schedule. The fee schedule for child care services is shown in the following table:

Monthly Income Increment Levels According to Family Size

Income Increment Levels	1	2	3	4	5	6	7	8	9	10	Half-Day Fee

The following instructions apply to the use of the sliding fee schedule:

(1) Find the family size that was used in determining income eligibility for service. Move across the monthly income table to the column headed by that number.

(2) Move down the column for the applicable family size to the highest figure that is equal to or less than the family's gross monthly income. Income at or above that amount (but less than the amount in the next row) corresponds to the fee in the last column of that row. EXAMPLES: A family with income above the Level A amount but less than the Level B amount pays the Level A fee ($0.00). A family with income at or above the Level B amount but less than the Level C amount pays the Level B fee ($0.50).

(3) The fee applies to each unit of service used by the family. The unit of service is a half-day, defined as up to 5 hours of service per 24-hour period.

(4) When a family has more than 10 members, determine the income levels by multiplying the figures in the 4-member column by 0.03. Round the number to the nearest dollar and multiply by the number in the family in excess of 10. Add the results to the amounts in the 10-member column.

(5) When more than one child in a family is receiving child care assistance, there is no additional fee. The fee shall be based on the child who receives the most care.

b. Collection. The provider shall collect fees from clients.

(1) The provider shall maintain records of fees collected. These records shall be available for audit by the department or its representative.

(2) When a client does not pay the fee, the provider shall demonstrate that a reasonable effort has been made to collect the fee. "Reasonable effort to collect" means an original billing and two follow-up notices of nonpayment.

c. Inability of client to pay fees. Child care assistance may be continued without a fee, or with a reduced fee, when a client reports in writing the inability to pay the assessed fee due to the existence of one or more of the conditions set forth below. Before reducing the fee, the worker shall assess the case to verify that the condition exists and to determine whether a reduced fee can be charged. The reduced fee shall then be charged until the condition justifying the reduced fee no longer exists. Reduced fees may be justified by:

(1) Extensive medical bills for which there is no payment through insurance coverage or other assistance.

(2) Shelter costs that exceed 30 percent of the household income.

(3) Utility costs not including the cost of a telephone that exceed 15 percent of the household income.

(4) Additional expenses for food resulting from diets prescribed by a physician.

170.4(3) *Method of provision.* Parents shall be allowed to exercise their choice for in-home care, except when the parent meets the need for service under subparagraph 170.2(2)*"b"*(3), as long as the conditions in paragraph 170.4(7)*"d"* are met. When the child meets the need for service under 170.2(2)*"b"*(3), parents shall be allowed to exercise their choice of licensed, registered, or nonregistered child care provider except when the department service worker determines it is not in the best interest of the child.

The provider must meet one of the applicable requirements set forth below.

a. Licensed child care center. A child care center shall be licensed by the department to meet the requirements set forth in 441—Chapter 109 and shall have a current Certificate of License, Form 470-0618.

b. Registered child development home. A child development home shall meet the requirements for registration set forth in 441—Chapter 110 and shall have a current Certificate of Registration, Form 470-3498.

c. Registered family child care home. Rescinded IAB 1/7/04, effective 3/1/04.

d. Relative care. Rescinded IAB 2/6/02, effective 4/1/02.

e. In-home care. The adult caretaker selected by the parent to provide care in the child's own home shall be sent the pamphlet Comm. 95, Minimum Health and Safety Requirements for Nonregistered Child Care Home Providers, and Form 470-2890, Payment Application for Nonregistered Providers.

Form 470-2890 shall be signed by the provider and returned to the department before payment may be made. Signature on the form certifies the provider's understanding of and compliance with the conditions and requirements for nonregistered providers that include:

(1) Minimum health and safety requirements;

(2) Limits on the number of children for whom care may be provided;

(3) Unlimited parental access to the child or children during hours when care is provided, unless prohibited by court order; and

(4) Conditions that warrant nonpayment.

f. Nonregistered family child care home. The adult caretaker selected by the parent to provide care in a nonregistered family child care home shall be sent the pamphlet Comm. 95, Minimum Health and Safety Requirements for Nonregistered Child Care Home Providers, and Form 470-2890, Payment Application for Nonregistered Providers.

Form 470-2890 shall be signed by the provider and returned to the department before payment may be made. Signature on the form certifies the provider's understanding of and compliance with the conditions and requirements for nonregistered providers that include:

(1) Minimum health and safety requirements;

(2) Limits on the number of children for whom care may be provided;

(3) Unlimited parental access to the child or children during hours when care is provided, unless prohibited by court order; and

(4) Conditions that warrant nonpayment.

g. Exempt facilities. Child care facilities operated by or under contract to a public or nonpublic school accredited by the department of education that are exempt from licensing or registration may receive payment for child care services when selected by a parent.

h. Record checks for nonregistered family child care homes. If a nonregistered child care provider wishes to receive public funds as reimbursement for providing child care for eligible clients, the provider shall complete Form 470-0643, Request for Child Abuse Information, and Form 595-1489, Non-Law Enforcement Record Check Request, Form A, for the provider, for anyone having access to a child when the child is alone, and for anyone 14 years of age or older living in the home. The county office worker or the PROMISE JOBS worker shall provide the necessary forms. The provider shall return the forms to the county office or PROMISE JOBS worker.

If any of these individuals has a record of founded child abuse, a criminal conviction, or placement on the sex offender registry, the department shall perform an evaluation following the process defined at 441—subrule 110.7(3) or rule 441—110.31(237A). If any of the individuals would be prohibited from registration, employment, or residence, the person shall not provide child care and is not eligible to receive public funds to do so. The department's designee shall notify the applicant, and shall forward a copy of that notification to the county attorney, the county office, and the PROMISE JOBS worker, if applicable. A person who continues to provide child care in violation of this law is subject to penalty and injunction under Iowa Code chapter 237A.

170.4(4) *Components of service program.* Every child eligible for child care services shall receive supervision, food services, and program and activities, and may receive transportation.

170.4(5) *Levels of service according to age.* Rescinded IAB 9/30/92, effective 10/1/92.

170.4(6) *Provider's individual program plan.* An individual program plan shall be developed by the child care provider for each child within 30 days after placement when the need for service was established under 170.2(3)*"d."* The program plan shall be supportive of the service worker's case plan. The program plan shall contain goals, objectives, services to be provided, and time frames for review.

170.4(7) *Payment.* The department shall make payment for child care provided to eligible families when the provider has a completed Form 470-3871, Child Care Assistance Provider Agreement, on file with the department. Both the child care provider and the county office worker or PROMISE JOBS worker shall sign this form.

The county office worker or PROMISE JOBS worker shall determine the number of units of service authorized for each eligible family and inform the family and the family's provider through the notice of decision required in subrule 170.3(3).

The department shall issue payment when the provider submits correctly completed documentation of attendance and charges. Providers shall submit either Form 470-0020, Purchase of Services Provider Invoice, accompanied by Form 470-3872, Child Care Assistance Attendance Sheet, signed by the parent, or Form 470-3896, PROMISE JOBS Child Care Attendance and Invoice.

a. Rate of payment. The rate of payment for child care services, except for in-home care which shall be paid in accordance with 170.4(7)*"d,"* shall be the actual rate charged by the provider for a private individual, not to exceed the maximum rates shown below. When a provider does not have a half-day rate in effect, a rate is established by dividing the provider's declared full-day rate by 2. When a provider has neither a half-day nor a full-day rate, a rate is established by multiplying the provider's declared hourly rate by 4.5. Payment shall not exceed the rate applicable to the provider and age group in Table I, except for special needs care which shall not exceed the rate applicable to the provider and age group in Table II. To be eligible for the special needs rate, the provider must submit documentation to the child's service worker that the child needing services has been assessed by a qualified professional and meets the definition for "child with special needs," and a description of the child's special needs, including, but not limited to, adaptive equipment, more careful supervision, or special staff training.

Table I Half-Day Rate Ceilings for Basic Care				
Age Group	Child Care Center	Child Development Home Category A or B	Child Development Home Category C	Nonregistered Family Home
Infant and Toddler	$12.45	$10.00	$9.00	$8.19
Preschool	$10.50	$ 9.00	$8.55	$7.19
School Age	$ 9.00	$ 9.00	$8.33	$7.36

Table II Half-Day Rate Ceilings for Special Needs Care				
Age Group	Child Care Center	Child Development Home Category A or B	Child Development Home Category C	Nonregistered Family Home
Infant and Toddler	$48.00	$15.75	$12.38	$10.24
Preschool	$28.13	$14.63	$12.38	$ 8.99
School Age	$28.04	$13.50	$11.25	$ 9.20

The following definitions apply in the use of the rate tables:

(1) "Child care center" shall mean those providers as defined in 170.4(3)*"a"* and *"g."* "Registered child development home" shall mean those providers as defined in 170.4(3)*"b."* " Nonregistered family child care home" shall mean those providers as defined in 170.4(3)*"d"* and *"f."*

(2) Under age group, "infant and toddler" shall mean age two weeks to two years; "preschool" shall mean two years to school age; "school age" shall mean a child in attendance in full-day or half-day classes.

b. Payment for days of absence. Payment may be made to a child care provider defined in subrule 170.4(3) for an individual child not in attendance at a child care facility not to exceed four days per calendar month providing that the child is regularly scheduled on those days and the provider also charges a private individual for days of absence.

c. Payment for multiple children in a family. When a provider reduces the charges for the second and any subsequent children in a family with multiple children whose care is unsubsidized, the rate of payment made by the department for a family with multiple children shall be similarly reduced.

d. Payment for in-home care. Payment may be made for in-home care when there are three or more children in a family who require child care services. The rate of payment for in-home care shall be the minimum wage amount.

e. Limitations on payment. Payment shall not be made for therapeutic services that are provided in the care setting and include, but are not limited to, services such as speech, hearing, physical and other therapies, individual or group counseling, therapeutic recreation, and crisis intervention.

f. Review of the calculation of the rate of payment. Maximum rate ceilings are not appealable. A provider who is in disagreement with the calculation of the half-day rate as set forth in 170.4(7)*"a"* may request a review. The procedure for review is as follows:

(1) Within 15 calendar days of notification of the rate in question, the provider shall send a written request for review to the human services area administrator. The request shall identify the specific rate in question and the methodology used to calculate the rate. A written response from the human services area administrator shall be provided within 15 calendar days of receipt of the request for review.

(2) When dissatisfied with the response, the provider may, within 15 calendar days of the response, request a review by the chief of the bureau of individual and family support services. The provider shall submit the original request, the response received, and any additional information desired to the bureau chief. The bureau chief shall render a decision in writing within 15 calendar days of receipt of the request.

(3) The provider may appeal the decision to the director of the department or the director's designee within 15 calendar days of the decision. The director or director's designee shall issue the final department decision within 15 calendar days of receipt of the request.

441—170.5(237A) Adverse actions.

170.5(1) *Provider agreement.* The department may refuse to enter into or may revoke the Child Care Assistance Provider Agreement, Form 470-3871, if:

a. The department finds a hazard to the safety and well-being of a child, and the provider cannot or refuses to correct the hazards; or

b. The provider has submitted claims for payment for which the provider is not entitled.

170.5(2) *Denial.* Child care assistance shall be denied when the department determines that:

a. The client is not in need of service; or

b. The client is not financially eligible; or

c. There is another community resource available to provide the service or a similar service free of charge; or

d. An application is required and the client or representative refuses to sign the application form; or

e. Funding is not available.

170.5(3) *Termination.* Child care assistance may be terminated when the department determines that:

a. The client no longer meets the eligibility criteria in subrule 170.2(2); or

b. The client's income exceeds the financial guidelines; or

c. The client refuses to allow documentation of eligibility as to need and income; or

d. No payment or only partial payment of client fees has been received within 30 days following the issuance of the last billing; or

e. Another community resource is available to provide the service or a similar service free of charge; or

f. Funding is not available.

170.5(4) *Reduction.* Authorized units of service may be reduced when the department determines that:

a. Continued provision of service at the current level is not necessary to meet the client's service needs; or

b. Another community resource is available to provide the same or similar service free of charge that will meet the client's needs; or

c. Funding is not available to continue the service at the current level. When funding is not available, the department may limit on a statewide basis the number of units of child care services for which payment will be made.

441—170.6(237A) Appeals. Notice of adverse actions and the right of appeal shall be given in accordance with 441—Chapter 7.

441—170.7(237A) Provider fraud.

170.7(1) *Fraud.* The department shall consider a child care provider to have committed fraud when:

a. The department of inspections and appeals, in an administrative or judicial proceeding, has found the provider to have obtained by fraudulent means child care assistance payment in an amount in excess of $1,000; or

b. The provider has agreed to entry of a civil judgment or judgment by confession that includes a conclusion of law that the provider has obtained by fraudulent means child care assistance payment in an amount in excess of $1,000.

170.9(7) *Suspension and waiver.* Recoupment will be suspended on nonfraud overpayments when the amount of the overpayment is less than $35. Recoupment will be waived on nonfraud overpayments of less than $35 which have been held in suspense for three years.

These rules are intended to implement Iowa Code sections 237A.13 and 237A.29.

CHAPTER 172
SHELTERED WORK/WORK ACTIVITY SERVICES
Rescinded IAB 3/6/02, effective 5/1/02

65.17(10) *Methods to reduce soil loss and potential surface water pollution.* The manure management plan shall include an identification of the methods, structures or practices that will be used to prevent or diminish soil loss and potential surface water pollution during the application of manure. Until a phosphorus index is required in accordance with 65.17(1)*"d,"* the current manure management plan shall maintain a summary or copy of the conservation plan for the cropland where manure from the animal feeding operation will be applied if the manure will be applied on highly erodible cropland. The conservation plan shall be the conservation plan approved by the local soil and water conservation district or its equivalent. The summary of the conservation plan shall identify the methods, structures or practices that are contained in the conservation plan. When a phosphorus index is required in accordance with 65.17(1)*"d,"* the manure management plan shall indicate for each field in the plan the crop rotation, tillage practices and supporting practices used to calculate sheet and rill erosion for the phosphorus index. A copy of the NRCS RUSLE2 profile erosion calculation record shall satisfy the requirement to indicate the crop rotation, tillage practices and supporting practices to calculate sheet and rill erosion. The plan shall also identify the highly erodible cropland where manure will be applied. The manure management plan may include additional information such as whether the manure will be injected or incorporated or the type of manure storage structure.

65.17(11) *Spray irrigation.* Requirements contained in subrules 65.3(2) and 65.3(3) regarding the use of spray irrigation equipment to apply manure shall be followed. A plan which has identified spray irrigation equipment as the method of manure application shall identify any additional methods or practices to reduce potential odor, if any other methods or practices will be utilized.

65.17(12) *Current manure management plan.* The owner of a confinement feeding operation who is required to submit a manure management plan shall maintain a current manure management plan at the site of the confinement feeding operation or at a residence or office of the owner or operator of the operation within 30 miles of the site. The plan shall include completed manure sales forms for a confinement feeding operation from which manure is sold. If manure management practices change, a person required to submit a manure management plan shall make appropriate changes consistent with this rule. If values other than the standard table values are used for manure management plan calculations, the source of the values used shall be identified.

65.17(13) *Record keeping.* Records shall be maintained by the owner of a confinement feeding operation who is required to submit a manure management plan. This recorded information shall be maintained for three years following the year of application or for the length of the crop rotation, whichever is greater. Effective August 25, 2006, records shall be maintained for five years following the year of application or for the length of the crop rotation, whichever is greater. Records shall be maintained at the site of the confinement feeding operation or at a residence or office of the owner or operator of the facility within 30 miles of the site. Records to demonstrate compliance with the manure management plan shall include the following:

a. Factors used to calculate the manure application rate:

(1) Optimum yield for the planned crop.

(2) Types of nitrogen credits and amounts.

(3) Remaining crop nitrogen needed.

(4) Nitrogen content and first-year nitrogen availability of the manure.

(5) Phosphorus content of the manure if required in accordance with 65.17(3)*"i."* If an actual sample is used, documentation shall be provided.

b. If phosphorus-based application rates are used, the following shall be included:

(1) Crop rotation.

(2) Phosphorus removed by crop harvest of that crop rotation.

c. Maximum allowable manure application rate.

d. Actual manure application information:

(1) Methods of application when manure from the confinement feeding operation was applied.

(2) Date(s) when the manure from the confinement feeding operation was applied.

(3) Location of the field where the manure from the confinement feeding operation was applied, including the number of acres.

(4) The manure application rate.

**e.* Effective August 25, 2005, date(s) and application rate of commercial nitrogen and phosphorus on fields that received manure.

f. When a phosphorus index is required in accordance with 65.17(1)"*d,*" a copy of the current soil test lab results for each field in the manure management plan.

g. For sales of manure under 65.17(2)"*b,*" record-keeping requirements of 65.17(2)"*b*"(8) shall be followed.

65.17(14) *Record inspection.* The department may inspect a confinement feeding operation at any time during normal working hours and may inspect the manure management plan and any records required to be maintained. As required in Iowa Code section 459.312(12), Iowa Code chapter 22 shall not apply to the records which shall be kept confidential by the department and its agents and employees. The contents of the records are not subject to disclosure except as follows:

a. Upon waiver by the owner of the confinement feeding operation.

b. In an action or administrative proceeding commenced under this chapter. Any hearing related to the action or proceeding shall be closed.

c. When required by subpoena or court order.

65.17(15) *Enforcement action.* An owner required to provide the department a manure management plan pursuant to this rule who fails to provide the department a plan or who is found in violation of the terms and conditions of the plan shall not be subject to an enforcement action other than assessment of a civil penalty pursuant to Iowa Code section 455B.191.

65.17(16) *Soil sampling requirements for fields where the phosphorus index must be used.* Soil samples shall be obtained from each field in the manure management plan at least once every four years. Each soil sample shall be analyzed for phosphorus and pH. The soil sampling protocol shall meet all of the following requirements:

a. Acceptable soil sampling strategies include, but are not limited to, grid sampling, management zone sampling, and soil type sampling. Procedural details can be taken from Iowa State University extension publication PM 287, "Take a Good Soil Sample to Help Make Good Decisions," NCR-13 Report 348, "Soil Sampling for Variable-Rate Fertilizer and Lime Application," or other credible soil sampling publications.

b. Each soil sample must be a composite of at least ten soil cores from the sampling area, with each core containing soil from the top six inches of the soil profile.

c. Each soil sample shall represent no more than ten acres. For fields less than or equal to 15 acres, only one soil sample is necessary.

d. Soil analysis must be performed by a lab enrolled in the IDALS soil testing certification program.

e. The soil phosphorus test method must be an appropriate method for use with the phosphorus index. If soil pH is greater than or equal to 7.4, soil phosphorus data from the Bray-1 extraction method is not acceptable for use with the phosphorus index.

*August 25, 2004, effective date delayed 70 days by the Administrative Rules Review Committee at its meeting held August 11, 2004.

567—65.21(455B) Transfer of legal responsibilities or title. If title or legal responsibility for a permitted animal feeding operation and its animal feeding operation storage structure is transferred, the person to whom title or legal responsibility is transferred shall be subject to all terms and conditions of the permit and these rules. The person to whom the permit was issued and the person to whom title or legal responsibility is transferred shall notify the department of the transfer of legal responsibility or title of the operation within 30 days of the transfer. Within 30 days of receiving a written request from the department, the person to whom legal responsibility is transferred shall submit to the department all information needed to modify the permit to reflect the transfer of legal responsibility. A person who has been classified as a habitual violator under Iowa Code section 455B.191 shall not acquire legal responsibility or a controlling interest to any additional permitted confinement feeding operations for the period that the person is classified as a habitual violator. A person who has an interest in a confinement feeding operation that is the subject of a pending enforcement action shall not acquire legal responsibility or an interest to any additional permitted confinement feeding operations for the period that the enforcement action is pending.

567—65.22(455B) Validity of rules. If any part of these rules is declared unconstitutional or invalid for any reason, the remainder of said rules shall not be affected thereby and shall remain in full force and effect, and to that end, these rules are declared to be severable.

CHAPTER 46
ALL-TERRAIN VEHICLE AND SNOWMOBILE BONDING

571—46.1(321G) Bond required before issuance of title or registration. If the county recorder or the department is not satisfied as to the ownership of the snowmobile or all-terrain vehicle or that there are no undisclosed security interests in the snowmobile or all-terrain vehicle, the recorder or the department shall require completion of the following procedure prior to issuing title and registration:

46.1(1) *Identification.* The applicant shall contact the department and provide the department with identifying information in regard to the all-terrain vehicle or snowmobile. The required identifying information shall include the vehicle or snowmobile identification number and such additional information as may be requested by the department. If no vehicle or snowmobile identification number is currently affixed, the applicant shall complete the department's procedure for obtaining such number, and the assigned number shall be affixed before the applicant may proceed with the application process set forth in this chapter.

46.1(2) *Records search.* Upon receipt of sufficient identifying information from an applicant, the department shall:

a. Search the state files to determine if there is an owner of record for the all-terrain vehicle or snowmobile and if the all-terrain vehicle or snowmobile has been reported stolen; and

b. Notify the applicant, orally or in writing, in regard to whether a record of prior ownership has been located and, if so, provide the name and last-known address of the owner of record.

46.1(3) *Examination.* At any time after being contacted by the applicant and before approval of an application, the department may examine the all-terrain vehicle or snowmobile.

46.1(4) *Notice to owner of record.* If the department finds a record of prior ownership in the state files, the applicant shall notify the owner of record at the owner's last-known address by certified mail, return receipt requested. The notice shall state that the owner of record may assert the owner's right to claim the all-terrain vehicle or snowmobile. If neither the applicant nor the department receives a response from the owner of record within ten days after receipt of notice or the post office returns the notice to the applicant as undeliverable or unclaimed, the department will continue processing the bond application.

46.1(5) *Submission of application.* The applicant shall submit an application on DNR Form 542-8065 or 542-8067. The application shall include a statement obtained from an Iowa-registered dealer for all-terrain vehicles or snowmobiles indicating the current value of the all-terrain vehicle or snowmobile. The following documents shall be submitted with the application form:

a. Photographs of the all-terrain vehicle or snowmobile which show the front, rear, and one side of the all-terrain vehicle or snowmobile.

b. The written ownership document received at the time that the all-terrain vehicle or snowmobile was acquired.

c. Satisfactory proof of the all-terrain vehicle or snowmobile identification number.

d. The undeliverable or unclaimed certified letter and envelope addressed to the previous owner or the signed certified mail receipt, if a record of prior ownership was located by the department.

e. A surety bond on DNR Form 542-8092 in an amount equal to one and one-half times the current value of the all-terrain vehicle or snowmobile.

46.1(6) *Approval.* If the department determines that the applicant has complied with this rule, that there is sufficient evidence to indicate that the applicant is the rightful owner, and that there is no known unsatisfied security interest, the department shall forward the original application to the county recorder and notify the applicant that the all-terrain vehicle or snowmobile may be registered and titled in Iowa.

46.1(7) *Disapproval.* If the department determines that the applicant has not complied with this rule, that there is sufficient evidence to indicate that the applicant may not be the rightful owner, that there is an unsatisfied security interest, or that the owner of record asserts a claim for the all-terrain vehicle or snowmobile, the department shall not authorize issuance of a certificate of title or registration receipt and shall notify the applicant in writing of the reason(s).

This rule is intended to implement Iowa Code section 321G.29.

47.1(1) *Identification.* The applicant shall contact the department and provide the department with identifying information in regard to the vessel. The required identifying information shall include the hull identification number, if applicable, and such additional information as may be requested by the department. If no hull identification number is currently affixed on a vessel otherwise required by law to have a hull identification number, the applicant shall complete the department's procedure for obtaining such number, and the assigned number shall be affixed before the applicant may proceed with the application process set forth in this chapter.

47.1(2) *Records search.* Upon receipt of sufficient identifying information from an applicant, the department shall:

a. Search the state files to determine if there is an owner of record for the vessel and if the vessel has been reported stolen; and

b. Notify the applicant, orally or in writing, in regard to whether a record of prior ownership has been located and, if so, provide the name and last-known address of the owner of record.

47.1(3) *Examination.* At any time after being contacted by the applicant and before approval of an application, the department may examine the vessel.

47.1(4) *Notice to owner of record.* If the department finds a record of prior ownership in the state files, the applicant shall notify the owner of record at the owner's last-known address by certified mail, return receipt requested. The notice shall state that the owner of record may assert the owner's right to claim the vessel. If neither the applicant nor the department receives a response from the owner of record within ten days after receipt of notice or the post office returns the notice to the applicant as undeliverable or unclaimed, the department will continue processing the bond application.

47.1(5) *Submission of application.* The applicant shall submit an application on DNR Form 542-8067. The form shall include a statement obtained from an Iowa-registered dealer for vessels indicating the current value of the vessel. The following documents shall be submitted with the application form:

47.1(6) *Approval.* If the department determines that the applicant has complied with this rule, that there is sufficient evidence to indicate that the applicant is the rightful owner, and that there is no known unsatisfied security interest, the department shall forward the original application to the county recorder and notify the applicant that the vessel may be registered in Iowa.

47.1(7) *Disapproval.* If the department determines that the applicant has not complied with this rule, that there is sufficient evidence to indicate that the applicant may not be the rightful owner, that there is an unsatisfied security interest, or that the owner of record asserts a claim for the vessel, the department shall not authorize issuance of a certificate of title or registration receipt and shall notify the applicant in writing of the reason(s).

This rule is intended to implement Iowa Code sections 462A.5 and 462A.5A.

571—91.5(481A) Canada goose hunting within closed areas.

91.5(1) *Ruthven, Kettleson-Hogsback, Ingham Lake and Rice Lake closed areas.*

a. Purpose. The hunting of Canada geese in closed areas is being undertaken to allow landowners or tenants who farm in these closed areas to hunt Canada geese on land they own or farm in the closed area.

b. Criteria.

(1) Landowners and tenants who own or farm land in the closed areas will be permitted to hunt Canada geese in the closed areas for three years. This experimental hunting opportunity will be evaluated by the landowners and the DNR following each season, at which time changes may be made.

(2) Landowners and those individuals named on the permit according to the criteria specified in paragraph (9) of this subrule will be permitted to hunt in the closed area. Tenants may obtain a permit instead of the landowner if the landowner transfers this privilege to the tenant. Landowners may choose, at their discretion, to include the tenant and those individuals of the tenant's family specified in paragraph (9) of this subrule on their permit. Landowners may assign the permit for their land to any landowner or tenant who owns or farms at least eight acres inside the closed area. Assigned permits must be signed by both the permittee and the landowner assigning the permit.

(3) Landowners must hold title to, or tenants must farm by a rent/share/lease arrangement, at least eight acres inside the closed area to qualify for a permit.

(4) No more than one permit will be issued to corporations, estates, or other legal associations that jointly own land in the closed area. No individual may obtain more than two permits nor may an individual be named as a participant on more than two permits.

(5) Persons holding a permit can hunt with those individuals named on their permit as specified in paragraph (9) of this subrule on any property they own (or rent/share/lease in the case of tenants) in the closed area provided their activity complies with all other regulations governing hunting. Nothing herein shall permit the hunting of Canada geese on public property within the closed area.

(6) Persons hunting under this permit must adhere to all municipal, county, state and federal regulations that are applicable to hunting and specifically applicable to Canada goose hunting including, but not limited to: daily limits, possession limits, shooting hours, methods of take, and transportation. Hunting as authorized by this rule shall not be used to stir or rally waterfowl.

(7) Hunting within the closed area will be allowed through October 15.

(8) Permit holders will be allowed to take eight Canada geese per year in the closed area.

(9) Permits will be issued only to individual landowners or tenants; however, permit holders must specify, when requesting a permit, the names of all other individuals qualified to hunt on the permit. Individuals qualified to hunt on the permit shall include the landowners or tenants and their spouses, children, children's spouses, grandchildren, siblings and siblings' spouses only.

c. Procedures.

(1) Permits can be obtained from the local conservation officer at the wildlife unit headquarters within the closed area at announced times, but no later than 48 hours before the first Canada goose season opens. The permit will be issued to an individual landowner or tenant and must list the names of all individuals that may hunt with the permittee. The permit will also contain a description of the property covered by the permit. The permit must be carried by a member of the hunting party whose name is listed on the permit. Conservation officers will keep a record of permittees and locations of properties that are covered by permits.

(2) Eight consecutively numbered tags will be issued with each permit. Geese will be tagged around the leg immediately upon being reduced to possession and will remain tagged until delivered to the person's abode. Within one week of the close of hunting within the closed area during at least the first three years the hunt is permitted, unused tags must be turned in at the wildlife unit headquarters within the closed area or the permittee must report the number of geese killed. Failure to turn in unused tags or report the number of geese killed within the specified time period may result in the permittee's forfeiting the opportunity to hunt within the closed area the following year.

(3) No one may attempt to take Canada geese under this permit unless the person possesses an unused tag for the current year.

(4) No landowner or tenant shall be responsible or liable for violations committed by other individuals listed on the permit issued to the landowner or tenant.

91.5(2) Reserved.

571—91.6(481A) Youth waterfowl hunt. A special youth waterfowl hunt will be held on October 2 and 3, 2004, in the north duck hunting zone and October 9 and 10, 2004, in the south duck hunting zone. Youth hunters must be 15 years old or younger. Each youth hunter must be accompanied by an adult 18 years old or older. The youth hunter does not need to have a hunting license or stamps. The adult must have a valid hunting license and habitat stamp if normally required to have them to hunt and a state waterfowl stamp. Only the youth hunter may shoot ducks and coots. The adult may hunt for any other game birds for which the season is open. The daily bag and possession limits are the same as for the regular waterfowl season, as defined in subrule 91.1(1). All other hunting regulations in effect for the regular waterfowl season apply to the youth hunt.

These rules are intended to implement Iowa Code sections 481A.38, 481A.39, and 481A.48.

CHAPTER 105
DEER POPULATION MANAGEMENT AREAS

571—105.1(481A) Purpose. The purpose of this chapter is to establish special deer population management areas on selected properties managed by the department and county conservation boards or located in specific cities or in other government jurisdictions to ensure the harvest of a specific number of deer to reduce economic and biological damage caused by high deer populations.

571—105.2(481A) Definitions.

"Area" means recreation areas as designated in 571—61.2(461A).

"Department" means the department of natural resources.

"Special deer management zone" means defined units of public and private land.

"Urban" means areas mostly within incorporated city limits including county and state land.

571—105.3(481A) Designated areas.

105.3(1) State park and recreation areas.

105.3(2) Urban deer management units.

105.3(3) Iowa Army Ammunition Plant Deer Management Unit.

105.3(4) County park deer management units.

105.3(5) Special deer management zones.

571—105.4(481A) Conditions. The hunting of deer shall be permitted subject to the following conditions, limitations and procedures.

105.4(1) *State parks and recreation areas.*

a. Deer hunting on the area may occur only when approved by the natural resource commission and on dates established by the commission. Before presenting its recommendations to the commission, the department shall hold a public meeting in the vicinity of any state park or recreation area for the purpose of assessing the need for and interest in holding a deer population control hunt in that park or recreation area. A summary of public comments received at the meeting shall be included with other recommendations related to hunting the state park or recreation area.

b. Every hunter must have in possession a paid special antlerless-deer-only hunting license valid only for the specific state park or recreation area.

c. If the commission approves a hunting season, the commission shall establish the number of special antlerless-deer-only licenses valid only for each state park or recreation area which shall be valid only for the season specified.

d. The special licenses will be issued on a first-come, first-served basis at the specified locations on dates announced by the commission.

e. Special antlerless-deer-only licenses shall normally be limited to one per person, shall be issued to Iowa residents only and shall cost $25. The commission may establish procedures for issuing more than one license per person if quotas for any hunt do not fill. If more than one antlerless license is allowed, all antlerless licenses issued after the first license shall cost $10.

f. Only 10-, 12-, 16- or 20-gauge shotguns, shooting single slugs only, and flintlock and percussion cap lock muzzleloaded rifles or muskets of not less than .44 caliber nor larger than .775 caliber, shooting single projectiles only, or recurve, compound or longbows shooting broadhead arrows will be permitted.

g. All licensees shall attend a special meeting prior to hunting in a state park or recreation area to become familiar with boundaries, location of private lands, safety areas around buildings, access points, objectives of the hunt and other aspects of hunting on a special deer population management area.

h. All licensees who are successful during the hunt must check their deer at the designated headquarters prior to leaving the area.

i. For special youth educational hunts at state parks or recreation areas, licensing requirements for accompanying adults are the same as for youth deer hunts as established by 571—subrule 106.10(1).

105.4(2) *Urban deer management units.*

a. Special urban deer management units will be defined and seasons and method of take established upon request from the city or special deer task force and approved by the natural resource commission.

b. Deer hunting in the unit may occur only when approved by the natural resource commission according the number, type of license, and dates established by the commission.

c. Every hunter must have in possession a current paid special deer license for the city specified.

d. Special urban deer licenses shall cost $25 and shall be issued to Iowa residents only. The commission may establish procedures for issuing more than one license per person if quotas for any hunt do not fill. If more than one antlerless license is allowed, all antlerless licenses issued after the first license shall cost $10.

e. Cities, deer task forces, or other public entities may require hunters to do one or more of the following: pass a hunter safety and education course, pass a weapons proficiency test, or be approved by the appropriate police department or conservation officer.

f. Hunting in urban deer management units shall be limited to areas specified by the natural resource commission and city ordinance.

g. Other methods of deer removal in urban areas may be approved by the natural resource commission in cooperation with the city government.

c. Every hunter must have in possession a current paid special antlerless deer license for the IAAP only.

d. Special antlerless deer licenses will be valid for the IAAP only and must comply with all applicable regulations provided in 571—Chapter 106.

e. Special antlerless-only deer licenses for the IAAP deer management unit shall cost $25 and shall be issued to Iowa residents only. The commission may establish procedures for issuing more than one license per person if quotas for any hunt do not fill. If more than one antlerless license is allowed, all antlerless licenses issued after the first license shall cost $10.

f. All hunters must comply with IAAP requirements.

LICENSURE OF SOCIAL WORKERS

CHAPTER 281
CONTINUING EDUCATION FOR SOCIAL WORKERS

645—280.8(154C) Licensure by reciprocal agreement. The board may enter into a reciprocal agreement with the District of Columbia, any state, territory, province or foreign country with equal or similar requirements for licensure of social workers.

645—280.9(154C) License renewal.

280.9(1) The biennial license renewal period for a license to practice social work shall begin on January 1 of odd-numbered years and end on December 31 of the next even-numbered year. All licensees shall renew on a biennial basis.

280.9(2) At least 60 days prior to expiration of the license, the licensee shall be notified by mail that an on-line renewal application is available at the board's Internet address. Renewal applications are also available by mail upon request.

a. The required materials and the renewal fee are to be submitted to the board office 30 days before license expiration.

b. Individuals who were issued their initial licenses within six months of the license renewal date will not be required to renew their licenses until the next renewal two years later.

c. Those persons licensed for the first time shall not be required to complete continuing education as a prerequisite for the first renewal of their licenses. Continuing education hours acquired anytime from the initial licensing until the second license renewal may be used. The new licensee will be required to complete a minimum of 27 hours of continuing education per biennium for each subsequent license renewal.

d. Persons licensed to practice social work shall keep their renewal licenses displayed in a conspicuous public place at the primary site of practice.

e. Failure to receive the notice of renewal shall not relieve the licensee of the responsibility for submitting the required materials and the renewal fee to the board office 30 days before license expiration.

280.9(3) Mandatory reporting of child abuse and dependent adult abuse.

a. A licensee who regularly examines, attends, counsels or treats children in Iowa shall indicate on the renewal application completion of two hours of training in child abuse identification and reporting in the previous five years or condition(s) for waiver of this requirement as identified in paragraph *"f."*

b. A licensee who regularly examines, attends, counsels or treats dependent adults in Iowa shall indicate on the renewal application completion of two hours of training in dependent adult abuse identification and reporting in the previous five years or condition(s) for waiver of this requirement as identified in paragraph *"f."*

c. A licensee who regularly examines, attends, counsels or treats both dependent adults and children in Iowa shall indicate on the renewal application completion of training in abuse identification and reporting in dependent adults and children or condition(s) for waiver of this requirement as identified in paragraph *"f."*

d. Training may be completed through separate courses as identified in paragraphs *"a"* and *"b"* or in one combined two-hour course that includes curricula for identifying and reporting child abuse and dependent adult abuse.

e. The licensee shall maintain written documentation for five years after mandatory training as identified in paragraphs *"a"* to *"c,"* including program date(s), content, duration, and proof of participation.

f. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements, including waiver of continuing education requirements or extension of time in which to fulfill requirements due to a physical or mental disability or illness as identified in 645—Chapter 281.

g. The board may select licensees for audit of compliance with the requirements in paragraphs *"a"* to *"e."*

280.9(4) Late renewal. If the renewal fee, continuing education report and renewal application are received within 30 days after the license expiration date, the late fee for failure to renew before expiration is charged.

280.9(5) When all requirements for license renewal are met, the licensee shall be sent a license renewal card by regular mail.

645—280.10(272C) Exemptions for inactive practitioners.

280.10(1) A licensee who is not engaged in practice in the state of Iowa may be granted a waiver of compliance and obtain a certificate of exemption upon written application to the board. For an LMSW or an LISW, the application shall contain a statement that the applicant will not engage in practice in the state of Iowa without first complying with all regulations governing reinstatement after exemption. For an LBSW, the application shall contain a statement that the applicant shall not hold the applicant out to be a licensed social worker. The application for a certificate of exemption shall be submitted upon the form provided by the board. A licensee must hold a current license to apply for exempt status. The licensee may apply for inactive status prior to the license expiration date.

280.10(2) Reinstatement of exempted, inactive practitioners. Inactive practitioners who have requested and been granted a waiver of compliance with the renewal requirements and who have obtained a certificate of exemption shall, prior to engaging in the practice of the profession in Iowa, satisfy the requirements for reinstatement as outlined in 645—281.10(154C,272C).

280.10(3) Licensees shall renew at the next scheduled renewal cycle. Licensees who were issued their reinstated licenses within six months prior to the renewal shall not be required to renew their licenses until the renewal date two years later.

280.10(4) Verifications of license(s) are required from any state in which the licensee has practiced since the Iowa license became inactive.

280.10(5) A new licensee who is on inactive status during the initial license renewal time period and reinstates before the first license expiration date will not be required to complete continuing education only for that first license renewal time period. Twenty-seven hours of continuing education will be required for every renewal thereafter.

280.10(6) Reinstatement of inactive license after exemption. The following chart illustrates the requirements for reinstatement based on the length of time a license has been inactive.

An applicant shall satisfy the following requirements:	First renewal	2 renewals

645—280.11(272C) Lapsed licenses.

280.11(1) If the renewal fee and continuing education report are received more than 30 days after the license expiration date, the license shall be lapsed. An application for reinstatement must be filed with the board accompanied by the reinstatement fee, the renewal fee(s) for each biennium the license is lapsed and the late fee for failure to renew before expiration. The licensee may be subject to an audit of the licensee's continuing education report.

280.11(2) Licensees who have not fulfilled the requirements for license renewal or for an exemption in the required time frame will have a lapsed license and shall not engage in the practice of social work. Practicing without a license may be cause for disciplinary action.

280.11(3) In order to reinstate a lapsed license, licensees shall comply with all requirements for reinstatement of a lapsed license as outlined in 645—281.6(154C).

280.11(4) After the reinstatement of the lapsed license, the licensee shall renew at the next scheduled renewal cycle and complete the continuing education required for the biennium.

280.12(3) If the board receives the completed application, stating that the wallet card or certificate was not received within 60 days after being mailed by the board, no fee shall be required to issue a duplicate wallet card or duplicate certificate.

645—280.13(17A,147,272C) License denial.

280.13(1) An applicant who has been denied licensure by the board may appeal the denial and request a hearing on the issues related to the licensure denial by serving a notice of appeal and request for hearing upon the board not more than 30 days following the date of mailing of the notification of licensure denial to the applicant. The request for hearing as outlined in these rules shall specifically describe the facts to be contested and determined at the hearing.

280.13(2) If an applicant who has been denied licensure by the board appeals the licensure denial and requests a hearing pursuant to this rule, the hearing and subsequent procedures shall be held pursuant to the process outlined in Iowa Code chapters 17A and 272C.

These rules are intended to implement Iowa Code chapters 17A, 147, 154C and 272C.

*Effective date of rules 161.212 to 161.217 delayed 70 days by the Administrative Rules Review Committee.
**Effective date of 280.100(154C) is July 1, 1993.
***Effective date of **ARC 9102A** delayed 70 days by the Administrative Rules Review Committee at its meeting held July 13, 1999; delay lifted at the meeting held August 3, 1999, effective August 4, 1999.

281.4(3) *Review of programs.* Continuing education programs/activities shall be reported every year at the designated time as assigned by the board. The board may at any time reevaluate an approved sponsor. If, after reevaluation, the board finds there is cause for revocation of the approval of an approved sponsor, the board shall give notice of the revocation to that sponsor by certified mail. The sponsor shall have the right to hearing regarding the revocation. The request for hearing must be sent within 20 days after the receipt of the notice of revocation. The hearing shall be held within 90 days after the receipt of the request for hearing. The board shall give notice by certified mail to the sponsor of the date set for the hearing at least 30 days prior to the hearing. The board shall conduct the hearing in compliance with rule 645—11.9(17A).

281.4(4) *Postapproval of activities.* A licensee seeking credit for attendance and participation in an educational activity which was not conducted by an approved sponsor or otherwise approved shall submit to the board, within 60 days after completion of such activity, the following:

a. The date(s);
b. Course(s) offered;
c. Course outline;
d. Total hours of instruction and credit hours requested;
e. Names and qualifications of speakers and other pertinent information;
f. Request for credit which includes a brief summary of the activity; and
g. Certificate of attendance or verification.

Within 90 days after receipt of such application, the board shall advise the licensee in writing by ordinary mail whether the activity is approved and the number of hours allowed. A licensee not complying with the requirements of this subrule may be denied credit for such activity.

281.4(5) *Voluntary relinquishment.* The approved sponsor may voluntarily relinquish sponsorship by notifying the board office in writing.

645—281.5(154C) Audit of continuing education report. After each educational biennium, the board may audit licensees to review compliance with continuing education requirements.

281.5(1) The board may audit a percentage of its licensees and may determine to audit a licensee at the discretion of the board. Licensees whose license renewal applications are submitted late (after the end of the compliance period) may be submitted for a continuing education audit.

281.5(2) The licensee shall make available to the board for auditing purposes the following information:

a. Date and location of course, course title, course description/detailed outline, course schedule, names and qualifications of instructors/speakers and method of presentation; or a program brochure which shows that the course content relates to the profession;

b. Number of contact hours for program attended; and

c. Certificate of completion or evidence of successful completion of the course from the course sponsor.

281.5(3) For auditing purposes, all licensees must retain the above information for two years after the biennium has ended.

281.5(4) Information identified in subrule 281.5(2) must be submitted within one month after the date of notification of the audit. An extension of time may be granted on an individual basis.

281.5(5) The licensee shall be notified if the submitted materials are incomplete or unsatisfactory. The licensees shall be given the opportunity to submit make-up credit to cover the deficit found through the audit if the board determines that the deficiency resulted despite the good-faith conduct on the part of the licensee. The deadline for receipt of the documentation for this make-up credit is within 90 days from the date of mailing to the licensee's last address on file at the board office.

281.5(6) Failure to complete the audit satisfactorily or falsification of information may result in board action as described in 645—Chapter 283.

281.5(7) Failure to notify the board of a current mailing address will not absolve the licensee from the audit requirement, and an audit must be completed before license renewal.

645—281.6(154C) Reinstatement of lapsed license. Failure of the licensee to renew within 30 days after expiration date shall cause the license to lapse. A person who allows a license to lapse cannot engage in practice in Iowa without first complying with all regulations governing reinstatement as outlined in the board rules. A person who allows the license to lapse may apply to the board for reinstatement of the license. Reinstatement of the lapsed license may be granted by the board if the applicant:

1. Submits a written application for reinstatement to the board;
2. Pays all of the renewal fees then due;
3. Pays the late fee which has been assessed by the board for failure to renew;
4. Pays the reinstatement fee; and
5. Provides evidence of satisfactory completion of Iowa continuing education requirements during the period since the license lapsed. The total number of continuing education hours required for license reinstatement is computed by multiplying 27 (which includes three hours of social work ethics) by the number of bienniums since the license lapsed.
6. If the license has lapsed for more than two bienniums, the applicant shall successfully pass the board-approved licensure examination.

645—281.7(154C,272C) Continuing education waiver for active practitioners. A social worker licensed to practice social work shall be deemed to have complied with the continuing education requirements of this state during the period that the licensee serves honorably on active duty in the military services or as a government employee outside the United States as a practicing social worker.

645—281.8(154C,272C) Continuing education exemption for inactive practitioners. A licensee who is not engaged in practice in the state of Iowa may be granted an exemption of continuing education compliance and obtain a certificate of exemption upon written application to the board. The application shall contain a statement that the applicant will not engage in practice in Iowa without first complying with all regulations governing reinstatement after exemption. The application for an exemption shall be submitted upon forms provided by the board. The licensee shall have completed the required continuing education at the time of reinstatement.

645—281.9(154C,272C) Continuing education waiver for disability or illness. The board may, in individual cases involving disability or illness, grant waivers of the minimum educational requirements or extension of time within which to fulfill the same or make the required reports. No waiver or extension of time shall be granted unless written application therefor is made on forms provided by the board and signed by the licensee and appropriate licensed health care practitioners. The board may grant waiver of the minimum educational requirements for any period of time not to exceed one calendar year from the onset of disability or illness. In the event that the disability or illness upon which a waiver has been granted continues beyond the period of waiver, the licensee must reapply for an extension of the waiver. The board may, as a condition of any waiver granted, require the applicant to make up a certain portion or all of the minimum educational requirements waived by such methods as may be prescribed by the board.

645—281.10(154C,272C) Reinstatement of inactive practitioners. Inactive practitioners who have been granted a waiver of compliance with these rules and obtained a certificate of exemption shall, prior to engaging in the practice of social work in the state of Iowa, satisfy the following requirements for reinstatement.

281.10(1) Submit written application for reinstatement to the board upon forms provided by the board;

281.10(2) Pay the reinstatement fee;

281.10(3) Pay the current renewal fee; and

281.10(4) Furnish in the application evidence of one of the following:

a. Completion of a total number of hours of approved continuing education computed by multiplying 27 (which includes three hours of social work ethics) by the number of bienniums a certificate of exemption shall be in effect for such applicant to a maximum of two bienniums; or

b. Successful completion of any or all parts of the board-approved licensure examination as deemed necessary by the board, successfully completed within one year immediately prior to the submission of such application for reinstatement.

645—281.11(272C) Hearings. In the event of denial, in whole or part, of any application for approval of a continuing education program or credit for continuing education activity, the applicant, licensee or program provider shall have the right within 20 days after the sending of the notification of denial by ordinary mail to request a hearing which shall be held within 90 days after receipt of the request for hearing. The hearing shall be conducted by the board or an administrative law judge designated by the board, in substantial compliance with the hearing procedure set forth in rule 645—11.9(17A).

These rules are intended to implement Iowa Code section 272C.2 and chapter 154C.

31.7(2) The dental hygiene committee shall determine which peer review committee will review a case involving a dental hygienist and what complaints or other matters shall be referred to a peer review committee for investigation, review, and report to the dental hygiene committee. The dental hygiene committee may use the peer review system organized under the ethics committee of the Iowa dental hygienists' association or a specifically constituted peer review committee designated by the dental hygiene committee for matters involving dental hygienists.

31.7(3) The Iowa dental association, the Iowa dental hygienists' association and the Iowa dental assistants association shall register yearly and keep current their peer review systems with the board. Peer review committee members shall be registered with the board when appointed.

31.7(4) Members of the peer review committees shall not be liable for acts, omissions or decisions made in connection with service on the peer review committee. However, immunity from civil liability shall not apply if the act is done with malice.

650—31.8(272C) Duties of peer review committees.

31.8(1) The peer review committees shall observe the requirements of confidentiality imposed by Iowa Code section 272C.6.

31.8(2) The board may provide investigative and related services to peer review committees.

31.8(3) A peer review committee shall thoroughly investigate a complaint as assigned and provide a written report to the board in accordance with the board's direction.

31.8(4) The peer review report shall contain a statement of facts and a recommendation as to whether a violation of the standard of care occurred. The peer review committee should consider relevant statutes, board rules, ethical standards and standards of care in making its recommendations.

31.8(5) The peer review report shall be signed by the members of the peer review committee concurring in the report.

31.8(6) Upon completion, the peer review report and all investigative information shall be submitted to the board.

650—31.9(272C) Board review. The board shall review all investigative reports and proceed pursuant to 650—Chapter 51.

650—31.10(272C) Confidentiality of investigative files. Complaint files, investigation files, all other investigation reports, and other investigative information in the possession of the board or peer review committee acting under the authority of the board or its employees or agents which relate to licensee or registrant discipline shall be privileged and confidential, and shall not be subject to discovery, subpoena, or other means of legal compulsion for their release to any person other than the licensee or registrant and the board, its employees and agents involved in licensee or registrant discipline, or be admissible in evidence in any judicial or administrative proceeding other than the proceeding involving licensee or registrant discipline. However, a final written decision and finding of fact of the board in a disciplinary proceeding shall be public record.

650—31.11(272C) Reporting of judgments or settlements. Each licensee or registrant shall report to the board every adverse judgment in a malpractice action to which the licensee or registrant is a party and every settlement of a claim against the licensee or registrant alleging malpractice. The report together with a copy of the judgment or settlement must be filed with the board within 30 days from the date of said judgment or settlement.

650—31.12(272C) Investigation of reports of judgments and settlements. Reports received by the board from the commissioner of insurance, insurance carriers and licensees or registrants involving adverse judgments in a professional malpractice action, and settlement of claims alleging malpractice, shall be reviewed and investigated by the board in the same manner as is prescribed in these rules for the review and investigation of complaints.

650—31.13(272C) Mandatory reporting.

31.13(1) *Definitions.* For the purposes of this rule, the following definitions apply:

"Knowledge" means any information or evidence acquired from personal observation, from a reliable or authoritative source, or under circumstances that cause the licensee or registrant to believe that there exists a substantial likelihood that an act or omission may have occurred.

"Reportable act or omission" means any conduct that may constitute a basis for disciplinary action under the rules or statutory provisions governing the practice of dentistry, dental hygiene, or dental assisting in Iowa.

31.13(2) *Reporting requirement.* A report shall be filed with the board when a licensee or registrant has knowledge that another person licensed or registered by the board may have committed a reportable act or omission.

a. The report shall be filed with the board within seven days from the date the licensee or registrant acquires knowledge of the reportable act or omission.

b. The report shall contain the name and the address of the licensee or registrant who may have committed the reportable act or omission, the date, time, place and circumstances in which the reportable act or omission may have occurred, and a statement indicating how the knowledge was acquired.

c. The requirement to report takes effect when a licensee or registrant has knowledge that another licensee or registrant may have committed a reportable act or omission. The final determination of whether or not such act or omission has occurred is the responsibility of the board.

31.13(3) *Failure to report.* Failure to report knowledge of a reportable act or omission within the required seven-day period shall constitute a basis for the initiation of a board disciplinary action against the licensee or registrant who failed to report.

***650—31.14(272C) Failure to report licensee or registrant.** Upon obtaining information that a licensee or registrant failed to file a report required by rule 31.13(272C) within seven days from the date the licensee or registrant acquired the information, the board may initiate a disciplinary proceeding against the licensee or registrant who failed to make the required report.

*August 25, 2004, effective date delayed 70 days by the Administrative Rules Review Committee at its meeting held August 11, 2004.

650—31.15(272C) Immunities. A person shall not be civilly liable as a result of filing a report or complaint with the board, or for the disclosure to the board or its agents or employees, whether or not pursuant to a subpoena of records, documents, testimony or other forms of information which constitute privileged matter concerning a recipient of health care services or some other person, in connection with proceedings of a peer review committee, or in connection with duties of the board. However, immunity from civil liability shall not apply if the act is done with malice.

These rules are intended to implement Iowa Code chapter 17A as amended by 1998 Iowa Acts, chapter 1202, and Iowa Code sections 153.33, 272C.3, and 272C.4.

701—39.3(422) Form for filing.

39.3(1) *Use of and completeness of prescribed forms.* Returns shall, in all cases, be made by residents and nonresidents on forms supplied by the department of revenue and finance. Taxpayers not supplied with the proper forms shall make application for the forms to the department, in ample time to have their returns made, verified and filed on or before the due date. Each taxpayer shall carefully prepare a return so as to fully and clearly set forth the data required. For lack of a prescribed form, a statement made by a taxpayer disclosing gross income and the deductions from gross income may be accepted as a tentative return, and if verified and filed within the prescribed time, will relieve the taxpayer from liability to penalties, provided that without unnecessary delay a tentative return is replaced by a return made on the proper form. Each question shall be answered and each direction complied with in the same manner as if the forms and instructions were embodied in these regulations. Individual resident taxpayers shall enter the name of the school district of residence on the return. If the school district is not supplied, the return shall be deemed incomplete.

A return not signed by the taxpayer or the taxpayer's agent or guardian, shall not be deemed completely executed and filed as required by law.

Failure to receive the proper form does not relieve the taxpayer from the obligation of making any return required by statute.

39.3(2) *Optional method of filing.* The front and back page of the Iowa individual income tax return, if properly completed, may be filed as an optional return, if a complete facsimile or photocopy of the federal return and supporting schedules are attached.

39.3(3) *Copy of federal income tax return to be filed by nonresident.* A nonresident taxpayer must file a copy of their federal income tax return for the current tax year with their Iowa income tax return. The copy shall include full and complete copies of all farm, business, capital gains and other schedules that were filed with the federal return.

39.3(4) *Amended returns.* If it becomes known to the taxpayer that the amount of income reported to be federal net income or Iowa taxable income was erroneously stated on the Iowa return, or changed by an Internal Revenue Service audit, or otherwise, the taxpayer shall file an amended Iowa return along with supporting schedules, to include the amended federal return if applicable. A copy of the federal revenue agent's report and notification of final federal adjustments provided by the taxpayer will be acceptable in lieu of an amended return. The assessment or refund of tax shall be dependent on the statute of limitations as set forth in 701—subrule 38.2(1) and rule 701—43.3(422).

39.3(5) *Voter's registration forms in income tax booklets and income tax return instructions.* Effective for tax years beginning on or after January 1, 1989, income tax return booklets and income tax return instructions shall include two voter registration forms. The voter registration forms to be inserted into the income tax return instruction forms and booklets are to be designed by the voter registration commission. However, effective July 1, 1992, the voter registration forms are to be inserted in the income tax return booklets and income tax return instructions only for odd-numbered tax years. Thus, the voter registration forms will not be included in the income tax return booklets for the 1992 tax year but are to be included in the booklets for 1993.

Effective July 1, 2004, the requirement that voter registration forms be included in the income tax booklets and income tax instructions has been eliminated. The official Web site of the department includes the official electronic state of Iowa voter registration form and a link to the Iowa secretary of state's official Web site.

This rule is intended to implement Iowa Code sections 422.13, 422.21 and 422.22 and Iowa Code sections 48A.24 and 421.17 as amended by 2004 Iowa Acts, Senate File 2296.

701—39.4(422) Filing status.

39.4(1) *Single taxpayers.* The term "single person" includes, for income tax purposes, an unmarried person, a person legally separated under a decree of divorce or separate maintenance or any other person not properly classified under subrules 39.4(2) through 39.4(8).

39.4(2) *Married taxpayers.* A taxpayer is considered married for the entire year if on the last day of the tax year the taxpayer is *(a)* married and living together with the taxpayer's spouse, *(b)* married and living apart from the spouse, but not legally separated under a decree of divorce or separate maintenance, *(c)* living together with the spouse in a common law marriage that is recognized by the state where the common law marriage exists or *(d)* widowed but the spouse died during the year.

39.4(3) *Common law marriage.* A common law marriage is a social relationship between a man and a woman that meets all the necessary requisites of a marriage except that it was not solemnized, performed or witnessed by an official authorized by law to perform marriages. The necessary elements of a common law marriage are: *(a)* a present intent of both parties freely given to become married, *(b)* a public declaration by the parties or a holding out to the public that they are husband and wife, *(c)* continuous cohabitation together as husband and wife (this means consummation of the marriage), and *(d)* both parties must be capable of entering into the marriage relationship. No special time limit is necessary to establish a common law marriage. Iowa recognizes, for income tax purposes, all valid common law marriages.

39.4(4) *Married filing jointly.* Married taxpayers who file a joint return with the Internal Revenue Service may file a joint return with the Iowa department of revenue and finance.

39.4(5) *Married filing separately on the same form.* Married taxpayers may file separately on the same form. This return is also known as the combined return. If a married taxpayer files a combined return with his or her spouse, any refund will be issued in both names.

39.4(6) *Married filing separately.* Married taxpayers, each having income in his or her own right, may file separate returns if they do not wish to file separately on the same form.

39.4(7) *Head of household.* The term *"head of household"* denotes a single individual and shall have the same meaning as defined in the Internal Revenue Code as defined in the Iowa Code. An individual who is claiming "surviving spouse" status for federal income tax purposes may not claim "head of household" on the Iowa individual income tax return.

39.4(8) *Surviving spouse.* The term "surviving spouse" shall have the same meaning as defined in the Internal Revenue Code. Individuals who qualify and file as a qualifying widow(er) with a dependent child on the federal return may file using the same filing status on the Iowa return.

This rule is intended to implement Iowa Code section 422.12.

701—39.5(422) Payment of tax.

39.5(1) *Payment of tax for wage earners.* Withholding of tax on wage earners is required under Iowa Code section 422.16. See 701—Chapter 46.

39.5(2) *Payment of tax on income not subject to withholding.* Those taxpayers with income not subject to withholding which will produce a tax liability of $50 or more, shall file and pay a declaration of estimated tax. See 701—Chapter 47 of the rules.

39.5(3) *Full estimated payment on original due date.* When an extension is requested as provided by Iowa Code section 422.21, the total amount of estimated tax must be paid on or before the due date for filing the return.

39.5(4) *Balance of tax due.* If the computation on the tax return shows additional tax due, it shall be paid in full with the filing of the return.

39.5(5) *Payment of tax by uncertified checks.* The department will accept uncertified checks in payment of income taxes, provided the checks are collectible for their full amount without any deduction for exchange or other charges. The date on which the department receives the check will be considered the date of payment, so far as the taxpayer is concerned, unless the check is returned dishonored. If one check is remitted to cover two or more individuals' taxes, the remittance must be accompanied by a letter of transmittal stating: *(a)* the name of the drawer of the check; *(b)* the amount of the check; *(c)* the amount of any cash, money order or other instrument included in the same remittance; *(d)* the name of each individual whose tax is to be paid by the remittance; and *(e)* the amount of payment on account of each individual.

When a state income tax return or claim for refund is filed for forgiveness of tax for an individual who was killed in military or terrorist action, a notation should be entered at the top of the return "Forgiveness of Tax—Killed in Military Action" or "Forgiveness of Tax—Killed in Terrorist Action" depending on how the individual was killed. In addition, a copy of the death certificate, or other evidence of the person's death or evidence establishing that the individual is missing in action and presumed dead, should be attached to the claim for refund or the tax return. A refund claim for forgiveness of tax will be honored only if the claim is made within the statute of limitations for refund provided in Iowa Code subsection 422.73(2).

This rule is intended to implement Iowa Code sections 422.5 and 422.73.

701—39.12(422) Tax benefits for persons in the armed forces serving in a combat zone or a qualified hazardous duty area or deployed outside the United States in a contingency operation. For tax years ending after August 2, 1990, a number of state tax benefits are authorized for persons in the armed forces who serve in an area designated by the President and the Congress as a combat zone. Similar state tax benefits are also authorized for persons who serve in an area designated by the President and the Congress as a qualified hazardous duty area for tax years beginning on or after January 1, 1999. In addition, uniform state tax benefits are authorized for persons in the armed forces of the United States who were deployed outside the United States in an operation designated by the Secretary of Defense as a contingency operation as defined in 10 U.S.C. § 101(a)(13), or which became a contingency operation by the operation of law. Persons who were deployed in a contingency operation who ceased to participate in such operation on or after May 21, 2003, are considered to be eligible individuals for purposes of being granted additional time to perform certain acts with the department to the extent the period for performing an act did not expire prior to May 21, 2003, or a later date if the person ceased to participate in the contingency operation on a date after May 21, 2003. Those persons who were serving in support of the armed forces personnel in a combat zone or those persons who were serving in support of armed forces personnel in a qualified hazardous duty area are also eligible for the state tax benefits. The eligible individuals are given the same additional time period to file state income tax returns and perform other acts related to the department of revenue as would constitute timely filing of returns or timely performance of other acts as described in Section 7508(a) of the Internal Revenue Code. "Other acts related to the department" includes filing claims for refund for any type of tax administered by the department, making tax payments other than withholding payments, filing appeals on tax matters, filing returns for taxes other than income tax, and performing other acts such as making timely contributions to individual retirement accounts. The additional time period for filing returns and performing other acts applies to the spouse of the person who was in the combat zone or the qualified hazardous duty area or the spouse of a person who was serving in support of persons in the combat zone or the hazardous duty area to the extent the spouse files jointly or separately on the combined return with the person who was in the combat zone or the hazardous duty area, or when the spouse is a party with the person who was serving in support of persons in the combat zone or hazardous duty area to any tax matter with the department for which the additional time period is allowed. The additional time period for filing state returns and performing other acts is 180 days after the person leaves the combat zone or hazardous duty area or ceases to participate in the contingency operation which is the same time period as allowed in federal income tax law. However, a person who was hospitalized because of illness or injury in the combat zone or the hazardous duty area has up to five years to file returns or perform certain acts with this department after leaving the combat zone or hazardous duty area.

For tax years beginning on or after January 1, 1995, certain persons performing peacekeeping duties in a location designated by Congress as a qualified hazardous duty area or other individuals performing military duties overseas in support of the persons in the hazardous duty area are eligible for the tax benefits described above. See rule 39.14(422) for additional information on the Bosnia-Herzegovina hazardous duty area.

This rule is intended to implement Iowa Code sections 422.3 and 422.21 as amended by 2003 Iowa Acts, House File 674.

701—39.13(422) Electronic filing of Iowa individual income tax returns. Electronic filing allows individuals who meet qualifications set out by the department to file their Iowa income tax returns electronically. All information is electronically transmitted. Nothing is submitted on paper, unless specifically requested by the department. A taxpayer's electronic Iowa return will include the same information as if the taxpayer had filed a paper Iowa return.

There is no statutory requirement that provides that individuals must file their Iowa income tax return electronically; therefore, taxpayers have the option to file by paper. The department may provide a variety of paperless filing options and will determine the criteria for each option on an annual basis. These options may include electronic filing, TeleFiling, or WebFiling.

39.13(1) *Definitions.* For the purpose of this rule, the following definitions apply, unless the context otherwise requires:

"Acknowledgment (ACK)" means a report generated by the department and sent to a transmitter indicating receipt of all transmissions.

"Declaration control number (DCN)" means a unique 14-digit number assigned by the ERO or transmitter to each electronic return.

"Department" means the Iowa department of revenue.

"Direct deposit" means an electronic transfer of a refund into a taxpayer's financial institution account.

"Electronic filing" means any paperless filing option approved by the department, including federal/state electronic filing (piggyback), federal/state electronic filing (state-only), TeleFile, and WebFile.

"Electronic return originator (ERO)" means an entity that originates the electronic submission of income tax returns.

"Federal/state electronic filing (piggyback)" means a process that allows the federal and state income tax returns to be simultaneously filed electronically.

"Federal/state electronic filing (state-only)" means a process that allows the Iowa income tax return to be filed electronically without filing the federal return, but an electronic copy of the federal information is still sent to Iowa. Current-year amended returns may also be filed using this process.

"IA 8453" means a taxpayer declaration form that authenticates the electronic IA 1040, authorizes its transmission, and designates payment method of any refund, including consent to direct deposit if requested.

"PIN signature alternative" means a process that allows filing a completely paperless tax return. The 5-digit PIN number is selected by the taxpayer and input by the ERO.

"Software developer" means an E-file provider that, according to IRS and Iowa specifications, develops software for the purposes of formatting electronic portions of returns or transmitting the electronic portions of returns directly to the IRS, or both. A software developer may also sell its software.

"Stockpiling" means collecting returns from taxpayers or from other electronic filers and waiting more than three calendar days to transmit the returns to the department after receiving the information necessary for transmission.

"TeleFile" means a process that allows taxpayers to file Iowa income tax returns by telephone.

"Transmitter" means an E-file provider that transmits electronic portions of returns directly to the IRS.

"WebFile" means a process that allows taxpayers to file Iowa tax returns over the Internet at the department's Web site.

39.13(2) *Completion of the electronic return.* All amounts must be in whole dollars and must match the information on the electronic record for the return. The DCN on the state return must match that used on the taxpayer's federal return when filing piggyback. The department has adopted the PIN signature alternative as implemented by the IRS. If the ERO elects not to use this signature alternative, the IA 8453 must be completed, signed by the preparer, ERO, and taxpayer(s) and retained by the preparer. The PIN signature alternative is not an option for state-only returns.

If the ERO makes changes to the electronic return after the taxpayer(s) has signed the return but before it is transmitted, and the net income differs by more than $50 or any of the other amounts on the IA 8453 differ by more than $14, a new form must be completed and signed by the taxpayer(s) before the return is transmitted.

The ERO must provide the taxpayer with the following information: copy of the data transmitted, copies of the IA 8453, W-2s, 1099s, and any other schedules. The ERO should also provide a payment voucher and mailing address, if applicable.

The taxpayer and ERO shall retain all tax documentation for three years. The IA 8453 must be signed by the taxpayer(s), preparer and ERO unless the PIN signature alternative is used. The IA 8453 and accompanying schedules are to be furnished to the department only when specifically requested.

In situations in which the ERO ceases operation, the ERO is required to send the IA 8453 forms and all supporting documents to the department, if the income tax return is dated within three years from the due date or date filed. If the ERO is unable to retain the IA 8453 forms and all supporting documents, the ERO may request permission to deliver them to the department.

39.13(3) *Direct deposit.* Taxpayers may designate direct deposit of the Iowa refund on electronically filed returns. Taxpayers must provide proof of account ownership to the ERO. The department is not responsible for the misapplication of a direct deposit of a refund caused by error, negligence, or wrongdoing on the part of the taxpayer, electronic filer, financial institution or any agent of the above. The account designated to receive the direct deposit must be in the taxpayer's name. If the taxpayer's filing status on the return is "married filing a joint return" or "married filing separately on this combined return," the account may be in either spouse's name or both spouses' names. If the filing status is married filing separately, the account may be in the taxpayer's name or may be a joint account in both spouses' names. If the filing status is "married filing separate returns," a direct deposit cannot be made if the account is only in the name of the other spouse.

The taxpayer's signature or taxpayers' signatures on the IA 8453 provide irrevocable approval of a direct deposit. Once the return has been transmitted, the direct deposit information may not be corrected. The department may, when processing procedures require, convert a request for direct deposit to a paper warrant. If refunds are sent to an incorrect bank account, the department will issue a paper refund check once the funds are returned by the financial institution.

39.13(4) *Software approval.* Software developers are required to submit a letter of intent, including the name, address, and telephone number of a contact person and a copy of IRS Form 8633 (Application to Participate in the Electronic Filing Program) in order to be considered for participation in the Iowa electronic filing program. The department will provide an application form, specifications, test package and procedures for companies wishing to develop software for electronic filing of Iowa returns. Specifications for the software developers are explained in IRS Publication 1346 and Iowa Publication 16-107, "Electronic Return File Specifications and Record Layouts." The developers will also be provided with test data and instructions so that developers may test their programs for processing electronic returns with the department. Software developers are required to pass transmission tests before the developers' software will be approved for electronic filing of Iowa income tax returns. The test period shall be defined annually by the department.

39.13(5) *ERO approval.* Only returns transmitted by EROs that are approved by the IRS will be accepted by the department. Once accepted by the IRS as an ERO for a specific tax year, the ERO is automatically accepted to file Iowa returns. There is no additional notification or approval process required by the department.

39.13(6) *Suspension of an electronic filer from participation in the Iowa electronic filing program.* The department may immediately suspend, without notice, an electronic filer from the Iowa electronic filing program. However, in most cases, a suspension from the Iowa electronic filing program is effective as of the date of the letter informing the electronic filer of the suspension. Before suspending an electronic filer, the department may issue a warning letter which describes specific corrective action required because of deviations from this rule.

If an electronic filer is either denied participation in the federal electronic filing program or is suspended from the federal program, the electronic filer shall automatically be prohibited from participation in the Iowa electronic filing program.

An electronic filer who is eligible to participate in the federal electronic filing program may be suspended from the Iowa electronic filing program if the electronic filer has allowed any of the following conditions to occur. This list is not all-inclusive.

a. Deterioration in the format of transmissions of individual Iowa returns;

b. Unacceptable cumulative error or rejection rate or failure to correct errors in transmission of Iowa returns;

c. Untimely received, illegible, incomplete, missing, or unapproved substitute IA 8453 forms;

d. Stockpiling returns at any time while participating in the Iowa electronic filing program;

e. Failure on the part of the transmitter to retrieve an acknowledgment file within two working days of transmission by the department;

f. Failure on the part of the transmitter to initiate the communication of acknowledgment files to the electronic return originator (ERO) within two working days of transmission by the department;

g. Significant complaints about the electronic filer;

h. Failure on the part of the electronic filer to cooperate with the department's efforts to monitor electronic filers, investigate electronic filing abuse, and investigate the possible filing of fraudulent returns;

i. Submitting the electronic portion of a return with information which is not identical to information on the IA 8453;

j. Transmitting the Iowa return with software that was not approved for use in the Iowa electronic filing program;

k. Failure on the part of the electronic filer to provide W-2s, 1099s, or out-of-state tax returns when requested.

39.13(7) *Administrative procedure for denial of an electronic filer's participation in the Iowa electronic filing program or for suspension of an electronic filer from the Iowa electronic filing program.* In a situation in which an electronic filer has requested participation in the Iowa electronic filing program but there is a reason to deny the electronic filer's participation, the department will send the electronic filer a letter to advise that the electronic filer will be denied entry into the program. In another situation in which an electronic filer is a participant in the Iowa electronic filing program but the electronic filer is to be suspended from the program for any conditions described in subrule 39.13(6), the department will send the electronic filer a letter to notify the filer about the electronic filer's suspension from the program.

In cases in which the electronic filer either disagrees with the denial of participation letter or the suspension from participation letter, the electronic filer must file a written protest to the department within 60 days of the date of the denial letter or the suspension letter. The written protest must be filed pursuant to rule 701—7.41(17A). During the administrative review process, the denial of an electronic filer's participation in or the suspension of an electronic filer from the Iowa electronic filing program will remain in effect.

This rule is intended to implement Iowa Code sections 422.21 and 422.68.

701—39.14(422) Tax benefits for persons serving in support of the Bosnia-Herzegovina hazardous duty area. For tax years beginning on or after January 1, 1995, a number of state tax benefits are authorized for individuals serving in a location designated by the President and Congress as a qualified hazardous duty area or other persons serving in support of the individuals in the hazardous duty area. Public Law No. 104-117 was enacted by Congress on March 20, 1996, and designated Bosnia, Herzegovina, Croatia, and Macedonia as a qualified hazardous duty area so that troops performing peacekeeping duties in the area would be eligible for tax benefits for federal income tax purposes on the same basis they would have been eligible for the same benefits if they had served in a combat zone under prior law.

For Iowa tax purposes, persons serving peacekeeping duties in the hazardous duty area or other persons serving overseas in support of the persons in the hazardous duty area will be eligible for the same tax benefits that were previously only available to persons serving military duties in a combat zone. The tax benefits that are available for persons serving in the hazardous duty area or persons serving overseas in support of the persons in the hazardous duty area are described in rule 39.12(422).

This rule is intended to implement Iowa Code section 422.3 as amended by 1996 Iowa Acts, Senate File 2168.

CHAPTER 40
DETERMINATION OF NET INCOME
[Prior to 12/17/86, Revenue Department[730]]

701—40.1(422) Net income defined. Net income for state individual income tax purposes shall mean federal adjusted gross income as properly computed under the Internal Revenue Code and shall include the adjustments in 40.2(422) to 40.10(422). The remaining provisions of this rule and 40.12(422) to 40.65(422) shall also be applicable in determining net income.

This rule is intended to implement Iowa Code section 422.7.

701—40.2(422) Interest and dividends from federal securities. For individual income tax purposes, the state is prohibited by federal law from taxing dividends from corporations owned or sponsored by the federal government, or interest derived from obligations of the United States and its possessions, agencies, and instrumentalities. Therefore, if the federal adjusted gross income of an individual, taxable by Iowa, includes dividends or interest of this type, an adjustment must be made by deducting the amount of the dividend or interest. If the inclusion of an amount of income or the amount of a deduction is based upon federal adjusted gross income and federal adjusted gross income includes dividends from corporations owned or sponsored by the federal government, or interest derived from obligations of the United States and its possessions, agencies, and instrumentalities, a recomputation of the amount of income or deduction must be made excluding dividends or interest of this type from the calculations.

A federal statute exempts stocks and obligations of the United States Government, as well as the interest on the obligations, from state income taxation (see 31 USCS Section 3124(a)).

"Obligations of the United States" are those obligations issued "to secure credit to carry on the necessary functions of government." *Smith v. Davis* (1944) 323 U.S. 111, 119, 89 L.Ed. 107, 113, 65 S.Ct. 157, 161. The exemption is aimed at protecting the "borrowing" and "supremacy" clauses of the United States Constitution. *Society for Savings v. Bowers* (1955) 349 U.S. 143, 144, 99 L.Ed.2d 950, 955, 75 S.Ct. 607, 608; *Hibernia v. City and County of San Francisco* (1906) 200 U.S. 310, 313, 50 L.Ed. 495, 496, 26 S.Ct. 265, 266.

Tax-exempt credit instruments possess the following characteristics:

1. They are written documents,
2. They bear interest,
3. They are binding promises by the United States to pay specified sums at specified dates, and
4. They have Congressional authorization which also pledges the faith and credit of the United States in support of the promise to pay. *Smith v. Davis*, supra.

A governmental obligation that is secondary, indirect, or contingent, such as a guaranty of a nongovernmental obligor's primary obligation to pay the principal amount of and interest on a note, is not an obligation of the type exempted under 31 USCS Section 3124(1). *Rockford Life Ins. Co. v. Department of Revenue*, 107 S.Ct. 2312 (1987).

The following list contains widely held United States Government obligations, but is not intended to be all-inclusive.

This noninclusive listing indicates the position of the department with respect to the income tax status of the listed securities. It is based on current federal law and the interpretation thereof by the department. Federal law or the department's interpretation is subject to change. Federal law precludes all states from imposing an income tax on the interest income from direct obligations of the United States Government. Also, preemptive federal law may preclude state taxation of interest income from the securities of federal government-sponsored enterprises and agencies and from the obligations of U.S. territories. Any profit or gain on the sale or exchange of these securities is taxable.

40.2(1) Federal obligations and obligations of federal instrumentalities the interest on which is exempt from Iowa income tax.

a. United States Government obligations: United States Treasury—Principal and interest from bills, bonds, and notes issued by the United States Treasury exempt under 31 USCS Section 3124[a].

1. Series E, F, G, and H bonds
2. United States Treasury bills
3. U.S. Government certificates
4. U.S. Government bonds
5. U.S. Government notes

b. Territorial obligations:

1. Guam—Principal and interest from bonds issued by the Government of Guam (48 USCS Section 1423[a]).
2. Puerto Rico—Principal and interest from bonds issued by the Government of Puerto Rico (48 USCS Section 745).
3. Virgin Islands—Principal and interest from bonds issued by the Government of the Virgin Islands (48 USCS Section 1403).
4. Northern Mariana Islands—Principal and interest from bonds issued by the Government of the Northern Mariana Islands (48 USCS Section 1681(c)).

c. Federal agency obligations:

1. Commodity Credit Corporation—Principal and interest from bonds, notes, debentures, and other similar obligations issued by the Commodity Credit Corporation (15 USCS Section 713a-5).
2. Banks for Cooperatives—Principal and interest from notes, debentures, and other obligations issued by Banks for Cooperatives (12 USCS Section 2134).
3. Farm Credit Banks—Principal and interest from systemwide bonds, notes, debentures, and other obligations issued jointly and severally by Banks of the Federal Farm Credit System (12 USCS Section 2023).
4. Federal Intermediate Credit Banks—Principal and interest from bonds, notes, debentures, and other obligations issued by Federal Intermediate Credit Banks (12 USCS Section 2079).
5. Federal Land Banks—Principal and interest from bonds, notes, debentures, and other obligations issued by Federal Land Banks (12 USCS Section 2055).
6. Federal Land Bank Association—Principal and interest from bonds, notes, debentures, and other obligations issued by the Federal Land Bank Association (12 USCS Section 2098).
7. Financial Assistance Corporation—Principal and interest from notes, bonds, debentures, and other obligations issued by the Financial Assistance Corporation (12 USCS Section 2278b-10[b]).
8. Production Credit Association—Principal and interest from notes, debentures, and other obligations issued by the Production Credit Association (12 USCS Section 2077).
9. Federal Deposit Insurance Corporation (FDIC)— Principal and interest from notes, bonds, debentures, and other such obligations issued by the Federal Deposit Insurance Corporation (12 USCS Section 1825).
10. Federal Financing Bank—Interest from obligations issued by the Federal Financing Bank. Considered to be United States Government obligations (12 USCS Section 2288, 31 USCS Section 3124[a]).
11. Federal Home Loan Bank—Principal and interest from notes, bonds, debentures, and other such obligations issued by any Federal Home Loan Bank and consolidated Federal Home Loan Bank bonds and debentures (12 USCS Section 1433).

This rule is intended to implement Iowa Code sections 217.39 and 422.7.

701—40.56(422) Taxation of income from the sale of obligations of the state of Iowa and its political subdivisions. For tax years beginning on or after January 1, 2001, income from the sale of obligations of the state of Iowa and its political subdivisions shall be added to Iowa net income to the extent not already included. Gains or losses from the sale or other disposition of bonds issued by the state of Iowa or its political subdivisions shall be included in Iowa net income unless the law authorizing these obligations specifically exempts the income from the sale or other disposition of the bonds from the Iowa individual income tax.

This rule is intended to implement Iowa Code section 422.7 as amended by 2001 Iowa Acts, chapter 116.

701—40.57(422) Installment sales by taxpayers using the accrual method of accounting. For tax years beginning on or after January 1, 2000, and prior to January 1, 2002, taxpayers who use the accrual method of accounting and who have sales or exchanges of property that they reported on the installment method for federal income tax purposes must report the total amount of the gain or loss from the transaction in the tax year of the sale or exchange pursuant to Section 453 of the Internal Revenue Code as amended up to and including January 1, 2000.

EXAMPLE 1. Taxpayer Jones uses the accrual method of accounting for reporting income. In 2001, Mr. Jones sold farmland he had held for eight years for $200,000 which resulted in a capital gain of $50,000. For federal income tax purposes, Mr. Jones elected to report the transaction on the installment basis, where he reported $12,500 of the gain on his 2001 federal return and will report capital gains of $12,500 on each of his federal returns for the 2002, 2003 and 2004 tax years.

However, for Iowa income tax purposes, Mr. Jones must report on his 2001 Iowa return the entire capital gain of $50,000 from the land sale. Although Taxpayer Jones must report a capital gain of $12,500 on each of his federal income tax returns for 2002, 2003 and 2004, from the installment sale of the farmland in 2001, he will not have to include the installments of $12,500 on his Iowa income tax returns for those three tax years because Mr. Jones had reported the entire capital gain of $50,000 from the 2001 transaction on his 2001 Iowa income tax return.

EXAMPLE 2. Taxpayer Smith uses the accrual method of accounting for reporting income. In 2002, Mr. Smith sold farmland he had held for eight years for $500,000 which resulted in a capital gain of $100,000. For federal income tax purposes, Mr. Smith elected to report the transaction on the installment basis, where he reported $20,000 of the gain on his 2002 federal return and will report the remaining capital gains on federal returns for the four subsequent tax years. Because this installment sale occurred in 2002, Mr. Smith shall report $20,000 of the capital gain on his Iowa income tax return for 2002 and will report the balance of the capital gains from the installment sale on Iowa returns for the next four tax years, the same as reported on his federal returns for those years.

This rule is intended to implement Iowa Code section 422.7 as amended by 2002 Iowa Acts, House File 2116.

701—40.58(422) Exclusion of distributions from retirement plans by national guard members and members of military reserve forces of the United States. For tax years beginning on or after January 1, 2002, members of the Iowa national guard or members of military reserve forces of the United States who are ordered to active state service or federal service or duty are not subject to Iowa income tax on the amount of distributions received during the tax year from qualified retirement plans of the members to the extent the distributions were taxable for federal income tax purposes. In addition, the members are not subject to state penalties on the distributions even though the members may have been subject to federal penalties on the distributions for early withdrawal of benefits. Because the distributions described above are not taxable for Iowa income tax purposes, a national guard member or armed forces reserve member who receives a distribution from a qualified retirement plan may request that the payer of the distribution not withhold Iowa income tax from the distribution.

This rule is intended to implement Iowa Code section 422.7 as amended by 2002 Iowa Acts, House File 2622.

701—40.59(422) Exemption of payments received by a beneficiary from an annuity purchased under an employee's retirement plan when the installment has been included as part of a decedent employee's estate. All payments received on or after July 1, 2002, by a beneficiary of a deceased pensioner or annuitant are exempt from Iowa income tax to the extent the payments are from an annuity purchased under an employee's pension or retirement plan when the commuted value of the installments has been included as a part of the decedent employee's estate for Iowa inheritance tax purposes. Thus, a lump sum payment received by a beneficiary from an annuity purchased under an employee's pension or retirement plan is exempt from Iowa income tax to the extent the commuted value of the annuity was included as part of the decedent employee's estate for Iowa inheritance tax purposes. Under prior law, only installment payments of an annuity received by a beneficiary were exempt from Iowa income tax if the commuted value of the installments had been included as part of the decedent employee's estate for Iowa inheritance tax purposes.

This rule is intended to implement Iowa Code section 422.7 as amended by 2002 Iowa Acts, Senate File 2305.

701—40.60(422) Additional first-year depreciation allowance. For tax periods ending on or after September 10, 2001, but beginning before May 5, 2003, the additional first-year depreciation allowance ("bonus depreciation") of 30 percent authorized in Section 168(k) of the Internal Revenue Code, as enacted by Public Law No. 107-147, Section 101, does not apply for Iowa individual income tax. For tax periods beginning on or after May 5, 2003, but beginning before January 1, 2005, the bonus depreciation of 50 percent authorized in Section 168(k) of the Internal Revenue Code, as amended by Public Law No. 108-27, Section 201, does not apply for Iowa individual income tax. Taxpayers who claim the bonus depreciation on their federal income tax return must add the total amount of depreciation claimed on assets placed in service after September 10, 2001, but before January 1, 2005, and subtract the amount of depreciation taken on such property using the modified accelerated cost recovery system (MACRS) depreciation method applicable under Section 168 of the Internal Revenue Code without regard to Section 168(k).

If any such property was sold or disposed of during the tax year, the applicable depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets.

The adjustment for both depreciation and the gain or loss on the sale of qualifying assets placed in service after September 10, 2001, but before January 1, 2005, can be calculated on Form IA 4562A.

See rule 701—53.22(422) for examples illustrating how this rule is applied.

This rule is intended to implement Iowa Code section 422.7 as amended by 2003 Iowa Acts, Senate File 442.

701—40.61(422) Exclusion of active duty pay of national guard members and armed forces military reserve members for service under orders for Operation Iraqi Freedom, Operation Noble Eagle or Operation Enduring Freedom. For tax years beginning on or after January 1, 2003, active duty pay received by national guard members and armed forces reserve members is excluded to the extent the income is included in federal adjusted gross income and to the extent the active duty pay is for service under military orders for Operation Iraqi Freedom, Operation Noble Eagle or Operation Enduring Freedom. National guard members and military reserve members receiving active duty pay on or after January 1, 2003, for service not covered by military orders for one of the three operations specified above are subject to Iowa income tax on the active duty pay to the extent the active duty pay is included in federal adjusted gross income. An example of a situation where the active duty pay may not be included in federal adjusted gross income is when the active duty pay was received for service in an area designated as a combat zone or in an area designated as a hazardous duty area so the income may be excluded from federal adjusted gross income. That is, if an individual's active duty military pay is not subject to federal income tax, the active duty military pay will not be taxable on the individual's Iowa income tax return.

National guard members and military reserve members who are receiving active duty pay for service on or after January 1, 2003, that is exempt from Iowa income tax, may complete an IA W-4 Employee Withholding Allowance Certificate and claim exemption from Iowa income tax for active duty pay received during the time they are serving on active duty pursuant to military orders for Operation Iraqi Freedom, Operation Noble Eagle or Operation Enduring Freedom.

This rule is intended to implement Iowa Code section 422.7 as amended by 2003 Iowa Acts, House File 674.

701—40.62(422) Deduction of up to $1,500 for overnight expenses not reimbursed for travel away from home of more than 100 miles for performance of service as a member of the national guard or armed forces military reserve. A taxpayer may subtract, in computing net income, the costs not reimbursed, not to exceed $1,500, that were incurred for overnight transportation, meals and lodging expenses for travel away from the taxpayer's home more than 100 miles, to the extent the travel expenses were incurred for the performance of services on or after January 1, 2003, by the taxpayer as a national guard member or an armed forces military reserve member.

This rule is intended to implement Iowa Code section 422.7 as amended by 2003 Iowa Acts, House File 674.

701—40.63(422) Exclusion of income from military student loan repayments. Individuals serving on active duty in the national guard, armed forces military reserve or the armed forces of the United States may subtract, to the extent included in federal adjusted gross income, income from military student loan repayments made on or after January 1, 2003.

This rule is intended to implement Iowa Code section 422.7 as amended by 2003 Iowa Acts, House File 674.

701—40.64(422) Exclusion of death gratuity payable to an eligible survivor of a member of the armed forces, including a member of a reserve component of the armed forces who has died while on active duty. An eligible survivor of a member of the armed forces, including a member of a reserve component of the armed forces, who has died while on active duty may subtract, to the extent included in federal adjusted gross income, a gratuity death payment made to the eligible survivor of a member of the armed forces who died while on active duty after September 10, 2001. This exclusion applies to a gratuity death payment made to the eligible survivor of any person in the armed forces or a reserve component of the armed forces who died while on active duty after September 10, 2001.

The purpose of the death gratuity is to provide a cash payment to assist a survivor of a deceased member of the armed forces to meet financial needs during the period immediately following a service member's death and before other survivor benefits, if any, become available.

This rule is intended to implement Iowa Code section 422.7 as amended by 2003 Iowa Acts, House File 674.

701—40.65(422) Section 179 expensing. For tax periods beginning on or after January 1, 2003, but beginning before January 1, 2006, the increase in the expensing allowance for qualifying property authorized in Section 179(b) of the Internal Revenue Code, as enacted by Public Law No. 108-27, Section 202, does not apply for Iowa individual income tax. The expensing allowance is limited to $100,000 for federal tax purposes, but the expensing allowance is limited to $25,000 for Iowa tax purposes. Taxpayers who claim an expensing allowance on their federal income tax return in excess of $25,000 must limit their deduction on the Iowa return to $25,000. The difference between the federal Section 179 expensing allowance on such property, if in excess of $25,000, and the Iowa expensing allowance of $25,000 can be depreciated using the modified accelerated cost recovery system (MACRS) applicable under Section 168 of the Internal Revenue Code without regard to the bonus depreciation provision in Section 168(k).

If any such property was sold or disposed of during the tax year, the applicable Section 179 and related depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets.

The adjustment for both the Section 179 expense allowance and related depreciation, along with the gain or loss on the sale of qualifying assets placed in service on or after January 1, 2003, but before January 1, 2006, can be calculated on Form IA 4562A.

See rule 701—53.23(422) for examples illustrating how this rule is applied.

This rule is intended to implement Iowa Code section 422.7.

◊Two ARCs

For tax years beginning on or after January 1, 2002, but before July 1, 2003, a cooperative described in Section 521 of the Internal Revenue Code which is required to file an Iowa corporation income tax return and whose project primarily involves the production of ethanol may elect to transfer all or a portion of its tax credit to its members. For tax years beginning on or after July 1, 2003, a cooperative described in Section 521 of the Internal Revenue Code which is required to file an Iowa corporation income tax return may elect to transfer all or a portion of its tax credit to its members. The amount of tax credit transferred and claimed by a member shall be based upon the pro-rata share of the member's earnings in the cooperative. The Iowa department of economic development will issue a tax credit certificate to each member of the cooperative to whom the credit was transferred provided that tax credit certificates which total no more than $4 million are issued during a fiscal year. The tax credit certificate must be attached to the tax return for the tax year during which the tax credit is claimed.

42.2(11) *Research activities credit.* Effective for tax years beginning on or after January 1, 2000, the taxes imposed for individual income tax purposes will be reduced by a tax credit for increasing research activities in this state. See subrule 42.2(6) for the research activities credit that was applicable for individual income tax purposes for tax years beginning on or after January 1, 1985, but prior to January 1, 2000.

a. The credit equals the sum of the following:

(1) Six and one-half percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

(2) Six and one-half percent of the basic research payments determined under Section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities. The state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research activities.

b. In lieu of the credit computed under paragraph *"a"* of this subrule, a taxpayer may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative incremental credit described in Section 41(c)(4) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used by the taxpayer on the taxpayer's federal income tax return. The election made under this paragraph is for the tax year and the taxpayer may use another method or this same method for any subsequent tax year. For purposes of this alternative research credit computation, the credit percentages applicable to qualified research expenses described in clauses (i), (ii), and (iii) of Section 41(c)(4)(A) of the Internal Revenue Code are 1.65 percent, 2.20 percent, and 2.75 percent, respectively.

For purposes of this subrule, the terms "base amount," "basic research payment," and "qualified research expense" mean the same as defined for the federal credit for increasing research activities under Section 41 of the Internal Revenue Code, except that, for purposes of the alternative incremental credit described in paragraph *"b"* of this subrule, such amounts are limited to research activities conducted within this state. For purposes of this subrule, "Internal Revenue Code" means the Internal Revenue Code in effect on January 1, 2004.

c. An individual may claim a research activities credit incurred by a partnership, S corporation, limited liability company, estate, or trust electing to have the income of the business entity taxed to the individual. The amount claimed by an individual from the business entity is to be based upon the pro-rata share of the individual's earnings from a partnership, S corporation, estate or trust. Any research credit in excess of the individual's tax liability, less the credits authorized in Iowa Code sections 422.11A, 422.12 and 422.12B may be refunded to the individual or may be credited to the individual's tax liability for the following tax year.

This rule is intended to implement Iowa Code Supplement section 15.333, Iowa Code section 422.10 as amended by 2004 Iowa Acts, Senate File 2296, and Iowa Code sections 422.11A, 422.12, and 422.12B.

701—42.3(422) Nonresident and part-year resident credit. For tax years beginning on or after January 1, 1982, an individual who is a nonresident of Iowa for the entire tax year, or an individual who is an Iowa resident for a portion of the tax year, is allowed a credit against the individual's Iowa income tax liability for the Iowa income tax on the portion of the individual's income which was earned outside Iowa while the person was a nonresident of Iowa. This credit is computed on Schedule IA 126 which is included in the Iowa individual income tax booklet. The following subrules clarify how the nonresident and part-year resident credit is computed for nonresidents of Iowa and taxpayers who are part-year residents of Iowa during the tax year.

42.3(1) *Nonresident/part-year resident credit for nonresidents of Iowa.* A nonresident of Iowa is to complete the Iowa individual return by reporting the individual's total net income, including incomes earned outside Iowa, on the front of the IA 1040 return form similar to the way an Iowa resident completes the return form. A nonresident individual is allowed the same deduction for federal income tax and the same itemized deductions as an Iowa resident taxpayer with identical deductions for these expenditures. Thus, a nonresident with a taxable income of $40,000 would have the same initial Iowa income tax liability as a resident taxpayer with a taxable income of $40,000 before the nonresident/part-year resident credit is computed.

The nonresident/part-year resident credit is computed on Schedule IA 126. The lines referred to in this subrule are from Schedule IA 126 and Form IA 1040 for the 1997 tax year. Similar lines on the schedule and form may apply for subsequent tax years. The individual's Iowa source net income from lines 1 through 25 of the schedule is totaled on line 26 of the schedule. If the nonresident's Iowa source net income is less than $1,000, the taxpayer is not subject to Iowa income tax and is not required to file an Iowa income tax return for the tax year. However, if the Iowa source net income amount is $1,000 or more, the Iowa source net income is then divided by the person's all source net income on line 27 of Schedule IA 126 to determine the percentage of the Iowa net income to all source net income. This Iowa income percentage is inserted on line 28 of the schedule, and this percentage is then subtracted from 100 percent to arrive at the nonresident/part-year resident credit percentage or the percentage of the individual's total income which was earned outside Iowa. The nonresident/part-year resident credit percentage is entered on line 29 of Schedule IA 126. The Iowa income tax on total income from line 43 of the IA 1040 is entered on line 30 of Schedule IA 126. The total of nonrefundable credits from line 50 of the IA 1040 is then shown on line 31 of Schedule IA 126. The amount on line 31 is subtracted from the amount on line 30 which leaves the Iowa total tax after nonrefundable credits on line 32. This Iowa tax after credits amount is multiplied by the nonresident/part-year resident credit percentage from line 29 to compute the nonresident/part-year resident credit. The amount of the credit is inserted on line 33 of Schedule IA 126 and on line 52 of the IA 1040.

EXAMPLE A. A single resident of Nebraska had Iowa source net income of $15,000 in 1997 from wages earned from employment in Iowa. The rest of this person's income was attributable to sources outside Iowa. This nonresident of Iowa had an all source net income of $40,000 and a taxable income of $30,000 due to a federal tax deduction of $7,000 and itemized deductions of $3,000. The Iowa income percentage is computed by dividing the Iowa source net income of $15,000 by the taxpayer's all source net income of $40,000, which results in a percentage of 37.5. This percentage is subtracted from 100 percent which leaves a nonresident/part-year resident credit percentage of 62.5.

The Iowa tax from line 43 of the IA 1040 is $1,789. The total nonrefundable credit from line 50 is $20, which leaves a tax amount of $1,769 when the credit is subtracted from $1,789. When $1,769 is multiplied by the nonresident/part-year resident credit percentage of 62.5 percent, a nonresident credit of $1,106 is computed which is entered on line 33 of Schedule IA 126 as well as on line 52 of the IA 1040 for 1997.

EXAMPLE B. A California resident, who was married, had $20,000 of Iowa source income in 1997 from an Iowa farm. This individual had an additional $80,000 in income that was attributable to sources outside Iowa, but the individual's spouse had no income. The taxpayers had paid $18,000 in federal income tax in 1997 and had itemized deductions of $12,000 in 1997.

(16) Fees paid for general materials for shop class, agriculture class, home economics class, or auto repair class and general fees for equivalent classes.

(17) Fees for a dependent's bus trips to attend school if paid to the school.

b. The following are specific examples of expenditures related to a dependent's participation in or attendance at extracurricular activities that will not qualify for the tuition and textbook credit.

(1) Purchase of a musical instrument used in a school band or orchestra.

(2) Purchase of basketball shoes or other athletic shoes that are readily adaptable to street wear.

(3) Amounts paid for special testing such as SAT or PSAT, and for Iowa talent search tests.

(4) Payments for senior trips, band trips, and other overnight school activity trips which involve payment for meals and lodging.

(5) Fees paid to K-12 schools for courses for college credit.

(6) Amounts paid for T-shirts, sweatshirts and similar clothing that is appropriate for street wear.

(7) Amounts paid for special programs at universities and colleges for high school boys or girls.

(8) Payment for private instrumental lessons, voice lessons or similar lessons.

(9) Amounts paid for a school yearbook, annual or class ring.

(10) Fees for special materials paid for shop class, agriculture class, auto repair class, home economics class and similar classes. For purposes of this paragraph, "special materials" means materials used for personal projects of the dependents, such as materials to make furniture for personal use, automobile parts for family automobiles and other materials for projects for personal or family benefit.

This rule is intended to implement Iowa Code section 422.12.

◊Two ARCs

52.7(1) *Qualified expenditures in Iowa are:*

a. Wages for qualified research services performed in Iowa.

b. Cost of supplies used in conducting qualified research in Iowa.

c. Rental or lease cost of personal property used in Iowa in conducting qualified research. Where personal property is used both within and without Iowa in conducting qualified research, the rental or lease cost must be prorated between Iowa and non-Iowa use by the ratio of days used in Iowa to total days used both within and without Iowa.

d. Sixty-five percent of contract expenses paid by a corporation to a qualified organization for basic research performed in Iowa.

52.7(2) *Total qualified expenditures are:*

a. Wages paid for qualified research services performed everywhere.

b. Cost of supplies used in conducting qualified research everywhere.

c. Rental or lease cost of personal property used in conducting qualified research everywhere.

d. Sixty-five percent of contract expenses paid by a corporation to a qualified organization for basic research performed everywhere.

Qualifying expenditures for increasing research activities is the smallest of the amount by which the qualified research expenses for the taxable year exceed the base period research expenses or 50 percent of the qualified research expenses for the taxable year.

A shareholder in an S corporation may claim the pro-rata share of the Iowa credit for increasing research expenditures on the shareholder's individual income tax return. The S corporation must provide each shareholder with a schedule showing the computation of the corporation's Iowa credit for increasing research expenditures and the shareholder's pro-rata share. The shareholder's pro-rata share of the Iowa credit for increasing research activities must be in the same ratio as the shareholder's pro-rata share in the earnings of the S corporation.

Any research credit in excess of the corporation's tax liability less the credits authorized in Iowa Code sections 422.33, 422.91 and 422.111 may be refunded to the taxpayer or credited to the estimated tax of the taxpayer for the following year.

52.7(3) *Research activities credit for tax years beginning in 2000.* Effective for tax years beginning on or after January 1, 2000, the taxes imposed for corporate income tax purposes will be reduced by a tax credit for increasing research activities.

a. The credit equals the sum of the following:

(1) Six and one-half percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

(2) Six and one-half percent of the basic research payments determined under Section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

The state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures.

b. In lieu of the credit computed under paragraph *"a"* of this subrule, a taxpayer may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative incremental credit described in Section 41(c)(4) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used by the taxpayer on the taxpayer's federal income tax return. The election made under this paragraph is for the tax year and the taxpayer may use another method or this same method for any subsequent tax year.

For purposes of this alternative research credit computation, the credit percentages applicable to qualified research expenses described in clauses (i), (ii), and (iii) of Section 41(c)(4)(A) of the Internal Revenue Code are 1.65 percent, 2.20 percent, and 2.75 percent, respectively.

c. For purposes of this subrule, the terms "base amount," "basic research payment," and "qualified research expense" mean the same as defined for the federal credit for increasing research activities under Section 41 of the Internal Revenue Code, except that, for purposes of the alternative incremental credit described in paragraph *"b"* of this subrule, such amounts are limited to research activities conducted within this state. For purposes of this rule, "Internal Revenue Code" means the Internal Revenue Code in effect on January 1, 2004.

d. A shareholder in an S corporation may claim the pro-rata share of the Iowa credit for increasing research activities on the shareholder's individual return. The S corporation must provide each shareholder with a schedule showing the computation of the corporation's Iowa credit for increasing research activities and the shareholder's pro-rata share. The shareholder's pro-rata share of the Iowa credit for increasing research activities must be in the same ratio as the shareholder's pro-rata share in the earnings of the S corporation.

Any research credit in excess of the corporation's tax liability less the credits authorized in Iowa Code sections 422.33, 422.91 and 422.111 may be refunded to the taxpayer or credited to the estimated tax of the corporation for the following year.

52.7(4) *Research activities credit for an eligible business.* Effective for tax years beginning on or after January 1, 2000, an eligible business may claim a tax credit for increasing research activities in this state during the period the eligible business is participating in the new jobs and income program with the Iowa department of economic development. An eligible business must meet all the conditions listed under Iowa Code section 15.329, which include requirements to make an investment of $10 million as indexed for inflation and the creation of a minimum of 50 full-time positions. The research credit authorized in this subrule is in addition to the research activities credit described in 701—subrule 42.2(11) or the research credit described in subrule 52.7(3).

a. The additional research activities credit for an eligible business is computed under the criteria for computing the research activities credit under 701—subrule 42.2(11) or under subrule 52.7(3), depending on which of those subrules the initial research credit was computed. The same qualified research expenses and basic research expenses apply in computation of the research credit for an eligible business as were applicable in computing the credit in 701—subrule 42.2(11) or 52.7(3). In addition, if the alternative incremental credit method was used to compute the initial research credit under 701—subrule 42.2(11) or 52.7(3), that method would be used to compute the research credit for an eligible business. Therefore, if a taxpayer that met the qualifications of an eligible business had a research activities credit of $200,000 as computed under subrule 52.7(3), the research activities credit for the eligible business would result in an additional credit for the taxpayer of $200,000.

b. If the eligible business is a partnership, S corporation, limited liability company, estate or trust where the income from the eligible business is taxed to the individual owners of the business, these individual owners may claim the additional research activities credit allowed to the eligible business. The research credit is allocated to each of the individual owners of the eligible business on the basis of the pro-rata share of that individual's earnings from the eligible business.

52.7(5) *Corporate tax research credit for increasing research activities within a quality jobs enterprise zone.* Effective for tax years beginning on or after January 1, 2000, the taxes imposed for corporate income tax purposes will be reduced by a tax credit for increasing research activities within an area designated as a quality jobs enterprise zone. This credit for increasing research activities is in lieu of the research activities credit described in 701—subrule 42.2(11) or the research activities credit described in subrule 52.7(3).

a. The credit equals the sum of the following:

(1) Thirteen percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state's apportioned share of the qualifying expenditures for research activities.

(2) Thirteen percent of the basic research payments determined under Section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities. The state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in the quality jobs enterprise zone to total qualified research expenditures.

b. In lieu of the credit computed under paragraph *"a"* of this subrule, a taxpayer may elect to compute the credit amount for qualified research expenses incurred in the quality jobs enterprise zone in a manner consistent with the alternative incremental credit described in Section 41(c)(4) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used by the taxpayer on the taxpayer's federal income tax return. The election made under this paragraph is for the tax year and the taxpayer may use another method or this same method for any subsequent tax year. For purposes of this alternative research credit computation, the credit percentages applicable to qualified research expenses described in clauses (i), (ii), and (iii) of Section 41(c)(4)(A) of the Internal Revenue Code are 3.30 percent, 4.40 percent, and 5.50 percent, respectively.

c. For purposes of this subrule, the terms "base amount," "basic research payment," and "qualified research expense" mean the same as defined for the federal credit for increasing research activities under Section 41 of the Internal Revenue Code, except that, for purposes of the alternative incremental credit described in subrule 52.7(3) of this rule, such amounts are limited to research activities conducted within the quality jobs enterprise zone. For purposes of this rule, "Internal Revenue Code" means the Internal Revenue Code in effect on January 1, 2004.

d. Any research credit in excess of the corporation's tax liability for the taxable year may be refunded to the taxpayer or credited to the corporation's tax liability for the following year.

This rule is intended to implement Iowa Code section 422.33 as amended by 2004 Iowa Acts, Senate File 2296.

701—52.8(422) New jobs credit. A tax credit is available to a corporation which has entered into an agreement under Iowa Code chapter 260E and has increased employment by at least 10 percent.

52.8(1) *Definitions.*

a. The term *"new jobs"* means those jobs directly resulting from a project covered by an agreement authorized by Iowa Code chapter 260E (Iowa Industrial New Jobs Training Act) but does not include jobs of recalled workers or replacement jobs or other jobs that formerly existed in the industry in the state.

b. The term *"jobs directly related to new jobs"* means those jobs which directly support the new jobs but does not include in-state employees transferred to a position which would be considered to be a job directly related to new jobs unless the transferred employee's vacant position is filled by a new employee.

EXAMPLE A. A taxpayer who has entered into a chapter 260E agreement to train new employees for a new product line transfers an in-state employee to be supervisor of the new product line but does not fill the transferred employee's position. The new supervisor's position would not be considered a job directly related to new jobs even though it directly supports the new jobs because the transferred employee's old position was not refilled.

EXAMPLE B. A taxpayer who has entered into a chapter 260E agreement to train new employees for a new product line transfers an in-state employee to be supervisor of the new product line and fills the transferred employee's position with a new employee. The new supervisor's position would be considered a job directly related to new jobs because it directly supports the new jobs and the transferred employee's old position was filled by a new employee.

The burden of proof that a job is directly related to new jobs is on the taxpayer.

c. The term *"taxable wages"* means those wages upon which an employer is required to contribute to the state unemployment fund as defined in Iowa Code subsection 96.19(37) for the year in which the taxpayer elects to take the new jobs tax credit. For fiscal-year taxpayers, "taxable wages" shall not be greater than the maximum wage upon which an employer is required to contribute to the state unemployment fund for the calendar year in which the taxpayer's fiscal year begins.

d. The term *"agreement"* means an agreement entered into under Iowa Code chapter 260E after July 1, 1985, an amendment to that agreement, or an amendment to an agreement entered into before July 1, 1985, if the amendment sets forth the base employment level as of the date of the amendment. The term "agreement" also includes a preliminary agreement entered into under Iowa Code chapter 260E provided the preliminary agreement contains all the elements of a contract and includes the necessary elements and commitment relating to training programs and new jobs.

e. The term *"base employment level"* means the number of full-time jobs an industry employs at a plant site which is covered by an agreement under chapter 260E on the date of the agreement.

f. The term *"project"* means a training arrangement which is the subject of an agreement entered into under Iowa Code chapter 260E.

g. The term *"industry"* means a business engaged in interstate or intrastate commerce for the purpose of manufacturing, processing, or assembling products, conducting research and development, or providing services in interstate commerce, but excludes retail, health or professional services. Industry does not include a business which closes or substantially reduces its operations in one area of the state and relocates substantially the same operation in another area of the state. Industry is a business engaged in the above listed activities rather than the generic definition encompassing all businesses in the state engaged in the same activities. For example, in the meat-packing business, an industry is considered to be a single corporate entity or operating division, rather than the entire meat-packing business in the state.

h. The term *"new employees"* means the same as new jobs or jobs directly related to new jobs.

i. The term *"full-time job"* means any of the following:

(1) An employment position requiring an average work week of 35 or more hours;

(2) An employment position for which compensation is paid on a salaried full-time basis without regard to hours worked; or

(3) An aggregation of any number of part-time or job-sharing employment positions which equal one full-time employment position. For purposes of this subrule each part-time or job-sharing employment position shall be categorized with regard to the average number of hours worked each week as one-quarter, half, three-quarters, or full-time position, as set forth in the following table:

Average Number of Weekly Hours	Category
More than 0 but less than 15	¼
15 or more but less than 25	½
25 or more but less than 35	¾
35 or more	1 (full-time)

701—52.14(422) Enterprise zone tax credits. An eligible business in an enterprise zone may take the following tax credits:

1. New jobs credit from withholding as provided in Iowa Code section 15.331 (see rule 701—52.8(422)).
2. Investment tax credit as provided in Iowa Code section 15.333 (see rule 701—52.10(15)).
3. Research activities credit as provided in Iowa Code section 15.335 (see rule 701—52.10(15) for tax years ending after May 1, 1994, but prior to tax years beginning on or after January 1, 2000) and subrule 52.7(5) for the research credit for increasing research activities within a quality jobs enterprise zone for tax years beginning on or after January 1, 2000.

If an eligible business in an enterprise zone fails to maintain the requirements of the enterprise zone program, the taxpayer may be required to repay all or a portion of the tax incentives taken on Iowa returns. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the tax credits may have expired, the department may proceed to collect the tax incentives forfeited by failure to maintain the requirements of the enterprise zone program. This is because it is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability.

Effective July 1, 2003, eligible businesses in an enterprise zone may also be required to repay all or a portion of the tax incentives received on Iowa returns if the eligible business experiences a layoff of employees in Iowa or closes any of its facilities in Iowa.

This rule is intended to implement Iowa Code section 15A.9(8) as amended by 2004 Iowa Acts, Senate File 2296, Iowa Code Supplement section 15E.193, and Iowa Code section 15E.186.

701—52.15(15E) Eligible housing business tax credit. A corporation which qualifies as an eligible housing business may receive a tax credit of up to 10 percent of the new investment which is directly related to the building or rehabilitating of homes in an enterprise zone. The tax credit may be taken on the tax return for the tax year in which the home is ready for occupancy.

An eligible housing business is one which meets the criteria in Iowa Code section 15E.193B.

52.15(1) *Computation of tax credit.* New investment which is directly related to the building or rehabilitating of homes includes but is not limited to the following costs: land, surveying, architectural services, building permits, inspections, interest on a construction loan, building materials, roofing, plumbing materials, electrical materials, amounts paid to subcontractors for labor and materials provided, concrete, labor, landscaping, appliances normally provided with a new home, heating and cooling equipment, millwork, drywall and drywall materials, nails, bolts, screws, and floor coverings.

New investment does not include the machinery, equipment, hand or power tools necessary to build or rehabilitate homes.

A taxpayer may claim on the taxpayer's corporation income tax return the pro-rata share of the Iowa eligible housing business tax credit from a partnership, limited liability company, estate, or trust. The portion of the credit claimed by the taxpayer shall be in the same ratio as the taxpayer's pro-rata share of the earnings of the partnership, limited liability company, or estate or trust.

Any Iowa eligible housing business tax credit in excess of the corporation's tax liability may be carried forward for seven years or until it is used, whichever is the earlier.

If the eligible housing business fails to maintain the requirements of Iowa Code section 15E.193B, to be an eligible housing business, the taxpayer may be required to repay all or a part of the tax incentives the business received. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the income tax credit may have expired, the department may proceed to collect the tax incentives forfeited by failure to maintain the requirements of Iowa Code section 15E.193B. This is because it is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability.

Prior to January 1, 2001, the tax credit cannot exceed 10 percent of $120,000 for each home or individual unit in a multiple dwelling unit building. Effective January 1, 2001, the tax credit cannot exceed 10 percent of $140,000 for each home or individual unit in a multiple dwelling unit building.

Effective for tax periods beginning on or after January 1, 2003, the taxpayer must receive a tax credit certificate from the Iowa department of economic development to claim the eligible housing business tax credit. The tax credit certificate shall include the taxpayer's name, the taxpayer's address, the taxpayer's tax identification number, the date the project was completed, the amount of the eligible housing business tax credit and the tax year for which the credit may be claimed. In addition, the tax credit certificate shall include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, as provided in subrule 52.15(2). The tax credit certificate must be attached to the income tax return for the tax period in which the home is ready for occupancy.

52.15(2) *Transfer of the eligible housing business tax credit.* For tax periods beginning on or after January 1, 2003, the eligible housing business tax credit certificates may be transferred to any person or entity if low-income housing tax credits authorized under Section 42 of the Internal Revenue Code are used to assist in the financing of the housing development.

Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the Iowa department of economic development, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the Iowa department of economic development will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company or S corporation, the transferee shall provide a list of the partners, members or shareholders and information on how the housing business tax credit should be divided among the partners, members or shareholders. The transferee shall also provide the tax identification numbers and addresses of the partners, members or shareholders. The replacement tax credit certificate must contain the same information that was on the original certificate and must have the same expiration date as the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax period for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

This rule is intended to implement Iowa Code section 15E.193B as amended by 2001 Iowa Acts, Senate File 441.

701—52.16(422) Franchise tax credit. For tax years beginning on or after January 1, 1998, a shareholder in a financial institution as defined in Section 581 of the Internal Revenue Code which has elected to have its income taxed directly to the shareholders may take a tax credit equal to the shareholder's pro-rata share of the Iowa franchise tax paid by the financial institution.

The credit must be computed by recomputing the amount of tax computed under Iowa Code section 422.33 by reducing the shareholder's taxable income by the shareholder's pro-rata share of the items of income and expenses of the financial institution and deducting from the recomputed tax the credits allowed by Iowa Code section 422.33. The recomputed tax must be subtracted from the amount of tax computed under Iowa Code section 422.33 reduced by the credits allowed in Iowa Code section 422.33.

The resulting amount, not to exceed the shareholder's pro-rata share of the franchise tax paid by the financial institution, is the amount of tax credit allowed the shareholder.

This rule is intended to implement Iowa Code section 422.33, as amended by 1999 Iowa Acts, chapter 95.

CHAPTER 53
DETERMINATION OF NET INCOME
[Prior to 12/17/86, Revenue Department[730]]

701—53.1(422) Computation of net income for corporations. Net income for state purposes shall mean federal taxable income, before deduction for net operating losses, as properly computed under the Internal Revenue Code, and shall include the adjustments in 53.2(422) to 53.13(422) and 53.17(422) to 53.23(422). The remaining provisions of this rule and 53.14(422) to 53.16(422) shall also be applicable in determining net income.

In the case of a corporation which is a member of an affiliated group of corporations filing a consolidated income tax return for the taxable year for federal income tax purposes, but files a separate return for state purposes, taxable income as properly computed for federal purposes is determined as if the corporation had filed a separate return for federal income tax purposes for the taxable year and each preceding taxable year for which it was a member of an affiliated group. For purposes of this paragraph, the taxpayer's separate taxable income shall be determined as if the election provided by Section 243(b)(2) of the Internal Revenue Code had been in effect for all those years.

When a federal short period return is filed and the federal taxable income is required to be adjusted to an annual basis, the Iowa taxable income shall also be adjusted to an annual basis. The tax liability for a short period is computed by multiplying the taxable income for the short period by 12 and dividing the result by the number of months in the short period. The tax is determined on the resulting total as if it were the taxable income, and the tax computed is divided by 12 and multiplied by the number of months in the short period. This adjustment shall apply only to income attributable to business carried on within the state of Iowa.

This rule is intended to implement Iowa Code section 422.35.

701—53.2(422) Net operating loss carrybacks and carryovers. In years beginning after December 31, 1954, net operating losses shall be allowed or allowable for Iowa corporation income tax purposes to the same extent they are allowed or allowable for federal corporation income tax purposes for the same period, provided the following adjustments are made:

53.2(1) *Additions to income.*

a. Refunds of federal income taxes due to net operating loss and investment credit carrybacks or carryovers shall be reflected in the following manner:

(1) Accrual basis taxpayers shall accrue refunds of federal income taxes to the year in which the net operating loss occurs.

(2) Cash basis taxpayers shall reflect refunds of federal income taxes in the return for the year in which the refunds are received.

b. Iowa income tax deducted on the federal return for the loss year shall be reflected as an addition to income in the year of the loss.

c. Interest and dividends received in the year of the loss on federally tax-exempt securities shall be reflected as additions to income in the year of the loss.

53.2(2) *Reductions of income.*

a. Federal income tax paid or accrued during the year of the net operating loss shall be reflected to the extent allowed by law as an additional deduction in the year of the loss.

b. Iowa income tax refunds reported as income for federal return purposes in the loss year shall be reflected as reductions of income in the year of the loss.

c. Interest and dividends received from federal securities during the loss year shall be reflected in the year of the loss as a reduction of income.

53.2(3) If a corporation does business both within and without Iowa, it shall make adjustments reflecting the apportionment and allocation of its operating loss on the basis of business done within and without the state of Iowa after completing the provisions of subrules 53.2(1) and 53.2(2).

a. After making the adjustments to federal taxable income as provided in 53.2(1) and 53.2(2), the total net allocable income or loss shall be added to or deducted from, as the case may be, the net federal income or loss as adjusted for Iowa tax purposes. The resulting income or loss so determined shall be subject to apportionment as provided in rules 701—54.5(422), 54.6(422) and 54.7(422). The apportioned income or loss shall be added or deducted, as the case may be, to the amount of net allocable income or loss properly attributable to Iowa. This amount is the taxable income or net operating loss attributable to Iowa for that year.

b. The net operating loss attributable to Iowa, as determined in rule 53.2(422), shall be subject to a 3-year carryback and a 15-year carryover provision. This loss shall be carried back or over to the applicable year as a reduction or part of a reduction of the net income attributable to Iowa for that year. However, an Iowa net operating loss shall not be carried back to a year in which the taxpayer was not doing business in Iowa. If the election under Section 172(b)(3) of the Internal Revenue Code is made, the Iowa net operating loss shall be carried forward 15 taxable years. A copy of the federal election made under Section 172(b)(3) of the Internal Revenue Code must be attached to the Iowa corporation income tax return filed with the department.

c. For tax years beginning after August 5, 1997, a net operating loss attributable to Iowa, as determined in rule 701—53.2(422), incurred in a presidentially declared disaster area by a corporation engaged in a small business or in the trade or business of farming must be carried back 3 taxable years and carried forward 20 taxable years. All other net operating losses attributable to Iowa must be carried back 2 taxable years and carried forward 20 taxable years. This loss shall be carried back or over to the applicable year as a reduction or part of a reduction of the net income attributable to Iowa for that year. However, an Iowa net operating loss shall not be carried back to a year in which the taxpayer was not doing business in Iowa. If the election under Section 172(b)(3) of the Internal Revenue Code is made, the Iowa net operating loss shall be carried forward 20 taxable years. A copy of the federal election made under Section 172(b)(3) of the Internal Revenue Code must be attached to the Iowa corporation income tax return filed with the department.

d. For tax years beginning on or after January 1, 1998, for a taxpayer who is engaged in the trade or business of farming as defined in Section 263A(e)(4) of the Internal Revenue Code and has a loss from farming as defined in Section 172(b)(1)(F) of the Internal Revenue Code including modifications prescribed by rule by the director, the Iowa loss from the trade or business of farming is a net operating loss which may be carried back five taxable years prior to the taxable year of the loss. If the taxpayer has elected for federal income tax purposes to carry a net operating loss from the trade or business of farming back two years, the taxpayer must carry the Iowa net operating loss from the trade or business of farming back two years. However, an Iowa net operating loss shall not be carried back to a year in which the taxpayer was not doing business in Iowa.

When the taxpayer carries on more than one trade or business within a corporate shell or files a consolidated Iowa corporation income tax return, the income or loss from each trade or business must be combined to determine the amount of net operating loss that exists and whether it is a net operating loss from the trade or business of farming.

EXAMPLE 1. The taxpayer carries on the trade or business of farming and also the trade or business of trucking for entities outside the corporate shell. For the tax year, the taxpayer had a net operating loss from farming of $25,000 and net income from trucking of $10,000 for a net operating loss for the year of $15,000 which is a net operating loss from the trade or business of farming which may be carried back 5 tax years and forward 20 tax years.

701—53.20(422) Employer social security credit for tips. Employers in the food and beverage industry are allowed a credit under Section 45B of the Internal Revenue Code for a portion of the social security taxes paid or incurred after 1993 on employee tips. The credit is equal to the employer's FICA obligation attributable to tips received which exceed tips treated as wages for purposes of satisfying minimum wage standards of the Fair Labor Standards Act. The credit is allowed only for tips received by an employee in the course of employment from customers on the premises of a business for which the tipping of employees serving food or beverages is customary. To the extent that an employer takes the credit for a portion of the social security taxes paid or incurred, the employer's deduction for the social security tax is reduced accordingly. For Iowa income tax purposes, the full deduction for the social security tax paid or incurred is allowed for tax years beginning on or after January 1, 1994. No social security tax credit is allowed on the Iowa corporation income tax return.

This rule is intended to implement Iowa Code section 422.35 as amended by 1995 Iowa Acts, chapter 152.

701—53.21(422) Deduction of gifts, grants, or donations. For tax years ending on or after July 1, 1998, to the extent that any gift, grant, or donation to the endowment fund of the Iowa educational savings plan trust made on or after that date has not been deducted in computing federal taxable income, the amount may be deducted for Iowa income tax purposes.

This rule is intended to implement Iowa Code section 422.35 as amended by 1998 Iowa Acts, House File 2119.

701—53.22(422) Additional first-year depreciation allowance. For tax periods ending on or after September 10, 2001, but beginning before May 5, 2003, the additional first-year depreciation allowance ("bonus depreciation") of 30 percent authorized in Section 168(k) of the Internal Revenue Code, as enacted by Public Law No. 107-147, Section 101, does not apply for Iowa corporation income tax. For tax periods beginning on or after May 5, 2003, but beginning before January 1, 2005, the bonus depreciation of 50 percent authorized in Section 168(k) of the Internal Revenue Code, as amended by Public Law No. 108-27, Section 201, does not apply for Iowa corporation income tax. Taxpayers who claim the bonus depreciation on their federal income tax return must add the total amount of depreciation claimed on assets placed in service after September 10, 2001, but before January 1, 2005, and subtract the amount of depreciation taken on such property using the modified accelerated cost recovery system (MACRS) depreciation method applicable under Section 168 of the Internal Revenue Code without regard to Section 168(k).

If any such property was sold or disposed of during the tax year, the applicable depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets.

The adjustment for both depreciation and the gain or loss on the sale of qualifying assets placed in service after September 10, 2001, but before January 1, 2005, can be calculated on Form IA 4562A.

The following nonexclusive examples illustrate how this rule applies:

EXAMPLE 1: Taxpayer purchased a $100,000 qualifying asset on January 1, 2002, which has a five-year life for depreciation purposes. Using the bonus depreciation provision in Section 168(k) of the Internal Revenue Code, taxpayer was entitled to a $44,000 depreciation deduction on the federal return for 2002. For Iowa purposes, taxpayer must use the MACRS depreciation method which results in a $20,000 depreciation deduction on the Iowa return for 2002. Therefore, a $24,000 ($44,000 - $20,000) increase to net income relating to this depreciation adjustment must be made on the Iowa return for 2002.

EXAMPLE 2: Taxpayer purchased a $1,000,000 qualifying asset on January 1, 2002, which has a ten-year life for depreciation purposes. This asset was sold on December 31, 2005, for $500,000. Using the bonus depreciation provision, taxpayer claimed $677,440 of depreciation deductions on the federal returns for 2002-2005. This results in a basis for this asset of $322,560 ($1,000,000 - $677,440), and a gain of $177,440 ($500,000 - $322,560) on the federal return for 2005 on the sale of the asset.

Using the MACRS depreciation method, taxpayer claimed $539,200 of depreciation deductions on the Iowa returns for 2002-2005. This results in a basis for this asset of $460,800 ($1,000,000 - $539,200), and a gain of $39,200 ($500,000 - $460,800) on the Iowa return for 2005 on the sale of the asset. Therefore, a decrease to net income of $138,240 ($177,440 - $39,200) relating to this gain adjustment must be made on the Iowa return for 2005.

This rule is intended to implement Iowa Code section 422.35 as amended by 2003 Iowa Acts, Senate File 442.

701—53.23(422) Section 179 expensing. For tax periods beginning on or after January 1, 2003, but beginning before January 1, 2006, the increase in the expensing allowance for qualifying property authorized in Section 179(b) of the Internal Revenue Code, as enacted by Public Law No. 108-27, Section 202, does not apply for Iowa corporation income tax. The expensing allowance is limited to $100,000 for federal tax purposes, but the expensing allowance is limited to $25,000 for Iowa tax purposes. Taxpayers who claim an expensing allowance on their federal income tax return in excess of $25,000 must limit their deduction on the Iowa return to $25,000. The difference between the federal Section 179 expensing allowance on such property, if in excess of $25,000, and the Iowa expensing allowance of $25,000 can be depreciated using the modified accelerated cost recovery system (MACRS) applicable under Section 168 of the Internal Revenue Code without regard to the bonus depreciation provision set forth in Section 168(k).

If any such property was sold or disposed of during the tax year, the applicable Section 179 and related depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets.

The adjustment for both the Section 179 expensing allowance and related depreciation, along with the gain or loss on the sale of qualifying assets placed in service on or after January 1, 2003, but before January 1, 2006, can be calculated on Form IA 4562A.

The following nonexclusive examples illustrate how this rule applies:

EXAMPLE 1: Taxpayer purchased a $110,000 qualifying asset on January 1, 2003, which has a five-year life for depreciation purposes. Taxpayer was entitled to a $100,000 Section 179 expensing allowance, a $5,000 bonus depreciation deduction under Section 168(k) of the Internal Revenue Code, and an additional depreciation deduction under Section 168 of the Internal Revenue Code for a total deduction of $106,000 for federal tax purposes. For Iowa purposes, taxpayer is entitled to a $25,000 Section 179 expensing allowance and a $17,000 depreciation deduction using MACRS, for a total Iowa deduction of $42,000. Therefore, a $64,000 ($106,000 - $42,000) increase to net income relating to this Section 179 and depreciation adjustment must be made on the Iowa return for 2003.

EXAMPLE 2: Assume the same facts as given in Example 1, and the qualifying asset was sold on December 31, 2005, for $50,000. Taxpayer would have claimed $108,560 of Section 179 and depreciation deductions on the federal returns for 2003-2005. This results in a basis for this asset of $1,440 ($110,000 - $108,560), and a gain of $48,560 ($50,000 - $1,440) on the federal return for 2005 on the sale of the asset.

Taxpayer would have claimed $85,520 of Section 179 and depreciation deductions using the Section 179 limit of $25,000 and the MACRS depreciation method on the Iowa returns for 2003-2005. This results in a basis for this asset of $24,480 ($110,000 - $85,520), and a gain of $25,520 ($50,000 - $24,480) on the Iowa return for 2005 on the sale of the assets. Therefore, a decrease to net income of $23,040 ($48,560 - $25,520) relating to this gain adjustment must be made to the Iowa return for 2005.

This rule is intended to implement Iowa Code section 422.35.

[Filed 8/12/04, Notice 7/7/04—published 9/1/04, effective 10/6/04]

701—59.23(422) Additional first-year depreciation allowance. For tax periods ending on or after September 10, 2001, but beginning before May 5, 2003, the additional first-year depreciation allowance ("bonus depreciation") of 30 percent authorized in Section 168(k) of the Internal Revenue Code, as enacted by Public Law No. 107-147, Section 101, does not apply for Iowa franchise tax. For tax periods beginning on or after May 5, 2003, but beginning before January 1, 2005, the bonus depreciation of 50 percent authorized in Section 168(k) of the Internal Revenue Code, as amended by Public Law No. 108-27, Section 201, does not apply for Iowa franchise income tax. Taxpayers who claim the bonus depreciation on their federal income tax return must add the total amount of depreciation claimed on assets placed in service after September 10, 2001, but before January 1, 2005, and subtract the amount of depreciation taken on such property using the modified accelerated cost recovery system (MACRS) depreciation method applicable under Section 168 of the Internal Revenue Code without regard to Section 168(k).

If any such property was sold or disposed of during the tax year, the applicable depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets.

The adjustment for both depreciation and the gain or loss on the sale of qualifying assets placed in service after September 10, 2001, but before January 1, 2005, can be calculated on Form IA 4562A.

See rule 701—53.22(422) for examples illustrating how this rule is applied.

This rule is intended to implement Iowa Code sections 422.35 and 422.61 as amended by 2003 Iowa Acts, Senate File 442.

701—59.24(422) Section 179 expensing. For tax periods beginning on or after January 1, 2003, but beginning before January 1, 2006, the increase in the expensing allowance for qualifying property authorized in Section 179(b) of the Internal Revenue Code, as enacted by Public Law No. 108-27, Section 202, does not apply for Iowa franchise tax. The expensing allowance is limited to $100,000 for federal tax purposes, but the expensing allowance is limited to $25,000 for Iowa tax purposes. Taxpayers who claim an expensing allowance on their federal income tax return in excess of $25,000 must limit their deduction on the Iowa return to $25,000. The difference between the federal Section 179 expensing allowance on such property, if in excess of $25,000, and the Iowa expensing allowance of $25,000 can be depreciated using the modified accelerated cost recovery system (MACRS) applicable under Section 168 of the Internal Revenue Code without regard to the bonus depreciation provision in Section 168(k).

If any such property was sold or disposed of during the tax year, the applicable Section 179 and related depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets.

The adjustment for both the Section 179 expensing allowance and related depreciation, along with the gain or loss on the sale of qualifying assets placed in service on or after January 1, 2003, but before January 1, 2006, can be calculated on Form IA 4562A.

See rule 701—53.23(422) for examples illustrating how this rule is applied.

This rule is intended to implement Iowa Code sections 422.35 and 422.61.

ALLOCATION AND APPORTIONMENT

701—59.25(422) Basis of franchise tax. Iowa Code section 422.60 imposes a franchise tax on financial institutions (as defined in 701—subrule 57.1(2)) for the privilege of doing business within the state. The tax is measured by net income. For financial institutions subject to the tax, the tax is levied and collected only on income which may accrue or be recognized to the financial institutions from business done or carried on in the state plus net income from certain sources without the state which by rule follows the commercial domicile of the financial institution.

If a financial institution carries on business entirely within the state of Iowa, no allocation or apportionment of its income may be made. The financial institution will be presumed to be carrying on its business entirely within the state of Iowa if its activities are carried on only within Iowa, even though it receives income from sources outside the state in the form of interest, dividends, royalties, and other sources of income from intangibles.

59.25(1) *Definition—doing business.* The term "doing business" is used in a comprehensive sense and includes all activities or any transactions for the purpose of financial or pecuniary gain or profit. Irrespective of the nature of its activities, every financial institution organized for profit and carrying out any of the purposes of its organization shall be deemed to be "doing business." In determining whether a financial institution is doing business, it is immaterial whether its activities actually result in a profit or loss.

59.25(2) *Definition—carrying on business partly within and partly without the state.* "Carrying on business partly within and partly without the state" means having business activities in at least one other state sufficient to meet the minimum constitutional standards for doing business in a state under the due process and commerce clauses of the United States Constitution. The determination of whether a financial institution is carrying on business partly within and partly without the state must be made on a tax-year-by-tax-year basis. The activities of past or future years have no bearing on the current year.

The following nonexclusive activities if done on a regular and continuing basis by financial institution officers or employees in at least one other state would constitute the minimum activities which would meet the constitutional standards for doing business in a state under the due process and commerce clauses of the United States Constitution:

a. Solicitation of loans by traveling loan officers.

b. Collection of overdue accounts.

c. Any other activities carried on in advancement, promotion, or fulfillment of the business of the financial institution.

This rule is intended to implement Iowa Code sections 422.60 and 422.63.

701—59.26(422) Allocation and apportionment.

59.26(1) The classification of income by the labels customarily given, such as interest, dividends, rents, and royalties, is of no aid in determining whether that income is business or nonbusiness income. Interest, dividends, rents and royalties shall be apportioned as business income to the extent the income was earned as a part of a financial institution's unitary business, a portion of which is conducted in Iowa. *Mobil Oil Corp. v. Commissioner of Taxes,* 455 U.S. 425 (1980); *ASARCO, Inc. v. Idaho State Tax Commission,* 458 U.S. 307, 73 L.Ed.2d 787, 102 S.Ct. 3103 (1982); *F. W. Woolworth Co. v. Taxation and Revenue Dept.,* 458 U.S. 354, 73 L.Ed.2d 819, 102 S.Ct. 3128 (1982); *Container Corporation of America v. Franchise Tax Board,* 463 U.S. 159, 77 L.Ed.2d 545, 103 S.Ct. 2933 (1983). Whether income is part of a financial institution's unitary business income depends upon the facts and circumstances in the particular situation. The burden of proof is upon the taxpayer to show that the treatment of income on the return as filed is proper. There is a rebuttable presumption that an affiliated group of financial institutions in the same line of business have a unitary relationship, although that is not the only element used in determining unitariness.

59.26(2) Application of related expense to nonbusiness income. Subrule 59.26(1) deals with the separation of "net" income, therefore, determination and application of related expenses must be made, as hereinafter directed, before allocation and apportionment within and without Iowa. Related expenses shall mean those expenses directly related.

A directly related expense shall mean an expense which can be specifically attributed to an item of income. Interest expense shall be considered directly related to a specific property which generates, has generated, or could reasonably have been expected to generate gross income if the existence of all of the facts and circumstances described below is established. Such facts and circumstances are as follows:

a. The indebtedness on which the interest was paid was specifically incurred for the purpose of purchasing, maintaining, or improving the specific property;

b. The proceeds of the borrowing were actually applied to the specified purpose;

c. The creditor can look only to the specific property (or any lease or other interest therein) as security for the loan;

d. It may be reasonably assumed that the return on or from the property will be sufficient to fulfill the terms and conditions of the loan agreement with respect to the amount and timing of payment of principal and interest; and

e. There are restrictions in the loan agreement on the disposal or use of the property consistent with the assumptions described in *"c"* and *"d"* above.

A deduction for interest may not be considered definitely related solely to specific property, even though the above facts and circumstances are present in form, if any of the facts and circumstances are not present in substance. Any expense directly attributable to allocable interest, dividends, rents and royalties shall be deducted from income to arrive at net allocable income.

EXAMPLE: For purposes of this example, it is assumed that the taxpayer has nonbusiness rental income. The taxpayer invests in a 20-story office building. Under the terms of the lease agreements, the taxpayer provides heat, electricity, janitorial services, and maintenance. The taxpayer also pays the property taxes. Construction of the building was funded through borrowings which meet the criteria of a direct expense under the provisions of this paragraph. The directly related expenses to the operation of the property are:

Interest expense	$1,200,000
Property taxes	500,000
Depreciation	500,000
Electricity	300,000
Heat	200,000
Insurance	150,000
Janitorial services	100,000
Repairs	50,000
Total expenses	$3,000,000

The directly related expense of the allocable rental income is $3,000,000.

This rule is intended to implement Iowa Code section 422.63.

701—59.27(422) Net gains and losses from the sale of assets. For purposes of administration of this rule, a capital gain or loss shall mean the sale price or value at the time of disposal of an asset less the adjusted basis, whether reportable as short-term or long-term capital gain or ordinary income for federal income tax purposes.

59.27(1) Gain or loss from the sale, exchange, or other disposition of real or tangible or intangible personal property, if the property while owned by the taxpayer was used in the taxpayer's trade or business, shall be apportioned by the business activity ratio applicable to the year the gain or loss is reported on the federal income tax return and may at the taxpayer's election be included in the computation of the business activity ratio as follows:

a. Gain from the sale, exchange, or other disposition of real property shall be included in the numerator if the property is located in this state.

b. Gain from the sale, exchange, or other disposition of tangible personal property shall be included in the numerator if:

(1) The property has a situs in this state at the time of sale; or

(2) The taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.

c. Gains from the sale, exchange, or other disposition of intangible personal property shall be included in the numerator if the taxpayer's commercial domicile is in this state.

d. All gains shall be included in the denominator of the activity ratio.

A taxpayer cannot elect to exclude or include gains or loss from the sale of assets where the election would result in an understatement of income reasonably attributable to Iowa. Noninclusive examples of gains or loss from the sale, exchange or other disposition of real or tangible or intangible property which may not be included in the computation of the business activity ratio because to do so would result in an understatement of net income reasonably attributable to Iowa are the gain recognized under an election pursuant to Section 338 of the Internal Revenue Code or gain recognized under Section 631(a) of the Internal Revenue Code.

59.27(2) Gain or loss from the sale, exchange, or other disposition of property not used in the taxpayer's trade or business shall be allocated as follows:

a. Gains or losses from the sale, exchange, or other disposition of real property located in this state are allocable to this state.

b. Gains or losses from the sale, exchange, or other disposition of tangible personal property are allocable to this state if:

(1) The property has a situs in this state at the time of sale; or

(2) The taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.

c. Gains or losses from the sale, exchange, or other disposition of intangible personal property are allocable to this state if the taxpayer's commercial domicile is in this state.

This rule is intended to implement Iowa Code section 422.63.

701—59.28(422) Apportionment factor. In determining the total net taxable income, the apportionable income attributable to this state, as determined by use of the apportionment fraction, shall be added to the nonapportionable income allocable to this state.

59.28(1) Receipts derived from transactions and activities in the regular course of trade or business which produce business income are included in the denominator of the apportionment factor. Income which is not subject to the Iowa franchise tax shall not be included in the computation of the apportionment factor.

59.28(2) The numerator of the apportionment factor is that portion of the total receipts included in the denominator of the taxpayer attributable to this state during the income year determined as follows:

a. Receipts from the lease, rental, or other use of real property shall be included in the numerator if the real property is located in Iowa.

b. Receipts from the sale of tangible personal property shall be included in the numerator if the property is delivered or shipped to a purchaser in this state regardless of the f.o.b. point or other conditions of the sales.

c. Receipts from the use of tangible personal property shall be included in the numerator of the business activity formula to the extent that property is utilized in Iowa. The extent of utilization of tangible personal property in a state is determined by multiplying the rent by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental periods in the taxable year. If the physical location of the property during the rental period is unknown or not ascertainable by the taxpayer, tangible personal property is utilized in the state in which the property was located at the time the rental payer obtained possession.

d. All royalty income from intangible personal property determined to be business income shall be included in the numerator of the business activity formula if the taxpayer's commercial domicile is in Iowa. All royalty income from tangible personal property or real property determined to be business income shall be included in the numerator of the business activity formula if the situs of the tangible personal property or real property is within Iowa.

e. Interest and other receipts from assets in the nature of loans (including federal funds sold and banker's acceptances) and installment obligations shall be attributed to the state where the borrower is located.

f. Interest income from a participating bank's portion of participation loan shall be attributed to the state where the borrower is located.

g. Interest income from loans solicited by traveling loan officers shall be attributed to the state where the borrower is located.

h. Interest or service charges from bank, travel, and entertainment credit card receivables and credit card holders' fees shall be attributed to the state in which the credit card holder resides in the case of an individual or, if a corporation, to the state of the corporation's commercial domicile.

i. Merchant discount income derived from bank and financial corporation credit card holder transactions with a merchant shall be attributed to the state in which the merchant is located. It shall be presumed that the location of the merchant is the address on the invoice submitted by the merchant to the taxpayer.

j. Receipts for the performance of fiduciary services are attributable to the state where the services are principally performed.

k. Receipts from investments of a bank in securities, the income from which constitutes business income, shall be attributed to its commercial domicile except that:

(1) Receipts from securities used to maintain reserves against deposits to meet federal and state reserve deposit requirements shall be attributed to each state based upon the ratio that total deposits in the state bear to total deposits everywhere.

(2) Receipts from securities owned by a bank but held by a state treasurer or other public official or pledged to secure public or trust funds deposited in the bank shall be attributed to the banking office at which the secured deposit is maintained.

l. Receipts (fees or charges) from the issuance of traveler's checks and money orders shall be attributed to the state where the taxpayer's office is located that issued the traveler's checks. If the traveler's checks are issued by an independent representative or agent of the taxpayer, the fees or charges shall be attributed to the state where the independent representative or agent issued the traveler's checks.

m. Fees, commissions, or other compensation for financial services rendered for a customer located in this state or an account maintained within this state.

n. Any other gross receipts resulting from the operation as a financial organization within the state to the extent the items do not represent a recapture of an expense.

o. Receipts from management services if the recipient of the management services is located in this state.

This rule is intended to implement Iowa Code section 422.63.

701—59.29(422) Allocation and apportionment of income in special cases. If a taxpayer feels that the allocation and apportionment method as prescribed by rule 701—59.28(422) in the taxpayer's case results in an injustice, the taxpayer may petition the department for permission to determine the taxable net income, both allocable and apportionable, to the state on some other basis.

The taxpayer must first file the return as prescribed by rule 701—59.28(422) and pay the tax shown due thereon. If a change to some other method is desired, a statement of objections and schedules detailing the alternative method shall be submitted to the department. The department shall require detail and proof within the time as the department may reasonably prescribe. In addition, the alternative method of allocation and apportionment will not be allowed where the taxpayer fails to produce, upon request of the department, any information the department deems necessary to analyze the request for an alternative method of allocation and apportionment. The petition must be in writing and shall set forth in detail the facts upon which the petition is based. The burden of proof will be on the taxpayer as to the validity of the method and its results. The mere fact that an alternative method of apportionment or allocation produces a lesser amount of income attributable to Iowa is, per se, insufficient proof that the statutory method of allocation and apportionment is invalid. *Moorman Manufacturing Company v. Bair,* 437 U.S. 267, 57 L.Ed.2d 197 (1978). In essence, a comparison of the statutory method of apportionment with another formulary apportionment method is insufficient to prove that the taxpayer would be entitled to the alternative formulary apportionment method. *Moorman Manufacturing Company v. Bair,* supra.

One of the possible alternative methods of allocation and apportionment is separate accounting provided the taxpayer's activities in Iowa are not unitary with the taxpayer's activities outside Iowa. Any corporation deriving income from business operations partly within and partly without Iowa must determine that net business income attributable to this state by the prescribed formula for apportioning net income, unless the taxpayer proved by clear and cogent evidence that the statutory formula apportions income to Iowa out of all reasonable proportion to the business transacted within Iowa. *Moorman Manufacturing Company v. Bair,* supra.

Separate accounting is not allowable for a unitary business where the separate accounting method fails to consider factors of profitability resulting from functional integration, centralization of management, and economics of scale. *Shell Oil Company v. Iowa Department of Revenue,* 414 N.W.2d 113 (Iowa 1987).

The burden of proof that the statutory method of apportionment attributes to Iowa income out of all reasonable proportion to the business transacted within Iowa is on the taxpayer. In order to utilize separate accounting, the taxpayer's books and records must be kept in a manner that accurately depicts the exact geographical source of profits. In any petition to utilize separate accounting, the taxpayer must submit schedules which accurately depict net income by division or product line and the amount of income earned within Iowa.

There are alternative methods of separate accounting utilizing different accounting principles. A mere showing that one separate accounting method produces a result substantially different than the statutory method of apportionment is not sufficient to justify the granting of the separate accounting method shown. The taxpayer must not only show that the separate accounting method advocated by the taxpayer in comparison with the statutory method of apportionment produces a result which, if the statutory method of apportionment were used, would be out of all reasonable proportion to the business transacted within Iowa. The taxpayer must also show that all other conceivable reasonable separate accounting methods would show, when compared with the statutory method of apportionment, that the statutory method of apportionment substantially produces a distorted result.

As used in this rule, "statutory method of apportionment" means the apportionment factor set forth in rule 701—59.28(422).

All requests to use an alternative method of allocation and apportionment submitted to the department will be considered by the compliance division if the request is the result of an audit or by the policy section of the compliance division if the request is received prior to audit. If the department concludes that the statutory method of allocation and apportionment is, in fact, both inapplicable and inequitable, the department shall prescribe a special method. The special method of allocation and apportionment prescribed by the department may be that requested by the taxpayer or some other method of allocation and apportionment which the department deems to equitably attribute income to business activities carried on within Iowa.

If the taxpayer disagrees with the determination of the department, the taxpayer may file a protest within 60 days of the date of the letter setting forth the department's determination and the reasons therefor in accordance with rule 701—7.41(17A). The department's determination letter shall set forth the taxpayer's rights to protest the department's determination.

If no protest is filed within the 60-day period, then no hearing will be granted on the department's determination under this rule. However, this does not preclude the taxpayer from subsequently raising this question in the event that the taxpayer protests an assessment or denial of a timely refund claim, but this issue will only be dealt with for the years involved in the assessment or timely refund claim.

The use of an alternative method of allocation and apportionment would only be applicable to the years under consideration at the time the special method of allocation and apportionment is prescribed. The taxpayer's continued use of a prescribed method of allocation and apportionment will be subject to review and change within the statutory, or legally extended period(s).

If there is a material change in the business operations or accounting procedures from those in existence at the time the taxpayer was permitted to determine the net income earned within Iowa by an alternative method of allocation and apportionment, the taxpayer shall apprise the department of such changes prior to filing the taxpayer's return for the current year. After reviewing the information submitted, along with any other information the department deems necessary, the department will notify the taxpayer if the alternative method of allocation and apportionment is deemed applicable.

This rule is intended to implement Iowa Code section 422.63.

Rules 701—59.25(422) to 701—59.29(422) are effective for tax years beginning on or after June 1, 1989.
