GENERAL ASSEMBLY OF IOWA

## **PREFACE TO 2019 IOWA CODE**

**IOWA CODE — ANNUAL ELECTRONIC PUBLICATIONS — BIENNIAL PRINTED HARDBOUND VOLUMES.** This Iowa Code is published pursuant to Iowa Code chapters 2A and 2B by the Legislative Services Agency. An official copy in PDF format and an unofficial, more user-friendly and searchable version of the Iowa Code are published following each regular session of a General Assembly on the Internet and on the Iowa Law Infobase. Printed hardbound volumes of the Iowa Code and the Tables and Indexes are published following the second regular session of a General Assembly.

**CODE CONTENTS AND EFFECTIVE AND APPLICABILITY DATES.** This 2019 Iowa Code includes all enactments with a January 1, 2019, or earlier effective date from the 2018 Session of the Eighty-seventh Iowa General Assembly and includes enactments from prior sessions that were effective on or before that date. Unless otherwise indicated in the text or in a footnote, new sections, amendments, and repeals from the 2018 Session were effective on or before July 1, 2018. Refer to specific enactments to determine effective and applicability dates not shown. The Table of Contents enumerates the titles and subtitles in this Iowa Code, and each volume contains an analysis by title, subtitle, and chapter. Republished, codified and original versions of the Constitution of the State of Iowa are included at the beginning of Volume I.

**EDITORIAL DECISIONS.** All duplicative or nonconflicting amendments to a Code section or part of a Code section were harmonized as required under Iowa Code sections 2B.13 and 4.11. A strike or repeal prevailed over an amendment to the same material. If amendments were irreconcilable, the last amendment in the Act, or latest in date of enactment, was codified as provided in Iowa Code sections 2B.13 and 4.8. Code Editor's Notes at the end of Volume VI explain editorial decisions. Iowa Code section 2B.13 governs editorial changes and their effective dates.

**HISTORIES AND NOTES.** Bracketed material at the end of Code sections traces the sections' histories up through 1982. Beginning with the 1983 Legislative Session, Code section histories are traced by citing all Iowa Acts amending or enacting the Code sections. The history of a transferred section includes the publication year and the Code section from which the transfer took place. An explanatory note describing the most recent changes in each new, amended, or revised Code section follows the history. Internal reference citations follow Code titles, subtitles, chapters, chapter subunits, or sections.

**TABLES AND INDEXES.** A separate Tables and Indexes volume is published annually and contains conversion tables of Senate and House files and Joint Resolutions to Iowa Acts chapters, tables of disposition of Iowa Acts, tables of Code sections altered, tables of corresponding sections, an Iowa Constitution Index, a General Index, and a Skeleton Index.

**EDITORIAL STAFF.** The 2019 Iowa Code senior legal editorial staff included Ed Cook, Senior Legal Counsel; Michael Duster, Senior Legal Counsel; Rachele Hjelmaas, Legal Editor; John Heggen, Legal Editor; and Nicholas Schroeder, Legal Counsel. The editorial staff of the Iowa Code welcomes comments and suggestions for improvements.

# DESIGNATION OF GENERAL ASSEMBLY — OFFICIAL LEGAL PUBLICATIONS — CITATIONS

## 2.2 Designation of general assembly.

1. Each regular session of the general assembly shall be designated by the year in which it convenes and by a number with a new consecutive number assigned with the session beginning in each odd-numbered year.
2. A special session of the general assembly shall be designated as an extraordinary session in the particular year of a numbered general assembly.

## 2B.17 Official legal publications — citations.

1. An official legal publication designated as such by the legislative services agency as provided in sections 2.42 and 2A.1, is the official and authoritative version of the statutes, administrative rules, or court rules of the state of Iowa.
  2.
    - a. The codified version of the state's constitution shall be known as the Constitution of the State of Iowa.
    - b. For statutes, the official versions of publications shall be known as the Iowa Acts, the Iowa Code, and the Code Supplement for supplements for the years 1979 through 2011.
    - c. For administrative rules, the official versions of the publications shall be known as the Iowa Administrative Bulletin and the Iowa Administrative Code.
    - d. For court rules, the official version of the publication shall be known as the Iowa Court Rules.
  3. The legislative services agency may adopt a style manual providing a uniform system of citing the codified Constitution of the State of Iowa and the official versions of publications listed in subsection 2, including by reference to commonly accepted legal sources. The legislative services agency style manual may provide for a different form of citation for electronic and printed versions of the same publication. Nothing in this section affects rules for style and format adopted pursuant to section 2.42.
  4. The codified Constitution of the State of Iowa, and statutes enacted and joint resolutions enacted or passed by the general assembly shall be cited as follows:
    - a. The codified Constitution of the State of Iowa shall be cited as the Constitution of the State of Iowa, with a reference identifying the preamble or boundaries, or article, section, and subunit of a section. Subject to the legislative services agency style manual, the Constitution of the State of Iowa may be cited as the Iowa Constitution.
    - b. The Iowa Acts shall be cited as the Iowa Acts with a reference identifying the year of the publication in conformance with section 2.2, and the chapter of a bill enacted or joint resolution enacted or passed during a regular session, or in the alternative the bill or joint resolution chamber designation, and the section of the chapter or bill or subunit of a section. A bill or joint resolution enacted or passed during a special session shall be cited by the extraordinary session designation in conformance with section 2.2. If the Iowa Acts have not been published, a bill or joint resolution may be cited by its bill or joint resolution chamber designation.
    - c. The Iowa Code shall be cited as the Iowa Code. Supplements to the Iowa Code published for the years 1979 through 2011 shall be cited as the Code Supplement. Subject to the legislative services agency style manual, the Iowa Code may be cited as the Code of Iowa or Code and the Code Supplement may be cited as the Iowa Code Supplement, with references identifying parts of the publication, including but not limited to title or chapter, section, or subunit of a section. If the citation refers to a past edition of the Iowa Code or Code Supplement, the citation shall identify the year of publication. The legislative services agency style manual shall provide for a citation form for any supplements to the Iowa Code published after the year 2013.
  5. Administrative rules shall be cited as follows:
    - a. The Iowa Administrative Bulletin shall be cited as the IAB, with references identifying the volume number which may be based on a fiscal year cycle, the issue number, and the ARC number assigned to the rulemaking document by the administrative rules coordinator pursuant to section 17A.4. Subject to the legislative services agency style manual, the citation may also include the publication's page number.
    - b. The Iowa Administrative Code shall be cited as the IAC, with references to an agency's identification number placed at the beginning of the citation and with references to parts of the publication, including but not limited to chapter, rule, or subunit of a rule.
  6. The Iowa Court Rules shall be cited as the Iowa Court Rules, with references to the rule number and to subunits of the publication, which may include but are not limited to the Iowa Rules of Civil Procedure, the Iowa Rules of Criminal Procedure, the Iowa Rules of Evidence, the Iowa Rules of Appellate Procedure, the Iowa Rules of Professional Conduct, and the Iowa Code of Judicial Conduct. Subject to the legislative services agency style manual, the names of the rules may be abbreviated.

Chapters of the Code are cited as whole numerals; as chapter 135 or chapter 135A.

Sections are cited as decimal numerals; as section 135.101 or section 135A.2. Sections are often divided into subunits. The following is an example of the hierarchical structure of a Code section:

Section: 8C.7A	Subparagraph division: (a)
Subsection: 3	Subparagraph subdivision: (iv)
Paragraph: c	Subparagraph part: (A)
Subparagraph: (3)	Subparagraph subpart: (I)

The above Code section example may be abbreviated as 8C.7A(3)(c)(3)(a)(iv)(A)(I).

2. a. b. All moneys received by the division from the issuance of vintner's certificates of compliance and wine permits shall be transferred by the director of the department of administrative services to the general fund of the state.

3. Notwithstanding subsection 2, if gaming revenues under sections 99D.17 and 99F.11 are insufficient in a fiscal year to meet the total amount of such revenues directed to be deposited in the revenue bonds debt service fund and the revenue bonds federal subsidy holdback fund during the fiscal year pursuant to section 8.57, subsection 5, paragraph "e", the difference shall be paid from moneys deposited in the beer and liquor control fund prior to transfer of such moneys to the general fund pursuant to subsection 2 and prior to the transfer of such moneys pursuant to subsections 5 and 6. 4. The treasurer of state shall, each quarter, prepare an estimate of the gaming revenues and of the moneys to be deposited in the beer and liquor control fund that will become available during the remainder of the appropriate fiscal year for the purposes described in subsection 3. The department of management, the department of inspections and appeals, and the department of commerce shall take appropriate actions to provide that the sum of the amount of gaming revenues available to be deposited into the revenue bonds debt service fund and the revenue bonds federal subsidy holdback fund during a fiscal year and the amount of moneys to be deposited in the beer and liquor control fund available to be deposited into the revenue bonds debt service fund and the revenue bonds federal subsidy holdback fund during such fiscal year will be sufficient to cover any anticipated deficiencies.

Any amounts received in excess of the amounts appropriated to the Iowa department of public health for use by the staff who administer the comprehensive substance abuse program under chapter 125 shall be considered part of the general fund balance.

7. Civil penalties imposed and collected by the division shall be credited to the general fund of the state. The moneys from the civil penalties shall be used by the division, subject to appropriation by the general assembly, for the purposes of providing educational programs, information and publications for alcoholic beverage licensees and permittees, local authorities, and law enforcement agencies regarding the laws and rules which govern the alcoholic beverages industry, and for promoting compliance with alcoholic beverage laws and rules.

1. The division has the exclusive right of importation into the state of all forms of alcoholic liquor, except as otherwise provided in this chapter, and a person shall not import alcoholic liquor, except that an individual of legal age may import and have in the individual's possession an amount of alcoholic liquor not exceeding nine liters per calendar month that the individual personally obtained outside the state. Alcoholic liquor imported by an individual pursuant to this subsection shall be for personal consumption only in a private home or other private accommodation. A distillery shall not sell alcoholic liquor within the state to any person but only to the division, except as otherwise provided in this chapter. This section vests in the division exclusive control within the state as purchaser of all alcoholic liquor sold by distilleries within the state or imported, except beer and wine, and except as otherwise provided in this chapter. The division shall receive alcoholic liquor on a bailment system for resale by the division in the manner set forth in this chapter. The division shall act as the sole wholesaler of alcoholic liquor to class "E" liquor control licensees.

2. a. A person, acting individually or through another acting for the person, shall not directly or indirectly, or upon any pretense or by any device, do any of the following:

(1) Manufacture, sell, exchange, barter, dispense, give in consideration of the purchase of any property or of any services or in evasion of this chapter, or keep for sale, or have possession of any alcoholic liquor, except as provided in this chapter.

(2) Own, keep, or be in any way concerned, engaged, or employed in owning or keeping, any alcoholic liquor with intent to violate any provision of this chapter, or authorize or permit the same to be done.

(3) Manufacture, own, sell, or have possession of any manufactured or compounded article, mixture or substance, not in a liquid form, and containing alcohol which may be converted into a beverage by a process of pressing or straining the alcohol therefrom, or any instrument intended for use and capable of being used in the manufacture of alcoholic liquor.

(4) Own or have possession of any material used exclusively in the manufacture of alcoholic liquor.

(5) Use or have possession of any material with intent to use it in the manufacture of alcoholic liquors.

b. However, alcohol may be manufactured for industrial and nonbeverage purposes by persons who have qualified for that purpose as provided by the laws of the United States and the laws of this state. Such alcohol, so manufactured, may be denatured, transported, used, possessed, sold, and bartered and dispensed, subject to the limitations, prohibitions and restrictions imposed by the laws of the United States and this state.

c. Any person may manufacture, sell, or transport ingredients and devices other than alcohol for the making of homemade wine or beer.

**123.23 Distiller's certificate of compliance — injunction — penalty.**

1. Any manufacturer, distiller, or importer of alcoholic liquors shipping, selling, or having alcoholic liquors brought into this state for resale by the state shall, as a condition precedent to the privilege of so trafficking in alcoholic liquors in this state, annually make application for and hold a distiller's certificate of compliance which shall be issued by the administrator for that purpose. No brand of alcoholic liquor shall be sold by the division in this state unless the manufacturer, distiller, importer, and all other persons participating in the distribution

of that brand in this state have obtained a certificate. The certificate of compliance shall expire at the end of one year from the date of issuance and shall be renewed for a like period upon application to the administrator unless otherwise suspended or revoked for cause. Each application for a certificate of compliance or renewal shall be submitted electronically, or in a manner prescribed by the administrator, and shall be accompanied by a fee of fifty dollars payable to the division. However, this subsection need not apply to a manufacturer, distiller, or importer who ships or sells in this state no more than eleven gallons or its case equivalent during any fiscal year as a result of “special orders” which might be placed, as defined and allowed by divisional rules adopted under this chapter.

2. At the time of applying for a certificate of compliance, each applicant shall submit to the division electronically, or in a manner prescribed by the administrator, the name and address of its authorized agent for service of process which shall remain effective until changed for another, and a list of names and addresses of all representatives, employees, or attorneys whom the applicant has appointed in the state of Iowa to represent it for any purpose. The listing shall be amended by the certificate holder as necessary to keep the listing current with the division.

3. The administrator and the attorney general are authorized to require any certificate holder or person listed as the certificate holder’s representative, employee, or attorney to disclose such financial and other records and transactions as may be considered relevant in discovering violations of this chapter or of rules and regulations of the division or of any other provision of law by any person.

4. Any violation of the requirements of this section, except subsection 3, shall subject the violator to the general penalties provided in this chapter and in addition to the general penalties, is grounds for suspension or revocation of the certificate of compliance, after notice and hearing before the administrator. Willful failure to comply with requirements which may be imposed under subsection 3 is grounds for suspension or revocation of the certificate of compliance only.

5. This section shall not require the listing of those persons who are employed on premises where alcoholic liquors are manufactured, processed, bottled, or packaged in Iowa or persons who are thereafter engaged in the transporting of such alcoholic liquors to the division.

6. The attorney general may also proceed pursuant to the provisions of section 714.16 in order to gain compliance with subsection 3 of this section and may obtain an injunction prohibiting any further violations of this chapter or other provisions of law. Any violation of that injunction shall be punished as contempt of court pursuant to chapter 665 except that the maximum fine that may be imposed shall not exceed fifty thousand dollars.

1. The division shall sell alcoholic liquor at wholesale only. The division shall sell alcoholic liquor to class “E” liquor control licensees only. The division shall offer the same price on alcoholic liquor to all class “E” liquor control licensees without regard for the quantity of purchase or the distance for delivery. However, the division may assess a split-case charge when liquor is sold in quantities which require a case to be split.

2. a. The division may accept from a class “E” liquor control licensee electronic funds transferred by automated clearing house, wire transfer, or another method deemed acceptable by the administrator, in payment of alcoholic liquor. If a payment is subsequently dishonored, the division shall cause a notice of nonpayment and penalty to be served upon the class “E” liquor control licensee or upon any person in charge of the licensed premises. The notice shall state that if payment or satisfaction for the dishonored payment is not made within ten days of the service of notice, the licensee’s liquor control license may be

suspended under section 123.39. The notice of nonpayment and penalty shall be in a form prescribed by the administrator, and shall be sent by certified mail.

b. If upon notice and hearing under section 123.39 and pursuant to the provisions of chapter 17A concerning a contested case hearing, the administrator determines that the class “E” liquor control licensee failed to satisfy the obligation for which the payment was issued within ten days after the notice of nonpayment and penalty was served on the licensee as provided in paragraph “a” of this subsection, the administrator may suspend the licensee’s class “E” liquor control license for a period not to exceed ten days.

3. The administrator may refuse to sell alcoholic liquor to a class “E” liquor control licensee who tenders a payment which is subsequently dishonored until the outstanding obligation is satisfied.

4. The price of alcoholic liquor sold by the division shall include a markup of up to fifty percent of the wholesale price paid by the division for the alcoholic liquor. The markup shall apply to all alcoholic liquor sold by the division; however, the division may increase the markup on selected kinds of alcoholic liquor sold by the division if the average return to the division on all sales of alcoholic liquor does not exceed the wholesale price paid by the division and the fifty percent markup.

5. Notwithstanding subsection 4, the division shall assess a bottle surcharge to be included in the price of alcoholic liquor in an amount sufficient, when added to the amount not refunded to class “E” liquor control licensees pursuant to section 455C.2, to pay the costs incurred by the division for collecting and properly disposing of the liquor containers. The amount collected pursuant to this subsection, in addition to any amounts not refunded to class “E” liquor control licensees pursuant to section 455C.2, shall be deposited in the beer and liquor control fund established under section 123.17.

Within twenty-four hours, the license or card shall be delivered to the appropriate city or county law enforcement agency of the jurisdiction in which the licensed premises is located. #### **123.49 Miscellaneous prohibitions.**

1. A person shall not sell, dispense, or give to an intoxicated person, or one simulating intoxication, any alcoholic beverage.

a. A person other than a person required to hold a license or permit under this chapter who dispenses or gives an alcoholic beverage in violation of this subsection is not civilly liable to an injured person or the estate of a person for injuries inflicted on that person as a result of intoxication by the consumer of the alcoholic beverage.

b. The general assembly declares that this subsection shall be interpreted so that the holding of *Clark v. Mincks*, 364 N.W.2d 226 (Iowa 1985) is abrogated in favor of prior judicial interpretation finding the consumption of alcoholic beverages rather than the serving of alcoholic beverages as the proximate cause of injury inflicted upon another by an intoxicated person.

2. A person or club holding a liquor control license or retail wine or beer permit under this chapter, and the person's or club's agents or employees, shall not do any of the following:

a. Knowingly permit any gambling, except in accordance with chapter 99B, 99D, 99F, or 99G, or knowingly permit solicitation for immoral purposes, or immoral or disorderly conduct on the premises covered by the license or permit.

b. Sell or dispense any alcoholic beverage on the premises covered by the license or permit, or permit its consumption thereon between the hours of 2:00 a.m. and 6:00 a.m. on a weekday, and between the hours of 2:00 a.m. on Sunday and 6:00 a.m. on the following Monday, however, a holder of a liquor control license or retail wine or beer permit granted the privilege of selling alcoholic liquor, wine, or beer on Sunday may sell or dispense alcoholic liquor, wine, or beer between the hours of 8:00 a.m. on Sunday and 2:00 a.m. on the following Monday.

c. Sell alcoholic beverages to any person on credit, except with a bona fide credit card. This provision does not apply to sales by a club to its members, to sales by a hotel or motel to bona fide registered guests, nor to retail sales by the managing entity of a convention center, civic center, or events center.

d. (1) Keep on premises covered by a liquor control license any alcoholic liquor in any container except the original package purchased from the division, and except mixed drinks or cocktails mixed on the premises for immediate consumption on the licensed premises or as otherwise provided by this paragraph "d". This prohibition does not apply to common carriers holding a class "D" liquor control license.

(2) Mixed drinks or cocktails mixed on the premises that are not for immediate consumption may be consumed on the licensed premises subject to the requirements of this subparagraph pursuant to rules adopted by the division. The rules shall provide that the mixed drinks or cocktails be stored, for no longer than seventy-two hours, in a labeled container in a quantity that does not exceed three gallons. The rules shall also provide that added flavors and other nonbeverage ingredients included in the mixed drinks or cocktails shall not include hallucinogenic substances or added caffeine or other added stimulants including but not limited to guarana, ginseng, and taurine. In addition, the rules shall require that the licensee keep records as to when the contents in a particular container were mixed and the recipe used for that mixture.

e. Reuse for packaging alcoholic liquor or wine any container or receptacle used originally for packaging alcoholic liquor or wine; or adulterate, by the addition of any substance, the contents or remaining contents of an original package of an alcoholic liquor or wine; or knowingly possess any original package which has been so reused or adulterated.

f. Employ a person under eighteen years of age in the sale or serving of alcoholic beverages for consumption on the premises where sold.

g. Allow any person other than the licensee, permittee, or employees of the licensee or permittee, to use or keep on the licensed premises any alcoholic liquor in any bottle or other container which is designed for the transporting of such beverages, except as permitted in section 123.95. This paragraph does not apply to the lodging quarters of a class “B” liquor control licensee or wine or beer permittee, or to common carriers holding a class “D” liquor control license.

h. Sell, give, or otherwise supply any alcoholic beverage to any person, knowing or failing to exercise reasonable care to ascertain whether the person is under legal age, or permit any person, knowing or failing to exercise reasonable care to ascertain whether the person is under legal age, to consume any alcoholic beverage.

i. In the case of a retail wine or beer permittee, knowingly allow the mixing or adding of alcohol or any alcoholic beverage to wine, beer, or any other beverage in or about the permittee’s place of business.

j. Knowingly permit or engage in any criminal activity on the premises covered by the license or permit. However, the absence of security personnel on the licensed premises is insufficient, without additional evidence, to prove that criminal activity occurring on the licensed premises was knowingly permitted in violation of this paragraph “j”. For purposes of this paragraph “j”, “premises” includes parking lots and areas adjacent to the premises of a liquor control licensee or wine or beer permittee authorized to sell alcoholic beverages for consumption on the licensed premises and used by patrons of the liquor control licensee or wine or beer permittee.

k. Sell, give, possess, or otherwise supply a machine which is used to vaporize an alcoholic beverage for the purpose of being consumed in a vaporized form.

3. A person under legal age shall not misrepresent the person’s age for the purpose of purchasing or attempting to purchase any alcoholic beverage from any liquor control licensee or wine or beer permittee. If any person under legal age misrepresents the person’s age, and the licensee or permittee establishes that the licensee or permittee made reasonable inquiry to determine whether the prospective purchaser was over legal age, the licensee or permittee is not guilty of selling alcoholic beverages to a person under legal age.

4. No privilege of selling alcoholic beverages on Sunday as provided in section 123.36, subsection 6, and section 123.134, subsection 4, shall be granted to a club or other organization which places restrictions on admission or membership in the club or organization on the basis of sex, race, religion, or national origin. However, the privilege may be granted to a club or organization which places restrictions on membership on the basis of sex, if the club or organization has an auxiliary organization open to persons of the other sex.

2. The conviction of any liquor control licensee or wine or beer permittee for a violation of any of the provisions of section 123.49, subject to subsection 3 of this section, is grounds for the suspension or revocation of the license or permit by the division or the local authority. However, if any liquor control licensee is convicted of any violation of section 123.49, subsection 2, paragraph “a”, “d”, or “e”, or any wine or beer permittee is convicted of a violation of section 123.49, subsection 2, paragraph “a” or “e”, the liquor control license or wine or beer permit shall be revoked and shall immediately be surrendered by the holder, and the bond, if any, of the license or permit holder shall be forfeited to the division.

3. If any liquor control licensee, wine or beer permittee, or employee of a licensee or permittee is convicted or found in violation of section 123.49, subsection 2, paragraph “h”, the administrator or local authority shall, in addition to criminal penalties fixed for violations by this section, assess a civil penalty as follows:

(1) The date of any violation shall be used in determining the period between violations.

(2) Suspension shall be limited to the specific license or permit for the premises found in violation.

(3) Notwithstanding section 123.40, revocation shall be limited to the specific license or permit found in violation and shall not disqualify a licensee or permittee from holding a license or permit at a separate location.

4. In addition to any other penalties imposed under this chapter, the division shall assess a civil penalty up to the amount of five thousand dollars upon a class “E” liquor control licensee when the class “E” liquor license is revoked for a violation of section 123.59. Failure to pay the civil penalty as required under this subsection shall result in forfeiture of the bond to the division.

5. If an employee of a liquor control licensee or wine or beer permittee violates section 123.49, subsection 2, paragraph “h”, the licensee or permittee shall not be assessed a penalty under subsection 3, and the violation shall be deemed not to be a violation of section 123.49, subsection 2, paragraph “h”, for the purpose of determining the number of violations for which a penalty may be assessed pursuant to subsection 3, if the employee holds a valid certificate of completion of the alcohol compliance employee training program pursuant to section 123.50A at the time of the violation, and if the violation involves selling, giving, or otherwise supplying any alcoholic beverage to a person between the ages of eighteen and twenty years of age. A violation involving a person under the age of eighteen years of age shall not qualify for the bar against assessment of a penalty pursuant to subsection 3, for a violation of section 123.49, subsection 2, paragraph “h”. **123.92 Civil liability for dispensing or sale and service of any alcoholic beverage (Dramshop Act) — liability insurance — underage persons.**

1. *a.* Subject to the limitation amount specified in paragraph “c”, if applicable, any third party who is not the intoxicated person who caused the injury at issue and who is injured in person or property or means of support by an intoxicated person or resulting from the intoxication of a person, has a right of action for damages actually sustained, severally or jointly against any licensee or permittee, whether or not the license or permit was issued by the division or by the licensing authority of any other state, who sold and served any alcoholic beverage directly to the intoxicated person, provided that the person was visibly intoxicated at the time of the sale or service.

b. If the injury was proximately caused by an intoxicated person, a permittee or licensee may establish as an affirmative defense that the intoxication did not contribute to the injurious action of the person.

c. The total amount recoverable by each plaintiff in any civil action for noneconomic damages for personal injury, whether in tort, contract, or otherwise, against a licensee or permittee, shall be limited to two hundred fifty thousand dollars for any injury or death of a person, unless the jury determines that there is a substantial or permanent loss or impairment of a bodily function, substantial disfigurement, or death, which warrants a finding that imposition of such a limitation would deprive the plaintiff of just compensation for the injuries sustained.

2. a. Every liquor control licensee, class “B” beer permittee, and class “C” native wine permittee, except a class “E” liquor control licensee, shall furnish proof of financial responsibility by the existence of a liability insurance policy in an amount determined by the division. If an insurer provides dramshop liability insurance at a new location to a licensee or permittee who has a positive loss experience at other locations for which such insurance is provided by the insurer, and the insurer bases premium rates at the new location on the negative loss history of the previous licensee or permittee at that location, the insurer shall examine and consider adjusting the premium for the new location not less than thirty months after the insurance is issued, based on the loss experience of the licensee or permittee at that location during that thirty-month period of time.

b. A dramshop liability insurance policy may be written on an aggregate limit basis.

c. The purpose of dramshop liability insurance is to provide protection for members of the public who experience damages as a result of licensees or permittees serving patrons any alcoholic beverage to a point that reaches or exceeds the standard set forth in law for liability. Minimum coverage requirements for such insurance are not for the purpose of making the insurance affordable for all licensees or permittees regardless of claims experience. A dramshop liability insurance policy obtained by a licensee or permittee shall meet the minimum insurance coverage requirements as determined by the division and is a mandatory condition for holding a license or permit.

3. a. Notwithstanding section 123.49, subsection 1, any person who is injured in person or property or means of support by an intoxicated person who is under legal age or resulting from the intoxication of a person who is under legal age, has a right of action for all damages actually sustained, severally or jointly, against a person who is not a licensee or permittee and who dispensed or gave any alcoholic beverage to the intoxicated underage person when the nonlicensee or nonpermittee who dispensed or gave the alcoholic beverage to the underage person knew or should have known the underage person was intoxicated, or who dispensed or gave any alcoholic beverage to the underage person to a point where the nonlicensee or nonpermittee knew or should have known that the underage person would become intoxicated.

b. If the injury was caused by an intoxicated person who is under legal age, a person who is not a licensee or permittee and who dispensed or gave the alcoholic beverage to the underage person may establish as an affirmative defense that the intoxication did not contribute to the injurious action of the underage person.

c. For purposes of this subsection, “dispensed” or “gave” means the act of physically presenting a receptacle containing any alcoholic beverage to the underage person whose actions or intoxication results in the sustaining of damages by another person. However, a person who dispenses or gives any alcoholic beverage to an underage person shall only be liable for any damages if the person knew or should have known that the underage person was under legal age.

Such six months' period shall be extended if the injured party is incapacitated at the expiration thereof or unable, through reasonable diligence, to discover the name of the licensee, permittee, or person causing the injury or until such time as such incapacity is removed or such person has had a reasonable time to discover the name of the licensee, permittee or person causing the injury.

The holder of an annual special class "C" liquor control license shall not act as the agent of a private social host for the purpose of providing and serving wine and beer as part of a food catering service for a private social gathering in a private place. The private social host or the licensee shall not solicit donations in payment for the food or alcoholic beverages from the guests, and the alcoholic beverages and food shall be served without cost to the guests. Section 123.92 does not apply to a liquor control licensee who acts in accordance with this section when the liquor control licensee is providing and serving food and alcoholic beverages as an agent of a private social host at a private social gathering in a private place which is not on the licensed premises.

2. An applicant for a class "B" liquor control license or class "C" liquor control license shall state on the application for the license that the licensee intends to engage in catering food and alcoholic beverages for private social gatherings and the catering privilege shall be noted on the license or permit. A licensee who engages in catering food and alcoholic beverages for private social gatherings shall maintain a record on the licensed premises which includes the name and address of the host of the private social gathering, and the date for which catering was provided. The record maintained pursuant to this section shall be open to inspection pursuant to section 123.30, subsection 1, during normal business hours of the licensee.

3. However, bona fide conventions or meetings may bring their own legal liquor onto the licensed premises if the liquor is served to delegates or guests without cost. 95 Acts, ch 101, §1

#### 123A.2 Definitions.

As used in this chapter, unless the context otherwise requires:

1. “*Affected party*” means a wholesaler, brewer, master distributor, successor brewer, or any person that is a party to an agreement.

2. “*Agreement*” means a contract or arrangement whether expressed or implied, oral or written, for a definite or indefinite period between a brewer and a wholesaler pursuant to which a wholesaler has been granted the right to purchase, resell, and distribute one or more brands of beer offered by a brewer, or a contract or arrangement in which a brewer grants to a wholesaler a license to use a trade name, trademark, service mark, or related characteristic and in which there is a community of interest in the marketing of the products of the brewer. An agreement exists when one or more of the following occur:

a. A brewer has shipped beer to a wholesaler or accepted an order for beer from a wholesaler.

b. A brewer purchases the right to manufacture a beer product, the right to use the trade name for the product, or the right to distribute a product from another brewer with whom the wholesaler has an agreement.

3. “*Beer*” means beer or high alcoholic content beer as defined in section 123.3.

4. “*Brand*” means a word, name, group of letters, symbol, or a combination of words, names, letters, or symbols adopted and used by a brewer to identify a specific beer product, and to distinguish that beer product from other beer products brewed or marketed by that brewery or other breweries.

5. “*Brand extension*” means a brand which incorporates all or a substantial part of the unique features of a preexisting brand of the same brewery and which relies to a significant extent on the goodwill associated with the preexisting brand. However, a general corporate logo or symbol or an advertising message, whether appearing on the product packaging or elsewhere, is not a brand, brand extension, or part of a brand or brand extension.

6. “*Brewer*” means a person who is engaged in the manufacture of beer for the purpose of sale, barter, exchange, or transportation, a master distributor, or a fermenter, processor, bottler, packager, or importer of beer, or a successor brewer.

7. “*Designated member*” means a deceased wholesaler’s spouse, child, grandchild, parent, brother, or sister, who is entitled to inherit the deceased wholesaler’s ownership interest under the terms of the deceased wholesaler’s will, other testamentary device, or the laws of intestate succession. With respect to an incapacitated individual having an ownership interest in a wholesaler, “*designated member*” also means a person appointed by the court as the conservator of the individual’s property. “*Designated member*” also includes the appointed and qualified personal representative and the testamentary trustee of a deceased wholesaler.

8. “*Good cause*” exists if the wholesaler or affected party has failed to comply with reasonable requirements which are imposed upon the wholesaler or affected party through an agreement, which do not discriminate either by their terms or in the methods of their enforcement as compared with requirements imposed on other similarly situated wholesalers by the brewer, and which are not in violation of any law or administrative rule.

9. “*Good faith*” means honesty in fact and the observance of reasonable commercial standards of fair dealing in the trade and defined and interpreted under section 554.1201.

10. “*Manager*” means an individual named or designated by agreement between the brewer and wholesaler, who is principally responsible for the daily management of the wholesaler.

11. “*Master distributor*” means a wholesaler who acts in the role of or in a similar capacity as a brewer or outside seller of one or more brands of beer to other wholesalers on a regular basis in the normal course of business.

12. “*Reasonable standards and qualifications*” means those criteria applied by the brewer to similarly situated wholesalers during a period of twenty-four months before a proposed change in a successor manager of the wholesaler’s business.

13. “*Similarly situated wholesalers*” means wholesalers of a brewer that are of a generally comparable size, and operate in markets with similar demographic characteristics, including population size, density, distribution, and vital statistics, and reasonably similar economic and geographic conditions.

14. “*Successor brewer*” means a person who succeeds to the role of a brewer or master

distributor to manufacture or distribute one or more brands of beer whether by merger, purchase of corporate shares, purchase of assets, or any other arrangement.

15. “*Successor manager*” means an individual named or designated by agreement between a brewer and wholesaler who succeeds to the role of manager who will be principally responsible for the daily management of the wholesaler.

16. “*Territory*” means the geographic area of primary sales responsibility designated by an agreement between a wholesaler and brewer for one or more brands of beer of the brewer.

17. “*Wholesaler*” means a person, other than a vintner, brewer, or bottler of beer, who sells, barter, exchanges, offers for sale, possesses with intent to sell, deals, or traffics in beer.

2. The notification required under subsection 1 shall be in writing and sent to the affected party by certified mail not less than ninety days before the date on which the agreement will be amended, modified, canceled, not renewed, or otherwise terminated. c. The date on which the action will take effect.

3. For each cancellation, nonrenewal, or termination, the brewer shall have the burden of showing that it has acted in good faith, that the notice requirements under this section have been complied with, and that there was good cause for the cancellation, nonrenewal, or termination.

4. Notwithstanding the terms or conditions of any agreement, good cause exists for the purpose of a cancellation, nonrenewal, or termination if all of the following occur:

a. The wholesaler fails to comply with a provision of the agreement which is both reasonable and of material significance to the business relationship between the wholesaler and the brewer.

b. The brewer first acquired knowledge of the failure described in paragraph “a” not more than twenty-four months before the date notification was given pursuant to subsection 2.

c. The wholesaler was given notice by the brewer of failure to comply with the agreement.

d. The wholesaler has been given thirty days in which to submit a plan of corrective action to comply with the agreement and an additional ninety days to cure the noncompliance in accordance with the plan, and has failed to correct the failure to comply with the provisions of the agreement.

5. A brewer may cancel, fail to renew, or otherwise terminate an agreement without furnishing any prior notification and without good cause as required in subsection 4 for any of the following reasons:

a. The wholesaler’s failure to pay any account when due and upon written demand by the brewer for the payment, in accordance with agreed upon payment terms.

e. The wholesaler’s conviction of, or plea of guilty or no contest to, a charge of violating a law or rule in this state which materially and adversely affects the ability of either party to continue to sell beer in this state, or the revocation or suspension of a license or permit to sell beer in this state for a period greater than thirty-one days.

f. Any attempted transfer of business assets of the wholesaler, ten percent or more of the

voting stock of the wholesaler or the voting stock of any parent corporation of the wholesaler, or any change in the beneficial ownership or control of any wholesaler without obtaining the prior consent or approval as provided for under section 123A.6.

g. The wholesaler's fraudulent conduct relating to a material matter on the part of the wholesaler in dealings with the brewer or its product. However, the brewer shall have the burden of proving fraudulent conduct relating to a material matter on the part of the wholesaler in any legal action challenging the termination.

h. The wholesaler distributes, sells, or delivers beer to a retailer whose premises are situated outside the geographic territory agreed upon by the wholesaler and the brewer as the area in which the wholesaler will sell beer purchased from the brewer, without the consent of the brewer and the distributor who has been assigned the territory by the brewer.

95 Acts, ch 101, §3

Referred to in §123A.4

#### **123A.4 Cancellation.**

A brewer or a wholesaler shall not cancel, fail to renew, or otherwise terminate an agreement unless the party intending that action has good cause for the cancellation, failure to renew, or termination, has made good faith efforts to resolve disagreements, and, in any case in which prior notification is required under section 123A.3, the party intending to act has furnished the prior notification and the other party has not eliminated the reasons specified in the notification for cancellation, failure to renew, or termination, within the periods provided in section 123A.3, subsection 4, paragraph "d".

95 Acts, ch 101, §4

#### **123A.5 Prohibited conduct.**

1. A brewer shall not commit any of the following actions:

a. Induce or coerce, or attempt to induce or coerce, any wholesaler to engage in any illegal act or course of conduct.

b. Require a wholesaler to assent to any unreasonable requirement, condition, understanding, or term of an agreement prohibiting a wholesaler from selling the product of another brewer.

c. Fix, maintain, or establish the price at which a wholesaler may resell beer, or to change, by any means, the price charged to the wholesaler after beer has been ordered by the wholesaler from the brewer.

d. Require any wholesaler to accept delivery of any beer or any other item or commodity which shall not have been ordered by the wholesaler.

e. Require a wholesaler without the wholesaler's approval to participate in an arrangement for the payment or crediting by an electronic fund transfer transaction for any item or commodity other than beer, or to access a wholesaler's account for any item or commodity other than beer.

f. Require or prohibit any change in the manager or successor manager of any wholesaler who has been approved by the brewer as of or subsequent to July 1, 1995, unless the brewer acts in good faith. If a wholesaler changes an approved manager or successor manager, a brewer shall not require or prohibit the change unless the person selected by the wholesaler fails to meet the nondiscriminatory, material, and reasonable standards and qualifications for managers or successor managers consistently applied to similarly situated wholesalers by the brewer. However, the brewer shall have the burden of proving that the person fails to meet the reasonable standards and qualifications.

g. Discriminate among the brewer's wholesalers in any business dealings including, but not limited to, the price of beer sold to the wholesaler or terms of sale offered to wholesalers, unless the difference among its wholesalers is based on reasonable grounds.

h. Fail to provide each wholesaler of the brewer's brand with a written agreement which contains in total the brewer's agreement with each wholesaler, and designates a specific exclusive sales territory. The terms of written agreements executed, amended, or renewed after July 1, 1995, shall be consistent with this chapter, and this chapter may be incorporated by reference in the agreement.

i. Enter into an additional agreement with any other wholesaler for, or to sell to any other wholesaler, the same brand of beer or brand extension in the same territory or any portion of the territory, or to sell directly to any retailer in this state.

j. Require a wholesaler to purchase one or more brands of beer in order for the wholesaler to purchase another brand of beer for any reason.

k. Require a wholesaler, by any means, directly to participate in or contribute to any local or national advertising fund controlled directly or indirectly by a brewer.

l. Require by a provision of an agreement or other instrument in connection with the agreement that any dispute arising out of or in connection with the agreement be determined through the application of any other state's laws, be determined in federal court sitting in a state other than Iowa, or be determined in a state court of a state other than this state. A provision contained in any agreement or other instrument in connection with the agreement which contravenes this section shall be null and void.

2. A wholesaler who, pursuant to an agreement, is granted a sales territory for which the wholesaler is primarily responsible or in which the wholesaler is required to concentrate the wholesaler's efforts, shall not make any sale or delivery of beer to any retail licensee whose place of business is not within the territory granted to the wholesaler unless agreed upon by all affected parties.

95 Acts, ch 101, §5

#### **123A.6 Transfer of business assets or stock.**

1. A brewer shall not unreasonably withhold or delay its approval of any assignment, sale, or transfer of the stock or other indicia of ownership of a wholesaler or all or any portion of a wholesaler's assets, wholesaler's voting stock, the voting stock of any parent corporation, or the beneficial ownership or control of any other entity owning or controlling the wholesaler, including the wholesaler's rights and obligations under the terms of an agreement when the person to be substituted meets reasonable standards. Upon the death of one of the partners of a partnership operating the business of a wholesaler, a brewer shall not deny the surviving partner of the partnership the right to become a successor-in-interest to the agreement between the brewer and the partnership, if the survivor has been active in the management of the partnership and is otherwise capable of carrying on the business of the partnership.

2. Notwithstanding subsection 1, upon the death of a wholesaler, a brewer shall not deny approval for any transfer of ownership or management to a designated member, including the rights under the agreement with the brewer. The transfer or assignment shall not be effective until written notice is given to the brewer, but the brewer's consent to the transfer or assignment shall not be required.

95 Acts, ch 101, §6

Referred to in §123A.3

#### **123A.7 Reasonable compensation.**

1. A brewer who cancels, fails to renew, or terminates any agreement, or unlawfully denies approval of, or unreasonably withholds consent to any assignment, transfer, or sale of a wholesaler's business assets or voting stock or other equity securities, except as provided in this chapter, shall pay the wholesaler with which the brewer has an agreement pursuant to this chapter, reasonable compensation for the fair market value of the wholesaler's business with relation to the affected brand of beer. The fair market value of the wholesaler's business shall include, but not be limited to, its goodwill, if any.

2. If a brewer and a wholesaler are unable to mutually agree on the reasonable compensation to be paid for the value of the wholesaler's business, either party may maintain a civil action as provided in section 123A.9, or the matter may, by mutual agreement of the parties, be submitted to a three-member arbitration panel consisting of one representative selected by the brewer but unassociated with the brewer; one representative selected by the wholesaler but unassociated with the wholesaler; and an impartial arbitrator selected by the other two members from a list provided by the American arbitration association, and the claim settled in accordance with the rules provided by the American arbitration

association. Arbitration costs shall be paid one-half by the wholesaler and one-half by the brewer. Arbitration shall be conducted in accordance with the commercial arbitration rules of the American arbitration association and the laws of this state, and judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction. The award of the arbitrator shall be final and binding on the parties.

95 Acts, ch 101, §7

#### **123A.8 Right of free association.**

A brewer or wholesaler shall not restrict or inhibit, directly or indirectly, the right of free association among brewers or wholesalers for any lawful purpose.

95 Acts, ch 101, §8

#### **123A.9 Judicial remedies.**

1. If a brewer or a wholesaler who is a party to an agreement pursuant to this chapter fails to comply with this chapter or otherwise engages in conduct prohibited under this chapter, the aggrieved party may maintain a civil action in district court if the cause of action directly relates to or stems from the relationship of the individual parties under the agreement.

2. A brewer or wholesaler may bring an action for declaratory judgment for determination of any controversy arising under this chapter or out of the brewer and wholesaler agreement.

3. Upon proper petition to the district court, a brewer or wholesaler may obtain injunctive relief against a violation of this chapter.

4. In an action under subsection 1, the district court may grant the relief as the court determines is necessary or appropriate considering the purposes of this chapter. The district court may, if it finds that a brewer has acted in bad faith in invoking the amendment, modification, cancellation, nonrenewal, or termination provision of the agreement between the brewer and wholesaler, or has unreasonably withheld its consent to any assignment, transfer, or sale of the wholesaler's business, award equitable relief, actual damages, court costs, and attorney's fees.

5. The prevailing party in an action under subsection 1 shall be entitled to actual damages, court costs, and attorney's fees at the court's discretion.

6. With respect to a dispute arising under this chapter or out of the agreement between a brewer and wholesaler, the wholesaler and brewer each has the absolute right, before the wholesaler or brewer has agreed to arbitrate a particular dispute, to refuse to arbitrate that particular dispute. A brewer shall not, as a condition of entering into or renewing an agreement, require the wholesaler to agree to arbitration in lieu of judicial remedies.

7. A brewer shall not take retaliatory action against a wholesaler who files or manifests an intention to file a complaint of alleged violation of state or federal law or regulation by the brewer with the appropriate state or federal regulatory authority. Retaliatory action shall include, but shall not be limited to, refusal without good cause to continue the agreement, or a material reduction in the quality of service or quantity of products available to the wholesaler under the agreement, or impede the normal business operations of the wholesaler.

95 Acts, ch 101, §9

Referred to in §123A.7

#### **123A.10 Waiver — prohibited.**

A brewer shall not require a wholesaler to waive compliance with any provision of this chapter. This chapter shall not be construed to limit or prohibit a good faith settlement of a dispute voluntarily entered into between the parties.

95 Acts, ch 101, §10

#### **123A.11 Indemnification.**

A brewer shall fully indemnify and hold harmless the brewer's wholesaler against any losses, including but not limited to court costs and reasonable attorney fees or damages arising out of complaints, claims, or lawsuits, including but not limited to strict liability, negligence, misrepresentation, or express or implied warranty where the complaint, claim,

or lawsuit relates to the manufacture or packaging of beer or other functions by the brewer which are beyond the control of the wholesaler.

95 Acts, ch 101, §11

### **123A.12 Application to existing agreements.**

1. The provisions of this chapter apply to a valid agreement in effect immediately before July 1, 1995, when the first of the following dates occurs:

a. On the effective date of the next amendment, modification, or renewal of the existing valid agreement.

b. On the next anniversary date of the execution of the original agreement between the wholesaler and the brewer.

2. If no written agreement exists, the provisions of the chapter apply to the implied or oral unwritten agreement of a brewer and a wholesaler of that brewery on July 1, 1995.

1. The person in control of the substance expressly or impliedly represents that the substance has the effect of a controlled substance.

2. The person in control of the substance expressly or impliedly represents that the substance because of its nature or appearance can be sold or delivered as a controlled substance or as a substitute for a controlled substance.

3. The person in control of the substance either demands or receives money or other property having a value substantially greater than the actual value of the substance as consideration for delivery of the substance.

SUBCHAPTER II  
STANDARDS AND SCHEDULES

Referred to in §124.101, 155A.3

**124.201 Duty to recommend changes in schedules — temporary amendments to schedules.**

1. The board shall administer the regulatory provisions of this chapter. Annually, within thirty days after the convening of each regular session of the general assembly, the board shall recommend to the general assembly any deletions from, or revisions in the schedules of substances, enumerated in section 124.204, 124.206, 124.208, 124.210, or 124.212, which it deems necessary or advisable. In making a recommendation to the general assembly regarding a substance, the board shall consider the following:

- a. The actual or relative potential for abuse;
  - b. The scientific evidence of its pharmacological effect, if known;
  - c. State of current scientific knowledge regarding the substance;
  - d. The history and current pattern of abuse;
  - e. The scope, duration, and significance of abuse;
  - f. The risk to the public health;
  - g. The potential of the substance to produce psychic or physiological dependence liability;
- and
- h. Whether the substance is an immediate precursor of a substance already controlled under this subchapter.

2. After considering the above factors, the board shall make a recommendation to the general assembly, specifying the change which should be made in existing schedules, if it finds that the potential for abuse or lack thereof of the substance is not properly reflected by the existing schedules.

3. If the board designates a substance as an immediate precursor, substances which are precursors of the controlled precursor shall not be subject to control solely because they are precursors of the controlled precursor. Such designations shall be made pursuant to the procedures of chapter 17A.

4. If any new substance is designated as a controlled substance under federal law and notice of the designation is given to the board, the board shall similarly designate as controlled the new substance under this chapter after the expiration of thirty days from publication in the federal register of a final order designating a new substance as a controlled substance, unless within that thirty-day period the board objects to the new designation. In that case the board shall publish the reasons for objection and afford all interested parties an opportunity to be heard. At the conclusion of the hearing the board shall announce its decision. Upon publication of objection to a new substance being designated as a controlled substance under this chapter by the board, control under this chapter is stayed until the board publishes its decision. If a substance is designated as controlled by the board under this subsection the control shall be considered a temporary amendment to the schedules of controlled substances in this chapter. If the board so designates a substance as controlled, which is considered a temporary amendment to the schedules of controlled substances in this chapter, and if the general assembly does not amend this chapter to enact the temporary amendment and make the enactment effective within two years from the date the temporary amendment first became effective, the temporary amendment is repealed by operation of law two years from the effective date of the temporary amendment. A temporary amendment repealed by operation of law is subject to section 4.13 relating to the construction of statutes and the application of a general savings provision.

The board shall register an applicant to manufacture or distribute controlled substances included in sections 124.204, 124.206, 124.208, 124.210 and 124.212 unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the board shall consider all of the following factors:

a. Maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels.

b. Compliance with applicable state and local law.

c. Any convictions of the applicant under any federal and state laws relating to any controlled substance.

d. Past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion.

e. Furnishing by the applicant of false or fraudulent material in any application filed under this chapter.

f. Suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law.

g. Any other factors relevant to and consistent with the public health and safety.

2. Registration under subsection 1 of this section does not entitle a registrant to manufacture and distribute controlled substances in schedule I or II other than those specified in the registration.

3. Practitioners shall be registered to dispense any controlled substances or to conduct research with controlled substances in schedules II through V if they are authorized to dispense or conduct research under the law of this state. The board need not require separate registration under this subchapter for practitioners engaging in research with nonnarcotic controlled substances in schedules II through V where the registrant is already registered under this subchapter in another capacity. Practitioners registered under federal law to conduct research with schedule I substances may conduct research in schedule I substances within this state upon furnishing the board evidence of the federal registration.

4. Compliance by manufacturers and distributors with the provisions of the federal law respecting registration, excluding fees, entitles them to be registered under this chapter.

b. The registrant has had the registrant's federal registration to manufacture, distribute, dispense, or conduct research with controlled substances suspended, revoked, or restricted.

c. The registrant has been convicted of a public offense under any state or federal law relating to any controlled substance. For the purpose of this section only, a conviction shall include a plea of guilty, a forfeiture of bail or collateral deposited to secure a defendant's appearance in court which forfeiture has not been vacated, or a finding of guilt in a criminal action even though the entry of the judgment or sentence has been withheld and the individual placed on probation.

d. The registrant has committed such acts as would render the registrant's registration under section 124.303 inconsistent with the public interest as determined under that section.

e. If the registrant is a licensed health care professional, the registrant has had the registrant's professional license revoked or suspended or has been otherwise disciplined in a way that restricts the registrant's authority to handle or prescribe controlled substances.

2. The board may limit revocation, suspension, or restriction of a registration or discipline of a registrant to the particular controlled substance with respect to which grounds for revocation, suspension, restriction, or discipline exist.

3. If the board suspends, revokes, or restricts a registration, or otherwise disciplines a registrant, all controlled substances owned or possessed by the registrant at the time of the suspension, revocation, restriction, or discipline, or at the time of the effective date of the order, may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon an order becoming final, all such controlled substances may be forfeited to the state.

4. The board shall promptly notify the bureau and the department of all orders suspending, revoking, or restricting a registration, or otherwise disciplining a registrant.

#### **124.305 Contested case proceedings.**

1. Prior to suspending, restricting, or revoking a registration, refusing a renewal of registration, or otherwise disciplining a registrant, the board shall serve upon the registrant a notice in accordance with section 17A.12, subsection 1. The proceedings shall comply with the contested case procedures in accordance with chapter 17A. The proceedings shall also be conducted without regard to any criminal prosecution or other proceeding. Proceedings to refuse renewal of registration shall not abate the existing registration which shall remain in effect pending the outcome of the administrative hearing.

2. The board may suspend any registration while simultaneously pursuing emergency adjudicative proceedings in accordance with section 17A.18A, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, under the provisions of the Iowa administrative procedure Act, chapter 17A, unless sooner withdrawn by the board or dissolved by the order of the district court or an appellate court.

#### **124.408 Joint criminal trials.**

Information, indictments, trial, and sentencing for violations of this chapter may allege any number of violations of their provisions against one person and join one or more persons as defendants who it is alleged violated the same provisions in the same transaction or series of transactions and which involve common questions of law and fact. The several charges shall be set out in separate counts and each accused person shall be convicted or acquitted upon each count by separate verdict. Each accused person shall thereafter be sentenced upon each verdict of guilty. The court may consider such separate verdicts of guilty returned at the same time as one offense for the purpose of sentencing as provided in this chapter. The court may grant a severance and separate trial to any accused person jointly charged or indicted if it appears that substantial injustice would result to such accused person unless a separate trial was granted.

#### **124.409 Conditional discharge, commitment for treatment, and probation.**

Whenever the court finds that a person who is charged with a violation of section 124.401 and who consents thereto, or who has entered a plea of guilty to or been found guilty of a violation of that section, is addicted to, dependent upon, or a chronic abuser of any controlled substance and that such person will be aided by proper medical treatment and rehabilitative services, it may order that the person be committed as an in-patient or out-patient to a facility licensed by the Iowa department of public health for medical treatment and rehabilitative services. A person committed under this subsection who is not possessed of sufficient income or estate to enable the person to make payment of the costs of such treatment in whole or in part shall be considered a state patient and the costs of treatment shall be paid as provided in section 125.44. The determination of ability to pay shall be made by the court. The court shall require the patient, or the patient’s parent, guardian, or custodian to complete under oath a detailed financial statement. The court may enter appropriate orders requiring the patient or those legally liable for the patient’s support to reimburse the state with the costs, or any part thereof. In order to obtain the most effective results from such medical treatment and rehabilitative services, the court may commit the person to the custody of a public or private agency or any other responsible person and impose other conditions upon the commitment as is necessary to insure compliance with the court’s order and to insure that the person

will not, during the period of treatment and rehabilitation, again violate a provision of this chapter. If it is established thereafter to the satisfaction of the court that the person has again violated a provision of this chapter, the person may be returned to custody or sentenced upon conviction as provided by law. The public or private agency or responsible person to whom the accused person was committed by the court shall immediately report to the court when the person has received maximum benefit from the program or has recovered from addiction, dependency, or tendency to chronically abuse any controlled substance. The person shall then be returned to the court for disposition of the case. If the person has been charged or indicted, but not convicted, such charge shall proceed to trial or final disposition. If the person has been convicted or is thereafter convicted, the court shall sentence the person as provided by law but may remit all or any part of the sentence and place the person on probation upon terms and conditions as the court may prescribe.

The department is primarily responsible for the enforcement of this chapter, and all other laws and regulations of this state, relating to controlled or counterfeit substances, or simulated or imitation controlled substances, except that the board is primarily responsible for making accountability audits of the supply and inventory of controlled substances in the possession of pharmacists, doctors, hospitals, and health care facilities as defined in section 135C.1, subsection 7, as well as in the possession of any and all other individuals or institutions authorized to have possession of any controlled substances, and is also primarily responsible for any other duties in respect to controlled substances as specifically delegated to the board by law. An officer or employee of the board may, when so directed or authorized by the board:

1. Execute and serve search warrants, administrative inspection warrants, subpoenas, and summonses issued under the authority of this state.

2. Make seizures of property pursuant to the provisions of this chapter.

[C39, §3169.19; C46, 50, 54, 58, 62, §204.20, 204.26; C66, 71, §204.19; C73, 75, 77, 79, 81, §204.501; 82 Acts, ch 1147, §10]

C93, §124.501

Referred to in §124.502

**124.502 Administrative inspections and warrants.**

1. Issuance and execution of administrative inspection warrants shall be as follows:

a. A district judge or district associate judge, within the court's jurisdiction, and upon proper oath or affirmation showing probable cause, may issue warrants for the purpose of conducting administrative inspections under this chapter or a related rule. The warrant may also permit seizures of property appropriate to the inspections. For purposes of the issuance of administrative inspection warrants, probable cause exists upon showing a valid public interest in the effective enforcement of the statute or related rules, sufficient to justify administrative inspection of the area, premises, building, or conveyance in the circumstances specified in the application for the warrant.

b. A warrant shall issue only upon sworn testimony of an officer or employee of the board duly designated and having knowledge of the facts alleged, before the judicial officer, establishing the grounds for issuing the warrant. If the judicial officer is satisfied that grounds for the application exist or that there is probable cause to believe they exist, the officer shall issue a warrant identifying the area, premises, building, or conveyance to be inspected, the purpose of the inspection, and, if appropriate, the type of property to be inspected, if any.

c. The warrant shall:

(1) State the grounds for its issuance and the name of each person whose testimony has been taken in support thereof.

(2) Be directed to a person authorized by section 124.501 to execute it.

(3) Command the person to whom it is directed to inspect the area, premises, building, or conveyance identified for the purpose specified and, if appropriate, direct the seizure of the property specified.

(4) Identify the item or types of property to be seized, if any.

(5) Direct that it be served during normal business hours, if appropriate, and designate the judge to whom it shall be returned.

d. A warrant issued pursuant to this section must be executed and returned within ten days after its date unless, upon a showing of a need for additional time, the court so instructs otherwise in the warrant. If property is seized pursuant to a warrant, the person executing the warrant shall give to the person from whom the property is seized, or the person in charge of the premises from which the property is seized, a copy of the warrant and a receipt for the property seized or shall leave the copy and receipt at the place from which the property is seized. The return of the warrant shall be made promptly and shall be accompanied by a written inventory of any property seized. The inventory shall be made in the presence of the person executing the warrant and of the person from whose possession or premises the property was seized, if they are present, or in the presence of at least one credible person other than the person executing the warrant. A copy of the inventory shall be delivered to the person from whom or from whose premises the property was seized and to the applicant for the warrant.

e. The judicial officer who has issued a warrant under this section shall require that there be attached to the warrant a copy of the return, and of all papers filed in connection with the return, and shall file them with the clerk of the district court for the county in which the inspection was made.

2. The department may make administrative inspections of controlled premises in accordance with the following provisions:

a. For purposes of this section only, "*controlled premises*" means:

(1) Places where persons registered or exempted from registration requirements under this chapter are required to keep records; and

(2) Places including factories, warehouse establishments, and conveyances where persons registered or exempted from registration requirements under this chapter are permitted to hold, manufacture, compound, process, sell, deliver, or otherwise dispose of any controlled substance.

b. Whenever authorized by an administrative inspection warrant issued pursuant to subsection 1 of this section an officer or employee of the board, upon presenting the warrant

and appropriate credentials to the owner, operator, or agent in charge, has the right to enter controlled premises for the purpose of conducting an administrative inspection.

c. Whenever authorized by an administrative inspection warrant, an officer or employee of the board has the right:

- (1) To inspect and copy records required by this chapter to be kept;
- (2) To inspect, within reasonable limits and in a reasonable manner, controlled premises and all pertinent equipment, finished and unfinished material, containers and labeling found therein, and, except as provided in paragraph “e” of this subsection, all other things therein, including records, files, papers, processes, controls, and facilities bearing on violation of this chapter; and
- (3) To inventory any stock of any controlled substance therein and obtain samples of any such substance.

d. This section shall not be construed to prevent the inspection without a warrant of books and records pursuant to a subpoena issued in accordance with section 622.65, nor shall this section be construed to prevent entries and administrative inspections, including seizures of property, without a warrant:

- (1) With the consent of the owner, operator, or agent in charge of the controlled premises;
- (2) In situations presenting imminent danger to health or safety;
- (3) In situations involving inspection of conveyances where there is reasonable cause to believe that the mobility of the conveyance makes it impracticable to obtain a warrant;
- (4) In any other exceptional or emergency circumstance where time or opportunity to apply for a warrant is lacking; and
- (5) In all other situations where a warrant is not constitutionally required.

e. Except when the owner, operator, or agent in charge of the controlled premises so consents in writing, no inspection authorized by this section shall extend to financial data; sales data, other than shipment data; or pricing data.

2. A patient shall be initially assigned or transferred to outpatient treatment, unless the patient is found to require inpatient, residential, or halfway house treatment.

3. A person shall not be denied treatment solely because the person has withdrawn from treatment against medical advice on a prior occasion or because the person has relapsed after earlier treatment.

4. An individualized treatment plan shall be prepared and maintained on a current basis for each patient after the assessment process.

5. Provision shall be made for a continuum of coordinated treatment services, so that a

#### **125.33 Voluntary treatment of persons with substance-related disorders.**

1. A person with a substance-related disorder may apply for voluntary treatment or rehabilitation services directly to a facility or to a licensed physician and surgeon or osteopathic physician and surgeon or to a mental health professional. If the proposed patient is a minor or an incompetent person, a parent, a legal guardian or other legal representative may make the application. The licensed physician and surgeon or osteopathic physician and surgeon, mental health professional, or any employee or person acting under the direction or supervision of the physician and surgeon or osteopathic physician and surgeon, mental health professional, or facility shall not report or disclose the name of the person or the fact that treatment was requested or has been undertaken to any law enforcement officer or law enforcement agency; nor shall such information be admissible as evidence in any court, grand jury, or administrative proceeding unless authorized by the person seeking treatment. If the person seeking such treatment or rehabilitation is a minor who has personally made application for treatment, the fact that the minor sought treatment or rehabilitation or is receiving treatment or rehabilitation services shall not be reported or disclosed to the parents or legal guardian of such minor without the minor's consent, and the minor may give legal consent to receive such treatment and rehabilitation.

2. Subject to rules adopted by the department, the administrator or the administrator's designee in charge of a facility may determine who shall be admitted for treatment or rehabilitation. If a person is refused admission, the administrator or the administrator's designee, subject to rules adopted by the department, shall refer the person to another facility for treatment if possible and appropriate.

3. A person with a substance-related disorder seeking treatment or rehabilitation and who is either addicted or dependent on a chemical substance may first be examined and evaluated by a licensed physician and surgeon or osteopathic physician and surgeon or a mental health professional who may prescribe, if authorized or licensed to do so, a proper course of treatment and medication, if needed. The licensed physician and surgeon or osteopathic physician and surgeon or mental health professional may further prescribe a course of treatment or rehabilitation and authorize another licensed physician and surgeon or osteopathic physician and surgeon, mental health professional, or facility to provide the prescribed treatment or rehabilitation services. Treatment or rehabilitation services may be provided to a person individually or in a group. A facility providing or engaging in treatment or rehabilitation shall not report or disclose to a law enforcement officer or law enforcement agency the name of any person receiving or engaged in the treatment or rehabilitation; nor shall a person receiving or participating in treatment or rehabilitation report or disclose the name of any other person engaged in or receiving treatment or rehabilitation or that the program is in existence, to a law enforcement officer or law enforcement agency. Such information shall not be admitted in evidence in any court, grand jury, or administrative proceeding. However, a person engaged in or receiving treatment or rehabilitation may authorize the disclosure of the person's name and individual participation.

4. If a patient receiving inpatient or residential care leaves a facility, the patient shall be

encouraged to consent to appropriate outpatient or halfway house treatment. If it appears to the administrator in charge of the facility that the patient is a person with a substance-related disorder who requires help, the director may arrange for assistance in obtaining supportive services.

5. If a patient leaves a facility, with or against the advice of the administrator in charge of the facility, the director may make reasonable provisions for the patient's transportation to another facility or to the patient's home. If the patient has no home the patient shall be assisted in obtaining shelter. If the patient is a minor or an incompetent person the request for discharge from an inpatient facility shall be made by a parent, legal guardian or other legal representative or by the minor or incompetent if the patient was the original applicant.

6. Any person who reports or discloses the name of a person receiving treatment or rehabilitation services to a law enforcement officer or law enforcement agency or any person receiving treatment or rehabilitation services who discloses the name of any other person receiving treatment or rehabilitation services without the written consent of the person in violation of the provisions of this section shall upon conviction be guilty of a simple misdemeanor.

Detaining a person under section 125.91 is not an arrest and no entry or other record shall be made to indicate that the person who is detained has been arrested or charged with a crime.

3. A person who arrives at a facility and voluntarily submits to examination shall be examined by a licensed physician and surgeon or osteopathic physician and surgeon or mental health professional as soon as possible after the person arrives at the facility. The person may then be admitted as a patient or referred to another health facility. The referring facility shall arrange for transportation.

4. If a person is voluntarily admitted to a facility, the person's family or next of kin shall be notified as promptly as possible. If an adult patient who is not incapacitated requests that there be no notification, the request shall be respected.

5. A peace officer who acts in compliance with this section is acting in the course of the officer's official duty and is not criminally or civilly liable therefor, unless such acts constitute willful malice or abuse.

6. If the physician and surgeon or osteopathic physician and surgeon in charge of the facility determines it is for the patient's benefit, the patient shall be encouraged to agree to further diagnosis and appropriate voluntary treatment.

7. A licensed physician and surgeon or osteopathic physician and surgeon, mental health professional, facility administrator, or an employee or a person acting as or on behalf of the

facility administrator, is not criminally or civilly liable for acts in conformity with this chapter, unless the acts constitute willful malice or abuse.

4. The person with a substance-related disorder is legally liable to the facility for the total amount of the cost of providing care, maintenance, and treatment for the person with a substance-related disorder while a voluntary or committed patient in a facility. This section does not prohibit any individual from paying any portion of the cost of treatment.

**125.78 Procedure after application.**

As soon as practical after the filing of an application pursuant to section 125.75, the court shall:

1. Determine whether the respondent has an attorney who is able and willing to represent the respondent in the commitment proceeding, and if not, whether the respondent is financially able to employ an attorney and capable of meaningfully assisting in selecting an attorney. In accordance with those determinations, the court shall allow the respondent to select an attorney or shall assign an attorney to the respondent. 3. Issue a written order:

- a. Scheduling a tentative time and place for a hearing, subject to the findings of the report required under section 125.80, subsections 3 and 4, but not less than forty-eight hours after notice to the respondent, unless the respondent waives the forty-eight-hour notice requirement.

**125.80 Physician's or mental health professional's examination — report — scheduling of hearing.**

1. a. An examination of the respondent shall be conducted within a reasonable time and prior to the commitment hearing by one or more licensed physicians and surgeons or osteopathic physicians and surgeons or mental health professionals as required by the court's order. If the respondent is taken into custody under section 125.81, the examination shall be conducted within twenty-four hours after the respondent is taken into custody. If the respondent desires, the respondent may have a separate examination by a licensed physician and surgeon or osteopathic physician and surgeon or mental health professional of the respondent's own choice. The court shall notify the respondent of the right to choose a licensed physician and surgeon or osteopathic physician and surgeon or mental health professional for a separate examination. The reasonable cost of the examinations shall be paid from county funds upon order of the court if the respondent lacks sufficient funds to pay the cost.

b. A licensed physician and surgeon or osteopathic physician and surgeon or mental health professional conducting an examination pursuant to this section may consult with or request the participation in the examination of facility personnel, and may include with or attach to the written report of the examination any findings or observations by facility personnel who have been consulted or have participated in the examination.

c. If the respondent is not taken into custody under section 125.81, but the court is subsequently informed that the respondent has declined to be examined by a licensed physician and surgeon or osteopathic physician and surgeon or mental health professional pursuant to the court order, the court may order limited detention of the respondent as necessary to facilitate the examination of the respondent by the licensed physician and surgeon or osteopathic physician and surgeon or mental health professional.

2. A written report of the examination by a court-designated licensed physician and surgeon or osteopathic physician and surgeon or mental health professional shall be filed with the clerk prior to the hearing date. A written report of an examination by a licensed physician and surgeon or osteopathic physician and surgeon or mental health professional chosen by the respondent may be similarly filed. The clerk shall immediately:

a. Cause a report to be shown to the judge who issued the order.

b. Cause the respondent's attorney to receive a copy of the report of a court-designated licensed physician and surgeon or osteopathic physician and surgeon or mental health professional.

3. If the report of a court-designated licensed physician and surgeon or osteopathic physician and surgeon or mental health professional is to the effect that the respondent is not a person with a substance-related disorder, the court, without taking further action, shall terminate the proceeding and dismiss the application on its own motion and without notice.

4. If the report of a court-designated licensed physician and surgeon or osteopathic physician and surgeon or mental health professional is to the effect that the respondent is a person with a substance-related disorder, the court shall schedule a commitment hearing as soon as possible. The hearing shall be held not more than forty-eight hours after the report is filed, excluding Saturdays, Sundays, and holidays, unless an extension for good cause is

requested by the respondent, or as soon thereafter as possible if the court considers that sufficient grounds exist for delaying the hearing.

### **125.81 Immediate custody.**

1. If a person filing an application requests that a respondent be taken into immediate custody, and the court upon reviewing the application and accompanying documentation, finds probable cause to believe that the respondent is a person with a substance-related disorder who is likely to injure the person or other persons if allowed to remain at liberty, the court may enter a written order directing that the respondent be taken into immediate custody by the sheriff, and be detained until the commitment hearing, which shall be held no more than five days after the date of the order, except that if the fifth day after the date of the order is a Saturday, Sunday, or a holiday, the hearing may be held on the next business day. The court may order the respondent detained for the period of time until the hearing is held, and no longer except as provided in section 125.88, in accordance with subsection 2, paragraph “a”, if possible, and if not, then in accordance with subsection 2, paragraph “b”, or, only if neither of these alternatives is available in accordance with subsection 2, paragraph “c”.

2. Detention may be:

a. In the custody of a relative, friend, or other suitable person who is willing and able to accept responsibility for supervision of the respondent, with reasonable restrictions as the court may order including but not limited to restrictions on or a prohibition of any expenditure, encumbrance, or disposition of the respondent's funds or property.

b. In a suitable hospital, the chief medical officer of which shall be informed of the reasons why immediate custody has been ordered. The hospital may provide treatment which is necessary to preserve the respondent's life, or to appropriately control the respondent's behavior which is likely to result in physical injury to the person or to others if allowed to continue, and other treatment as deemed appropriate by the chief medical officer.

c. In the nearest facility which is licensed to care for persons with mental illness or substance abuse, provided that detention in a jail or other facility intended for confinement of those accused or convicted of a crime shall not be ordered.

3. A respondent shall be released from detention prior to the commitment hearing if a licensed physician or mental health professional examines the respondent and determines the respondent no longer meets the criteria for detention under subsection 1 and provides notification to the court.

4. The respondent's attorney may be allowed by the court to present evidence and arguments before the court's determination under this section. If such an opportunity is not provided at that time, respondent's attorney shall be allowed to present evidence and arguments after the issuance of the court's order of confinement and while the respondent is confined.

### **125.82 Commitment hearing.**

1. At a commitment hearing, evidence in support of the contentions made in the application may be presented by the applicant, or by an attorney for the applicant, or by the county attorney. During the hearing, the applicant and the respondent shall be afforded an opportunity to testify and to present and cross-examine witnesses, and the court may receive the testimony of other interested persons. If the respondent is present at the hearing,

as provided in subsection 3, and has been medicated within twelve hours, or a longer period of time as the court may designate, prior to the beginning of the hearing or a session of the hearing, the court shall be informed of that fact and of the probable effects of the medication upon convening of the hearing.

2. A person not necessary for the conduct of the hearing shall be excluded, except that the court may admit a person having a legitimate interest in the hearing. Upon motion of the applicant, the court may exclude the respondent from the hearing during the testimony of a witness if the court determines that the witness' testimony is likely to cause the respondent severe emotional trauma.

3. The person who filed the application and a licensed physician and surgeon or osteopathic physician and surgeon, mental health professional, or certified alcohol and drug counselor certified by the nongovernmental Iowa board of substance abuse certification who has examined the respondent in connection with the commitment hearing shall be present at the hearing, unless the court for good cause finds that their presence or testimony is not necessary. The applicant, respondent, and the respondent's attorney may waive the presence or telephonic appearance of the licensed physician and surgeon or osteopathic physician and surgeon, mental health professional, or certified alcohol and drug counselor who examined the respondent and agree to submit as evidence the written report of the licensed physician and surgeon or osteopathic physician and surgeon, mental health professional, or certified alcohol and drug counselor. The respondent's attorney shall inform the court if the respondent's attorney reasonably believes that the respondent, due to diminished capacity, cannot make an adequately considered waiver decision. "Good cause" for finding that the testimony of the licensed physician and surgeon or osteopathic physician and surgeon, mental health professional, or certified alcohol and drug counselor who examined the respondent is not necessary may include, but is not limited to, such a waiver. If the court determines that the testimony of the licensed physician and surgeon or osteopathic physician and surgeon, mental health professional, or certified alcohol and drug counselor is necessary, the court may allow the licensed physician and surgeon or osteopathic physician and surgeon, mental health professional, or certified alcohol and drug counselor to testify by telephone. The respondent shall be present at the hearing unless prior to the hearing the respondent's attorney stipulates in writing that the attorney has conversed with the respondent, and that in the attorney's judgment the respondent cannot make a meaningful contribution to the hearing, or that the respondent has waived the right to be present, and the basis for the attorney's conclusions. A stipulation to the respondent's absence shall be reviewed by the court before the hearing, and may be rejected if it appears that insufficient grounds are stated or that the respondent's interests would not be served by the respondent's absence.

4. The respondent's welfare is paramount, and the hearing shall be tried as a civil matter and conducted in as informal a manner as is consistent with orderly procedure. The hearing may be held by video conference at the discretion of the court. Discovery as permitted under the Iowa rules of civil procedure is available to the respondent. The court shall receive all relevant and material evidence, but the court is not bound by the rules of evidence. A presumption in favor of the respondent exists, and the burden of evidence and support of the contentions made in the application shall be upon the person who filed the application. If upon completion of the hearing the court finds that the contention that the respondent is a person with a substance-related disorder has not been sustained by clear and convincing evidence, the court shall deny the application and terminate the proceeding.

5. If the respondent is not taken into custody under section 125.81, but the court finds good cause to believe that the respondent is about to depart from the jurisdiction of the court, the court may order limited detention of the respondent as authorized in section 125.81, as is necessary to ensure that the respondent will not depart from the jurisdiction of the

court without the court's approval until the proceeding relative to the respondent has been concluded.

### **125.83 Placement for evaluation.**

If upon completion of the commitment hearing, the court finds that the contention that the respondent is a person with a substance-related disorder has been sustained by clear and convincing evidence, the court shall order the respondent placed at a facility or under the care of a suitable facility on an outpatient basis as expeditiously as possible for a complete evaluation and appropriate treatment. The court shall furnish to the facility at the time of admission or outpatient placement, a written statement of facts setting forth the evidence on which the finding is based. The administrator of the facility shall report to the court no more than fifteen days after the individual is admitted to or placed under the care of the facility, which shall include the chief medical officer's recommendation concerning treatment of a substance-related disorder. An extension of time may be granted for a period not to exceed seven days upon a showing of good cause. A copy of the report shall be sent to the respondent's attorney who may contest the need for an extension of time if one is requested. If the request is contested, the court shall make an inquiry as it deems appropriate and may either order the respondent released from the facility or grant extension of time for further evaluation. If the administrator fails to report to the court within fifteen days after the individual is admitted to the facility, and no extension of time has been requested, the administrator is guilty of contempt and shall be punished under chapter 665. The court shall order a rehearing on the application to determine whether the respondent should continue to be held at the facility.

### **125.83A Placement in certain federal facilities.**

1. If upon completion of the commitment hearing, the court finds that the contention that the respondent is a person with a substance-related disorder has been sustained by clear and convincing evidence, and the court is furnished evidence that the respondent is eligible for care and treatment in a facility operated by the United States department of veterans affairs or another agency of the United States government and that the facility is willing to receive the respondent, the court may so order. The respondent, when so placed in a facility operated by the United States department of veterans affairs or another agency of the United States government within or outside of this state, shall be subject to the rules of the United States department of veterans affairs or other agency, but shall not lose any procedural rights afforded the respondent by this chapter. The chief officer of the facility shall have, with respect to the respondent so placed, the same powers and duties as the chief medical officer of a hospital in this state would have in regard to submission of reports to the court, retention of custody, transfer, convalescent leave, or discharge. Jurisdiction is retained in the court to maintain surveillance of the respondent's treatment and care, and at any time to inquire into the respondent's condition and the need for continued care and custody.

2. Upon receipt of a certificate stating that a respondent placed under this chapter is eligible for care and treatment in a facility operated by the United States department of veterans affairs or another agency of the United States government which is willing to receive the respondent without charge to the state of Iowa or any county in the state, the chief medical officer may transfer the respondent to that facility. Upon so doing, the chief medical officer shall notify the court which ordered the respondent's placement in the same manner as would be required in the case of a transfer under section 125.86, subsection 2,

and the respondent transferred shall be entitled to the same rights as the respondent would have under that subsection. No respondent shall be transferred under this section who is confined pursuant to conviction of a public offense or whose placement was ordered upon contention of incompetence to stand trial by reason of mental illness, without prior approval of the court which ordered that respondent's placement.

3. A judgment or order of commitment by a court of competent jurisdiction of another state or the District of Columbia, under which any person is hospitalized or placed in a facility operated by the United States department of veterans affairs or another agency of the United States government, shall have the same force and effect with respect to that person while the person is in this state as the judgment or order would have if the person were in the jurisdiction of the court which issued it. That court shall be deemed to have retained jurisdiction of the person so placed for the purpose of inquiring into that person's condition and the need for continued care and custody, as do courts in this state under this section. Consent is given to the application of the law of the state or district in which the court is situated which issued the judgment or order as regards authority of the chief officer of any facility, operated in this state by the United States department of veterans affairs or another agency of the United States government, to retain custody, transfer, place on convalescent leave, or discharge the person so committed.

#### **125.84 Evaluation report.**

The facility administrator's report to the court of the chief medical officer's substance abuse evaluation of the respondent shall be made no later than the expiration of the time specified in section 125.83. At least two copies of the report shall be filed with the clerk, who shall distribute the copies in the manner described by section 125.80, subsection 2. The report shall state one of the four following alternative findings:

1. That the respondent does not, as of the date of the report, require further treatment for substance abuse. If the report so states, the court shall order the respondent's immediate release from involuntary commitment and terminate the proceedings.

2. That the respondent is a person with a substance-related disorder who is in need of full-time custody, care, and treatment in a facility, and is considered likely to benefit from treatment. If the report so states, the court shall enter an order which may require the respondent's continued placement and commitment to a facility for appropriate treatment.

3. That the respondent is a person with a substance-related disorder who is in need of treatment, but does not require full-time placement in a facility. If the report so states, the report shall include the chief medical officer's recommendation for treatment of the respondent on an outpatient or other appropriate basis, and the court shall enter an order which may direct the respondent to submit to the recommended treatment. The order shall provide that if the respondent fails or refuses to submit to treatment, as directed by the court's order, the court may order that the respondent be taken into immediate custody as provided by section 125.81 and, following notice and hearing held in accordance with the procedures of sections 125.77 and 125.82, may order the respondent treated as a patient requiring full-time custody, care, and treatment as provided in subsection 2, and may order the respondent involuntarily committed to a facility.

4. That the respondent is a person with a substance-related disorder who is in need of treatment, but in the opinion of the chief medical officer is not responding to the treatment provided. If the report so states, the report shall include the facility administrator's recommendation for alternative placement, and the court shall enter an order which may direct the respondent's transfer to the recommended placement or to another placement after consultation with respondent's attorney and the facility administrator who made the report under this subsection.

**125.85 Custody, discharge, and termination of proceeding.**

1. A respondent committed under section 125.84, subsection 2, shall remain in the custody of a facility for treatment for a period of thirty days, unless sooner discharged. The department is not required to pay the cost of any medication or procedure provided to the respondent during that period which is not necessary or appropriate to the specific objectives of detoxification and treatment of substance abuse. At the end of the thirty-day period, the respondent shall be discharged automatically unless the administrator of the facility, before expiration of the period, obtains a court order for the respondent's recommitment pursuant to an application under section 125.75, for a further period not to exceed ninety days.

2. A respondent recommitted under subsection 1 who has not been discharged by the facility before the end of the ninety-day period shall be discharged at the expiration of that period unless the administrator of the facility, before expiration of the period, obtains a court order for the respondent's recommitment pursuant to an application under section 125.75, for a further period not to exceed ninety days.

3. Upon the filing of an application for recommitment under subsection 1 or 2, the court shall schedule a recommitment hearing for no later than ten days after the date the application is filed. A copy of the application, the notice of hearing, and any reports shall be served or provided in the manner and to the persons as required by sections 125.77 to 125.80, 125.83 and 125.84.

4. Following a respondent's discharge from a facility or from treatment, the administrator of the facility shall immediately report that fact to the court which ordered the respondent's commitment or treatment. The court shall issue an order confirming the respondent's discharge from the facility or from treatment, as the case may be, and shall terminate the proceedings pursuant to which the order was issued. Copies of the order shall be sent by regular mail to the facility and the respondent.

5. A person who is placed for evaluation at a facility under section 125.83 or who is committed to a facility under section 125.84, subsection 2, shall remain at that facility unless discharged or otherwise permitted to leave by the court or administrator of the facility. If a person placed at a facility or committed to a facility leaves the facility without permission or without having been discharged, the administrator may notify the sheriff of the person's absence and the sheriff shall take the person into custody and return the person promptly to the facility.

**125.86 Periodic reports required.**

1. No more than thirty days after entry of a court order for commitment to a facility under section 125.84, subsection 2, and thereafter at successive intervals not to exceed ninety days for as long as involuntary commitment of the respondent continues, the administrator of the facility shall report to the court which entered the order. The report shall be submitted in the manner required by section 125.84, shall state whether in the opinion of the chief medical officer the respondent's condition has improved, remains unchanged, or has deteriorated, and shall indicate the further length of time the respondent will be required to remain at the facility.

The report shall be submitted in the manner required by section 125.84, shall state whether in the opinion of the chief medical officer or the psychiatrist or psychiatric advanced registered nurse practitioner the respondent's condition has improved, remains unchanged, or has deteriorated, and shall indicate the further length of time the respondent will require treatment by the facility. If the respondent fails or refuses to submit to treatment as ordered by the court, the administrator of the facility shall at once notify the court, which shall order the respondent committed for treatment as provided by

section 125.84, subsection 3, unless the court finds that the failure or refusal was with good cause, and that the respondent is willing to receive treatment as provided in the court's order, or in a revised order if the court sees fit to enter one. If the administrator of the facility reports to the court that the respondent requires full-time custody, care, and treatment in a facility, and the respondent is willing to be admitted voluntarily to the facility for these purposes, the court may enter an order approving the placement upon consultation with the administrator of the facility in which the respondent is to be placed. If the respondent is unwilling to be admitted voluntarily to the facility, the procedure for determining involuntary commitment, as provided in section 125.84, subsection 3, shall be followed.

3. a. A psychiatric advanced registered nurse practitioner treating a respondent previously committed under this chapter may complete periodic reports pursuant to this section on the respondent if the respondent has been recommended for treatment on an outpatient or other appropriate basis pursuant to section 125.84, subsection 3, and if a psychiatrist licensed pursuant to chapter 148 personally evaluates the respondent on at least an annual basis.

**125.91 Emergency detention.**

1. The procedure prescribed by this section shall only be used for a person with a substance-related disorder due to intoxication or substance-induced incapacitation who has threatened, attempted, or inflicted physical self-harm or harm on another, and is likely to inflict physical self-harm or harm on another unless immediately detained, or who is incapacitated by a substance, if an application has not been filed naming the person as the respondent pursuant to section 125.75 and the person cannot be ordered into immediate custody and detained pursuant to section 125.81.

2. a. A peace officer who has reasonable grounds to believe that the circumstances described in subsection 1 are applicable may, without a warrant, take or cause that person to be taken to the nearest available facility referred to in section 125.81, subsection 2, paragraph “b” or “c”. Such a person with a substance-related disorder due to intoxication or substance-induced incapacitation who also demonstrates a significant degree of distress or dysfunction may also be delivered to a facility by someone other than a peace officer upon a showing of reasonable grounds. Upon delivery of the person to a facility under this section, the attending physician and surgeon or osteopathic physician and surgeon may order treatment of the person, but only to the extent necessary to preserve the person’s life or to appropriately control the person’s behavior if the behavior is likely to result in physical injury to the person or others if allowed to continue. The peace officer or other person who delivered the person to the facility shall describe the circumstances of the matter to the attending physician and surgeon or osteopathic physician and surgeon. If the person is a peace officer, the peace officer may do so either in person or by written report. If the attending physician and surgeon or osteopathic physician and surgeon has reasonable grounds to believe that the circumstances in subsection 1 are applicable, the attending physician shall at once communicate with the nearest available magistrate as defined in section 801.4, subsection 10. The magistrate shall, based upon the circumstances described by the attending physician and surgeon or osteopathic physician and surgeon, give the attending physician and surgeon or osteopathic physician and surgeon oral instructions either directing that the person be released forthwith, or authorizing the person’s detention in an appropriate facility. The magistrate may also give oral instructions and order that the detained person be transported to an appropriate facility.

b. If the magistrate orders that the person be detained, the magistrate shall, by the close of business on the next working day, file a written order with the clerk in the county where it is anticipated that an application may be filed under section 125.75. The order may be filed by facsimile if necessary. The order shall state the circumstances under which the person was taken into custody or otherwise brought to a facility and the grounds supporting the finding of probable cause to believe that the person is a person with a substance-related disorder likely to result in physical injury to the person or others if not detained. The order shall confirm the oral order authorizing the person’s detention including any order given to transport the person to an appropriate facility. The clerk shall provide a copy of that order to the attending physician and surgeon or osteopathic physician and surgeon at the facility to which the person was originally taken, any subsequent facility to which the person was transported, and to any law enforcement department or ambulance service that transported the person pursuant to the magistrate’s order.

3. The attending physician and surgeon or osteopathic physician and surgeon shall examine and may detain the person pursuant to the magistrate’s order for a period not to exceed forty-eight hours from the time the order is dated, excluding Saturdays, Sundays, and holidays, unless the order is dismissed by a magistrate. The facility may provide treatment which is necessary to preserve the person’s life or to appropriately control the person’s

behavior if the behavior is likely to result in physical injury to the person or others if allowed to continue or is otherwise deemed medically necessary by the attending physician and surgeon or osteopathic physician and surgeon or mental health professional, but shall not otherwise provide treatment to the person without the person's consent. The person shall be discharged from the facility and released from detention no later than the expiration of the forty-eight-hour period, unless an application for involuntary commitment is filed with the clerk pursuant to section 125.75. The detention of a person by the procedure in this section, and not in excess of the period of time prescribed by this section, shall not render the peace officer, attending physician and surgeon or osteopathic physician and surgeon, or facility detaining the person liable in a criminal or civil action for false arrest or false imprisonment if the peace officer, attending physician and surgeon or osteopathic physician and surgeon, mental health professional, or facility had reasonable grounds to believe that the circumstances described in subsection 1 were applicable.

4. The cost of detention in a facility under the procedure prescribed in this section shall be paid in the same way as if the person had been committed to the facility pursuant to an application filed under section 125.75.

1. Prompt evaluation, emergency services, and care and treatment as indicated by sound clinical practice.

2. Render informed consent, except for treatment provided pursuant to sections 125.81 and 125.91. If the person is incompetent treatment may be consented to by the person's next of kin or guardian notwithstanding the person's refusal. If the person refuses treatment which in the opinion of the chief medical officer is necessary or if the person is incompetent and the next of kin or guardian refuses to consent to the treatment or no next of kin or guardian is available the facility may petition a court of appropriate jurisdiction for approval to treat the person.

3. The protection of the person's constitutional rights.

4. Enjoy all legal, medical, religious, social, political, personal, and working rights and privileges, which the person would enjoy if not detained, taken into immediate custody, or committed, consistent with the effective treatment of the person and of the other persons in the facility. If the person's rights are restricted, the physician and surgeon's or osteopathic physician and surgeon's or mental health professional's direction to that effect shall be noted in the person's record. The person or the person's next of kin or guardian shall be advised of the person's rights and be provided a written copy upon the person's admission to or arrival at the facility.

### **126.6 Embargo.**

1. If a duly authorized agent of the board finds, or has probable cause to believe, that a drug, device, or cosmetic is adulterated or so misbranded as to be dangerous or fraudulent, within the meaning of this chapter, or is in violation of section 126.12, the agent shall affix to the article a tag or other appropriate marking, giving notice that the article is, or is suspected of being, adulterated or misbranded and has been detained or embargoed, and warning all persons not to remove or dispose of the article by sale or otherwise until permission for removal or disposal is given by an authorized agent or the court. It is unlawful for a person to remove or dispose of the detained or embargoed article by sale or otherwise without such permission.

2. When an article is adulterated or misbranded or is in violation of section 126.12 and has been detained or embargoed, a petition may be filed with the district court in whose jurisdiction the article is located, detained, or embargoed for an order for condemnation of the article. If a duly authorized agent has found that an article which is embargoed or detained is not adulterated or misbranded, the agent shall remove the tag or other marking.

3. If the court finds that a sampled, detained, or embargoed article is adulterated or misbranded, the article shall be destroyed at the expense of the claimant of the article, under the supervision of the agent, and all court costs and fees, and storage and other proper expenses, shall be taxed against the claimant of the article or the claimant's agent; but if the adulteration or misbranding can be corrected by proper labeling or processing of the article, the court, after entry of the decree and after costs, fees, storage, and other expenses have been paid and a good and sufficient bond, conditioned that the article shall be so labeled or processed, has been executed, may by order direct that the article be delivered to the claimant for such labeling or processing under the supervision of a duly authorized agent of the board. The expense of supervision shall be paid by the claimant. The article shall be returned to the claimant and the bond shall be discharged on the representation to the court by the board that the article is no longer in violation of this chapter, and that the expenses of supervision have been paid.

**126.9 Drugs and devices — adulteration.**

A drug or device is adulterated under any of the following circumstances:

1. *a.* If it consists in whole or in part of any filthy, putrid, or decomposed substance.
- b.* If it has been produced, prepared, packed, or held under insanitary conditions whereby it may have been contaminated with filth, or whereby it may have been rendered injurious to health.
- c.* If it is a drug and the methods used in, or the facilities or controls used for its manufacture, processing, packing, or holding do not conform to or are not operated or administered in conformity with current good manufacturing practice to assure that the drug meets the requirements of this chapter as to safety and has the identity and strength, and meets the quality and purity characteristics, which it purports or is represented to possess.
- d.* If its container is composed, in whole or part, of any poisonous or deleterious substance which may render the contents injurious to health.
2. If it purports to be or is represented as a drug, the name of which is recognized in an official compendium, and its strength differs from, or its quality or purity falls below, the standards set forth in the official compendium. A determination as to strength, quality, or purity shall be made in accordance with the tests or methods of assay set forth in the official compendium, or in the absence of or inadequacy of such tests or methods of assay, those prescribed under authority of the federal Act. A drug defined in an official compendium is not adulterated under this subsection because it differs from the standard of strength, quality, or purity set forth in the official compendium, if its difference in strength, quality, or purity from such standards is plainly stated on its label. If a drug is recognized in both the United States Pharmacopoeia National Formulary and the Homeopathic Pharmacopoeia of the United States it is subject to the United States Pharmacopoeia National Formulary unless it is labeled and offered for sale as a homeopathic drug, in which case it is subject to the Homeopathic Pharmacopoeia of the United States and not to the United States Pharmacopoeia National Formulary.
3. If it is not subject to subsection 2 and its strength differs from, or its purity or quality falls below, that which it purports or is represented to possess.
4. If it is a drug and any substance has been mixed or packed with it so as to reduce its quality or strength, or any substance has been substituted for it wholly or in part.
5. If it is, or purports to be or is represented as, a device which is subject to a performance standard established under section 514 of the federal Act, unless the device is in all respects in conformity with such standard.
6. If it is a device banned by the board or by the United States food and drug administration.
7. If it is a device and the methods used in, or the facilities or controls used for its manufacture, packing, storage, or installation are not in conformity with applicable requirements under section 520(f)(1) of the federal Act or an applicable condition as prescribed by an order under section 520(f)(2) of the federal Act.
8. If it is a device for which an exemption has been granted under section 520(g) of the federal Act for investigational use and the person who was granted the exemption or any investigator who uses the device under the exemption fails to comply with a requirement prescribed by or under that section.

**126.10 Drugs and devices — misbranding — labeling.**

1. A drug or device is misbranded under any of the following circumstances:

a. If its labeling is false or misleading in any particular.

b. (1) If in a package form unless it bears a label containing both of the following:

(a) The name and place of business of the manufacturer, packer, or distributor.

(b) An accurate statement of the quantity of the contents in terms of weight, measure, or numerical count.

(2) However, under subparagraph (1), subparagraph division (a), reasonable variations shall be permitted, and exemptions as to small packages shall be allowed, in accordance with rules adopted by the board.

c. If any word, statement, or other information required by or under the authority of this chapter to appear on the label or labeling is not prominently placed thereon with such conspicuousness, as compared with other words, statements, designs, or devices, in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

d. If it is for use by humans and contains any quantity of the narcotic or hypnotic substance alpha-eucaine, barbituric acid, beta-eucaine, bromal, cannabis, carbromal, chloral, coca, cocaine, codeine, heroin, marijuana, morphine, opium, paraldehyde, peyote, or sulphonmethane; or any chemical derivative of such a substance, which derivative, after investigation, has been designated as habit forming, by rules adopted by the board under this chapter or by regulations adopted by the secretary pursuant to section 502(d) of the federal Act; unless its label bears the name and quantity or proportion of such substance or derivative and in juxtaposition therewith the statement “Warning — May Be Habit Forming”.

e. (1) If it is a drug, unless both of the following apply:

(a) Its label bears, to the exclusion of any other nonproprietary name except the applicable systematic chemical name or the chemical formula:

(i) The established name of the drug, as specified in subparagraph (3), if such exists; and

(ii) If the drug is fabricated from two or more ingredients, the established name and quantity of each active ingredient, including the quantity, kind, and proportion of any alcohol, and also including, whether active or not, the established name and quantity or proportion of any bromides, ether, chloroform, acetanilide, acetophenetidin, amidopyrine, antipyrine, atropine, hyoscine, hyoscyamine, arsenic, digitalis, digitalis glucosides, mercury, ouabain, strophanthin, strychnine, thyroid, or any derivative or preparation of any such substances, contained therein. However, the requirement for stating the quantity of the active ingredients, other than the quantity of those specifically named in this subparagraph subdivision, applies only to prescription drugs.

(b) For a prescription drug, the established name of the prescription drug or of an ingredient is printed, on the label and on any labeling on which a name for the prescription drug or an ingredient is used, prominently and in type at least half as large as that used thereon for any proprietary name or designation for the prescription drug or ingredient. However, to the extent that compliance with subparagraph division (a), subparagraph subdivision (ii), or this subparagraph division is impracticable, exemptions shall be allowed under rules or regulations adopted by the board or the secretary under the federal Act.

(2) If it is a device and it has an established name, unless its label bears, to the exclusion of any other nonproprietary name, its established name, as defined in subparagraph (4), prominently printed in type at least half as large as that used thereon for any proprietary name or designation for the device, except that to the extent compliance with this subparagraph is impracticable, exemptions shall be allowed under rules or regulations adopted by the board or the secretary under the federal Act.

(3) As used in subparagraph (1), the term “*established name*”, with respect to a drug or ingredient thereof, means one of the following:

(a) The applicable official name designated pursuant to section 508 of the federal Act.

(b) If no such official name exists and the drug or ingredient is an article recognized in an official compendium, then its official title in the compendium.

(c) If neither subparagraph division (a) nor (b) applies, then the common or usual name, if any, of the drug or ingredient. However, if subparagraph division (b) applies to an article

recognized in the United States Pharmacopoeia National Formulary and in the Homeopathic Pharmacopoeia of the United States under different official titles, the official title used in the United States Pharmacopoeia National Formulary applies unless it is labeled and offered for sale as a homeopathic drug, in which case the official title used in the Homeopathic Pharmacopoeia of the United States applies.

(4) As used in subparagraph (2), the term “*established name*” with respect to a device means one of the following:

(a) The applicable official name of the device pursuant to section 508 of the federal Act.

(b) If no such official name exists and the device is an article recognized in an official compendium, then its official title in the compendium.

(c) If neither subparagraph division (a) nor (b) applies, then any common or usual name of the device.

f. (1) Unless its labeling bears both of the following:

(a) Adequate directions for use.

(b) Adequate warnings against use in those pathological conditions, or by children, where its use may be dangerous to health, or against unsafe dosage or methods or durations of administration or application, in the manner and form necessary for the protection of users.

(2) However, if a requirement of subparagraph (1), subparagraph division (a), as applied to a drug or device, is not necessary for the protection of the public health, the board or the secretary shall adopt rules or regulations exempting the drug or device from that requirement.

g. If it purports to be a drug the name of which is recognized in an official compendium, unless it is packaged and labeled as prescribed in the official compendium. However, the method of packing may be modified with the consent of the board or the secretary. If a drug is recognized in both the United States Pharmacopoeia National Formulary and the Homeopathic Pharmacopoeia of the United States, it is subject to the requirements of the United States Pharmacopoeia National Formulary with respect to packaging and labeling unless it is labeled and offered for sale as a homeopathic drug, in which case it is subject to the Homeopathic Pharmacopoeia of the United States, and not to the United States Pharmacopoeia National Formulary. However, if an inconsistency exists between this paragraph and paragraph “e” as to the name by which the drug or its ingredients shall be designated, paragraph “e” prevails.

h. If it has been found by the board or the secretary to be a drug liable to deterioration, unless it is packaged in the form and manner, and its label bears a statement of the precautions that the board or the secretary by rule or regulation requires as necessary for the protection of public health. Such a rule or regulation shall not be established for a drug recognized in an official compendium until the board or the secretary has informed the appropriate body charged with the revision of the official compendium of the need for such packaging or labeling requirements and that body has failed within a reasonable time to prescribe such requirements.

i. (1) If it is a drug and its container is so made, formed, or filled as to be misleading.

(2) If it is an imitation of another drug.

(3) If it is offered for sale under the name of another drug.

j. If it is dangerous to health when used in the dosage or manner, or with the frequency or duration prescribed, recommended, or suggested in its labeling.

k. If it is, or purports to be, or is represented as a drug composed wholly or partly of insulin, unless both of the following apply:

(1) It is from a batch with respect to which a certificate or release has been issued pursuant to section 506 of the federal Act.

(2) The certificate or release is in effect with respect to the drug.

l. (1) If it is, or purports to be, or is represented as a drug, composed wholly or partly of any kind of penicillin, streptomycin, chlortetracycline, chloramphenicol, bacitracin, or any other antibiotic drug, or any derivative thereof, unless both of the following apply:

(a) It is from a batch with respect to which a certificate or release has been issued pursuant to section 507 of the federal Act.

(b) The certificate or release is in effect with respect to the drug.

(2) However, this paragraph “l” does not apply to any drug or class of drugs exempted by regulations adopted under section 507(c) or 507(d) of the federal Act.

m. If it is a color additive, the intended use of which is for the purpose of coloring only, unless its packaging and labeling are in conformity with the packaging and labeling requirements applicable to that color additive, as contained in regulations adopted under section 706 of the federal Act.

n. If it is a prescription drug distributed or offered for sale in this state, unless the manufacturer, packer, or distributor includes in all advertising and other descriptive printed matter issued or caused to be issued by the manufacturer, packer, or distributor with respect to the prescription drug a true statement of all of the following:

(1) The established name as defined in paragraph “e”, printed prominently and in type at least half as large as that used for any trade or brand name thereof.

(2) The formula showing quantitatively each ingredient of the prescription drug to the extent required for labels under paragraph “e”.

(3) Other information in brief summary relating to side effects, contraindications, and effectiveness as required in regulations adopted pursuant to section 701(e) of the federal Act.

o. If it was manufactured, prepared, propagated, compounded, or processed in an establishment in this state not duly registered under section 510 of the federal Act, if it was not included on a list required by section 510(j) of the federal Act, if a notice or other information respecting it was not provided as required by that section or section 510(k) of the federal Act, or if it does not bear the symbols from the uniform system for identification of devices prescribed under section 510(e) of the federal Act that are required by regulation.

p. If it is a drug and its packaging or labeling is in violation of an applicable regulation adopted pursuant to section 3 or 4 of the federal Poison Prevention Packaging Act of 1970, 15 U.S.C. §1471 et seq.

q. If a trademark, trade name, or other identifying mark, imprint, or device of another trademark, trade name, mark, or imprint or any likeness of the foregoing has been placed thereon or upon its container with intent to defraud.

r. In the case of a restricted device distributed or offered for sale in this state, if either of the following applies:

(1) Its advertising is false or misleading in any particular.

(2) It is sold, distributed, or used in violation of regulations adopted pursuant to section 520(e) of the federal Act.

s. In the case of a restricted device distributed or offered for sale in this state, unless the manufacturer, packer, or distributor includes in all advertising and other descriptive printed matter issued by the manufacturer, packer, or distributor with respect to the device both of the following:

(1) A true statement of the device’s established name as defined in paragraph “e”, printed prominently and in type at least half as large as that used for any trade or brand name thereof.

(2) A brief statement of the intended uses of the device and relevant warnings, precautions, side effects, and contraindications; and in the case of a specific device made subject to regulations adopted pursuant to the federal Act, a full description of the components of the device or the formula showing quantitatively each ingredient of the device to the extent required in regulations under the federal Act.

t. If it is a device subject to a performance standard established under section 514 of the federal Act, unless it bears labeling as prescribed in that performance standard.

u. If it is a device and there was a failure or refusal to comply with any requirement prescribed under section 518 of the federal Act respecting the device, or to furnish material required by or under section 519 of the federal Act respecting the device.

2. If an article is alleged to be misbranded because the labeling or advertising is misleading, then in determining whether the labeling or advertising is misleading, there shall be taken into account, among other things, not only representations made or suggested by statement, word, design, device, or any combination thereof, but also the extent to which the labeling or advertising fails to reveal facts material in the light of such representations, or material with respect to consequences which may result from the use of the article to which

the labeling or advertising relates, under the conditions of use prescribed in the labeling or advertising or under customary or usual conditions of use.

3. The representation of a drug, in its labeling, as an antiseptic shall be considered to be a representation that it is a germicide, except in the case of a drug purporting to be, or represented as, an antiseptic for inhibitory use as a wet dressing, ointment, dusting powder, or such other use as involves prolonged contact with the body.

### **126.11 Exemptions in cases of drugs and devices — dispensing by prescription only.**

1. The board shall adopt rules exempting from any labeling or packaging requirement of this chapter drugs and devices which are, in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at establishments other than those where originally processed or packaged, on condition that such drugs and devices are not adulterated or misbranded upon removal from the processing, labeling, or repacking establishment.

2. Drug and device labeling or packaging exemptions adopted pursuant to the federal Act shall apply to drugs and devices in this state except insofar as modified or rejected by rules adopted by the board.

3. *a.* (1) This paragraph “a” applies to a drug intended for use by humans which is any of the following:

(a) Is a habit-forming drug to which section 126.10, subsection 1, paragraph “d” applies.

(b) Because of its toxicity or other potentiality for harmful effect, or the method of its use, or the collateral measures necessary to its use, is not safe for use except under the supervision of a practitioner licensed by law to administer the drug.

(c) Is limited by an approved application under section 505 of the federal Act to use under the professional supervision of a practitioner licensed by law to administer the drug.

(2) Such a drug shall be dispensed only upon a written, electronic, or facsimile prescription of a practitioner licensed by law to administer the drug, or upon an oral prescription of such a practitioner which is reduced promptly to writing and filed by the pharmacist, or by refilling any such written, electronic, facsimile, or oral prescription if the refilling is authorized by the prescriber either in the original written, electronic, or facsimile prescription or by oral order which is reduced promptly to writing and filed by the pharmacist. The act of dispensing a drug contrary to this paragraph “a” while the drug is held for sale results in the drug being misbranded.

*b.* A drug dispensed by filling or refilling a written, electronic, facsimile, or oral prescription of a practitioner licensed by law to administer the drug is exempt from section 126.10, except section 126.10, subsection 1, paragraph “a”, section 126.10, subsection 1, paragraph “i”, subparagraphs (2) and (3), and section 126.10, subsection 1, paragraphs “k” and “l”, and the packaging requirements of section 126.10, subsection 1, paragraphs “g”, “h”, and “p”, if the drug bears a label containing the name and address of the dispenser, the date of the prescription or of its filling, the name of the prescriber, and, if stated in the prescription, the name of the patient, and the directions for use and cautionary statements, if any, contained in the prescription. This exemption does not apply to a drug dispensed in the course of the conduct of the business of dispensing drugs pursuant to diagnosis by mail, or to a drug dispensed in violation of paragraph “a” of this subsection.

*c.* The board may, by rule, remove a drug subject to section 126.10, subsection 1, paragraph “d”, and section 505 of the federal Act from the requirements of paragraph “a” of this subsection when such requirements are not necessary for the protection of the public health.

*d.* A drug which is subject to paragraph “a” of this subsection is misbranded if, at any time prior to dispensing, its label fails to bear the statement: “Caution: Federal Law Prohibits Dispensing Without Prescription”, or “Caution: State Law Prohibits Dispensing

Without Prescription”. A drug to which paragraph “a” of this subsection does not apply is misbranded if, at any time prior to dispensing, its label bears the caution statement quoted in the preceding sentence.

e. Prescription drug samples dispensed by a practitioner licensed by law to administer such drugs are exempt from section 126.10.

f. All electronic or facsimile prescriptions transmitted under this section shall comply with section 155A.27.

b. A copy of the letter of approval or approvability issued by the United States food and drug administration is on file with the secretary of the board, if the product is manufactured in this state.

2. A person shall not use in humans a new drug limited to investigational use unless the person has filed with the United States food and drug administration a completed and signed “Notice of Claimed Investigational Exemption for a New Drug” form in accordance with 21 C.F.R. §312.1 and the exemption has not been terminated. The drug shall be plainly labeled in compliance with section 505(i) or 507(d) of the federal Act.

3. This section does not apply to either of the following:

a. A drug which is not a new drug as defined in the federal Act.

b. A drug which is licensed under the federal Public Health Service Act of July 1, 1944, 42 U.S.C. §201 et seq. or under the Animal Virus-Serum-Toxin Act of March 4, 1913, 21 U.S.C. §151 et seq.

A cosmetic is adulterated if any of the following apply:

1. a. It bears or contains a poisonous or deleterious substance which may render it injurious to users under the conditions of use prescribed in its labeling or under customary or usual conditions of use. However, this does not apply to coal-tar hair dye if the label of the dye bears the following legend conspicuously displayed and the label bears adequate directions for the preliminary testing:

Caution — This product contains ingredients which may cause skin irritation on certain individuals and a preliminary test according to accompanying directions should first be made. This product must not be used for dyeing the eyelashes or eyebrows; to do so may cause blindness.

b. For the purposes of this subsection and subsection 5, “hair dye” does not include eyelash dyes or eyebrow dyes.

2. It consists in whole or in part of any filthy, putrid, or decomposed substance.

3. It has been produced, prepared, packed, or held under insanitary conditions whereby

it may have become contaminated with filth, or whereby it may have been rendered injurious to health.

4. Its container is composed, in whole or in part, of a poisonous or deleterious substance which may render the contents injurious to health.

5. It is not a hair dye and it is, or it bears or contains a color additive which is “unsafe” within the meaning of section 706(a) of the federal Act.

### **126.15 Cosmetics — misbranding.**

1. A cosmetic is misbranded if any of the following apply:

a. Its labeling is false or misleading in any particular.

b. If in package form unless it bears a label containing both of the following:

(1) The name and place of business of the manufacturer, packer, or distributor.

(2) An accurate statement of the quantity of the contents in terms of weight, measure, or numerical count, which statement shall be separately and accurately stated in a uniform location upon the principal display panel of the label.

c. A word, statement, or other information required by or under the authority of this chapter to appear on the label or labeling is not prominently placed there with such conspicuousness, as compared with other words, statements, designs, or devices in the labeling, and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

d. Its container is so made, formed, or filled as to be misleading.

e. It is a color additive, unless its packaging and labeling are in conformity with the packaging and labeling requirements applicable to that color additive prescribed under section 706 of the federal Act. This paragraph does not apply to packages of color additives which, with respect to their use of cosmetics, are marketed and intended for use only in or on hair dyes, as specified in section 126.14, subsection 1.

f. Its packaging or labeling is in violation of an applicable regulation adopted pursuant to section 3 or 4 of the federal Poison Prevention Packaging Act of 1970, 15 U.S.C. §1471 et seq.

2. The board shall adopt rules exempting from any labeling requirement of this chapter, cosmetics which are in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at an establishment other than the establishment where they are originally processed or packed, on condition that such cosmetics are not adulterated or misbranded upon removal from the processing, labeling, or repacking establishment. ### **126.16 False advertising.**

1. The advertising of a drug, device, or cosmetic is false if it is false or misleading in any particular.

2. For the purpose of this chapter, advertising is false if it represents a drug, device, or cosmetic to have any effect in the diagnosis, prevention, or treatment of arthritis, blood disorders, bone or joint diseases, kidney diseases or disorders, cancer, diabetes, gall bladder disease or disorders, heart and vascular disease, high blood pressure, diseases or disorders of the ear, mental disease or an intellectual disability, degenerative neurological diseases, paralysis, prostate gland disorders, conditions of the scalp affecting hair loss, baldness, endocrine disorders, sexual impotence, tumors, venereal diseases, varicose

ulcers, breast enlargement, purifying blood, metabolic disorders, immune system disorders or conditions affecting the immune system, extension of life expectancy, stress and tension, brain stimulation or performance, the body's natural defense mechanisms, blood flow, and depression. However, advertising not in violation of subsection 1 is not false under this subsection if it is disseminated only to members of the medical, dental, or veterinary professions, or appears only in the scientific periodicals of these professions, or is disseminated only for the purpose of public health education by persons not commercially interested, directly or indirectly, in the sale of such drugs or devices. However, if the board determines that an advance in medical science has made any type of self-medication safe as to any of the diseases named in this subsection, the board shall by rule authorize the advertising of drugs having curative or therapeutic effect for such disease, subject to the conditions and restrictions the board deems necessary in the interests of the public health. However, this subsection does not indicate that self-medication for diseases other than those named in this subsection is safe and efficacious.

(1) Enter at reasonable times any factory, warehouse, or other establishment in which drugs, devices, or cosmetics are manufactured, processed, packed, or held, for introduction into commerce or after such introduction; or enter a vehicle being used to transport or hold drugs, devices, or cosmetics in commerce.

(2) Inspect at reasonable times and within reasonable limits and in a reasonable manner such a factory, warehouse, establishment, or vehicle and all pertinent equipment, finished and unfinished materials, containers, and labeling therein, and obtain samples necessary to the enforcement of this chapter. In the case of a factory, warehouse, establishment, or consulting laboratory in which prescription drugs are manufactured, processed, packed, or held, the inspection shall extend to all things therein, including records, files, papers, processes, controls, and facilities, bearing on whether prescription drugs or restricted devices which are adulterated or misbranded or which may not be manufactured, introduced into commerce, or sold or offered for sale by reason of any provision of this chapter, have been or are being manufactured, processed, packed, transported, or held in violation of or bearing on a violation of this chapter. ### **135.74 Uniform financial reporting.**

1. The department, after study and in consultation with any advisory committees which may be established pursuant to law, shall promulgate by rule pursuant to chapter 17A uniform methods of financial reporting, including such allocation methods as may be prescribed, by which hospitals and health care facilities shall respectively record their revenues, expenses, other income, other outlays, assets and liabilities, and units of service, according to functional activity center. These uniform methods of financial reporting shall not preclude a hospital or health care facility from using any accounting methods for its own purposes provided these accounting methods can be reconciled to the uniform methods of financial reporting prescribed by the department and can be audited for validity and completeness. Each hospital and each health care facility shall adopt the appropriate system for its fiscal year, effective upon such date as the department shall direct. In determining the effective date for reporting requirements, the department shall consider both the immediate need for uniform reporting of information to effectuate the purposes of this division and the administrative and economic difficulties which hospitals and health care facilities may encounter in complying with the uniform financial reporting requirement, but the effective date shall not be later than January 1, 1980.

2. In establishing uniform methods of financial reporting, the department shall consider all of the following:

#### **135B.7 Rules and enforcement.**

1. *a.* The department, with the advice and approval of the hospital licensing board and approval of the state board of health, shall adopt rules setting out the standards for the different types of hospitals to be licensed under this chapter. The department shall enforce the rules.

*b.* Rules or standards shall not be adopted or enforced which would have the effect of denying a license to a hospital or other institution required to be licensed, solely by reason of the school or system of practice employed or permitted to be employed by physicians in the hospital, if the school or system of practice is recognized by the laws of this state.

2. *a.* The rules shall state that a hospital shall not deny clinical privileges to physicians and surgeons, podiatric physicians, osteopathic physicians and surgeons, dentists, certified health service providers in psychology, physician assistants, or advanced registered nurse practitioners licensed under chapter 148, 148C, 149, 152, or 153, or section 154B.7, solely by reason of the license held by the practitioner or solely by reason of the school or institution

in which the practitioner received medical schooling or postgraduate training if the medical schooling or postgraduate training was accredited by an organization recognized by the council on higher education accreditation or an accrediting group recognized by the United States department of education.

b. A hospital may establish procedures for interaction between a patient and a practitioner. The rules shall not prohibit a hospital from limiting, restricting, or revoking clinical privileges of a practitioner for violation of hospital rules, regulations, or procedures established under this paragraph, when applied in good faith and in a nondiscriminatory manner.

c. This subsection shall not require a hospital to expand the hospital's current scope of service delivery solely to offer the services of a class of providers not currently providing services at the hospital. This section shall not be construed to require a hospital to establish rules which are inconsistent with the scope of practice established for licensure of practitioners to whom this subsection applies.

d. This section shall not be construed to authorize the denial of clinical privileges to a practitioner or class of practitioners solely because a hospital has as employees of the hospital identically licensed practitioners providing the same or similar services.

3. The rules shall require that a hospital establish and implement written criteria for the granting of clinical privileges. The written criteria shall include but are not limited to consideration of all of the following:

a. The ability of an applicant for privileges to provide patient care services independently and appropriately in the hospital.

b. The license held by the applicant to practice.

c. The training, experience, and competence of the applicant.

d. The relationship between the applicant's request for the granting of privileges and the hospital's current scope of patient care services, as well as the hospital's determination of the necessity to grant privileges to a practitioner authorized to provide comprehensive, appropriate, and cost-effective services.

4. The department shall also adopt rules requiring hospitals to establish and implement protocols for responding to the needs of patients who are victims of domestic abuse, as defined in section 236.2.

5. The department shall also adopt rules requiring hospitals to establish and implement protocols for responding to the needs of patients who are victims of elder abuse, as defined in section 235F.1.

Such doctor may or may not be a specialist. The department may be supervised and directed by a qualified member of the staff and specific services may be referred to a specialist, or the specialist may also direct and supervise the department as may be desired. Any contract so entered into shall be in accordance with the provisions of this subchapter.

d. An analysis of cooperative arrangements that could be developed with other health facilities in the area that could assist those health facilities in the provision of services.

#### SUBCHAPTER IV

#### EMPLOYEE RECORD CHECKS

##### **135B.34 Hospital employees — criminal history and abuse record checks — penalty.**

1. Prior to employment of a person in a hospital, the hospital shall request that the department of public safety perform a criminal history check and the department of human services perform child and dependent adult abuse record checks of the person in this state. A hospital shall inform all persons prior to employment regarding the performance of the record checks and shall obtain, from the persons, a signed acknowledgment of the receipt of the information. A hospital shall include the following inquiry in an application for employment:

Do you have a record of founded child or dependent adult abuse  
or have you ever been convicted of a crime, in this state or any other  
state?

2. a. If it is determined that a person being considered for employment in a hospital has committed a crime, the department of public safety shall notify the hospital that upon the request of the hospital the department of human services will perform an evaluation to determine whether the crime warrants prohibition of the person's employment in the hospital.

b. (1) If a person being considered for employment, other than employment involving the operation of a motor vehicle, has been convicted of a crime listed in subparagraph (2) but does not have a record of founded child or dependent adult abuse and the hospital has requested an evaluation in accordance with paragraph "a" to determine whether the crime warrants prohibition of the person's employment, the hospital may employ the person for not more than sixty calendar days pending completion of the evaluation.

(2) Subparagraph (1) applies to a crime that is a simple misdemeanor offense under section 123.47, and to a crime that is a first offense of operating a motor vehicle while intoxicated under section 321J.2, subsection 1.

c. If a department of human services child or dependent adult abuse record check shows that the person has a record of founded child or dependent adult abuse, the department of human services shall notify the hospital that upon the request of the hospital the department of human services will perform an evaluation to determine whether the founded child or dependent adult abuse warrants prohibition of the person's employment in the hospital.

d. An evaluation performed under this subsection shall be performed in accordance with procedures adopted for this purpose by the department of human services.

e. (1) If a person owns or operates more than one hospital, and an employee of one of such hospitals is transferred to another such hospital without a lapse in employment, the hospital is not required to request additional criminal and child and dependent adult abuse record checks of that employee.

(2) If the ownership of a hospital is transferred, at the time of transfer the record checks required by this section shall be performed for each employee for whom there is no documentation that such record checks have been performed. The hospital may continue to employ such employee pending the performance of the record checks and any related evaluation.

3. In an evaluation, the department of human services shall consider the nature and seriousness of the crime or founded child or dependent adult abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child or dependent adult abuse, the circumstances under which the crime or founded child or dependent adult abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child or dependent adult abuse again, and the number of crimes or founded child or dependent adult abuses committed by the person involved. If the department of human services performs an evaluation for the purposes of this section, the department of human services has final authority in determining whether prohibition of the person's employment is warranted.

4. a. Except as provided in paragraph "b" and subsection 2, a person who has committed a crime or has a record of founded child or dependent adult abuse shall not be employed in a hospital licensed under this chapter unless an evaluation has been performed by the department of human services.

b. A person with a criminal or abuse record who is or was employed by a hospital licensed under this chapter and is hired by another hospital shall be subject to the criminal history and abuse record checks required pursuant to subsection 1. However, if an evaluation was previously performed by the department of human services concerning the person's criminal or abuse record and it was determined that the record did not warrant prohibition of the person's employment and the latest record checks do not indicate a crime was committed or founded abuse record was entered subsequent to that evaluation, the person may commence employment with the other hospital in accordance with the department of human services' evaluation and an exemption from the requirements in paragraph "a" for reevaluation of the latest record checks is authorized. Otherwise, the requirements of paragraph "a" remain applicable to the person's employment. Authorization of an exemption under this paragraph "b" from requirements for reevaluation of the latest record checks by the department of human services is subject to all of the following provisions:

(1) The position with the subsequent employer is substantially the same or has the same job responsibilities as the position for which the previous evaluation was performed.

(2) Any restrictions placed on the person's employment in the previous evaluation by the department of human services shall remain applicable in the person's subsequent employment.

(3) The person subject to the record checks has maintained a copy of the previous evaluation and provides the evaluation to the subsequent employer or the previous employer provides the previous evaluation from the person's personnel file pursuant to the person's authorization. If a physical copy of the previous evaluation is not provided to the subsequent employer, the record checks shall be reevaluated.

(4) Although an exemption under this lettered paragraph "b" may be authorized, the subsequent employer may instead request a reevaluation of the record checks and may employ the person while the reevaluation is being performed.

5. a. If a person employed by a hospital that is subject to this section is convicted of a crime or has a record of founded child or dependent adult abuse entered in the abuse registry after the person's employment application date, the person shall inform the hospital of such information within forty-eight hours of the criminal conviction or entry of the record of founded child or dependent adult abuse. The hospital shall act to verify the information within seven calendar days of notification. If the information is verified, the requirements of subsections 2, 3, and 4 regarding employability and evaluations shall be applied by the

hospital to determine whether or not the person's employment is continued. The hospital may continue to employ the person pending the performance of an evaluation by the department of human services to determine whether prohibition of the person's employment is warranted. A person who is required by this subsection to inform the person's employer of a conviction or entry of an abuse record and fails to do so within the required period commits a serious misdemeanor.

b. If a hospital receives credible information, as determined by the hospital, that a person employed by the hospital has been convicted of a crime or a record of founded child or dependent adult abuse has been entered in the abuse registry after employment from a person other than the employee and the employee has not informed the hospital of such information within the period required under paragraph "a", the hospital shall act to verify the credible information within seven calendar days of receipt of the credible information. If the information is verified, the requirements of subsections 2, 3, and 4 regarding employability and evaluations shall be applied by the hospital to determine whether or not the person's employment is continued.

c. The hospital may notify the county attorney for the county where the hospital is located of any violation or failure by an employee to notify the hospital of a criminal conviction or entry of an abuse record within the period required under paragraph "a".

6. A hospital licensed in this state may access the single contact repository established by the department pursuant to section 135C.33 as necessary for the hospital to perform record checks of persons employed or being considered for employment by the hospital.

### **135C.2 Purpose — rules — special classifications — protection and advocacy agency.**

1. The purpose of this chapter is to promote and encourage adequate and safe care and housing for individuals who are aged or who, regardless of age, are infirm, convalescent, or mentally or physically dependent, by both public and private agencies by providing for the adoption and enforcement of rules and standards:

- a. For the housing, care, and treatment of individuals in health care facilities, and
- b. For the location, construction, maintenance, renovation, and sanitary operation of such health care facilities which will promote safe and adequate care of individuals in such homes so as to further the health, welfare, and safety of such individuals.

2. Rules and standards prescribed, promulgated, and enforced under this chapter shall not be arbitrary, unreasonable, or confiscatory and the department or agency prescribing, promulgating, or enforcing such rules or standards shall have the burden of proof to establish that such rules or standards meet such requirements and are consistent with the economic problems and conditions involved in the care and housing of persons in health care facilities.

3. a. The department shall establish by administrative rule the following special classifications:

(1) Within the residential care facility category, a special license classification for residential facilities intended to serve persons with mental illness.

(2) Within the nursing facility category, a special license classification for nursing facilities which designate and dedicate the facility or a special unit within the facility to provide care for persons who suffer from chronic confusion or a dementing illness. A nursing facility which designates and dedicates the facility or a special unit within the facility for the care of persons who suffer from chronic confusion or a dementing illness shall be specially licensed. For the purposes of this subsection, “designate” means to identify by a distinctive title or label and “dedicate” means to set apart for a definite use or purpose and to promote that purpose.

b. The department may also establish by administrative rule special classifications within the residential care facility, intermediate care facility for persons with mental illness, intermediate care facility for persons with an intellectual disability, or nursing facility categories, for facilities intended to serve individuals who have special health care problems or conditions in common. Rules establishing a special classification shall define the problem or condition to which the special classification is relevant and establish requirements for an approved program of care commensurate with the problem or condition. The rules may grant special variances or considerations to facilities licensed within the special classification.

c. The rules adopted for intermediate care facilities for persons with an intellectual disability shall be consistent with, but no more restrictive than, the federal standards for intermediate care facilities for persons with an intellectual disability established pursuant to the federal Social Security Act, §1905(c)(d), as codified in 42 U.S.C. §1396d, in effect on January 1, 1989. However, in order for an intermediate care facility for persons with an intellectual disability to be licensed, the state fire marshal must certify to the department that the facility meets the applicable provisions of the rules adopted for such facilities by the state fire marshal. The state fire marshal’s rules shall be based upon such a facility’s compliance with either the provisions applicable to health care occupancies or residential board and care occupancies of the life safety code of the national fire protection association, 2000 edition. The department shall adopt additional rules for intermediate care facilities for persons with an intellectual disability pursuant to section 135C.14, subsection 8.

d. Notwithstanding the limitations set out in this subsection regarding rules for intermediate care facilities for persons with an intellectual disability, the department shall

consider the federal interpretive guidelines issued by the federal centers for Medicare and Medicaid services when interpreting the department's rules for intermediate care facilities for persons with an intellectual disability. This use of the guidelines is not subject to the rulemaking provisions of sections 17A.4 and 17A.5, but the guidelines shall be published in the Iowa administrative bulletin and the Iowa administrative code.

4. The protection and advocacy agency designated in the state, under Pub. L. No. 98-527, the Developmental Disabilities Act of 1984, Pub. L. No. 99-319, the Protection and Advocacy for Mentally Ill Individuals Act of 1986, and Pub. L. No. 100-146, the federal Developmental Disabilities Assistance and Bill of Rights Act Amendments of 1987, is recognized as an agency legally authorized and constituted to ensure the implementation of the purposes of this chapter for populations under its authority and in the manner designated by Pub. L. No. 98-527, Pub. L. No. 99-319, and Pub. L. No. 100-146 and in the assurances of the governor of the state.

5. The department shall establish a special classification within the residential care facility category in order to foster the development of residential care facilities which serve persons with an intellectual disability, chronic mental illness, a developmental disability, or brain injury, as described under section 225C.26, and which contain five or fewer residents. A facility within the special classification established pursuant to this subsection is exempt from the requirements of section 135.63. The department shall adopt rules which are consistent with rules previously developed for the waiver demonstration project pursuant to 1986 Iowa Acts, ch. 1246, §206, and which include all of the following provisions:

a. A facility provider under the special classification must comply with rules adopted by the department for the special classification. However, a facility provider which has been accredited by the council on quality and leadership shall be deemed to be in compliance with the rules adopted by the department.

b. A facility must be located in an area zoned for single or multiple-family housing or in an unincorporated area and must be constructed in compliance with applicable local requirements and the rules adopted for the special classification by the state fire marshal in accordance with the concept of the least restrictive environment for the facility residents. Local requirements shall not be more restrictive than the rules adopted for the special classification by the state fire marshal and the state building code requirements for single or multiple-family housing, under section 103A.7.

c. Facility provider plans for the facility's accessibility to residents must be in place.

d. A written plan must be in place which documents that a facility meets the needs of the facility's residents pursuant to individual program plans developed according to age appropriate and least restrictive program requirements.

e. A written plan must be in place which documents that a facility's residents have reasonable access to employment or employment-related training, education, generic community resources, and integrated opportunities to promote interaction with the community.

f. The facilities licensed under this subsection shall be eligible for funding utilized by other licensed residential care facilities for persons with an intellectual disability, or licensed residential care facilities for persons with mental illness, including but not limited to funding under or from the federal social services block grant, the state supplementary assistance program, state mental health and developmental disabilities services funds, and county funding provisions.

6. a. This chapter shall not apply to adult day services provided in a health care facility. However, adult day services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

b. The level of care certification provisions pursuant to sections 135C.3 and 135C.4, the license application and fee provisions pursuant to section 135C.7, and the involuntary discharge provisions pursuant to section 135C.14, subsection 8, shall not apply to respite care services provided in a health care facility. However, respite care services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

c. The department shall adopt rules to implement this subsection.

7. The rules adopted by the department regarding nursing facilities shall provide that a nursing facility may choose to be inspected either by the department or by the joint commission on accreditation of health care organizations. The rules regarding acceptance of inspection by the joint commission on accreditation of health care organizations shall include recognition, in lieu of inspection by the department, of comparable inspections and inspection findings of the joint commission on accreditation of health care organizations, if the department is provided with copies of all requested materials relating to the inspection process.

### **135C.3 Nature of care.**

1. A licensed nursing facility shall provide an organized twenty-four-hour program of services commensurate with the needs of its residents and under the immediate direction of a licensed nurse. Medical and nursing services must be provided under the direction of either a house physician or an individually selected physician. Surgery or obstetrical care shall not be provided within the facility. An admission to the nursing facility must be based on a physician's written order certifying that the individual being admitted requires no greater degree of nursing care than the facility to which the admission is made is licensed to provide and is capable of providing. The nursing facility is not required to admit an individual through court order, referral, or other means without the express prior approval of the administrator of the nursing facility.

2. A licensed intermediate care facility for persons with mental illness shall provide an organized twenty-four-hour program of services commensurate with the needs of its residents and under the immediate direction of a licensed registered nurse, who has had at least two years of recent experience in a chronic or acute psychiatric setting. Medical and nursing service must be provided under the direction of either a house physician or an individually selected physician. Surgery or obstetrical care shall not be provided within the facility. An admission to the intermediate care facility for persons with mental illness must be based on a physician's written order certifying that the individual being admitted requires no greater degree of nursing care than the facility to which the admission is made is licensed to provide and is capable of providing.

### **135C.4 Residential care facilities.**

1. Each facility licensed as a residential care facility shall provide an organized continuous twenty-four-hour program of care commensurate with the needs of the residents of the home and under the immediate direction of a person approved and certified by the department whose combined training and supervised experience is such as to ensure adequate and competent care.

2. All admissions to residential care facilities shall be based on an order written by a physician certifying that the individual being admitted does not require nursing services or that the individual's need for nursing services can be avoided if home and community-based services, other than nursing care, as defined by this chapter and departmental rule, are provided.

3. For the purposes of this section, the home and community-based services to be provided

shall be limited to the type included under the medical assistance program provided pursuant to chapter 249A, shall be subject to cost limitations established by the department of human services under the medical assistance program, and except as otherwise provided by the department of inspections and appeals with the concurrence of the department of human services, shall be limited in capacity to the number of licensed residential care facilities and the number of licensed residential care facility beds in the state as of December 1, 2003.

#### **135C.5 Limitations on use.**

Another business or activity serving persons other than the residents of a health care facility may be operated or provided in a designated part of the physical structure of the health care facility if the other business or activity meets the requirements of applicable state and federal laws, administrative rules, and federal regulations. The department shall not limit the ability of a health care facility to operate or provide another business or activity in the designated part of the facility if the business or activity does not interfere with the use of the facility by the residents or with the services provided to the residents, and is not disturbing to the residents. In denying the ability of a health care facility to operate or provide another business or activity under this section, the burden of proof shall be on the department to demonstrate that the other business or activity substantially interferes with the use of the facility by the residents or the services provided to the residents, or is disturbing to the residents. The state fire marshal, in accordance with chapter 17A, shall adopt rules which establish criteria for approval of a business or activity to be operated or provided in a designated part of the physical structure of a health care facility. For the purposes of this section, “*another business or activity*” shall not include laboratory services with the exception of laboratory services for which a waiver from regulatory oversight has been obtained under the federal Clinical Laboratory Improvement Amendments of 1988, Pub. L. No. 100-578, as amended, radiological services, anesthesiology services, obstetrical services, surgical services, or emergency room services provided by hospitals licensed under chapter 135B.

#### **135C.6 License required — exemptions.**

1. A person or governmental unit acting severally or jointly with any other person or governmental unit shall not establish or operate a health care facility in this state without a license for the facility. A supported community living service, as defined in section 225C.21, is not required to be licensed under this chapter, but is subject to approval under section 225C.21 in order to receive public funding.

2. A health care facility suitable for separation and operation with distinct parts may, where otherwise qualified in all respects, be issued multiple licenses authorizing various parts of such facilities to be operated as health care facilities of different license categories.

3. No change in a health care facility, its operation, program, or services, of a degree or character affecting continuing licensure shall be made without prior approval thereof by the department. The department may by rule specify the types of changes which shall not be made without its prior approval.

4. No department, agency, or officer of this state or of any of its political subdivisions shall pay or approve for payment from public funds any amount or amounts to a health care facility under any program of state aid in connection with services provided or to be provided an actual or prospective resident in a health care facility, unless the facility has a current license issued by the department and meets such other requirements as may be in effect pursuant to law.

5. No health care facility established and operated in compliance with law prior to January

1, 1976, shall be required to change its corporate or business name by reason of the definitions prescribed in section 135C.1, provided that no health care facility shall at any time represent or hold out to the public or to any individual that it is licensed as, or provides the services of, a health care facility of a type offering a higher grade of care than such health care facility is licensed to provide. Any health care facility which, by virtue of this section, operates under a name not accurately descriptive of the type of license which it holds shall clearly indicate in any printed advertisement, letterhead, or similar material, the type of license or licenses which it has in fact been issued. No health care facility established or renamed after January 1, 1976, shall use any name indicating that it holds a different type of license than it has been issued.

6. A health care facility operated by and for the exclusive use of members of a religious order, which does not admit more than two individuals to the facility from the general public, may be operated without obtaining a license under this chapter and shall not be deemed to be licensed by the state.

7. A freestanding hospice facility which operates a hospice program in accordance with 42 C.F.R. §418 may be operated without obtaining a license under this chapter and shall not be deemed to be licensed by the state.

8. The following residential programs to which the department of human services applies accreditation, certification, or standards of review shall not be required to be licensed as a health care facility under this chapter:

a. Residential programs providing care to not more than four individuals and receiving moneys appropriated to the department of human services under provisions of a federally approved home and community-based services waiver for persons with an intellectual disability or other medical assistance program under chapter 249A. In approving a residential program under this paragraph, the department of human services shall consider the geographic location of the program so as to avoid an overconcentration of such programs in an area. In order to be approved under this paragraph, a residential program shall not be required to involve the conversion of a licensed residential care facility for persons with an intellectual disability.

b. Not more than forty residential care facilities for persons with an intellectual disability that are licensed to serve not more than five individuals may be authorized by the department of human services to convert to operation as a residential program under the provisions of a medical assistance home and community-based services waiver for persons with an intellectual disability. A converted residential program operating under this paragraph is subject to the conditions stated in paragraph "a" except that the program shall not serve more than five individuals.

c. A residential program approved by the department of human services pursuant to this paragraph "c" to receive moneys appropriated to the department of human services under provisions of a federally approved home and community-based services habilitation or waiver program may provide care to not more than five individuals. The department shall approve a residential program under this paragraph that complies with all of the following conditions:

(1) Approval of the program will not result in an overconcentration of such programs in an area.

(2) The county in which the residential program is located submits to the department of human services a letter of support for approval of the program.

(3) The county in which the residential program is located provides to the department of human services verification in writing that the program is needed to address one or more of the following:

(a) The quantity of services currently available in the county is insufficient to meet the need.

(b) The quantity of affordable rental housing in the county is insufficient.

(c) Implementation of the program will cause a reduction in the size or quantity of larger congregate programs.

9. Contingent upon the department of human services receiving federal approval, a residential program which serves not more than eight individuals and is licensed as an intermediate care facility for persons with an intellectual disability may surrender the

facility license and continue to operate under a federally approved medical assistance home and community-based services waiver for persons with an intellectual disability, if the department of human services has approved a plan submitted by the residential program.

10. Notwithstanding section 135C.9, nursing facilities which are accredited by the joint commission on accreditation of health care organizations shall be licensed without inspection by the department, if the nursing facility has chosen to be inspected by the joint commission on accreditation of health care organizations in lieu of inspection by the department.

### **135C.7 Application — fees.**

1. Licenses shall be obtained from the department. Applications shall be upon such forms and shall include such information as the department may reasonably require, which may include affirmative evidence of compliance with such other statutes and local ordinances as may be applicable. Each application for license shall be accompanied by the annual license fee prescribed by this section, subject to refund to the applicant if the license is denied, which fee shall be paid over into the state treasury and credited to the general fund if the license is issued. There shall be an annual license fee based upon the bed capacity of the health care facility, as follows:

- a. Ten beds or less, twenty dollars.
- b. More than ten and not more than twenty-five beds, forty dollars.
- c. More than twenty-five and not more than seventy-five beds, sixty dollars.
- d. More than seventy-five and not more than one hundred fifty beds, eighty dollars.
- e. More than one hundred fifty beds, one hundred dollars.

2. In addition to the license fees listed in this section, there shall be an annual assessment assessed to each licensee in an amount to cover the cost of independent reviewers provided pursuant to section 135C.42. The department shall, in consultation with licensees, establish the assessment amount by rule based on the award of a request for proposals. The assessment shall be retained by the department as a repayment receipt as defined in section 8.2 and used for the purpose of paying the cost of the independent reviewers.

### **135C.8 Scope of license.**

Licenses for health care facilities shall be issued only for the premises and persons or governmental units named in the application and shall not be transferable or assignable except with the written approval of the department, obtained prior to the purchase of the facility involved. Licenses shall be posted in a conspicuous place on the licensed premises as prescribed by regulation of the department. Such licenses, unless sooner suspended or revoked, shall expire one year after the date of issuance and shall be renewed annually upon an application by the licensee. Applications for such renewal shall be made in writing to the department, accompanied by the required fee, at least thirty days prior to the expiration of such license in accordance with regulations promulgated by the department. Health care facilities which have allowed their licenses to lapse through failure to make timely application for renewal of their licenses shall pay an additional fee of twenty-five percent of the annual license fee prescribed in section 135C.7.

### **135C.9 Inspection before issuance — notice of deficiencies.**

1. The department shall not issue a health care facility license to any applicant until:

a. The department has ascertained that the staff and equipment of the facility is adequate to provide the care and services required of a health care facility of the category for which the license is sought. Prior to the review and approval of plans and specifications for any new facility and the initial licensing under a new licensee, a resume of the programs and services to be furnished and of the means available to the applicant for providing the same and for meeting requirements for staffing, equipment, and operation of the health care facility, with particular reference to the professional requirements for services to be rendered, shall be submitted in writing to the department for review and approval. The resume shall be reviewed by the department within ten working days and returned to the applicant. The resume shall, upon the department's request, be revised as appropriate by the facility from time to time after issuance of a license.

b. The facility has been inspected by the state fire marshal or a deputy appointed by the fire marshal for that purpose, who may be a member of a municipal fire department, and the department has received either a certificate of compliance or a provisional certificate of compliance by the facility with the fire hazard and fire safety rules and standards of the department as promulgated by the fire marshal and, where applicable, the fire safety standards required for participation in programs authorized by either Tit. XVIII or Tit. XIX of the United States Social Security Act, codified at 42 U.S.C. §1395 – 1395ll and 1396 – 1396g. The certificate or provisional certificate shall be signed by the fire marshal or the fire marshal's deputy who made the inspection. If the state fire marshal or a deputy finds a deficiency upon inspection, the notice to the facility shall be provided in a timely manner and shall specifically describe the nature of the deficiency, identifying the Code section or subsection or the rule or standard violated. The notice shall also specify the time allowed for correction of the deficiency, at the end of which time the fire marshal or a deputy shall perform a follow-up inspection.

2. The rules and standards promulgated by the fire marshal pursuant to subsection 1, paragraph "b" of this section shall be substantially in keeping with the latest generally recognized safety criteria for the facilities covered, of which the applicable criteria recommended and published from time to time by the national fire protection association shall be prima facie evidence. The rules and standards promulgated by the fire marshal shall be promulgated in consultation with the department and shall, to the greatest extent possible, be consistent with rules adopted by the department under this chapter.

3. The state fire marshal or the fire marshal's deputy may issue successive provisional certificates of compliance for periods of one year each to a facility which is in substantial compliance with the applicable fire hazard and fire safety rules and standards, upon satisfactory evidence of an intent, in good faith, by the owner or operator of the facility to correct the deficiencies noted upon inspection within a reasonable period of time as determined by the state fire marshal or the fire marshal's deputy. Renewal of a provisional certificate shall be based on a showing of substantial progress in eliminating deficiencies noted upon the last previous inspection of the facility without the appearance of additional deficiencies other than those arising from changes in the fire hazard and fire safety rules, regulations and standards which have occurred since the last previous inspection, except that substantial progress toward achievement of a good faith intent by the owner or operator to replace the entire facility within a reasonable period of time, as determined by the state fire marshal or the fire marshal's deputy, may be accepted as a showing of substantial progress in eliminating deficiencies, for the purposes of this section.

4. If a facility subject to licensure under this chapter, a facility exempt from licensure under this chapter pursuant to section 135C.6, or a family home under section 335.25 or 414.22, has been issued a certificate of compliance or a provisional certificate of compliance under subsection 1 or 3, or has otherwise been approved as complying with a rule or standard by the state or a deputy fire marshal or a local building department as defined in section 103A.3, the state or deputy fire marshal or local building department which issued the certificate, provisional certificate, or approval shall not apply additional requirements for compliance with the rule or standard unless the rule or standard is revised in accordance

with chapter 17A or with local regulatory procedure following issuance of the certificate, provisional certificate, or approval.

#### **135C.10 Denial, suspension, or revocation.**

The department shall have the authority to deny, suspend, or revoke a license in any case where the department finds that there has been repeated failure on the part of the facility to comply with the provisions of this chapter or the rules or minimum standards promulgated hereunder, or for any of the following reasons:

1. Cruelty or indifference to health care facility residents.
2. Appropriation or conversion of the property of a health care facility resident without the resident's written consent or the written consent of the resident's legal guardian.
3. Permitting, aiding, or abetting the commission of any illegal act in the health care facility.
4. Inability or failure to operate and conduct the health care facility in accordance with the requirements of this chapter and the minimum standards and rules issued pursuant thereto.
5. Obtaining or attempting to obtain or retain a license by fraudulent means, misrepresentation, or by submitting false information.
6. Habitual intoxication or addiction to the use of drugs by the applicant, manager or supervisor of the health care facility.
7. Securing the devise or bequest of the property of a resident of a health care facility by undue influence.
8. Willful failure or neglect to maintain a continuing in-service education and training program for all personnel employed in the facility.
9. In the case of an application for a new or newly acquired facility, continuing or repeated failure of the licensee to operate any previously licensed facility or facilities in compliance with the provisions of this chapter, the rules adopted pursuant to this chapter, or equivalent provisions that the facility is subject to in this state or any other state.
10. In the case of a license applicant or existing licensee which is an entity other than an individual, the department may deny, suspend, or revoke a license if any individual, who is in a position of control or is an officer of the entity, engages in any act or omission proscribed by this section.
11. Intentionally preventing or interfering with or attempting to prevent or interfere in any way with the performance by any duly authorized representative of the department of the lawful enforcement of this chapter or of the rules adopted pursuant to this chapter. As used in this subsection, "lawful enforcement" includes but is not limited to the following:
  - a. Contacting or interviewing any resident of a health care facility in private at any reasonable hour and without advance notice.
  - b. Examining any relevant books or records of a health care facility unless otherwise protected from disclosure by operation of law.
  - c. Preserving evidence of any violation of this chapter or of the rules adopted pursuant to this chapter.

#### **135C.11 Notice — hearings.**

1. The denial, suspension, or revocation of a license shall be effected by delivering to the applicant or licensee by certified mail or by personal service of a notice setting forth the particular reasons for such action. Such denial, suspension, or revocation shall become effective thirty days after the mailing or service of the notice, unless the applicant or licensee, within such thirty-day period, shall give written notice to the department requesting a hearing, in which case the notice shall be deemed to be suspended. If a hearing has been requested, the applicant or licensee shall be given an opportunity for a prompt and fair hearing before

the department. At any time at or prior to the hearing the department may rescind the notice of the denial, suspension, or revocation upon being satisfied that the reasons for the denial, suspension, or revocation have been or will be removed. On the basis of any such hearing, or upon default of the applicant or licensee, the determination involved in the notice may be affirmed, modified, or set aside by the department. A copy of such decision shall be sent by certified mail, or served personally upon the applicant or licensee. The applicant or licensee may seek judicial review pursuant to section 135C.13.

2. The procedure governing hearings authorized by this section shall be in accordance with the rules promulgated by the department. A full and complete record shall be kept of all proceedings, and all testimony shall be reported but need not be transcribed unless judicial review is sought pursuant to section 135C.13. Copies of the transcript may be obtained by an interested party upon payment of the cost of preparing the copies. Witnesses may be subpoenaed by either party and shall be allowed fees at a rate prescribed by the department's rules. The director may, after advising a representative of the office of long-term care ombudsman, either proceed in accordance with section 135C.30, or remove all residents and suspend the license or licenses of any health care facility, prior to a hearing, when the director finds that the health or safety of residents of the health care facility requires such action on an emergency basis.

### **135C.12 Conditional operation.**

If the department has the authority under section 135C.10 to deny, suspend or revoke a license, the department or director may, as an alternative to those actions:

1. Apply to the district court of the county in which the licensee's health care facility is located for appointment by the court of a receiver for the facility pursuant to section 135C.30.

2. Conditionally issue or continue a license dependent upon the performance by the licensee of reasonable conditions within a reasonable period of time as set by the department so as to permit the licensee to commence or continue the operation of the health care facility pending full compliance with this chapter or the regulations or minimum standards promulgated under this chapter. If the licensee does not make diligent efforts to comply with the conditions prescribed, the department may, under the proceedings prescribed by this chapter, suspend or revoke the license. No health care facility shall be operated on a conditional license for more than one year.

3. The department, in evaluating corrections of deficiencies in a facility in receivership or operating on a conditional license, may determine what is satisfactory compliance, provided that in so doing it shall employ established criteria which shall be uniformly applied to all facilities of the same license category.

### **135C.13 Judicial review.**

Judicial review of any action of the director may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. **135C.14 Rules.**

The department shall, in accordance with chapter 17A and with the approval of the state board of health, adopt and enforce rules setting minimum standards for health care facilities. In so doing, the department, with the approval of the state board of health, may adopt by reference, with or without amendment, nationally recognized standards and rules, which shall be specified by title and edition, date of publication, or similar information. The rules and standards required by this section shall be formulated in consultation with the director of human services or the director's designee, with the state fire marshal, and with affected industry, professional, and consumer groups, and shall be designed to further the accomplishment of the purposes of this chapter and shall relate to:

1. Location and construction of the facility, including plumbing, heating, lighting, ventilation, and other housing conditions, which shall ensure the health, safety and comfort of residents and protection from fire hazards. The rules of the department relating to protection from fire hazards and fire safety shall be promulgated by the state fire marshal in consultation with the department, and shall be in keeping with the latest generally recognized safety criteria for the facilities covered of which the applicable criteria recommended and published from time to time by the national fire protection association are prima facie evidence. To the greatest extent possible, the rules promulgated by the state fire marshal shall be consistent with the rules adopted by the department under this chapter.

2. Number and qualifications of all personnel, including management and nursing personnel, having responsibility for any part of the care provided to residents.

3. All sanitary conditions within the facility and its surroundings including water supply, sewage disposal, food handling, and general hygiene, which shall ensure the health and comfort of residents.

4. Diet related to the needs of each resident and based on good nutritional practice and on recommendations which may be made by the physician attending the resident.

5. Equipment essential to the health and welfare of the resident.

6. Requirements that a minimum number of registered or licensed practical nurses and nurses' aides, relative to the number of residents admitted, be employed by each licensed facility. Staff-to-resident ratios established under this subsection need not be the same for facilities holding different types of licenses, nor for facilities holding the same type of license if there are significant differences in the needs of residents which the respective facilities are serving or intend to serve.

7. Social services and rehabilitative services provided for the residents.

8. Facility policies and procedures regarding the treatment, care, and rights of residents. The rules shall apply the federal resident's rights contained in the federal Omnibus Budget Reconciliation Act of 1987, Pub. L. No. 100-203, and the regulations adopted pursuant to the Act and contained in 42 C.F.R. §483.10, 483.12, 483.13, and 483.15, as amended to February 2, 1989, to all health care facilities as defined in this chapter and shall include procedures for implementing and enforcing the federal rules. The department shall also adopt rules relating to the following:

- a. The transfer of residents to other rooms within a facility.

- b. The involuntary discharge or transfer of residents from a facility including provisions for notice and agency hearings and for the development of a patient discharge or transfer plan and for providing counseling services to a patient being discharged or transferred.

- c. The required holding of a bed for a resident under designated circumstances upon payment of a prescribed charge for the bed.

- d. The notification of the office of long-term care ombudsman by the department of all complaints relating to health care facilities and the involvement of the office of long-term care ombudsman in resolution of the complaints.

- e. For the recoupment of funds or property to residents when the resident's personal funds or property have been used without the resident's written consent or the written consent of the resident's guardian.

- f. The involuntary discharge of a resident of the Iowa veterans home including provisions for notice and agency hearings, the development of a resident discharge plan, and for providing counseling services to a resident being discharged. As used in this paragraph "f",

“collaborative care plan” and “interdisciplinary resident care committee” mean as defined in section 35D.15, subsection 2. The rules shall provide that a resident shall be involuntarily discharged for any of the following reasons:

(1) (a) The resident has been diagnosed with a substance use disorder but continues to abuse alcohol or an illegal drug in violation of the resident’s conditional or provisional agreement entered into at the time of admission, and all of the following conditions are met:

(i) The resident has been provided sufficient notice of any changes in the resident’s collaborative care plan.

(ii) The resident has been notified of the resident’s commission of three offenses and has been given the opportunity to correct the behavior through either of the following options:

(A) Being given the opportunity to receive the appropriate level of treatment in accordance with best practices for standards of care.

(B) By having been placed on probation by the Iowa veterans home for a second offense.

(b) Notwithstanding the resident’s meeting the criteria for discharge under this subparagraph (1), if the resident has demonstrated progress toward the goals established in the resident’s collaborative care plan, the interdisciplinary resident care committee and the commandant may exercise discretion regarding the discharge. Notwithstanding any provision to the contrary, a resident may be immediately discharged under this subparagraph (1) if the resident’s actions or behavior jeopardizes the life or safety of other residents or staff.

(2) (a) The resident refuses to utilize the resources available to address issues identified in the resident’s collaborative care plan, and all of the following conditions are met:

(i) The resident has been provided sufficient notice of any changes in the resident’s collaborative care plan.

(ii) The resident has been notified of the resident’s commission of three offenses and the resident has been placed on probation by the Iowa veterans home for a second offense.

(b) Notwithstanding the resident’s meeting the criteria for discharge under this subparagraph (2), if the resident has demonstrated progress toward the goals established in the resident’s collaborative care plan, the interdisciplinary resident care committee and the commandant may exercise discretion regarding the discharge. Notwithstanding any provision to the contrary, the resident may be immediately discharged under this subparagraph (2) if the resident’s actions or behavior jeopardizes the life or safety of other residents or staff.

(3) The resident’s medical or life skills needs have been met to the extent possible through the services provided by the Iowa veterans home and the resident no longer requires a residential or nursing level of care, as determined by the interdisciplinary resident care committee.

(4) The resident requires a level of licensed care not provided at the Iowa veterans home.

### **135C.15 Time to comply.**

1. Any health care facility which is in operation at the time of adoption or promulgation of any applicable rules or minimum standards under this chapter shall be given reasonable time from the date of such promulgation to comply with such rules and minimum standards as provided for by the department. The director may grant successive thirty-day extensions of the time for compliance where evidence of a good faith attempt to achieve compliance is furnished, if the extensions will not place in undue jeopardy the residents of the facility to which the extensions are granted.

2. Renovation of an existing health care facility, not already in compliance with all applicable standards, shall be permitted only if the fixtures and equipment to be installed and the services to be provided in the renovated portion of the facility will conform substantially to current operational standards. Construction of an addition to an existing health care

facility shall be permitted only if the design of the structure, the fixtures and equipment to be installed, and the services to be provided in the addition will conform substantially to current construction and operational standards.

[C58, 62, 66, 71, 73, 75, 77, 79, 81, §135C.15]

### **135C.16 Inspections.**

1. In addition to the inspections required by sections 135C.9 and 135C.38, the department shall make or cause to be made such further unannounced inspections as it deems necessary to adequately enforce this chapter. At least one general unannounced inspection shall be conducted for each health care facility within a thirty-month period. The inspector shall show identification to the person in charge of the facility and state that an inspection is to be made before beginning the inspection. An employee of the department who gives unauthorized advance notice of an inspection made or planned to be made under this subsection or section 135C.38 shall be disciplined as determined by the director, except that if the employee is employed pursuant to the merit system provisions of chapter 8A, subchapter IV, the discipline shall not exceed the discipline authorized pursuant to that subchapter.

2. a. The department shall prescribe by rule that any licensee or applicant for license desiring to make specific types of physical or functional alterations or additions to its facility or to construct new facilities shall, before commencing the alteration or additions or new construction, submit plans and specifications to the department for preliminary inspection and approval or recommendations with respect to compliance with the department's rules and standards.

b. When the plans and specifications have been properly approved by the department or other appropriate state agency, for a period of at least five years from completion of the construction or alteration, the facility or the portion of the facility constructed or altered in accord with the plans and specifications shall not be considered deficient or ineligible for licensing by reason of failure to meet any rule or standard established subsequent to approval of the plans and specifications.

c. When construction or alteration of a facility or portion of a facility has been completed in accord with plans and specifications submitted as required by this subsection and properly approved by the department or other appropriate state agency, and it is discovered that the facility or portion of a facility is not in compliance with a requirement of this chapter or of the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted, and the deficiency was apparent from the plans and specifications submitted but was not noted or objected to by the department or other appropriate state agency, the department or agency responsible for the oversight shall either waive the requirement or reimburse the licensee or applicant for any costs which are necessary to bring the new or reconstructed facility or portion of a facility into compliance with the requirement and which the licensee or applicant would not have incurred if the facility or portion of the facility had been constructed in compliance with the requirements of this chapter or of the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted.

d. If within two years from the completion of the construction or alteration of the facility or portion thereof, a department or agency of the state orders that the new or reconstructed facility or portion thereof be brought into compliance with the requirements of this chapter or the rules or standards adopted pursuant to it and in effect at the time the plans and specifications were submitted, the state shall have a claim for damages to the extent of any reimbursement paid to the licensee or applicant against any person who designed the facility or portion thereof for negligence in the preparation of the plans and specifications therefor, subject to all defenses based upon the negligence of the state in reviewing and approving those plans and specifications, but not thereafter.

e. The provisions of this subsection shall not apply where the deficiency presents a clear and present danger to the safety of the residents of the facility.

3. An authorized representative of the department may enter any licensed health care facility without a warrant, and may examine all records pertaining to the care provided residents of the facility. An authorized representative of the department may contact or

interview any resident, employee, or any other person who might have knowledge about the operation of a health care facility. An authorized representative of the department of human services shall have the same right with respect to any facility where one or more residents are cared for entirely or partially at public expense, and an authorized representative of the designated protection and advocacy agency shall have the same right with respect to any facility where one or more residents have developmental disabilities or mental illnesses, and the state fire marshal or a deputy appointed pursuant to section 135C.9, subsection 1, paragraph “b”, shall have the same right of entry into any facility and the right to inspect any records pertinent to fire safety practices and conditions within that facility, and an authorized representative of the office of long-term care ombudsman shall have the same right with respect to any nursing facility or residential care facility. If any such authorized representative has probable cause to believe that any institution, building, or agency not licensed as a health care facility is in fact a health care facility as defined by this chapter, and upon producing identification that the individual is an authorized representative is denied entry thereto for the purpose of making an inspection, the authorized representative may, with the assistance of the county attorney of the county in which the purported health care facility is located, apply to the district court for an order requiring the owner or occupant to permit entry and inspection of the premises to determine whether there have been any violations of this chapter.

Other information relating to a health care facility obtained by the department which does not constitute the department's findings from an inspection of the facility shall not be made available to the public except in proceedings involving the citation of a facility for a violation under section 135C.40, or the denial, suspension, or revocation of a license under this chapter. The name of a person who files a complaint with the department shall be confidential.

3. If the facility cited subsequently advises the department of human services that the violation has been corrected to the satisfaction of the department of inspections and appeals, the department of human services shall maintain this advisory in the same file with the copy of the citation. 2. The report card form shall be developed by the department in cooperation with representatives of the department on aging, the state long-term care ombudsman,

**135C.23 Express requirements for admission or residence.**

No individual shall be admitted to or permitted to remain in a health care facility as a resident, except in accordance with the requirements of this section.

1. Each resident shall be covered by a contract executed at the time of admission or prior thereto by the resident, or the resident's legal representative, and the health care facility, except as otherwise provided by subsection 5 with respect to residents admitted at public expense to a county care facility operated under chapter 347B. Each party to the contract shall be entitled to a duplicate original thereof, and the health care facility shall keep on file all contracts which it has with residents and shall not destroy or otherwise dispose of any such contract for at least one year after its expiration. Each such contract shall expressly set forth:

- a. The terms of the contract.
- b. The services and accommodations to be provided by the health care facility and the rates or charges therefor.
- c. Specific descriptions of any duties and obligations of the parties in addition to those required by operation of law.
- d. Any other matters deemed appropriate by the parties to the contract. No contract or any provision thereof shall be drawn or construed so as to relieve any health care facility of any requirement or obligation imposed upon it by this chapter or any standards or rules in force pursuant to this chapter, nor contain any disclaimer of responsibility for injury to the resident, or to relatives or other persons visiting the resident, which occurs on the premises of the facility or, with respect to injury to the resident, which occurs while the resident is under the supervision of any employee of the facility whether on or off the premises of the facility.

2. a. A health care facility shall not knowingly admit or retain a resident:

- (1) Who is dangerous to the resident or other residents.
- (2) Who is in an acute stage of alcoholism, drug addiction, or mental illness.
- (3) Whose condition or conduct is such that the resident would be unduly disturbing to other residents.
- (4) Who is in need of medical procedures, as determined by a physician, or services which cannot be or are not being carried out in the facility.

b. This section does not prohibit the admission of a patient with a history of dangerous or disturbing behavior to an intermediate care facility for persons with mental illness, intermediate care facility for persons with an intellectual disability, nursing facility, or county care facility when the intermediate care facility for persons with mental illness, intermediate care facility for persons with an intellectual disability, nursing facility, or county care facility has a program which has received prior approval from the department to properly care for and manage the patient. An intermediate care facility for persons with mental illness, intermediate care facility for persons with an intellectual disability, nursing facility, or county care facility is required to transfer or discharge a resident with dangerous or disturbing behavior when the intermediate care facility for persons with mental illness, intermediate care facility for persons with an intellectual disability, nursing facility, or county care facility cannot control the resident's dangerous or disturbing behavior. The department, in coordination with the state mental health and disability services commission created in section 225C.5, shall adopt rules pursuant to chapter 17A for programs to be required in intermediate care facilities for persons with mental illness, intermediate care facilities for persons with an intellectual disability, nursing facilities, and county care facilities that admit patients or have residents with histories of dangerous or disturbing behavior.

c. The denial of admission of a person to a health care facility shall not be based upon the patient's condition, which is the existence of a specific disease in the patient, but the decision

to accept or deny admission of a patient with a specific disease shall be based solely upon the ability of the health care facility to provide the level of care required by the patient.

3. Except in emergencies, a resident who is not essentially capable of managing the resident's own affairs shall not be transferred out of a health care facility or discharged for any reason without prior notification to the next of kin, legal representative, or agency acting on the resident's behalf. When such next of kin, legal representative, or agency cannot be reached or refuses to cooperate, proper arrangements shall be made by the facility for the welfare of the resident before the resident's transfer or discharge.

4. No owner, administrator, employee, or representative of a health care facility shall pay any commission, bonus, or gratuity in any form whatsoever, directly or indirectly, to any person for residents referred to such facility, nor accept any commission, bonus, or gratuity in any form whatsoever, directly or indirectly, for professional or other services or supplies purchased by the facility or by any resident, or by any third party on behalf of any resident, of the facility.

5. Each county which maintains a county care facility under chapter 347B shall develop a statement in lieu of, and setting forth substantially the same items as, the contracts required of other health care facilities by subsection 1. The statement must be approved by the county board of supervisors and by the department. When so approved, the statement shall be considered in force with respect to each resident of the county care facility.

#### **135C.24 Personal property or affairs of patients or residents.**

The admission of a resident to a health care facility and the resident's presence therein shall not in and of itself confer on such facility, its owner, administrator, employees, or representatives any authority to manage, use, or dispose of any property of the resident, nor any authority or responsibility for the personal affairs of the resident, except as may be necessary for the safety and orderly management of the facility and as required by this section.

1. No health care facility, and no owner, administrator, employee or representative thereof shall act as guardian, trustee or conservator for any resident of such facility, or any of such resident's property, unless such resident is related to the person acting as guardian within the third degree of consanguinity.

2. A health care facility shall provide for the safekeeping of personal effects, funds and other property of its residents, provided that whenever necessary for the protection of valuables or in order to avoid unreasonable responsibility therefor, the facility may require that they be excluded or removed from the premises of the facility and kept at some place not subject to the control of the facility.

3. A health care facility shall keep complete and accurate records of all funds and other effects and property of its residents received by it for safekeeping.

4. Any funds or other property belonging to or due a resident, or expendable for the resident's account, which are received by a health care facility shall be trust funds, shall be kept separate from the funds and property of the facility and of its other residents, or specifically credited to such resident, and shall be used or otherwise expended only for the account of the resident. Upon request the facility shall furnish the resident, the guardian, trustee or conservator, if any, for any resident, or any governmental unit or private charitable agency contributing funds or other property on account of any resident, a complete and certified statement of all funds or other property to which this subsection applies detailing the amounts and items received, together with their sources and disposition.

5. The provisions of this section notwithstanding, upon the verified petition of the county board of supervisors the district court may appoint the administrator of a county care facility as conservator or guardian, or both, of a resident of such county care facility, in accordance with the provisions of chapter 633. Such administrator shall serve as conservator or guardian,

or both, without fee. The county attorney shall serve as attorney for the administrator in such conservatorship or guardianship, or both, without fee. The administrator may establish either separate or common bank accounts for cash funds of such resident wards.

**135C.30 Operation of facility under receivership.**

When so authorized by section 135C.11, subsection 2, or section 135C.12, subsection 1, the director may file a verified application in the district court of the county where a health care facility licensed under this chapter is located, requesting that an individual nominated by the director be appointed as receiver for the facility with responsibility to bring the operation and condition of the facility into conformity with this chapter and the rules or minimum standards promulgated under this chapter.

1. The court shall expeditiously hold a hearing on the application, at which the director shall present evidence in support of the application. The licensee against whose facility the petition is filed may also present evidence, and both parties may subpoena witnesses. The court may appoint a receiver for the health care facility in advance of the hearing if the director's verified application states that an emergency exists which presents an imminent danger of resultant death or physical harm to the residents of the facility. If the licensee against whose facility the receivership petition is filed informs the court at or before the time set for the hearing that the licensee does not object to the application, the court shall waive the hearing and at once appoint a receiver for the facility.

2. The court, on the basis of the verified application and evidence presented at the hearing, may order the facility placed under receivership, and if so ordered, the court shall direct

either that the receiver assume the duties of administrator of the health care facility or that the receiver supervise the facility's administrator in conducting the day-to-day business of the facility. The receiver shall be empowered to control the facility's financial resources and to apply its revenues as the receiver deems necessary to the operation of the facility in compliance with this chapter and the rules or minimum standards promulgated under this chapter, but shall be accountable to the court for management of the facility's financial resources.

3. A receivership established under this section may be terminated by the district court which established it, after a hearing upon an application for termination. The application may be filed:

a. Jointly by the receiver and the current licensee of the health care facility which is in receivership, stating that the deficiencies in the operation, maintenance or other circumstances which were the grounds for establishment of the receivership have been corrected and that there are reasonable grounds to believe that the facility will be operated in compliance with this chapter and the rules or minimum standards promulgated under this chapter.

b. By the current licensee of the facility, alleging that termination of the receivership is merited for the reasons set forth in paragraph "a" of this subsection, but that the receiver has declined to join in the petition for termination of the receivership.

c. By the receiver, stating that all residents of the facility have been relocated elsewhere and that there are reasonable grounds to believe it will not be feasible to again operate the facility on a sound financial basis and in compliance with this chapter and the rules or minimum standards promulgated under this chapter, and asking that the court approve surrender of the facility's license to the department and subsequent return of control of the facility's premises to the owners of the premises.

4. a. Payment of the expenses of a receivership established under this section is the responsibility of the facility for which the receiver is appointed, unless the court directs otherwise. The expenses include but are not limited to:

- (1) Salary of the receiver.
- (2) Expenses incurred by the facility for the continuing care of the residents of the facility.
- (3) Expenses incurred by the facility for the maintenance of buildings and grounds of the facility.
- (4) Expenses incurred by the facility in the ordinary course of business, such as employees' salaries and accounts payable.

b. The receiver is not personally liable for the expenses of the facility during the receivership. The receiver is an employee of the state as defined in section 669.2, subsection 4, only for the purpose of defending a claim filed against the receiver. Chapter 669 applies to all suits filed against the receiver.

5. This section does not:

a. Preclude the sale or lease of a health care facility, and the transfer or assignment of the facility's license in the manner prescribed by section 135C.8, while the facility is in receivership, provided these actions are not taken without approval of the receiver.

b. Affect the civil or criminal liability of the licensee of the facility placed in receivership, for any acts or omissions of the licensee which occurred before the receiver was appointed.

**135C.31A Assessment of residents — program eligibility — prescription drug coverage.**

1. A health care facility shall assist the Iowa department of veterans affairs in identifying, upon admission of a resident, the resident's eligibility for benefits through the United States department of veterans affairs. The department of inspections and appeals, in cooperation with the department of human services, shall adopt rules to administer this section, including a provision that ensures that if a resident is eligible for benefits through the United States department of veterans affairs or other third-party payor, the payor of last resort for reimbursement to the health care facility is the medical assistance program. The rules shall also require the health care facility to request information from a resident or resident's personal representative regarding the resident's veteran status and to report to the Iowa department of veterans affairs only the names of residents identified as potential veterans along with the names of their spouses and any dependents. Information reported by the health care facility shall be verified by the Iowa department of veterans affairs. This section shall not apply to the admission of an individual to a state mental health institute for acute psychiatric care or to the admission of an individual to the Iowa veterans home.

2. *a.* If a resident is identified, upon admission to a health care facility, as eligible for benefits through the United States department of veterans affairs pursuant to subsection 1 or through other means, the health care facility shall allow the resident to access any prescription drug benefit included in such benefits for which the resident is also eligible. The health care facility shall also assist the Iowa department of veterans affairs in identifying individuals residing in such health care facilities on July 1, 2009, who are eligible for the prescription drug benefit.

*b.* The department of inspections and appeals, the department of veterans affairs, and the department of human services shall identify any barriers to residents in accessing such prescription drug benefits and shall assist health care facilities in adjusting their procedures for medication administration to comply with this subsection.

88 Acts, ch 1037, §1

**135C.33 Employees and certified nurse aide trainees — child or dependent adult abuse information and criminal record checks — evaluations — application to other providers — penalty.**

1. *a.* For the purposes of this section, the term "*crime*" does not include offenses under chapter 321 classified as a simple misdemeanor or equivalent simple misdemeanor offenses from another jurisdiction.

*b.* Prior to employment of a person in a facility, the facility shall request that the department of public safety perform a criminal history check and the department of human services perform child and dependent adult abuse record checks of the person in this state. A facility shall inform all persons prior to employment regarding the performance of the record checks and shall obtain, from the persons, a signed acknowledgment of the receipt of the information. A facility shall include the following inquiry in an application for employment:

Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime other than a simple misdemeanor offense relating to motor vehicles and laws of the road under chapter 321 or equivalent provisions, in this state or any other state?

2. *a.* If it is determined that a person being considered for employment in a facility has been convicted of a crime under a law of any state, the department of public safety shall notify the licensee that upon the request of the licensee the department of human services will perform an evaluation to determine whether the crime warrants prohibition of the person's employment in the facility.

*b.* (1) If a person being considered for employment, other than employment involving the operation of a motor vehicle, has been convicted of a crime listed in subparagraph (2) but does not have a record of founded child or dependent adult abuse and the licensee has requested an evaluation in accordance with paragraph "a" to determine whether the crime warrants prohibition of the person's employment, the licensee may employ the person for not more than sixty calendar days pending completion of the evaluation.

(2) Subparagraph (1) applies to a crime that is a simple misdemeanor offense under section 123.47, and to a crime that is a first offense of operating a motor vehicle while intoxicated under section 321J.2, subsection 1.

*c.* If a department of human services child or dependent adult abuse record check shows that such person has a record of founded child or dependent adult abuse, the department of human services shall notify the licensee that upon the request of the licensee the department of human services will perform an evaluation to determine whether the founded child or dependent adult abuse warrants prohibition of employment in the facility.

*d.* An evaluation performed under this subsection shall be performed in accordance with procedures adopted for this purpose by the department of human services.

*e.* (1) If a person owns or operates more than one facility, and an employee of one of such facilities is transferred to another such facility without a lapse in employment, the facility is not required to request additional criminal and child and dependent adult abuse record checks of that employee.

(2) If the ownership of a facility is transferred, at the time of transfer the record checks required by this section shall be performed for each employee for whom there is no documentation that such record checks have been performed. The facility may continue to employ such employee pending the performance of the record checks and any related evaluation.

3. In an evaluation, the department of human services shall consider the nature and seriousness of the crime or founded child or dependent adult abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child or dependent adult abuse, the circumstances under which the crime or founded child or dependent adult abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child or dependent adult abuse again, and the number of crimes or founded child or dependent adult abuses committed by the person involved. If the department of human services performs an evaluation for the purposes of this section, the department of human services has final authority in determining whether prohibition of the person's employment is warranted.

4. *a.* Except as provided in paragraph "b" and subsection 2, a person who has committed a crime or has a record of founded child or dependent adult abuse shall not be employed in a facility licensed under this chapter unless an evaluation has been performed by the department of human services.

*b.* A person with a criminal or abuse record who is or was employed by a facility licensed under this chapter and is hired by another licensee shall be subject to the criminal history and abuse record checks required pursuant to subsection 1. However, if an evaluation was previously performed by the department of human services concerning the person's criminal or abuse record and it was determined that the record did not warrant prohibition of the person's employment and the latest record checks do not indicate a crime was committed or

founded abuse record was entered subsequent to that evaluation, the person may commence employment with the other licensee in accordance with the department of human services' evaluation and an exemption from the requirements in paragraph "a" for reevaluation of the latest record checks is authorized. Otherwise, the requirements of paragraph "a" remain applicable to the person's employment. Authorization of an exemption under this paragraph "b" from requirements for reevaluation of the latest record checks by the department of human services is subject to all of the following provisions:

(1) The position with the subsequent employer is substantially the same or has the same job responsibilities as the position for which the previous evaluation was performed.

(2) Any restrictions placed on the person's employment in the previous evaluation by the department of human services shall remain applicable in the person's subsequent employment.

(3) The person subject to the record checks has maintained a copy of the previous evaluation and provides the evaluation to the subsequent employer or the previous employer provides the previous evaluation from the person's personnel file pursuant to the person's authorization. If a physical copy of the previous evaluation is not provided to the subsequent employer, the record checks shall be reevaluated.

(4) Although an exemption under this paragraph "b" may be authorized, the subsequent employer may instead request a reevaluation of the record checks and may employ the person while the reevaluation is being performed.

5. *a.* This section shall also apply to prospective employees of all of the following, if the provider is regulated by the state or receives any state or federal funding:

(1) An employee of a homemaker-home health aide, home care aide, adult day services, or other provider of in-home services if the employee provides direct services to consumers.

(2) An employee of a hospice, if the employee provides direct services to consumers.

(3) An employee who provides direct services to consumers under a federal home and community-based services waiver.

(4) An employee of an elder group home certified under chapter 231B, if the employee provides direct services to consumers.

(5) An employee of an assisted living program certified under chapter 231C, if the employee provides direct services to consumers.

*b.* In substantial conformance with the provisions of this section, prior to the employment of such an employee, the provider shall request the performance of the criminal and child and dependent adult abuse record checks. The provider shall inform the prospective employee and obtain the prospective employee's signed acknowledgment. The department of human services shall perform the evaluation of any criminal record or founded child or dependent adult abuse record and shall make the determination of whether a prospective employee of a provider shall not be employed by the provider.

6. *a.* This section shall also apply to an employee of a temporary staffing agency that provides staffing for a facility, service, program, or other provider regulated by this section if the employee provides direct services to consumers.

*b.* In substantial conformance with the provisions of this section, prior to the employment of such an employee, the temporary staffing agency shall request the performance of the criminal and child and dependent adult abuse record checks. The temporary staffing agency shall inform the prospective employee and obtain the prospective employee's signed acknowledgment. The department of human services shall perform the evaluation of any criminal record or founded child or dependent adult abuse record and shall make the determination of whether a prospective employee of a temporary staffing agency shall not be employed by the assisted living program as defined in section 231C.2, the Medicare certified home health agency, or the facility, service, program, or other provider regulated by this section.

*c.* If a person employed by a temporary staffing agency that is subject to this section is convicted of a crime or has a record of founded child or dependent adult abuse entered in the abuse registry after the person's employment application date, the person shall inform the temporary staffing agency within forty-eight hours and the temporary staffing agency shall inform the facility, service, program, or other provider within two hours.

d. If a temporary staffing agency fails to comply with the requirements of this section, the temporary staffing agency shall be liable to the facility, service, program, or other provider for any actual damages, including civil penalties, and reasonable attorney fees.

e. This section shall not apply to employees employed by a temporary staffing agency for a position that does not provide direct services to consumers.

7. a. The department of inspections and appeals, in conjunction with other departments and agencies of state government involved with criminal history and abuse registry information, shall establish a single contact repository for facilities and other providers to have electronic access to data to perform background checks for purposes of employment, as required of the facilities and other providers under this section.

b. The department may access the single contact repository for any of the following purposes:

- (1) To verify data transferred from the department's nurse aide registry to the repository.
- (2) To conduct record checks of applicants for employment with the department.

8. a. If a person employed by a facility, service, or program employer that is subject to this section is convicted of a crime or has a record of founded child or dependent adult abuse entered in the abuse registry after the person's employment application date, the person shall inform the employer of such information within forty-eight hours of the criminal conviction or entry of the record of founded child or dependent adult abuse. The employer shall act to verify the information within seven calendar days of notification. If the information is verified, the requirements of subsections 2, 3, and 4 regarding employability and evaluations shall be applied by the employer to determine whether or not the person's employment is continued. The employer may continue to employ the person pending the performance of an evaluation by the department of human services to determine whether prohibition of the person's employment is warranted. A person who is required by this subsection to inform the person's employer of a conviction or entry of an abuse record and fails to do so within the required period commits a serious misdemeanor.

b. If a facility, service, or program employer receives credible information, as determined by the employer, that a person employed by the employer has been convicted of a crime or a record of founded child or dependent adult abuse has been entered in the abuse registry after employment from a person other than the employee and the employee has not informed the employer of such information within the period required under paragraph "a", the employer shall act to verify the credible information within seven calendar days of receipt of the credible information. If the information is verified, the requirements of subsections 2, 3, and 4 regarding employability and evaluations shall be applied to determine whether or not the person's employment is continued.

c. The employer may notify the county attorney for the county where the employer is located of any violation or failure by an employee to notify the employer of a criminal conviction or entry of an abuse record within the period required under paragraph "a".

9. a. For the purposes of this subsection, unless the context otherwise requires:

(1) "*Certified nurse aide training program*" means a program approved in accordance with the rules for such programs adopted by the department of human services for the training of persons seeking to be a certified nurse aide for employment in any of the facilities or programs this section applies to or in a hospital, as defined in section 135B.1.

(2) "*Student*" means a person applying for, enrolled in, or returning to a certified nurse aide training program.

b. Prior to a student beginning or returning to a certified nurse aide training program, the program shall request that the department of public safety perform a criminal history check and the department of human services perform child and dependent adult abuse record checks, in this state, of the student. The program may access the single contact repository established pursuant to this section as necessary for the program to initiate the record checks.

c. If a student has a criminal record or a record of founded child or dependent adult abuse, the student shall not be involved in a clinical education component of the certified nurse aide training program involving children or dependent adults unless an evaluation has been performed by the department of human services. Upon request of the certified nurse aide training program, the department of human services shall perform an evaluation

to determine whether the record warrants prohibition of the student's involvement in a clinical education component of the certified nurse aide training program involving children or dependent adults. The evaluation shall be performed in accordance with the criteria specified in subsection 3, and the department of human services shall report the results of the evaluation to the certified nurse aide training program. The department of human services has final authority in determining whether prohibition of the student's involvement in the clinical education component is warranted.

d. (1) If a student's clinical education component of the training program involves children or dependent adults but does not involve operation of a motor vehicle, and the student has been convicted of a crime listed in subparagraph (2), but does not have a record of founded child or dependent adult abuse, and the training program has requested an evaluation in accordance with paragraph "c" to determine whether the crime warrants prohibition of the student's involvement in such clinical education component, the training program may allow the student's participation in the component for not more than sixty days pending completion of the evaluation.

(2) Subparagraph (1) applies to a crime that is a simple misdemeanor offense under section 123.47, and to a crime that is a first offense of operating a motor vehicle while intoxicated under section 321J.2, subsection 1.

e. (1) If a student is convicted of a crime or has a record of founded child or dependent adult abuse entered in the abuse registry after the record checks and any evaluation have been performed, the student shall inform the certified nurse aide training program of such information within forty-eight hours of the criminal conviction or entry of the record of founded child or dependent adult abuse. The program shall act to verify the information within seven calendar days of notification. If the information is verified, the requirements of paragraph "c" shall be applied by the program to determine whether or not the student's involvement in a clinical education component may continue. The program may allow the student involvement to continue pending the performance of an evaluation by the department of human services. A student who is required by this subparagraph to inform the program of a conviction or entry of an abuse record and fails to do so within the required period commits a serious misdemeanor.

(2) If a program receives credible information, as determined by the program, that a student has been convicted of a crime or a record of founded child or dependent adult abuse has been entered in the abuse registry after the record checks and any evaluation have been performed, from a person other than the student and the student has not informed the program of such information within the period required under subparagraph (1), the program shall act to verify the credible information within seven calendar days of receipt of the credible information. If the information is verified, the requirements of paragraph "c" shall be applied to determine whether or not the student's involvement in a clinical education component may continue.

(3) The program may notify the county attorney for the county where the program is located of any violation or failure by a student to notify the program of a criminal conviction or entry of an abuse record within the period required under subparagraph (1).

f. If a certified nurse aide training program is conducted by a health care facility and a student of that program subsequently accepts and begins employment with the facility within thirty days of completing the program, the criminal history and abuse registry checks of the student performed pursuant to this subsection shall be deemed to fulfill the requirements for such checks prior to employment pursuant to subsection 1.

**SUBCHAPTER II****VIOLATIONS****135C.36 Violations classified — penalties.**

Every violation by a health care facility of any provision of this chapter or of the rules adopted pursuant to it shall be classified by the department in accordance with this section. The department shall adopt and may from time to time modify, in accordance with chapter 17A, rules setting forth so far as feasible the specific violations included in each classification and stating criteria for the classification of any violation not so listed.

1. A class I violation is one which presents an imminent danger or a substantial probability of resultant death or physical harm to the residents of the facility in which the violation occurs. A physical condition or one or more practices in a facility may constitute a class I violation. A class I violation shall be abated or eliminated immediately unless the department determines that a stated period of time, specified in the citation issued under section 135C.40, is required to correct the violation. A licensee is subject to a penalty of not less than two thousand nor more than ten thousand dollars for each class I violation for which the licensee's facility is cited.

2. A class II violation is one which has a direct or immediate relationship to the health, safety, or security of residents of a health care facility, but which presents no imminent danger nor substantial probability of death or physical harm to them. A physical condition or one or more practices within a facility, including either physical abuse of any resident or failure to treat any resident with consideration, respect, and full recognition of the resident's dignity and individuality, in violation of a specific rule adopted by the department, may constitute a class II violation. A violation of section 135C.14, subsection 8, or section 135C.31 and rules adopted under those sections shall be at least a class II violation and may be a class I violation. A class II violation shall be corrected within a stated period of time determined by the department and specified in the citation issued under section 135C.40. The stated period of time specified in the citation may subsequently be modified by the department for good cause shown. A licensee is subject to a penalty of not less than one hundred nor more than five hundred dollars for each class II violation for which the licensee's facility is cited; however the director may, upon written request of the facility, waive the penalty if the violation is corrected within the time specified in the citation. The department shall adopt rules in accordance with chapter 17A establishing criteria for the granting or denial of a waiver request.

3. A class III violation is any violation of this chapter or of the rules adopted pursuant to

it which violation is not classified in the department's rules nor classifiable under the criteria stated in those rules as a class I or a class II violation. A licensee shall not be subject to a penalty for a class III violation, except as provided by section 135C.40, subsection 1, for failure to correct the violation within a reasonable time specified by the department in the notice of the violation.

4. Any state penalty, including a fine or citation, issued following a state licensure and federal certification survey or investigation shall be dismissed if the corresponding federal deficiency is dismissed or removed. Any state penalty, including a fine or citation, shall be retained or reinstated if the federal deficiency is retained or reinstated.

5. ### **135C.38 Inspections upon complaints.**

1. a. Upon receipt of a complaint made in accordance with section 135C.37, the department shall make a preliminary review of the complaint. Unless the department concludes that the complaint is intended to harass a facility or a licensee or is without reasonable basis, the department shall make or cause to be made an on-site inspection of the health care facility which is the subject of the complaint within the time period determined pursuant to the following guidelines, which period shall commence on the date of receipt of the complaint:

- (1) For nursing facilities, an on-site inspection shall be initiated as follows:

(a) Within two working days for a complaint determined by the department to be an alleged immediate jeopardy situation.

(b) Within ten working days for a complaint determined by the department to be an alleged high-level, nonimmediate jeopardy situation.

(c) Within forty-five calendar days for a complaint determined by the department to be an alleged nonimmediate jeopardy situation, other than a high-level situation.

(2) For all other types of health care facilities, an on-site inspection shall be initiated as follows:

(a) Within two working days for a complaint determined by the department to be an alleged immediate jeopardy situation.

(b) Within twenty working days for a complaint determined by the department to be an alleged high-level, nonimmediate jeopardy situation.

(c) Within forty-five calendar days for a complaint determined by the department to be an alleged nonimmediate jeopardy situation, other than a high-level situation.

b. The complaint investigation shall include, at a minimum, an interview with the complainant, the alleged perpetrator, and the victim of the alleged violation, if the victim is able to communicate, if the complainant, alleged perpetrator, or victim is identifiable, and if the complainant, alleged perpetrator, or victim is available. Additionally, witnesses who have knowledge of facts related to the complaint shall be interviewed, if identifiable and available. The names of witnesses may be obtained from the complainant or the victim. The files of the facility may be reviewed to ascertain the names of staff persons on duty at the time relevant to the complaint. The department shall apply a preponderance of the evidence standard in determining whether or not a complaint is substantiated. For the purposes of this subsection, “*a preponderance of the evidence standard*” means that the evidence, considered and compared with the evidence opposed to it, produces the belief in a reasonable mind that the allegations are more likely true than not true. “*A preponderance of the evidence standard*” does not require that the investigator personally witnessed the alleged violation.

c. The department may refer to a representative of the office of long-term care ombudsman any complaint received by the department regarding a facility, for initial evaluation and appropriate action by the office of long-term care ombudsman.

2. a. The complainant shall be promptly informed of the result of any action taken by the department or the office of long-term care ombudsman in the matter. The complainant shall also be notified of the name, address, and telephone number of the designated protection and advocacy agency if the alleged violation involves a facility with one or more residents with developmental disabilities or mental illness.

b. Upon conclusion of the investigation, the department shall notify the complainant of the results. The notification shall include a statement of the factual findings as determined by the investigator, the statutory or regulatory provisions alleged to have been violated, and a summary of the reasons for which the complaint was or was not substantiated.

c. The department shall mail the notification to the complainant without charge. Upon the request of the complainant, the department shall mail to the complainant, without charge, a copy of the most recent final findings regarding compliance with licensing requirements by the facility against which the complaint was filed.

d. A person who is dissatisfied with any aspect of the department’s handling of the complaint may contact the office of long-term care ombudsman, or may contact the protection and advocacy agency designated pursuant to section 135C.2 if the complaint relates to a resident with a developmental disability or a mental illness.

3. An inspection made pursuant to a complaint filed under section 135C.37 need not be limited to the matter or matters included in the complaint. However, the inspection shall not be a general inspection unless the complaint inspection coincides with a scheduled general inspection or unless in the course of the complaint investigation a violation is evident to the inspector. Upon arrival at the facility to be inspected, the inspector shall show identification to the person in charge of the facility and state that an inspection is to be made, before beginning the inspection. Upon request of either the complainant or the department or a representative of the office of long-term care ombudsman, the complainant or the complainant’s representative or both may be allowed the privilege of accompanying

the inspector during any on-site inspection made pursuant to this section. The inspector may cancel the privilege at any time if the inspector determines that the privacy of any resident of the facility to be inspected would otherwise be violated. The protection and dignity of the resident shall be given first priority by the inspector and others.

The citation shall be served upon the facility personally, by electronic mail, or by certified mail, except that a citation for a class III violation may be sent by ordinary mail. Each citation shall specifically describe the nature of the violation, identifying the Code section or subsection or the rule or standard violated, and the classification of the violation under section 135C.36. Where appropriate, the citation shall also state the period of time allowed for correction of the violation, which shall in each case be the shortest period of time the department deems feasible. Failure to correct a violation within the time specified, unless the licensee shows that the failure was due to circumstances beyond the licensee's control, shall subject the facility to a further penalty of fifty dollars for each day that the violation continues after the time specified for correction.

If a facility licensed under this chapter is subject to or will be subject to denial of payment including payment for Medicare or medical assistance under chapter 249A, or denial of payment for all new admissions pursuant to 42 C.F.R. §488.417, and submits a plan of correction relating to a statement of deficiencies or a response to a citation issued under rules adopted by the department and the department elects to conduct an on-site revisit inspection, the department shall commence the revisit inspection within the shortest time feasible of the date that the plan of correction is received, or the date specified within the plan of correction alleging compliance, whichever is later.

b. If the department recommends the issuance of federal remedies pursuant to 42 C.F.R. §488.406(a)(2) or (a)(3), relating to an inspection conducted by the department, the department shall issue the statement of deficiencies within twenty-four hours of the date that the centers for Medicare and Medicaid services of the United States department of health and human services was notified of the recommendation for the imposition of remedies.

c. The facility shall be provided an exit interview at the conclusion of an inspection and the facility representative shall be informed of all issues and areas of concern related to the deficient practices. The department may conduct the exit interview either in person or by telephone, and a second exit interview shall be provided if any additional issues or areas of concern are identified. The facility shall be provided two working days from the date of the exit interview to submit additional or rebuttal information to the department.

2. When a citation is served upon or mailed to a health care facility under subsection 1 and the licensee of the facility is not actually involved in the daily operation of the facility, a copy of the citation shall be mailed to the licensee. If the licensee is a corporation, a copy of the citation shall be sent to the corporation's office of record. If the citation was issued

pursuant to an inspection resulting from a complaint filed under section 135C.37, a copy of the citation shall be sent to the complainant at the earliest time permitted by section 135C.19, subsection 1.

3. No health care facility shall be cited for any violation caused by any practitioner licensed pursuant to chapter 148 if that practitioner is not the licensee of and is not otherwise financially interested in the facility and the licensee or the facility presents evidence that reasonable care and diligence have been exercised in notifying the practitioner of the practitioner's duty to the patients in the facility.

Section is effective March 31, 2017; Code editor received notice from the Iowa department of public health that assumption of administration and governance of the Iowa health information network by the designated entity occurred on that date; 2015 Acts, ch 73, §9

### **135D.3 Iowa health information network — findings and intent.**

1. The general assembly finds all of the following:

a. Technology used to support health care-related functions is known as health information technology. Health information technology provides a mechanism to transform the delivery of health and medical care in Iowa and across the nation.

b. Health information technology is rapidly evolving to contribute to the goals of improving the experience of care, improving the health of populations, and reducing per capita costs of health care.

c. A health information network involves the secure electronic sharing of health information across the boundaries of individual practice and institutional health settings and with consumers. The broad use of health information technology and a health information network should improve health care quality and the overall health of the population, increase efficiencies in administrative health care, reduce unnecessary health care costs, and help prevent medical errors.

d. All health information technology efforts shall endeavor to represent the interests and meet the needs of consumers and the health care sector; protect the privacy of individuals and the confidentiality of individuals’ information, promote best practices, and make information easily accessible to the members of the patient-centered care coordination team, including but not limited to patients, providers, and payors.

2. It is the intent of the general assembly that the Iowa health information network shall not constitute a health benefit network or a health insurance network.

2015 Acts, ch 73, §3, 9

Section is effective March 31, 2017; Code editor received notice from the Iowa department of public health that assumption of administration and governance of the Iowa health information network by the designated entity occurred on that date; 2015 Acts, ch 73, §9

### **135D.4 Iowa health information network — principles — technical infrastructure requirements.**

1. The Iowa health information network shall be administered and governed by a designated entity using, at a minimum, the following principles:

a. Be patient-centered and market-driven.

- b. Comply with established national standards.
  - c. Protect the privacy of consumers and the security and confidentiality of all health information.
  - d. Promote interoperability.
  - e. Increase the accuracy, completeness, and uniformity of data.
  - f. Preserve the choice of the patient to have the patient's health information available through the record locator service.
  - g. Provide education to the general public and provider communities on the value and benefits of health information technology.
2. Widespread adoption of health information technology is critical to a successful Iowa health information network and is best achieved when all of the following occur:

If the proposed psychiatric institution is not freestanding from a facility licensed under chapter 135B or 135C, approval under this paragraph shall not be given unless the department of human services certifies that the proposed psychiatric institution is capable of providing a resident with a living environment similar to the living environment provided by a licensee which is freestanding from a facility licensed under chapter 135B or 135C.

f. The proposed psychiatric institution is under the direction of an agency which has operated a facility licensed under section 237.3, subsection 2, paragraph "a", as a comprehensive residential facility for children for three years or of an agency which has operated a facility for three years providing psychiatric services exclusively to children or adolescents and the facility meets or exceeds requirements for licensure under section 237.3, subsection 2, paragraph "a", as a comprehensive residential facility for children.

g. If a child has an emotional, behavioral, or mental health disorder, the psychiatric institution does not require court proceedings to be initiated or that a child's parent, guardian, or custodian must terminate parental rights over or transfer legal custody of the child for the purpose of obtaining treatment from the psychiatric institution for the child. Relinquishment of a child's custody shall not be a condition of the child receiving services.

2. The department of human services shall not give approval to an application which would cause the total number of beds licensed under this chapter for services reimbursed by the medical assistance program under chapter 249A to exceed four hundred thirty beds.

3. In addition to the beds authorized under subsection 2, the department of human

services may establish not more than thirty beds licensed under this chapter at the state mental health institute at Independence. The beds shall be exempt from the certificate of need requirement under subsection 1, paragraph “d”.

4. The department of human services may give approval to conversion of beds approved under subsection 2, to beds which are specialized to provide substance abuse treatment. However, the total number of beds approved under subsection 2 and this subsection shall not exceed four hundred thirty. Conversion of beds under this subsection shall not require a revision of the certificate of need issued for the psychiatric institution making the conversion. Beds for children who do not reside in this state and whose service costs are not paid by public funds in this state are not subject to the limitations on the number of beds and certificate of need requirements otherwise applicable under this section.

5. A psychiatric institution licensed prior to July 1, 1999, may exceed the number of beds authorized under subsection 2 if the excess beds are used to provide services funded from a source other than the medical assistance program under chapter 249A. Notwithstanding subsection 1, paragraphs “d” and “e”, and subsection 2, the provision of services using those excess beds does not require a certificate of need or a review by the department of human services.

### **135H.7 Personnel.**

1. A person shall not be allowed to provide services in a psychiatric institution if the person has a disease which is transmissible to other persons through required contact in the workplace, which presents a significant risk of infecting other persons, which presents a substantial possibility of harming other persons, or for which no reasonable accommodation can eliminate the risk of infecting other persons.

2. a. If a person is being considered for licensure under this chapter, or for employment involving direct responsibility for a child or with access to a child when the child is alone, by a licensed psychiatric institution, or if a person will reside in a facility utilized by a licensee, and if the person has been convicted of a crime or has a record of founded child abuse, the department of human services and the licensee, for an employee of the licensee, shall perform an evaluation to determine whether the crime or founded child abuse warrants prohibition of licensure, employment, or residence in the facility. The department of human services shall conduct criminal and child abuse record checks in this state and may conduct these checks in other states. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department of human services.

b. If the department of human services determines that a person has committed a crime or has a record of founded child abuse and is licensed, employed by a psychiatric institution licensed under this chapter, or resides in a licensed facility, the department shall notify the program that an evaluation will be conducted to determine whether prohibition of the person's licensure, employment, or residence is warranted.

c. In an evaluation, the department of human services and the licensee for an employee of the licensee shall consider the nature and seriousness of the crime or founded child abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child abuse, the circumstances under which the crime or founded child abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child abuse again, and the number of crimes or founded child abuses committed by the person involved. The department may permit a person who is evaluated to be licensed, employed, or to reside, or to continue to be licensed, employed, or to reside in a licensed facility, if the person complies with the department's conditions relating to the person's licensure, employment, or residence, which may include completion of additional training. For an employee of a licensee, these conditional requirements shall be developed

with the licensee. The department of human services has final authority in determining whether prohibition of the person's licensure, employment, or residence is warranted and in developing any conditional requirements under this paragraph.

3. If the department of human services determines that the person has committed a crime or has a record of founded child abuse which warrants prohibition of licensure, employment, or residence, the person shall not be licensed under this chapter to operate a psychiatric institution and shall not be employed by a psychiatric institution or reside in a facility licensed under this chapter.

4. In addition to the record checks required under subsection 2, the department of human services may conduct dependent adult abuse record checks in this state and may conduct these checks in other states, on a random basis. The provisions of subsections 2 and 3, relative to an evaluation following a determination that a person has been convicted of a crime or has a record of founded child abuse, shall also apply to a random dependent adult abuse record check conducted under this subsection.

5. Beginning July 1, 1994, a licensee shall inform all new applicants for employment of the possibility of the performance of a record check and shall obtain, from the applicant, a signed acknowledgment of the receipt of the information.

6. On or after July 1, 1994, a licensee shall include the following inquiry in an application for employment:

Do you have a record of founded child or dependent adult abuse  
or have you ever been convicted of a crime, in this state or any other  
state?

#### **135H.8 Denial, suspension, or revocation of license.**

The department may deny an application or suspend or revoke a license if the department finds that an applicant or licensee has failed or is unable to comply with this chapter or the rules establishing minimum standards pursuant to this chapter or if any of the following conditions apply:

1. It is shown that a resident is a victim of cruelty or neglect due to the acts or omissions of the licensee.

2. The licensee has permitted, aided, or abetted in the commission of an illegal act in the psychiatric institution.

3. An applicant or licensee acted to obtain or to retain a license by fraudulent means, misrepresentation, or submitting false information.

4. The licensee has willfully failed or neglected to maintain a continuing in-service education and training program for persons employed by the psychiatric institution.

5. The application involves a person who has failed to operate a psychiatric institution in compliance with the provisions of this chapter.

89 Acts, ch 283, §9

#### **135H.8A Provisional license.**

The department may issue a provisional license, effective for not more than one year, to a licensee whose psychiatric institution does not meet the requirements of this chapter, if, prior to issuance of the license, written plans to achieve compliance with the applicable requirements are submitted to and approved by the department. The plans shall specify the deadline for achieving compliance.

95 Acts, ch 51, §2

#### **135H.9 Notice and hearings.**

The procedure governing notice and hearing to deny an application or suspend or revoke a license shall be in accordance with rules adopted by the department pursuant to chapter 17A. A full and complete record shall be kept of the proceedings and of any testimony. The record need not be transcribed unless judicial review is sought. A copy or copies of a transcript may

be obtained by an interested party upon payment of the cost of preparing the transcript or copies.

89 Acts, ch 283, §10

#### **135H.10 Rules.**

1. The department of inspections and appeals, in consultation with the department of human services and affected professional groups, shall adopt and enforce rules setting out the standards for a psychiatric medical institution for children and the rights of the residents admitted to a psychiatric institution. The department of inspections and appeals and the department of human services shall coordinate the adoption of rules and the enforcement of the rules in order to prevent duplication of effort by the departments and of requirements of the licensee.

2. This chapter shall not be construed as prohibiting the use of funds appropriated for foster care to provide payment to a psychiatric medical institution for children for the financial participation required of a child whose foster care placement is in a psychiatric medical institution for children. In accordance with established policies and procedures for foster care, the department of human services shall act to recover any such payment for financial participation, apply to be named payee for the child's unearned income, and recommend parental liability for the costs of a court-ordered foster care placement in a psychiatric medical institution.

#### **135H.11 Complaints alleging violations — confidentiality.**

A person may request an inspection of a psychiatric medical institution for children by filing with the department a complaint of an alleged violation of an applicable requirement of this chapter or a rule adopted pursuant to this chapter. The complaint shall state in a reasonably specific manner the basis of the complaint. A statement of the nature of the complaint shall be delivered to the psychiatric institution involved at the time of or prior to the inspection. The name of the person who files a complaint with the department shall be kept confidential and shall not be subject to discovery, subpoena, or other means of legal compulsion for its release to a person other than department employees involved in the investigation of the complaint.

#### **135H.12 Inspections upon complaints.**

1. Upon receipt of a complaint made in accordance with section 135H.11, the department shall make a preliminary review of the complaint. Unless the department concludes that the complaint is intended to harass a psychiatric institution or a licensee or is without reasonable basis, it shall within twenty working days of receipt of the complaint make or cause to be made an on-site inspection of the psychiatric institution which is the subject of the complaint. The department of inspections and appeals may refer to the department of human services any complaint received by the department if the complaint applies to rules adopted by the department of human services. The complainant shall also be notified of the name, address, and telephone number of the designated protection and advocacy agency if the alleged violation involves a facility with one or more residents with developmental disabilities or mental illness. In any case, the complainant shall be promptly informed of the result of any action taken by the department in the matter.

2. An inspection made pursuant to a complaint filed under section 135H.11 need not be limited to the matter or matters referred to in the complaint; however, the inspection shall not be a general inspection unless the complaint inspection coincides with a scheduled general inspection. Upon arrival at the psychiatric institution to be inspected, the inspector shall show identification to the person in charge of the psychiatric institution and state that an inspection is to be made, before beginning the inspection. Upon request of either the complainant or the department, the complainant or the complainant's representative or both may be allowed the privilege of accompanying the inspector during any on-site inspection made pursuant to this section. The inspector may cancel the privilege at any time if the inspector determines

that the privacy of a resident of the psychiatric institution to be inspected would be violated. The dignity of the resident shall be given first priority by the inspector and others.

89 Acts, ch 283, §13

Other information relating to the psychiatric institution is confidential and shall not be made available to the public except in proceedings involving licensure, a civil suit involving a resident, or an administrative action involving a resident.

2. The name of a person who files a complaint with the department shall remain confidential and is not subject to discovery, subpoena, or any other means of legal compulsion for release to a person other than an employee of the department or an agent involved in the investigation of the complaint.

3. Information regarding a resident who has received or is receiving care shall not be disclosed directly or indirectly except as authorized under section 217.30, 232.69, or 237.21.

89 Acts, ch 283, §14

This chapter applies to all swimming pools and spas owned or operated by local or state government, or commercial interests or private entities including but not limited to facilities operated by cities, counties, public or private school corporations, hotels, motels, camps, apartments, condominiums, and health or country clubs. This chapter does not apply to facilities intended for single family use or to a swimming pool or spa operated by a homeowners’ association representing seventy-two or fewer dwelling units if the association’s bylaws, which also apply to a rental agreement relative to any of the dwelling units, include an exemption from the requirements of this chapter, provide for inspection of the swimming pool or spa by an entity other than the department or local board of health, and assume any liability associated with operation of the swimming pool or spa. This chapter does not apply to a swimming pool or spa used exclusively for therapy under the direct supervision of qualified medical personnel. To avoid duplication and promote coordination of inspection activities, the department may enter into written agreements with a local board of health to provide for inspection and enforcement in accordance with this chapter.

It is the intent of the general assembly that fees collected under this chapter be used to defray the cost of administering this chapter. However, the portion of fees needed to defray the costs of a local board of health in implementing this chapter shall be established by the local board of health. A fee imposed for the inspection of a swimming pool or spa shall not be collected until the inspection has actually been performed.

5. Adopt rules in accordance with chapter 17A for the implementation and enforcement of this chapter and the establishment of fees.

6. Enter into agreements with a local board of health to implement the inspection and enforcement provisions of this chapter. The agreements shall provide that the fees established by the local board of health for inspection and enforcement shall be retained by the local board. The department or the local board of health may request the county attorney to bring appropriate legal proceedings to enforce this chapter, including an action to enjoin violations. A termination of the direct primary care agreement by the direct provider shall include a minimum of a thirty-calendar-day advance, written notice to the direct patient or to the direct patient's representative.

(9) Specify that the direct primary care agreement may be terminated at any time by the direct patient upon written notice to the direct provider.

(a) Within thirty calendar days of the date of the notice of termination from either party, the direct provider shall refund all unearned direct service charges to the direct patient.

(b) Within thirty calendar days of the date of the notice of termination from either party, the direct patient shall pay all outstanding earned direct service charges to the direct provider.

(11) Include a notice in bold, twelve-point font that states substantially as follows:

**NOTICE.** This direct primary care agreement is not health insurance and is not a plan that provides health coverage for purposes of any federal mandates. This direct primary care agreement only covers the primary care health services described in this agreement. It is recommended that you obtain health insurance to cover health care services not covered under this direct primary care agreement. You are personally responsible for the payment of any additional health care expenses you may incur.

b. The direct provider shall provide the direct patient, or the direct patient's representative, with a fully executed copy of the direct primary care agreement at the time the direct primary care agreement is executed.

3. *Application for a direct primary care agreement.* If a direct provider requires a prospective direct patient to complete an application for a direct primary care agreement, the direct provider shall provide a written disclaimer on each application that informs the prospective direct patient of the direct patient's financial rights and responsibilities and that states that the direct provider will not bill a health insurance carrier for primary care health services covered under the direct primary care agreement. The disclaimer shall also include the identical notice required by subsection 2, paragraph "a", subparagraph (11).

4. *Notice required for changes to the terms or conditions of a direct primary care agreement.*

6. *A direct primary care agreement is not insurance.*

a. A direct primary care agreement is not insurance and shall not be subject to the authority of the commissioner of insurance. Neither a direct care provider, nor an agent of a direct care provider, shall be required to be licensed by the commissioner to transact the business of insurance in this state or to obtain a certificate issued by the commissioner to market or offer a direct primary care agreement.

b. A direct provider shall not bill an insurer for a service provided under a direct primary care agreement. A direct patient may submit a request for reimbursement to an insurer if permitted under the direct patient's policy of insurance. This paragraph does not prohibit a direct provider from billing a direct patient's insurance for a service provided to the direct patient by the direct provider that is not provided under the direct primary care agreement.

7. *Third-party payment of a direct service charge.* A direct provider may accept payment of a direct service charge for a direct patient either directly or indirectly from a third party. A direct provider may accept all or part of a direct service charge paid by an employer on behalf of an employee who is a direct patient of the direct provider. A direct provider shall not enter directly into an agreement with an employer relating to a direct primary care agreement between the direct provider and employees of the employer, other than an agreement to establish the timing and method of the payment of a direct service charge paid by the employer on behalf of the employee.

8. *Sale or transfer of a direct primary care agreement.* A direct primary care agreement shall not be sold or transferred by a direct care provider without the prior written consent of the direct patient who is a party to the direct primary care agreement. A direct patient shall not sell or transfer a direct primary care agreement to which the direct patient is a party.

### **136C.3 Duties of department.**

The department is designated the state radiation control agency and is responsible for regulating the installation and use of radiation machines and the use of radioactive materials in this state as provided in this chapter. The department shall:

1. Establish minimum criteria and safety standards for the installation, operation, and use of radiation machines and radioactive materials.

2. Establish minimum training standards including continuing education requirements, and administer examinations and disciplinary procedures for operators of radiation machines and users of radioactive materials. A state of Iowa license to practice medicine, osteopathic medicine, chiropractic, podiatry, dentistry, dental hygiene, or veterinary medicine, or licensure as a physician assistant pursuant to chapter 148C, or certification by the dental board in dental radiography, or by the board of podiatry in podiatric radiography, or enrollment in a program or course of study approved by the Iowa department of public health which includes the application of radiation to humans satisfies the minimum training standards for operation of radiation machines only.

3. Develop programs for evaluation and control of hazards associated with the use of sources of radiation with due regard for compatibility of a proposed program with federal programs regulating byproduct, source, and special nuclear materials and considering consistency of a proposed program with federal programs for regulation of radiation machines.

4. Adopt, publish, and amend rules in accordance with chapter 17A as necessary for the implementation and enforcement of this chapter. The rules may provide for the licensing and control of radioactive materials with due regard for compatibility with federal regulatory programs.

5. Issue orders as necessary in connection with licensing and registration of radiation machines and radioactive materials and the operators or users thereof.

6. Advise, consult, and cooperate with other agencies of the state, the federal government, other states and interstate agencies, political subdivisions, and other organizations concerned with control of sources of radiation.

7. Encourage, participate in, or conduct studies, investigations, training, research, and demonstrations relating to control of sources of radiation.

8. Collect and disseminate information relating to control of sources of radiation. The department shall maintain the following information on file:

a. License applications, issuances, denials, amendments, transfers, renewals, modifications, suspensions, and revocations.

b. A list of persons possessing sources of radiation requiring registration under this chapter and any administrative or judicial action involving each person.

c. Departmental rules relating to regulation of sources of radiation, existing or pending, and related actions.

9. Adopt rules requiring the keeping of such records with respect to activities under licenses and registration certificates issued pursuant to this chapter as the department determines necessary to effect the purposes of this chapter.

10. a. Adopt rules specifying the minimum training and performance standards for an individual using a radiation machine for mammography, and other rules necessary to implement section 136C.15. The rules shall complement federal requirements applicable to similar radiation machinery and shall not be less stringent than those federal requirements.

b. (1) Adopt rules, in collaboration with appropriate stakeholders, to require that, by January 1, 2018, a facility at which mammography services are performed shall include information on breast density in mammogram reports sent to all mammography patients, pursuant to regulations implementing the federal Mammography Quality Standards Act of 1992, Pub. L. No. 102-539, as amended. The mammogram report shall include information on a patient's breast density, as categorized by an interpreting physician at the facility based on standards as defined in nationally recognized guidelines or systems for breast imaging reporting of mammography screening, including the breast imaging reporting and data system of the American college of radiology. For patients categorized as having heterogeneously dense breasts or extremely dense breasts, or an equivalent determination by another nationally recognized density gradient system, the report to the patient shall include evidence-based information on dense breast tissue, the increased risk associated with dense breast tissue, and the effects of dense breast tissue on screening mammography.

(2) Nothing in this paragraph "b" shall be construed to modify the existing liability of a facility where mammography services are performed beyond the duty to provide the information set forth in this paragraph "b". Notwithstanding any other provision of law to the contrary, this paragraph "b" shall not create a cause of action or create a standard of care, obligation, or duty that provides grounds for a cause of action.

(3) Nothing in this paragraph "b" shall be deemed to require a notice or the provision of information that is inconsistent with the provisions of the federal Mammography Quality Standards Act of 1992, Pub. L. No. 102-539, as amended, or any regulations promulgated pursuant to that Act.

#### **136C.4 Penalties.**

1. It is unlawful to operate or use radiation machines or radioactive material in violation of this chapter or of any rule adopted pursuant to this chapter. Persons convicted of violating a provision of this chapter are guilty of a serious misdemeanor.

2. In addition to criminal penalties, the department may impose a civil penalty not to exceed one thousand dollars on a person who violates a provision of this chapter or a rule or order issued under this chapter, or a term, condition, or limitation of a license or registration certificate issued under this chapter, or who commits a violation for which a license or registration certificate may be revoked under rules issued pursuant to this chapter. Each day of continuing violation constitutes a separate offense in computing the civil penalty.

3. The department shall notify a person of the intent to impose a civil penalty against the person. The notice shall be by registered or certified mail to the person's last known address and shall state the date, facts, the nature of the act or omission leading to the charge, the specific statute, rule, or license or registration provision involved, and the amount of the penalty the department proposes to impose. The notice shall advise the person that upon failure to pay the civil penalty, the penalty may be collected by civil action. The person shall have the opportunity to respond in writing, within a reasonable time as the department shall establish by rule, why the civil penalty should not be imposed.

4. The department may compromise, mitigate, or remit a civil penalty imposed under this section. A person upon whom a civil penalty is imposed may appeal the action pursuant to chapter 17A. The department shall remit moneys collected from civil penalties to the treasurer of state who shall deposit the moneys in the general fund of the state.

### **136C.5 Enforcement.**

1. Upon determination by the department that this chapter or any rule adopted pursuant to this chapter has been or is being violated, the department may order that the radiation machine or radioactive material not be used until the necessary corrective action has been taken. If the use of the radiation machine or radioactive material continues in violation of the order of the department, the department may request the county attorney or the attorney general to make an application in the name of the state to the district court of the county in which the violations may have occurred for an order to enjoin the violations or practices.

2. The department may impound or order the impounding of radioactive material in the possession of a person who is not equipped to observe or fails to observe a provision of this chapter or of a rule adopted under this chapter.

3. The department may enter at reasonable times any private or public property to determine whether there is a violation of a provision of this chapter or of a rule issued under this chapter. However, the department must have the consent of the federal government before entering an area under the jurisdiction of the federal government.

4. The department may inspect records required to be kept under section 136C.3, subsection 9. Upon request of the department a person shall submit the records to the department for inspection.

Specific licenses issued upon application to a person named in the license to use, manufacture, produce, transfer, receive, acquire, or possess quantities of or equipment using radioactive material. Applicants requesting radioactive materials in quantities of concern, as identified by the United States nuclear regulatory commission, shall submit fingerprints to the United States nuclear regulatory commission for a background check of all individuals authorized for unescorted access to such material.

2. The department may exempt certain sources of radiation or kinds of uses or users from the licensing or registration requirements when the department finds that the exemption of the source of radiation, use, or users will not pose a significant risk to the health and safety of the public. The rules may provide for recognition of other state or federal licenses as the department may allow, subject to registration requirements as the department may prescribe.

3. A person shall not use, manufacture, produce, distribute, sell, transport, transfer, install, repair, receive, acquire, own, or possess any radioactive material without a license from the department as provided in this chapter.

Fees shall be in amounts sufficient to defray the cost of administering this chapter. The license fee may include the cost of environmental surveillance activities to assess the radiological impact of activities conducted by licensees.

b. When a registrant or licensee fails to pay the applicable fee the department may suspend or revoke the registration or license or may issue an appropriate order. Fees for the license, amendment of a license, and inspection of radioactive material shall not exceed the fees prescribed by the United States nuclear regulatory commission.

2. The department may establish and collect a fee related to transporting radioactive material if the fee is used for a purpose related to transporting radioactive material, including enforcement and planning, developing, and maintaining a capability for emergency response. The fees shall be established by rules adopted pursuant to chapter 17A.

3. The department may establish and collect fees from persons providing mammography services to assure compliance with applicable rules and the federal Mammography Quality Standards Act of 1992, Pub. L. No. 102-539, as amended. Fees shall be in an amount determined by the department by rule and all fees collected shall be used to support the department's mammography program.

4. Fees collected pursuant to this section shall be retained by the department, shall be considered repayment receipts as defined in section 8.2, and shall be used for the purposes described in this section, including but not limited to the addition of full-time equivalent positions for program services and investigations. Notwithstanding section 8.33, moneys retained by the department pursuant to this subsection are not subject to reversion to the general fund of the state.

2. A person who, on the effective date of an agreement made under subsection 1, possesses a license issued by the United States nuclear regulatory commission for radioactive material that comes under the agreement is considered to possess the license required under this chapter. The license shall expire either ninety days after receipt from the department of a notice of expiration of the license, or on the date of expiration specified in the license issued by the nuclear regulatory commission, whichever is earlier.

84 Acts, ch 1286, §6

**136C.12 Conflicting laws.**

This chapter does not preempt ordinances, resolutions, or rules of a local government or of a state agency relating to radioactive material that are consistent with this chapter. This chapter does not give the department the authority to regulate a facility for the disposal of low-level radioactive waste as defined in article II of section 457B.1.

84 Acts, ch 1286, §7

An emergency order shall be effective immediately. A person to whom the order is directed shall comply with the order immediately, but on application to the department shall be afforded a hearing within ten days of the date application is made. The emergency order may be continued, modified, or revoked within thirty days after the hearing, based on the evidence presented at the hearing.

84 Acts, ch 1286, §8

**136C.14 Qualified operators — credentials available upon request.**

2. The department shall authorize a radiation machine for use for mammography if the radiation machine meets all of the following:

a. The radiation machine meets the criteria for a mammography accreditation program approved by the United States food and drug administration. The department shall make copies of those criteria available to the public and may by rule adopt modified criteria.

The department may accept an evaluation report issued by such an approved accreditation program as evidence that a radiation machine meets those criteria. If at any time the department determines that it will not accept any evaluation reports issued by such an approved accreditation program as evidence that a radiation machine meets those criteria, the department shall promptly notify each person who has registered a radiation machine under this paragraph.

b. The radiation machine, the film or other image receptor used in the radiation machine, and the facility where the radiation machine is used meet the requirements set forth in department rules for radiation machines.

c. The radiation machine is specifically designed to perform mammography.

d. The radiation machine is used in a facility that does all of the following:

(1) At least annually has a qualified radiation physicist provide on-site consultation to the facility, including, but not limited to, a complete evaluation of the entire mammography system to ensure compliance with this section and the rules adopted pursuant to this section.

(2) Maintains for at least seven years, records of the consultation required in subparagraph (1) and the findings of the consultation.

e. The radiation machine is used according to the department rules on patient radiation exposure and radiation dose levels.

f. The radiation machine is operated only by an individual who can demonstrate to the department that the individual is specifically trained in mammography and meets the standards established in this section, or an individual who is a physician or an osteopathic physician.

3. The department may issue a nonrenewable temporary authorization for a radiation machine for use for mammography if additional time is needed to allow submission of evidence satisfactory to the department that the radiation machine meets the standards set forth in subsection 2 for approval for mammography. A temporary authorization granted under this subsection shall be effective for no more than twelve months. The department may withdraw a temporary authorization prior to its expiration if the radiation machine does not meet one or more of the standards set forth in subsection 2.

4. To obtain authorization from the department to use a radiation machine for mammography, the person who owns or leases the radiation machine or an authorized agent of the person shall apply to the department for mammography authorization on an application form provided by the department and shall provide all of the information required by the department as specified on the application form. When any person applying for a permit to operate a migrant labor camp is denied a permit, or when a permit is suspended or revoked, such person may appeal such denial, suspension, or revocation to the director. The director, after reasonable notice to all interested parties, shall hold a hearing upon such denial, suspension, or revocation. At the hearing all parties involved shall be entitled to be present and represented by counsel and to present such evidence as they desire as to why a permit should, or should not, be issued, suspended, or revoked. The director shall render a decision within thirty days after the termination of the hearing, and a copy of the decision shall be sent by restricted certified mail, return receipt

requested, to all parties given notice of the appeal and hearing. Notice of appeal shall be sent in writing to the department by restricted certified mail, return receipt requested, by the aggrieved party. In the event such appeal is taken from a notice of suspension or revocation, such appeal shall be made prior to the date set for such suspension or revocation.

[C71, 73, 75, 77, 79, 81, §138.7]

#### **138.8 Place — evidence — record.**

The hearing shall be conducted at the office of the department or at such other place convenient for the aggrieved party or for the attendance of witnesses and receipt of evidence. The director, when requested in writing by any party to the appeal, shall compel by subpoena the attendance and testimony of witnesses and the production of books, papers, and documents. All testimony and evidence shall be received under oath administered by the director. In the event any party fails to attend who has been properly served with a subpoena, application shall be made to the district court in the county where such hearing is to be held, to enforce the subpoena issued by the director. The director shall cause a record of the proceedings at the hearing to be kept and shall provide any interested party to the hearing a transcript of the evidence presented, upon payment of the cost thereof. The hearing may be continued from time to time at the discretion of the director.

[C71, 73, 75, 77, 79, 81, §138.8]

#### **138.9 Liberal rules to prevail.**

Technical errors in the proceeding or failure to observe the technical rules of evidence shall not constitute grounds for reversal of any decision unless it shall appear to the reviewing court that such error or failure materially affects the rights of any party and results in substantial injustice to any interested party.

[C71, 73, 75, 77, 79, 81, §138.9]

#### **138.10 Judicial review.**

Judicial review of actions of the director may be sought in accordance with the terms of the Iowa administrative procedure Act, chapter 17A. Notwithstanding the terms of said Act, petitions for judicial review may be filed in the district court of the county wherein the license was to be issued or wherein such license is to be revoked or suspended, and such a petition for judicial review shall not operate to stay any order or final determination of the director unless the district court finds upon hearing after reasonable notice to all interested parties, that substantial damage would result to the appealing party unless such order or final determination was stayed and such a stay would not endanger the health, safety, or welfare of any inhabitants of a migrant labor camp.

[C71, 73, 75, 77, 79, 81, §138.10]

2003 Acts, ch 44, §114

#### **138.11 Access to camp for inspection.**

The director may enter and inspect migrant labor camps at any reasonable time and may question persons, and investigate facts, conditions, practices, or any other matters as are necessary or appropriate to determine compliance with the provisions of this chapter and any rules made pursuant to this chapter, or in the formulation of any additional rules. The director may, to the extent appropriate, utilize the services of any other state department or agency or any local agency for assistance in inspections and investigations.

[C71, 73, 75, 77, 79, 81, §138.11]

#### **138.12 Variations permitted.**

1. The director may grant written permission to individual camp operators to vary from the provisions of this chapter or the rules of the department when the extent of the variation is clearly specified and it is demonstrated to the director's satisfaction that:

- a. Such variation is necessary to obtain a beneficial use of an existing facility.
- b. The variation is necessary to prevent a substantial difficulty or unnecessary hardship.
- c. Appropriate alternative measures have been taken to protect the health, safety, and

welfare of any inhabitants of a migrant labor camp and assure that the purpose of the provisions for which variation is sought will be observed.

2. Written application for such variations shall be filed with the director and local board of health serving the area in which the migrant labor camp is situated. No such variation shall be effective until granted in writing by the director.

### **138.13 Conditions for permit.**

To be eligible for a permit, a migrant labor camp, or portion thereof, shall meet each and all of the following requirements:

#### **1. Site.**

a. Sites for migrant labor camps shall be adequately drained. Such sites shall not be subject to periodic flooding, nor located within two hundred feet of swamps, pools, sinkholes, or other quiescent surface collections of water unless the water surfaces can be subjected to mosquito and pest control measures. Sites shall be located so that drainage from and through the camp will not endanger any domestic or public water supply. Sites shall be graded, ditched, and rendered free from depressions in which water may collect and become a nuisance.

b. Sites shall be adequate in size to prevent overcrowding of necessary structures and to minimize the hazards of fire. Housing shall not be subject to, or in proximity to, conditions that create or are likely to create offensive odors, flies, noise, traffic, or attract rats or other rodents, or any other similar conditions.

c. The grounds and open areas surrounding the shelters, buildings, or structures, shall be maintained in a clean and sanitary condition free from rubbish, debris, wastepaper, garbage, and other refuse.

d. All camps shall provide space for recreation, commensurate with size of the camp and type of occupancy.

e. Whenever a camp is permanently closed or closed for the season, all garbage, manure, and other refuse shall be collected and disposed of to prevent a nuisance. All abandoned privy pits shall be filled with earth and the grounds and buildings left in a clean and sanitary condition. If privy buildings remain, then such buildings shall be locked or otherwise secured to prevent entrance.

#### **2. Shelter.**

a. Shelters shall be structurally sound and shall provide protection to the occupants.

b. At least one-half of the floor area in each living unit shall have a minimum ceiling height of seven feet. No floor space shall be counted toward minimum requirements where the ceiling height is less than five feet.

c. Sleeping facilities shall be provided for each person. Such facilities shall consist of comfortable beds, cots, or bunks, provided with clean mattresses.

d. Any bedding provided by the camp operator shall be clean and sanitary.

e. Triple deck bunks shall not be allowed.

f. The clear space above the top of the lower mattress of a double deck bunk and the bottom of the upper bunk shall be a minimum of twenty-seven inches. The distance from the top of the upper mattress to the ceiling shall be a minimum of thirty-six inches.

g. Beds used for double occupancy may be provided only in family accommodations.

h. Floors of buildings used as living quarters or shelters shall be constructed of wood, asphalt, concrete, or other comparable material. Wooden floors shall be of smooth and tight construction and shall be elevated not less than one foot above the ground level at all points to prevent dampness and to permit free circulation of air beneath. Floors shall be kept in good repair.

i. Nothing in this chapter shall prohibit banking with earth or other suitable material around the outside walls of shelters and other structures in areas subject to extremely low temperatures.

j. Living quarters of shelters shall be provided with windows and doors which shall be in

total area not less than one-tenth of the floor area. At least one-half of each window shall be constructed so that it can be opened for purposes of ventilation.

k. Exterior openings shall be effectively screened with sixteen mesh material. Screen doors shall be equipped with self-closing devices.

l. In a room where people cook, live, and sleep, a minimum of sixty square feet per occupant shall be provided. Sanitary facilities shall be provided for storing and preparing food.

m. When a camp is operated during a season requiring artificial heating, living quarters with a minimum of one hundred square feet per occupant shall be provided and such living quarters or shelters shall, also, be provided with properly installed heating equipment of adequate capacity to maintain a room temperature of at least 70 degrees Fahrenheit. A stove or other source of heat shall be installed and vented in a manner to avoid both a fire hazard and a concentration of fumes or gas within such living quarters and shelters. In a room with wooden or combustible flooring, there shall be a concrete slab, metal sheet, or other fire-resistant material, on the floor under each stove, extending at least eighteen inches beyond the perimeter of the base of the stove. Any wall or ceiling not having a fire-resistant surface, within twenty-four inches of a stove or stovepipe, shall be protected by a metal sheet or other fire-resistant material. Heating appliances, other than electrical, shall be provided with a stovepipe or vent connected to the appliance and discharging to the outside air or chimney. The vent or chimney shall extend above the peak of the roof. Stovepipes shall be insulated with fire-resistant material where they pass through walls, ceilings, or floors.

e. Common drinking cups shall not be allowed or permitted.

Wells or springs used as sources of water supply shall have tight covers and be constructed and located to preclude pollution by seepage from cesspools, privies, sewers, sewage treatment works, stables or manure piles, or surface drainage. The water from such sources shall be obtained by free gravity flow or by an approved metal pump securely mounted on a concrete slab covering the well or spring. If the pump is adjacent to the well or spring, it shall be located and connected to prevent any pollution of such water supply.

4. *Toilet facilities.*

a. Approved toilet facilities adequate for the capacity of the camp shall be provided.

b. Each toilet facility shall be located so as to be accessible to the inhabitants of the camp without any individual passing through any sleeping room. All outside openings shall be screened with sixteen mesh material. No water closet, chemical toilet, or urinal shall be located in a room used for other than toilet purposes.

d. Separate facilities shall be provided for men and women and such facilities shall be clearly marked by signs printed in English and in the native language of the persons occupying the camp, or marked with easily understood pictures or symbols, when men and women, not members of the same immediate family, are housed in the same camp.

e. Where toilet facilities are shared, the number of water closets or privy seats provided for each sex shall be based on the maximum number of persons of that sex which the camp is designed to house at any one time, in the ratio of one unit for each fifteen persons, with a minimum of two units for any shared facility.

f. Urinals, constructed of nonabsorbent materials, may be substituted for men's toilet seats on the basis of one urinal or twenty-four inches of trough-type urinal for one toilet seat up to a maximum of one-third of the required toilet seats.

g. Each toilet room or facility shall be lighted naturally, or artificially, by a safe type of lighting at all hours of the day and night.

h. An adequate supply of toilet paper shall be provided in each privy, water closet, or chemical toilet compartment.

i. Toilet seats, privies, and toilet rooms or facilities shall be kept in a sanitary condition and cleaned daily.

j. Each privy shall have a pit initially at least five feet deep.

k. Privy pits shall be constructed and maintained so that flies cannot gain access to the human waste.

l. A privy pit shall not be filled with human waste to a point nearer than one foot from the surface of the ground; the human waste in the pit shall then be covered with earth, ashes, lime, or other similar material.

m. Seat openings in privies shall be covered with tight-fitting, hinged lids.

5. *Sewage disposal facilities.*

a. In camps where public sewers are available, all sewer lines and floor drains from buildings and shelters shall be connected to the sewers.

In camps where cooking facilities are used in common, stoves, in ratio of one stove to ten persons or one stove to two immediate families or fraction thereof, shall be provided in a central kitchen room or building separate and distinct from sleeping quarters and toilet facilities. Floors, walls, ceilings, tables and shelves of kitchens, dining rooms, refrigerators and food storage rooms shall be constructed so that they can always be maintained in a clean and sanitary condition. Exterior wall openings of all rooms shall be screened and rendered fly-tight at all times during the period that the camp is in operation. Screen doors shall be self-closing and installed to open outward from the area to be protected.

f. In camps where meals are furnished by the operator, manager, or concessionaire, the requirements of the department shall be met.

### **139A.19 Care provider notification.**

1. a. Notwithstanding any provision of this chapter to the contrary, if a care provider sustains a significant exposure from an individual while rendering health care services or other services, the individual to whom the care provider was exposed is deemed to consent to a test to determine if the individual has a contagious or infectious disease and is deemed to consent to notification of the care provider of the results of the test, upon submission of a significant exposure report by the care provider to the hospital, clinic, other health facility, or other person specified in this section to whom the individual is delivered by the care provider as determined by rule.

b. The hospital, clinic, or other health facility in which the significant exposure occurred or other person specified in this section to whom the individual is delivered shall conduct the test. If the individual is delivered by the care provider to an institution administered by the Iowa department of corrections, the test shall be conducted by the staff physician of the institution. If the individual is delivered by the care provider to a jail, the test shall be conducted by the attending physician of the jail or the county medical examiner. The sample and test results shall only be identified by a number.

c. A hospital, clinic, or other health facility, institutions administered by the department of corrections, and jails shall have written policies and procedures for notification of a care provider under this section. The policies and procedures shall include designation of a representative of the care provider to whom notification shall be provided and who shall, in turn, notify the care provider. The identity of the designated representative of the care provider shall not be revealed to the individual tested. The designated representative shall inform the hospital, clinic, or other health facility, institution administered by the department of corrections, or jail of those parties who received the notification, and following receipt of this information and upon request of the individual tested, the hospital, clinic, or other health facility, institution administered by the department of corrections, or jail shall inform the individual of the parties to whom notification was provided.

d. Notwithstanding any other provision of law to the contrary, a care provider may transmit cautions regarding contagious or infectious disease information, with the exception of AIDS or HIV pursuant to section 80.9B, in the course of the care provider's duties over the police radio broadcasting system under chapter 693 or any other radio-based communications system if the information transmitted does not personally identify an individual.

2. a. If the test results are positive, the hospital, clinic, other health facility, or other person performing the test shall notify the subject of the test and make any required reports to the department pursuant to sections 139A.3 and 141A.6. The report to the department shall include the name of the individual tested.

If the individual tested is diagnosed or confirmed as having a contagious or infectious disease, the hospital, clinic, other health facility, or other person conducting the test shall notify the care provider or the designated representative of the care provider who shall then notify the care provider.

c. The notification to the care provider shall be provided as soon as is reasonably possible following determination that the subject of the test has a contagious or infectious disease. The notification shall not include the name of the individual tested for the contagious or infectious disease unless the individual consents. If the care provider who sustained a significant exposure determines the identity of the individual diagnosed or confirmed as having a contagious or infectious disease, the identity of the individual shall be confidential information and shall not be disclosed by the care provider to any other person unless a specific written release is obtained from the individual diagnosed with or confirmed as having a contagious or infectious disease.

3. This section does not preclude a hospital, clinic, other health facility, or a health care provider from providing notification to a care provider under circumstances in which the hospital's, clinic's, other health facility's, or health care provider's policy provides for notification of the hospital's, clinic's, other health facility's, or health care provider's own employees of exposure to a contagious or infectious disease that is not life-threatening if the notice does not reveal a patient's name, unless the patient consents.

4. A hospital, clinic, other health facility, or health care provider, or other person participating in good faith in complying with provisions authorized or required under this section is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

5. A hospital's, clinic's, other health facility's, or health care provider's duty to notify under this section is not continuing but is limited to a diagnosis of a contagious or infectious disease made in the course of admission, care, and treatment following the rendering of health care services or other services to the individual who was the source of the significant exposure.

6. Notwithstanding subsection 5, the hospital, clinic, or other health facility may provide a procedure for notifying the exposed care provider if, following discharge from or completion of care or treatment by the hospital, clinic, or other health facility, the individual who was the source of the significant exposure, and for whom a significant exposure report was submitted that did not result in notification of the exposed care provider, wishes to provide information regarding the source individual's contagious or infectious disease status to the exposed care provider.

7. A hospital, clinic, other health facility, health care provider, or other person who is authorized to perform a test under this section who performs the test in compliance with this section or who fails to perform the test authorized under this section, is immune from any liability, civil or criminal, which might otherwise be incurred or imposed.

8. A hospital, clinic, other health facility, health care provider, or other person who is authorized to perform a test under this section has no duty to perform the test authorized.

9. The department shall adopt rules pursuant to chapter 17A to administer this section. The department may determine by rule the contagious or infectious diseases for which testing is reasonable and appropriate and which may be administered under this section.

10. The employer of a care provider who sustained a significant exposure under this section shall pay the costs of testing for the individual who is the source of the significant exposure and of the testing of the care provider, if the significant exposure was sustained during the course of employment. However, the department shall assist an individual who is the source of the significant exposure in finding resources to pay for the costs of the testing and shall assist a care provider who renders direct aid without compensation in finding resources to pay for the cost of the test.

Particular attention shall be given to explaining the need for the precautions necessary to avoid transmitting the virus. The subject shall be given information concerning additional counseling. If the legal guardian of the subject of the test provides consent to the test pursuant to section 141A.6, the provisions of this subsection shall apply to the legal guardian.

2. Notwithstanding subsection 1, the provisions of this section do not apply to any of the following:

- a. 3. A person may apply for voluntary treatment, contraceptive services, or screening or treatment for HIV infection and other sexually transmitted diseases directly to a licensed physician and surgeon, an osteopathic physician and surgeon, or a family planning clinic.

Notwithstanding any other provision of law, however, a minor shall be informed prior to testing that, upon confirmation according to prevailing medical technology of a positive HIV-related test result, the minor's legal guardian is required to be informed by the testing facility. Testing facilities where minors are tested shall have available a program to assist minors and legal guardians with the notification process which emphasizes the need for family support and assists in making available the resources necessary to accomplish that goal. However, a testing facility which is precluded by federal statute, regulation, or centers for disease control and prevention guidelines from informing the legal guardian is exempt from the notification requirement. The minor shall give written consent to these procedures and to receive the services, screening, or treatment. Such consent is not subject to later disaffirmance by reason of minority.

(1) A court has found that the person seeking the test results has demonstrated a compelling need for the test results which need cannot be accommodated by other means. In assessing compelling need, the court shall weigh the need for disclosure against the privacy interest of the test subject and the public interest which may be disserved by disclosure due to its deterrent effect on future testing or due to its effect in leading to discrimination.

### **142C.3 Persons who may make — manner of making — amending or revoking — refusal to make anatomical gift before donor’s death — preclusive effect.**

1. *Who may make.* Subject to subsection 5, an anatomical gift of a donor’s body or

part may be made during the life of the donor for the purposes of transplantation, therapy, research, or education in the manner prescribed in subsection 2 by any of the following:

- a. The donor if the donor is any of the following:
    - (1) An adult.
    - (2) A minor, if the minor is emancipated.
    - (3) A minor, if the minor is authorized under state law to apply for a driver's license or identification card because the minor is at least 14 years of age, and the minor authorizes a statement or symbol indicating an anatomical gift on a driver's license, identification card, or donor registry entry with the signed approval of a parent or guardian.
  - b. An agent of the donor, unless the durable power of attorney for health care or other record prohibits the agent from making the anatomical gift.
  - c. A parent of the donor, if the donor is an unemancipated minor.
  - d. The guardian of the donor.
2. *Manner of making.*
- a. A donor may make an anatomical gift by any of the following means:

  - (2) If the donor or other person is physically unable to sign a record, the record may be signed by another individual at the direction of the donor or other person and shall meet all of the following requirements:
    - (a) Be witnessed by at least two adults, at least one of whom is a disinterested witness, who have signed at the request of the donor or other person.
    - (b) State that the record has been signed and witnessed as provided in subparagraph division (a).
    - c. Revocation, suspension, expiration, or cancellation of a driver's license or identification card upon which an anatomical gift is indicated shall not invalidate the gift.
    - d. An anatomical gift made by will takes effect upon the donor's death whether or not the will is probated. Invalidation of the will after the donor's death does not invalidate the gift.
3. *Amending or revoking gift before donor's death.*
- a. Subject to subsection 5, a donor or other person authorized to make an anatomical gift under subsection 1 may amend or revoke an anatomical gift by any of the following means:
    - (1) A record signed by any of the following:

    - (1) Be witnessed by at least two adults, at least one of whom is a disinterested witness, who have signed at the request of the donor or the other authorized person.
    - (2) State that the record has been signed and witnessed as provided in subparagraph (1).
  - c.   - d. A donor may amend or revoke an anatomical gift that was not made in a will by any

form of communication during a terminal illness or injury addressed to at least two adults, at least one of whom is a disinterested witness.

e. A donor who makes an anatomical gift in a will may amend or revoke the gift in the manner provided for amendment or revocation of wills or as provided in paragraph “a”.

4. *Refusal to make.*

a. An individual may refuse to make an anatomical gift of the individual’s body or part by any of the following means:

c. An individual who has made a refusal may amend or revoke the refusal in accordance with any of the following:

(1) In the manner provided in paragraph “a” for making a refusal.

(3) By destroying or canceling the record evidencing the refusal, or the portion of the record used to make the refusal, with the intent to revoke the refusal.

d. Except as otherwise provided in subsection 5, paragraph “h”, in the absence of an express, contrary indication by the individual set forth in the refusal, an individual’s unrevoked refusal to make an anatomical gift of the individual’s body or part prohibits all other persons from making an anatomical gift of the individual’s body or part.

5. *Preclusive effect.*

a. *Donor gift or amendment — subsequent actions by others prohibited.* Except as otherwise provided in paragraph “g”, and subject to paragraph “f”, in the absence of a contrary indication by the donor, a person other than the donor is prohibited from making, amending, or revoking an anatomical gift of a donor’s body or part if the donor made an anatomical gift of the donor’s body or part under subsection 2 or an amendment to an anatomical gift of the donor’s body or part under subsection 3.

b. *Donor revocation not a refusal.* A donor’s revocation of an anatomical gift of the donor’s body or part under subsection 3 is not a refusal and does not prohibit another person specified in subsection 1 or section 142C.4 from making an anatomical gift of the donor’s body or part under subsection 2 or section 142C.4.

c. *Gift on amendment by another — subsequent actions by others prohibited.* If a person other than the donor makes an unrevoked anatomical gift of the donor’s body or part under subsection 2, or an amendment to an anatomical gift of the donor’s body or part under subsection 3, another person may not make, amend, or revoke the gift of the donor’s body or part under section 142C.4.

d. *Revocation by another not prohibitive of other gift.* A revocation of an anatomical gift of a donor’s body or part under subsection 3 by a person other than the donor does not prohibit another person from making an anatomical gift of the body or part under subsection 2 or section 142C.4.

e. *Gift of part not prohibitive of gift of another part.* In the absence of a contrary indication by the donor or other person authorized to make an anatomical gift under subsection 1, an anatomical gift of a part is neither a refusal to donate another part nor a

limitation on the making of an anatomical gift of another part at a later time by the donor or another authorized person.

*f. Gift for one purpose not prohibitive of another purpose.* In the absence of a contrary indication by the donor or other person authorized to make an anatomical gift under subsection 1, an anatomical gift of a part for one or more of the purposes specified in subsection 1 is not a limitation on the making of an anatomical gift of the part for any of the other purposes by the donor or any other person under subsection 2 or section 142C.4.

*g. Unemancipated minor gift — parent revocation.* If a donor who is an unemancipated minor dies, a parent of the donor who is reasonably available may revoke or amend an anatomical gift of the donor's body or part.

*h. Unemancipated minor refusal — parent revocation or amendment.* If an unemancipated minor who signed a refusal dies, a parent of the minor who is reasonably available may revoke the minor's refusal.

*b.* The spouse of the decedent.

*c.* Adult children of the decedent.

*d.* Parents of the decedent.

2. *a.* If there is more than one member of a class listed in subsection 1, paragraph "a", "c", "d", "e", "f", "g", or "i", entitled to make an anatomical gift, an anatomical gift may be made by one member of the class unless that member or a person to whom the gift may pass under section 142C.5 knows of an objection by another member of the class. If an objection is known, the gift shall be made only by a majority of the members of the class who are reasonably available.

*b.* A person shall not make an anatomical gift if, at the time of the death of the decedent, a person in a prior class under subsection 1 is reasonably available to make or to object to the making of an anatomical gift.

3. A person authorized to make an anatomical gift under subsection 1 may make an anatomical gift by a document of gift signed by the person making the gift or by the person's oral communication that is electronically recorded or is contemporaneously reduced to a record and signed by the recipient of the oral communication.

4. Subject to subsection 5, an anatomical gift by a person authorized under subsection 1 may be amended or revoked orally or in a record by any member of the prior class who is reasonably available. If more than one member of the prior class is reasonably available, the gift made by a person authorized under subsection 1 may be:

*a.* Amended only if a majority of the reasonably available members agree to the amending of the gift.

*b.* Revoked only if a majority of the reasonably available members agree to the revoking of the gift or if they are equally divided as to whether to revoke the gift.

5. A revocation under subsection 4 is effective only if, before an incision has been made to remove a part from the donor's body or before invasive procedures have begun to prepare

the recipient, the procurement organization, transplant hospital, or physician or technician knows of the revocation.

**142C.4A Cooperation between medical examiner and organ procurement organization — facilitation of anatomical gift from decedent whose body is under jurisdiction of medical examiner.**

1. A medical examiner shall cooperate with procurement organizations to maximize the opportunity to recover organs for the purpose of transplantation when the recovery of organs does not interfere with a death investigation.

2. If a medical examiner receives notice from a procurement organization that an organ might be or was made available with respect to a decedent whose body is under the jurisdiction of the medical examiner and a postmortem examination will be performed, unless the medical examiner denies recovery in accordance with this section, the medical examiner or designee shall conduct a postmortem examination of the body or the organ in a manner and within a period compatible with its preservation for the purposes of the gift. Every reasonable effort shall be made to accomplish the mutual goals of organ donation and a thorough death investigation.

3. An organ shall not be removed from the body of a decedent under the jurisdiction of a medical examiner for transplantation unless the organ is the subject of an anatomical gift. This subsection does not preclude a medical examiner from performing a medicolegal investigation pursuant to subsection 5 upon the body or organs of a decedent under the jurisdiction of the medical examiner.

4. Upon request of an organ procurement organization, a medical examiner shall release to the organ procurement organization the name and contact information of a decedent whose body is under the jurisdiction of the medical examiner. If the decedent's organs are medically suitable for transplantation, the pathologist or medical examiner shall release to the organ procurement organization the postmortem examination results, limited to cause and manner of death and any evidence of infection or other disease process, which might preclude safe transplantation of recovered organs. The organ procurement organization may make a subsequent disclosure of the postmortem examination results only if relevant to transplantation.

5. The medical examiner may conduct a medicolegal examination by reviewing all medical records, laboratory test results, X rays, other diagnostic results, and other information that any person possesses about a donor or prospective donor whose body is under the jurisdiction of the medical examiner, which the medical examiner determines may be relevant to the investigation.

6. A person who has any information requested by a medical examiner pursuant to subsection 5 shall provide that information as expeditiously as possible to allow the medical examiner to conduct the medicolegal investigation within a period compatible with the preservation of organs for the purpose of transplantation.

7. If an anatomical gift has been or might be made of an organ of a decedent whose body is under the jurisdiction of the medical examiner and a postmortem examination is not required, or the medical examiner determines that a postmortem examination is required but that the recovery of the organ that is the subject of an anatomical gift will not interfere with the examination, the medical examiner and organ procurement organization shall cooperate in the timely removal of the organ from the decedent for the purpose of transplantation.

8. *a.* If an anatomical gift of an organ from a decedent under the jurisdiction of the medical examiner has been or might be made, but the pathologist or medical examiner initially believes that the recovery of the organ could interfere with the postmortem investigation into the decedent's cause or manner of death, the pathologist or medical examiner shall consult with the organ procurement organization or physician or technician designated by the organ procurement organization about the proposed recovery.

*b.* Ancillary clinical tests such as a magnetic resonance imaging (MRI), a computed tomography (CT) scan, or skeletal survey may be required by the pathologist prior to

determination of suitability of organ procurement. These tests shall be performed and interpreted by the appropriate physician at the pathologist's request, and reported in a timely fashion. All expenses for such tests shall be the responsibility of the organ procurement organization regardless of outcome.

c. After consultation pursuant to paragraph "a" and any preliminary investigation pursuant to paragraph "b", the pathologist or medical examiner may allow recovery, depending on the nature of the case and the availability of a pathologist to view the body prior to recovery.

9. If the manner of death may be homicide or has the potential for litigation, the organ recovery shall be approved by the forensic pathologist, and the forensic pathologist may examine the body prior to organ recovery and document by diagrams and photographs all visible injuries.

10. a. If the medical examiner or designee allows recovery of an organ under subsection 7, 8, or 9, the organ procurement organization, upon request, shall cause the physician or technician who removes the organ to provide the medical examiner with a record describing the condition of the organ, a biopsy, a photograph, and any other information and observations that would assist in the postmortem examination.

b. Arrangements for the examination of bodies of such decedents shall be coordinated between the organ procurement organization and the state medical examiner.

c. If applicable, and whenever possible, the forensic pathologist who examined the decedent's body prior to recovery of the organ shall perform the autopsy. If the forensic pathologist is unable to accommodate examination of the body due to scheduling or staffing, the request for organ donation may be denied.

11. 1. A health care provider who initially identifies and diagnoses a spontaneous termination of pregnancy or who induces a termination of pregnancy shall file with the department a report for each termination within thirty days of the occurrence. The health care provider shall make a good faith effort to obtain all of the following information that is available with respect to each termination:

- a. The confidential health care provider code as assigned by the department.
- b. The report tracking number.
- c. The maternal health services region of the Iowa department of public health, as designated as of July 1, 1997, in which the patient resides.
- d. The race of the patient.

- h. The number of previous pregnancies, live births, and spontaneous or induced terminations of pregnancies.
- i. The month and year in which the termination occurred.
- j. The number of weeks since the patient's last menstrual period and a clinical estimate of gestation.
- k. The method used for an induced termination, including whether mifepristone was used.

2. It is the intent of the general assembly that the information shall be collected, reproduced, released, and disclosed in a manner specified by rule of the department, adopted pursuant to chapter 17A, which ensures the anonymity of the patient who experiences a termination of pregnancy, the health care provider who identifies and diagnoses or induces a termination of pregnancy, and the hospital, clinic, or other health facility in which a

termination of pregnancy is identified and diagnosed or induced. The department may share information with federal public health officials for the purposes of securing federal funding or conducting public health research. However, in sharing the information, the department shall not relinquish control of the information, and any agreement entered into by the department with federal public health officials to share information shall prohibit the use, reproduction, release, or disclosure of the information by federal public health officials in a manner which violates this section. The department shall publish, annually, a demographic summary of the information obtained pursuant to this section, except that the department shall not reproduce, release, or disclose any information obtained pursuant to this section which reveals the identity of any patient, health care provider, hospital, clinic, or other health facility, and shall ensure anonymity in the following ways:

a. The department may use information concerning the report tracking number or concerning the identity of a reporting health care provider, hospital, clinic, or other health facility only for purposes of information collection. The department shall not reproduce, release, or disclose this information for any purpose other than for use in annually publishing the demographic summary under this section.

b. The department shall enter the information, from any report of termination submitted, within thirty days of receipt of the report, and shall immediately destroy the report following entry of the information. However, entry of the information from a report shall not include any health care provider, hospital, clinic, or other health facility identification information including, but not limited to, the confidential health care provider code, as assigned by the department.

c. To protect confidentiality, the department shall limit release of information to release in an aggregate form which prevents identification of any individual patient, health care provider, hospital, clinic, or other health facility. For the purposes of this paragraph, “*aggregate form*” means a compilation of the information received by the department on termination of pregnancies for each information item listed, with the exceptions of the report tracking number, the health care provider code, and any set of information for which the amount is so small that the confidentiality of any person to whom the information relates may be compromised. The department shall establish a methodology to provide a statistically verifiable basis for any determination of the correct amount at which information may be released so that the confidentiality of any person is not compromised.

3. Except as specified in subsection 2, reports, information, and records submitted and maintained pursuant to this section are strictly confidential and shall not be released or made public upon subpoena, search warrant, discovery proceedings, or by any other means.

4. The department shall assign a code to any health care provider who may be required to report a termination under this section. An application procedure shall not be required for assignment of a code to a health care provider.

5. A health care provider shall assign a report tracking number which enables the health care provider to access the patient’s medical information without identifying the patient.

6. To ensure proper performance of the reporting requirements under this section, it is preferred that a health care provider who practices within a hospital, clinic, or other health facility authorize one staff person to fulfill the reporting requirements.

7. For the purposes of this section:

a. “*Health care provider*” means an individual licensed under chapter 148, 148C, 148D, or 152, or any individual who provides medical services under the authorization of the licensee.

b. “*Inducing a termination of pregnancy*” means the use of any means to terminate the pregnancy of a woman known to be pregnant with the intent other than to produce a live birth or to remove a dead fetus.

c. “*Spontaneous termination of pregnancy*” means the occurrence of an unintended termination of pregnancy at any time during the period from conception to twenty weeks gestation and which is not a spontaneous termination of pregnancy at any time during the period from twenty weeks or greater which is reported to the department as a fetal death under this chapter.

  - a. Is signed by at least two individuals who, in the presence of each other and the declarant, witnessed the signing of the declaration by the declarant or by another person acting on behalf of the declarant at the declarant’s direction. At least one of the witnesses

4. A declaration or similar document executed in another state or jurisdiction in compliance with the law of that state or jurisdiction shall be deemed valid and enforceable in this state, to the extent the declaration or similar document is consistent with the laws of this state. A declaration or similar document executed by a veteran of the armed forces which is in compliance with the federal department of veterans affairs advance directive requirements shall be deemed valid and enforceable.

#### DECLARATION

If I should have an incurable or irreversible condition that will result either in death within a relatively short period of time or a state of permanent unconsciousness from which, to a reasonable degree of medical certainty, there can be no recovery, it is my desire that my life not be prolonged by the administration of life-sustaining procedures. If I am unable to participate in my health care decisions, I direct my attending physician to withhold or withdraw life-sustaining procedures that merely prolong the dying process and are not necessary to my comfort or freedom from pain.

#### 144A.4 Revocation of declaration.

1. A declaration may be revoked at any time and in any manner by which the declarant is able to communicate the declarant's intent to revoke, without regard to mental or physical condition. A revocation is only effective as to the attending physician upon communication to such physician by the declarant or by another to whom the revocation was communicated.

2. The attending physician shall make the revocation a part of the declarant's medical record.

85 Acts, ch 3, §5

Referred to in §144A.10

#### 144A.5 Determination of terminal condition.

85 Acts, ch 3, §6

Referred to in §144A.8

#### 144A.6 Treatment of qualified patients.

1. A qualified patient has the right to make decisions regarding use of life-sustaining procedures as long as the qualified patient is able to do so. If a qualified patient is not able to

make such decisions, the declaration shall govern decisions regarding use of life-sustaining procedures.

2. The declaration of a qualified patient known to the attending physician to be pregnant shall not be in effect as long as the fetus could develop to the point of live birth with continued application of life-sustaining procedures. However, the provisions of this subsection do not impair any existing rights or responsibilities that any person may have in regard to the withholding or withdrawal of life-sustaining procedures.

85 Acts, ch 3, §7

Referred to in §144A.8

#### **144A.7 Procedure in absence of declaration.**

1. Life-sustaining procedures may be withheld or withdrawn from a patient who is in a terminal condition and who is comatose, incompetent, or otherwise physically or mentally incapable of communication and has not made a declaration in accordance with this chapter if there is consultation and written agreement for the withholding or the withdrawal of life-sustaining procedures between the attending physician and any of the following individuals, who shall be guided by the express or implied intentions of the patient, in the following order of priority if no individual in a prior class is reasonably available, willing, and competent to act:

a. The attorney in fact designated to make treatment decisions for the patient should such person be diagnosed as suffering from a terminal condition, if the designation is in writing and complies with chapter 144B.

b. The guardian of the person of the patient if one has been appointed, provided court approval is obtained in accordance with section 633.635, subsection 2, paragraph “c”. This paragraph does not require the appointment of a guardian in order for a treatment decision to be made under this section.

c. The patient’s spouse.

d. An adult child of the patient or, if the patient has more than one adult child, a majority of the adult children who are reasonably available for consultation.

e. A parent of the patient, or parents if both are reasonably available.

f. An adult sibling.

2. When a decision is made pursuant to this section to withhold or withdraw life-sustaining procedures, there shall be a witness present at the time of the consultation when that decision is made.

3. Subsections 1 and 2 shall not be in effect for a patient who is known to the attending physician to be pregnant with a fetus that could develop to the point of live birth with continued application of life-sustaining procedures. However, the provisions of this subsection do not impair any existing rights or responsibilities that any person may have in regard to the withholding or withdrawal of life-sustaining procedures.

7. An out-of-hospital do-not-resuscitate order is deemed revoked at any time that a patient, or an individual authorized to act on the patient's behalf as designated on the out-of-hospital do-not-resuscitate order, is able to communicate in any manner the intent that the order be revoked, without regard to the mental or physical condition of the patient. A revocation is only effective as to the health care provider upon communication to that provider by the patient, an individual authorized to act on the patient's behalf as designated in the order, or by another person to whom the revocation is communicated.

8. The personal wishes of family members or other individuals who are not authorized in the order to act on the patient's behalf shall not supersede a valid out-of-hospital do-not-resuscitate order.

9. If uncertainty regarding the validity or applicability of an out-of-hospital do-not-resuscitate order exists, a health care provider shall provide necessary and appropriate resuscitation.

10. A health care provider shall document compliance or noncompliance with an out-of-hospital do-not-resuscitate order and the reasons for not complying with the order, including evidence that the order was revoked or uncertainty regarding the validity or applicability of the order.

11. This section shall not preclude a hospital licensed under chapter 135B from honoring an out-of-hospital do-not-resuscitate order entered in accordance with this section and in compliance with established hospital policies and protocols.

#### **144A.11 General provisions.**

No policy of life insurance is legally impaired or invalidated in any manner by the withholding or withdrawal of life-sustaining procedures pursuant to this chapter, notwithstanding any term of the policy to the contrary.

3. A physician, health care provider, health care service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital plan shall not require any person to execute a declaration or an out-of-hospital do-not-resuscitate order as a condition for being insured for, or receiving, health care services.

In that respect, the provisions of this chapter are cumulative.

6. This chapter shall not be construed to condone, authorize or approve mercy killing or

A document executed prior to May 8, 1991, purporting to create a durable power of attorney for health care shall be deemed valid if the document specifically authorizes the attorney in fact to make health care decisions and is signed by the principal.

2. An employee of a health care provider attending the principal on the date of execution unless the individual to be designated is related to the principal by blood, marriage, or adoption within the third degree of consanguinity.

91 Acts, ch 140, §4

**144B.5 Durable power of attorney for health care — form.**

1. A durable power of attorney for health care executed pursuant to this chapter may, but need not, be in the following form:

I hereby designate ..... as my attorney in fact (my agent) and give to my agent the power to make health care decisions for me. This power exists only when I am unable, in the judgment of my attending physician, to make those health care decisions. The

attorney in fact must act consistently with my desires as stated in this document or otherwise made known.

Except as otherwise specified in this document, this document gives my agent the power, where otherwise consistent with the law of this state, to consent to my physician not giving health care or stopping health care which is necessary to keep me alive.

This document gives my agent power to make health care decisions on my behalf, including to consent, to refuse to consent, or to withdraw consent to the provision of any care, treatment, service, or procedure to maintain, diagnose, or treat a physical or mental condition. This power is subject to any statement of my desires and any limitations included in this document.

My agent has the right to examine my medical records and to consent to disclosure of such records.

2. In addition to the foregoing, the principal may provide specific instructions in the document conferring the durable power of attorney for health care, consistent with the provisions of this chapter.

3. The principal may include a statement indicating that the designated attorney in fact has been notified of and consented to the designation.

#### **144B.6 Attorney in fact — priority to make decisions.**

1. Unless the district court sitting in equity specifically finds that the attorney in fact is acting in a manner contrary to the wishes of the principal or the durable power of attorney for health care provides otherwise, an attorney in fact who is known to the health care provider to be available and willing to make health care decisions has priority over any other person, including a guardian appointed pursuant to chapter 633, to act for the principal in all matters of health care decisions. The attorney in fact has authority to make a particular health care decision only if the principal is unable, in the judgment of the attending physician, to make the health care decision. If the principal objects to a decision to withhold or withdraw health care, the principal shall be presumed to be able to make a decision.

2. In exercising the authority under the durable power of attorney for health care, the attorney in fact has a duty to act in accordance with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the attorney in fact at any time. A declaration executed by the principal pursuant to the life-sustaining procedures Act, chapter 144A, shall not be interpreted as expressing an intent to prohibit the withdrawal of hydration or nutrition when required to be provided parenterally or through intubation and shall not otherwise restrict the authority of the attorney in fact unless either the declaration or the durable power of attorney for health care expressly provides otherwise. If the principal's desires are unknown, the attorney in fact has a duty to act in the best interests of the principal, taking into account the principal's overall medical condition and prognosis.

91 Acts, ch 140, §6

#### **144B.7 Authority to review medical records.**

Except as limited by the durable power of attorney for health care, an attorney in fact has the same right as the principal to receive and review medical records of the principal, and to consent to the disclosure of medical records of the principal when acting pursuant to the durable power of attorney for health care.

**144B.8 Revocation of durable power of attorney.**

1. A durable power of attorney for health care may be revoked at any time and in any manner by which the principal is able to communicate the intent to revoke, without regard to mental or physical condition. Revocation may be by notifying the attorney in fact orally or in writing. Revocation may also be made by notifying a health care provider orally or in writing while that provider is engaged in providing health care to the principal. A revocation is only effective as to a health care provider upon its communication to the provider by the principal or by another to whom the principal has communicated revocation. The health care provider shall document the revocation in the treatment records of the principal.

2. The principal is presumed to have the capacity to revoke a durable power of attorney for health care.

3. Unless it provides otherwise, a valid durable power of attorney for health care revokes any prior durable power of attorney for health care.

4. If authority granted by a durable power of attorney for health care is revoked under this section, an individual is not subject to criminal prosecution or civil liability for acting in good faith reliance upon the durable power of attorney for health care unless the individual has actual knowledge of the revocation.

5. The fact of execution and subsequent revocation of a durable power of attorney shall have no effect upon subsequent health care decisions made in accordance with accepted principles of law and standards of medical care governing those decisions.

91 Acts, ch 140, §8

**144B.9 Immunities and responsibilities.**

1. A health care provider is not subject to criminal prosecution, civil liability, or professional disciplinary action if the health care provider relies on a health care decision and both of the following requirements are satisfied:

a. The decision is made by an attorney in fact who the health care provider believes in good faith is authorized to make the decision.

b. The health care provider believes in good faith that the decision is not inconsistent with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the health care provider, and, if the decision is to withhold or withdraw health care necessary to keep the principal alive, the health care provider has provided an opportunity for the principal to object to the decision.

2. Notwithstanding a contrary health care decision of the attorney in fact, the health care provider is not subject to criminal prosecution, civil liability, or professional disciplinary action for failing to withhold or withdraw health care necessary to keep the principal alive. However, the attorney in fact may make provisions to transfer the responsibility for the care of the principal to another health care provider.

3. An attorney in fact is not subject to criminal prosecution or civil liability for any health care decision made in good faith pursuant to a durable power of attorney for health care.

4. It shall be presumed that an attorney in fact, and a health care provider acting pursuant to the direction of an attorney in fact, are acting in good faith and in the best interests of the principal absent clear and convincing evidence to the contrary.

5. For purposes of this section, acting in “*good faith*” means acting consistent with the desires of the principal as expressed in the durable power of attorney for health care or otherwise made known to the attorney in fact, or where those desires are unknown, acting in the best interests of the principal, taking into account the principal’s overall medical condition and prognosis.

6. A health care provider or attorney in fact may presume that a durable power of attorney for health care is valid absent actual knowledge to the contrary.

91 Acts, ch 140, §9

**144B.10 Emergency treatment.**

This chapter does not affect the law governing health care treatment in an emergency.

91 Acts, ch 140, §10

**144B.11 Prohibited practices.**

1. A health care provider, health care service plan, insurer, self-insured employee welfare benefit plan, or nonprofit hospital plan shall not condition admission to a facility, or the providing of treatment, or insurance, on the requirement that an individual execute a durable power of attorney for health care.

2. A policy of life insurance shall not be legally impaired or invalidated in any manner by the withholding or withdrawing of health care pursuant to the direction of an attorney in fact appointed pursuant to this chapter.

91 Acts, ch 140, §11

**144B.12 General provisions.**

1. This chapter does not create a presumption concerning the intention of an individual who has not executed a durable power of attorney for health care and does not impair or supersede any right or responsibility of an individual to consent, refuse to consent, or withdraw consent to health care on behalf of another in the absence of a durable power of attorney for health care.

2. This chapter shall not be construed to condone, authorize, or approve any affirmative or deliberate act or omission which would constitute mercy killing or euthanasia.

3. If after executing a durable power of attorney for health care designating a spouse as attorney in fact, the marriage between the principal and the attorney in fact is dissolved, the power is thereby revoked. In the event of remarriage to each other, the power is reinstated unless otherwise revoked by the principal.

4. It is the responsibility of the principal to provide for notification of a health care provider of the terms of the principal's durable power of attorney for health care.

91 Acts, ch 140, §12

In planning for an area hospital, a county board of supervisors may exclude from the merged area any township of the county which the board of supervisors determines would not sufficiently benefit by the merger and the portion of the county not so excluded shall constitute one public corporation for the purposes of this chapter. Plans for an area hospital shall include the maximum amount to be levied for debt service and operation and maintenance of the area hospital in the portion of the merged area within each political subdivision taking part in the merger. However, the maximum tax rates for the various political subdivisions may vary as the officials determine, based upon the need for hospital service of the residents of each political subdivision, the proximity of the residents to the proposed location of the hospital, the property values within

The order shall be published in one or more newspapers which have general circulation within the merged area once each week for three consecutive weeks, but the newspapers selected need not be published in the merged area. The published order shall contain a notice to the residents of each subdivision of the proposed merged area that if the residents fail to protest as provided in this chapter, the order shall be deemed approved upon the expiration of a sixty-day period following the date of the last published notice.

The vote will be taken by ballot in the form provided by sections 49.43 to 49.47, and the election shall be initiated and held as provided in chapter 49. The board of trustees shall then meet, elect a chairperson and adopt such rules for the organization of the board as may be necessary. The number and composition of the board shall be determined by the committee appointing the board; but as a matter of public policy the committee is directed to apportion the board into area districts in such a way that the residents of all of the merged area will be represented as nearly equally as possible on the board.

[C71, 73, 75, 77, 79, 81, §145A.10]

#### **145A.11 Terms of members.**

The terms of members of the board shall be four years, except that members of the initial board shall determine their respective terms by lot so that the terms of one-half of the members, as nearly as may be, shall expire at the next general election. The remaining initial terms shall expire at the following general election. The board shall prorate the amount to be raised for operations by local taxation among the respective political

subdivisions forming a part of the merged area in the proportion that the product of the value of taxable property and the maximum tax levy rate in each political subdivision bears to the total product of the value of taxable property and the maximum tax levy rate in the entire merged area, as set out in the published order of merger. The board of hospital trustees shall certify the amount so determined to the respective levying officials of the affected counties, and the officials shall levy a tax sufficient to raise the annual budget. Taxes collected pursuant to the levy shall be paid by the respective county treasurers to the treasurer of the area hospital in the same manner that school taxes are paid to local school districts.

146.2 Liability of hospitals refusing to perform abortions.

#### **146.1 Liability of persons relating to performance of abortions.**

An individual who may lawfully perform, assist, or participate in medical procedures which will result in an abortion shall not be required against that individual's religious beliefs or moral convictions to perform, assist, or participate in such procedures. A person shall not

discriminate against any individual in any way, including but not limited to employment, promotion, advancement, transfer, licensing, education, training or the granting of hospital privileges or staff appointments, because of the individual's participation in or refusal to participate in recommending, performing, or assisting in an abortion procedure. For the purposes of this chapter, "*abortion*" means the termination of a human pregnancy with the intent other than to produce a live birth or to remove a dead fetus. Abortion does not include medical care which has as its primary purpose the treatment of a serious physical condition requiring emergency medical treatment necessary to save the life of a mother.

##### **146A.1 Prerequisites for abortion — licensee discipline.**

1. A physician performing an abortion shall obtain written certification from the pregnant woman of all of the following at least seventy-two hours prior to performing an abortion:

- a. That the woman has undergone an ultrasound imaging of the unborn child that displays the approximate age of the unborn child.
- b. That the woman was given the opportunity to see the unborn child by viewing the ultrasound image of the unborn child.
- c. That the woman was given the option of hearing a description of the unborn child based on the ultrasound image and hearing the heartbeat of the unborn child.
- d. (1) That the woman has been provided information regarding all of the following, based upon the materials developed by the department of public health pursuant to subparagraph (2):

- (a) The options relative to a pregnancy, including continuing the pregnancy to term and retaining parental rights following the child's birth, continuing the pregnancy to term and placing the child for adoption, and terminating the pregnancy.

- (b) The indicators, contra-indicators, and risk factors including any physical, psychological, or situational factors related to the abortion in light of the woman's medical history and medical condition.

(2) The department of public health shall make available to physicians, upon request, all of the following information:

- (a) Geographically indexed materials designed to inform the woman about public and private agencies and services available to assist a woman through pregnancy, at the time of childbirth, and while the child is dependent. The materials shall include a comprehensive list of the agencies available, categorized by the type of services offered, and a description of the manner by which the agency may be contacted.

- (b) Materials that encourage consideration of placement for adoption. The materials shall inform the woman of the benefits of adoption, including the requirements of confidentiality

in the adoption process, the importance of adoption to individuals and society, and the state's interest in promoting adoption by preferring adoption over abortion.

(c) Materials that contain objective information describing the methods of abortion procedures commonly used, the medical risks commonly associated with each such procedure, and the possible detrimental physical and psychological effects of abortion.

2. Compliance with the prerequisites of this section shall not apply to an abortion performed in a medical emergency.

3. A physician who violates this section is subject to licensee discipline pursuant to section 148.6.

4. This section shall not be construed to impose civil or criminal liability on a woman upon whom an abortion is performed, or to prohibit the sale, use, prescription, or administration of a measure, drug, or chemical designed for the purposes of contraception.

5. The board of medicine shall adopt rules pursuant to chapter 17A to administer this section.

6. As used in this section:

a. *“Medical emergency”* means a situation in which an abortion is performed to preserve the life of the pregnant woman whose life is endangered by a physical disorder, physical illness, or physical injury, including a life-endangering physical condition caused by or arising from the pregnancy, but not including psychological conditions, emotional conditions, familial conditions, or the woman's age; or when continuation of the pregnancy will create a serious risk of substantial and irreversible impairment of a major bodily function of the pregnant woman.

b. *“Unborn child”* means an individual organism of the species homo sapiens from fertilization to live birth.

#### 146B.1 Definitions.

As used in this chapter, unless the context otherwise requires:

1. *“Abortion”* means the termination of a human pregnancy with the intent other than to produce a live birth or to remove a dead fetus.

2. *“Attempt to perform an abortion”* means an act, or an omission of a statutorily required act, that, under the circumstances as the actor believes them to be, constitutes a substantial step in a course of conduct planned to culminate in the performing of an abortion.

3. *“Department”* means the department of public health.

4. *“Fertilization”* means the fusion of a human spermatozoon with a human ovum.

5. *“Major bodily function”* includes but is not limited to functions of the immune system, normal cell growth, and digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

6. *“Medical emergency”* means a situation in which an abortion is performed to preserve the life of the pregnant woman whose life is endangered by a physical disorder, physical

illness, or physical injury, including a life-endangering physical condition caused by or arising from the pregnancy, or when continuation of the pregnancy will create a serious risk of substantial and irreversible impairment of a major bodily function of the pregnant woman.

7. “*Medical facility*” means any public or private hospital, clinic, center, medical school, medical training institution, health care facility, physician’s office, infirmary, dispensary, ambulatory surgical center, or other institution or location where medical care is provided to any person.

8. “*Perform*”, “*performed*”, or “*performing*”, relative to an abortion, means the use of any means, including medical or surgical, to terminate the pregnancy of a woman known to be pregnant with the intent other than to produce a live birth or to remove a dead fetus.

13. “*Unborn child*” means an individual organism of the species homo sapiens from fertilization until live birth.

2017 Acts, ch 108, §2, 7

Referred to in §146C.2

#### **146B.2 Determination of postfertilization age — certain abortions prohibited — exceptions — reporting requirements — penalties.**

1. Except in the case of a medical emergency, in addition to compliance with the prerequisites of chapter 146A, an abortion shall not be performed or be attempted to be performed unless the physician performing the abortion has first made a determination of the probable postfertilization age of the unborn child or relied upon such a determination made by another physician. In making such a determination, a physician shall make such inquiries of the pregnant woman and perform or cause to be performed such medical examinations and tests the physician considers necessary in making a reasonable medical judgment to accurately determine the postfertilization age of the unborn child.

2. a. A physician shall not perform or attempt to perform an abortion upon a pregnant woman when it has been determined, by the physician performing the abortion or by another physician upon whose determination that physician relies, that the probable postfertilization age of the unborn child is twenty or more weeks unless, in the physician’s reasonable medical judgment, any of the following applies:

- (1) The pregnant woman has a condition which the physician deems a medical emergency.
- (2) The abortion is necessary to preserve the life of an unborn child.

b. If an abortion is performed under this subsection, the physician shall terminate the human pregnancy in the manner which, in the physician’s reasonable medical judgment, provides the best opportunity for an unborn child to survive, unless, in the physician’s reasonable medical judgment, termination of the human pregnancy in that manner would pose a greater risk than any other available method of the death of the pregnant woman or of the substantial and irreversible physical impairment of a major bodily function. A greater risk shall not be deemed to exist if it is based on a claim or diagnosis that the pregnant woman will engage in conduct which would result in the pregnant woman’s death or in substantial and irreversible physical impairment of a major bodily function.

3. A physician who performs or attempts to perform an abortion shall report to the department, on a schedule and in accordance with forms and rules adopted by the department, all of the following:

a. If a determination of probable postfertilization age of the unborn child was made, the probable postfertilization age determined and the method and basis of the determination.

b. If a determination of probable postfertilization age of the unborn child was not made, the basis of the determination that a medical emergency existed.

c. If the probable postfertilization age of the unborn child was determined to be twenty or more weeks, the basis of the determination of a medical emergency, or the basis of the determination that the abortion was necessary to preserve the life of an unborn child.

d. The method used for the abortion and, in the case of an abortion performed when the probable postfertilization age was determined to be twenty or more weeks, whether the method of abortion used was one that, in the physician's reasonable medical judgment, provided the best opportunity for an unborn child to survive or, if such a method was not used, the basis of the determination that termination of the human pregnancy in that manner would pose a greater risk than would any other available method of the death of the pregnant woman or of the substantial and irreversible physical impairment of a major bodily function.

4. a. By June 30, annually, the department shall issue a public report providing statistics for the previous calendar year, compiled from the reports for that year submitted in accordance with subsection 3. The department shall ensure that none of the information included in the public reports could reasonably lead to the identification of any woman upon whom an abortion was performed.

b. (1) A physician who fails to submit a report by the end of thirty days following the due date shall be subject to a late fee of five hundred dollars for each additional thirty-day period or portion of a thirty-day period the report is overdue.

(2) A physician required to report in accordance with subsection 3 who has not submitted a report or who has submitted only an incomplete report more than one year following the due date, may, in an action brought in the manner in which actions are brought to enforce chapter 148, be directed by a court of competent jurisdiction to submit a complete report within a time period stated by court order or be subject to contempt of court.

(3) A physician who intentionally or recklessly falsifies a report required under this section is subject to a civil penalty of one hundred dollars.

5. Any medical facility in which a physician is authorized to perform an abortion shall implement written medical policies and procedures consistent with the requirements and prohibitions of this chapter.

6. The department shall adopt rules to implement this section.

2017 Acts, ch 108, §3, 7

Referred to in §146B.3

### **146B.3 Civil actions and penalties.**

1. Failure of a physician to comply with any provision of section 146B.2, with the exception of the late filing of a report or failure to submit a complete report in compliance with a court order, is grounds for licensee discipline under chapter 148.

2. A woman upon whom an abortion has been performed in violation of this chapter may maintain an action against the physician who performed the abortion in intentional or reckless violation of this chapter for actual damages.

3. A woman upon whom an abortion has been attempted in violation of this chapter may maintain an action against the physician who attempted the abortion in intentional or reckless violation of this chapter for actual damages.

4. A cause of action for injunctive relief to prevent a physician from performing abortions may be maintained against a physician who has intentionally violated this chapter by the woman upon whom the abortion was performed or attempted, by a parent or guardian of the woman if the woman is less than eighteen years of age at the time the abortion was performed or attempted, by a current or former licensed health care provider of the woman, by a county attorney with appropriate jurisdiction, or by the attorney general.

5. If the plaintiff prevails in an action brought under this section, the plaintiff shall be entitled to an award for reasonable attorney fees.

6. If the defendant prevails in an action brought under this section and the court finds that the plaintiff's suit was frivolous and brought in bad faith, the defendant shall be entitled to an award for reasonable attorney fees.

7. Damages and attorney fees shall not be assessed against the woman upon whom an abortion was performed or attempted except as provided in subsection 6.

8. In a civil proceeding or action brought under this chapter, the court shall rule whether the anonymity of any woman upon whom an abortion has been performed or attempted shall be preserved from public disclosure if the woman does not provide consent to such disclosure. The court, upon motion or on its own motion, shall make such a ruling and, upon determining that the woman's anonymity should be preserved, shall issue orders to the parties, witnesses, and counsel and shall direct the sealing of the record and exclusion of individuals from courtrooms or hearing rooms to the extent necessary to safeguard the woman's identity from public disclosure. Each such order shall be accompanied by specific written findings explaining why the anonymity of the woman should be preserved from public disclosure, why the order is essential to that end, how the order is narrowly tailored to serve that interest, and why no reasonable less restrictive alternative exists. In the absence of written consent of the woman upon whom an abortion has been performed or attempted, anyone, other than a public official, who brings an action under this section shall do so under a pseudonym. This subsection shall not be construed to conceal the identity of the plaintiff or of witnesses from the defendant or from attorneys for the defendant.

9. This chapter shall not be construed to impose civil or criminal liability on a woman upon whom an abortion is performed or attempted.
