[C81, §232.115]

### **232.116 Grounds for termination.**

1. Except as provided in subsection 3, the court may order the termination of both the parental rights with respect to a child and the relationship between the parent and the child on any of the following grounds:

a. The parents voluntarily and intelligently consent to the termination of parental rights and the parent-child relationship and for good cause desire the termination.

b. The court finds that there is clear and convincing evidence that the child has been abandoned or deserted.

c. The court finds that there is clear and convincing evidence that the child is a newborn infant whose parent has voluntarily released custody of the child in accordance with chapter 233.

d. The court finds that both of the following have occurred:

(1) The court has previously adjudicated the child to be a child in need of assistance after finding the child to have been physically or sexually abused or neglected as the result of the

acts or omissions of one or both parents, or the court has previously adjudicated a child who is a member of the same family to be a child in need of assistance after such a finding.

(2) Subsequent to the child in need of assistance adjudication, the parents were offered or received services to correct the circumstance which led to the adjudication, and the circumstance continues to exist despite the offer or receipt of services.

e. The court finds that all of the following have occurred:

(1) The child has been adjudicated a child in need of assistance pursuant to section 232.96.

(2) The child has been removed from the physical custody of the child's parents for a period of at least six consecutive months.

(3) There is clear and convincing evidence that the parents have not maintained significant and meaningful contact with the child during the previous six consecutive months and have made no reasonable efforts to resume care of the child despite being given the opportunity to do so. For the purposes of this subparagraph, "*significant and meaningful contact*" includes but is not limited to the affirmative assumption by the parents of the duties encompassed by the role of being a parent. This affirmative duty, in addition to financial obligations, requires continued interest in the child, a genuine effort to complete the responsibilities prescribed in the case permanency plan, a genuine effort to maintain communication with the child, and requires that the parents establish and maintain a place of importance in the child's life.

f. The court finds that all of the following have occurred:

(1) The child is four years of age or older.

(2) The child has been adjudicated a child in need of assistance pursuant to section 232.96.

(3) The child has been removed from the physical custody of the child's parents for at least twelve of the last eighteen months, or for the last twelve consecutive months and any trial period at home has been less than thirty days.

(4) There is clear and convincing evidence that at the present time the child cannot be returned to the custody of the child's parents as provided in section 232.102.

g. The court finds that all of the following have occurred:

(1) The child has been adjudicated a child in need of assistance pursuant to section 232.96.

(2) The court has terminated parental rights pursuant to section 232.117 with respect to another child who is a member of the same family or a court of competent jurisdiction in another state has entered an order involuntarily terminating parental rights with respect to another child who is a member of the same family.

(3) There is clear and convincing evidence that the parent continues to lack the ability or willingness to respond to services which would correct the situation.

(4) There is clear and convincing evidence that an additional period of rehabilitation would not correct the situation.

h. The court finds that all of the following have occurred:

(1) The child is three years of age or younger.

(2) The child has been adjudicated a child in need of assistance pursuant to section 232.96.

(3) The child has been removed from the physical custody of the child's parents for at least six months of the last twelve months, or for the last six consecutive months and any trial period at home has been less than thirty days.

(4) There is clear and convincing evidence that the child cannot be returned to the custody of the child's parents as provided in section 232.102 at the present time.

i. The court finds that all of the following have occurred:

(1) The child meets the definition of child in need of assistance based on a finding of physical or sexual abuse or neglect as a result of the acts or omissions of one or both parents.

(2) There is clear and convincing evidence that the abuse or neglect posed a significant risk to the life of the child or constituted imminent danger to the child.

(3) There is clear and convincing evidence that the offer or receipt of services would not correct the conditions which led to the abuse or neglect of the child within a reasonable period of time.

j. The court finds that both of the following have occurred:

(1) The child has been adjudicated a child in need of assistance pursuant to section 232.96

and custody has been transferred from the child's parents for placement pursuant to section 232.102.

(2) The parent has been imprisoned for a crime against the child, the child's sibling, or another child in the household, or the parent has been imprisoned and it is unlikely that the parent will be released from prison for a period of five or more years.

k. The court finds that all of the following have occurred:

(1) The child has been adjudicated a child in need of assistance pursuant to section 232.96 and custody has been transferred from the child's parents for placement pursuant to section 232.102.

(2) The parent has a chronic mental illness and has been repeatedly institutionalized for mental illness, and presents a danger to self or others as evidenced by prior acts.

(3) There is clear and convincing evidence that the parent's prognosis indicates that the child will not be able to be returned to the custody of the parent within a reasonable period of time considering the child's age and need for a permanent home.

l. The court finds that all of the following have occurred:

(1) The child has been adjudicated a child in need of assistance pursuant to section 232.96 and custody has been transferred from the child's parents for placement pursuant to section 232.102.

(2) The parent has a severe substance-related disorder and presents a danger to self or others as evidenced by prior acts.

(3) There is clear and convincing evidence that the parent's prognosis indicates that the child will not be able to be returned to the custody of the parent within a reasonable period of time considering the child's age and need for a permanent home.

m. The court finds that both of the following have occurred:

(1) The child has been adjudicated a child in need of assistance pursuant to section 232.96 after finding that the child has been physically or sexually abused or neglected as a result of the acts or omissions of a parent.

(2) The parent found to have physically or sexually abused or neglected the child has been convicted of a felony and imprisoned for physically or sexually abusing or neglecting the child, the child's sibling, or any other child in the household.

n. The court finds that all of the following have occurred:

(1) The child has been adjudicated a child in need of assistance pursuant to section 232.96.

(2) The parent has been convicted of child endangerment resulting in the death of the child's sibling, has been convicted of three or more acts of child endangerment involving the child, the child's sibling, or another child in the household, or has been convicted of child endangerment resulting in a serious injury to the child, the child's sibling, or another child in the household.

(3) There is clear and convincing evidence that the circumstances surrounding the parent's conviction for child endangerment would result in a finding of imminent danger to the child.

o. The parent has been convicted of a felony offense that is a sex offense against a minor as defined in section 692A.101, the parent is divorced from or was never married to the minor's other parent, and the parent is serving a minimum sentence of confinement of at least five years for that offense.

p. The court finds there is clear and convincing evidence that the child was conceived as the result of sexual abuse as defined in section 709.1, and the biological parent against whom the sexual abuse was perpetrated requests termination of the parental rights of the biological parent who perpetrated the sexual abuse.

2. In considering whether to terminate the rights of a parent under this section, the court shall give primary consideration to the child's safety, to the best placement for furthering the long-term nurturing and growth of the child, and to the physical, mental, and emotional condition and needs of the child. This consideration may include any of the following:

a. Whether the parent's ability to provide the needs of the child is affected by the parent's mental capacity or mental condition or the parent's imprisonment for a felony.

b. For a child who has been placed in foster family care by a court or has been voluntarily placed in foster family care by a parent or by another person, whether the child has become

integrated into the foster family to the extent that the child's familial identity is with the foster family, and whether the foster family is able and willing to permanently integrate the child into the foster family. In considering integration into a foster family, the court shall review the following:

(1) The length of time the child has lived in a stable, satisfactory environment and the desirability of maintaining that environment and continuity for the child.

(2) The reasonable preference of the child, if the court determines that the child has sufficient capacity to express a reasonable preference.

c. The relevant testimony or written statement that a foster parent, relative, or other individual with whom the child has been placed for preadoptive care or other care has a right to provide to the court.

3. The court need not terminate the relationship between the parent and child if the court finds any of the following:

a. A relative has legal custody of the child.

b. The child is over ten years of age and objects to the termination.

c. There is clear and convincing evidence that the termination would be detrimental to the child at the time due to the closeness of the parent-child relationship.

d. It is necessary to place the child in a hospital, facility, or institution for care and treatment and the continuation of the parent-child relationship is not preventing a permanent family placement for the child.

e. The absence of a parent is due to the parent's admission or commitment to any institution, hospital, or health facility or due to active service in the state or federal armed forces.

### **232.117 Termination — findings — disposition.**

1. After the hearing is concluded the court shall make and file written findings.

2. If the court concludes that facts sufficient to terminate parental rights have not been established by clear and convincing evidence, the court shall dismiss the petition.

3. If the court concludes that facts sufficient to sustain the petition have been established by clear and convincing evidence, the court may order parental rights terminated. If the court terminates the parental rights of the child's parents, the court shall transfer the guardianship and custody of the child to one of the following:

a. The department of human services.

b. A child-placing agency or other suitable private agency, facility or institution which is licensed or otherwise authorized by law to receive and provide care for the child.

c. A parent who does not have physical care of the child, other relative, or other suitable person.

4. The court shall not order group foster care placement of the child which is a charge upon the state if that placement is not in accordance with the service area plan for group foster care established pursuant to section 232.143 for the departmental service area in which the court is located.

5. If after a hearing the court does not order the termination of parental rights but finds that there is clear and convincing evidence that the child is a child in need of assistance, under section 232.2, subsection 6, due to the acts or omissions of one or both of the child's parents the court may adjudicate the child to be a child in need of assistance and may enter an order in accordance with the provisions of section 232.100, 232.101, 232.102, or 232.104.

6. If the court orders the termination of parental rights and transfers guardianship and custody under subsection 3, the guardian shall submit a case permanency plan to the court and shall make every effort to establish a stable placement for the child by adoption or other

permanent placement. Within forty-five days of receipt of the termination order, and every forty-five days thereafter until the court determines such reports are no longer necessary, the guardian shall report to the court regarding efforts made to place the child for adoption or providing the rationale as to why adoption would not be in the child's best interest.

7. The guardian of each child whose guardianship and custody has been transferred under subsection 3 and who has not been placed for adoption shall file a written report with the court every six months concerning the child's placement. The court shall hold a hearing to review the placement at intervals not to exceed six months after the date of the termination of parental rights or the last placement review hearing.

8. The guardian of each child whose guardianship and custody has been transferred under subsection 3 and who has been placed for adoption and whose adoption has not been finalized shall file a written report with the court every six months concerning the child's placement. The court shall hold a hearing to review the placement at intervals not to exceed twelve months after the date of the adoptive placement or the last placement review hearing.

9. Hearings held under this division are open to the public unless the court, on the motion of any of the parties or upon the court's own motion, excludes the public. The court shall exclude the public from a hearing if the court determines that the possibility of damage or harm to the child outweighs the public's interest in having a public hearing. Upon closing the hearing, the court may admit persons who have a direct interest in the case or in the work of the court.

10. If a termination of parental rights order is issued on the grounds that the child is a newborn infant whose parent has voluntarily released custody of the child under section 232.116, subsection 1, paragraph "c", the court shall retain jurisdiction to change a guardian or custodian and to allow a parent whose rights have been terminated to request vacation or appeal of the termination order which request must be made within thirty days of issuance of the granting of the termination order. The period for request for vacation or appeal by a parent whose rights have been terminated shall not be waived or extended and a vacation or appeal shall not be granted for a request made after the expiration of this period. The court shall grant the vacation request only if it is in the best interest of the child. The supreme court shall prescribe rules to establish the period of thirty days, which shall not be waived or extended, in which a parent whose parental rights have been terminated may request a vacation or appeal of such a termination order.

2. The department adoption worker or the private agency worker who places a child on the exchange shall update the registration information within ten working days after a change in the information occurs.

b. In addition to the requirements of paragraph "a", a deferral granted by the exchange pursuant to subsection 5, paragraph "b", shall be limited to not more than a one-time, ninety-day period unless the termination of parental rights order is appealed or the child is placed in a hospital or other institutional placement. However, if the foster parents or another person with a significant relationship continues to be considered the child's prospective adoptive family, additional extensions of the deferral request under subsection 5, paragraph "b", may be granted until sixty days after the date of the final decision regarding the appeal or until the date the child is discharged from a hospital or other institutional placement.

1. Upon the filing of a petition, the court shall fix a time for a hearing and give notice thereof to the child and the child's parent, guardian or custodian.

2. A parent without custody may petition the court to be made a party to proceedings under this division.

4. The hearing shall be informal and all relevant and material evidence shall be admitted.

5. The court may adjudicate the family to be a family in need of assistance and enter an appropriate dispositional order if the court finds all of the following:

a. There has been a breakdown in the relationship between the child and the child's parent, guardian, or custodian.

b. The child or the child's parent, guardian, or custodian has sought services from public or private agencies to maintain and improve the familial relationship.

c. The court has at its disposal services for this purpose which can be made available to the family.

6. If the court makes such a finding the court may order any or all of the parties to accept counseling and to comply with any other reasonable orders designed to maintain and improve the familial relationship. At the conclusion of any counseling ordered by the court, or at any other time deemed necessary, the parties shall be required to meet together and be apprised of the findings and recommendations of such counseling. Such an order shall remain in force for a period not to exceed one year unless the court otherwise specifies or sooner terminates the order.

1. An interested party aggrieved by an order or decree of the juvenile court may appeal from the court for review of questions of law or fact. However, an order adjudicating a child to have committed a delinquent act, entered pursuant to section 232.47, shall not be appealed until the court enters a corresponding dispositional order pursuant to section 232.52. An appeal that affects the custody of a child shall be heard at the earliest practicable time.

2. Except for appeals from orders entered in child in need of assistance proceedings or orders entered pursuant to section 232.117, appellate procedures shall be governed by the same provisions applicable to appeals from the district court. The supreme court may prescribe rules to expedite the resolution of appeals from orders entered in child in need of assistance proceedings or orders entered pursuant to section 232.117.

3. The pendency of an appeal or application therefor shall not suspend the order of the juvenile court regarding a child and shall not discharge the child from the custody of the court or the agency, association, facility, institution or person to whom the court has transferred legal custody unless the appellate court otherwise orders on application of an appellant.

4. If the appellate court does not dismiss the proceedings and discharge the child, the appellate court shall affirm or modify the order of the juvenile court and remand the child to the jurisdiction of the juvenile court for disposition not inconsistent with the appellate court's finding on the appeal.

### EXPENSES AND COSTS

#### **232.141 Expenses.**

1. Except as otherwise provided by law, the court shall inquire into the ability of the child or the child's parent to pay expenses incurred pursuant to subsections 2, 4, and 8. After giving the parent a reasonable opportunity to be heard, the court may order the parent to

pay all or part of the costs of the child's care, examination, treatment, legal expenses, or other expenses. An order entered under this section does not obligate a parent paying child support under a custody decree, except that part of the monthly support payment may be used to satisfy the obligations imposed by the order entered pursuant to this section. If a parent fails to pay as ordered, without good reason, the court may proceed against the parent for contempt and may inform the county attorney who shall proceed against the parent to collect the unpaid amount. Any payment ordered by the court shall be a judgment against each of the child's parents and a lien as provided in section 624.23. If all or part of the amount that the parents are ordered to pay is subsequently paid by the county or state, the judgment and lien shall thereafter be against each of the parents in favor of the county to the extent of the county's payments and in favor of the state to the extent of the state's payments.

2. All of the following juvenile court expenses are a charge upon the county in which the proceedings are held, to the extent provided in subsection 3:

a. Juvenile court expenses incurred by an attorney appointed by the court to serve as counsel to any party or to serve as a guardian ad litem for any child, including fees and expenses for foreign language interpreters, costs of depositions and transcripts, fees and mileage of witnesses, and the expenses of officers serving notices and subpoenas.

b. Reasonable compensation for an attorney appointed by the court to serve as counsel to any party or as guardian ad litem for any child in juvenile court.

c. Fees and expenses incurred by the juvenile court for foreign language interpreters for court proceedings.

3. Costs incurred under subsection 2 shall be paid as follows:

a. A county shall be required to pay for the fiscal year beginning July 1, 1989, an amount equal to the county's base cost for witness and mileage fees and attorney fees established pursuant to section 232.141, subsection 8, paragraph "d", Code 1989, for the fiscal year beginning July 1, 1988, plus an amount equal to the percentage rate of change in the consumer price index as tabulated by the federal bureau of labor statistics for the current year times the county's base cost.

b. A county's base cost for a fiscal year plus the percentage rate of change amount as computed in paragraph "a" is the county's base cost for the succeeding fiscal year. The amount to be paid in the succeeding year by the county shall be computed as provided in paragraph "a".

c. The county, on an annual basis, shall pay to the indigent defense fund created under section 815.11 the amount of the county's base cost as determined in accordance with this subsection.

d. Costs incurred under subsection 2 shall be paid by the state from the appropriations to the indigent defense fund under section 815.11 in accordance with this chapter, chapter 815, and the rules adopted by the state public defender. The county shall be required to reimburse the indigent defense fund for costs incurred by the state up to the county's base in this subsection.

4. Upon certification of the court, all of the following expenses are a charge upon the state to the extent provided in subsection 5:

a. The expenses of transporting a child to or from a place designated by the court for the purpose of care or treatment.

b. Expenses for mental or physical examinations of a child if ordered by the court.

c. The expenses of care or treatment ordered by the court.

5. If no other provision of law requires the county to reimburse costs incurred pursuant to subsection 4, the department shall reimburse the costs as follows:

a. The department shall prescribe by administrative rule all services eligible for reimbursement pursuant to subsection 4 and shall establish an allowable rate of reimbursement for each service.

b. The department shall receive billings for services provided and, after determining allowable costs, shall reimburse providers at a rate which is not greater than allowed by administrative rule. Reimbursement paid to a provider by the department shall be considered reimbursement in full unless a county voluntarily agrees to pay any difference between the reimbursement amount and the actual cost. When there are specific program regulations

prohibiting supplementation those regulations shall be applied to providers requesting supplemental payments from a county. Billings for services not listed in administrative rule shall not be paid. However, if the court orders a service not currently listed in administrative rule, the department shall review the order and, if reimbursement for the service of the department is not in conflict with other law or administrative rule, and meets the criteria of subsection 4, the department shall reimburse the provider.

6. If a child is given physical or mental examinations or treatment relating to an assessment performed pursuant to section 232.71B with the consent of the child's parent, guardian, or legal custodian and no other provision of law otherwise requires payment for the costs of the examination and treatment, the costs shall be paid by the state. Reimbursement for costs of services described in this subsection is subject to subsection 5.

7. A county charged with the costs and expenses under subsections 2 and 3 may recover the costs and expenses from the child's custodial parent's county of residence, as defined in section 331.394, by filing verified claims which are payable as are other claims against the county. A detailed statement of the facts upon which a claim is based shall accompany the claim.

8. This subsection applies only to placements in a juvenile shelter care home which is publicly owned, operated as a county or multicounty shelter care home, organized under a chapter 28E agreement, or operated by a private juvenile shelter care home. If the actual and allowable costs of a child's shelter care placement exceed the amount the department is authorized to pay in accordance with law and administrative rule, the unpaid costs may be recovered from the child's custodial parent's county of residence. However, the maximum amount of the unpaid costs which may be recovered under this subsection is limited to the difference between the amount the department is authorized to pay and the statewide average of the actual and allowable rates in effect in May of the preceding fiscal year for reimbursement of juvenile shelter care homes. In no case shall the home be reimbursed for more than the home's actual and allowable costs. The unpaid costs are payable pursuant to filing of verified claims against the child's custodial parent's county of residence. A detailed statement of the facts upon which a claim is based shall accompany the claim. Any dispute between counties arising from filings of claims pursuant to this subsection shall be settled in the manner provided to determine residency in section 331.394.

1. County boards of supervisors which singly or in conjunction with one or more other counties provide and maintain juvenile detention and juvenile shelter care homes are subject to this section.

2. For the purpose of providing and maintaining a county or multicounty home, the board of supervisors of any county may issue general county purpose bonds in accordance with sections 331.441 to 331.449. Expenses for providing and maintaining a multicounty home shall be paid by the counties participating in a manner to be determined by the boards of supervisors.

3. A county or multicounty juvenile detention home approved pursuant to this section shall receive financial aid from the state in a manner approved by the director. Aid paid by the state shall be at least ten percent and not more than fifty percent of the total cost of the establishment, improvements, operation, and maintenance of the home.

4. The director shall adopt minimal rules and standards for the establishment, maintenance, and operation of such homes as shall be necessary to effect the purposes of this

chapter. The rules shall apply the requirements of section 237.8, concerning employment and evaluation of persons with direct responsibility for a child or with access to a child when the child is alone and persons residing in a child foster care facility, to persons employed by, residing in, or volunteering for a home approved under this section. The director shall, upon request, give guidance and consultation in the establishment and administration of the homes and programs for the homes.

5. The director shall approve annually all such homes established and maintained under the provisions of this chapter. A home shall not be approved unless it complies with minimal rules and standards adopted by the director and has been inspected by the department of inspections and appeals. The statewide number of beds in the homes approved by the director shall not exceed two hundred seventy-two beds beginning July 1, 2017.

6. A juvenile detention home fund is created in the state treasury under the authority of the department. The fund shall consist of moneys deposited in the fund pursuant to sections 321.218A and 321A.32A. ### **232.143 Service area group foster care budget targets.**

1. a. A statewide expenditure target for children in group foster care placements in a fiscal year, which placements are a charge upon or are paid for by the state, shall be established annually in an appropriation bill by the general assembly. Representatives of the department and juvenile court services shall jointly develop a formula for allocating a portion of the statewide expenditure target established by the general assembly to each of the department's service areas. The formula shall be based upon the service area's proportion of the state population of children and of the statewide usage of group foster care in the previous five completed fiscal years and upon other indicators of need. The expenditure amount determined in accordance with the formula shall be the group foster care budget target for that service area.

b. A service area may exceed the service area's budget target for group foster care by not more than five percent in a fiscal year, provided the overall funding allocated by the department for all child welfare services in the service area is not exceeded.

c. If all of the following circumstances are applicable, a service area may temporarily exceed the service area's budget target as necessary for placement of a child in group foster care:

- (1) The child is thirteen years of age or younger.
- (2) The court has entered a dispositional order for placement of the child in group foster care.
- (3) The child is placed in a juvenile detention facility awaiting placement in group foster care.

d. If a child is placed pursuant to paragraph "c", causing a service area to temporarily exceed the service area's budget target, the department and juvenile court services shall examine the cases of the children placed in group foster care and counted in the service area's budget target at the time of the placement pursuant to paragraph "c". If the examination indicates it may be appropriate to terminate the placement for any of the cases, the department and juvenile court services shall initiate action to set a dispositional review hearing under this chapter for such cases. In such a dispositional review hearing, the court shall determine whether needed aftercare services are available following termination of the

placement and whether termination of the placement is in the best interests of the child and the community.

2. For each of the department's service areas, representatives appointed by the department and juvenile court services shall establish a plan for containing the expenditures for children placed in group foster care ordered by the court within the budget target allocated to that service area pursuant to subsection 1. The plan shall be established in a manner so as to ensure the budget target amount will last the entire fiscal year. The plan shall include monthly targets and strategies for developing alternatives to group foster care placements in order to contain expenditures for child welfare services within the amount appropriated by the general assembly for that purpose. Funds for a child placed in group foster care shall be considered encumbered for the duration of the child's projected or actual length of stay, whichever is applicable. Each service area plan shall be established within sixty days of the date by which the group foster care budget target for the service area is determined. To the extent possible, the department and juvenile court services shall coordinate the planning required under this subsection with planning for services paid under section 232.141, subsection 4. The department's service area manager shall communicate regularly, as specified in the service area plan, with the chief juvenile court officers within that service area concerning the current status of the service area plan's implementation.

3. State payment for group foster care placements shall be limited to those placements which are in accordance with the service area plans developed pursuant to subsection 2.

**DIVISION IX****INTERSTATE COMPACT ON PLACEMENT  
OF CHILDREN****232.158 Interstate compact on placement of children.**

The interstate compact on the placement of children is hereby enacted into law and entered into with all other jurisdictions legally joining therein in form substantially as follows:

1. *Article I — Purpose and policy.* It is the purpose and policy of the party states to cooperate with each other in the interstate placement of children to the end that:

a. Each child requiring placement shall receive the maximum opportunity to be placed in a suitable environment and with persons or institutions having appropriate qualifications and facilities to provide a necessary and desirable degree and type of care.

b. The appropriate authorities in a state where a child is to be placed may have full opportunity to ascertain the circumstances of the proposed placement, thereby promoting full compliance with applicable requirements for the protection of the child.

c. The proper authorities of the state from which the placement is made may obtain the most complete information on the basis of which to evaluate a projected placement before it is made.

d. Appropriate jurisdictional arrangements for the care of children will be promoted.

2. *Article II — Definitions.* As used in this compact:

a. "Child" means a person who, by reason of minority, is legally subject to parental, guardianship or similar control.

b. "Sending agency" means a party state, officer or employee thereof; a subdivision of a party state, or officer or employee thereof; a court of a party state; a person, corporation, association, charitable agency or other entity which sends, brings, or causes to be sent or brought any child to another party state.

c. "Receiving state" means the state to which a child is sent, brought, or caused to be

sent or brought, whether by public authorities or private persons or agencies, and whether for placement with state or local public authorities or for placement with private agencies or persons.

d. “*Placement*” means the arrangement for the care of a child in a family free or boarding home or in a child-caring agency or institution, but not in an institution caring for the mentally ill, mentally defective, or epileptic, in an institution primarily educational in character, or in a hospital or other medical facility.

3. *Article III — Conditions for placement.*

a. A sending agency shall not send, bring, or cause to be sent or brought into any other party state a child for placement in foster care or as a preliminary to a possible adoption unless the sending agency complies with every requirement set forth in this article and with the applicable laws of the receiving state governing the placement of children in the receiving state.

b. Prior to sending, bringing or causing any child to be sent or brought into a receiving state for placement in foster care or as a preliminary to a possible adoption, the sending agency shall furnish the appropriate public authorities in the receiving state written notice of the intention to send, bring, or place the child in the receiving state. The notice shall contain:

(1) The name, date and place of birth of the child.

(2) The identity and address or addresses of the parents or legal guardian.

(3) The name and address of the person, agency or institution to or with which the sending agency proposes to send, bring or place the child.

(4) A full statement of the reasons for such proposed action and evidence of the authority pursuant to which the placement is proposed to be made.

c. Any public officer or agency in a receiving state which is in receipt of a notice pursuant to paragraph “b” of this article may request of the sending agency, or any other appropriate officer or agency of or in the sending agency’s state, and shall be entitled to receive therefrom, such supporting or additional information as it may deem necessary under the circumstances to carry out the purpose and policy of this compact.

d. The child shall not be sent, brought, or caused to be sent or brought into the receiving state until the appropriate public authorities in the receiving state shall notify the sending agency, in writing, to the effect that the proposed placement does not appear to be contrary to the interests of the child.

4. *Article IV — Penalty for illegal placement.* The sending, bringing, or causing to be sent or brought into any receiving state of a child in violation of the terms of this compact shall constitute a violation of the laws respecting the placement of children of both the state in which the sending agency is located or from which it sends or brings the child and of the receiving state. Such violation may be punished or subjected to penalty in either jurisdiction in accordance with its laws. In addition to liability for any such punishment or penalty, any such violation shall constitute full and sufficient grounds for the suspension or revocation of any license, permit, or other legal authorization held by the sending agency which empowers or allows it to place, or care for children.

5. *Article V — Retention of jurisdiction.*

a. The sending agency shall retain jurisdiction over the child sufficient to determine all matters in relation to the custody, supervision, care, treatment and disposition of the child which it would have had if the child had remained in the sending agency’s state, until the child is adopted, reaches majority, becomes self-supporting or is discharged with the concurrence of the appropriate authority in the receiving state. Such jurisdiction shall also include the power to effect or cause the return of the child or its transfer to another location and custody pursuant to law. The sending agency shall continue to have financial responsibility for support and maintenance of the child during the period of the placement. Nothing contained herein shall defeat a claim of jurisdiction by a receiving state sufficient to deal with an act of delinquency or crime committed therein.

b. When the sending agency is a public agency, it may enter into an agreement with an authorized public or private agency in the receiving state providing for the performance of one or more services in respect of such case by the latter as agent for the sending agency.

c. Nothing in this compact shall be construed to prevent a private charitable agency

authorized to place children in the receiving state from performing services or acting as agent in that state for a private charitable agency of the sending state; nor to prevent the agency in the receiving state from discharging financial responsibility for the support and maintenance of a child who has been placed on behalf of the sending agency without relieving the responsibility set forth in paragraph “a” hereof.

6. *Article VI — Institutional care of delinquent children.* A child adjudicated delinquent may be placed in an institution in another party jurisdiction pursuant to this compact but no such placement shall be made unless the child is given a court hearing on notice to the parent or guardian with opportunity to be heard, prior to the child being sent to such other party jurisdiction for institutional care and the court finds that:

a. Equivalent facilities for the child are not available in the sending agency’s jurisdiction; and

b. Institutional care in the other jurisdiction is in the best interest of the child and will not produce undue hardship.

7. *Article VII — Compact administrator.* The executive head of each jurisdiction party to this compact shall designate an officer who shall be general coordinator of activities under this compact in the officer’s jurisdiction and who, acting jointly with like officers of other party jurisdictions, shall have power to promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

8. *Article VIII — Limitations.* This compact shall not apply to:

a. The sending or bringing of a child into a receiving state by the child’s parent, stepparent, grandparent, adult brother or sister, adult uncle or aunt, or guardian and leaving the child with any such relative or nonagency guardian in the receiving state.

b. Any placement, sending or bringing of a child into a receiving state pursuant to any other interstate compact to which both the state from which the child is sent or brought and the receiving state are party, or to any other agreement between said states which has the force of law.

9. *Article IX — Enactment and withdrawal.* This compact shall be open to joinder by any state, territory or possession of the United States, the District of Columbia, the commonwealth of Puerto Rico, and, with the consent of Congress, the government of Canada or any province thereof. It shall become effective with respect to any such jurisdiction when such jurisdiction has enacted the same into law. Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until two years after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other party jurisdiction. Withdrawal of a party state shall not affect the rights, duties and obligations under this compact of any sending agency therein with respect to a placement made prior to the effective date of withdrawal.

10. *Article X — Construction and severability.* The provisions of this compact shall be liberally construed to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

## **DIVISION X**

### **INTERSTATE JUVENILE COMPACTS**

#### **232.171 Interstate compact on juveniles.**

The state of Iowa through its courts and agencies is hereby authorized to enter into interstate compacts on juveniles in behalf of this state with any other contracting state which legally joins therein in substantially the following form and the contracting states solemnly agree:

1. *Article I — Findings and purposes.* That juveniles who are not under proper supervision and control, or who have absconded, escaped or run away, are likely to endanger their own health, morals and welfare, and the health, morals and welfare of others. The

cooperation of the states party to this compact is therefore necessary to provide for the welfare and protection of juveniles and of the public with respect to

- a. Cooperative supervision of delinquent juveniles on probation or parole;
- b. The return, from one state to another, of delinquent juveniles who have escaped or absconded;
- c. The return, from one state to another, of nondelinquent juveniles who have run away from home; and
- d. Additional measures for the protection of juveniles and of the public, which any two or more of the party states may find desirable to undertake cooperatively. In carrying out the provisions of this compact the party states shall be guided by the noncriminal, reformative and protective policies which guide their laws concerning delinquent, neglected or dependent juveniles generally. It shall be the policy of the states party to this compact to cooperate and observe their respective responsibilities for the prompt return and acceptance of juveniles and delinquent juveniles who become subject to the provisions of this compact. The provisions of this compact shall be reasonably and liberally construed to accomplish the foregoing purposes.

2. *Article II — Existing rights and remedies.* That all remedies and procedures provided by this compact shall be in addition to and not in substitution for other rights, remedies and procedures, and shall not be in derogation of parental rights and responsibilities.

3. *Article III — Definitions.* That, for the purposes of this compact, “*delinquent juvenile*” means any juvenile who has been adjudged delinquent and who, at the time the provisions of this compact are invoked, is still subject to the jurisdiction of the court that has made such adjudication or to the jurisdiction or supervision of an agency or institution pursuant to an order of such court; “*probation or parole*” means any kind of conditional release of juveniles authorized under the laws of the states party hereto; “*court*” means any court having jurisdiction over delinquent, neglected or dependent children; “*state*” means any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico; and “*residence*” or any variant thereof means a place at which a home or regular place of abode is maintained.

4. *Article IV — Return of runaways.*

a. (1) That the parent, guardian, person or agency entitled to legal custody of a juvenile who has not been adjudged delinquent but who has run away without the consent of such parent, guardian, person or agency may petition the appropriate court in the demanding state for the issuance of a requisition for the juvenile’s return. The petition shall state the name and age of the juvenile, the name of the petitioner and the basis of entitlement to the juvenile’s custody, the circumstances of the juvenile’s running away, the juvenile’s location if known at the time application is made, and such other facts as may tend to show that the juvenile who has run away is endangering the juvenile’s own welfare or the welfare of others and is not an emancipated minor. The petition shall be verified by affidavit, shall be executed in duplicate, and shall be accompanied by two certified copies of the document or documents on which the petitioner’s entitlement to the juvenile’s custody is based, such as birth certificates, letters of guardianship, or custody decrees. Such further affidavits and other documents as may be deemed proper may be submitted with such petition. The judge of the court to which this application is made may hold a hearing thereon to determine whether for the purposes of this compact the petitioner is entitled to the legal custody of the juvenile, whether or not it appears that the juvenile has in fact run away without consent, whether or not the juvenile is an emancipated minor, and whether or not it is in the best interest of the juvenile to compel the juvenile’s return to the state. If the judge determines, either with or without a hearing, that the juvenile should be returned, the judge shall present to the appropriate court or to the executive authority of the state where the juvenile is alleged to be located a written requisition for the return of such juvenile. Such requisition shall set forth the name and age of the juvenile, the determination of the court that the juvenile has run away without the consent of a parent, guardian, person or agency entitled to the juvenile’s legal custody, and that it is in the best interest and for the protection of such juvenile that the juvenile be returned. In the event that a proceeding for the adjudication of the juvenile as a delinquent, neglected or dependent juvenile is pending in the court at the time when such

juvenile runs away, the court may issue a requisition for the return of such juvenile upon its own motion, regardless of the consent of the parent, guardian, person or agency entitled to legal custody, reciting therein the nature and circumstances of the pending proceeding. The requisition shall in every case be executed in duplicate and shall be signed by the judge. One copy of the requisition shall be filed with the compact administrator of the demanding state, there to remain on file subject to the provisions of law governing records of such court. Upon the receipt of a requisition demanding the return of a juvenile who has run away, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing the officer or person to take into custody and detain such juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No juvenile detained upon such order shall be delivered over to the officer whom the court demanding the juvenile shall have appointed to receive the juvenile, unless the juvenile shall first be taken forthwith before a judge of a court in the state, who shall inform the juvenile of the demand made for the juvenile's return, and who may appoint counsel or guardian ad litem for the juvenile. If the judge of such court shall find that the requisition is in order, the judge shall deliver such juvenile over to the officer whom the court demanding the juvenile shall have appointed to receive the juvenile. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.

(2) Upon reasonable information that a person is a juvenile who has run away from another state party to this compact without the consent of a parent, guardian, person or agency entitled to the juvenile's legal custody, such juvenile may be taken into custody without a requisition and brought forthwith before a judge of the appropriate court who may appoint counsel or guardian ad litem for such juvenile and who shall determine after a hearing whether sufficient cause exists to hold the person, subject to the order of the court, for the person's own protection and welfare, for such a time not exceeding ninety days as will enable the person's return to another state party to this compact pursuant to a requisition for the person's return from a court of that state. If, at the time when a state seeks the return of a juvenile who has run away, there is pending in the state wherein the juvenile is found any criminal charge, or any proceeding to have the juvenile adjudicated a delinquent juvenile for an act committed in such state, or if the juvenile is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, the juvenile shall not be returned without the consent of such state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the juvenile being returned, shall be permitted to transport such juvenile through any and all states party to this compact, without interference. Upon the juvenile's return to the state from which the juvenile ran away, the juvenile shall be subject to such further proceedings as may be appropriate under the laws of that state.

b. That the state to which a juvenile is returned under this article shall be responsible for payment of the transportation costs of such return.

c. That "juvenile" as used in this article means any person who is a minor under the law of the state of residence of the parent, guardian, person or agency entitled to the legal custody of such minor.

5. *Article V — Return of escapees and absconders.*

a. (1) That the appropriate person or authority from whose probation or parole supervision a delinquent juvenile has absconded or from whose institutional custody the delinquent juvenile has escaped shall present to the appropriate court or to the executive authority of the state where the delinquent juvenile is alleged to be located a written requisition for the return of such delinquent juvenile. Such requisition shall state the name and age of the delinquent juvenile, the particulars of the juvenile's adjudication as a delinquent juvenile, the circumstances of the breach of the terms of the juvenile's probation or parole or of the juvenile's escape from an institution or agency vested with the juvenile's legal custody or supervision, and the location of such delinquent juvenile, if known, at the time the requisition is made. The requisition shall be verified by affidavit, shall be

executed in duplicate, and shall be accompanied by two certified copies of the judgment, formal adjudication, or order of commitment which subjects such delinquent juvenile to probation or parole or to the legal custody of the institution or agency concerned. Such further affidavits and other documents as may be deemed proper may be submitted with such requisition. One copy of the requisition shall be filed with the compact administrator of the demanding state, there to remain on file subject to the provisions of law governing records of the appropriate court. Upon the receipt of a requisition demanding the return of a delinquent juvenile who has absconded or escaped, the court or the executive authority to whom the requisition is addressed shall issue an order to any peace officer or other appropriate person directing the officer or person to take into custody and detain such delinquent juvenile. Such detention order must substantially recite the facts necessary to the validity of its issuance hereunder. No delinquent juvenile detained upon such order shall be delivered over to the officer whom the appropriate person or authority demanding the juvenile shall have appointed to receive the juvenile, unless the juvenile shall first be taken forthwith before a judge of an appropriate court in the state, who shall inform the juvenile of the demand made for the juvenile's return and who may appoint counsel or guardian ad litem for the juvenile. If the judge of such court shall find that the requisition is in order, the judge shall deliver such delinquent juvenile over to the officer whom the appropriate person or authority demanding the juvenile shall have appointed to receive the juvenile. The judge, however, may fix a reasonable time to be allowed for the purpose of testing the legality of the proceeding.

(2) Upon reasonable information that a person is a delinquent juvenile who has absconded while on probation or parole, or escaped from an institution or agency vested with the person's legal custody or supervision in any state party to this compact, such person may be taken into custody in any other state party to this compact without a requisition. But in such event, the person must be taken forthwith before a judge of the appropriate court, who may appoint counsel or guardian ad litem for such person and who shall determine, after a hearing, whether sufficient cause exists to hold the person subject to the order of the court for such a time, not exceeding ninety days, as will enable the person's detention under a detention order issued on a requisition pursuant to this article. If, at the time when a state seeks the return of a delinquent juvenile who has either absconded while on probation or parole or escaped from an institution or agency vested with the juvenile's legal custody or supervision, there is pending in the state wherein the juvenile is detained any criminal charge or any proceeding to have the juvenile adjudicated a delinquent juvenile for an act committed in such state, or if the juvenile is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, the juvenile shall not be returned without the consent of such state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the delinquent juvenile being returned, shall be permitted to transport such delinquent juvenile through any and all states party to this compact, without interference. Upon the juvenile's return to the state from which the juvenile escaped or absconded, the delinquent juvenile shall be subject to such further proceedings as may be appropriate under the laws of that state.

b. That the state to which a delinquent juvenile is returned under this article shall be responsible for payment of the transportation costs of such return.

6. *Article VI — Voluntary return procedure.* That any delinquent juvenile who has absconded while on probation or parole, or escaped from an institution or agency vested with the juvenile's legal custody or supervision in any state party to this compact, and any juvenile who has run away from any state party to this compact, who is taken into custody without a requisition in another state party to this compact under the provisions of article IV, paragraph "a", or of article V, paragraph "a", may consent to the juvenile's immediate return to the state from which the juvenile absconded, escaped or ran away. Such consent shall be given by the juvenile or delinquent juvenile and the juvenile's counsel or guardian ad litem, if any, by executing or subscribing a writing, in the presence of a judge of the appropriate court, which states that the juvenile or delinquent juvenile and the juvenile's counsel or

guardian ad litem, if any, consent to the juvenile's return to the demanding state. Before such consent shall be executed or subscribed, however, the judge, in the presence of counsel or guardian ad litem, if any, shall inform the juvenile or delinquent juvenile of the juvenile's rights under this compact. When the consent has been duly executed, it shall be forwarded to and filed with the compact administrator of the state in which the court is located and the judge shall direct the officer having the juvenile or delinquent juvenile in custody to deliver the juvenile to the duly accredited officer or officers of the state demanding the juvenile's return, and shall cause to be delivered to such officer or officers a copy of the consent. The court may, however, upon the request of the state to which the juvenile or delinquent juvenile is being returned, order the juvenile to return unaccompanied to such state and shall provide the juvenile with a copy of such court order; in such event a copy of the consent shall be forwarded to the compact administrator of the state to which said juvenile or delinquent juvenile is ordered to return.

7. *Article VII — Cooperative supervision of probationers and parolees.*

a. That the duly constituted judicial and administrative authorities of a state party to this compact, herein called "*sending state*", may permit any delinquent juvenile within such state, placed on probation or parole, to reside in any other state party to this compact, herein called "*receiving state*", while on probation or parole, and the receiving state shall accept such delinquent juvenile, if the parent, guardian or person entitled to the legal custody of such delinquent juvenile is residing or undertakes to reside within the receiving state. Before granting such permission, opportunity shall be given to the receiving state to make such investigations as it deems necessary. The authorities of the sending state shall send to the authorities of the receiving state copies of pertinent court orders, social case studies and all other available information which may be of value to and assist the receiving state in supervising a probationer or parolee under this compact. A receiving state, in its discretion, may agree to accept supervision of a probationer or parolee in cases where the parent, guardian or person entitled to the legal custody of the delinquent juvenile is not a resident of the receiving state, and if so accepted the sending state may transfer supervision accordingly.

b. That each receiving state will assume the duties of visitation and of supervision over any such delinquent juvenile and in the exercise of those duties will be governed by the same standards of visitation and supervision that prevail for its own delinquent juveniles released on probation or parole.

c. That, after consultation between the appropriate authorities of the sending state and of the receiving state as to the desirability and necessity of returning such a delinquent juvenile, the duly accredited officers of a sending state may enter a receiving state and there apprehend and retake any such delinquent juvenile on probation or parole. For that purpose, no formalities will be required, other than establishing the authority of the officer and the identity of the delinquent juvenile to be retaken and returned. The decision of the sending state to retake a delinquent juvenile on probation or parole shall be conclusive upon and not reviewable within the receiving state, but if, at the time the sending state seeks to retake a delinquent juvenile on probation or parole, there is pending against the juvenile within the receiving state any criminal charge or any proceeding to have the juvenile adjudicated a delinquent juvenile for any act committed in such state, or if the juvenile is suspected of having committed within such state a criminal offense or an act of juvenile delinquency, the juvenile shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment, detention or supervision for such offense or juvenile delinquency. The duly accredited officers of the sending state shall be permitted to transport delinquent juveniles being so returned through any and all states party to this compact, without interference.

d. That the sending state shall be responsible under this article for paying the costs of transporting any delinquent juvenile to the receiving state or of returning any delinquent juvenile to the sending state.

8. *Article VIII — Responsibility for costs.*

a. That the provisions of article IV, paragraph "b", article V, paragraph "b", and article VII, paragraph "d" of this compact shall not be construed to alter or affect any internal relationship among the departments, agencies and officers of and in the government of a party state, or

between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

b. That nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to article IV, paragraph “b”, article V, paragraph “b”, or article VII, paragraph “d” of this compact.

9. *Article IX — Detention practices.* That, to every extent possible, it shall be the policy of states party to this compact that no juvenile or delinquent juvenile shall be placed or detained in any prison, jail or lockup nor be detained or transported in association with criminal, vicious or dissolute persons.

10. *Article X — Supplementary agreements.* That the duly constituted administrative authorities of a state party to this compact may enter into supplementary agreements with any other state or states party hereto for the cooperative care, treatment and rehabilitation of delinquent juveniles whenever they shall find that such agreements will improve the facilities or programs available for such care, treatment and rehabilitation. Such care, treatment and rehabilitation may be provided in an institution located within any state entering into such supplementary agreement. Such supplementary agreements shall:

a. Provide the rates to be paid for the care, treatment and custody of such delinquent juveniles, taking into consideration the character of facilities, services and subsistence furnished;

b. Provide that the delinquent juvenile shall be given a court hearing prior to the juvenile being sent to another state for care, treatment and custody;

c. Provide that the state receiving such a delinquent juvenile in one of its institutions shall act solely as agent for the state sending such delinquent juvenile;

d. Provide that the sending state shall at all times retain jurisdiction over delinquent juveniles sent to an institution in another state;

e. Provide for reasonable inspection of such institutions by the sending state;

f. Provide that the consent of the parent, guardian, person or agency entitled to the legal custody of said delinquent juvenile shall be secured prior to the juvenile being sent to another state; and

g. Make provision for such other matters and details as shall be necessary to protect the rights and equities of such delinquent juveniles and of the cooperating states.

11. *Article XI — Acceptance of federal and other aid.* That any state party to this compact may accept any and all donations, gifts and grants of money, equipment and services from the federal or any local government, or any agency thereof and from any person, firm or corporation, for any of the purposes and functions of this compact, and may receive and utilize the same subject to the terms, conditions and regulations governing such donations, gifts and grants.

12. *Article XII — Compact administrators.* That the governor of each state party to this compact shall designate an officer who, acting jointly with like officers of other party states, shall promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

13. *Article XIII — Execution of compact.* That this compact shall become operative immediately upon its execution by any state as between it and any other state or states so executing. When executed it shall have the full force and effect of law within such state, the form of execution to be in accordance with the laws of the executing state.

14. *Article XIV — Renunciation.* That this compact shall continue in force and remain binding upon each executing state until renounced by it. Renunciation of this compact shall be by the same authority which executed it, by sending six months’ notice in writing of its intention to withdraw from the compact to the other states party hereto. The duties and obligations of a renouncing state under article VII hereof shall continue as to parolees and probationers residing therein at the time of withdrawal until retaken or finally discharged. Supplementary agreements entered into under article X hereof shall be subject to renunciation as provided by such supplementary agreements, and shall not be subject to the six months’ renunciation notice of the present article.

15. *Article XV — Rendition amendment.*

a. This article shall provide additional remedies, and shall be binding only as among and between those party states which specifically execute the same.

b. All provisions and procedures of articles V and VI of the Interstate Compact on Juveniles shall be construed to apply to any juvenile charged with being a delinquent by reason of a violation of any criminal law. Any juvenile charged with being a delinquent by reason of violating any criminal law shall be returned to the requesting state upon a requisition to the state where the juvenile may be found. A petition in such case shall be filed in a court of competent jurisdiction in the requesting state where the violation of criminal law is alleged to have been committed. The petition may be filed regardless of whether the juvenile has left the state before or after the filing of the petition. The requisition described in article V of the compact shall be forwarded by the judge of the court in which the petition has been filed.

16. *Out-of-state confinement amendment.*

a. Whenever the duly constituted judicial or administrative authorities in a sending state shall determine that confinement of a probationer or reconfinement of a parolee is necessary or desirable, said officials may direct that the confinement or reconfinement be in an appropriate institution for delinquent juveniles within the territory of the receiving state, such receiving state to act in that regard solely as agent for the sending state.

b. Escapees and absconders who would otherwise be returned pursuant to article V of the compact may be confined or reconfined in the receiving state pursuant to this amendment. In any such case the information and allegations required to be made and furnished in a requisition pursuant to such article shall be made and furnished, but in place of the demand pursuant to article V, the sending state shall request confinement or reconfinement in the receiving state. Whenever applicable, detention orders as provided in article V may be employed pursuant to this paragraph preliminary to disposition of the escapee or absconder.

c. The confinement or reconfinement of a parolee, probationer, escapee, or absconder pursuant to this amendment shall require the concurrence of the appropriate judicial or administrative authorities of the receiving state.

d. As used in this amendment:

(1) "*Sending state*" means sending state as that term is used in article VII of the compact or the state from which a delinquent juvenile has escaped or absconded within the meaning of article V of the compact.

(2) "*Receiving state*" means any state, other than the sending state, in which a parolee, probationer, escapee, or absconder may be found, provided that said state is a party to this amendment.

e. Every state which adopts this amendment shall designate at least one of its institutions for delinquent juveniles as a "compact institution" and shall confine persons therein as provided in paragraph "a" hereof unless the sending and receiving state in question shall make specific contractual arrangements to the contrary. All states party to this amendment shall have access to "compact institutions" at all reasonable hours for the purpose of inspecting the facilities thereof and for the purpose of visiting such of said state's delinquents as may be confined in the institution.

f. Persons confined in "compact institutions" pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed from said "compact institution" for transfer to an appropriate institution within the sending state, for return to probation or parole, for discharge or for any purpose permitted by the laws of the sending state.

g. All persons who may be confined in a "compact institution" pursuant to the provisions of this amendment shall be treated in a reasonable and humane manner. The fact of confinement or reconfinement in a receiving state shall not deprive any person so confined or reconfined of any rights which said person would have had if confined or reconfined in an appropriate institution of the sending state; nor shall any agreement to submit to confinement or reconfinement pursuant to the terms of this amendment be construed as a waiver of any rights which the delinquent would have had if the delinquent had been confined or reconfined in any appropriate institution of the sending state except that the hearing or hearings, if any, to which a parolee, probationer, escapee, or absconder may be

entitled, prior to confinement or reconfinement, by the laws of the sending state may be had before the appropriate judicial or administrative officers of the receiving state. In this event, said judicial and administrative officers shall act as agents of the sending state after consultation with appropriate officers of the sending state.

*h.* Any receiving state incurring costs or other expenses under this amendment shall be reimbursed in the amount of such costs or other expenses by the sending state unless the states concerned shall specifically otherwise agree. Any two or more states party to this amendment may enter into supplementary agreements determining a different allocation of costs as among themselves.

*i.* This amendment shall take initial effect when entered into by any two or more states party to the compact and shall be effective as to those states which have specifically enacted this amendment. Rules and regulations necessary to effectuate the terms of this amendment may be promulgated by the appropriate officers of those states which have enacted this amendment.

#### **232.173 Interstate compact for juveniles.**

##### **1. Article I — Purpose.**

*a.* The compacting states to this interstate compact recognize that each state is responsible for the proper supervision or return of juveniles, delinquents, and status offenders who are on probation or parole and who have absconded, escaped, or run away from supervision and control and in so doing have endangered their own safety and the safety of others. The compacting states also recognize that each state is responsible for the safe return of juveniles who have run away from home and in doing so have left their state of residence. The compacting states also recognize that Congress, by enacting the Crime Control Act, 4 U.S.C. §112 (1965), has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime.

*b.* It is the purpose of this compact, through means of joint and cooperative action among the compacting states to:

(1) Ensure that the adjudicated juveniles and status offenders subject to this compact are provided adequate supervision and services in the receiving state as ordered by the adjudicating judge or parole authority in the sending state.

(2) Ensure that the public safety interests of the citizens, including the victims of juvenile offenders, in both the sending and receiving states are adequately protected.

(3) Return juveniles who have run away, absconded, or escaped from supervision or control or have been accused of an offense to the state requesting their return.

(4) Make contracts for the cooperative institutionalization in public facilities in member states for delinquent youth needing special services.

(5) Provide for the effective tracking and supervision of juveniles.

(6) Equitably allocate the costs, benefits, and obligations of the compacting states.

(7) Establish procedures to manage the movement between states of juvenile offenders released to the community under the jurisdiction of courts, juvenile departments, or any other criminal or juvenile justice agency which has jurisdiction over juvenile offenders.

(8) Insure immediate notice to jurisdictions where defined offenders are authorized to travel or to relocate across state lines.

(9) Establish procedures to resolve pending charges (detainers) against juvenile offenders prior to transfer or release to the community under the terms of this compact.

(10) Establish a system of uniform data collection on information pertaining to juveniles subject to this compact that allows access by authorized juvenile justice and criminal justice officials, and regular reporting of compact activities to heads of state executive, judicial, and legislative branches and juvenile and criminal justice administrators.

(11) Monitor compliance with rules governing interstate movement of juveniles and initiate interventions to address and correct noncompliance.

(12) Coordinate training and education regarding the regulation of interstate movement of juveniles for officials involved in such activity.

(13) Coordinate the implementation and operation of the compact with the interstate compact for the placement of children, the interstate compact for adult offender supervision, and other compacts affecting juveniles particularly in those cases where concurrent or overlapping supervision issues arise.

c. It is the policy of the compacting states that the activities conducted by the interstate commission created in this compact are the formation of public policies and therefore are public business. Furthermore, the compacting states shall cooperate and observe their individual and collective duties and responsibilities for the prompt return and acceptance of juveniles subject to the provisions of this compact. The provisions of this compact shall be reasonably and liberally construed to accomplish the purposes and policies of the compact.

3. *Article III — Interstate commission for juveniles.*

a. The compacting states hereby create the interstate commission for juveniles. The commission shall be a body corporate and joint agency of the compacting states. The commission shall have all the responsibilities, powers, and duties set forth in this compact, and such additional powers as may be conferred upon it by subsequent action of the respective legislatures of the compacting states in accordance with the terms of this compact.

b. The interstate commission shall consist of commissioners appointed by the appropriate appointing authority in each state pursuant to the rules and requirements of each compacting state and in consultation with the state council for interstate juvenile supervision created in this compact. The commissioner shall be the compact administrator, deputy compact administrator, or designee from that state who shall serve on the interstate commission in such capacity under or pursuant to the applicable law of the compacting state.

c. In addition to the commissioners who are the voting representatives of each state, the interstate commission shall include individuals who are not commissioners, but who are members of interested organizations. Such noncommissioner members must include a member of the national organizations of governors, legislators, state chief justices, attorneys general, interstate compact for adult offender supervision, interstate compact for the placement of children, juvenile justice and juvenile corrections officials, and crime victims. All noncommissioner members of the interstate commission shall be ex officio, nonvoting members. The interstate commission may provide in its bylaws for such additional ex officio, nonvoting members, including members of other national organizations, in such numbers as shall be determined by the commission.

d. Each compacting state represented at any meeting of the commission is entitled to one vote. A majority of the compacting states shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the interstate commission.

e. The commission shall meet at least once each calendar year. The chairperson may call additional meetings and, upon the request of a simple majority of the compacting states, shall call additional meetings. Public notice shall be given of all meetings and meetings shall be open to the public.

f. The interstate commission shall establish an executive committee, which shall include commission officers, members, and others as determined by the bylaws. of the administration of the compact managed by an executive director and interstate commission staff; administer enforcement and compliance with the provisions of the compact, its bylaws, and rules; and perform such other duties as directed by the interstate commission or set forth in the bylaws.

g. Each member of the interstate commission shall have the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the interstate commission. A member shall vote in person and shall not delegate a vote to another compacting state. However, a commissioner, in consultation with the state council, shall appoint another authorized representative, in the absence of the commissioner from that state, to cast a vote on behalf of the compacting state at a specified meeting. The bylaws may provide for members' participation in meetings by telephone or other means of telecommunication or electronic communication.

h. The interstate commission's bylaws shall establish conditions and procedures under which the interstate commission shall make its information and official records available to the public for inspection or copying. The interstate commission may exempt from disclosure any information or official records to the extent they would adversely affect personal privacy rights or proprietary interests.

i. Public notice shall be given of all meetings and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact. (9) Specifically relate to the interstate commission's issuance of a subpoena, or its participation in a civil action or other legal proceeding.

j. For every meeting closed pursuant to this provision, the interstate commission's legal counsel shall publicly certify that, in the legal counsel's opinion, the meeting may be closed to the public, and shall reference each relevant exemptive provision. The interstate commission shall keep minutes which shall fully and clearly describe all matters discussed in any meeting and shall provide a full and accurate summary of any actions taken, and the reasons therefore, including a description of each of the views expressed on any item and the record of any roll call vote, reflected in the vote of each member on the question. All documents considered in connection with any action shall be identified in such minutes.

k. The interstate commission shall collect standardized data concerning the interstate movement of juveniles as directed through its rules which shall specify the data to be collected, the means of collection, and data exchange and reporting requirements. Such methods of data collection, exchange, and reporting shall insofar as is reasonably possible conform to up-to-date technology and coordinate its information functions with the appropriate repository of records.

4. *Article IV — Powers and duties of the interstate commission.* The commission shall have the following powers and duties:

a. To provide for dispute resolution among compacting states.

b. To promulgate rules to effect the purposes and obligations as enumerated in this

compact, which shall have the force and effect of statutory law and shall be binding in the compacting states to the extent and in the manner provided in this compact.

c. To oversee, supervise, and coordinate the interstate movement of juveniles subject to the terms of this compact and any bylaws adopted and rules promulgated by the interstate commission.

To elect or appoint such officers, attorneys, employees, agents, or consultants, and to fix their compensation, define their duties and determine their qualifications; and to establish the interstate commission's personnel policies and programs relating to, inter alia, conflicts of interest, rates of compensation, and qualifications of personnel.

j. To accept any and all donations and grants of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of it.

k. To lease, purchase, accept contributions or donations of, or otherwise to own, hold, improve, or use any property, real, personal, or mixed.

l. To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed.

m. To establish a budget and make expenditures and levy dues as provided in article VIII of this compact.

n. To sue and be sued.

(5) Establishing the titles and responsibilities of the officers of the interstate commission.

(6) Providing a mechanism for concluding the operations of the interstate commission

and the return of any surplus funds that may exist upon the termination of the compact after the payment or reserving of all of its debts and obligations.

(7) Providing “start-up” rules for initial administration of the compact.

(8) Establishing standards and procedures for compliance and technical assistance in carrying out the compact.

b. *Officers and staff.*

(1) The interstate commission shall, by a majority of the members, elect annually from among its members a chairperson and a vice chairperson, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson or, in the chairperson’s absence or disability, the vice chairperson shall preside at all meetings of the interstate commission. The officers so elected shall serve without compensation or remuneration from the interstate commission; provided that, subject to the availability of budgeted funds, the officers shall be reimbursed for any ordinary and necessary costs and expenses incurred by them in the performance of their duties and responsibilities as officers of the interstate commission.

(2) The interstate commission shall, through its executive committee, appoint or retain an executive director for such period, upon such terms and conditions and for such compensation as the interstate commission may deem appropriate. The executive director shall serve as secretary to the interstate commission, but shall not be a member and shall hire and supervise such other staff as may be authorized by the interstate commission.

c. *Immunity, defense, and indemnification.*

(1) The commission’s executive director and employees shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to any actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided, that any such person shall not be protected from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of any such person.

(2) The liability of any commissioner, or the employee or agent of a commissioner, acting within the scope of such person’s employment or duties for acts, errors, or omissions occurring within such person’s state may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees, and agents. Nothing in this subparagraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of any such person.

(3) The interstate commission shall defend the executive director or the employees or representatives of the interstate commission and, subject to the approval of the attorney general of the state represented by any commissioner of a compacting state, shall defend such commissioner or the commissioner’s representatives or employees in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

(4) The interstate commission shall indemnify and hold the commissioner of a compacting state, or the commissioner’s representatives or employees, or the interstate commission’s representatives or employees, harmless in the amount of any settlement or judgment obtained against such persons arising out of any actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities, or that such persons had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such persons.

6. *Article VI — Rulemaking functions of the interstate commission.*

a. The interstate commission shall promulgate and publish rules in order to effectively and efficiently achieve the purposes of the compact.

b. Rulemaking shall occur pursuant to the criteria set forth in this article and the bylaws and rules adopted pursuant thereto. Such rulemaking shall substantially conform to the principles of the model state administrative procedures Act, 1981 Act, Uniform Laws Annotated, Vol. 15, p.1 (2000), or such other administrative procedures act, as the interstate commission deems appropriate consistent with due process requirements under the Constitution of the United States as now or hereafter interpreted by the United States supreme court. All rules and amendments shall become binding as of the date specified, as published with the final version of the rule as approved by the commission.

c. When promulgating a rule, the interstate commission shall, at a minimum, do all of the following:

- (1) Publish the proposed rule's entire text stating the reasons for that proposed rule.
- (2) Allow and invite any and all persons to submit written data, facts, opinions, and arguments, which information shall be added to the record, and be made publicly available.
- (3) Provide an opportunity for an informal hearing if petitioned by ten or more persons.
- (4) Promulgate a final rule and its effective date, if appropriate, based on input from state or local officials, or interested parties.

d. Allow, not later than sixty days after a rule is promulgated, any interested person to file a petition in the United States district court for the District of Columbia or in the federal district court where the interstate commission's principal office is located for judicial review of such rule. If the court finds that the interstate commission's action is not supported by substantial evidence in the rulemaking record, the court shall hold the rule unlawful and set it aside. For purposes of this lettered paragraph, evidence is substantial if it would be considered substantial evidence under the model state administrative procedures Act.

e. If a majority of the legislatures of the compacting states rejects a rule, those states may, by enactment of a statute or resolution in the same manner used to adopt the compact, cause that such rule shall have no further force and effect in any compacting state.

f. The existing rules governing the operation of the interstate compact on juveniles superseded by this compact shall be null and void twelve months after the first meeting of the interstate commission created hereunder.

g. Upon determination by the interstate commission that a state of emergency exists, it may promulgate an emergency rule which shall become effective immediately upon adoption, provided that the usual rulemaking procedures provided hereunder shall be retroactively applied to said rule as soon as reasonably possible, but no later than ninety days after the effective date of the emergency rule.

7. *Article VII — Oversight, enforcement, and dispute resolution by the interstate commission.*

a. *Oversight.*

(1) The interstate commission shall oversee the administration and operations of the interstate movement of juveniles subject to this compact in the compacting states and shall monitor such activities being administered in noncompacting states which may significantly affect compacting states.

(2) The courts and executive agencies in each compacting state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall be received by all the judges, public officers, commissions, and departments of the state government as evidence of the authorized statute and administrative rules. All courts shall take judicial notice of the compact and the rules. In any judicial or administrative proceeding in a compacting state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the interstate commission, it shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes.

(3) The interstate commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact using any or all means set forth in article XI of this compact.

8. *Article VIII — Finance.*

a. The interstate commission shall pay or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities.

b. The interstate commission shall levy on and collect an annual assessment from each compacting state to cover the cost of the internal operations and activities of the interstate commission and its staff which must be in a total amount sufficient to cover the interstate commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the interstate commission, taking into consideration the population of each compacting state and the volume of interstate movement of juveniles in each compacting state and shall promulgate a rule binding upon all compacting states which governs said assessment.

c. The interstate commission shall not incur any obligations of any kind prior to securing the funds adequate to meet the same; nor shall the interstate commission pledge the credit of any of the compacting states, except by and with the authority of the compacting state.

d. The interstate commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the interstate commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the interstate commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the interstate commission.

9. *Article IX — The state council.* Each member state shall create a state council for interstate juvenile supervision. While each state may determine the membership of its own state council, its membership must include at least one representative from the legislative, judicial, and executive branches of government, victims groups, and the compact administrator, deputy compact administrator, or designee. Each compacting state retains the right to determine the qualifications of the compact administrator or deputy compact administrator. Each state council will advise and may exercise oversight and advocacy concerning that state's participation in interstate commission activities and other duties as may be determined by that state, including but not limited to development of policy concerning operations and procedures of the compact within that state.

10. *Article X — Compacting states, effective date, and amendment.*

b. The compact shall become effective and binding upon legislative enactment of the compact into law by no less than thirty-five of the states. The initial effective date shall be the later of July 1, 2004, or upon enactment into law by the thirty-fifth jurisdiction. Thereafter it shall become effective and binding as to any other compacting state upon enactment of the compact into law by that state. The governors of nonmember states or their designees shall be invited to participate in the activities of the interstate commission on a nonvoting basis prior to adoption of the compact by all states and territories of the United States.

c. The interstate commission may propose amendments to the compact for enactment by the compacting states. No amendment shall become effective and binding upon the interstate commission and the compacting states unless and until it is enacted into law by unanimous consent of the compacting states.

11. *Article XI — Withdrawal, default, termination, and judicial enforcement.*

*a. Withdrawal.*

(1) Once effective, the compact shall continue in force and remain binding upon each and every compacting state; provided that a compacting state may withdraw from the compact by specifically repealing the statute which enacted the compact into law.

(2) The effective date of withdrawal is the effective date of the repeal.

(3) The withdrawing state shall immediately notify the chairperson of the interstate commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The interstate commission shall notify the other compacting states of the withdrawing state's intent to withdraw within sixty days of its receipt thereof.

(4) The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal.

(5) Reinstatement following withdrawal of any compacting state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the interstate commission.

*b. Technical assistance, fines, suspension, termination, and default.*

(1) If the interstate commission determines that any compacting state has at any time defaulted in the performance of any of its obligations or responsibilities under this compact, or the bylaws or duly promulgated rules, the interstate commission may impose any or all of the following penalties:

(a) Remedial training and technical assistance as directed by the interstate commission.

(b) Alternative dispute resolution.

(c) Fines, fees, and costs in such amounts as are deemed to be reasonable as fixed by the interstate commission.

(d) Suspension or termination of membership in the compact, which shall be imposed only after all other reasonable means of securing compliance under the bylaws and rules have been exhausted and the interstate commission has therefore determined that the offending state is in default. Immediate notice of suspension shall be given by the interstate commission to the governor, the chief justice or the chief judicial officer of the state, the majority and minority leaders of the defaulting state's legislature, and the state council.

(2) The grounds for default include, but are not limited to, failure of a compacting state to perform such obligations or responsibilities imposed upon it by this compact, the bylaws or duly promulgated rules, and any other grounds designated in commission bylaws and rules.

(3) The interstate commission shall immediately notify the defaulting state in writing of the penalty imposed by the interstate commission and of the default pending a cure of the default. The commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the compacting states and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of termination.

(4) Within sixty days of the effective date of termination of a defaulting state, the commission shall notify the governor, the chief justice or chief judicial officer, the majority and minority leaders of the defaulting state's legislature, and the state council of such termination.

(5) The defaulting state is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination including any obligations, the performance of which extends beyond the effective date of termination.

(6) The interstate commission shall not bear any costs relating to the defaulting state unless otherwise mutually agreed upon in writing between the interstate commission and the defaulting state.

(7) Reinstatement following termination of any compacting state requires both a reenactment of the compact by the defaulting state and the approval of the interstate commission pursuant to the rules.

*c. Judicial enforcement.* The interstate commission may, by majority vote of the members, initiate legal action in the United States district court for the District of Columbia

or, at the discretion of the interstate commission, in the federal district where the interstate commission has its offices, to enforce compliance with the provisions of the compact, its duly promulgated rules and bylaws, against any compacting state in default. In the event judicial enforcement is necessary the prevailing party shall be awarded all costs of such litigation including reasonable attorney fees.

*d. Dissolution of compact.*

(1) The compact dissolves effective upon the date of the withdrawal or default of the compacting state, which reduces membership in the compact to one compacting state.

(2) Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the interstate commission shall be concluded and any surplus funds shall be distributed in accordance with the bylaws.

*12. Article XII — Severability and construction.*

*a.* The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

*b.* The provisions of this compact shall be liberally construed to effectuate its purposes.

*13. Article XIII — Binding effect of compact and other laws.*

*a. Other laws.*

(1) Nothing in this compact prevents the enforcement of any other law of a compacting state that is not inconsistent with this compact.

(2) All compacting states' laws other than state constitutions and other interstate compacts conflicting with this compact are superseded to the extent of the conflict.

*b. Binding effect of the compact.*

(1) All lawful actions of the interstate commission, including all rules and bylaws promulgated by the interstate commission, are binding upon the compacting states.

(2) All agreements between the interstate commission and the compacting states are binding in accordance with their terms.

(3) Upon the request of a party to a conflict over meaning or interpretation of interstate commission actions, and upon a majority vote of the compacting states, the interstate commission may issue advisory opinions regarding such meaning or interpretation.

(4) In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by such provision upon the interstate commission shall be ineffective and such obligations, duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which such obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this compact becomes effective.

### **232.183 Dispositional hearing.**

1. Following an entry of an initial determination order pursuant to section 232.182, the court shall hold a dispositional hearing in order to determine the future status of the child based on the child's best interests. Notice of the hearing shall be given to the child and the child's parent, guardian, or custodian, and the department.

2. The dispositional hearing shall be held within twelve months of the date the child was placed in foster care.

3. A dispositional hearing is open to the public unless the court, on the motion of any of the parties or upon the court's own motion, excludes the public. The court shall exclude the public from a hearing if the court determines that the possibility of damage or harm to the child outweighs the public's interest in having an open hearing. Upon closing the hearing to the public, the court may admit those persons who have direct interest in the case or in the work of the court.

4. The hearing shall be informal and all relevant and material evidence shall be admitted.

5. Following the hearing, the court shall issue a dispositional order. The dispositional orders which the court may enter, subject to its continuing jurisdiction, are as follows:

a. An order that the child's voluntary placement shall be terminated and the child returned to the child's home and provided with available services and support needed for the child to remain in the home.

b. An order that the child's voluntary placement may continue if the department and the child's parent or guardian continue to agree to the voluntary placement.

c. If the court finds that the child's parent, guardian, or custodian has failed to fulfill responsibilities outlined in the case permanency plan, an order that the child remain in foster care and that the county attorney or department file, within three days, a petition alleging the child to be a child in need of assistance.

d. If the child is fourteen years of age or older, the order shall specify the services needed to assist the child in preparing for the transition from foster care to adulthood. If the child has a case permanency plan, the court shall consider the written transition plan of services and needs assessment developed for the child's case permanency plan. If the child does not have a case permanency plan containing the transition plan and needs assessment at the time the order is entered, the transition plan and needs assessment shall be developed and submitted for the court's consideration no later than six months from the date of the transfer order. The court shall modify the initial transfer order as necessary to specify the services needed to assist the child in preparing for the transition from foster care to adulthood. If the transition plan identifies services or other support needed to assist the child in transitioning from foster care to adulthood and the court deems it to be beneficial to the child, the court may authorize the individual who is the child's guardian ad litem or court appointed special advocate to continue a relationship with and provide advice to the child for a period of time beyond the child's eighteenth birthday.

6. With respect to each child whose placement was approved pursuant to subsection 5, the court shall continue to hold periodic dispositional hearings. The hearings shall not be waived or continued beyond twelve months following the last dispositional hearing. After a dispositional hearing, the court shall enter one of the dispositional orders authorized under subsection 5.

DIVISION XII  
JUVENILE JUSTICE REFORM

**232.187 Regional out-of-state placement committees.** Repealed by 93 Acts, ch 172, §48, 56.

**232.188 Decategorization of child welfare and juvenile justice funding initiative.**

1. *Definitions.* For the purposes of this section, unless the context otherwise requires:

a. “*Decategorization governance board*” or “*governance board*” means the group that enters into and implements a decategorization project agreement.

b. “*Decategorization project*” means the county or counties that have entered into a decategorization agreement to implement the decategorization initiative in the county or multicounty area covered by the agreement.

c. “*Decategorization services funding pool*” or “*funding pool*” means the funding designated for a decategorization project from all sources.

2. *Purpose.* The decategorization of the child welfare and juvenile justice funding initiative is intended to establish a system of delivering human services based upon client needs to replace a system based upon a multitude of categorical programs and funding sources, each with different service definitions and eligibility requirements. The purposes of the decategorization initiative include but are not limited to redirecting child welfare and juvenile justice funding to services which are more preventive, family-centered, and community-based in order to reduce use of restrictive approaches which rely upon institutional, out-of-home, and out-of-community services.

3. *Implementation.*

a. Implementation of the initiative shall be through creation of decategorization projects. A project shall consist of either a single county or a group of counties interested in jointly implementing the initiative. Representatives of the department, juvenile court services, and county government shall develop a project agreement to implement the initiative within a project.

b. The initiative shall include community planning activities in the area covered by a project. As part of the community planning activities, the department shall partner with other community stakeholders to develop service alternatives that provide less restrictive levels of care for children and families receiving services from the child welfare and juvenile justice systems within the project area.

c. The decategorization initiative shall not be implemented in a manner that limits the legal rights of children and families to receive services.

4. *Governance board.*

a. In partnership with an interested county or group of counties which has demonstrated the commitment and involvement of the affected county department, or departments, of human services, the juvenile justice system within the project area, and board, or boards, of supervisors in order to form a decategorization project, the department shall develop a process for combining specific state and state-federal funding categories into a decategorization services funding pool for that project. A decategorization project shall be implemented by a decategorization governance board. The decategorization governance board shall develop specific, quantifiable short-term and long-term plans for enhancing the family-centered and community-based services and reducing reliance upon out-of-community care in the project area.

b. The department shall work with the decategorization governance boards to best coordinate planning activities and most effectively target funding resources. A departmental service area manager shall work with the decategorization governance boards in that service area to support board planning and service development activities and to promote the most effective alignment of resources.

c. A decategorization governance board shall coordinate the project’s planning and budgeting activities with the departmental service area manager for the county or counties

comprising the project area and the early childhood Iowa area board or boards for the early childhood Iowa area or areas within which the decategorization project is located.

5. *Funding pool.*

a. The governance board for a decategorization project has authority over the project's decategorization services funding pool and shall manage the pool to provide more flexible, individualized, family-centered, preventive, community-based, comprehensive, and coordinated service systems for children and families served in that project area. A funding pool shall also be used for child welfare and juvenile justice systems enhancements.

b. Notwithstanding section 8.33, moneys designated for a project's decategorization services funding pool that remain unencumbered or unobligated at the close of the fiscal year shall not revert but shall remain available for expenditure as directed by the project's governance board for child welfare and juvenile justice systems enhancements and other purposes of the project for the next two succeeding fiscal years. Such moneys shall be known as "*carryover funding*". Moneys may be made available to a funding pool from one or more of the following sources:

- (1) Funds designated for the initiative in a state appropriation.
- (2) Child welfare and juvenile justice services funds designated for the initiative by a departmental service area manager.
- (3) Juvenile justice program funds designated for the initiative by a chief juvenile court officer.
- (4) Carryover funding.
- (5) Any other source designating moneys for the funding pool.

c. The services and activities funded from a project's funding pool may vary depending upon the strategies selected by the project's governance board and shall be detailed in an annual child welfare and juvenile justice decategorization services plan developed by the governance board. A decategorization governance board shall involve community representatives and county organizations in the development of the plan for that project's funding pool. In addition, the governance board shall coordinate efforts through communication with the appropriate departmental service area manager regarding budget planning and decategorization service decisions.

d. A decategorization governance board is responsible for ensuring that decategorization services expenditures from that project's funding pool do not exceed the amount of funding available. If necessary, the governance board shall reduce expenditures or discontinue specific services as necessary to manage within the funding pool resources available for a fiscal year.

e. The annual child welfare and juvenile justice decategorization services plan developed for use of the funding pool by a decategorization governance board shall be submitted to the department administrator of child welfare services and the early childhood Iowa state board. In addition, the decategorization governance board shall submit an annual progress report to the department administrator and the early childhood Iowa state board which summarizes the progress made toward attaining the objectives contained in the plan. The progress report shall serve as an opportunity for information sharing and feedback.

6. *Departmental role.* A departmental service area's share of the child welfare appropriation that is not allocated by law for the decategorization initiative shall be managed by and is under the authority of the service area manager. A service area manager is responsible for meeting the child welfare service needs in the counties comprising the service area with the available funding resources.

#### **232B.1 Short title.**

This chapter shall be known and may be cited as the “*Iowa Indian Child Welfare Act*”.  
2003 Acts, ch 153, §2

#### **232B.2 Purpose — policy of state.**

The purpose of the Iowa Indian child welfare Act is to clarify state policies and procedures regarding implementation of the federal Indian Child Welfare Act, Pub. L. No. 95-608, as codified in 25 U.S.C. ch. 21. It is the policy of the state to cooperate fully with Indian tribes and tribal citizens in Iowa in order to ensure that the intent and provisions of the federal Indian Child Welfare Act are enforced. This cooperation includes recognition by the state that Indian tribes have a continuing and compelling governmental interest in an Indian child whether or not the child is in the physical or legal custody of an Indian parent, Indian custodian, or an Indian extended family member at the commencement of a child custody proceeding or the child has resided or domiciled on an Indian reservation. The state is committed to protecting the essential tribal relations and best interest of an Indian child by promoting practices, in accordance with the federal Indian Child Welfare Act and other applicable law, designed to prevent the child’s voluntary or involuntary out-of-home placement and, whenever such placement is necessary or ordered, by placing the child, whenever possible, in a foster home, adoptive home, or other type of custodial placement that reflects the unique values of the child’s tribal culture and is best able to assist the child in establishing, developing, and maintaining a political, cultural, and social relationship with the child’s tribe and tribal community.

14. “*Reservation*” means Indian country as defined in 18 U.S.C. §1151 or land that is not covered under that definition but the title to which is either held by the United States in trust for the benefit of an Indian tribe or Indian person or held by an Indian tribe or Indian person subject to a restriction by the United States against alienation.

#### **232B.4 Application of chapter — determination of Indian status.**

1. This chapter applies to child custody proceedings involving an Indian child whether the child is in the physical or legal custody of an Indian parent, Indian custodian, or an Indian extended family member or another person at the commencement of the proceedings or whether the child has resided or domiciled on or off an Indian reservation.

2. The court shall require a party seeking the foster care placement of, termination of parental rights over, or the adoption of, an Indian child to seek to determine whether the child is an Indian child through contact with any Indian tribe in which the child may be a member or eligible for membership, the child’s parent, any person who has custody of the child or with whom the child resides, and any other person that reasonably can be expected to have information regarding the child’s possible membership or eligibility for membership in an Indian tribe, including but not limited to the United States department of the interior.

3. A written determination by an Indian tribe that a child is a member of or eligible for membership in that tribe, or testimony attesting to such status by a person authorized by the tribe to provide that determination, shall be conclusive. A written determination by an Indian tribe, or testimony by a person authorized by the tribe to provide that determination or testimony, that a child is not a member of or eligible for membership in that tribe shall be conclusive as to that tribe. If an Indian tribe does not provide evidence of the child’s status as an Indian child, the court shall determine the child’s status.

4. The determination of the Indian status of a child shall be made as soon as practicable in order to serve the best interest of the child and to ensure compliance with the notice requirements of this chapter.

2003 Acts, ch 153, §5

#### **232B.5 Indian child custody proceedings — jurisdiction — notice — transfer of proceedings.**

1. An Indian tribe has jurisdiction exclusive as to this state over any child custody proceeding held in this state involving an Indian child who resides or is domiciled within the reservation of that tribe, except when the jurisdiction is otherwise vested in this state by existing federal law. If an Indian child is a ward of a tribal court, the Indian tribe shall retain exclusive jurisdiction, notwithstanding the residence or domicile of the child.

2. The federal Indian Child Welfare Act and this chapter are applicable without exception in any child custody proceeding involving an Indian child. A state court does not have discretion to determine the applicability of the federal Indian Child Welfare Act or this

chapter to a child custody proceeding based upon whether an Indian child is part of an existing Indian family.

3. In a child custody proceeding, the court or any party to the proceeding shall be deemed to know or have reason to know that an Indian child is involved whenever any of the following circumstances exist:

a. A party to the proceeding or the court has been informed by any interested person, an officer of the court, a tribe, an Indian organization, a public or private agency, or a member of the child's extended family that the child is or may be an Indian child.

b. The child who is the subject of the proceeding gives the court reason to believe the child is an Indian child.

c. The court or a party to the proceeding has reason to believe the residence or domicile of the child is in a predominantly Indian community.

4. In any involuntary child custody proceeding, including review hearings following an adjudication, the court shall establish in the record that the party seeking the foster care placement of, or termination of parental rights over, or the adoption of an Indian child has sent notice by registered mail, return receipt requested, to all of the following:

a. The child's parents.

b. The child's Indian custodians.

c. Any tribe in which the child may be a member or eligible for membership.

5. If the identity or location of the child's parent, Indian custodian, or tribe cannot be determined, the notice under subsection 4 shall be provided to the secretary of the interior, who shall have fifteen days after receipt of the notice to provide the notice to the child's parent, Indian custodian, and tribe. A foster care placement or termination of parental rights proceeding involving the child shall not be held until at least ten days after receipt of notice by the child's parent, Indian custodian, and tribe, or the secretary of the interior. Upon request, the child's parent or Indian custodian or tribe shall be granted up to twenty additional days after receipt of the notice to prepare for the proceeding.

6. The court shall also establish in the record that a notice of any involuntary custody proceeding has been sent to the Indian child's tribe. The tribe may provide notice of the proceeding to any of the child's extended family members.

7. The notice in any involuntary child custody proceeding involving an Indian child shall be written in clear and understandable language and shall include all of the following information:

a. The name and tribal affiliation of the Indian child.

b. A copy of the petition by which the proceeding was initiated.

c. A statement listing the rights of the child's parents, Indian custodians, and tribes and, if applicable, the rights of the Indian child's family. The rights shall include all of the following:

(1) The right to intervene in the proceeding.

(2) The right to petition the court to transfer the proceeding to the tribal court of the Indian child's tribe.

(3) The right to be granted up to an additional twenty days from the receipt of the notice to prepare for the proceeding.

(4) The right to request that the court grant further extensions of time.

(5) In the case of an extended family member, the right to intervene and be considered as a preferred placement for the child.

d. A statement of the potential legal consequences of an adjudication on the future custodial rights of the child's parents or Indian custodians.

e. A statement that if the parents or Indian custodians are unable to afford counsel in an involuntary proceeding, counsel will be appointed to represent the parents or custodians.

f. A statement that the court may appoint counsel for the child upon a finding that the appointment is in the best interest of the child.

g. A statement that the information contained in the notice, petition, pleading, and other court documents is confidential.

h. A statement that the child's tribe may provide notice of the proceeding to any of the child's extended family members along with copies of other related documents.

8. In a voluntary child custody proceeding involving an Indian child, including but not

limited to a review hearing, the court shall establish in the record that the party seeking the foster care placement of, termination of parental rights to, or the permanent placement of, an Indian child has sent notice at least ten days prior to the hearing by registered mail, return receipt requested, to all of the following:

a. The child's parents, except for a parent whose parental rights have been terminated.

b. The child's Indian custodians, except for a custodian whose parental or Indian custodian rights have been terminated.

c. Any tribe in which the child may be a member or eligible for membership.

b. A copy of the petition by which the proceeding was initiated.

c. A statement listing the rights of the child's parents, Indian custodians, Indian tribe or tribes, and, if applicable, extended family members. The rights shall include all of the following:

(1) The right to intervene in the proceeding.

(2) The right to petition the court to transfer a foster care placement or termination of parental rights proceeding to the tribal court of the Indian child's tribe.

(3) In the case of extended family members, the right to intervene and be considered as a preferred placement for the child.

d. A statement that the information contained in the notice, petition, pleading, and any other court document shall be kept confidential.

e. A statement that the child's tribe may provide notice of the proceeding to any of the child's extended family members along with copies of other related documents.

10. Unless either of an Indian child's parents objects, in any child custody proceeding involving an Indian child who is not domiciled or residing within the jurisdiction of the Indian child's tribe, the court shall transfer the proceeding to the jurisdiction of the Indian child's tribe, upon the petition of any of the following persons:

a. Either of the child's parents.

b. The child's Indian custodian.

c. The child's tribe.

11. Notwithstanding entry of an objection to a transfer of proceedings as described in subsection 10, the court shall reject any objection that is inconsistent with the purposes of this chapter, including but not limited to any objection that would prevent maintaining the vital relationship between Indian tribes and the tribes' children and would interfere with the policy that the best interest of an Indian child require that the child be placed in a foster or adoptive home that reflects the unique values of Indian culture.

12. A transfer of proceedings under subsection 10 may be declined by the tribal court of the Indian child's tribe. If the tribal court declines to assume jurisdiction, the state court shall reassume jurisdiction and shall apply all of the following in any proceeding:

a. The requirements of the federal Indian Child Welfare Act.

b. This chapter.

c. The applicable provisions of any agreement between the Indian child's tribe and the state concerning the welfare, care, and custody of Indian children.

13. If a petition to transfer proceedings as described in subsection 10 is filed, the court shall find good cause to deny the petition only if one or more of the following circumstances are shown to exist:

a. The tribal court of the child's tribe declines the transfer of jurisdiction.

b. The tribal court does not have subject matter jurisdiction under the laws of the tribe or federal law.

c. Circumstances exist in which the evidence necessary to decide the case cannot be presented in the tribal court without undue hardship to the parties or the witnesses, and the tribal court is unable to mitigate the hardship by making arrangements to receive and consider the evidence or testimony by use of remote communication, by hearing the

evidence or testimony at a location convenient to the parties or witnesses, or by use of other means permitted in the tribal court's rules of evidence or discovery.

d. An objection to the transfer is entered in accordance with subsection 10.

14. The Indian child's tribe or tribes and Indian custodian have the right to intervene at any point in any foster care placement or termination of parental rights proceeding involving the child. The Indian child's tribe shall also have the right to intervene at any point in any adoption proceeding involving the child. Any member of the Indian child's family may intervene in an adoption proceeding involving the child for the purpose of petitioning the court for the adoptive placement of the child in accordance with the order of preference provided for in this chapter.

15. The state shall give full faith and credit to the public acts, records, judicial proceedings, and judgments of any Indian tribe applicable to the Indian child custody proceedings.

16. In any proceeding in which the court determines indigency of the Indian child's parent or Indian custodian, the parent or Indian custodian shall have the right to court-appointed counsel in any removal, placement, or termination of parental rights. The child shall also have the right to court-appointed counsel in any removal, placement, termination of parental rights, or other permanency proceedings.

17. Each party to a foster care placement or termination of parental rights proceeding involving an Indian child shall have the right to examine all reports or other documents filed with the court upon which any decision with respect to the proceeding may be based.

18. Any person or court involved in the foster care, preadoptive placement, or adoptive placement of an Indian child shall use the services of the Indian child's tribe or tribes, whenever available through the tribe or tribes, in seeking to secure placement within the order of placement preference established in section 232B.9 and in the supervision of the placement.

19. A party seeking an involuntary foster care placement of or termination of parental rights over an Indian child shall provide evidence to the court that active efforts have been made to provide remedial services and rehabilitative programs designed to prevent the breakup of the Indian family and that these efforts have proved unsuccessful. The court shall not order the placement or termination, unless the evidence of active efforts shows there has been a vigorous and concerted level of casework beyond the level that typically constitutes reasonable efforts as defined in sections 232.57 and 232.102. Reasonable efforts shall not be construed to be active efforts. The active efforts must be made in a manner that takes into account the prevailing social and cultural values, conditions, and way of life of the Indian child's tribe. Active efforts shall utilize the available resources of the Indian child's extended family, tribe, tribal and other Indian social service agencies, and individual Indian caregivers. Active efforts shall include but are not limited to all of the following:

a. A request to the Indian child's tribe to convene traditional and customary support and resolution actions or services.

b. Identification and participation of tribally designated representatives at the earliest point.

c. Consultation with extended family members to identify family structure and family support services that may be provided by extended family members.

d. Frequent visitation in the Indian child's home and the homes of the child's extended family members.

e. Exhaustion of all tribally appropriate family preservation alternatives.

f. Identification and provision of information to the child's family concerning community resources that may be able to offer housing, financial, and transportation assistance and actively assisting the family in accessing the community resources.

20. The state of Iowa recognizes that an Indian tribe may contract with another Indian tribe for supervision regarding placement, case management, and the provision of services to an Indian child.

2003 Acts, ch 153, §6

**232B.6 Emergency removal of Indian child — foster care placement — termination of parental rights.**

1. This chapter shall not be construed to prevent the emergency removal of an Indian child who is a resident of or is domiciled on an Indian reservation, but is temporarily located off the reservation, or is away from the child's parent or Indian custodian, or the emergency placement of such child in a foster home or institution, under applicable state law, in order to prevent imminent physical damage or harm to the child. In a case of emergency removal of an Indian child, regardless of residence or domicile of the child, the state shall ensure that the emergency removal or placement terminates immediately when the removal or placement is no longer necessary to prevent imminent physical damage or harm to the child and shall expeditiously initiate a child custody proceeding subject to the provisions of this chapter, transfer the child to the jurisdiction of the appropriate Indian tribe, or restore the child to the child's parent or Indian custodian, as may be appropriate.

2. Within three business days following the issuance of an order of emergency removal or placement of an Indian child, the court issuing the order shall notify the Indian child's tribe of the emergency removal or placement by registered mail, return receipt requested. The notice shall include the court order, the petition, if applicable, any information required by this chapter, and a statement informing the child's tribe of the tribe's right to intervene in the proceeding.

3. A motion, application, or petition commencing an emergency or temporary removal under section 232.79 or 232.95 or foster care placement proceeding under chapter 232 involving an Indian child shall be accompanied by all of the following:

a. An affidavit containing the names, tribal affiliations, and addresses of the Indian child, and of the child's parents and Indian custodians.

b. A specific and detailed account of the circumstances supporting the removal of the child.

c. All reports or other documents from each public or private agency involved with the emergency or temporary removal that are filed with the court and upon which any decision may be based. The reports shall include all of the following information, when available:

(1) The name of each agency.

(2) The names of agency administrators and professionals involved in the removal.

(3) A description of the emergency justifying the removal of the child.

(4) All observations made and actions taken by the agency.

(5) The date, time, and place of each such action.

(6) The signatures of all agency personnel involved.

(7) A statement of the specific actions taken and to be taken by each involved agency to effectuate the safe return of the child to the custody of the child's parent or Indian custodian.

4. An emergency removal or placement of an Indian child shall immediately terminate, and any court order approving the removal or placement shall be vacated, when the removal or placement is no longer necessary to prevent imminent physical damage or harm to the child. In no case shall an emergency removal or placement order remain in effect for more than fifteen days unless, upon a showing that continuation of the order is necessary to prevent imminent physical damage or harm to the child, the court extends the order for a period not to exceed an additional thirty days. If the Indian child's tribe has been identified, the court shall notify the tribe of the date and time of any hearing scheduled to determine whether to extend an emergency removal or placement order.

5. Upon termination of the emergency removal or placement order, the child shall immediately be returned to the custody of the child's parent or Indian custodian unless any of the following circumstances exist:

a. The child is transferred to the jurisdiction of the child's tribe.

b. In an involuntary foster care placement proceeding pursuant to the federal Indian Child Welfare Act, the court orders that the child shall be placed in foster care upon a determination, supported by clear and convincing evidence, including testimony by qualified expert witnesses, that custody of the child by the child's parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

c. The child's parent or Indian custodian voluntarily consents to the foster care placement of the child pursuant to the provisions of the federal Indian Child Welfare Act.

6. a. Termination of parental rights over an Indian child shall not be ordered in the absence of a determination, supported by evidence beyond a reasonable doubt, including the testimony of qualified expert witnesses, that the continued custody of the child by the child's parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

b. Foster care placement of an Indian child shall not be ordered in the absence of a determination, supported by clear and convincing evidence, including the testimony of qualified expert witnesses, that the continued custody of the child by the child's parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

2003 Acts, ch 153, §7

### **232B.7 Parental rights — voluntary termination or foster care placement.**

1. If an Indian child's parent or Indian custodian voluntarily consents to a foster care placement of the child or to termination of parental rights, the consent shall not be valid unless executed in writing and recorded before a judge of a court of competent jurisdiction and accompanied by the judge's certificate that the terms and consequences of the consent were fully explained in detail and were fully understood by the parent or Indian custodian. The court shall also certify that either the parent or Indian custodian fully understood the explanation in English or that it was interpreted into a language that the parent or Indian custodian understood. Notwithstanding section 600A.4 or any other provision of law, any consent for release of custody given prior to, or within ten days after, the birth of the Indian child shall not be valid.

2. An Indian child's parent or Indian custodian may withdraw consent to a foster care placement at any time and, upon the withdrawal of consent, the child shall be returned to the parent or Indian custodian.

3. In a voluntary proceeding for termination of parental rights to, or adoptive placement of, an Indian child, the consent of the parent may be withdrawn for any reason at any time prior to the entry of a final decree of termination or adoption, as the case may be, and the child shall be returned to the parent.

4. After the entry of a final decree of adoption of an Indian child, the parent may withdraw consent to the adoption upon the grounds that consent was obtained through fraud or duress and may petition the court to vacate the decree. Upon a finding that such consent was obtained through fraud or duress, the court shall vacate the decree and return the child to the parent. However, an adoption which has been effective for at least two years shall not be invalidated under the provisions of this subsection unless otherwise permitted under state law.

2003 Acts, ch 153, §8

### **232B.8 Return of custody — improper removal of child from custody — protection of rights of parent or Indian custodian.**

1. If a final decree of adoption of an Indian child has been vacated or set aside or the adoptive parents voluntarily consent to the termination of their parental rights to the child, a biological parent or prior Indian custodian may petition for return of custody and the court shall grant the petition unless there is a showing, in a proceeding subject to the provisions of this chapter, that the return of custody is not in the best interest of the child.

2. If an Indian child is removed from a foster care home or institution for the purpose of further foster care, preadoptive, or adoptive placement, the placement shall be in accordance with the provisions of this chapter, except when an Indian child is being returned to the parent or Indian custodian from whose custody the child was originally removed.

3. If a petitioner in an Indian child custody proceeding before a state court has improperly removed the child from the custody of the parent or Indian custodian or has improperly retained custody after a visit or other temporary relinquishment of custody, the court shall decline jurisdiction over the petition and shall immediately return the child to the child's

parent or Indian custodian unless returning the child to the parent or Indian custodian would subject the child to a substantial and immediate danger or threat of such danger.

4. If another state or federal law applicable to a child custody proceeding held under state or federal law provides a higher standard of protection to the rights of the parent or Indian custodian of an Indian child than the rights provided under this chapter, the court shall apply the higher standard.

2003 Acts, ch 153, §9

#### **232B.9 Placement preferences.**

1. In any adoptive or other permanent placement of an Indian child, preference shall be given to a placement with one of the following, in descending priority order:

- a. A member of the Indian child's family.
- b. Other members of the Indian child's tribe.
- c. Another Indian family.
- d. A non-Indian family approved by the Indian child's tribe.
- e. A non-Indian family that is committed to enabling the child to have extended family visitation and participation in the cultural and ceremonial events of the child's tribe.

2. An emergency removal, foster care, or preadoptive placement of an Indian child shall be in the least restrictive setting which most approximates a family situation and in which the child's special needs, if any, may be met. The child shall also be placed within reasonable proximity to the child's home, taking into account any special needs of the child. In any foster care or preadoptive placement, a preference shall be given to the child's placement with one of the following, in descending priority order:

- a. A member of the child's extended family.
- b. A foster home licensed, approved, or specified by the child's tribe.
- c. An Indian foster home licensed or approved by an authorized non-Indian licensing authority.
- d. A child foster care agency approved by an Indian tribe or operated by an Indian organization which has a program suitable to meet the Indian child's needs.
- e. A non-Indian child foster care agency approved by the child's tribe.
- f. A non-Indian family committed to enabling the child to have extended family visitation and participation in the cultural and ceremonial events of the child's tribe.

3. To the greatest possible extent, a placement made in accordance with subsection 1 or 2 shall be made in the best interest of the child.

4. An adoptive placement of an Indian child shall not be ordered in the absence of a determination, supported by clear and convincing evidence including the testimony of qualified expert witnesses, that the placement of the child is in the best interest of the child.

5. Notwithstanding the placement preferences listed in subsections 1 and 2, if a different order of placement preference is established by the child's tribe or in a binding agreement between the child's tribe and the state entered into pursuant to section 232B.11, the court or agency effecting the placement shall follow the order of preference established by the tribe or in the agreement.

6. As appropriate, the placement preference of the Indian child or parent shall be considered. In applying the preferences, a consenting parent's request for anonymity shall also be given weight by the court or agency effecting the placement. Unless there is clear and convincing evidence that placement within the order of preference applicable under subsection 1, 2, or 5 would be harmful to the Indian child, consideration of the preference of the Indian child or parent or a parent's request for anonymity shall not be a basis for placing an Indian child outside of the applicable order of preference.

7. The prevailing social and cultural standards of the Indian community in which the parent or extended family members of an Indian child reside, or with which such parent or extended family members maintain social and cultural ties, or the prevailing social and cultural standards of the Indian child's tribe shall be applied in qualifying any placement having a preference under this section. A determination of the applicable prevailing social and cultural standards shall be confirmed by the testimony or other documented support of qualified expert witnesses.

8. A record of each foster care placement, emergency removal, preadoptive placement, or adoptive placement of an Indian child, under the laws of this state, shall be maintained in perpetuity by the department of human services in accordance with section 232B.13. The record shall document the active efforts to comply with the applicable order of preference specified in this section.

9. The state of Iowa recognizes the authority of Indian tribes to license foster homes and to license agencies to receive children for control, care, and maintenance outside of the children's own homes, or to place, receive, arrange the placement of, or assist in the placement of children for foster care or adoption. The department of human services and child-placing agencies licensed under chapter 238 may place children in foster homes and facilities licensed by an Indian tribe.

Referred to in §232B.5, 232B.12, 232B.13

### **232B.10 Qualified expert witnesses — standard of proof — change of placement.**

1. For the purposes of this chapter, unless the context otherwise requires, a “*qualified expert witness*” may include, but is not limited to, a social worker, sociologist, physician, psychologist, traditional tribal therapist and healer, spiritual leader, historian, or elder.

2. In considering whether to involuntarily place an Indian child in foster care or to terminate the parental rights of the parent of an Indian child, the court shall require that qualified expert witnesses with specific knowledge of the child's Indian tribe testify regarding that tribe's family organization and child-rearing practices, and regarding whether the tribe's culture, customs, and laws would support the placement of the child in foster care or the termination of parental rights on the grounds that continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

3. In the following descending order of preference, a qualified expert witness is a person who is one of the following:

a. A member of the child's Indian tribe who is recognized by the child's tribal community as knowledgeable regarding tribal customs as the customs pertain to family organization or child-rearing practices.

b. A member of another tribe who is formally recognized by the Indian child's tribe as having the knowledge to be a qualified expert witness.

c. A layperson having substantial experience in the delivery of child and family services to Indians, and substantial knowledge of the prevailing social and cultural standards and child-rearing practices within the Indian child's tribe.

d. A professional person having substantial education and experience in the person's professional specialty and having substantial knowledge of the prevailing social and cultural standards and child-rearing practices within the Indian child's tribe.

e. A professional person having substantial education and experience in the person's professional specialty and having extensive knowledge of the customs, traditions, and values of the Indian child's tribe as the customs, traditions, and values pertain to family organization and child-rearing practices. Prior to accepting the testimony of a qualified expert witness described in this lettered paragraph, the court shall document the efforts made to secure a qualified expert witness described in paragraphs “a”, “b”, “c”, and “d”. The efforts shall include but are not limited to contacting the Indian child's tribe's governing body, that tribe's Indian Child Welfare Act office, and the tribe's social service office.

2003 Acts, ch 153, §11; 2004 Acts, ch 1101, §29

### **232B.11 Agreements with tribes for care and custody of Indian children.**

1. The director of human services or the director's designee shall make a good faith effort to enter into agreements with Indian tribes regarding jurisdiction over child custody proceedings and the care and custody of Indian children whose tribes have land within Iowa, including but not limited to the Sac and Fox tribe, the Omaha tribe, the Ponca tribe, and the Winnebago tribe, and whose tribes have an Indian child who resides in the state of Iowa. An agreement shall seek to promote the continued existence and integrity of the

Indian tribe as a political entity and the vital interest of Indian children in securing and maintaining a political, cultural, and social relationship with their tribes. An agreement shall assure that tribal services and Indian organizations or agencies are used to the greatest extent practicable in planning and implementing any action pursuant to the agreement concerning the care and custody of Indian children. If tribal services are not available, an agreement shall assure that community services and resources developed specifically for Indian families will be used.

2. If an agreement entered into between the tribe and the department of human services pertaining to the funding of foster care placements for Indian children conflicts with any federal or state law, the state in a timely, good faith manner shall agree to amend the agreement in a way that prevents any interruption of services to eligible Indian children.

3. An agreement entered into under this section may be revoked by either party by giving one hundred eighty days' advance written notice to the other party. The revocation shall not affect any action or proceeding over which a court has already assumed jurisdiction, unless the agreement provides otherwise.

2003 Acts, ch 153, §12

Referred to in §232B.9

#### **232B.12 Payment of foster care expenses.**

1. If the department of human services has legal custody of an Indian child and that child is placed in foster care according to the placement preferences under section 232B.9 the state shall pay, subject to any applicable federal funding limitations and requirements, the cost of the foster care in the manner and to the same extent the state pays for foster care of non-Indian children, including the administrative and training costs associated with the placement. In addition, the state shall pay the other costs related to the foster care placement of an Indian child as may be provided for in an agreement entered into between a tribe and the state.

2. The department of human services may, subject to any applicable federal funding limitations and requirements and within funds appropriated for foster care services, purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state court order; and the purchase of the care is subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

2003 Acts, ch 153, §13

#### **232B.13 Records.**

1. The department of human services shall establish an automated database where a permanent record shall be maintained of every involuntary or voluntary foster care, preadoptive placement, or adoptive placement of an Indian child that is ordered by a court of this state and in which the department was involved. The automated record shall document the active efforts made to comply with the order of placement preference specified in section 232B.9. An Indian child's placement record shall be maintained in perpetuity by the department of human services and shall include but is not limited to the name, birthdate, and gender of the Indian child, and the location of the local department office that maintains the original file and documents containing the information listed in subsection 2.

2. Each county department of human services, state-licensed child-placing agency, private attorney, and medical facility involved in the involuntary or voluntary foster care placement, preadoptive placement, or adoptive placement of an Indian child shall maintain in perpetuity a record of the placement.   - b. “*Institutional health facility*” means a hospital as defined in section 135B.1, including a facility providing medical or health services that is open twenty-four hours per day, seven days per week and is a hospital emergency room or a health care facility as defined in section 135C.1.

2001 Acts, ch 67, §1, 13; 2002 Acts, ch 1119, §33; 2018 Acts, ch 1050, §1, 2

#### 233.2 Newborn infant custody release procedures.

1. a. A parent of a newborn infant may voluntarily release custody of the newborn infant by relinquishing physical custody of the newborn infant, without expressing an intent to again assume physical custody, at an institutional health facility or by authorizing another person to relinquish physical custody on the parent's behalf. If physical custody of the newborn infant is not relinquished directly to an individual on duty at the institutional health facility, the parent may take other actions to be reasonably sure that an individual on duty is aware that the newborn infant has been left at the institutional health facility. The actions may include but are not limited to making telephone contact with the institutional health facility or a 911 service.

- b. In lieu of the procedure described in paragraph “a”, a parent of a newborn infant may

make telephone contact with a 911 service and relinquish physical custody of the newborn infant, without expressing an intent to again assume physical custody, to a first responder who responds to the 911 telephone call.

c. For the purposes of this chapter and for any judicial proceedings associated with the newborn infant, a rebuttable presumption arises that the person who relinquishes physical custody at an institutional health facility or to a first responder in accordance with this section is the newborn infant's parent or has relinquished physical custody with the parent's authorization.

2. a. Unless the parent or other person relinquishing physical custody of a newborn infant clearly expresses an intent to return to again assume physical custody of the newborn infant, an individual on duty at the facility at which physical custody of the newborn infant was relinquished, or a first responder to whom physical custody of the newborn infant was relinquished, pursuant to subsection 1 shall take physical custody of the newborn infant. The individual on duty or first responder may request the parent or other person to provide the name of the parent or parents and information on the medical history of the newborn infant and the newborn infant's parent or parents. However, the parent or other person is not required to provide the names or medical history information to comply with this section. The individual on duty or first responder may perform reasonable acts necessary to protect the physical health or safety of the newborn infant. The individual on duty and the institutional health facility in which the individual was on duty and the first responder are immune from criminal or civil liability for any acts or omissions made in good faith to comply with this section.

b. If the physical custody of a newborn infant is relinquished to a first responder, the first responder shall transport the newborn infant to the nearest institutional health facility. The first responder shall provide any parental identification or medical history information to the institutional health facility.

c. If the physical custody of the newborn infant is relinquished at an institutional health facility, the state shall reimburse the institutional health facility for the institutional health facility's actual expenses in providing care to the newborn infant and in performing acts necessary to protect the physical health or safety of the newborn infant. The reimbursement shall be paid from moneys appropriated for this purpose to the department of human services.

d. If the name of the parent is unknown to the institutional health facility, the individual on duty or other person designated by the institutional health facility at which physical custody of the newborn infant was relinquished shall submit the certificate of birth report as required pursuant to section 144.14. If the name of the parent is disclosed to the institutional health facility, the facility shall submit the certificate of birth report as required pursuant to section 144.13. The department of public health shall not file the certificate of birth with the county of birth and shall otherwise maintain the confidentiality of the birth certificate in accordance with section 144.43.

3. As soon as possible after the individual on duty or first responder assumes physical custody of a newborn infant released under subsection 1, the individual or first responder shall notify the department of human services and the department shall take the actions necessary to assume the care, control, and custody of the newborn infant. The department shall immediately notify the juvenile court and the county attorney of the department's action and the circumstances surrounding the action and request an ex parte order from the juvenile court ordering, in accordance with the requirements of section 232.78, the department to take custody of the newborn infant. Upon receiving the order, the department shall take custody of the newborn infant. Within twenty-four hours of taking custody of the newborn infant, the department shall notify the juvenile court and the county attorney in writing of the department's action and the circumstances surrounding the action.

4. a. Upon being notified in writing by the department under subsection 3, the county attorney shall file a petition alleging the newborn infant to be a child in need of assistance in accordance with section 232.87 and a petition for termination of parental rights with respect to the newborn infant in accordance with section 232.111, subsection 2, paragraph "a". A hearing on a child in need of assistance petition filed pursuant to this subsection shall be held at the earliest practicable time. A hearing on a termination of parental rights petition filed

pursuant to this subsection shall be held no later than thirty days after the day the physical custody of the newborn child was relinquished in accordance with subsection 1 unless the juvenile court continues the hearing beyond the thirty days for good cause shown.

b. Notice of a petition filed pursuant to this subsection shall be provided to any known parent and others in accordance with the provisions of chapter 232 and shall be served upon any putative father registered with the state registrar of vital statistics pursuant to section 144.12A. In addition, prior to holding a termination of parental rights hearing with respect to the newborn infant, notice by publication shall be provided as described in section 600A.6, subsection 5.

5. Reasonable efforts, as defined in section 232.102, that are made in regard to the newborn infant shall be limited to the efforts made in a timely manner to finalize a permanency plan for the newborn infant.

6. An individual on duty at an institutional health facility or first responder who assumes custody of a newborn infant upon the release of the newborn infant under subsection 1 shall be provided notice of any hearing held concerning the newborn infant at the same time notice is provided to other parties to the hearing and the individual or first responder may provide testimony at the hearing.

Any money which the child receives from the United States government or any private source shall be placed in the child's account, unless a guardian of the child's property has been appointed and demands the money, in which case it shall be paid to the guardian. The account shall be maintained by the department as trustee for the child in an interest-bearing account at a reputable bank or savings association, except that if the child is residing at an institution administered by the department a limited amount of the child's funds may be maintained in a separate account, which need not be interest bearing, in the child's name at the institution. Any money held in an account in the child's name or in trust for the child under this section may be used, at the discretion of the department and subject to restrictions lawfully imposed by the United States government or other source from which the child receives the funds, for the purchase of personal incidentals, desires and comforts of the child. All of the money held for a child by the department under this section and not used in the child's behalf as authorized by law shall be promptly paid to the child or the child's parent or legal guardian upon termination of the commitment of the child to the director or the director's designee, or upon transfer or cessation of legal custody of the child by the department.

### **234.39 Responsibility for cost of services.**

1. It is the intent of this chapter that an individual receiving foster care services and the individual's parents or guardians shall have primary responsibility for paying the cost of the care and services. The support obligation established and adopted under this section shall be consistent with the limitations on legal liability established under sections 222.78 and 230.15,

and by any other statute limiting legal responsibility for support which may be imposed on a person for the cost of care and services provided by the department. The department shall notify an individual's parents or guardians, at the time of the placement of an individual in foster care, of the responsibility for paying the cost of care and services. Support obligations shall be established as follows:

a. For an individual to whom section 234.35, subsection 1, is applicable, a dispositional order of the juvenile court requiring the provision of foster care, or an administrative order entered pursuant to chapter 252C, or any order establishing paternity and support for a child in foster care, shall establish, after notice and a reasonable opportunity to be heard is provided to a parent or guardian, the amount of the parent's or guardian's support obligation for the cost of foster care provided by the department. The amount of the parent's or guardian's support obligation and the amount of support debt accrued and accruing shall be established in accordance with the child support guidelines prescribed under section 598.21B. However, the court, or the department of human services in establishing support by administrative order, may deviate from the prescribed obligation after considering a recommendation by the department for expenses related to goals and objectives of a case permanency plan as defined under section 237.15, and upon written findings of fact which specify the reason for deviation and the prescribed guidelines amount. Any order for support shall direct the payment of the support obligation to the collection services center for the use of the department's foster care recovery unit. The order shall be filed with the clerk of the district court in which the responsible parent or guardian resides and has the same force and effect as a judgment when entered in the judgment docket and lien index. The collection services center shall disburse the payments pursuant to the order and record the disbursements. If payments are not made as ordered, the child support recovery unit may certify a default to the court and the court may, on its own motion, proceed under section 598.22 or 598.23 or the child support recovery unit may enforce the judgment as allowed by law. An order entered under this paragraph may be modified only in accordance with the guidelines prescribed under section 598.21C, or under chapter 252H.

b. For an individual who is served by the department of human services under section 234.35, and is not subject to a dispositional order of the juvenile court requiring the provision of foster care, the department shall determine the obligation of the individual's parent or guardian pursuant to chapter 252C and in accordance with the child support guidelines prescribed under section 598.21B. However, the department may adjust the prescribed obligation for expenses related to goals and objectives of a case permanency plan as defined under section 237.15. An obligation determined under this paragraph may be modified only in accordance with conditions under section 598.21C, or under chapter 252H.

2. A person entitled to periodic support payments pursuant to an order or judgment entered in any action for support, who also is or has a child receiving foster care services, is deemed to have assigned to the department current and accruing support payments attributable to the child effective as of the date the child enters foster care placement, to the extent of expenditure of foster care funds. The department shall notify the clerk of the district court when a child entitled to support payments is receiving foster care services pursuant to chapter 234. Upon notification by the department that a child entitled to periodic support payments is receiving foster care services, the clerk of the district court shall make a notation of the automatic assignment in the judgment docket and lien index. The notation constitutes constructive notice of assignment. The clerk of court shall furnish the department with copies of all orders and decrees awarding support when the child is receiving foster care services. At the time the child ceases to receive foster care services, the assignment of support shall be automatically terminated. Unpaid support accrued under the assignment of support rights during the time that the child was in foster care remains due to the department up to the amount of unreimbursed foster care funds expended. The department shall notify the clerk of court of the automatic termination of the assignment. Unless otherwise specified in the support order, an equal and proportionate share of any child support awarded shall be presumed to be payable on behalf of each child subject to the order or judgment for purposes of an assignment under this section.

3. The support debt for the costs of services, for which a support obligation is established

pursuant to this section, which accrues prior to the establishment of the support debt, shall be collected, at a maximum, in the amount which is the amount of accrued support debt for the three months preceding the earlier of the following:

a. The provision by the child support recovery unit of the initial notice to the parent or guardian of the amount of the support obligation.

b. The date that the written request for a court hearing is received by the child support recovery unit as provided in section 252C.3 or 252F.3.

4. If the department makes a subsidized guardianship payment for a child, the payment shall be considered a foster care payment for purposes of child support recovery. All provisions of this and other sections, and of rules and orders adopted or entered pursuant to those sections, including for the establishment of a paternity or support order, for the amount of a support obligation, for the modification or adjustment of a support obligation, for the assignment of support, and for enforcement shall apply as if the child were receiving foster care services, or were in foster care placement, or as if foster care funds were being expended for the child. This subsection shall apply regardless of the date of placement in foster care or subsidized guardianship or the date of entry of an order, and foster care and subsidized guardianship shall be considered the same for purposes of child support recovery.

For the purposes of this section, “*corporal punishment*” means the intentional physical punishment of a foster child. A foster parent’s physical contact with the body of a foster child shall not be considered corporal punishment if the contact is reasonable and necessary under the circumstances and is not designed or intended to cause pain or if the foster parent uses reasonable force, as defined under section 704.1.

This section does not apply to a foster parent whose malicious, willful and wanton conduct causes injury or damage to a foster child or exposes the foster child to a danger caused by violation of a statute or the rules of the department of human services.

## SUBCHAPTER II

### CHILD ABUSE INFORMATION REGISTRY

Referred to in §232.68

#### **235A.12 Legislative findings and purposes.**

1. The general assembly finds and declares that a central registry is required to provide a single source for the statewide collection, maintenance, and dissemination of child abuse information. The existence of the central registry is imperative for increased effectiveness in dealing with the problem of child abuse. The general assembly also finds that vigorous protection of rights of individual privacy is an indispensable element of a fair and effective system of collecting, maintaining, and disseminating child abuse information.

2. The purposes of this section and sections 235A.13 through 235A.24 are to facilitate the identification of victims or potential victims of child abuse by making available a single, statewide source of child abuse data; to facilitate research on child abuse by making available a single, statewide source of child abuse data; and to provide maximum safeguards against the unwarranted invasions of privacy which such a registry might otherwise entail.

a. (1) Report and disposition data relating to a particular case of alleged child abuse shall be sealed ten years after the initial placement of the data in the registry unless good cause be shown why the data should remain open to authorized access. If a subsequent report of an alleged case of child abuse involving the child named in the initial data placed in the registry as the victim of abuse or a person named in the data as having abused a child is received by the department within this ten-year period, or within the period in which the person’s name is in the central registry, the data shall be sealed ten years after receipt of the subsequent report unless good cause be shown why the data should remain open to authorized access. Report and disposition data shall be made available to the department of justice if the department requests access to the alleged child abuse records for purposes of review by the prosecutor’s review committee or commitment of sexually violent predators under chapter 229A.

(2) Notwithstanding subparagraph (1), a person named in the initial data placed in the

registry as having abused a child shall have the person's name removed from the registry after ten years, if not previously removed from the registry pursuant to the other provisions of this subsection, if that person has not had a subsequent case of alleged abuse which resulted in the person's name being placed in the registry as the person responsible for the abuse within the ten-year period.

(3) (a) A person named in the initial data placed in the registry as having abused a child shall have the person's name removed from the registry after five years if the department determined in the report and disposition data that the person committed child abuse as defined in section 232.68, subsection 2, paragraph "a", subparagraph (1), (4), or (6).

(b) Subparagraph division (a) shall not apply, and the name of a person named in the initial data as having abused a child shall remain in the registry as described in subparagraph (1), if the department determined in the initial report and disposition data that the person committed child abuse as defined in section 232.68, subsection 2, paragraph "a", subparagraph (1), (4), or (6), and the child abuse resulted in the child's death or a serious injury.

b. Data sealed in accordance with this section shall be expunged eight years after the date the data was sealed. The supreme court shall prescribe rules establishing the period of time child abuse information is retained by the juvenile and district courts. A county attorney shall not retain child abuse information in excess of the time period the information would be retained under the rules prescribed by the supreme court. Child abuse information relating to a particular case of child abuse placed in the central registry that a juvenile or district court determines is unfounded in a written finding based upon a preponderance of evidence shall be expunged from the central registry.

referring to the subject is in whole or in part erroneous, and may request a correction of that data or of the findings of the child abuse assessment report.

b. c. The department shall provide a subject of a child abuse report, other than the person named in the report as having abused a child, with an opportunity to file a motion to intervene in the contested case proceeding.

d. The department may defer the hearing until the conclusion of the adjudicatory phase of a pending juvenile or district court case relating to the data or findings. Upon request of any party to the contested case proceeding, the presiding officer may stay the hearing until the conclusion of the adjudicatory phase of a pending juvenile or district court case relating to the data or findings. An adjudication of a child in need of assistance or a criminal conviction in a district court case relating to the child abuse data or findings may be determinative in a contested case proceeding.

e. A party to a contested case proceeding shall file an appeal of the presiding officer's proposed decision to the director within ten days of the presiding officer's proposed decision. If an appeal is not filed within ten days from the date of a proposed decision, the proposed decision shall be the final agency action. 4. A person named in a child abuse report as having abused a child, who has been adversely affected by a founded child abuse disposition, notwithstanding the placement of the report data in the central registry pursuant to section 232.71D, may appeal the decision resulting from a hearing held pursuant to subsection 3 to the district court of Polk county or to the district court of the district in which the person named in the report as having abused a child resides. Immediately upon appeal the court shall order the department to file with the court a certified copy of the report data or disposition data. Appeal shall be taken in accordance with chapter 17A.

5. Upon the request of the appellant, the record and evidence in such cases shall be closed to all but the court and its officers, and access to the record and evidence shall be prohibited unless otherwise ordered by the court. ## SUBCHAPTER II

### DEPENDENT ADULT ABUSE INFORMATION REGISTRY

#### **235B.4 Legislative findings and purposes.**

1. The general assembly finds and declares that a central registry is required to provide a single source for the statewide collection, maintenance, and dissemination of dependent adult abuse information. Such a registry is imperative for increased effectiveness in dealing with the problem of dependent adult abuse. The general assembly also finds that vigorous protection of rights of individual privacy is an indispensable element of a fair and effective system of collecting, maintaining, and disseminating dependent adult abuse information.

2. The purposes of this section and sections 235B.5 through 235B.13 are to facilitate the identification of victims or potential victims of dependent adult abuse by making available a single, statewide source of dependent adult abuse data; to facilitate research on dependent adult abuse by making available a single, statewide source of dependent adult abuse data; and to provide maximum safeguards against the unwarranted invasions of privacy which such a registry might otherwise entail.

91 Acts, ch 231, §4; 2015 Acts, ch 30, §80

3. The department shall maintain a toll-free telephone line, which shall be available on a twenty-four-hour-a-day, seven-day-a-week basis and which the department and all other persons may use to report cases of suspected dependent adult abuse and that all persons authorized by this chapter may use for obtaining dependent adult abuse information.

4. An oral report of suspected dependent adult abuse initially made to the central registry shall be immediately transmitted by the department to the appropriate county department of human services or law enforcement agency, or both.

5. An oral report of suspected dependent adult abuse initially made to the central registry regarding a facility or program as defined in section 235E.1 shall be transmitted by the department to the department of inspections and appeals on the first working day following the submitting of the report.

6. The registry, upon receipt of a report of suspected dependent adult abuse, shall search the records of the registry, and if the records of the registry reveal any previous report of

dependent adult abuse involving the same adult or if the records reveal any other pertinent information with respect to the same adult, the appropriate office of the department of human services or the appropriate law enforcement agency shall be immediately notified of that fact.

7. The central registry shall include but not be limited to report data, investigation data, and disposition data.

1. (10) The dependent adult's cousins.

b. When the department has served a person in one of the categories specified in paragraph "a", the department shall not be required to serve a person in any other category.

c. The department shall serve the dependent adult's copy of the petition and order personally upon the dependent adult. Service of the petition and all other orders and notices shall be in a sealed envelope with the proper postage on the envelope, addressed to the person being served at the person's last known post office address, and deposited in a mail receptacle provided by the United States postal service. The department shall serve such copies of emergency orders authorizing protective services and notices within three days after filing the petition and receiving such orders.

(1) Selling, removing, or otherwise disposing of the dependent adult's personal property.

(2) Withdrawing funds from any bank, savings association, credit union, or other financial institution, or from an account containing securities in which the dependent adult has an interest.

4. Upon finding that there is probable cause to believe that the dependent adult abuse presents an immediate threat to the health or safety of the dependent adult or which results in irreparable harm to the physical or financial resources or property of the dependent adult,

and that the dependent adult lacks capacity to consent to the receipt of services, the court may do any of the following:

- a. Order removal of the dependent adult to safer surroundings.
- b. Order the provision of medical services.
- c. Order the provision of other available services necessary to remove conditions creating the danger to health or safety, including the services of peace officers or emergency services personnel and the suspension of the powers granted to a guardian or conservator and the subsequent appointment of a new temporary guardian or new temporary conservator pursuant to subsection 5 pending a decision by the court on whether the powers of the initial guardian or conservator should be reinstated or whether the initial guardian or conservator should be removed.

5. a. Notwithstanding sections 633.556 and 633.569, upon a finding that there is probable cause to believe that the dependent adult abuse presents an immediate danger to the health or safety of the dependent adult or is producing irreparable harm to the physical or financial resources or property of the dependent adult, and that the dependent adult lacks capacity to consent to the receipt of services, the court may order the appointment of a temporary guardian or temporary conservator without notice to the dependent adult or the dependent adult's attorney if all of the following conditions are met:

- (1) It clearly appears from specific facts shown by affidavit or by the verified petition that a dependent adult's decision-making capacity is so impaired that the dependent adult is unable to care for the dependent adult's personal safety or to attend to or provide for the dependent adult's basic necessities or that immediate and irreparable injury, loss, or damage will result to the physical or financial resources or property of the dependent adult before the dependent adult or the dependent adult's attorney can be heard in opposition.

- (2) The department certifies to the court in writing any efforts the department has made to give the notice or the reasons supporting the claim that notice should not be required.

- (3) The department files with the court a request for a hearing on the petition for the appointment of a temporary guardian or temporary conservator.

- (4) The department certifies that the notice of the petition, order, and all filed reports and affidavits will be sent to the dependent adult by personal service within the time period the court directs but not more than seventy-two hours after entry of the order of appointment.

- b. An order of appointment of a temporary guardian or temporary conservator entered by the court under paragraph "a" shall expire as prescribed by the court but within a period of not more than thirty days unless extended by the court for good cause.

- c. A hearing on the petition for the appointment of a temporary guardian or temporary conservator shall be held within the time specified in paragraph "b". If the department does not proceed with a hearing on the petition, the court, on the motion of any party or on its own motion, may dismiss the petition.

6. The emergency order expires at the end of seventy-two hours from the time of the order unless the seventy-two-hour period ends on a Saturday, Sunday, or legal holiday in which event the order is automatically extended to 4:00 p.m. on the first succeeding business day. An order may be renewed for not more than fourteen additional days. A renewal order that ends on a Saturday, Sunday, or legal holiday is automatically extended to 4:00 p.m. on the first succeeding business day. The court may modify or terminate the emergency order on the petition of the department, the dependent adult, or any person interested in the dependent adult's welfare.

7. If the department cannot obtain an emergency order under this section due to inaccessibility of the court, the department may contact law enforcement to remove the dependent adult to safer surroundings, authorize the provision of medical treatment, and order the provision of or provide other available services necessary to remove conditions creating the immediate danger to the health or safety of the dependent adult or which are producing irreparable harm to the physical or financial resources or property of the dependent adult. The department shall obtain an emergency order under this section not later than 4:00 p.m. on the first succeeding business day after the date on which protective or other services are provided. If the department does not obtain an emergency order within the prescribed time period, the department shall cease providing protective services and,

if necessary, make arrangements for the immediate return of the person to the place from which the person was removed, to the person's place of residence in the state, or to another suitable place. A person, agency, or institution acting in good faith in removing a dependent adult or in providing services under this subsection, and an employer of or person under the direction of such a person, agency, or institution, shall have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed as the result of the removal or provision of services.

8. Upon a finding of probable cause to believe that dependent adult abuse has occurred and is either ongoing or is likely to reoccur, the court may also enter orders as may be appropriate to third persons enjoining them from specific conduct. The orders may include temporary restraining orders which impose criminal sanctions if violated. The court may enjoin third persons from any of the following:

After the first two years of licensure, a license for an individual is valid for two years from the most recent date of issuance except that the administrator, within the administrator's discretion and based upon the performance of the licensee, may require annual renewal of the license or may issue a provisional license pursuant to subsection 3. 1. As a condition for initial licensure, each individual licensee shall complete thirty hours of foster parent training offered or approved by the department. However, if the licensee has completed relevant training or has a combination of completed relevant training and experience, and the department deems such training or combination to be an acceptable equivalent to all or a portion of the initial licensure training requirement, or based upon the circumstances of the child and the licensee the department finds there is other good cause, the department may waive all or a portion of the training requirement. Prior to renewal of licensure, each individual licensee shall also annually complete six hours of foster parent training. The training shall include but is not limited to physical care, education, learning disabilities, referral to and receipt of necessary professional services, behavioral assessment and modification, self-assessment, self-living skills, and biological parent contact. ### **237.8 Personnel.**

1. A person shall not be allowed to provide services in a facility if the person has a disease which is transmissible to other persons through required contact in the workplace, which presents a significant risk of infecting other persons, which presents a substantial possibility of harming other persons, or for which no reasonable accommodation can eliminate the risk of infecting other persons.

2. a. (1) If a person is being considered for licensure under this chapter, or for employment involving direct responsibility for a child or in a facility where children reside, by a licensee under this chapter, or if a person will reside in a facility utilized by a licensee, and if the person has been convicted of a crime or has a record of founded child abuse, the department and the licensee for an employee of the licensee shall perform an evaluation to determine whether the crime or founded child abuse warrants prohibition of licensure, employment, or residence in the facility. The department shall conduct criminal and child abuse record checks in this state and may conduct these checks in other states. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department.

(2) If the criminal and child abuse record checks conducted in this state under subparagraph (1) for an individual being considered for licensure under this chapter, or for employment involving direct responsibility for a child or in a facility where children reside, by a licensee under this chapter, or for an individual who will reside in a facility utilized by a licensee, have been completed and the individual either does not have a record of crime or founded child abuse or the department's evaluation of the record has determined that prohibition of the individual's licensure or employment is not warranted, the individual may be provisionally approved for licensure or employment pending the outcome of the fingerprint-based criminal history check conducted pursuant to subparagraph (4).

(3) An individual being considered for licensure under this chapter, or for employment

involving direct responsibility for a child or in a facility where children reside, by a licensee under this chapter, or for an individual who will reside in a facility utilized by a licensee, shall not be granted a license or be employed and an evaluation shall not be performed under this subsection if the individual has been convicted of any of the following felony offenses:

- (a) Within the five-year period preceding the application date, a drug-related offense.
- (b) Child endangerment or neglect or abandonment of a dependent person.
- (c) Domestic abuse.
- (d) A crime against a child, including but not limited to sexual exploitation of a minor.
- (e) A forcible felony.

(4) If an individual is being considered for licensure under this chapter, or for employment involving direct responsibility for a child or in a facility where children reside, by a licensee under this chapter, or if an individual will reside in a facility utilized by a licensee, or if an individual is subject to licensure under this chapter as a foster parent, in addition to the record checks conducted under subparagraph (1), the individual's fingerprints shall be provided to the department of public safety for submission through the state criminal history repository to the United States department of justice, federal bureau of investigation for a national criminal history check. The cost of the criminal history check conducted under this subparagraph is the responsibility of the department of human services.

(5) If the criminal and child abuse record checks conducted in this state under subparagraph (1) for an individual being considered for licensure as a foster parent have been completed and the individual either does not have a record of crime or founded abuse or the department's evaluation of the record has determined that prohibition of the individual's licensure is not warranted, the individual may be provisionally approved for licensure pending the outcome of the fingerprint-based criminal history check conducted pursuant to subparagraph (4).

(6) An individual applying to be a foster parent licensee shall not be granted a license and an evaluation shall not be performed under this subsection if the individual has been convicted of any of the following felony offenses:

- (a) Within the five-year period preceding the application date, a drug-related offense.
- (b) Child endangerment or neglect or abandonment of a dependent person.
- (c) Domestic abuse.
- (d) A crime against a child, including but not limited to sexual exploitation of a minor.
- (e) A forcible felony.

b. Except as otherwise provided in paragraph "a", if the department determines that a person has committed a crime or has a record of founded child abuse and is licensed, employed by a licensee, or resides in a licensed facility the department shall notify the licensee that an evaluation will be conducted to determine whether prohibition of the person's licensure, employment, or residence is warranted.

c. In an evaluation, the department and the licensee for an employee of the licensee shall consider the nature and seriousness of the crime or founded child abuse in relation to the position sought or held, the time elapsed since the commission of the crime or founded child abuse, the circumstances under which the crime or founded child abuse was committed, the degree of rehabilitation, the likelihood that the person will commit the crime or founded child abuse again, and the number of crimes or founded child abuses committed by the person involved. The department may permit a person who is evaluated to be licensed, employed, or to reside, or to continue to be licensed, employed, or to reside in a licensed facility, if the person complies with the department's conditions relating to the person's licensure, employment, or residence, which may include completion of additional training. For an employee of a licensee, these conditional requirements shall be developed with the licensee. The department has final authority in determining whether prohibition of the person's licensure, employment, or residence is warranted and in developing any conditional requirements under this paragraph.

d. If the department determines that the person has committed a crime or has a record of founded child abuse which warrants prohibition of licensure, employment, or residence, the person shall not be licensed under this chapter and shall not be employed by a licensee or reside in a licensed facility.

3. In addition to the record checks required under subsection 2, the department of human services may conduct dependent adult abuse record checks in this state and may conduct these checks in other states, on a random basis. The provisions of subsection 2, relative to an evaluation following a determination that a person has been convicted of a crime or has a record of founded child abuse, shall also apply to a random check conducted under this subsection.

4. On or after July 1, 1994, a licensee shall inform all new applicants for employment of the possibility of the performance of a record check and shall obtain, from the applicant, a signed acknowledgment of the receipt of the information.

5. On or after July 1, 1994, a licensee shall include the following inquiry in an application for employment:

### **237A.2 Licensing of child care centers.**

1. A person shall not establish or operate a child care center without obtaining a license under the provisions of this chapter. A center may operate for a specified period of time, to be established by rule of the department, if application for a license has been made. If the department denies an application for an initial license, notwithstanding section 17A.18, the applicant center shall not continue to provide child care pending the outcome of an evidentiary hearing. The department shall issue a license if it determines that all of the following conditions have been met:

a. An application for a license or a renewal has been filed with the administrator on forms provided by the department.

b. The center is maintained to comply with state health and fire laws.

c. The center is maintained to comply with rules adopted under section 237A.12.

2. a. A person denied a license under this section shall receive written notice of the denial stating the reasons for denial and shall be provided with an opportunity for an evidentiary hearing.

b. A license issued under this chapter shall be valid for twenty-four months from the date of issuance. A license shall remain valid unless it is revoked or suspended in accordance with the provisions of section 237A.8 or is reduced to a provisional license under subsection 3.

3. The department may inspect a licensed center at any time. A record of the license shall be kept by the department.

c. The license shall be posted in a conspicuous place in the center and shall state the particular premises in which child care may be offered and the number of individuals who may be received for care at any one time. A greater number of children than is authorized by the license shall not be kept in the center at any one time.

3. The administrator may reduce a previously issued license to a provisional license or issue a provisional license for a period of time not to exceed one year if the center does not meet standards required under this section. A provisional license shall not be renewable in regard to the same standards for more than two consecutive years. A provisional license shall be posted in a conspicuous place in the center as provided in this section. If written plans to bring the center up to standards, giving specific dates for completion of work, are submitted to and approved by the department, the provisional license shall be renewable as provided in this subsection.

4. A program which is not a child care center by reason of the exceptions to the definition of child care in section 237A.1, subsection 3, but which provides care, supervision, and guidance to a child may be issued a license if the program complies with all the provisions of this chapter.

5. If the department has denied or revoked a license because the applicant or person has continually or repeatedly failed to operate a licensed center in compliance with this chapter and rules adopted pursuant to this chapter, the person shall not own or operate a child care center for a period of twelve months from the date the license is denied or revoked. The department shall not act on an application for a license submitted by the applicant or person during the twelve-month period. The applicant or person shall be prohibited

from involvement with child care unless the involvement is specifically permitted by the department.

### **237A.3 Child care homes.**

1. A person or program providing child care to five children or fewer at any one time is a child care home provider and is not required to register under section 237A.3A as a child development home. However, the person or program may register as a child development home.

2. If a person or program has been prohibited by the department from involvement with child care, the person or program shall not provide child care as a child care home provider and is subject to penalty under section 237A.19 or injunction under section 237A.20 for doing so.

3. The location at which the child care is provided shall be a single-family residence that is owned, rented, or leased by the person or program providing the child care. For purposes of this subsection, a “*single-family residence*” includes an apartment, condominium, townhouse, or other individual unit within a multiple unit residential dwelling, but does not include a commercial or industrial building that is primarily used for purposes other than a residence.

### **237A.3A Child development homes.**

#### **1. Registration.**

a. A person shall not establish or operate a child development home unless the person obtains a certificate of registration. The department shall issue a certificate of registration upon receipt of a statement from the person or upon completion of an inspection conducted by the department or a designee of the department verifying that the person complies with applicable rules adopted by the department pursuant to this section and section 237A.12.

b. The certificate of registration shall be posted in a conspicuous place in the child development home and shall state the name of the registrant, the registration category of the child development home, the maximum number of children who may be present for child care at any one time, and the address of the child development home. In addition, the certificate shall include a checklist of registration compliances.

c. The registration process for a child development home shall be repeated every twenty-four months as provided by rule.

d. A person who holds a child foster care license under chapter 237 shall register as a child development home provider in order to provide child care.

2. *Revocation or denial of registration.* If the department has denied or revoked a certificate of registration because a person has continually or repeatedly failed to operate a registered or licensed child care facility in compliance with this chapter and rules adopted pursuant to this chapter, the person shall not operate or establish a registered child development home for a period of twelve months from the date the registration or license was denied or revoked. The department shall not act on an application for registration submitted by the person during the twelve-month period. The applicant or person shall be prohibited from involvement with child care unless the involvement is specifically permitted by the department.

#### **3. Rules.**

a. Three categories of standards shall be applicable to child development homes. The initial designations of the categories, which may be revised by the department, shall be “A”, “B”, and “C”, as ranked from less stringent standards and capacity to more stringent

standards and capacity. The “C” registration category standards shall require the highest level of provider qualifications and allow the greatest capacity of the three categories. The department of human services, in consultation with the Iowa department of public health, shall adopt rules applying standards to each category specifying provider qualifications and training, health and safety requirements, capacity, amount of space available per child, and other minimum requirements. The capacity requirements shall take into consideration the provider’s own children, children who have a mild illness, children receiving part-time child care, and children served as a sibling group in overnight care.

b. The rules shall allow a child development home to be registered in a particular category for which the provider is qualified even though the amount of space required to be available for the maximum number of children authorized for that category exceeds the actual amount of space available in that home. However, the total number of children authorized for the child development home at that category of registration shall be limited by the amount of space available per child.

c. In consultation with the state fire marshal, the department shall adopt rules relating to the provision of fire extinguishers, smoke detectors, and two exits accessible to children in a child development home.

d. The rules shall require a child development home to be located in a single-family residence that is owned, rented, or leased by the person or, for dual registrations, at least one of the persons who is named on the child development home’s certificate of registration. For purposes of this paragraph, a “single-family residence” includes an apartment, condominium, townhouse, or other individual unit within a multiple unit residential dwelling, but does not include a commercial or industrial building that is primarily used for purposes other than a residence.

e. If the department adopts rules establishing a limitation on the number of hours for which substitute care may be utilized by the provider, such a limitation shall not apply to or incorporate substitute care utilized when the provider is engaged in jury duty or in official duties connected with the provider’s membership on a state board, committee, or other policy-related body.

#### 4. *Number of children.*

a. In determining the number of children present for child care at any one time in a child development home, each child present in the child development home shall be considered as being provided child care unless the child is described by one of the following exceptions:

(1) The child’s parent, guardian, or custodian operates or established the child development home and the child is attending school or the child is provided child care full-time on a regular basis by another person.

(2) The child has been present in the child development home for more than seventy-two consecutive hours and the child is attending school or the child is provided child care full-time on a regular basis by another person.

b. For purposes of determining the number of children present for child care in a child development home, a child receiving foster care from a child development home provider shall be considered to be the child of the provider.

**237A.4 Inspection and evaluation.**

The department shall make periodic inspections of licensed centers to ensure compliance with licensing requirements provided in this chapter, and the local boards of health may make periodic inspections of licensed centers to ensure compliance with health-related licensing requirements provided in this chapter. The department may inspect records maintained by a licensed center and may inquire into matters concerning these centers and the persons in charge. The department shall require that the center be inspected by the state fire marshal or a designee for compliance with rules relating to fire safety before a license is granted or renewed. The department or a designee may periodically visit registered child development homes for the purpose of evaluation of an inquiry into matters concerning compliance with rules adopted under section 237A.12. Evaluation of child development homes under this section may include consultative services provided pursuant to section 237A.6.

**237A.4A Child care regulatory fee — child care facility fund.**

1. a. The department shall implement a regulatory fee for licensure of child care facilities. The fee requirements shall provide for tiered amounts based upon a child care facility's capacity and a child development home's regulatory category at the time of licensure.

b. The regulatory fee for centers shall not exceed one hundred fifty dollars.

c. The regulatory fee for category "A" and "B" child development homes shall not exceed one hundred fifty dollars and the fee for category "C" child development homes shall not exceed one hundred eighty-seven dollars.

d. The department shall adopt rules for implementation of the fee.

2. Regulatory fees collected shall augment existing funding for regulation of child care facilities in order to phase in annual inspections of child development homes and improve inspections of child care centers. The department shall not supplant existing funding for regulation of child care with funding derived from the regulatory fee. The department shall seek to meet the following target percentages of the total number of child development homes in the state inspected annually in phasing in the annual inspection of all child development homes:

a. For the fiscal year beginning July 1, 2009, twenty percent.

b. For the fiscal year beginning July 1, 2010, forty percent.

c. For the fiscal year beginning July 1, 2011, sixty percent.

d. For the fiscal year beginning July 1, 2012, eighty percent.

e. For the fiscal year beginning July 1, 2013, and succeeding fiscal years, one hundred percent.

3. a. In phasing in the inspection of child development homes, the department shall give priority to child development homes that have recently become licensed and have paid the regulatory fee implemented pursuant to this section.

b. The results of an inspection of a child care facility shall be made publicly available on the internet page or site implemented by the department in accordance with section 237A.25 and through other means.

4. The target time frame for the department's issuance of the report concerning an inspection or other regulatory visit to a child care facility is sixty calendar days.

5. A child care facility fund is created in the state treasury under the authority of the department. The fund is separate from the general fund of the state. Regulatory fees collected under subsection 1 shall be credited to the fund. Moneys credited to the fund shall not revert to any other fund and are not subject to transfer except as specifically provided by law. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the fund shall be credited to the fund. Moneys in the fund are annually appropriated to the department to be used for staffing dedicated to monitoring and regulation of child care facilities, contracting, related technology costs, record checks, grants and fee waivers, and other expenses for inspection and regulation of child care facilities. Any full-time equivalent

positions paid for out of the fund shall be in addition to other such positions authorized for the department.

2009 Acts, ch 179, §208

#### **237A.5 Personnel.**

1. All personnel in licensed or registered facilities shall have good health as evidenced by a report following a preemployment physical examination taken within six months prior to beginning employment. The examination shall include communicable disease tests by a licensed physician as defined in section 135C.1 and shall be repeated every three years after initial employment. Controlled medical conditions which would not affect the performance of the employee in the capacity employed shall not prohibit employment.

2. a. For the purposes of this section, unless the context otherwise requires:

(1) *“Person subject to a record check”* means a person who is described by any of the following:

(a) The person is being considered for licensure or registration or is registered or licensed under this chapter.

(b) The person is being considered by a child care facility for employment involving direct responsibility for a child or with access to a child when the child is alone or is employed with such responsibilities.

(c) The person will reside or resides in a child care facility.

(d) The person has applied for or receives public funding for providing child care.

(e) The person will reside or resides in a child care home that is not registered under this chapter but that receives public funding for providing child care.

(2) *“Person subject to an evaluation”* means a person subject to a record check whose record indicates that the person has committed a transgression.

(3) *“Transgression”* means the existence of any of the following in a person’s record:

(a) Conviction of a crime.

(b) A record of having committed founded child or dependent adult abuse.

(c) Listing in the sex offender registry under chapter 692A.

(d) A record of having committed a public or civil offense.

(e) The department has revoked a child care facility registration or license due to the person’s continued or repeated failure to operate the child care facility in compliance with this chapter and rules adopted pursuant to this chapter.

b. If an individual person subject to a record check is being considered for employment by a child care facility or child care home provider, in lieu of requesting a record check in this state to be conducted by the department under paragraph “c”, the child care facility or child care home may access the single contact repository established pursuant to section 135C.33 as necessary to conduct a criminal and child abuse record check of the individual in this state. A copy of the results of the record check conducted through the single contact repository shall also be provided to the department. If the record check indicates the individual is a person subject to an evaluation, the child care facility or child care home may request that the department perform an evaluation as provided in this subsection. Otherwise, the individual shall not be employed by the child care facility or child care home.

c. Unless a record check has already been conducted in accordance with paragraph “b”, the department shall conduct a criminal and child abuse record check in this state for a person who is subject to a record check and may conduct such a check in other states. In addition, the department may conduct a dependent adult abuse, sex offender registry, or other public or civil offense record check in this state or in other states for a person who is subject to a record check.

d. (1) For a person subject to a record check, in addition to any other record check conducted pursuant to this subsection, the person’s fingerprints shall be provided to the department of public safety for submission through the state criminal history repository to the United States department of justice, federal bureau of investigation for a national criminal history check. The department may adopt rules specifying criteria in the public interest for requiring the national criminal history check of a person to be repeated.

(2) Except as otherwise provided by law, the cost of a national criminal history check

conducted in accordance with subparagraph (1) and the state record checks conducted in accordance with paragraph “c” that are conducted in connection with a person’s involvement with a child care center are not the responsibility of the department. The department is responsible for the cost of such checks conducted in connection with a person’s involvement with a child development home or child care home.

(3) If record checks under paragraph “b” or “c” have been conducted on a person subject to a record check and the results do not warrant prohibition of the person’s involvement with child care or otherwise present protective concerns, the person may be involved with child care on a provisional basis until the record check under subparagraph (1) has been completed.

(4) If a person subject to a record check refuses to consent to a record check or if the person makes what the person knows to be a false statement of material fact in connection with a record check, the person shall be prohibited from involvement with child care.

e. (1) If a record check performed pursuant to this subsection identifies an individual as a person subject to an evaluation, an evaluation shall be performed to determine whether prohibition of the person’s involvement with child care is warranted. The evaluation shall be performed in accordance with procedures adopted for this purpose by the department.

(2) Prior to performing an evaluation, the department shall notify the affected person, licensee, registrant, or child care home applying for or receiving public funding for providing child care, that an evaluation will be conducted to determine whether prohibition of the person’s involvement with child care is warranted.

f. If a record check performed in accordance with paragraph “b” or “c” identifies that an individual is a person subject to an evaluation, the department shall perform the evaluation in accordance with this subsection, even if the application which made the person subject to the record check is withdrawn or the circumstances which made the person subject to the record check are no longer applicable. If the department’s evaluation determines that prohibition of the person’s involvement with child care is warranted, the provisions of this subsection regarding such a prohibition shall apply.

g. A person subject to a record check who is or was employed by a child care facility or child care home provider and is hired by another child care facility or child care home provider shall be subject to a record check in accordance with this subsection. However, if the person was subject to an evaluation because of a transgression in the person’s record and the evaluation determined that the transgression did not warrant prohibition of the person’s involvement with child care and the latest record checks do not indicate there is a transgression that was committed subsequent to that evaluation, the person may commence employment with the other child care facility or provider in accordance with the department’s evaluation and an exemption from any requirements for reevaluation of the latest record checks is authorized. Authorization of an exemption under this paragraph “g” from requirements for reevaluation of the latest record checks by the department is subject to all of the following provisions:

(1) The position with the subsequent employer is substantially the same or has the same job responsibilities as the position for which the previous evaluation was performed.

(2) Any restrictions placed on the person’s employment in the previous evaluation by the department shall remain applicable in the person’s subsequent employment.

(3) The person subject to the record checks has maintained a copy of the previous evaluation and provides the evaluation to the subsequent employer or the previous employer provides the previous evaluation from the person’s personnel file pursuant to the person’s authorization. If a physical copy of the previous evaluation is not provided to the subsequent employer, the record checks shall be reevaluated.

(4) Although an exemption under this paragraph “g” may be authorized, the subsequent employer may instead request a reevaluation of the record checks and may employ the person while the reevaluation is being performed.

h. In an evaluation, the department shall consider the nature and seriousness of the transgression in relation to the position sought or held, the time elapsed since the commission of the transgression, the circumstances under which the transgression was committed, the degree of rehabilitation, the likelihood that the person will commit the transgression again, and the number of transgressions committed by the person involved.

In addition to record check information, the department may utilize information from the department's case records in performing the evaluation. The department may permit a person who is evaluated to maintain involvement with child care, if the person complies with the department's conditions and corrective action plan relating to the person's involvement with child care. The department has final authority in determining whether prohibition of the person's involvement with child care is warranted and in developing any conditional requirements and corrective action plan under this paragraph.

i. (1) A person subject to an evaluation shall be prohibited from involvement with child care under any of the following circumstances:

(a) The person has a record of founded child abuse or dependent adult abuse that was determined to be sexual abuse.

(b) The person is listed or is required to be listed on any state sex offender registry or the national sex offender registry.

(c) The person has committed any of the following felony-level offenses:

(i) Child endangerment or neglect or abandonment of a dependent person.

(ii) Domestic abuse.

(iii) A crime against a child including but not limited to sexual exploitation of a minor.

(iv) A forcible felony.

(v) Arson.

(d) The person has a record of a misdemeanor conviction against a child that constitutes one of the following offenses:

(i) Child abuse.

(ii) Child endangerment.

(iii) Sexual assault.

(iv) Child pornography.

(2) If, within five years prior to the date of application for registration or licensure under this chapter, for employment or residence in a child care facility or child care home, or for receipt of public funding for providing child care, a person subject to an evaluation has been convicted of a controlled substance offense or has been found to have committed physical abuse, the person shall be prohibited from involvement with child care for a period of five years from the date of conviction or founded abuse. After the five-year prohibition period, the person may submit an application for registration or licensure under this chapter, or to receive public funding for providing child care, or may request an evaluation, and the department shall perform an evaluation and, based upon the criteria in paragraph "h", shall determine whether prohibition of the person's involvement with child care continues to be warranted.

j. If the department determines, through an evaluation of a person's transgression, that the person's prohibition of involvement with child care is warranted, the person shall be prohibited from involvement with child care. The department may identify a period of time after which the person may request that another record check and evaluation be performed. A person who continues involvement with child care in violation of this subsection is subject to penalty under section 237A.19 or injunction under section 237A.20.

k. If it has been determined that a child receiving child care from a child care facility or a child care home is the victim of founded child abuse committed by an employee, license or registration holder, child care home provider, or resident of the child care facility or child care home for which a report is placed in the central registry pursuant to section 232.71D, the administrator shall provide notification at the time of the determination to the parents, guardians, and custodians of children receiving care from the child care facility or child care home. A notification made under this paragraph shall identify the type of abuse but shall not identify the victim or perpetrator or circumstances of the founded abuse.

3. On or after July 1, 1994, a licensee or registrant shall inform all new applicants for employment of the possibility of the performance of a record check and shall obtain, from the applicant, a signed acknowledgment of the receipt of the information.

4. On or after July 1, 1994, a licensee or registrant shall include the following inquiry in an application for employment:

Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state?

5. A person who serves as an unpaid volunteer in a child care facility shall not be required to complete training as a mandatory reporter of child abuse under section 232.69 or under any other requirement.

c. The adequacy of activity programs and food services available to the children. The department shall not restrict the use of or apply nutritional standards to a lunch or other meal which is brought to the center, child development home, or child care home by a school-age child for the child's consumption.

However, the rules may require a fire-rated separation from the remaining portion of the building if the fire marshal determines that the separation is necessary for the protection of children from a specific flammable hazard.

3. Rules relating to fire safety for child care centers shall be adopted under this chapter by the state fire marshal in consultation with the department. Rules adopted by the state fire marshal for a building which is owned or leased by a school district or accredited nonpublic school and used as a child care facility shall not differ from standards adopted by the state fire marshal for school buildings under chapter 100. The rules adopted by the administrator under this section shall not require the facility to comply with building requirements which differ from requirements for use of the building as a school.

5. ### **239B.2 Conditions of eligibility.**

Within available funding, the department shall make assistance available to eligible families under the family investment program. At a minimum, a family shall meet all of the following conditions of eligibility:

1. *Application.* An application for the program is made to the department. The application shall be in writing or reduced to writing in the manner and upon the form prescribed by the department. The application shall be made by the specified relative with whom the child resides or will reside, and shall contain the information required on the application form. One application may be made for several children of the same family if the children reside or will reside with the same specified relative.

2. *Income and resources.* The family meets income and resource guidelines established by the department to attain or retain financial eligibility. In determining a family's income and resources, the department shall consider the income and resources of the child, the child's parent, the child's stepparent living with the child, or any other specified relative with whom the child resides or will reside available to the family unless specifically exempted as provided in section 239B.7 or by rule or unless otherwise provided by federal law. A family's failure to meet the income or resource guidelines shall result in denial of the family's eligibility for the program.

3. *Unemployment.*

a. A determination of eligibility for a family with an unemployed parent shall not include consideration of either parent's number of hours of employment. Both parents must enter into and participate in a family investment agreement and participate in JOBS program activities unless good cause not to participate is established in accordance with rules.

b. Any of the following reasons for refusing employment or training are not good cause:

(1) Unsuitable or unpleasant work or training, if the parent is able to perform the work or training without unusual danger to the parent's health.

(2) The amount of wages or compensation, unless the wages for employment are below the amount customary for the same work in the community.

4. *Written statement — family investment agreement.*

a. The department may require an applicant family to commit to the initial actions the applicant family will take to achieve self-sufficiency as contained in a signed, written statement. An applicant family which fails to commit to the actions as contained in the written statement shall be denied eligibility for the family investment program. If the applicant family becomes a participant family, the family's written statement may be replaced by, incorporated within, or become the family investment agreement for that family.

b. Unless exempt as provided in section 239B.8, a participant family which is eligible for the program shall continue to comply with the provisions of a written statement which contains actions committed to by the family under paragraph "a" or shall enter into a family investment agreement with the department. A participant family must comply with the provisions of the written statement or the conditions in the agreement in order to retain eligibility. A participant family which does not comply shall be deemed to have chosen a limited benefit plan.

5. *Provision of information.* The family provides requested information to the department. The department shall adopt rules specifying the conditions under which an applicant or participant family is denied eligibility for family investment program assistance for failure to provide requested information.

6. *Cooperation with child support requirements.* The department shall provide for prompt notification of the department's child support recovery unit if assistance is provided to a child whose parent is absent from the home. An applicant or participant shall cooperate with the child support recovery unit and the department as provided in 42 U.S.C. §608(a)(2) unless the applicant or participant qualifies for good cause or other exception as determined by the department in accordance with the best interest of the child, parent, or specified relative, and with standards prescribed by rule. The authorized good cause or other exceptions shall include participation in a family investment agreement safety plan option to address or prevent family or domestic violence and other consideration given to the presence of family or domestic violence. If a specified relative with whom a child is residing fails to comply with these cooperation requirements, a sanction shall be imposed as defined by rule in accordance with state and federal law.

7. *Periodic reviews.* As a condition of eligibility, the department may require periodic reports from a participant concerning the participant's income, resources, family composition, and other circumstances. If the participant's circumstances change, the participant's assistance may be continued, renewed, suspended, changed in amount, or entirely withdrawn, as determined in accordance with rule.

8. *Out-of-state assistance.* Assistance shall be paid to a participant residing temporarily out-of-state if the participant retains residency in this state and remains otherwise eligible for

assistance. The department shall periodically redetermine the eligibility of a participant who is temporarily residing out-of-state.

Initial actions in a written statement under section 239B.2, subsection 4, which were committed to by a participant during the application period and which commitment remains in effect, shall be considered to be a term of the participant's family investment agreement. A limited benefit plan shall apply for the period of time specified in this section. The first month of the limited benefit plan is the first month after the month in which timely and adequate notice of the limited benefit plan is given to the participant as defined by the director of human services. A limited benefit plan shall either be a first limited benefit plan or a subsequent limited benefit plan. A limited benefit plan shall be applied as follows:

(2) A limited benefit plan subsequent to a first limited benefit plan chosen by the same individual participant shall provide for a specified period of ineligibility of six months or less beginning with the effective date of the limited benefit plan and continuing indefinitely following the specified period until the individual participant completes significant contact with or action in regard to the JOBS program. The department shall adopt rules defining the circumstances for which a particular period of ineligibility will be specified.

(3) For a two-parent family in which both parents are responsible for a family investment agreement, a first or subsequent limited benefit plan shall remain applicable until both

parents complete significant contact with or action in regard to the JOBS program. A limited benefit plan applied more than once to the same two-parent family shall be treated as a subsequent limited benefit plan.

2. *Plan applied.* The department shall apply the limited benefit plan to the participants responsible for the family investment agreement and other members of the participant's family as follows:

a. *Parent.* If the participant responsible for the family investment agreement is a parent, the limited benefit plan is applicable to the entire participant family.

b. *Needy relative or incapacitated stepparent.* If the participant choosing a limited benefit plan is a needy relative who acts as payee when the parent is in the home but is unable to act as payee, is a needy relative who assumes the role of parent, or is a dependent child's stepparent whose needs are included in the assistance because of incapacity, the limited benefit plan shall apply only to the individual participant choosing the plan.

c. *Minor parent living with adult parent or specified relative.* If the participant family includes a minor parent living with the minor parent's adult parent or specified relative who receives family investment program assistance and both individuals are responsible for developing a family investment agreement, each individual is responsible for a separate family investment agreement, and the limited benefit plan shall be applied as follows:

(1) If the adult parent chooses the limited benefit plan, the requirements of the limited benefit plan shall apply to the entire participant family, even though the minor parent has not chosen the limited benefit plan. However, the minor parent may reapply for assistance as a minor parent living with self-supporting parents or living independently and continue in the family investment agreement process.

(2) If the minor parent chooses the limited benefit plan, the requirements of the limited benefit plan shall apply to the minor parent and any child of the minor parent.

(3) If the specified relative chooses the limited benefit plan, the requirements of the limited benefit plan shall apply only to the specified relative.

d. *Minor parent — only child.* If the minor parent is the only child in the adult parent's or specified relative's home and the minor parent chooses the limited benefit plan, assistance shall not be paid to the adult parent or specified relative in this instance.

e. *Children who are mandatory JOBS program participants.* If the participant family includes children who are mandatory JOBS program participants, the children shall not have a separate family investment agreement but shall be asked to sign the family investment agreement applicable to the family and to carry out the responsibilities of that family investment agreement. A limited benefit plan shall be applied as follows:

(1) If the parent or specified relative responsible for a family investment agreement meets the responsibilities of the family investment agreement but a child who is a mandatory JOBS program participant chooses an individual limited benefit plan, the family is eligible for reduced assistance during the child's limited benefit plan.

(2) If the child who chooses a limited benefit plan under subparagraph (1) is the only child in the participant family, assistance shall not be paid to the adult parent, parents, or specified relative in this instance.

f. *Exempt parent.* If a participant family includes a parent, parents, or specified relative who are exempt from JOBS program participation and children who are mandatory JOBS program participants, the children are responsible for completing a family investment agreement. If a child who is a mandatory JOBS program participant chooses the limited benefit plan, the limited benefit plan shall be applied in the manner provided in paragraph "e".

g. *Two parents.* If the participant family includes two parents, a limited benefit plan shall be applied as follows:

(1) If only one parent of a child in the family is responsible for a family investment agreement and that parent chooses the limited benefit plan, the limited benefit plan cannot be ended by the voluntary participation in a family investment agreement by the exempt parent. If the parent responsible for the family investment agreement chooses a limited benefit plan, the limited benefit plan applies to the entire family.

(2) If both parents of a child in the family are responsible for a family investment

agreement, both parents shall sign the agreement. If either parent chooses the limited benefit plan, the limited benefit plan cannot be ended by the participation of the other parent in a family investment agreement.

(3) If the parents from a two-parent family in a limited benefit plan separate, the limited benefit plan shall follow only the parent who chose the limited benefit plan and any children in the home of that parent.

3. *Plan chosen.* A participant shall be considered to have chosen a limited benefit plan under any of the following circumstances:

a. A participant who does not establish an orientation appointment with the JOBS program or who fails to keep or reschedule an orientation appointment shall receive a reminder letter which informs the participant that those who do not attend orientation have elected to choose a limited benefit plan. A participant who chooses not to respond to the reminder letter within ten calendar days from the mailing date shall receive notice establishing the effective date of the limited benefit plan. If a participant is deemed to have chosen a limited benefit plan, timely and adequate notice provisions, as determined by the director of human services, shall apply.

b. A participant who chooses not to sign the family investment agreement after attending a JOBS program orientation shall enter into a limited benefit plan as described in paragraph “a”.

c. A participant who has signed a family investment agreement but then chooses a limited benefit plan under circumstances defined by the director of human services.

4. *Reconsideration.* A participant who chooses a limited benefit plan may reconsider that choice as follows:

a. A participant who chooses a first limited benefit plan may reconsider at any time following the effective date of the limited benefit plan. The participant may contact the department or the appropriate JOBS program office any time to begin the reconsideration process.

b. A participant who chooses a subsequent limited benefit plan may reconsider that choice at any time following the period of ineligibility specified in accordance with subsection 1.

5. *Well-being visit.* If a participant has chosen a subsequent limited benefit plan, the department may conduct a well-being visit or contract for a well-being visit to be conducted, provided funding is available for the costs of such visits. A well-being visit shall meet all of the following criteria:

a. A qualified professional shall attempt to visit with the participant family with a focus upon the children’s well-being.

b. The visit shall be conducted during or within four weeks of the second month of the start of the subsequent limited benefit plan.

c. The visit shall serve as an extension of the family investment program and the family investment agreement philosophy of supporting families as they move toward self-sufficiency.

6. *Appeal.* A participant has the right to appeal the establishment of the limited benefit plan only once, at the time the department issues the timely and adequate notice that establishes the limited benefit plan. However, if the reason for the appeal is based on an incorrect grant computation, an error in determining the composition of the family, or another worker error, a hearing shall be granted, regardless of the person’s limited benefit plan status.

2009 Acts, ch 118, §13

**249A.4 Duties of director.**

The director shall be responsible for the effective and impartial administration of this chapter and shall, in accordance with the standards and priorities established by this chapter, by applicable federal law, by the regulations and directives issued pursuant to federal law, by applicable court orders, and by the state plan approved in accordance with federal law, make rules, establish policies, and prescribe procedures to implement this chapter. Without limiting the generality of the foregoing delegation of authority, the director is hereby specifically empowered and directed to:

1. Determine the greatest amount, duration, and scope of assistance which may be provided, and the broadest range of eligible individuals to whom assistance may effectively be provided, under this chapter within the limitations of available funds. In so doing, the director shall at least every six months evaluate the scope of the program currently being provided under this chapter, project the probable cost of continuing a like program, and compare the probable cost with the remaining balance of the state appropriation made for payment of assistance under this chapter during the current appropriation period. After each evaluation of the scope of the program, the director shall report to the general assembly through the legislative council or in another manner as the general assembly may by resolution direct.

2. Reserved.

3. Have authority to provide for payment under this chapter of assistance rendered to any applicant prior to the date the application is filed.

4. Have authority to contract with any corporation authorized to engage in this state in insuring groups or individuals for all or part of the cost of medical, hospital, or other health care or with any corporation maintaining and operating a medical, hospital, or health service prepayment plan under the provisions of chapter 514 or with any health maintenance organization authorized to operate in this state, for any or all of the benefits to which any recipients are entitled under this chapter to be provided by such corporation or health maintenance organization on a prepaid individual or group basis.

5. May, to the extent possible, contract with a private organization or organizations whereby such organization will handle the processing of and the payment of claims for services rendered under the provisions of this chapter and under such rules and regulations as shall be promulgated by such department. The state department may give due consideration to the advantages of contracting with any organization which may be serving in Iowa as "intermediary" or "carrier" under Tit. XVIII of the federal Social Security Act, as amended.

6. Shall cooperate with any agency of the state or federal government in any manner as may be necessary to qualify for federal aid and assistance for medical assistance in conformity with the provisions of chapter 249, this chapter, and Tit. XVI and XIX of the federal Social Security Act, as amended.

7. Shall provide for the professional freedom of those licensed practitioners who determine the need for or provide medical care and services, and shall provide freedom of choice to recipients to select the provider of care and services, except when the recipient is eligible for participation in a health maintenance organization or prepaid health plan which limits provider selection and which is approved by the department.

- a. However, this shall not limit the freedom of choice to recipients to select providers in instances where such provider services are eligible for reimbursement under the medical assistance program but are not provided under the health maintenance organization or under the prepaid health plan, or where the recipient has an already established program of specialized medical care with a particular provider. The department may also restrict the recipient's selection of providers to control the individual recipient's overuse of care and services, provided the department can document this overuse. The department shall promulgate rules for determining the overuse of services, including rights of appeal by the recipient.

- b. Advanced registered nurse practitioners licensed pursuant to chapter 152 shall be regarded as approved providers of health care services, including primary care, for purposes of managed care or prepaid services contracts under the medical assistance program. This

paragraph shall not be construed to expand the scope of practice of an advanced registered nurse practitioner pursuant to chapter 152.

8. Implement the premium assistance program options described under the federal Children's Health Insurance Program Reauthorization Act of 2009, Pub. L. No. 111-3, for the medical assistance program. The department may adopt rules as necessary to administer these options.

9. Adopt rules pursuant to chapter 17A in determining the method and level of reimbursement for all medical and health services to be provided under the medical assistance program, after considering all of the following:

- a. The promotion of efficient and cost-effective delivery of medical and health services.
- b. Compliance with federal law and regulations.
- c. The level of state and federal appropriations for medical assistance.

2. If the department refuses to accept a cost report from a third party for good cause under this section, the third party shall be strictly liable to the provider for all fees incurred in preparation of the cost report, as well as reasonable attorney fees and costs. The department shall not take any adverse action against a provider that results from the unintentional delay in the submission of a new cost report or other submission necessitated by the department's refusal to accept a cost report or other submission under this section. When payment is made by the department for medical care or expenses through the medical assistance program on behalf of a recipient, the department may garnish the wages, salary, or other compensation of the person obligated to pay child support or may withhold amounts pursuant to chapter 252D from the income of the person obligated to pay support, and shall withhold amounts from state income tax refunds of a person obligated to pay support, to the extent necessary to reimburse the department for expenditures for medical care or expenses on behalf of a recipient if all of the following conditions apply:

1. The person is required by court or administrative order to provide medical support to a recipient.

2. The person has received payment from a third party for the costs of medical assistance to the recipient and has not used the payments to reimburse the costs of medical care or expenses.

C95, §249A.4A

2013 Acts, ch 24, §14

#### **249A.53 Recovery of payment.**

1. Medical assistance paid to, or on behalf of, a recipient or paid to a provider of services is not recoverable, except as provided in subsection 2, unless the assistance was incorrectly paid. Assistance incorrectly paid is recoverable from the provider, or from the recipient, while living, as a debt due the state and, upon the recipient's death, as a claim classified with taxes having preference under the laws of this state.

2. The provision of medical assistance to an individual who is fifty-five years of age or older, or who is a resident of a nursing facility, intermediate care facility for persons with an intellectual disability, or mental health institute, who cannot reasonably be expected to be discharged and return to the individual's home, creates a debt due the department from the individual's estate for all medical assistance provided on the individual's behalf, upon the individual's death.

a. The department shall waive the collection of the debt created under this subsection from the estate of a recipient of medical assistance to the extent that collection of the debt would result in either of the following:

(1) Reduction in the amount received from the recipient's estate by a surviving spouse, or by a surviving child who was under age twenty-one, blind, or permanently and totally disabled at the time of the individual's death.

(2) Otherwise work an undue hardship as determined on the basis of criteria established pursuant to 42 U.S.C. §1396p(b)(3).

b. If the collection of all or part of a debt is waived pursuant to subsection 2, paragraph "a", to the extent the medical assistance recipient's estate was received by the following persons, the amount waived shall be a debt due from one of the following, as applicable:

(1) The estate of the medical assistance recipient's surviving spouse or child who is blind or has a disability, upon the death of such spouse or child.

(2) A surviving child who was under twenty-one years of age at the time of the medical assistance recipient's death, upon the child reaching the age of twenty-one or from the estate of the child if the child dies prior to reaching the age of twenty-one.

(3) The estate of the recipient of the undue hardship waiver, at the time of death of the hardship waiver recipient, or from the hardship waiver recipient when the hardship no longer exists.

c. For purposes of this section, the estate of a medical assistance recipient, surviving spouse, or surviving child includes any real property, personal property, or other asset in which the recipient, spouse, or child had any legal title or interest at the time of the recipient's, spouse's, or child's death, to the extent of such interests, including but not limited to interests in jointly held property, retained life estates, and interests in trusts.

d. For purposes of collection of a debt created by this subsection, all assets included in the estate of a medical assistance recipient, surviving spouse, or surviving child pursuant to paragraph "c" are subject to probate.

e. Interest shall accrue on a debt due under this subsection, at the rate provided pursuant to section 535.3, beginning six months after the death of a medical assistance recipient, surviving spouse, or surviving child.

f. (1) If a debt is due under this subsection from the estate of a recipient, the administrator of the nursing facility, intermediate care facility for persons with an intellectual disability, or mental health institute in which the recipient resided at the time of the recipient's death, and the personal representative of the recipient, if applicable, shall report the death to the department within ten days of the death of the recipient.

(2) If a personal representative or executor of an estate makes a distribution either in whole or in part of the property of an estate to the heirs, next of kin, distributees, legatees, or devisees without having executed the obligations pursuant to section 633.425, the personal representative or executor may be held personally liable for the amount of medical assistance paid on behalf of the recipient, to the full value of any property belonging to the estate which may have been in the custody or control of the personal representative or executor.

(3) For the purposes of this paragraph, "*executor*" means executor as defined in section 633.3, and "*personal representative*" means a person who filed a medical assistance application on behalf of the recipient or who manages the financial affairs of the recipient.

#### **249A.54 Assignment — lien.**

1. a. As a condition of eligibility for medical assistance, a recipient who has the legal capacity to execute an assignment shall do all of the following:

(1) Assign to the department any rights to payments of medical care from any third party.

(2) Cooperate with the department in obtaining payments described in subparagraph (1).

(3) Cooperate with the department in identifying and providing information to assist the department in pursuing any third party who may be liable to pay for medical care and services available under the medical assistance program.

b. Any amount collected by the department through an assignment shall be retained by the department as reimbursement for medical assistance payments.

c. An assignment under this subsection is in addition to an assignment of medical support payments under any other law, including section 252E.11.

2. When payment is made by the department for medical care or expenses through the medical assistance program on behalf of a recipient, the department shall have a lien, to the extent of those payments, upon all monetary claims which the recipient may have against third parties. A lien under this section is not effective unless the department files a notice of lien with the clerk of the district court in the county where the recipient resides and with the recipient's attorney when the recipient's eligibility for medical assistance is established. The notice of lien shall be filed before the third party has concluded a final settlement with the recipient, the recipient's attorney, or other representative. The third party shall obtain a written determination from the department concerning the amount of the lien before a

settlement is deemed final for purposes of this section. A compromise, including but not limited to a settlement, waiver or release, of a claim under this section does not defeat the department's lien except pursuant to the written agreement of the director or the director's designee. A settlement, award, or judgment structured in any manner not to include medical expenses or an action brought by a recipient or on behalf of a recipient which fails to state a claim for recovery of medical expenses does not defeat the department's lien if there is any recovery on the recipient's claim.

3. The department shall be given notice of monetary claims against third parties as follows:

a. Applicants for medical assistance shall notify the department of any possible claims against third parties upon submitting the application. Recipients of medical assistance shall notify the department of any possible claims when those claims arise.

b. A person who provides health care services to a person receiving assistance through the medical assistance program shall notify the department whenever the person has reason to believe that third parties may be liable for payment of the costs of those health care services.

c. An attorney representing an applicant for or recipient of assistance on a claim upon which the department has a lien under this section shall notify the department of the claim of which the attorney has actual knowledge, prior to filing a claim, commencing an action or negotiating a settlement offer.

(1) Actual knowledge under this section shall include the notice to the attorney pursuant to subsection 2.

(2) The mailing and deposit in a United States post office or public mailing box of the notice, addressed to the department at its state or district office location, is adequate legal notice of the claim.

4. The department's lien is valid and binding on an attorney, insurer, or other third party only upon notice by the department or unless the attorney, insurer, or third party has actual notice that the recipient is receiving medical assistance from the department and only to the extent to which the attorney, insurer, or third party has not made payment to the recipient or an assignee of the recipient prior to the notice. Payment of benefits by an insurer or third party pursuant to the rights of the lienholder in this section discharges the attorney, insurer, or third party from liability to the recipient or the recipient's assignee to the extent of the payment to the department.

5. If a recipient of assistance through the medical assistance program incurs the obligation to pay attorney fees and court costs for the purpose of enforcing a monetary claim upon which the department has a lien under this section, upon the receipt of the judgment or settlement of the total claim, of which the lien for medical assistance payments is a part, the court costs and reasonable attorney fees shall first be deducted from this total judgment or settlement. One-third of the remaining balance shall then be deducted and paid to the recipient. From the remaining balance, the lien of the department shall be paid. Any amount remaining shall be paid to the recipient. An attorney acting on behalf of a recipient of medical assistance for the purpose of enforcing a claim upon which the department has a lien shall not collect from the recipient any amount as attorney fees which is in excess of the amount which the attorney customarily would collect on claims not subject to this section.

6. For purposes of this section the term "*third party*" includes an attorney, individual, institution, corporation, or public or private agency which is or may be liable to pay part or all of the medical costs incurred as a result of injury, disease, or disability by or on behalf of an applicant for or recipient of assistance under the medical assistance program.

7. The department may enforce its lien by a civil action against any liable third party.

A civil penalty shall not exceed the amount authorized under 42 C.F.R. §488.438 for health care facility violations. Any moneys collected by the department pursuant to this section shall be applied to the protection of the health or property of the residents of the health care facilities which are determined by the state or by the federal centers for Medicare and Medicaid services to be out of compliance. The purposes for which the collected moneys shall be applied may include payment for the costs of relocation of residents to other facilities, maintenance or operation of a health care facility pending correction of deficiencies or closure of the facility, and reimbursing residents for personal funds lost. ## CHAPTER 249F

### TRANSFER OF ASSETS — MEDICAL ASSISTANCE DEBT

249F.1	Definitions.	249F.5	Filing and docketing of order — order effective as court decree.
249F.2	Creation of debt.	249F.6	Security for payment of debt — forfeiture.
249F.3	Notice of debt — failure to respond — hearing — order.	249F.6A	Exemption from chapter 17A.
249F.4	Certification to court — hearing — default.	249F.7	Administration.
		249F.8	Inconsistency with federal laws.

**249F.1 Definitions.**

As used in this chapter, unless the context otherwise requires:

1. “*Medical assistance*” means “*mandatory medical assistance*”, “*optional medical assistance*”, “*discretionary medical assistance*”, or “*Medicare cost sharing*” as each is defined in section 249A.2 which is provided to an individual pursuant to chapter 249A and Tit. XIX of the federal Social Security Act.

2. a. “*Transfer of assets*” means any transfer or assignment of a legal or equitable interest in property, as defined in section 702.14, from a transferor to a transferee for less than fair consideration, made while the transferor is receiving medical assistance or within five years prior to application for medical assistance by the transferor. Any such transfer or

assignment is presumed to be made with the intent, on the part of the transferee; transferor; or another person acting on behalf of a transferor who is an actual or implied agent, guardian, attorney-in-fact, or person acting as a fiduciary, of enabling the transferor to obtain or maintain eligibility for medical assistance or of impacting the recovery or payment of a medical assistance debt. This presumption is rebuttable only by clear and convincing evidence that the transferor's eligibility or potential eligibility for medical assistance or the impact on the recovery or payment of a medical assistance debt was no part of the reason of the transferee; transferor; or other person acting on behalf of a transferor who is an actual or implied agent, guardian, attorney-in-fact, or person acting as a fiduciary for making or accepting the transfer or assignment. A transfer of assets includes a transfer of an interest in the transferor's home, domicile, or land appertaining to such home or domicile while the transferor is receiving medical assistance, unless otherwise exempt under paragraph "b".

b. However, transfer of assets does not include the following:

(1) Transfers to or for the sole benefit of the transferor's spouse, including a transfer to a spouse by an institutionalized spouse pursuant to section 1924(f)(1) of the federal Social Security Act.

(2) Transfers to or for the sole benefit of the transferor's child who is blind or has a disability as defined in section 1614 of the federal Social Security Act.

(3) Transfer of a dwelling, which serves as the transferor's home as defined in 20 C.F.R. §416.1212, to a child of the transferor under twenty-one years of age.

(4) Transfer of a dwelling, which serves as the transferor's home as defined in 20 C.F.R. §416.1212, after the transferor is institutionalized, to either of the following:

(a) A sibling of the transferor who has an equity interest in the dwelling and who was residing in the dwelling for a period of at least one year immediately prior to the date the transferor became institutionalized.

(b) A child of the transferor who was residing in the dwelling for a period of at least two years immediately prior to the date the transferor became institutionalized and who provided care to the transferor which permitted the transferor to reside at the dwelling rather than in an institution or facility.

(5) Transfers of less than two thousand dollars. However, all transfers by the same transferor during the five-year period prior to application for medical assistance by the transferor shall be aggregated. If a transferor transfers property to more than one transferee during the five-year period prior to application for medical assistance by the transferor, the two thousand dollar exemption shall be divided equally between the transferees.

(6) Transfers of assets that would, at the time of the transferor's application for medical assistance, have been exempt from consideration as a resource if retained by the transferor, pursuant to 42 U.S.C. §1382b(a), as implemented by regulations adopted by the secretary of the United States department of health and human services, excluding the home and land appertaining to the home.

(7) Transfers to a trust established solely for the benefit of the transferor's child who is blind or permanently and totally disabled as defined in the federal Social Security Act, section 1614, as codified in 42 U.S.C. §1382c.

(8) Transfers to a trust established solely for the benefit of an individual under sixty-five years of age who is disabled, as defined in the federal Social Security Act, section 1614, as codified in 42 U.S.C. §1382c.

3. "*Transferee*" means the person who receives a transfer of assets.

4. "*Transferor*" means the person who makes a transfer of assets.

#### **249F.2 Creation of debt.**

A transfer of assets creates a debt due and owing to the department of human services from the transferee in an amount equal to medical assistance provided to or on behalf of the

transferor, on or after the date of the transfer of assets, but not exceeding the fair market value of the assets at the time of the transfer.

(3) A statement that after the holding of the conference, the department of human services may issue a new notice to be sent to the transferee by first-class mail addressed to the transferee at the transferee's last known address, or if applicable, to the transferee's attorney at the last known address of the transferee's attorney.

(4) A statement that if the department of human services issues a new notice, the transferee has until ten days after the date of mailing of the new notice or until twenty days after the date of service of the original notice, whichever is later, to send a request for a hearing to the department of human services.

e. A statement that if the transferee objects to all or any part of the original notice and no conference is requested, the transferee has until twenty days after the date of service of the original notice to send a written response setting forth any objections and requesting a hearing to the department of human services.

f. A statement that if a timely written request for a hearing is received by the department of human services, the transferee has the right to a hearing to be held in district court as provided in section 249F.4; and that if no timely written request for hearing is received, the department of human services will enter an order in accordance with the latest notice.

h. A statement that the transferee must notify the department of human services of any change of address or employment.

i. A statement that if the transferee has any questions concerning the transfer of assets, the transferee should contact the department of human services or consult an attorney.

j. Other information as the department of human services finds appropriate.

3. If a timely written request for hearing is not received by the department of human services, the department may enter an order in accordance with the latest notice, and the order shall specify all of the following:

a. The amount to be paid with directions as to the manner of payment.

b. The amount of the debt accrued and accruing in favor of the department of human services.

c. Notice that the property of the transferee is subject to collection action, including but not limited to wage withholding, garnishment, attachment of a lien, and execution.

4. The transferee shall be sent a copy of the order by first-class mail addressed to the transferee at the transferee's last known address, or if applicable, to the transferee's attorney at the last known address of the transferee's attorney. Code editor directive applied

**249K.3 General provisions — instant relief — nondirect care limit exception.**

1. A provider that constructs a complete replacement, makes major renovations to, or newly constructs a nursing facility may be entitled to the rate relief and exceptions provided under this chapter. The total period during which a provider may participate in any relief shall not exceed two years. The total period during which a provider may participate in any nondirect care limit exception shall not exceed ten years. A provider seeking assistance under this chapter may request both instant relief and the nondirect care limit exception.

2. If the provider requests instant relief, the following provisions shall apply:

a. The provider shall submit a written request for instant relief to the Iowa Medicaid enterprise explaining the nature, timing, and goals of the project and the time period during which the relief is requested. The written request shall clearly state if the provider

is also requesting the nondirect care limit exception. The written request for instant relief shall be submitted no earlier than thirty days prior to the placement of the provider's assets in service. The written request for relief shall provide adequate details to calculate the estimated value of relief including but not limited to the total cost of the project, the estimated annual depreciation expenses using generally accepted accounting principles, the estimated useful life based upon existing medical assistance and Medicare provisions, and a copy of the most current depreciation schedule. If interest expenses are included, a copy of the general terms of the debt service and the estimated annual amount of the interest expenses shall be submitted with the written request for relief.

b. The following shall apply to the value of relief amount:

(1) If interest expenses are disclosed, the amount of these expenses shall be added to the value of relief.

(2) The calculation of the estimated value of relief shall take into consideration the removal of existing assets and debt service.

(3) The calculation of the estimated value of relief shall be demonstrated as an amount per patient day to be added to the nondirect care component for the relevant period. The estimated annual patient days for this calculation shall be determined based upon budgeted amounts or the most recent annual total as demonstrated on the provider's Medicaid financial and statistical report. For the purposes of calculating the per diem relief, total patient days shall be the greater of the estimated annual patient days or eighty-five percent of the facility's estimated licensed capacity.

(4) The combination of the nondirect care component and the estimated value of relief shall not exceed one hundred and ten percent of the nondirect care median for the relevant period. If a nondirect care limit exception has been requested and granted, the combination of the nondirect care component and the estimated value of relief shall not exceed one hundred twenty percent of the nondirect care median for the relevant period.

c. Instant relief granted under this subsection shall begin the first day of the calendar quarter following placement of the provider's assets in service. If the required information to calculate the instant relief, as specified in paragraph "a", is not submitted prior to the first day of the calendar quarter following placement of the provider's assets in service, instant relief shall instead begin on the first day of the calendar quarter following receipt of the required information.

d. Instant relief granted under this subsection shall be terminated at the time of the provider's subsequent biannual rebasing when the submission of the annual cost report for the provider includes the new replacement costs and the annual property costs reflect the new assets.

e. During the period in which instant relief is granted, the Iowa Medicaid enterprise shall recalculate the value of the instant relief based on allowable costs and patient days reported on the annual financial and statistical report. For purposes of calculating the per diem relief, total patient days shall be the greater of actual annual patient days or eighty-five percent of the facility's licensed capacity. The actual value of relief shall be added to the nondirect care component for the relevant period, not to exceed one hundred ten percent of the nondirect care median for the relevant period or not to exceed one hundred twenty percent of the nondirect care median for the relevant period if the nondirect care limit exception is requested and granted. The provider's quarterly rates for the relevant period shall be retroactively adjusted to reflect the revised nondirect care rate. All claims with dates of service from the date that instant relief is granted to the date that the instant relief is terminated shall be repriced to reflect the actual value of the instant relief per diem utilizing a mass adjustment.

3. If the provider requests the nondirect care limit exception, all of the following shall apply:

a. The nondirect care limit for the rate setting period shall be increased to one hundred and twenty percent of the median for the relevant period.

b. The exception period shall not exceed a period of two years. If the provider is requesting only the nondirect care limit exception, the request shall be submitted within sixty days of the release of the July 1 rate determination letters following each biannual rebasing cycle, and shall be effective the first day of the month following receipt of the

request. If applicable, the provider shall identify any time period in which instant relief was granted and shall indicate how many times the instant relief or nondirect care limit exception was granted previously.

2007 Acts, ch 219, §37, 41, 43

Referred to in §249K.4

#### **249K.4 Preliminary evaluation.**

1. A provider preparing cost or other feasibility projections for a request for relief or an exception pursuant to section 249K.3 may submit a request for preliminary evaluation.

2. The request shall contain all of the information required for the type of assistance sought pursuant to section 249K.3.

3. The provider shall estimate the timing of the initiation and completion of the project to allow the department to respond with estimates of both instant relief and the nondirect care limit exception.

4. The department shall respond to a request for preliminary evaluation under this section within thirty days of receipt of the request. **249L.3 Quality assurance assessment — imposed — collection — deposit — documentation — civil actions.**

1. *a.* A nursing facility in this state shall be assessed a quality assurance assessment for each patient day for the preceding quarter.

*b.* The quality assurance assessment shall be implemented as a broad-based health care-related tax as defined in 42 U.S.C. §1396b(w)(3)(B).

*c.* The quality assurance assessment shall be imposed uniformly upon all nursing facilities, unless otherwise provided in this chapter.

*d.* The aggregate quality assurance assessments imposed under this chapter shall not exceed the maximum amount that may be assessed pursuant to the indirect guarantee threshold as established pursuant to 42 C.F.R. §433.68(f)(3)(i), and shall be stated on a per-patient-day basis.

2. The quality assurance assessment shall be paid by each nursing facility to the department on a quarterly basis after the nursing facility's medical assistance payment rates are adjusted to include funds appropriated from the quality assurance trust fund for that purpose. The department shall prepare and distribute a form upon which nursing facilities shall calculate and report the quality assurance assessment. A nursing facility shall submit the completed form with the assessment amount no later than thirty days following the end of each calendar quarter.

3. A nursing facility shall retain and preserve for a period of three years such books and records as may be necessary to determine the amount of the quality assurance assessment for which the nursing facility is liable under this chapter. The department may inspect and copy the books and records of a nursing facility for the purpose of auditing the calculation of the quality assurance assessment. All information obtained by the department under this subsection is confidential and does not constitute a public record.

4. The department shall collect the quality assurance assessment imposed and shall deposit all revenues collected in the quality assurance trust fund created in section 249L.4.

5. If the department determines that a nursing facility has underpaid or overpaid the quality assurance assessment, the department shall notify the nursing facility of the amount of the unpaid quality assurance assessment or refund due. Such payment or refund shall be due or refunded within thirty days of the issuance of the notice.

6. *a.* A nursing facility that fails to pay the quality assurance assessment within the time frame specified in this section shall pay, in addition to the outstanding quality assurance assessment, a penalty of one and five-tenths percent of the quality assurance assessment amount owed for each month or portion of each month that the payment is overdue. However, if the department determines that good cause is shown for failure to comply with payment of the quality assurance assessment, the department shall waive the penalty or a portion of the penalty.

*b.* If a quality assurance assessment has not been received by the department by the last day of the month in which the payment is due, the department shall withhold an amount equal to the quality assurance assessment and penalty owed from any payment due such nursing facility under the medical assistance program.

*c.* The quality assurance assessment imposed under this chapter constitutes a debt due the state and may be collected by civil action, including but not limited to the filing of tax liens, and any other method provided for by law.

*d.* Any penalty collected pursuant to this subsection shall be credited to the quality assurance trust fund.

7. If federal financial participation to match the quality assurance assessments made under this section becomes unavailable under federal law, the department shall terminate the imposition of the assessments beginning on the date the federal statutory, regulatory, or interpretive change takes effect.

**249L.4 Quality assurance trust fund — limitations of use — reimbursement adjustments to nursing facilities.**

1. A quality assurance trust fund is created in the state treasury under the authority of the

department. Moneys received through the collection of the nursing facility quality assurance assessment imposed under this chapter and any other moneys specified for deposit in the trust fund shall be deposited in the trust fund.

2. Moneys in the trust fund shall be used, subject to their appropriation by the general assembly, by the department only for reimbursement of nursing facility services for which federal financial participation under the medical assistance program is available to match state funds. Moneys appropriated from the trust fund for reimbursement of nursing facilities, in addition to the quality assurance assessment pass-through and the quality assurance assessment rate add-on which shall be used as specified in subsection 5, paragraph “b”, shall be used in a manner such that no less than thirty-five percent of the amount received by a nursing facility is used for increases in compensation and costs of employment for direct care workers, and no less than sixty percent of the total is used to increase compensation and costs of employment for all nursing facility staff. For the purposes of use of such funds, “direct care worker”, “nursing facility staff”, “increases in compensation”, and “costs of employment” mean as defined or specified in this chapter.

3. The trust fund shall be separate from the general fund of the state and shall not be considered part of the general fund of the state. The moneys in the trust fund shall not be considered revenue of the state, but rather shall be funds of the quality assurance assessment program. The moneys deposited in the trust fund are not subject to section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered, except to provide for the purposes of this chapter. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the trust fund shall be credited to the trust fund.

4. The department shall adopt rules pursuant to chapter 17A to administer the trust fund and reimbursements made from the trust fund.

5. a. The determination of medical assistance reimbursements to nursing facilities shall continue to be calculated in accordance with the modified price-based case-mix reimbursement system as specified in 2001 Iowa Acts, ch. 192, §4, subsection 2, paragraph “c”. In addition, moneys that are appropriated from the trust fund for reimbursements to nursing facilities that serve the medically indigent shall be used to provide the following nursing facility reimbursement rate adjustment increases within the parameters specified:

(1) A quality assurance assessment pass-through. This rate add-on shall account for the cost incurred by the nursing facility in paying the quality assurance assessment, but only with respect to the pro rata portion of the assessment that correlates with the patient days in the nursing facility that are attributable to medically indigent residents.

(2) A quality assurance assessment rate add-on. This rate add-on shall be calculated on a per-patient-day basis for medically indigent residents. The amount paid to a nursing facility as a quality assurance assessment rate add-on shall be ten dollars per patient day.

(3) Nursing facility payments for rebasing pursuant to 2001 Iowa Acts, ch. 192, §4, subsection 3, paragraph “a”, subparagraph (2).

b. (1) It is the intent of the general assembly that priority in expenditure of rate adjustment increases provided to nursing facilities through the quality assurance assessment be related to the compensation and costs of employment for nursing facility staff.

(2) If the sum of the quality assurance assessment pass-through and the quality assurance assessment rate add-on is greater than the total cost incurred by a nursing facility in payment of the quality assurance assessment, no less than thirty-five percent of the difference shall be used to increase compensation and costs of employment for direct care workers and no less than sixty percent of the difference shall be used to increase compensation and costs of employment for all nursing facility staff.

(3) For the purposes of determining what constitutes increases in compensation and costs of employment the following shall apply:

(a) Increases in compensation shall include but are not limited to starting hourly wages, average hourly wages paid, and total wages including both productive and nonproductive wages, and as specified by rule of the department.

(b) Increases in total costs of employment shall include but are not limited to costs of benefit programs with specific reporting for group health plans, group retirement plans, leave benefit plans, employee assistance programs, payroll taxes, workers’ compensation, training,

education, career development programs, tuition reimbursement, transportation, and child care, and as specified by rule of the department.

(c) Direct care workers and nursing facility staff do not include nursing facility administrators, administrative staff, or home office staff.

(4) Each nursing facility shall submit to the department, information in a form as specified by the department and developed in cooperation with representatives of the Iowa caregivers association, the Iowa health care association, leading age Iowa, and the AARP Iowa chapter, that demonstrates compliance by the nursing facility with the requirements for use of the rate adjustment increases and other reimbursements provided to nursing facilities through the quality assurance assessment.

6. The department shall report annually to the general assembly regarding the use of moneys deposited in the trust fund and appropriated to the department.

Each participating hospital shall receive the same percentage increase, but the percentage may differ depending on whether the basis for the base rate increase is the diagnostic related groups or ambulatory patient classifications.

### 252A.3 Liability for support.

For the purpose of this chapter:

1. A spouse is liable for the support of the other spouse and any child or children under eighteen years of age and any other dependent. The court shall establish the respondent’s monthly support payment and the amount of the support debt accrued and accruing pursuant to section 598.21A or 598.21B, as applicable.

2. A parent is liable for the support of the parent’s child or children under eighteen years of age, whenever the other parent of such child or children is dead, or cannot be found, or is incapable of supporting the child or children, and, if the liable parent is possessed of sufficient means or able to earn the means. The court having jurisdiction of the respondent in a proceeding instituted under this chapter shall establish the respondent’s monthly support payment and the amount of the support debt accrued and accruing pursuant to section 598.21B. The support obligation shall include support of a parent’s child between the ages of eighteen and nineteen years if the child is engaged full-time in completing high school graduation or equivalency requirements in a manner which is reasonably expected to result in completion of the requirements prior to the person reaching nineteen years of age.

3. The parents are severally liable for the support of a dependent child eighteen years of age or older, whenever such child is unable to maintain the child’s self and is likely to become a public charge.

4. A child or children born of parents who, at any time prior or subsequent to the birth of such child, have entered into a civil or religious marriage ceremony, shall be deemed the legitimate child or children of both parents, regardless of the validity of such marriage.

5. a. A child born of parents who at any time prior to the birth of the child entered into a civil or religious marriage ceremony is deemed the legitimate child of both parents, regardless of the validity of such marriage, if all of the following conditions are met:

(1) The marriage was not thereafter dissolved prior to the death of either parent.

(2) The child was conceived and born after the death of a parent or was born as the result of the implantation of an embryo after the death of a parent.

(3) A genetic parent-child relationship between the child and the deceased parent is established.

(4) The deceased parent, in a signed writing, authorized the other parent to use the deceased parent’s genetic material to initiate the posthumous procedure that resulted in the child’s birth, or the deceased parent, by a specific reference to the genetic material, bequeathed the genetic material to the other parent in a valid will.

(5) The child is born within two years of the death of the deceased parent.

b. For the purposes of this subsection, “*genetic material*” means sperm, eggs, or embryos.

6. A child or children born of parents who held or hold themselves out as husband and wife by virtue of a common law marriage are deemed the legitimate child or children of both parents.

7. a. A child born of parents who at any time prior to the birth of the child held themselves

out as spouses by virtue of a common law marriage is deemed the legitimate child of both parents, if all of the following conditions are met:

- (1) The marriage was not thereafter dissolved prior to the death of either parent.
- (2) The child was conceived and born after the death of a parent or was born as the result of the implantation of an embryo after the death of a parent.

- (3) A genetic parent-child relationship between the child and the deceased parent is established.

- (4) The deceased parent, in a signed writing, authorized the other parent to use the deceased parent's genetic material to initiate the posthumous procedure that resulted in the child's birth, or the deceased parent, by a specific reference to the genetic material, bequeathed the genetic material to the other parent in a valid will.

- (5) The child is born within two years of the death of the deceased parent.

- b. For purposes of this subsection, "*genetic material*" means sperm, eggs, or embryos.

8. A man or woman who was or is held out as the person's spouse by a person by virtue of a common law marriage is deemed the legitimate spouse of such person.

9. Notwithstanding the fact that the respondent has obtained in any state or foreign country a final decree of divorce or separation from the respondent's spouse or a decree dissolving the marriage, the respondent shall be deemed legally liable for the support of any dependent child of such marriage.

10. The parents of a child born out of wedlock shall be severally liable for the support of the child, but the liability of the father shall not be enforceable unless paternity has been legally established. Paternity may be established as follows:

- a. By order of a court of competent jurisdiction or by administrative order when authorized by state law.

- b. By the statement of the person admitting paternity in court and upon concurrence of the mother. If the mother was married, at the time of conception, birth, or at any time during the period between conception and birth of the child, to an individual other than the person admitting paternity, the individual to whom the mother was married at the time of conception, birth, or at any time during the period between conception and birth must deny paternity in order to establish the paternity of the person admitting paternity upon the sole basis of the admission.

- c. Subject to the right of any signatory to rescind as provided in section 252A.3A, subsection 12, by the filing and registration by the state registrar of an affidavit of paternity executed on or after July 1, 1993, as provided in section 252A.3A, provided that the mother of the child was unmarried at the time of conception, birth, and at any time during the period between conception and birth of the child or if the mother was married at the time of conception, birth, or at any time during the period between conception and birth of the child, a court of competent jurisdiction has determined that the individual to whom the mother was married at that time is not the father of the child.

- d. By establishment of paternity in another state or foreign country in any manner provided for by the laws of that jurisdiction.

11. If paternity of a child born out of wedlock is established as provided in subsection 10, the court shall establish the respondent's monthly support payment and the amount of the support debt accrued and accruing pursuant to section 598.21B. The support obligation shall include support of the child between the ages of eighteen and nineteen years if the child is engaged full-time in completing high school graduation or equivalency requirements in a manner which is reasonably expected to result in completion of the requirements prior to the person reaching nineteen years of age.

12. The court may order a party to pay sums sufficient to provide necessary food, shelter, clothing, care, medical or hospital expenses, including medical support as defined in chapter 252E, expenses of confinement, expenses of education of a child, funeral expenses, and such

other reasonable and proper expenses of the dependent as justice requires, giving due regard to the circumstances of the respective parties.

### **252A.3A Establishing paternity by affidavit.**

1. The paternity of a child born out of wedlock may be legally established by the completion, filing, and registration by the state registrar of an affidavit of paternity only as provided by this section.

2. When paternity has not been legally established, paternity may be established by affidavit under this section for the following children:

a. The child of a woman who was unmarried at the time of conception, birth, and at any time during the period between conception and birth of the child.

b. The child of a woman who is married at the time of conception, birth, or at any time during the period between conception and birth of the child if a court of competent jurisdiction has determined that the individual to whom the mother was married at that time is not the father of the child.

3. a. Prior to or at the time of completion of an affidavit of paternity, written and oral information about paternity establishment, developed by the child support recovery unit created in section 252B.2, shall be provided to the mother and putative father. Video or audio equipment may be used to provide oral information.

b. The information provided shall include a description of parental rights and responsibilities, including the duty to provide financial support for the child, the benefits of establishing paternity, and the alternatives to and legal consequences of signing an affidavit of paternity, including the rights available if a parent is a minor.

c. Copies of the written information shall be made available by the child support recovery unit or the Iowa department of public health to those entities where an affidavit of paternity may be obtained as provided under subsection 4.

4. a. The affidavit of paternity form developed and used by the Iowa department of public health is the only affidavit of paternity form recognized for the purpose of establishing paternity under this section. It shall include the minimum requirements specified by the secretary of the United States department of health and human services pursuant to 42 U.S.C. §652(a)(7). A properly completed affidavit of paternity form developed by the Iowa department of public health and existing on or after July 1, 1993, but which is superseded by a later affidavit of paternity form developed by the Iowa department of public health, shall have the same legal effect as a paternity affidavit form used by the Iowa department of public health on or after July 1, 1997, regardless of the date of the filing and registration of the affidavit of paternity, unless otherwise required under federal law.

b. The form shall be available from the state registrar, each county registrar, the child support recovery unit, and any institution in the state.

c. The Iowa department of public health shall make copies of the form available to the entities identified in paragraph “b” for distribution.

5. A completed affidavit of paternity shall contain or have attached all of the following:

a. A statement by the mother consenting to the assertion of paternity and the identity of the father and acknowledging either of the following:

(1) That the mother was unmarried at the time of conception, birth, and at any time during the period between conception and birth of the child.

(2) That the mother was married at the time of conception, birth, or at any time during the period between conception and birth of the child, and that a court order has been entered ruling that the individual to whom the mother was married at that time is not the father of the child.

b. If paragraph “a”, subparagraph (2), is applicable, a certified copy of the filed order ruling that the husband is not the father of the child.

- c. A statement from the putative father that the putative father is the father of the child.
  - d. The name of the child at birth and the child's birth date.
  - e. The signatures of the mother and putative father.
  - f. The social security numbers of the mother and putative father.
  - g. The addresses of the mother and putative father, as available.
  - h. The signature of a notary public under chapter 9B attesting to the identities of the parties signing the affidavit of paternity.
  - i. Instructions for filing the affidavit.
6. A completed affidavit of paternity shall be filed with the state registrar. However, if the affidavit of paternity is obtained directly from the county registrar, the completed affidavit may be filed with the county registrar who shall forward the original affidavit to the state registrar. For the purposes of legal establishment of paternity under this section, paternity is legally established only upon filing of the affidavit with and registration of the affidavit by the state registrar subject to the right of any signatory to rescission pursuant to subsection 12.
7. The state registrar shall make copies of affidavits of paternity and identifying information from the affidavits filed and registered pursuant to this section available to the child support recovery unit created under section 252B.2 in accordance with section 144.13, subsection 4, and any subsequent rescission form which rescinds the affidavit.
8. An affidavit of paternity completed and filed with and registered by the state registrar pursuant to this section has all of the following effects:
- a. Is admissible as evidence of paternity.
  - b. Has the same legal force and effect as a judicial determination of paternity subject to the right of any signatory to rescission pursuant to subsection 12.
  - c. Serves as a basis for seeking child or medical support without further determination of paternity subject to the right of any signatory to rescission pursuant to subsection 12.
9. All institutions in the state shall provide the following services with respect to any newborn child born out of wedlock:
- a. Prior to discharge of the newborn from the institution, the institution where the birth occurs shall provide the mother and, if present, the putative father, with all of the following:
    - (1) Written and oral information about establishment of paternity pursuant to subsection 3.
    - (2) Video or audio equipment may be used to provide oral information.
    - (3) An affidavit of paternity form.
    - (4) An opportunity for consultation with the staff of the institution regarding the written information provided under subparagraph (1).
    - (5) An opportunity to complete an affidavit of paternity at the institution, as provided in this section.
  - b. The institution shall file any affidavit of paternity completed at the institution with the state registrar, pursuant to subsection 6, accompanied by a copy of the child's birth certificate, within ten days of the birth of the child.
10. a. An institution may be reimbursed by the child support recovery unit created in section 252B.2 for providing the services described under subsection 9, or may provide the services at no cost.
- b. An institution electing reimbursement shall enter into a written agreement with the child support recovery unit for this purpose.
  - c. An institution entering into an agreement for reimbursement shall assist the parents of a child born out of wedlock in completing and filing an affidavit of paternity.
  - d. Reimbursement shall be based only on the number of affidavits completed in compliance with this section and submitted to the state registrar during the duration of the written agreement with the child support recovery unit.
  - e. The reimbursement rate is twenty dollars for each completed affidavit filed with the state registrar.
11. The state registrar, upon request of the mother or the putative father, shall provide the following services with respect to a child born out of wedlock:
- a. Written and oral information about the establishment of paternity pursuant to subsection 3. Video or audio equipment may be used to provide oral information.
  - b. An affidavit of paternity form.

c. An opportunity for consultation with staff regarding the information provided under paragraph “a”.

12. a. A completed affidavit of paternity may be rescinded by registration by the state registrar of a completed and notarized rescission form signed by either the mother or putative father who signed the affidavit of paternity that the putative father is not the father of the child. The completed and notarized rescission form shall be filed with the state registrar for the purpose of registration prior to the earlier of the following:

(1) Sixty days after the latest notarized signature of the mother or putative father on the affidavit of paternity.

(2) Entry of a court order pursuant to a proceeding in this state to which the signatory is a party relating to the child, including a proceeding to establish a support order under this chapter, chapter 252C, 252F, 598, or 600B or other law of this state.

b. Unless the state registrar has received and registered an order as provided in section 252A.3, subsection 10, paragraph “a”, which legally establishes paternity, upon registration of a timely rescission form the state registrar shall remove the father’s information from the certificate of birth, and shall send a written notice of the rescission to the last known address of the signatory of the affidavit of paternity who did not sign the rescission form.

c. The Iowa department of public health shall develop a rescission form and an administrative process for rescission. The form shall be the only rescission form recognized for the purpose of rescinding a completed affidavit of paternity. A completed rescission form shall include the signature of a notary public attesting to the identity of the party signing the rescission form. The Iowa department of public health shall adopt rules which establish a fee, based upon the average administrative cost, to be collected for the registration of a rescission.

d. If an affidavit of paternity has been rescinded under this subsection, the state registrar shall not register any subsequent affidavit of paternity signed by the same mother and putative father relating to the same child.

13. The child support recovery unit may enter into a written agreement with an entity designated by the secretary of the United States department of health and human services to offer voluntary paternity establishment services.

a. The agreement shall comply with federal requirements pursuant to 42 U.S.C. §666(a)(5)(C) including those regarding notice, materials, training, and evaluations.

b. The agreement may provide for reimbursement of the entity by the state if reimbursement is permitted by federal law.

#### **252A.5 When proceeding may be maintained.**

Unless prohibited pursuant to 28 U.S.C. §1738B, a proceeding to compel support of a dependent may be maintained under this chapter in any of the following cases:

1. Where the petitioner and the respondent are residents of or domiciled or found in this state or where this state may exercise personal jurisdiction over a nonresident respondent under section 252K.201.

2. Whenever the state or a political subdivision thereof furnishes support to a dependent, it has the same right through proceedings instituted by the petitioner’s representative to invoke the provisions hereof as the dependent to whom the support was furnished, for the purpose of securing reimbursement of expenditures so made and of obtaining continuing support; the petition in such case may be verified by any official having knowledge of such expenditures without further verification of any person and consent of the dependent shall not be required in order to institute proceedings under this chapter. 90 Acts, ch 1224, §3

#### **252A.6 How commenced — trial.**

1. A proceeding under this chapter shall be commenced by filing a verified petition in the court in equity in the county where the dependent resides or is domiciled, or if the dependent does not reside in or is not domiciled in this state, where the petitioner or respondent resides, or where public assistance has been provided for the dependent. The petition shall show the name, age, residence, and circumstances of the dependent, alleging that the dependent is in need of and is entitled to support from the respondent, giving the respondent's name, age, residence, and circumstances, and praying that the respondent be compelled to furnish such support. The petitioner may include in or attach to the petition any information which may help in locating or identifying the respondent including, but without limitation by enumeration, a photograph of the respondent, a description of any distinguishing marks of the respondent's person, other names and aliases by which the respondent has been or is known, the name of the respondent's employer, the respondent's fingerprints, or social security number.

2. It shall not be necessary for the dependent or the dependent's witnesses to appear personally at a hearing on the petition, but it shall be the duty of the petitioner's representative to appear on behalf of and represent the petitioner at all stages of the proceeding.

3. If at a hearing on the petition the respondent controverts the petition and enters a verified denial of any of the material allegations, the judge presiding at the hearing shall stay the proceedings. The petitioner shall be given the opportunity to present further evidence to address issues which the respondent has controverted.

4. If the respondent appears at the hearing and fails to answer the petition or admits the allegations of the petition, or if, after a hearing, the court has found and determined that the prayer of the petitioner, or any part of the prayer, is supported by the evidence adduced in the proceeding, and that the dependent is in need of and entitled to support from a party, the court shall make and enter an order directing a party to furnish support for the dependent and to pay a sum as the court determines pursuant to section 598.21A or 598.21B, as applicable. Upon entry of an order for support or upon failure of a person to make payments pursuant to an order for support, the court may require a party to provide security, a bond, or other guarantee which the court determines is satisfactory to secure the payment of the support. Upon the party's failure to pay the support under the order, the court may declare the security, bond, or other guarantee forfeited.

5. The court making such order may require the party to make payment at specified

intervals to the clerk of the district court or to the collection services center, and to report personally to the sheriff or any other official, at such times as may be deemed necessary.

6. A party who willfully fails to comply with or who violates the terms or conditions of the support order or of the party's probation shall be punished by the court in the same manner and to the same extent as is provided by law for a contempt of such court or a violation of probation ordered by such court in any other suit or proceeding cognizable by such court.

7. Except as provided in 28 U.S.C. §1738B, any order of support issued by a court shall not supersede any previous order of support issued in a divorce or separate maintenance action, but the amounts for a particular period paid pursuant to either order shall be credited against amounts accruing or accrued for the same period under both. This subsection also applies to orders entered following an administrative process including, but not limited to, the administrative processes provided pursuant to chapters 252C and 252F.

#### **252A.6A Additional provisions regarding paternity establishment.**

1. When an action is initiated under this chapter to establish paternity, all of the following shall apply:

a. Except with the consent of all parties, the trial shall not be held until after the birth of the child and shall be held no earlier than twenty days from the date the respondent is served with notice of the action or, if blood or genetic tests are conducted, no earlier than thirty days from the date the test results are filed with the clerk of the district court as provided under section 600B.41.

b. If the respondent, after being served with notice as required under section 252A.6, fails to timely respond to the notice, or to appear for blood or genetic tests pursuant to a court or administrative order, or to appear at a scheduled hearing after being provided notice of the hearing, the court shall find the respondent in default, and shall enter an order establishing paternity and establishing the monthly child support payment and the amount of the support debt accrued and accruing pursuant to section 598.21B, or medical support pursuant to chapter 252E, or both.

c. Appropriate genetic testing procedures shall be used which include any genetic test generally acknowledged as reliable by accreditation bodies designated by the secretary of the United States department of health and human services and which are performed by a laboratory approved by such an accreditation body.

d. A copy of a bill for blood or genetic testing, or for the cost of prenatal care or the birth of the child, shall be admitted as evidence without requiring third-party foundation testimony and shall constitute prima facie evidence of amounts incurred for testing.

2. When an action is initiated to establish child or medical support based on a prior determination of paternity and the respondent files an answer to the notice denying paternity, all of the following shall apply:

a. (1) If the prior determination of paternity is based on an affidavit of paternity filed pursuant to section 252A.3A, or an administrative order entered pursuant to chapter 252F, or an order by the courts of this state, or by operation of law when the mother and established father are or were married to each other, the provisions of section 600B.41A are applicable.

(2) If the court determines that the prior determination of paternity should not be overcome, pursuant to section 600B.41A, and that the party has a duty to provide support, the court shall enter an order establishing the monthly child support payment and the amount of the support debt accrued and accruing pursuant to section 598.21B, or medical support pursuant to chapter 252E, or both.

b. If the prior determination of paternity is based on an administrative or court order or by any other means, pursuant to the laws of another state or foreign country, an action to overcome the prior determination of paternity shall be filed in that jurisdiction. Unless the party requests and is granted a stay of an action to establish child or medical support, the action shall proceed as otherwise provided.

3. If the expert analyzing the blood or genetic test concludes that the test results demonstrate that the putative father is not excluded and that the probability of the putative father's paternity is ninety-nine percent or higher and if the test results have not been challenged, the court, upon motion by a party, shall enter a temporary order for child support to be paid pursuant to section 598.21B. The court shall require temporary support to be paid to the clerk of court or to the collection services center. If the court subsequently determines the putative father is not the father, the court shall terminate the temporary support order. All support obligations which came due prior to the order terminating temporary support are unaffected by this action and remain a judgment subject to enforcement.

#### **252B.5 Services of unit.**

The child support recovery unit shall provide the following services:

1. Assistance in the location of an absent parent or any other person who has an obligation to support the child of the resident parent.

2. Aid in establishing paternity and securing a court or administrative order for support pursuant to chapter 252A, 252C, 252F, or 600B, or any other chapter providing for the establishment of paternity or support. In an action to establish support, the resident parent may be a proper party defendant for purposes of determining medical support as provided in section 252E.1A upon service of notice as provided in this chapter and without a court order as provided in the rules of civil procedure. The unit's independent cause of action shall not bar a party from seeking support in a subsequent proceeding.

3. Aid in enforcing through court or administrative proceedings an existing court order for support issued pursuant to chapter 252A, 252C, 252F, 598, or 600B, or any other chapter under which child or medical support is granted. The director may enter into a contract with a private collection agency to collect support payments for cases which have been identified by the department as difficult collection cases if the department determines that this form of collection is more cost-effective than departmental collection methods. The department shall utilize, to the maximum extent possible, every available automated process to collect support payments prior to referral of a case to a private collection agency. A private collection agency with whom the department enters a contract under this subsection shall comply with state and federal confidentiality requirements and debt collection laws. The director may use a portion of the state share of funds collected through this means to pay the costs of any contract authorized under this subsection.

4. Assistance to set off against a debtor's income tax refund or rebate any support debt,

which is assigned to the department of human services or which the child support recovery unit is attempting to collect on behalf of any individual not eligible as a public assistance recipient, which has accrued through written contract, subrogation, or court judgment, and which is in the form of a liquidated sum due and owing for the care, support, or maintenance of a child. Unless the periodic payment plan provisions for a retroactive modification pursuant to section 598.21C apply, the entire amount of a judgment for accrued support, notwithstanding compliance with a periodic payment plan or regardless of the date of entry of the judgment, is due and owing as of the date of entry of the judgment and is delinquent for the purposes of setoff, including for setoff against a debtor's federal income tax refund or other federal nontax payment. The department of human services shall adopt rules pursuant to chapter 17A necessary to assist the department of administrative services in the implementation of the child support setoff as established under section 8A.504.

5. *a.* In order to maximize the amount of any tax refund to which an obligor may be entitled and which may be applied to child support and medical support obligations, cooperate with any volunteer or free income tax assistance programs in the state in informing obligors of the availability of the programs.

*b.* The child support recovery unit shall publicize the services of the volunteer or free income tax assistance programs by distributing printed materials regarding the programs.

6. Determine periodically whether an individual receiving unemployment compensation benefits under chapter 96 owes a support obligation which is being enforced by the unit, and enforce the support obligation through court or administrative proceedings to have specified amounts withheld from the individual's unemployment compensation benefits.

7. Assistance in obtaining medical support as defined in chapter 252E.

8. *a.* At the request of either parent who is subject to the order of support or upon its own initiation, review the amount of the support award in accordance with the guidelines established pursuant to section 598.21B, and Tit. IV-D of the federal Social Security Act, as amended, and take action to initiate modification proceedings if the criteria established pursuant to this section are met. However, a review of a support award is not required if the child support recovery unit determines that such a review would not be in the best interest of the child and neither parent has requested such review.

*b.* The department shall adopt rules setting forth the process for review of requests for modification of support obligations and the criteria and process for taking action to initiate modification proceedings.

9. *a.* Assistance, in consultation with the department of administrative services, in identifying and taking action against self-employed individuals as identified by the following conditions:

(1) The individual owes support pursuant to a court or administrative order being enforced by the unit and is delinquent in an amount equal to or greater than the support obligation amount assessed for one month.

(2) The individual has filed a state income tax return in the preceding twelve months.

(3) The individual has no reported tax withholding amount on the most recent state income tax return.

(4) The individual has failed to enter into or comply with a formalized repayment plan with the unit.

(5) The individual has failed to make either all current support payments in accordance with the court or administrative order or to make payments against any delinquency in each of the preceding twelve months.

*b.* The unit may forward information to the department of administrative services as necessary to implement this subsection, including but not limited to both of the following:

(1) The name and social security number of the individual.

(2) Support obligation information in the specific case, including the amount of the delinquency.

10. The review and adjustment, modification, or alteration of a support order pursuant to chapter 252H upon adoption of rules pursuant to chapter 17A and periodic notification, at a minimum of once every three years, to parents subject to a support order of their rights to these services.

11. The unit shall not establish orders for spousal support. The unit shall enforce orders for spousal support only if the spouse is the custodial parent of a child for whom the unit is also enforcing a child support or medical support order.

12. *a.* In compliance with federal procedures, periodically certify to the secretary of the United States department of health and human services, a list of the names of obligors determined by the unit to owe delinquent support, under a support order as defined in section 252J.1, in excess of two thousand five hundred dollars. The certification of the delinquent amount owed may be based upon one or more support orders being enforced by the unit if the delinquent support owed exceeds two thousand five hundred dollars. The certification shall include any amounts which are delinquent pursuant to the periodic payment plan when a modified order has been retroactively applied. The certification shall be in a format and shall include any supporting documentation required by the secretary.

*b.* All of the following shall apply to an action initiated by the unit under this subsection:

(1) The obligor shall be sent a notice by regular mail in accordance with federal law and regulations and the notice shall remain in effect until support delinquencies have been paid in full.

(2) The notice shall include all of the following:

(a) A statement regarding the amount of delinquent support owed by the obligor.

(b) A statement providing information that if the delinquency is in excess of two thousand five hundred dollars, the United States secretary of state may apply a passport sanction by revoking, restricting, limiting, or refusing to issue a passport as provided in 42 U.S.C. §652(k).

(c) Information regarding the procedures for challenging the certification by the unit.

(3) (a) If the obligor chooses to challenge the certification, the obligor shall notify the unit within the time period specified in the notice to the obligor. The obligor shall include any relevant information with the challenge.

(b) A challenge shall be based upon mistake of fact. For the purposes of this subsection, “*mistake of fact*” means a mistake in the identity of the obligor or a mistake in the amount of the delinquent child support owed if the amount did not exceed two thousand five hundred dollars on the date of the unit’s decision on the challenge.

(4) Upon timely receipt of the challenge, the unit shall review the certification for a mistake of fact, or refer the challenge for review to the child support agency in the state chosen by the obligor as provided by federal law.

(5) Following the unit’s review of the certification, the unit shall send a written decision to the obligor within ten days of timely receipt of the challenge.

(a) If the unit determines that a mistake of fact exists, the unit shall send notification in accordance with federal procedures withdrawing the certification for passport sanction.

(b) If the unit determines that a mistake of fact does not exist, the obligor may contest the determination within ten days following the issuance of the decision by submitting a written request for a contested case proceeding pursuant to chapter 17A.

(6) Following issuance of a final decision under chapter 17A that no mistake of fact exists, the obligor may request a hearing before the district court pursuant to chapter 17A. The department shall transmit a copy of its record to the district court pursuant to chapter 17A. The scope of the review by the district court shall be limited to demonstration of a mistake of fact. Issues related to visitation, custody, or other provisions not related to the support provisions of a support order are not grounds for a hearing under this subsection.

*c.* Following certification to the secretary, if the unit determines that an obligor no longer owes delinquent support in excess of two thousand five hundred dollars, the unit shall provide information and notice as the secretary requires to withdraw the certification for passport sanction.

13. *a.* Impose an annual fee, which shall be retained from support collected on behalf of the obligee, in accordance with 42 U.S.C. §654(6)(B)(ii). The unit shall send information regarding the requirements of this subsection by regular mail to the last known address of an affected obligee, or may include the information for an obligee in an application for services signed by the obligee. In addition, the unit shall take steps necessary regarding the fee to qualify for federal funds in conformity with the provisions of Tit. IV-D of the federal Social

Security Act, including receiving and accounting for fee payments, as appropriate, through the collection services center created in section 252B.13A.

b. Fees collected pursuant to this subsection shall be considered repayment receipts as defined in section 8.2, and shall be used for the purposes of the unit. The director shall maintain an accurate record of the fees collected and expended under this subsection.

c. Until such time as a methodology to secure payment of the collections fee from the obligor is provided by law, an obligee may act pursuant to this paragraph to recover the collections fee from the obligor. If the unit retains all or a portion of the collections fee imposed pursuant to paragraph “a” in a federal fiscal year, there is an automatic nonsupport judgment, in an amount equal to the amount retained, against the obligor payable to the obligee. This paragraph shall serve as constructive notice that the fee amount, once retained, is an automatic nonsupport judgment against the obligor. The obligee may use any legal means, including the lien created by the nonsupport judgment, to collect the nonsupport judgment.

j. Notwithstanding any provision of law making this information confidential, data provided to the department by an insurance carrier under section 505.25 shall also be provided to the unit. Provision of data to the unit under this paragraph shall not require an agreement or modification of an agreement between the department and an insurance carrier, but the provisions of this section applicable to information received by the unit shall apply to the data received pursuant to section 505.25 in lieu of any confidentiality,

privacy, disclosure, use, or other provisions of an agreement between the department and an insurance carrier.

2. Notwithstanding other statutory provisions to the contrary, including but not limited to chapters 22 and 217, as the chapters relate to confidentiality of records maintained by the department, the payment records of the collection services center maintained under section 252B.13A may be released, except when prohibited by federal law or regulation, only as follows:

a. Payment records of the collection services center may be released upon request for the administration of a plan or program approved for the supplemental nutrition assistance program or under Tit. IV, XIX, or XXI of the federal Social Security Act, as amended, and as otherwise permitted under Tit. IV-D of the federal Social Security Act, as amended. A payment record shall not include address or location information.

b. The department may release details related to payment records or provide alternative formats for release of the information for the administration of a plan or program under Tit. IV-D of the federal Social Security Act, as amended, including as follows:

The department shall determine dates for the release of information, the specific format of the information released, and the three-month period used as a basis for identifying cases. The department may not release the information more than twice annually. In compiling the listing of cases, no prior public notice to the obligor is required, but the unit may send notice annually by mail to the current known address of any individual owing a support obligation which is being enforced by the unit. The notice shall inform the individual of the provisions of this subparagraph. Actions taken pursuant to this subparagraph are not subject to review under chapter 17A, and the lack of receipt of a notice does not prevent the unit from proceeding in implementing this subparagraph.

(3) The provisions of subparagraph (2) may be applied to support obligations entered in another state, at the request of a child support agency if the child support agency has demonstrated that the provisions of subparagraph (2) are not in conflict with the laws of the state where the support obligation is entered and the unit is enforcing the support obligation.

(4) Records relating to the administration, collection, and enforcement of surcharges pursuant to section 252B.23 which are recorded by the unit or a collection entity shall be confidential records except that information, as necessary for support collection and enforcement, may be provided to other governmental agencies, the obligor or the resident parent, or a collection entity under contract with the unit unless otherwise prohibited by the federal law. A collection entity under contract with the unit shall use information obtained for the sole purpose of fulfilling the duties required under the contract, and shall disclose any records obtained by the collection entity to the unit for use in support establishment and enforcement.

3. Notwithstanding other statutory provisions to the contrary, including but not limited to chapters 22 and 217, as the chapters relate to the confidentiality of records maintained by the department, information recorded by the department pursuant to this section or obtained by the unit is confidential and, except when prohibited by federal law or regulation, may be

used or disclosed as provided in subsection 1, paragraphs “b” and “h”, and subsection 2, and as follows:

a. The attorney general may utilize the information to secure, modify, or enforce a support obligation of an individual.

d. The unit may release information under section 252B.9A to meet the requirements of Tit. IV-D of the federal Social Security Act for parent locator services.

(2) Any investigations, prosecutions, or criminal or civil proceeding conducted in connection with the administration of any such plan or program.

(3) Reporting to an appropriate agency or official of any such plan or program, information on known or suspected instances of physical or mental injury, sexual abuse or exploitation, or negligent treatment or maltreatment of a child who is the subject of a child support enforcement action under circumstances which indicate that the child’s health or welfare is threatened.

f. Information may be released to courts having jurisdiction in support proceedings. If a court issues an order, which is not entered under section 252B.9A, directing the unit to disclose confidential information, the unit may file a motion to quash pursuant to this chapter, Tit. IV-D of the federal Social Security Act, or other applicable law.

g. The child support recovery unit may release information for the administration of a plan or program approved for the supplemental nutrition assistance program or under Tit. IV, XIX, or XXI of the federal Social Security Act, as amended, specified under subsection 2 or this subsection, to the extent the release of information does not interfere with the unit meeting its own obligations under Tit. IV-D of the federal Social Security Act, as amended, and subject to requirements prescribed by the federal office of child support enforcement of the United States department of health and human services.

h. For purposes of this subsection, “party” means an absent parent, obligor, resident parent, or other necessary party.

i. If the unit receives notification under this paragraph, the unit shall notify the federal parent locator service as required by federal law that there is reasonable evidence of domestic violence or child abuse against a party or a child and that the disclosure of information could be harmful to the party or the child. The notification to the federal parent locator service shall be known as notification of a disclosure risk indicator. For purposes of this paragraph, the unit shall notify the federal parent locator service of a disclosure risk indicator only if at least one of the following applies:

(1) The unit receives notification that the department, or comparable agency of another state, has made a finding of good cause or other exception as provided in section 252B.3, or comparable law of another state.

(2) The unit receives and, through automation, matches notification from the department of public safety or the unit receives notification from a court of this or another state, that a court has issued a protective order or no-contact order against a party with respect to another party or child.

(3) The unit receives notification that a court has dismissed a petition for specified confidential information pursuant to section 252B.9A.

(4) The unit receives a copy, regular on its face, of a notarized affidavit or a pleading, which was signed by and made under oath by a party, under chapter 252K, the uniform interstate family support Act, or the comparable law of another state, alleging the health, safety, or liberty of the party or child would be jeopardized by the disclosure of specific identifying information unless a tribunal under chapter 252K, the uniform interstate family

support Act, or the comparable law of another state, ordered the identifying information of a party or child be disclosed.

(5) The unit receives and, through automation, matches notification from the division of child and family services of the department, or the unit receives notification from a comparable agency of another state, of a founded allegation of child abuse, or a comparable finding under the law of the other state.

(6) The unit receives notification that an individual has an exemption from cooperation with child support enforcement under a family investment program safety plan which addresses family or domestic violence.

(7) The unit receives notification that an individual is a certified program participant as provided in chapter 9E.

(8) The unit receives notification, as the result of a request under section 252B.9A, of the existence of any finding, order, affidavit, pleading, safety plan, certification, or founded allegation referred to in subparagraphs (1) through (7) of this paragraph.

j. The unit may provide information regarding delinquent obligors as provided in 42 U.S.C. §666(a)(7) to a consumer reporting agency if all the following apply:

(1) The agency provides the unit with satisfactory evidence that it is a consumer reporting agency as defined in 15 U.S.C. §1681a(f) and meets all the following requirements:

#### **252B.9A Disclosure of confidential information — authorized person — court.**

1. A person, except a court or government agency, who is an authorized person to receive specified confidential information under 42 U.S.C. §653, may submit a written request to the unit for disclosure of specified confidential information regarding a nonrequesting party. The written request shall comply with federal law and regulations, including any attestation and any payment to the federal office of child support enforcement of the United States department of health and human services required by federal law or regulation, and shall include a sworn statement attesting to the reason why the requester is an authorized person under 42 U.S.C. §653, including that the requester would use the confidential information only for purposes permitted in that section.

2. Upon receipt of a request from an authorized person which meets all of the requirements under subsection 1, the unit shall search available records as permitted by law or shall request the information from the federal parent locator service as provided in 42 U.S.C. §653.

a. If the unit locates the specified confidential information, the unit shall disclose the information to the extent permitted under federal law, unless one of the following applies:

(1) There is a notice from the federal parent locator service that there is reasonable evidence of domestic violence or child abuse pursuant to 42 U.S.C. §653(b)(2).

(2) The unit has notified the federal parent locator service of a disclosure risk indicator as provided in section 252B.9, subsection 3, paragraph “i”, and has not removed that notification.

(3) The unit receives notice of a basis for a disclosure risk indicator listed in section 252B.9, subsection 3, paragraph “i”, within twenty days of sending a notice of the request to the subject of the request by regular mail.

b. If the unit locates the specified confidential information, but the unit is prohibited from disclosing confidential information under paragraph “a”, the unit shall deny the request and notify the requester of the denial in writing. Upon receipt of a written notice from the unit denying the request, the requester may file a petition in district court for an order directing the unit to release the requested information to the court as provided in subsection 3.

3. A person may file a petition in district court for disclosure of specified confidential information. The petition shall request that the court direct the unit to release specified confidential information to the court, that the court make a determination of harm if appropriate, and that the court release specified confidential information to the petitioner.

a. The petition shall include a sworn statement attesting to the intended use of the information by the petitioner as allowed by federal law. Such statement may specify any of the following intended uses:

(1) To establish parentage, or to establish, set the amount of, modify, or enforce a child support obligation.

(2) To make or enforce a child custody or visitation determination or order.

(3) To carry out the duty or authority of the petitioner to investigate, enforce, or bring a prosecution with respect to the unlawful taking or restraint of a child.

b. Upon the filing of a petition, the court shall enter an order directing the unit to release to the court within thirty days specified confidential information which the unit would be permitted to release under 42 U.S.C. §653 and 42 U.S.C. §663, unless one of the following applies:

(1) There is a notice from the federal parent locator service that there is reasonable evidence of domestic violence or child abuse pursuant to 42 U.S.C. §653(b)(2).

(2) The unit has notified the federal parent locator service of a disclosure risk indicator as provided in section 252B.9, subsection 3, paragraph “i”, and has not removed that notification.

(3) The unit receives notice of a basis for a disclosure risk indicator listed in section 252B.9, subsection 3, paragraph “i”, within twenty days of sending notice of the order to the subject of the request by regular mail. The unit shall include in the notice to the subject of the request a copy of the court order issued under this paragraph.

c. Upon receipt of the order, the unit shall comply as follows:

(1) If the unit has the specified confidential information, and none of the domestic violence, child abuse, or disclosure risk indicator provisions of paragraph “b” applies, the unit shall file the confidential information with the court along with a statement that the unit has not received any notice that the domestic violence, child abuse, or disclosure risk indicator provisions of paragraph “b” apply. The unit shall be granted at least thirty days to respond to the order. The court may extend the time for the unit to comply. Upon receipt by the court of the confidential information under this subparagraph, the court may order the release of the information to the petitioner.

(2) If the unit has the specified confidential information, and the domestic violence, child abuse, or disclosure risk indicator provision of paragraph “b” applies, the unit shall file with the court a statement that the domestic violence, child abuse, or disclosure risk indicator provision of paragraph “b” applies, along with any information the unit has received related to the domestic violence, child abuse, or disclosure risk indicator. The unit shall be granted at least thirty days to respond to the order. The court may extend the time for the unit to comply. Upon receipt by the court of information from the unit under this subparagraph, the court shall make a finding whether disclosure of confidential information to any other person could be harmful to the nonrequesting party or child. In making the finding, the court shall consider any relevant information provided by the parent or child, any information provided by the unit or by a child support agency, any information provided by the petitioner, and any other relevant evidence. The unit or unit’s attorney does not represent any individual person in this proceeding.

(a) If the court finds that disclosure of confidential information to any other person could be harmful to the nonrequesting party or child, the court shall dismiss the petition for disclosure and notify the unit to notify the federal parent locator service of a disclosure risk indicator.

(b) If the court does not find that disclosure of specified confidential information to any other person could be harmful to the nonrequesting party or child, the court shall notify the unit to file the specified confidential information with the court. Upon receipt by the court of the specified confidential information, the court may release the information to the petitioner and inform the unit to remove the disclosure risk indicator.

(3) If the unit does not have the specified confidential information and cannot obtain the information from the federal parent locator service, the unit shall comply with the order by notifying the court of the lack of information.

4. The confidential information which may be released by the unit to a party under subsection 2, or by the unit to the court under subsection 3, shall be limited by the federal Social Security Act and other applicable federal law, and the unit may use the sworn statement filed pursuant to subsection 1 or 3 in applying federal law. Any information filed with the court by the unit, when certified over the signature of a designated employee, shall be considered to be satisfactorily identified and shall be admitted as evidence, without requiring third-party foundation testimony. Additional proof of the official character of the person certifying the document or the authenticity of the person's signature shall not be required.

5. When making a request for confidential information under this section, a party or petitioner shall indicate the specific information requested.

6. For purposes of this section, "party" means party as defined in section 252B.9, subsection 3.

7. The unit may adopt rules pursuant to chapter 17A to prescribe provisions in addition to or in lieu of the provisions of this section to comply with federal requirements for parent locator services or the safeguarding of information.

The unit may seek a lump sum recovery of the unit's costs or may seek to recover the unit's costs through periodic payments which are in addition to periodic support payments. 2. For support orders being enforced by the child support recovery unit, support payments made pursuant to the order shall be directed to and disbursed by the collection services center or, as appropriate, a comparable government entity in another state as provided in chapter 252K.

3. With the exception of support payments to which subsection 2 or 4 applies, support payments made pursuant to an order shall be directed to and disbursed by the clerk of the district court in the county in which the order for support is filed. The clerk of the district court may require the obligor to submit payments by bank draft or money order if the obligor submits an insufficient funds support payment to the clerk of the district court.

5. If the collection services center is receiving and disbursing payments pursuant to a support order, but the unit is not providing other services under Tit. IV-D of the federal Social Security Act, or if the order is not being enforced by the unit, the parties to that order are not considered to be receiving services under this chapter.

6. Payments to persons other than the clerk of the district court or the collection services center or, as appropriate, a comparable government entity in another state as provided in chapter 252K, do not satisfy the support obligations created by a support order or judgment, except as provided for in sections 598.22 and 598.22A.

The clerk of the district court shall forward any support payment made pursuant to the order, along with any support payment information, to the collection services center. Unless the agreement developed pursuant to section 252B.13A otherwise provides, the clerk of the district court shall forward any support payment made and any support payment information provided through income withholding pursuant to chapter 252D, to the collection services center. The collection services center shall process and disburse the payment in accordance with federal requirements.

2. ### **252B.16 Transfer of support order processing responsibilities — ongoing procedures.**

1. For a support order being processed by the clerk of the district court, upon notification that the unit is providing enforcement services related to the order, the clerk of the district court shall immediately transfer the responsibility for the disbursement of support payments received pursuant to the order to the collection services center.

2. The department shall adopt rules pursuant to chapter 17A to ensure that the affected parties are notified that the support payment disbursement responsibilities have been transferred to the collection services center from the clerk of the district court. The rules shall include a provision requiring that a notice shall be sent by regular mail to the last known addresses of the obligee and the obligor. The issuance of notice to the obligor is the equivalent of a court order requiring the obligor to direct payment to the collection services center for disbursement.

3. Once the responsibility for receiving and disbursing support payments has been transferred from a clerk of the district court to the collection services center, the responsibility shall remain with the collection services center even if the child support recovery unit is no longer providing enforcement services, unless redirected by court order. However, the responsibility for receiving and disbursing income withholding payments shall not be redirected to a clerk of the district court.

4. As provided in sections 252K.307 and 252K.319, the unit may issue and file with the clerk of the district court, a notice redirecting support payments to a comparable government

entity responsible for the processing and disbursement of support payments in another state. The unit shall send a copy of the notice by regular mail to the last known addresses of the obligor and obligee and, where applicable, shall notify the payor of income to make payments as specified in the notice. The issuance and filing of the notice is the equivalent of a court order redirecting support.

Additional proof of the official character of the person certifying the record or the authenticity of the person's signature shall not be required. Whenever an employee of the collection services center is served with a summons, subpoena, subpoena duces tecum, or order directing that person to produce such records, the employee may comply by transmitting a copy of the payment records certified as described above to the clerk of the district court.

#### **252B.17A Imaging or photographic copies — originals destroyed.**

1. If the unit, in the regular course of business or activity, has recorded or received any memorandum, writing, entry, print, document, representation, or combination thereof, of any act, transaction, occurrence, event, or communication from any source, and in the regular course of business has caused any or all of the same to be recorded, copied, or reproduced by any photographic, photostatic, microfilm, microcard, miniature photographic, electronic imaging, electronic data processing, or other process which accurately reproduces or forms a durable medium for accurately and legibly reproducing an unaltered image or reproduction of the original, the original may be destroyed. Such reproduction, when satisfactorily identified, is as admissible in evidence as the original itself in any judicial or administrative proceeding whether the original is in existence or not and an enlargement or facsimile of such reproduction is likewise admissible in evidence if the original recording, copy, or reproduction is in existence and available for inspection. The introduction of a reproduced record, enlargement, or facsimile, does not preclude admission of the original.

2. The electronically imaged, copied, or otherwise reproduced record or document maintained or received by the unit, when certified over the signature of a designated employee of the unit, shall be considered to be satisfactorily identified. Certified documents are deemed to have been imaged or copied or otherwise reproduced accurately and unaltered in the regular course of business, and such documents are admissible in any judicial or administrative proceeding as evidence. Additional proof of the official character of the person certifying the record or authenticity of the person's signature shall not be required. Whenever the unit or an employee of the unit is served with a summons, subpoena, subpoena duces tecum, or order directing production of such records, the unit or employee may comply by transmitting a copy of the record certified as described above to the district court.

#### **252B.20 Suspension of support — request by mutual consent.**

1. If the unit is providing child support enforcement services pursuant to this chapter, the parents of a dependent child for whom support has been ordered pursuant to chapter 252A,

252C, 252F, 598, 600B, or any other chapter, may jointly request the assistance of the unit in suspending the obligation for support if all of the following conditions exist:

a. The parents have reconciled and are cohabiting, and the child for whom support is ordered is living in the same residence as the parents, or the child is currently residing with the parent who is ordered to pay support. If the basis for suspension under this paragraph applies to at least one but not all of the children for whom support is ordered, the condition of this paragraph is met only if the support order includes a step change.

b. The child for whom support is ordered is not receiving public assistance pursuant to chapter 239B, 249A, or a comparable law of another state or foreign country, unless the person against whom support is ordered is considered to be a member of the same household as the child for the purposes of public assistance eligibility.

c. The parents have signed a notarized affidavit attesting to the conditions under paragraphs "a" and "b", have consented to suspension of the support order or obligation, and have submitted the affidavit to the unit.

d. No prior request for suspension has been filed with the unit under this section and no prior request for suspension has been served by the unit under section 252B.20A during the two-year period preceding the request.

e. Any other criteria established by rule of the department.

2. Upon receipt of the application for suspension and properly executed and notarized affidavit, the unit shall review the application and affidavit to determine that the necessary criteria have been met. The unit shall then do one of the following:

a. Deny the request and notify the parents in writing that the application is being denied, providing reasons for the denial and notifying the parents of the right to proceed through private counsel. Denial of the application is not subject to contested case proceedings or further review pursuant to chapter 17A.

b. Approve the request and prepare an order which shall be submitted, along with the affidavit, to a judge of a district court for approval, suspending the accruing support obligation and, if requested by the obligee, and if not prohibited by chapter 252K, satisfying the obligation of support due the obligee. If the basis for suspension applies to at least one but not all of the children for whom support is ordered and the support order includes a step change, the unit shall prepare an order suspending the accruing support obligation for each child to whom the basis for suspension applies.

3. An order approved by the court for suspension of an accruing support obligation is effective upon the date of filing of the suspension order. The satisfaction of an obligation of support due the obligee shall be final upon the filing of the suspension order. A support obligation which is satisfied is not subject to the reinstatement provisions of this section.

4. An order suspending an accruing support obligation entered by the court pursuant to this section shall be considered a temporary order for the period of six months from the date of filing of the suspension order. However, the six-month period shall not include any time during which an application for reinstatement is pending before the court.

5. During the six-month period the unit may request that the court reinstate the accruing support order or obligation if any of the following conditions exist:

a. Upon application to the unit by either parent or other person who has physical custody of the child.

b. Upon the receipt of public assistance benefits, pursuant to chapter 239B, 249A, or a comparable law of another state or foreign country, by the person entitled to receive support and the child on whose behalf support is paid, provided that the person owing the support is not considered to be a member of the same household as the child for the purposes of public assistance eligibility.

6. If a condition under subsection 5 exists, the unit may request that the court reinstate an accruing support obligation as follows:

a. If the basis for the suspension no longer applies to any of the children for whom an accruing support obligation was suspended, the unit shall request that the court reinstate the accruing support obligations for all of the children.

b. If the basis for the suspension continues to apply to at least one but not all of the children for whom an accruing support obligation was suspended and if the support order includes a

step change, the unit shall request that the court reinstate the accruing support obligation for each child for whom the basis for the suspension no longer applies.

7. Upon filing of an application for reinstatement, service of the application shall be made either in person or by first class mail upon both parents. Within ten days following the date of service, the parents may file a written objection with the clerk of the district court to the entry of an order for reinstatement.

a. If no objection is filed, the court may enter an order reinstating the accruing support obligation without additional notice.

b. If an objection is filed, the clerk of court shall set the matter for hearing and send notice of the hearing to both parents and the unit.

8. The reinstatement is effective as follows:

a. For reinstatements initiated under subsection 5, paragraph “a”, the date the notices were served on both parents pursuant to subsection 7.

b. For reinstatements initiated under subsection 5, paragraph “b”, the date the child began receiving public assistance benefits during the suspension of the obligation.

c. Support which became due during the period of suspension but prior to the reinstatement is waived and not due and owing unless the parties requested and agreed to the suspension under false pretenses.

9. If the order suspending a support obligation has been on file with the court for a period exceeding six months as computed pursuant to subsection 4, the order becomes final by operation of law and terminates the support obligation, and thereafter, a party seeking to establish a support obligation against either party shall bring a new action for support as provided by law.

10. This section shall not limit the rights of the parents or the unit to proceed by other means to suspend, terminate, modify, reinstate, or establish support.

11. This section does not provide for the suspension or retroactive modification of support obligations which accrued prior to the entry of an order suspending enforcement and collection of support pursuant to this section. However, if in the application for suspension, an obligee elects to satisfy an obligation of accrued support due the obligee, the suspension order may satisfy the obligation of accrued support due the obligee.

12. Nothing in this section shall prohibit or limit the unit or a party entitled to receive support from enforcing and collecting any unpaid or unsatisfied support that accrued prior to the suspension of the accruing obligation.

13. For the purposes of chapter 252H, subchapter II, regarding the criteria for a review or for a cost-of-living alteration under chapter 252H, subchapter IV, if a support obligation is terminated or reinstated under this section, such termination or reinstatement shall not be considered a modification of the support order.

14. As used in this section, unless the context otherwise requires, “*step change*” means a change designated in a support order specifying the amount of the child support obligation as the number of children entitled to support under the order changes.

15. As specified in this section, if the child for whom support is ordered is not receiving public assistance pursuant to chapter 239B, 249A, or a comparable law of another state or foreign country, upon agreement of the parents, the unit may facilitate the suspension of the child support order or obligation if the child is residing with a caretaker, who is a natural person, and who has not requested the unit to provide services under this chapter. The parents and the caretaker shall sign a notarized affidavit attesting to the conditions under this section, consent to the suspension of the support order or obligation, and submit the affidavit to the unit. Upon the receipt of public assistance benefits pursuant to chapter 239B, 249A, or a comparable law of another state or foreign country, by the child on whose behalf support is ordered, or upon application to the unit by either parent or the caretaker, the unit may, within the time periods specified in this section, request the reinstatement of the accruing support order or obligation pursuant to this section.

16. The department may adopt all necessary and proper rules to administer and interpret this section.

#### **252B.20A Suspension of support — request by one party.**

1. If the unit is providing child support enforcement services pursuant to this chapter, the obligor who is ordered to pay support for the dependent child pursuant to chapter 252A, 252C, or 252F, may request the assistance of the unit in suspending the obligation for support if all of the following conditions exist:

a. The child is currently residing with the obligor and has been for more than sixty consecutive days. If the basis for suspension under this paragraph applies to at least one but not all of the children for whom support is ordered, the condition of this paragraph is met only if the support order includes a step change.

b. There is no order in effect regarding legal custody, physical care, visitation, or other parenting time for the child.

c. It is reasonably expected that the basis for suspension under this section will continue for not less than six months.

d. The child for whom support is ordered is not receiving public assistance pursuant to chapter 239B, 249A, or a comparable law of another state or foreign country, unless the obligor is considered to be a member of the same household as the child for the purposes of public assistance eligibility.

e. The obligor has signed a notarized affidavit, provided by the unit, attesting to the existence of the conditions under paragraphs “a” through “d”, has requested suspension of the support order or obligation, and has submitted the affidavit to the unit.

f. No prior request for suspension has been served under this section, and no prior request for suspension has been filed with the unit pursuant to section 252B.20, during the two-year period preceding the request.

g. Any other criteria established by rule of the department.

2. Upon receipt of the application for suspension and properly executed and notarized affidavit, the unit shall review the application and affidavit to determine that the criteria have been met. The unit shall then do one of the following:

a. If the unit determines the criteria have not been met, deny the request and notify the obligor in writing that the application is being denied, providing reasons for the denial and notifying the obligor of the right to proceed through private counsel. Denial of the application is not subject to contested case proceedings or further review pursuant to chapter 17A.

b. If the unit determines the criteria have been met, serve a copy of the notice and supporting documents on the obligee by any means provided in section 252B.26. The notice to the obligee shall include all of the following:

(1) Information sufficient to identify the parties and the support order affected.

(2) An explanation of the procedure for suspension and reinstatement of support under this section.

(3) An explanation of the rights and responsibilities of the obligee, including the applicable procedural time frames.

(4) A statement that within twenty days of service, the obligee must submit a signed and notarized response to the unit objecting to at least one of the assertions in subsection 1, paragraphs “a” through “d”. The statement shall inform the obligee that if, within twenty days of service, the obligee fails to submit a response as specified in this subparagraph, notwithstanding rules of civil procedure 1.972(2) and 1.972(3), the unit will prepare and submit an order as provided in subsection 3, paragraph “b”.

3. No sooner than thirty days after service on the obligee under subsection 2, paragraph “b”, the unit shall do one of the following:

a. If the obligee submits a signed and notarized objection to any assertion in subsection 1, paragraphs “a” through “d”, deny the request and notify the parties in writing that the application is denied, providing reasons for the denial, and notifying the parties of the right

to proceed through private counsel. Denial of the application is not subject to contested case proceedings or further review pursuant to chapter 17A.

b. If the obligee does not timely submit a signed and notarized objection to the unit, prepare an order which shall be submitted, along with supporting documents, to a judge of a district court for approval, suspending the accruing support obligation. If the basis for suspension applies to at least one but not all of the children for whom support is ordered and the support order includes a step change, the unit shall prepare an order suspending the accruing support obligation for each child to whom the basis for suspension applies.

4. An order approved by the court for suspension of an accruing support obligation is effective upon the date of filing of the suspension order.

5. An order suspending an accruing support obligation entered by the court pursuant to this section shall be considered a temporary order for the period of six months from the date of filing of the suspension order. However, the six-month period shall not include any time during which an application for reinstatement is pending before the court.

6. During the six-month period, the unit may request that the court reinstate the accruing support order or obligation if any of the following conditions exist:

a. Upon application to the unit by either party or other person who has physical custody of the child.

b. Upon the receipt of public assistance benefits pursuant to chapter 239B, 249A, or a comparable law of another state or foreign country, by the person entitled to receive support and the child on whose behalf support is paid, provided that the person owing the support is not considered to be a member of the same household as the child for the purposes of public assistance eligibility.

7. If a condition under subsection 6 exists, the unit may request that the court reinstate an accruing support obligation as follows:

a. If the basis for the suspension no longer applies to any of the children for whom an accruing support obligation was suspended, the unit shall request that the court reinstate the accruing support obligations for all of the children.

b. If the basis for the suspension continues to apply to at least one but not all of the children for whom an accruing support obligation was suspended and if the support order includes a step change, the unit shall request that the court reinstate the accruing support obligation for each child for whom the basis for the suspension no longer applies.

8. Upon filing of an application for reinstatement, service of the application shall be made either in person or by first class mail upon the parties. Within ten days following the date of service, a party may file a written objection with the clerk of the district court to the entry of an order for reinstatement.

a. If no objection is filed, the court may enter an order reinstating the accruing support obligation without additional notice.

b. If an objection is filed, the clerk of court shall set the matter for hearing and send notice of the hearing to the parties and the unit.

9. a. The reinstatement is effective as follows:

(1) For reinstatements initiated under subsection 6, paragraph "a", the date the notices were served on the parties pursuant to subsection 8.

(2) For reinstatements initiated under subsection 6, paragraph "b", the date the child began receiving public assistance benefits during the suspension of the obligation.

b. Support which became due during the period of suspension but prior to the reinstatement is waived and not due and owing unless the suspension was made under false pretenses.

10. If the order suspending a support obligation has been on file with the court for a period exceeding six months as computed pursuant to subsection 5, the order becomes final by operation of law and terminates the support obligation, and thereafter, a party seeking to establish a support obligation against either party shall bring a new action for support as provided by law.

11. Legal representation of the unit shall be provided pursuant to section 252B.7, subsection 4.

12. This section shall not limit the rights of a party or the unit to proceed by other means to suspend, terminate, modify, reinstate, or establish support.

13. This section does not provide for the suspension or retroactive modification of support obligations which accrued prior to the entry of an order suspending enforcement and collection of support pursuant to this section.

14. Nothing in this section shall prohibit or limit the unit or a party entitled to receive support from enforcing and collecting any unpaid or unsatisfied support that accrued prior to the suspension of the accruing obligation.

15. For the purposes of chapter 252H regarding the criteria for a review under subchapter II of that chapter or for a cost-of-living alteration under subchapter IV of that chapter, if a support obligation is terminated or reinstated under this section, such termination or reinstatement shall not be considered a modification of the support order.

16. As used in this section, unless the context otherwise requires, “*step change*” means a change designated in a support order specifying the amount of the child support obligation as the number of children entitled to support under the order changes.

17. As specified in this section, if the child for whom support is ordered is not receiving public assistance pursuant to chapter 239B, 249A, or a comparable law of another state or foreign country, upon request by the obligor, the unit may facilitate the suspension of the child support order or obligation if the child is residing with a caretaker, who is a natural person, and who has not requested the unit to provide services under this chapter. The obligor and the caretaker shall sign a notarized affidavit attesting to the conditions under this section, consent to the suspension of the support order or obligation, and submit the affidavit to the unit. Upon the receipt of public assistance benefits pursuant to chapter 239B, 249A, or a comparable law of another state or foreign country, by the child on whose behalf support is ordered, or upon application to the unit by either party or the caretaker, the unit may, within the time periods specified in this section, request the reinstatement of the accruing support order or obligation pursuant to this section.

18. The department may adopt all necessary and proper rules to administer and interpret this section.

#### **252B.21 Administrative seek employment orders.**

1. For any support order being enforced by the unit, the unit may enter an ex parte order requiring the obligor to seek employment if employment of the obligor cannot be verified and if the obligor has failed to make support payments. Advance notice is not required prior to entering the ex parte order. The order shall be served upon the obligor by regular mail, with proof of service completed as provided in rule of civil procedure 1.442. The unit shall file a copy of the order with the clerk of the district court.

2. The order to seek employment shall contain directives, including all of the following:

a. That the obligor seek employment within a determinate amount of time.

b. That the obligor file with the unit on a weekly basis a report of at least five new attempts to find employment or of having found employment. The report shall include the names, addresses, and the telephone numbers of any employers or businesses with whom the obligor attempted to seek employment and the name of the individual contact to whom the obligor made application for employment or to whom an inquiry was directed.

c. That failure to comply with the notice is evidence of a willful failure to pay support under section 598.23A.

d. That the obligor shall provide the child support recovery unit with verification of any reason for noncompliance with the order.

e. The duration of the order, not to exceed three months.

3. The department may establish additional criteria or requirements relating to seek employment orders by rule as necessary to implement this section.

**252B.23 Surcharge.**

1. A surcharge shall be due and payable by the obligor on a support arrearage identified as difficult to collect and referred by the unit on or after January 1, 1998, to a collection entity under contract with the unit or other state entity. The amount of the surcharge shall be a percent of the amount of the support arrearage referred to the collection entity and shall be specified in the contract with the collection entity. For the purpose of this chapter, a "collection entity" includes but is not limited to a state agency, including the central collection unit of the department of revenue, or a private collection agency. Use of a collection entity is in addition to any other legal means by which support payments may be collected. The unit shall continue to use other enforcement actions, as appropriate.

2. a. Notice that a surcharge may be assessed on a support arrearage referred to a collection entity pursuant to this section shall be provided to an obligor in accordance with one of the following as applicable:

(1) In the order establishing or modifying the support obligation. The unit or district court shall include notice in any new or modified support order issued on or after July 1, 1997.

(2) Through notice sent by the unit by regular mail to the last known address of the support obligor.

b. The notice shall also advise that any appropriate information may be provided to a collection entity for purposes of administering and enforcing the surcharge.

3. Arrearages submitted for referral and surcharge pursuant to this section shall meet all of the following criteria:

a. The arrearages owed shall be based on a court or administrative order which establishes the support obligation.

b. The arrearage is due for a case in which the unit is providing services pursuant to this chapter and one for which the arrearage has been identified as difficult to collect by the unit.

c. The obligor was provided notice pursuant to subsection 2 at least fifteen days prior to sending the notice of referral pursuant to subsection 4.

4. The unit shall send notice of referral to the obligor by regular mail to the obligor's last known address, with proof of service completed according to rule of civil procedure 1.442, at least thirty days prior to the date the arrearage is referred to the collection entity. The notice shall inform the obligor of all of the following:

- a. The arrearage will be referred to a collection entity.
- b. Upon referral, a surcharge is due and payable by the obligor.
- c. The amount of the surcharge.
- d. That the obligor may avoid referral by paying the amount of the arrearage to the collection services center within twenty days of the date of notice of referral.

e. That the obligor may contest the referral by submitting a written request for review of the unit. The request shall be received by the unit within twenty days of the date of the notice of referral.

f. The right to contest the referral is limited to a mistake of fact, which includes a mistake in the identity of the obligor, a mistake as to fulfillment of the requirements for referral under this subsection, or a mistake in the amount of the arrearages.

g. The unit shall issue a written decision following a requested review.

h. Following the issuance of a written decision by the unit denying that a mistake of fact exists, the obligor may request a hearing to challenge the surcharge by sending a written request for a hearing to the office of the unit which issued the decision. The request shall be received by the office of the unit which issued the decision within ten days of the unit's written decision. The only grounds for a hearing shall be mistake of fact. Following receipt of the written request, the unit which receives the request shall certify the matter for hearing in the district court in the county in which the underlying support order is filed.

i. The address of the collection services center for payment of the arrearages.

5. If the obligor pays the amount of arrearage within twenty days of the date of the notice of referral, referral of the arrearage to a collection entity shall not be made.

6. If the obligor requests a review or court hearing pursuant to this section, referral of the arrearages shall be stayed pending the decision of the unit or the court.

7. Actions of the unit under this section shall not be subject to contested case proceedings or further review pursuant to chapter 17A and any resulting court hearing shall be an original hearing before the district court. However, the department shall establish, by rule pursuant to chapter 17A, an internal process to provide an additional review by the administrator of the child support recovery unit or the administrator's designee.

8. If an obligor does not pay the amount of the arrearage, does not contest the referral, or if following the unit's review and any court hearing the unit or court does not find a mistake of fact, the arrearages shall be referred to a collection entity. Following the review or hearing, if the unit or court finds a mistake in the amount of the arrearage, the arrearages shall be referred to the collection entity in the appropriate arrearage amount. For arrearages referred to a collection entity, the obligor shall pay a surcharge equal to a percent of the amount of the support arrearage due as of the date of the referral. The surcharge is in addition to the arrearages and any other fees or charges owed, and shall be enforced by the collection entity as provided under section 252B.5. Upon referral to the collection entity, the surcharge is an automatic judgment against the obligor.

9. The director or the director's designee may file a notice of the surcharge with the clerk of the district court in the county in which the underlying support order is filed. Upon filing, the clerk shall enter the amount of the surcharge on the lien index and judgment docket.

10. Following referral of a support arrearage to a collection entity, the surcharge shall be due and owing and enforceable by a collection entity or the unit notwithstanding satisfaction of the support obligation or whether the collection entity is enforcing a support arrearage. However, the unit may waive payment of all or a portion of the surcharge if waiver will facilitate the collection of the support arrearage.

11. All surcharge payments shall be received and disbursed by the collection services center. The surcharge payments received by the collection services center shall be considered repayment receipts as defined in section 8.2 and shall be used to pay the costs of any contracts with a collection entity.

12. a. A payment received by the collection services center which meets all the following conditions shall be allocated as specified in paragraph "b":

- (1) The payment is for a case in which arrearages have been referred to a collection entity.
- (2) A surcharge is assessed on the arrearages.
- (3) The payment is collected under the provisions of the contract with the collection entity.

b. A payment meeting all of the conditions in paragraph "a" shall be allocated between support and costs and fees, and the surcharge according to the following formula:

(1) The payment shall be divided by the sum of one hundred percent plus the percent specified in the contract.

(2) The quotient shall be the amount allocated to the support arrearage and other fees and costs.

(3) The difference between the dividend and the quotient shall be the amount allocated to the surcharge.

13. Any computer or software programs developed and any records used in relation to a contract with a collection entity remain the property of the department.

#### **252B.24 State case registry.**

1. Beginning October 1, 1998, the unit shall operate a state case registry to the extent determined by applicable time frames and other provisions of 42 U.S.C. §654a(e) and this section. The unit and the judicial branch shall enter into a cooperative agreement for the establishment and operation of the registry by the unit. The state case registry shall include records with respect to all of the following:

a. Unless prohibited by federal law, each case for which services are provided under this chapter.

b. Each order for support, as defined in section 252D.16 or 598.1, which meets at least one of the following criteria:

(1) The support order is established or modified in this state on or after October 1, 1998.

(2) The income of the obligor is subject to income withholding under chapter 252D, including any support order for which the district court enters an ex parte order under chapter 252D on or after October 1, 1998.

2. The clerk of the district court shall provide the unit with any information, orders, or documents requested by the unit to establish or operate the state case registry, which are specified in the agreement described in subsection 1, within the time frames specified in that agreement. The agreement shall include but is not limited to provisions to provide for all of the following:

a. Provision to the unit of information, orders, and documents necessary for the unit to meet requirements described in 42 U.S.C. §654a(e) and this section.

b. Provision to the unit of information filed with the clerk of the district court by a party under section 598.22B, and the social security number of a child filed with the clerk of the district court under section 602.6111.

c. Use of automation, as appropriate, to meet the requirements described in 42 U.S.C. §654a(e) and this section.

3. The records of the state case registry are confidential records pursuant to chapter 22 and may only be disclosed or used as provided in section 252B.9.

#### **252B.25 Contempt — combining actions.**

Notwithstanding any provision of law to the contrary, if an obligor has been ordered to provide support in more than one order, the unit may bring a single action for contempt to enforce the multiple orders. However, if the obligor objects to the consolidation of the actions regarding multiple orders into a single action for contempt, and the court determines that severance of the single action into multiple actions is in the interest of justice, the unit shall bring multiple actions for contempt to enforce the multiple orders. If the single action is brought and the obligor does not object, the unit shall file the action in the district court of a county where the obligor resides, or if the obligor does not reside in the state, in the district court of the county where at least one of the support orders was entered or registered. For the purposes of this section, the district court where the unit files the action shall have jurisdiction and authority over all other support orders for the obligor entered or registered by a court of this state and affected under this section. In such case, the unit shall also file a document with the clerk of court in each county affected specifying the county where the action under this section was filed and the disposition of the action.

2005 Acts, ch 112, §6

**252B.26 Service of process.**

Notwithstanding any provision of law to the contrary, the unit may serve a petition, notice, or rule to show cause under this chapter or chapter 252A, 252C, 252F, 252H, 252K, 598, or 665 as specified in each chapter, or as follows:

1. The unit may serve a petition, notice, or rule to show cause by certified mail. Return acknowledgment is required to prove service by certified mail, rules of civil procedure 1.303(5) and 1.308(5) shall not apply, and the return acknowledgment shall be filed with the clerk of court.

2. The unit may serve a notice of intent under chapter 252H, or a notice of decision under section 252H.14A, upon any party or parent who is receiving family investment program assistance for the parent or child by sending the notice by regular mail to the address maintained by the department. Rules of civil procedure 1.303(5) and 1.308(5) shall not apply and the unit shall file proof of service as provided in chapter 252H. If the notice is determined to be undeliverable, the unit shall serve the notice as otherwise provided in this section or by personal service.

**252B.27 Use of funding for additional positions.**

1. The director, within the limitations of the amount appropriated for the unit, or moneys transferred for this purpose from the family investment program account created in section 239B.11, may establish new positions and add employees to the unit if the director determines that both the current and additional employees together can reasonably be expected to maintain or increase net state revenue at or beyond the budgeted level for the fiscal year.

2. a. The director may establish new positions and add state employees to the unit or contract for delivery of services if the director determines the employees are necessary to replace county-funded positions eliminated due to termination, reduction, or nonrenewal of a chapter 28E contract. However, the director must also determine that the resulting increase in the state share of child support recovery incentives exceeds the cost of the positions or contract, the positions or contract are necessary to ensure continued federal funding of the unit, or the new positions or contract can reasonably be expected to recover at least twice the amount of money necessary to pay the salaries and support for the new positions or the contract will generate at least two hundred percent of the cost of the contract.

b. Employees in full-time positions that transition from county government to state government employment under this subsection are exempt from testing, selection, and appointment provisions of chapter 8A, subchapter IV, and from the provisions of collective bargaining agreements\* relating to the filling of vacant positions.

**252C.2 Assignment — creation of support debt — subrogation.**

1. If public assistance is provided by the department to or on behalf of a dependent child or a dependent child’s caretaker, there is an assignment by operation of law to the department of any and all right in, title to, and interest in any support obligation, payment, and arrearages owed to or for the child or caretaker up to the amount of public assistance paid for or on behalf of the child or caretaker. Unless otherwise specified in the order, an equal and proportionate share of any child support awarded is presumed to be payable on behalf of each child subject to the order or judgment for purposes of an assignment under this section. For family investment program assistance, section 239B.6 shall apply.

2. The payment of public assistance to or for the benefit of a dependent child or a dependent child’s caretaker creates a support debt due and owing to the department by the responsible person in an amount equal to the public assistance payment, except that the support debt is limited to the amount of a support obligation established by court order or by the administrator. The administrator may establish a support debt as to amounts accrued and accruing pursuant to section 598.21B. However, when establishing a support

obligation against a responsible person, no debt shall be created for the period during which the responsible person is a recipient on the person's own behalf of public assistance for the benefit of the dependent child or the dependent child's caretaker, if any of the following conditions exist:

a. The parents have reconciled and are cohabiting, and the child for whom support would otherwise be sought is living in the same residence as the parents.

b. The child is living with the parent from whom support would otherwise be sought.

3. The provision of child support collection or paternity determination services under chapter 252B to an individual, even though the individual is ineligible for public assistance, creates a support debt due and owing to the individual or the individual's child or ward by the responsible person in the amount of a support obligation established by court order or by the administrator. The administrator may establish a support debt in favor of the individual or the individual's child or ward and against the responsible person, both as to amounts accrued and accruing, pursuant to section 598.21B.

4. The payment of medical assistance pursuant to chapter 249A for the benefit of a dependent child or a dependent child's caretaker creates a support debt due and owing to the department. The administrator may establish an order for medical support.

5. The department is subrogated to the rights of a dependent child or a dependent child's caretaker to bring a court action or to execute an administrative remedy for the collection of support. The administrator may petition an appropriate court for modification of a court order on the same grounds as a party to the court order can petition the court for modification.

The notice shall be served upon the responsible person in accordance with the rules of civil procedure. The notice shall include all of the following:

a. A statement that the support obligation will be set pursuant to the child support guidelines established pursuant to section 598.21B, and the criteria established pursuant to section 252B.7A, and that the responsible person is required to provide medical support in accordance with chapter 252E.

(2) A statement that if a negotiation conference is requested, then the responsible person shall have ten days from the date set for the negotiation conference or thirty days from the date of service of the original notice, whichever is later, to send a request for a hearing to the office of the child support recovery unit which issued the notice.

(3) A statement that after the holding of the negotiation conference, the administrator may issue a new notice and finding of financial responsibility for child support or medical support, or both, to be sent to the responsible person by regular mail addressed to the responsible person's last known address, or if applicable, to the last known address of the responsible person's attorney.

(4) A statement that if the administrator issues a new notice and finding of financial responsibility for child support or medical support, or both, then the responsible person shall have thirty days from the date of issuance of the new notice to send a request for a hearing to the office of the child support recovery unit which issued the notice. If the administrator does not issue a new notice and finding of financial responsibility for child support or medical support, or both, the responsible party shall have ten days from the date

of issuance of the conference report to send a request for a hearing to the office of the child support recovery unit which issued the conference report.

d. A statement that if the responsible person objects to all or any part of the notice or finding of financial responsibility for child support or medical support, or both, and a negotiation conference is not requested, the responsible person shall, within thirty days of the date of service send to the office of the child support recovery unit which issued the notice a written response setting forth any objections and requesting a hearing.

e. A statement that if a timely written request for a hearing is received by the office of the child support recovery unit which issued the notice, the responsible person shall have the right to a hearing to be held in district court; and that if no timely written response is received, the administrator may enter an order in accordance with the notice and finding of financial responsibility for child support or medical support, or both.

f. A statement that, as soon as the order is entered, the property of the responsible person is subject to collection action, including but not limited to wage withholding, garnishment, attachment of a lien, and execution.

g. A statement that the responsible person shall notify the administrator of any change of address, employment, or medical coverage as required by chapter 252E.

h. A statement that if the responsible person has any questions, the responsible person should telephone or visit an office of the child support recovery unit or consult an attorney.

i. Such other information as the administrator finds appropriate.

2. The time limitations for requesting a hearing in subsection 1 may be extended by the administrator.

3. If a timely written response setting forth objections and requesting a hearing is received by the appropriate office of the child support recovery unit, a hearing shall be held in district court.

4. If timely written response and request for hearing is not received by the appropriate office of the child support recovery unit, the administrator may enter an order in accordance with the notice, and shall specify all of the following:

a. The amount of monthly support to be paid, with directions as to the manner of payment.

b. The amount of the support debt accrued and accruing in favor of the department.

c. The name of the custodial parent or agency having custody of the dependent child and the name and birth date of the dependent child for whom support is to be paid.

d. That the property of the responsible person is subject to collection action, including but not limited to wage withholding, garnishment, attachment of a lien, and execution.

e. The medical support required pursuant to chapter 598 and rules adopted pursuant to chapter 252E.

5. The responsible person shall be sent a copy of the order by regular mail addressed to the responsible person's last known address, or if applicable, to the last known address of the responsible person's attorney. The order is final, and action by the administrator to enforce and collect upon the order, including arrearages and medical support, or both, may be taken from the date of approval of the order by the court pursuant to section 252C.5.

a. If the child or children reside in Iowa, and the unit is seeking an accruing obligation, in the county in which the dependent child or children reside.

b. If the child or children received public assistance in Iowa, and the unit is seeking only an accrued obligation, in the county in which the dependent child or children last received public assistance.

c. If the action is the result of a request from another state or foreign country to establish

support by a responsible person located in Iowa, in the county in which the responsible person resides.

2. The certification shall include true copies of the notice and finding of financial responsibility or notice of the support debt accrued and accruing, the return of service, the written objections and request for hearing, and true copies of any administrative orders previously entered.

3. The court shall set the matter for hearing and notify the parties of the time and place of hearing.

4. The court shall establish the monthly child support payment and the amount of the support debt accrued and accruing pursuant to section 598.21B, or medical support pursuant to chapter 252E, or both.

5. If a party fails to appear at the hearing, upon a showing of proper notice to that party, the court shall find that party in default and enter an appropriate order.

6. Actions initiated by the administrator under this chapter are not subject to chapter 17A and resulting court hearings following certification shall be an original hearing before the district court.

7. If a responsible person contests an action initiated under this chapter by denying paternity, the following shall apply, as necessary:

a. (1) If the prior determination of paternity is based on an affidavit of paternity filed pursuant to section 252A.3A, or an administrative order entered pursuant to chapter 252F, or an order by the courts of this state, or by operation of law when the mother and established father are or were married to each other, the provisions of section 600B.41A are applicable.

(2) If the court determines that the prior determination of paternity should not be overcome pursuant to section 600B.41A, and that the responsible person has a duty to provide support, the court shall enter an order establishing the monthly child support payment and the amount of the support debt accrued and accruing pursuant to section 598.21B, or medical support pursuant to chapter 252E, or both.

b. If the prior determination of paternity is based on an administrative or court order or other means, pursuant to the laws of another state or foreign country, an action to overcome the prior determination of paternity shall be filed in that jurisdiction. Unless the responsible person requests and is granted a stay of an action initiated under this chapter to establish child or medical support, the action shall proceed as otherwise provided by this chapter.

2. The administrator's order shall be presented, ex parte, to the district court for review and approval. The approved order shall have all the force, effect, and attributes of a docketed order or decree of the district court.

3. Upon filing, the clerk shall enter the order in the judgment docket.

4. If the responsible party appeals the order approved by the court under this section, and the court on appeal establishes an amount of support which is less than the amount of support established under the approved order, the court, in the order issued on appeal, shall reconcile the amounts due and shall provide that any amount which represents the unpaid difference between the amount under the approved order and the amount under the order of the court on appeal is satisfied.

All income withholding payments shall be paid to the collection services center or, as appropriate, a comparable government entity in another state as provided in chapter 252K. **SUBCHAPTER II****IMMEDIATE INCOME WITHHOLDING****252D.8 Persons subject to immediate income withholding.**

1. In a support order issued or modified on or after November 1, 1990, for which services are being provided by the child support recovery unit, and in any support orders issued or modified after January 1, 1994, for which services are not provided by the child support recovery unit, the income of a support obligor is subject to withholding, on the effective date of the order, regardless of whether support payments by the obligor are in arrears. If services are being provided pursuant to chapter 252B, the child support recovery unit may enter an ex parte order for an immediate withholding of income. The district court may enter an ex parte order for immediate income withholding for cases in which the child support recovery unit is not providing services. The income of the obligor is subject to immediate withholding unless one of the following occurs:

a. One of the parties demonstrates and the court or child support recovery unit finds there is good cause not to require immediate withholding. A finding of good cause shall be based on, at a minimum, written findings and conclusions by the court or administrative authority as to why implementing immediate withholding would not be in the best interests of the child. In cases involving modifications, the findings shall also include proof of timely payment of previously ordered support.

b. A written agreement is reached between both parties which provides for an alternative arrangement. If the support payments have been assigned to the department of human services pursuant to chapter 234 or 239B, or a comparable statute of another jurisdiction, the department shall be considered a party to the support order, and a written agreement pursuant to this section to waive immediate withholding is void unless approved by the child support recovery unit. Any agreement existing at the time an assignment of support is made pursuant to chapter 234 or 239B or pursuant to a comparable statute of another jurisdiction shall not prevent the child support recovery unit from implementing immediate withholding.

2. For an order not requiring immediate withholding, income of an obligor is subject to immediate withholding, without regard to whether there is an arrearage, on the earliest of the following:

a. The date the obligor requests that the withholding begin.

b. The date the custodial parent or party to the proceeding requests that the withholding begin, if the request is approved by the district court or, in cases in which services are being provided pursuant to chapter 252B, if the child support recovery unit approves the request.

**252D.9 Sums subject to immediate withholding.**

Specified sums shall be deducted from the obligor's income sufficient to pay the support obligation and any judgment established or delinquency accrued under the support order. The amount withheld pursuant to an income withholding order or notice of order for income withholding shall not exceed the amount specified in 15 U.S.C. §1673(b).

The child support recovery unit shall provide notice of the income withholding order by sending a notice of the order to the obligor's payor of income by regular mail or by electronic means. Proof of service may be completed according to rule of civil procedure 1.442. The child support recovery unit's notice of the order may be sent to the payor of income on the same date that the order is sent to the clerk of court for filing. In all other instances, the income withholding order shall be filed with the clerk of court prior to sending the notice of the order to the payor of income. In addition to the amount to be withheld for payment of support, the order or the notice of the order shall be in a standard format as prescribed by the unit and shall include all of the following information regarding the duties of the payor in implementing the withholding order:

a. The withholding order or notice of the order for income withholding for child support or child support and spousal support has priority over a garnishment or an assignment for any other purpose.

b. As reimbursement for the payor's processing costs, the payor may deduct a fee of no more than two dollars for each payment in addition to the amount withheld for support. The payor of income is not required to vary the payroll cycle to comply with the frequency of payment of a support order.

c. The amount withheld for support, including the processing fee, shall not exceed the amounts specified in 15 U.S.C. §1673(b).

d. The income withholding order is binding on an existing or future payor of income ten days after receipt of the copy of the order or the notice of the order, and is binding whether or not the copy of the order received is file-stamped.

Whether combined or separate, payments shall be identified by the name of the obligor, account number, amount, and the date withheld. If payments for multiple obligors are combined, the portion of the payment attributable to each obligor shall be specifically identified.

g. The withholding is binding on the payor until further notice by the court or the child support recovery unit.

h. If the payor, with actual knowledge and intent to avoid legal obligation, fails to withhold income or to pay the amounts withheld to the collection services center or the clerk of court or, as appropriate, a comparable government entity in another state as provided in chapter 252K in accordance with the provisions of the order, the notice of the order, or the notification of payors of income provisions established in section 252B.13A, the payor commits a simple misdemeanor for a first offense and is liable for the accumulated amount which should have been withheld, together with costs, interest, and reasonable attorney fees related to the collection of the amounts due from the payor. For each subsequent offense prescribed under this paragraph, the payor commits a serious misdemeanor and is liable for the accumulated amount which should have been withheld, together with costs, interest, and reasonable attorney fees related to the collection of the amounts due from the payor.

i. The payor shall promptly notify the court or the child support recovery unit when the

obligor's employment or other income terminates, and provide the obligor's last known address and the name and address of the obligor's new employer, if known.

j. Any payor who discharges an obligor, refuses to employ an obligor, or takes disciplinary action against an obligor based upon income withholding is guilty of a simple misdemeanor. A withholding order or the notice of the order for income withholding has the same force and effect as any other district court order, including but not limited to contempt of court proceedings for noncompliance.

k. (1) Beginning July 1, 1997, if a payor of income does business in another state through a registered agent and receives a notice of income withholding issued by another state, the payor shall, and beginning January 1, 1998, any payor of income shall, withhold funds as directed in a notice issued by another state, except that a payor of income shall follow the laws of the obligor's principal place of employment when determining all of the following:

- (a) The payor's fee for processing an income withholding payment.
- (b) The maximum amount permitted to be withheld from the obligor's income.
- (c) The time periods for implementing the income withholding order and forwarding the support payments.

- (d) The priorities for withholding and allocating income withheld for multiple child support obligees.

- (e) Any withholding terms or conditions not specified in the order.

(2) A payor of income who complies with an income withholding notice that is regular on its face shall not be subject to any civil liability to any individual or agency for conduct in compliance with the notice.

l. The payor of income shall comply with chapter 252K when receiving a notice of income withholding from another state.

2. The department shall establish criteria and a phased-in schedule to require, no later than June 30, 2015, payors of income to electronically transmit the amounts withheld under an income withholding order. The department shall assist payors of income in complying with the required electronic transmission, and shall adopt rules setting forth procedures for use in electronic transmission of funds, and exemption from use of electronic transmission taking into consideration any undue hardship electronic transmission creates for payors of income.

#### **252D.18 Modification or termination of withholding.**

1. The court or the child support recovery unit may, by ex parte order, modify a previously entered income withholding order if the court or the unit determines any of the following:

- a. There has been a change in the amount of the current support obligation.
- b. The amount required to be withheld under the income withholding order is in error.
- c. Any past due support debt has been paid in full. Should a delinquency later accrue, the withholding order may be modified to secure payment toward the delinquency.
- d. There has been a change in the rules adopted by the department pursuant to chapter 17A regarding the amount of income to be withheld to pay a delinquency.

2. The child support recovery unit may modify an amount specified in an income withholding order or notice of income withholding by providing notice to the payor of income and the obligor pursuant to sections 252D.17 and 252D.17A.

3. The court or the child support recovery unit may, by ex parte order, terminate an income withholding order when the current support obligation has terminated and when

the delinquent support obligation has been fully satisfied as applicable to all of the children covered by the income withholding order. The unit may, by ex parte order, terminate an income withholding order when the unit will no longer be providing services under chapter 252B, or when another state or foreign country will be providing services under Tit. IV-D of the federal Social Security Act or a comparable law in a foreign country.

#### **252D.18A Multiple income withholding orders — amounts withheld by payor.**

When the obligor is responsible for paying more than one support obligation and the payor of income has received more than one income withholding order or notice of an order for the obligor, the payor shall withhold amounts in accordance with all of the following:

1. The total of all amounts withheld shall not exceed the amounts specified in 15 U.S.C. §1673(b). For orders or notices issued by the child support recovery unit, the limit for the amount to be withheld shall be specified in the order or notice.

2. As reimbursement for the payor's processing costs, the payor may deduct a fee of no more than two dollars for each payment withheld in addition to the amount withheld for support.

3. Priority shall be given to the withholding of current support rather than delinquent support. The payor shall not allocate amounts withheld in a manner which results in the failure to withhold an amount for one or more of the current support obligations.

a. To arrive at the amount to be withheld for each obligee, the payor shall total the amounts due for current support under the income withholding orders and the notices of orders and determine the proportionate share for each obligee. The proportionate share shall be determined by dividing the amount due for current support for each order or notice of order by the total due for current support for all orders and notices of orders. The results are the percentages of the obligor's net income which shall be withheld for each obligee.

b. If, after completing the calculation in paragraph "a", the withholding limit specified under subsection 1 has not been attained, the payor shall total the amounts due for arrearages and determine the proportionate share for each obligee. The proportionate share amounts shall be established utilizing the procedures established in paragraph "a" for current support obligations.

4. The payor shall identify and report payments by the obligor's name, account number, amount, and date withheld pursuant to section 252D.17. If payments for multiple obligees are combined, the portion of the payment attributable to each obligee shall be specifically identified only if the payor is directed to do so by the child support recovery unit.

#### **252D.18B Irregular income.**

When payment of income is irregular, and an order for immediate or mandatory income withholding has been entered by the child support recovery unit or the district court, the income payor shall withhold income equal to the total that would have been withheld had there been regular monthly income. The amounts withheld shall not exceed the amounts specified in 15 U.S.C. §1673(b). For the purposes of this section, an income source is irregular when there are periods in excess of one month during which the income payor makes no payment to the obligor and the periods are not the result of termination or suspension of employment.

93 Acts, ch 78, §15

Referred to in §252D.16

#### **252D.18C Withholding from lump sum payments.**

The child support recovery unit or the district court may enter an ex parte order for income withholding when the obligor is paid by a lump sum income source. When a sole payment is

made or payment occurs at two-month or greater intervals, the withholding order may include all current and delinquent support due through the current month, but shall not exceed the amounts specified in 15 U.S.C. §1673(b).

#### **252D.19 Other remedies.**

The remedies provided in this chapter do not exclude the use of other civil or criminal remedies in enforcing support obligations.

90 Acts, ch 1123, §9

#### **252D.19A Disparity between order and pay dates — not delinquent.**

1. An obligor whose support payments are automatically withheld from the obligor's paycheck shall not be delinquent or in arrears if all of the following conditions are met:

a. Any delinquency or arrearage is caused solely by a disparity between the schedules of the obligor's regular pay dates and the scheduled date the support is due.

b. The amount calculated to be withheld is such that the total amount of current support to be withheld from the paychecks of the obligor and the amount ordered to be paid in the support order are the same on an annual basis.

c. The automatic deductions for support are continuous and occurring.

2. If the unit takes an enforcement action during a calendar year against an obligor and the obligor is not delinquent or in arrears solely due to the applicability of this section to the obligor, upon discovering the circumstances, the unit shall promptly discontinue the enforcement action.

97 Acts, ch 175, §65

#### **252D.20 Administration of income withholding procedures.**

The child support recovery unit is designated as the entity of the state to administer income withholding in accordance with the procedures specified for keeping adequate records to document, track, and monitor support payments on cases subject to Tit. IV-D of the federal Social Security Act. The collection services center is designated as the entity for administering income withholding for cases which are not subject to Tit. IV-D. The collection services center's responsibilities for administering income withholding in cases not subject to Tit. IV-D are limited to the receipt, recording, and disbursement of income withholding payments and to responding to requests for information on the current status of support payments pursuant to section 252B.13A. Notwithstanding section 622.53, in cases where the court or the child support recovery unit is enforcing an order of another state or foreign country through income withholding, a certified copy of the underlying judgment is sufficient proof of authenticity.

#### **252D.21 Penalty for misrepresentation.**

90 Acts, ch 1123, §11; 97 Acts, ch 175, §66

#### **252D.22 Rules.**

90 Acts, ch 1123, §12

**252D.23 Filing of withholding order — order effective as district court order.**

An income withholding order entered by the child support recovery unit pursuant to this chapter shall be filed with the clerk of the district court. In lieu of any signature on the order which may otherwise be required by law or rule, the order shall have affixed the name and address of the appropriate child support office. For the purposes of demonstrating compliance by the payor of income, the copy of the withholding order or the notice of the order received, whether or not the copy of the order is file-stamped, shall have all the force, effect, and attributes of a docketed order of the district court including, but not limited to, availability of contempt of court proceedings against a payor of income for noncompliance. However, any information contained in the income withholding order or the notice of the order related to the amount of the accruing or accrued support obligation which does not reflect the correct amount of support due does not modify the underlying support judgment.

**252D.24 Applicability to support orders of other jurisdictions.**

1. An income withholding order may be entered to enforce a support order of another state or foreign country. That support order may be entered and filed with the clerk of the district court at the time the income withholding order is entered. Entry of the support order of another state or foreign country under this subsection does not constitute registration of the order.

2. Income withholding for a support order issued by another state or foreign country is governed by chapter 252K and this chapter, as appropriate.

93 Acts, ch 78, §17; 97 Acts, ch 175, §71; 2005 Acts, ch 112, §11; 2015 Acts, ch 110, §98

**252D.25 Limitations on scope of proceedings.**

1. Issues related to visitation, custody, or other provisions not related to the support provisions of a support order are not grounds for a motion to quash, revoke, suspend, or stay a withholding order.

2. Support orders shall not be modified under a motion to quash a withholding order.

93 Acts, ch 78, §18

**252D.26 through 252D.29 Reserved.****252D.30 Ex parte order — provisions for medical support.**

An ex parte order entered under this chapter may also include provisions for enforcement of medical support when medical support provisions are included in the support order. The ex parte order may require income withholding of a dollar amount for medical support or implementation of provision for dependent coverage under a health benefit plan pursuant to chapter 252E.

93 Acts, ch 78, §19

**252D.31 Motion to quash.**

An obligor under this chapter may move to quash an income withholding order or a notice of income withholding by filing a motion to quash with the clerk of court.

1. Grounds for contesting a withholding order under this chapter include all of the following:

a. A mistake of fact, which for purposes of this chapter means an error in the amount withheld or the amount of the withholding or the identity of the obligor.

b. For immediate withholding only, the conditions for exception to immediate income withholding as defined under section 252D.8 existed at the time of implementation of the withholding.

2. The clerk of the district court shall schedule a hearing on the motion to quash for a time not later than seven days after the filing of the motion to quash and the notice of the motion to quash. The clerk shall mail to the parties copies of the motion to quash, the notice of the motion to quash, and the order scheduling the hearing.

3. The payor shall withhold and transmit the amount specified in the order or notice of the order of income withholding to the clerk of the district court or the collection services center or a comparable government entity in another state as provided in chapter 252K, as appropriate, until the notice that a motion to quash has been granted is received.

Subsection 8 amended

### **252E.1A Establishing and modifying orders for medical support.**

1. This section shall apply to all initial or modified orders for support entered under chapter 234, 252A, 252C, 252F, 252H, 598, 600B, or any other applicable chapter. If an action to establish or modify an order for support is initiated by the child support recovery unit, section 252E.1B shall also apply.

2. An order or judgment that provides for temporary or permanent support for a child shall include a provision for medical support for the child as provided in this section.

3. The court shall order as medical support for the child health care coverage if a health

benefit plan other than public coverage is available to either parent at the time the order is entered or modified. A health benefit plan is available if the plan is accessible and the cost of the plan is reasonable.

a. The cost of a health benefit plan is considered reasonable, and such amount shall be stated in the order, if one of the following applies:

(1) The premium cost for a child to the parent ordered to provide coverage does not exceed five percent of that parent's gross income or the child support guidelines established pursuant to section 598.21B specifically provide an alternative income-based numeric standard for determining the reasonable cost of the premium, in which case the reasonable cost of the premium as determined by the standard specified by the child support guidelines shall apply.

(2) The premium cost for a child exceeds the amount specified in subparagraph (1) and that parent consents or does not object to entry of that order.

b. For purposes of this section, "*family coverage*" means coverage that covers multiple individuals and covers or could cover the child or children subject to the child support order.

c. For purposes of this section, "*gross income*" has the same meaning as gross income for calculation of support under the guidelines established under section 598.21B.

d. For purposes of this section, "*the premium cost for a child to the parent*" ordered to provide coverage means the amount of the premium cost for family coverage to the parent which is in excess of the premium cost for single coverage, regardless of the number of individuals covered under the plan.

4. If a health benefit plan other than public coverage is not available to either parent at the time of the entry of the order, and the custodial parent does not have public coverage for the child, the court shall order cash medical support in an amount which shall be stated in the order. This subsection shall not apply in any of the following circumstances:

a. If the parent's monthly support obligation established pursuant to the child support guidelines prescribed by the supreme court pursuant to section 598.21B is the minimum obligation amount. If this paragraph applies, the court shall order the parent to provide health care coverage when a plan becomes available for which there is no premium cost for a child to the parent.

b. If the noncustodial parent does not have income which may be subject to income withholding for collection of cash medical support at the time of the entry of the order. If this paragraph applies, the court shall order the noncustodial parent to provide health care coverage when a health benefit plan becomes available at a reasonable cost, and the order shall specify the amount of the reasonable cost as specified in subsection 3, paragraph "a", subparagraph (1).

c. If the noncustodial parent is receiving assistance or is residing with any child receiving assistance as provided in section 252E.2A, subsection 1, paragraph "c", subparagraph (3) or (4). If this paragraph applies, the court shall order the noncustodial parent to provide health care coverage when a health benefit plan becomes available for which there is no premium cost for a child to the parent.

5. If a health benefit plan other than public coverage is not available to either parent at the time of the entry of the order, and the custodial parent has public coverage for the child, the court shall order the custodial parent to provide health care coverage, and the court shall order the noncustodial parent to pay cash medical support, which amount shall be stated in the order, unless an exception under subsection 4 applies.

6. Notwithstanding the requirements of this section, the court may order provisions in the alternative to those provided in this section to address the health care needs of the child if the court determines that extreme circumstances so require and documents the court's written findings in the order.

7. An order, decree, or judgment entered before October 1, 2018, that provides for the support of a child may be modified in accordance with this section.

**252E.1B Establishing and modifying orders for medical support — actions initiated by child support recovery unit.**

1. If the child support recovery unit is initiating an action to establish or modify support, this section shall apply in addition to the provisions of section 252E.1A.

2. The unit shall apply the following order of priority when the unit enters or seeks an order for medical support:

a. If the custodial parent is currently providing coverage for the child under a health benefit plan other than public coverage, and the plan is available as described in section 252E.1A, subsection 3, the unit shall enter or seek an order for the custodial parent to provide coverage.

b. If the noncustodial parent is currently providing coverage for the child under a health benefit plan other than public coverage, and the plan is available as described in section 252E.1A, subsection 3, the unit shall enter or seek an order for the noncustodial parent to provide coverage.

c. If a health benefit plan other than public coverage is available as described in section 252E.1A, subsection 3, to the custodial parent, the unit shall enter or seek an order for the custodial parent to provide coverage.

d. If a health benefit plan other than public coverage is available as described in section 252E.1A, subsection 3, to the noncustodial parent, the unit shall enter or seek an order for the noncustodial parent to provide coverage.

e. If a health benefit plan other than public coverage is not available to either parent, and the custodial parent has public coverage for the child, the unit shall enter or seek an order for the custodial parent to provide health care coverage and shall enter or seek an order for the noncustodial parent to pay cash medical support. However, if any of the circumstances described in section 252E.1A, subsection 4, paragraph “a”, “b”, or “c” is met, the unit shall enter or seek an order as specified by the applicable paragraph.

3. Notwithstanding subsection 2, if there is an order for joint physical care for the child and the parties subject to the support order, the unit shall apply the following order of priority when the unit enters or seeks an order for medical support:

a. If only one parent is currently providing coverage for the child under a health benefit plan other than public coverage, and the plan is available as described in section 252E.1A, subsection 3, the unit shall enter or seek an order for that parent to provide coverage.

b. If both parents are currently providing coverage for the child under a health benefit plan other than public coverage, and both plans are available as described in section 252E.1A, subsection 3, the unit shall enter or seek an order for both parents to provide coverage.

c. If neither parent is currently providing coverage for the child under a health benefit plan other than public coverage, and a health benefit plan other than public coverage is available as described in section 252E.1A, subsection 3, to one parent, the unit shall enter or seek an order for that parent to provide coverage.

d. If neither parent is currently providing coverage for the child under a health benefit plan other than public coverage, and a health benefit plan other than public coverage is available as described in section 252E.1A, subsection 3, to both parents, the unit shall enter or seek an order for both parents to provide coverage.

e. If a health benefit plan other than public coverage is not available to either parent and one parent has public coverage for the child, the unit shall enter or seek an order for that parent to provide health care coverage.

4. The child support recovery unit or the court shall not order any modification to an existing medical support order in a proceeding conducted solely pursuant to chapter 252H, subchapter IV.

**252E.2 Order for medical support.**

1. An order requiring the provision of coverage under a health benefit plan other than public coverage is authorization for enrollment of the dependent if the dependent is otherwise eligible to be enrolled. The dependent’s eligibility and enrollment for coverage under such a

plan shall be governed by all applicable terms and conditions, including, but not limited to, eligibility and insurability standards. The dependent, if eligible, shall be provided the same coverage as the obligor.

2. An insurer who is subject to the federal Employee Retirement Income Security Act, as codified in 29 U.S.C. §1169, shall provide benefits in accordance with that section which meet the requirements of a qualified medical child support order. For the purposes of this subsection “*qualified medical child support order*” means and includes a medical child support order as defined in 29 U.S.C. §1169, or a child support order which creates or recognizes the existence of a child’s right to, or assigns to a child the right to, receive benefits for which a participant or child is eligible under a group health plan or a notice of such an order issued by the department, and which specifies the following:

a. The name and the last known mailing address of the participant and the name and mailing address of each child covered by the order except that, to the extent provided in the order, the name and mailing address of an official of the department may be substituted for the mailing address of the child.

b. A reasonable description of the type of coverage to be provided to each child, or the manner in which the type of coverage is to be determined.

c. The period during which the coverage applies.

3. The obligor shall take all actions necessary to enroll and maintain coverage under a health benefit plan for a dependent at the obligor’s present and all future places of employment.

4. A medical support order of another state or foreign country may be entered or filed with the clerk of the district court. However, entry of such a medical support order under this subsection does not constitute registration of that medical support order.

This section shall apply if the child support recovery unit is providing services under chapter 252B.

1. Notwithstanding any law to the contrary and without a court order, a medical support order for a child shall be deemed satisfied with regard to the department, the child, the obligor, and the obligee for the period during which all of the following conditions are met:

a. The order is issued under any applicable chapter of the Code.

b. The unit is notified that the conditions of paragraph “c” are met and the parent ordered to provide medical support submits a written statement to the unit that the requirements of paragraph “c” are met.

c. The parent ordered to provide medical support meets at least one of the following conditions:

(1) The parent is an inmate of an institution under the control of the department of corrections or a comparable institution in another state.

(2) The parent’s monthly child support obligation under the guidelines established pursuant to section 598.21B is the minimum obligation amount.

(4) The parent is residing with any child for whom the parent is legally responsible and that child is a recipient of assistance under chapter 239B, 249A, or 514I, or under comparable laws of another state. For purposes of this subparagraph, “*legally responsible*” means the parent has a legal obligation to the child as specified in Iowa court rule 9.7 of the child support guidelines.

d. The unit files a notice of satisfaction with the clerk of the district court. The effective date of the satisfaction shall be stated in the notice and the effective date shall be no later than forty-five days after the unit issues the notice of satisfaction.

2. If a medical support order is satisfied under subsection 1, the satisfaction shall continue until all of the following apply:

a. The unit is notified that none of the conditions specified in subsection 1, paragraph “c”, still applies.

b. The unit files a satisfaction termination notice that the requirements for a satisfaction under this section no longer apply. The effective date shall be stated in the satisfaction termination notice and the effective date shall be no later than forty-five days after the unit issues the satisfaction termination notice.

### **252E.3 Health care coverage of obligee.**

For cases for which services are being provided pursuant to chapter 252B, the order may require an obligor providing health care coverage for a child to also provide health care coverage for the benefit of an obligee if the obligee is eligible for enrollment under the plan in which the child or the obligor is enrolled, and if coverage for the obligee is available at no additional cost.

### **252E.4 Order to employer.**

1. When a support order requires an obligor to provide coverage under a health benefit plan other than public coverage, the district court or the department may enter an ex parte order directing an employer to take all actions necessary to enroll an obligor’s dependent for coverage under a health benefit plan or may include the provisions in an ex parte income withholding order or notice of income withholding pursuant to chapter 252D. The child support recovery unit, where appropriate, shall issue a national medical support notice to an employer within two business days after the date information regarding a newly hired employee is entered into the centralized employee registry and matched with a noncustodial parent in the case being enforced by the unit, or upon receipt of other employment information for such parent. The department may amend the information in the ex parte order or may amend or terminate the national medical support notice regarding health insurance provisions if necessary to comply with health insurance requirements including but not limited to the provisions of section 252E.2, subsection 2, or to correct a mistake of fact.

2. The obligee, district court, or department may forward either the support order containing the provision for coverage under a health benefit plan or the ex parte order provided for in subsection 1 to the obligor’s employer.

3. This chapter shall be constructive notice to the obligor of enforcement and further notice prior to enforcement is not required.

4. The order requiring coverage is binding on all future employers or insurers if the dependent is eligible to be enrolled in the health benefit plan under the applicable plan terms and conditions.

### **252E.5 Effect of order on employer.**

1. When the order has been forwarded to the obligor’s employer pursuant to section

252E.4, the order is binding on the employer and the employer's insurer to the extent that the dependent is eligible to be enrolled in the plan under the applicable terms and conditions of the health benefit plan and the standard enrollment guidelines of the insurer. The employer shall allow enrollment of the dependent at any time, notwithstanding any enrollment season restrictions. If a provision of this section conflicts with a provision in the national medical support notice, or in subsection 8, the provision in the notice and subsection 8 shall apply.

2. The employer shall forward a copy of the order to the insurer and request enrollment of the dependent in the health benefit plan. If the obligor fails to apply to obtain coverage for the dependent, the employer shall accept an application to enroll a dependent which has been signed by the obligee or other legal custodian of a child or by the department. Within sixty days of receipt of the order or within sixty days of receipt of application, whichever is earlier, the insurer shall determine whether the dependent is eligible for enrollment under the plan and shall notify the employer of the dependent's eligibility status. If more than one plan is offered by the employer, the dependent shall be enrolled in the health benefit plan in which the obligor is enrolled. However, if more than one plan is offered to the obligor, the plan selected shall provide coverage which is accessible to the dependent.

3. The employer shall withhold from the employee's compensation, the employee's share, if any, of premiums for the health benefit plan in an amount that does not exceed the amount specified in the national medical support notice or order or the amount specified in 15 U.S.C. §1673(b) and which is consistent with federal law. The employer shall forward the amount withheld to the insurer.

4. Within thirty days of receipt of an order that requires an obligor to enroll a dependent in a health benefit plan, the obligor's employer shall provide the following information, as applicable, regarding the enrollment status of the dependent to the obligor, the obligee, or other legal custodian of the child, and the department:

- a. That the dependent has been enrolled in a health benefit plan.
- b. That the dependent is not eligible for enrollment and the reasons that the dependent is not eligible to be enrolled.

c. That the order has been forwarded to the insurer and a determination of eligibility for enrollment has not been made.

5. If the dependent has been enrolled in a health benefit plan, all of the following information shall be provided:

- a. The name of the insurer providing the health benefit plan.
- b. The dependent's effective date of coverage.
- c. The health benefit plan or account number.
- d. The type of health benefit plan under which the dependent has been enrolled, including whether dental, optical, office visits, and prescription drugs are covered services. Additionally, the response shall include a brief description of the applicable deductibles, coinsurance, waiting periods for preexisting medical conditions, and other significant terms or conditions which materially affect the coverage.

6. a. An employer shall not revoke enrollment or eliminate coverage for a dependent unless the employer is provided with satisfactory written evidence that one of the following conditions exists:

(1) A court or administrative order requiring coverage in a health benefit plan is no longer in effect.

(2) The dependent is eligible for or will be enrolled in a comparable health benefit plan which will take effect no later than the effective date of revocation of enrollment in the other plan.

(3) The employer has eliminated dependent health coverage for all employees.

b. Nothing in this section requires an employer to maintain coverage for the dependent if the premiums are no longer being paid by the obligor because the employer no longer owes compensation to the obligor or because the obligor's employment has been terminated and the obligor has not elected to continue coverage.

c. If an order requiring that the obligor provide coverage under a health benefit plan for the dependent has been forwarded to the obligor's employer pursuant to section 252E.4, and

the obligor's employment is terminated, the employer shall provide notice to the obligee and the department within ten days of termination of the obligor's employment.

7. If an order requiring that the obligor provide coverage under a health benefit plan for the dependent has been forwarded to the obligor's employer pursuant to section 252E.4, and the employer's health benefit plan is terminated either in its entirety or with respect to the obligor's insurance classification, or the employer has changed its insurer or become self-insured, the employer shall provide notice to the obligee or other legal custodian of the child and the department ten days prior to the termination or change in insurer.

8. If the department issues a national medical support notice to an employer or plan administrator, all of the following shall apply:

a. The employer and plan administrator shall comply with the provisions in the notice.

b. The employer and the plan administrator shall treat the notice as an application by the department for health benefit plan coverage for the dependent to the extent such application is required by the health benefit plan.

c. If the obligor named in the notice is not an employee of the employer, or if a health benefit plan is not offered or available to the employee, the employer shall notify the department, as provided in the notice, within twenty business days after the date of the notice.

d. If a health benefit plan is offered or available to the employee, the employer shall send the plan administrator's portion of the notice to each appropriate plan administrator within twenty business days after the date of the notice.

e. Upon notification from the plan administrator that the dependent is enrolled, the employer shall either withhold and forward the premiums as provided in subsection 3, or shall notify the department that the enrollment cannot be completed due to limits established for withholding as provided in subsection 3.

f. If the plan administrator notifies the employer that the obligor is subject to a waiting period that expires more than ninety days from the date of receipt of the notice by the plan administrator or that the obligor is subject to a waiting period that is measured in a manner other than the passage of time, the employer shall notify the plan administrator when the obligor becomes eligible to enroll in the plan and that the notice requires enrollment in the plan of the dependent named in the notice.

g. The plan administrator shall enroll the dependent, and if necessary to enrollment of the dependent shall also enroll the obligor, in the plan selected in accordance with this paragraph. All of the following shall apply to the selection of the plan:

(1) If the obligor is enrolled in a health benefit plan that offers dependent coverage, that plan shall be selected.

(2) If the obligor is not enrolled in a plan or is not enrolled in a plan that offers dependent coverage, and if only one plan with dependent coverage is offered by the employer, that plan shall be selected.

(3) If the obligor is not enrolled in a health benefit plan or is not enrolled in a health benefit plan that offers dependent coverage, if more than one plan with dependent coverage is offered by the employer, and if the notice is issued by the child support recovery unit, all of the following shall apply:

(a) If only one of the plans is accessible to the dependent, that plan shall be selected. If none of the plans with dependent coverage is accessible to the dependent, the unit shall amend or terminate the notice.

(b) If more than one of the plans is accessible to the dependent, the plan selected shall be the plan that provides basic coverage for which the employee's share of the premium is lowest.

(c) If more than one of the plans is accessible to the dependent but none of the accessible plans provides basic coverage, the plan selected shall be a plan that is accessible and for which the employee's share of the premium is lowest.

(d) If the employee's share of the premiums is the same under all plans described in subparagraph (b) or (c), the unit shall attempt to consult with the obligee when selecting the plan. If the obligee does not respond within ten days of the unit's attempt, the unit shall select

a plan which shall be the plan's default option, if any, or the plan with the lowest deductibles and copayment requirements.

(4) If the obligor is not enrolled in a health benefit plan or is not enrolled in a health benefit plan that offers dependent coverage, if more than one plan with dependent coverage is offered by the employer, and if the notice is issued by the child support enforcement agency of another state, that agency shall select the plan as provided in paragraph "h", subparagraph (3).

h. Within forty business days after the date of the notice, the plan administrator shall do all of the following as directed by the notice:

(1) Complete the appropriate portion of the notice and return the portion to the department.

(2) If the dependent is or is to be enrolled, notify the obligor, the obligee, and the child and furnish the obligee with necessary information. Provide the child support recovery unit with the type of health benefit plan under which the dependent has been enrolled, including whether dental, optical, office visits, and prescription drugs are covered services.

(3) If more than one health benefit plan is available to the obligor and the obligor is not enrolled, forward plan descriptions and documents to the department and enroll the dependent, and if necessary the obligor, in the plan selected by the department or in any default option if the plan administrator has not received a selection from the department within twenty business days of the date the plan administrator returned the national medical support notice response to the department.

(4) If the obligor is subject to a waiting period that expires more than ninety days from the date of receipt of the notice by the plan administrator or if the obligor has not completed a waiting period that is measured in a manner other than the passage of time, notify the employer, the department, the obligor, and the obligee. Upon satisfaction of the period or requirement, complete the enrollment.

(5) Upon completion of the enrollment, notify the employer for a determination of whether the necessary employee share of the premium is available.

(6) If the plan administrator is subject to the federal Employee Retirement Income Security Act, as codified in 29 U.S.C. §1169, or is subject to the federal Child Support Performance and Incentive Act of 1998, Pub. L. No. 105-200, §401, subsection (e) or (f), and the plan administrator determines the notice does not constitute a qualified medical child support order, complete and send the response to the department and notify the obligor, the obligee, and the child of the specific reason for the determination.

9. This chapter does not preclude the exchange of required information between the department and employers or insurers through electronic data transfer.

90 Acts, ch 1224, §29; 94 Acts, ch 1171, §27; 2002 Acts, ch 1018, §6, 7; 2009 Acts, ch 15, §2; 2009 Acts, ch 41, §263

#### **252E.6 Duration of health benefit plan coverage.**

1. A child is eligible for medical support for the duration of the obligor's child support obligation. However, the child's eligibility for coverage under a health benefit plan shall be governed by all applicable plan provisions including, but not limited to, eligibility and insurability standards.

2. For cases for which services are being provided pursuant to chapter 252B, the department shall notify the employer when there is no longer a current order for medical support in effect for which the department is responsible. However, termination of medical support ordered pursuant to section 252E.3 shall be governed by the insurer's health benefit plan provisions for termination and by applicable federal law.

90 Acts, ch 1224, §30; 2002 Acts, ch 1018, §8

#### **252E.6A Motion to quash.**

1. An obligor may move to quash the order to the employer under section 252E.4 by following the same procedures and alleging a mistake of a fact as provided in section 252D.31 or as provided in subsection 2. If the unit is enforcing an income withholding order

and a medical support order simultaneously, any challenge to the income withholding order and medical support enforcement shall be filed and heard simultaneously.

2. The obligor may allege as a mistake of fact an error in the availability of dependent coverage under the health benefit plan because the coverage is not accessible to the dependent. Even if the plan is not accessible as defined in section 252E.1, the court may determine that the plan is substantially accessible if the obligee demonstrates that the dependent may receive a benefit under the plan. Section 252K.316 relating to evidence and procedure shall apply to the court proceeding.

3. The employer shall comply with the requirements of this chapter until the employer receives notice that a motion to quash has been granted, or that the unit has amended or terminated the national medical support notice.

97 Acts, ch 175, §75; 2002 Acts, ch 1018, §9

#### **252E.7 Insurer authorization.**

1. The entry of an order requiring a health benefit plan is authorization for enrollment of the dependent if the dependent is otherwise eligible to be enrolled. If the obligor fails to obtain coverage for a dependent, the insurer shall accept the signature of the obligee or other legal custodian of the child or of an employee of the department on the application for enrollment of the dependent under the health benefit plan. If the dependent is otherwise eligible to be enrolled in the plan pursuant to the applicable terms and conditions of the health benefit plan and the standard enrollment guidelines of the insurer, the insurer shall allow enrollment of the dependent at any time, notwithstanding any enrollment season restrictions.

2. An insurer shall not deny enrollment of a child under the health benefit plan of the obligor based on any of the following:

- a. The child was born out of wedlock.
- b. The child is not claimed as a dependent on the obligor's federal income tax form.
- c. The child does not reside with the obligor or in the insurer's service area.

3. For purposes of processing claims for payment, the insurer shall accept the signature of the obligee or other legal custodian of the child or of an employee of the department as valid authorization for purposes of processing any medical expense claims on behalf of the dependent for payment or reimbursement of medical services rendered to the dependent.

4. The insurer shall have immunity from any liability, civil or criminal, which might otherwise be incurred or imposed for actions taken in implementing this section including, but not limited to, the insurer's release of any information, or the payment of any claims for services by the insurer, or the insurer's acceptance of applications for enrollment of the dependent and medical expense claims for the dependent which are signed by the obligee or an employee of the department pursuant to this section.

5. If a dependent has coverage under the health benefit plan of and through the insurer of the obligor, the insurer shall make payment directly to the obligee, the provider, or the department for claims submitted by the obligee, by the provider with the obligee's approval, or by the department.

6. Payments remitted to the obligor by the insurer for services received by the dependent shall be recoverable by the obligee or the department from the obligor if not properly paid by the obligor to the provider or the obligee.

90 Acts, ch 1224, §31; 94 Acts, ch 1171, §28

#### **252E.8 Releases of information.**

1. If an order for coverage under a health benefit plan has been forwarded pursuant to section 252E.5, the obligor's employer or insurer shall release to the obligee or other legal custodian of the child or the department, upon receiving a written request, the information necessary to complete an application, to file a claim for medical expenses of the dependent or to create a qualified medical child support order pursuant to section 252E.2, subsection 2.

2. The employer or insurer shall make available to the obligee or the department any necessary claim forms or enrollment membership cards if required to obtain services.

3. The obligor's employer and insurer shall have immunity from any liability, civil or

criminal, which might otherwise be incurred or imposed for any information released by such employer or insurer pursuant to this chapter.

4. The department may release to the obligor's employer or insurer or to the obligee information necessary to obtain, enforce, and collect medical support.

90 Acts, ch 1224, §32; 94 Acts, ch 1171, §29

#### **252E.9 Responsibilities of the obligor.**

1. For cases for which services are being provided pursuant to chapter 252B, an obligor who fails to maintain medical support for the benefit of the dependent as ordered shall be liable to the obligee or the department for any medical expenses incurred from the date of the court order. Proof of failure to maintain medical support constitutes a showing of increased need and provides a basis for the establishment of a monetary amount for medical support.

2. For cases for which services are being provided pursuant to chapter 252B, the obligor shall notify the obligee and the department within ten days of a change in the terms or conditions of coverage under a health benefit plan. Such changes may include, but are not limited to, a change in deductibles, coinsurance, preadmission notification requirements, coverage for dental, optical, office visits, prescription drugs, inpatient and outpatient hospitalization, and any other changes which materially affect the coverage. Costs incurred by the obligee or the department as a result of the obligor's failure to provide notification as required are recoverable from the obligor.

90 Acts, ch 1224, §33

#### **252E.10 Responsibility of the department.**

For cases for which services are being provided pursuant to chapter 252B, the department shall take steps required by federal regulations to implement and enforce an order for medical support.

90 Acts, ch 1224, §34

#### **252E.11 Assignment.**

If medical assistance is provided by the department to a dependent pursuant to chapter 249A, rights to medical support payments are assigned to the department.

Referred to in §249A.54, 252A.13, 598.21C, 598.34, 600B.38

#### **252E.12 Enforcement.**

For the purposes of enforcement pursuant to chapter 252B, medical support may be reduced to a dollar amount and may be collected through the same remedies available for the collection and enforcement of child support.

90 Acts, ch 1224, §36

#### **252E.13 Modification of support order.**

1. Subject to 28 U.S.C. §1738B, when high potential for obtaining medical support exists, the obligee or the department may petition for a modification of the obligor's support order to include medical support or a monetary amount for medical support pursuant to this chapter.

2. In addition, if a support order does not provide medical support as defined in this chapter or equivalent medical support, the department or a party to the order may seek a modification of the order.

3. Subject to 28 U.S.C. §1738B, the department may amend information concerning the provisions regarding health benefits in a court or administrative order if notice of the amendment is provided to the court and to the parties to the order and if the amendment is filed with the clerk of court.

90 Acts, ch 1224, §38

**252E.15 Rulemaking authority — compliance.**

The department shall adopt rules pursuant to chapter 17A to implement this chapter for cases for which services are being provided pursuant to chapter 252B. The department shall cooperate with any agency of the state or federal government as may be necessary to qualify for federal funds in conformity with provisions of this chapter and Tit. IV-D of the federal Social Security Act.

90 Acts, ch 1224, §39; 2010 Acts, ch 1061, §180

**252E.16 Scope and effect.**

1. Unless otherwise specified, the provisions of this chapter take effect July 1, 1990, for all support orders entered pursuant to chapter 234, 252A, 252C, 598, or 600B.

2. If an obligor was ordered to provide a health benefit plan or insurance coverage under an order entered prior to July 1, 1990, but did not comply with the order, insurers are not liable for medical expenses incurred prior to July 1, 1990. However, such an order may be implemented pursuant to the provisions of this chapter following its enactment. This chapter shall not be implemented retroactively; however, previous orders for medical support not otherwise complied with may be reduced to a dollar amount and collected from the obligor.

In any case in which the unit is providing services pursuant to chapter 252B and paternity is at issue, proceedings may be initiated by the unit pursuant to this chapter for the sole purpose of establishing paternity and any accrued or accruing child support or medical support obligations. Proceedings under this chapter are in addition to other means of establishing paternity or support. Issues in addition to establishment of paternity or support obligations shall not be addressed in proceedings initiated under this chapter.

An action to establish paternity and support under this chapter may be brought within the time limitations set forth in section 614.8.

### **252F.3 Notice of alleged paternity and support debt — conference — request for hearing.**

1. The unit may prepare a notice of alleged paternity and support debt to be served on a party if the mother of the child or a government official with knowledge of the circumstances of possible paternity relying on government records provides a written statement to the department of human services certifying in accordance with section 622.1 that the putative father is or may be the biological father of the child or children involved. The notice shall be accompanied by a copy of the statement and served on the putative father in accordance with rule of civil procedure 1.305. Service upon the mother shall not constitute valid service upon the putative father. The notice shall include or be accompanied by all of the following:

a. The name of the recipient of services under chapter 252B and the name and birth date of the child or children involved.

b. A statement that the putative father has been named as the biological father of the child or children named.

c. A statement that if paternity is established, the amount of the putative father’s monthly support obligation and the amount of the support debt accrued and accruing will be established in accordance with the guidelines established in section 598.21B, and the criteria established pursuant to section 252B.7A.

d. A statement that if paternity is established, a party has a duty to provide accrued and accruing medical support to the child or children in accordance with chapter 252E.

e. A written explanation of the procedures for determining the child support obligation and a request for financial or income information as necessary for application of the child support guidelines established pursuant to section 598.21B.

f. (1) The right of a party to request a conference with the unit to discuss paternity establishment and the amount of support that a party may be required to provide, within ten days of the date of service of the original notice or, if paternity is contested and paternity testing is conducted, within ten days of the date the paternity test results are issued or mailed to a party by the unit.

(2) A statement that if a conference is requested, a party shall have one of the following time frames, whichever is the latest, to send a written request for a court hearing on the issue of support to the unit:

(a) Ten days from the date set for the conference.

(b) Twenty days from the date of service of the original notice.

(c) If paternity was contested and paternity testing was conducted, and a party does not deny paternity after the testing or challenge the paternity test results, twenty days from the date paternity test results are issued or mailed by the unit to the party.

(3) A statement that after the holding of the conference, the unit shall issue a new notice of alleged paternity and finding of financial responsibility for child support or medical support, or both, to be provided in person to each party or sent to each party by regular mail addressed to the party’s last known address or, if applicable, to the last known address of the party’s attorney.

(4) A statement that if the unit issues a new notice of alleged paternity and finding of

financial responsibility for child support or medical support, or both, a party shall have one of the following time frames, whichever is the latest, to send a written request for a court hearing on the issue of support to the unit:

(a) Ten days from the date of issuance of the new notice.

(b) Twenty days from the date of service of the original notice.

(c) If paternity was contested and paternity testing conducted, and a party does not deny paternity after the testing or challenge the paternity test results, twenty days from the date the paternity test results are issued or mailed to the party by the unit.

g. A statement that if a conference is not requested, and a party does not deny paternity or challenge the results of any paternity testing conducted but objects to the finding of financial responsibility or the amount of child support or medical support, or both, the party shall send a written request for a court hearing on the issue of support to the unit within twenty days of the date of service of the original notice, or, if paternity was contested and paternity testing conducted, and a party does not deny paternity after the testing or challenge the paternity test results, within twenty days from the date the paternity test results are issued or mailed to the party by the unit, whichever is later.

h. A statement that if a timely written request for a hearing on the issue of support is received by the unit, the party shall have the right to a hearing to be held in district court and that if no timely written request is received and paternity is not contested, the administrator shall enter an order establishing the putative father as the father of the child or children and establishing child support or medical support, or both, in accordance with the notice of alleged paternity and support debt.

i. A written explanation of the rights and responsibilities associated with the establishment of paternity.

j. A written explanation of a party's right to deny paternity, the procedures for denying paternity, and the consequences of the denial.

k. A statement that if a party contests paternity, the party shall have twenty days from the date of service of the original notice to submit a written denial of paternity to the unit.

l. A statement that if paternity is contested, the unit shall, at the request of the party contesting paternity or on its own initiative, enter an administrative order requiring the putative father, mother, and child or children involved, to submit to paternity testing.

m. A statement that if paternity tests are conducted, the unit shall provide a copy of the test results to each party in person or send a copy to each party by regular mail, addressed to the party's last known address, or, if applicable, to the last known address of the party's attorney.

n. A statement setting forth the time frames for contesting paternity after paternity tests are conducted.

o. Other information as the unit finds appropriate.

2. The time limitations established for the notice provisions under subsection 1 are binding unless otherwise specified in this chapter or waived pursuant to section 252F.8.

3. a. If notice is served on a party, the unit shall file a true copy of the notice and the original return of service with the appropriate clerk of the district court as follows:

(1) In the county in which the child or children reside if the action is for purposes of establishing paternity and future child or medical support, or both.

(2) In the county in which the child or children involved last received public assistance benefits in the state, if the action is for purposes of establishing paternity and child or medical support, or both, only for prior periods of time when the child or children received public assistance, and no ongoing child or medical support obligation is to be established by this action.

(3) If the action is the result of a request from another state or foreign country to establish paternity of a putative father located in Iowa, in the county in which the putative father resides.

b. All subsequent documents filed or court hearings held related to the action shall be in the district court in the county in which notice was filed pursuant to this subsection. The clerk shall file and docket the action.

4. A party or the child support recovery unit may request a court hearing regarding establishment of paternity or a determination of support, or both.

a. Upon receipt of a timely written response requesting a hearing or on its own initiative, the unit shall certify the matter for hearing in the district court in the county where the original notice of alleged paternity and support debt is filed, in accordance with section 252F.5.

b. If paternity establishment was contested and paternity tests conducted, a court hearing on the issue of paternity shall be held no earlier than thirty days from the date paternity test results are issued to all parties by the unit, unless the parties mutually agree to waive the time frame pursuant to section 252F.8.

c. Any objection to the results of paternity tests shall be filed no later than twenty days after the date paternity test results are issued or mailed to each party by the unit. Any objection to paternity test results filed by a party more than twenty days after the date paternity tests are issued or mailed to the party by the unit shall not be accepted or considered by the court.

5. If a timely written response and request for a court hearing is not received by the unit and a party does not deny paternity, the administrator shall enter an order in accordance with section 252F.4.

6. a. If a party contests the establishment of paternity, the party shall submit, within twenty days of service of the notice on the party under subsection 1, a written statement contesting paternity establishment to the unit. Upon receipt of a written challenge of paternity establishment, or upon initiation by the unit, the administrator shall enter ex parte administrative orders requiring the mother, child or children involved, and the putative father to submit to paternity testing, except that if the mother and child or children previously submitted blood or genetic specimens in a prior action to establish paternity against a different putative father, the previously submitted specimens and prior results, if available, may be utilized for testing in this action. Either the mother or putative father may contest paternity under this chapter.

b. The orders shall be filed with the clerk of the district court in the county where the notice was filed and have the same force and effect as a court order for paternity testing.

c. The unit shall issue copies of the respective administrative orders for paternity testing to the mother and putative father in person, or by regular mail to the last known address of each, or if applicable, to the last known address of the attorney for each.

d. If a paternity test is ordered under this section, the administrator shall direct that inherited characteristics be analyzed and interpreted, and shall appoint an expert qualified as an examiner of genetic markers to analyze and interpret the results. The test shall be of a type generally acknowledged as reliable by accreditation entities designated by the secretary of the United States department of health and human services and shall be performed by a laboratory approved by an accreditation entity.

e. The party contesting paternity shall be provided one opportunity to reschedule the paternity testing appointment if the testing is rescheduled prior to the date of the originally scheduled appointment.

f. An original copy of the test results shall be filed with the clerk of the district court in the county where the notice was filed. The child support recovery unit shall issue a copy of the filed test results to each party in person, or by regular mail to the last known address of each, or if applicable, to the last known address of the attorney for each. However, if the action is the result of a request from another state or foreign country, the unit shall issue a copy of the results to the initiating agency in that jurisdiction.

g. Verified documentation of the chain of custody of the blood or genetic specimens is competent evidence to establish the chain of custody. The testimony of the appointed expert is not required. A verified expert's report of test results which indicate a statistical probability of paternity is sufficient authenticity of the expert's conclusion.

h. A verified expert's report shall be admitted as evidence to establish administrative paternity, and, if a court hearing is scheduled to resolve the issue of paternity, shall be admitted as evidence and is admissible at trial.

i. If the verified expert concludes that the test results show that the putative father is not excluded and that the probability of the putative father's paternity is ninety-five percent or

higher, there shall be a rebuttable presumption that the putative father is the biological father, and the evidence shall be sufficient as a basis for administrative establishment of paternity.

(1) In order to challenge the presumption of paternity, a party shall file a written notice of the challenge with the district court within twenty days from the date the paternity test results are issued or mailed to all parties by the unit. Any challenge to a presumption of paternity resulting from paternity tests, or to paternity test results filed after the lapse of the twenty-day time frame shall not be accepted or admissible by the unit or the court.

(2) A copy of the notice challenging the presumption of paternity shall be provided to any other party in person, or by mailing the notice to the last known address of each party, or if applicable, to the last known address of each party's attorney.

(3) The party challenging the presumption of paternity has the burden of proving that the putative father is not the father of the child.

(4) The presumption of paternity may be rebutted only by clear and convincing evidence.

j. If the verified expert concludes that the test results indicate that the putative father is not excluded and that the probability of the putative father's paternity is less than ninety-five percent, the administrator shall order a subsequent administrative paternity test or certify the case to the district court for resolution in accordance with the procedures and time frames specified in paragraph "i" and section 252F.5.

k. If the results of the test or the verified expert's analysis are timely challenged as provided in this subsection, the administrator, upon the request of a party and advance payment by the contestant or upon the unit's own initiative, shall order that an additional test be performed by the same laboratory or an independent laboratory. If the party requesting additional testing does not advance payment, the administrator shall certify the case to the district court in accordance with paragraph "i" and section 252F.5.

l. When a subsequent paternity test is conducted, the time frames in this chapter associated with paternity tests shall apply to the most recently completed test.

m. If the paternity test results exclude the putative father as a potential biological father of the child or children, and additional tests are not requested by either party or conducted on the unit's initiative, or if additional tests exclude the putative father as a potential biological father, the unit shall withdraw its action against the putative father and shall file a notice of the withdrawal with the clerk of the district court, and shall provide a copy of the notice to each party in person, or by regular mail sent to each party's last known address, or if applicable, the last known address of the party's attorney.

n. Except as provided in paragraph "k", the unit shall advance the costs of genetic testing. If paternity is established and paternity testing was conducted, the unit shall enter an order or, if the action proceeded to a court hearing, request that the court enter a judgment for the costs of the paternity tests consistent with applicable federal law. In a proceeding under this chapter, a copy of a bill for genetic testing shall be admitted as evidence without requiring third-party foundation testimony and shall constitute prima facie evidence of the amount incurred for genetic testing.

4. If paternity was contested and paternity testing was performed and the putative father was not excluded, if the test results indicate that the probability of the putative father's paternity is ninety-five percent or greater, if the test results are not timely challenged, and if each party fails to timely request a court hearing on the issue of support, the administrator shall enter an order against the parties declaring the putative father to be the legal father of the child or children involved and assessing any accrued and accruing child support obligation pursuant to the guidelines established under section 598.21B, and medical support pursuant to chapter 252E.

5. The administrator shall establish a support obligation under this section based upon the best information available to the unit and pursuant to section 252B.7A.

- i. If paternity was contested by the putative father, the amount of any judgment assessed to the father for costs of paternity tests conducted pursuant to this chapter.

Contact with a financial institution may be by telephone or by written communication. The financial institution may require positive voice recognition and may require the telephone number of the authorized person from the unit before releasing an obligor's account information by telephone.

2. The unit and financial institutions doing business in Iowa shall enter into agreements to develop and operate a data match system, using automated data exchanges to the maximum extent feasible. The data match system shall allow a means by which each financial institution shall provide to the unit for each calendar quarter the name, record address, social security number or other taxpayer identification number, and other identifying information for each obligor who maintains an account at the institution and who owes past-due support, as identified by the unit by name and social security number or other taxpayer identification number. The unit shall work with representatives of financial institutions to develop a system to assist nonautomated financial institutions in complying with the provisions of this section.

3. The unit may pay a reasonable fee to a financial institution for conducting the data match required in subsection 2, not to exceed the lower of either one hundred fifty dollars for each quarterly data match or the actual costs incurred by the financial institution for each quarterly data match. Notwithstanding any other provision of law to the contrary, a financial institution shall have until a date provided in the agreement in subsection 2 to submit its claim for a fee under this subsection. If the unit does not have sufficient funds available under this subsection for payment of fees under this subsection for conducting data matches or for automation program development performed in the fiscal year beginning July 1, 1999, the cost may be carried forward to the fiscal year beginning July 1, 2000. The unit may also use funds from an amount assessed a child support agency of another state, as defined in section 252H.2, to conduct a data match requested by that child support agency as provided in 42 U.S.C. §666(a)(14) to pay fees to financial institutions under this subsection.

4. If the unit determines that a mistake of fact has occurred the unit shall proceed as follows:

a. If a mistake in identity has occurred or the obligor is not delinquent in an amount equal to the payment for one month, the unit shall notify the financial institution that the administrative levy has been released. b. If the obligor is delinquent, but the amount of the delinquency is less than the amount indicated in the notice, the unit shall notify the financial institution of the revised amount with a copy of the notice and issue a copy to the obligor or forward a copy to the obligor by regular mail. Upon written receipt of instructions from the unit, the financial institution shall release the funds in excess of the revised amount to the obligor and the moneys in the amount of the debt shall be processed according to section 252I.7.

If the mistake of fact is a mistake in the amount of support due and any portion of the moneys is retained as support payments, however, the unit is not required to reimburse the account for any fees or costs levied against the account. Additionally, for the purposes of reimbursement to the account for any fees or costs, each certificate of deposit is considered a separate account.

The unit shall certify a copy of its written decision and certificate of noncompliance, indicating the date of issuance, and the licensing authority shall certify a copy of a notice issued pursuant to section 252J.8, to the court prior to the hearing.

3. The filing of an application pursuant to this section shall automatically stay the actions of a licensing authority pursuant to section 252J.8. The hearing on the application shall be scheduled and held within thirty days of the filing of the application. However, if the individual fails to appear at the scheduled hearing, the stay shall be lifted and the licensing authority shall continue procedures pursuant to section 252J.8.

4. The scope of review by the district court shall be limited to demonstration of a mistake of fact relating to the delinquency of the obligor or the noncompliance of the individual with a subpoena or warrant. Issues related to visitation, custody, or other provisions not related to the support provisions of a support order are not grounds for a hearing under this chapter.

5. Support orders shall not be modified by the court in a hearing under this chapter.

(2) If an order has not been issued in the current home state of the child, the order most recently issued controls.

c. If none of the tribunals would have continuing, exclusive jurisdiction under this chapter, the tribunal of this state shall issue a child support order, which controls.

**PART 3****REGISTRATION AND MODIFICATION OF CHILD SUPPORT ORDER OF ANOTHER STATE****252K.609 Procedure to register child support order of another state for modification.**

A party or support enforcement agency seeking to modify, or to modify and enforce, a child support order issued in another state shall register that order in this state in the same manner provided in sections 252K.601 through 252K.608 if the order has not been registered. A petition or comparable pleading for modification may be filed at the same time as a request for registration, or later. The pleading must specify the grounds for modification.

97 Acts, ch 175, §169; 2015 Acts, ch 110, §51

**252K.610 Effect of registration for modification.**

A tribunal of this state may enforce a child support order of another state registered for purposes of modification, in the same manner as if the order had been issued by a tribunal of this state, but the registered support order may be modified only if the requirements of section 252K.611 or 252K.613 have been met.

97 Acts, ch 175, §170; 2015 Acts, ch 110, §52

**252K.611 Modification of child support order of another state.**

1. If section 252K.613 does not apply, upon petition or comparable pleading, a tribunal of this state may modify a child support order issued in another state which is registered in this state if after notice and hearing the tribunal finds that paragraph “a” or “b” applies:

a. The following requirements are met:

(1) Neither the child, nor the obligee who is an individual, nor the obligor resides in the issuing state.

(2) A movant who is a nonresident of this state seeks modification.

(3) The respondent is subject to the personal jurisdiction of the tribunal of this state.

b. This state is the state of residence of the child, or a party who is an individual is subject to the personal jurisdiction of the tribunal of this state, and all of the parties who are individuals have filed consents in a record in the issuing tribunal for a tribunal of this state to modify the support order and assume continuing, exclusive jurisdiction.

2. Modification of a registered child support order is subject to the same requirements, procedures, and defenses that apply to the modification of an order issued by a tribunal of this state and the order may be enforced and satisfied in the same manner.

3. A tribunal of this state may not modify any aspect of a child support order that may not be modified under the law of the issuing state, including the duration of the obligation of support. If two or more tribunals have issued child support orders for the same obligor and same child, the order that controls and must be so recognized under section 252K.207 establishes the aspects of the support order which are nonmodifiable.

4. In a proceeding to modify a child support order, the law of the state that is determined to have issued the initial controlling order governs the duration of the obligation of support. The obligor’s fulfillment of the duty of support established by that order precludes imposition of a further obligation of support by a tribunal of this state.

5. On the issuance of an order by a tribunal of this state modifying a child support order issued in another state, the tribunal of this state becomes the tribunal having continuing, exclusive jurisdiction.

6. Notwithstanding subsections 1 through 5 and section 252K.201, subsection 2, a tribunal

of this state retains jurisdiction to modify an order issued by a tribunal of this state if both of the following apply:

- a. One party resides in another state.
- b. The other party resides outside the United States.

**252K.612 Recognition of order modified in another state.**

If a child support order issued by a tribunal of this state is modified by a tribunal of another state which assumed jurisdiction pursuant to this chapter, a tribunal of this state:

1. May enforce its order that was modified only as to arrears and interest accruing before the modification.
2. May provide appropriate relief for violations of its order which occurred before the effective date of the modification.
3. Shall recognize the modifying order of the other state, upon registration, for the purpose of enforcement.

97 Acts, ch 175, §172; 2015 Acts, ch 110, §54

**252K.613 Jurisdiction to modify child support order of another state when individual parties reside in this state.**

1. If all of the parties who are individuals reside in this state and the child does not reside in the issuing state, a tribunal of this state has jurisdiction to enforce and to modify the issuing state's child support order in a proceeding to register that order.

2. A tribunal of this state exercising jurisdiction under this section shall apply the provisions of articles 1 and 2, this article, and the procedural and substantive law of this state to the proceeding for enforcement or modification. Articles 3, 4, 5, 7, and 8 do not apply.

97 Acts, ch 175, §173

Referred to in §252K.610, 252K.611

**252K.614 Notice to issuing tribunal of modification.**

Within thirty days after issuance of a modified child support order, the party obtaining the modification shall file a certified copy of the order with the issuing tribunal that had continuing, exclusive jurisdiction over the earlier order, and in each tribunal in which the party knows the earlier order has been registered. A party who obtains the order and fails to file a certified copy is subject to appropriate sanctions by a tribunal in which the issue of failure to file arises. The failure to file does not affect the validity or enforceability of the modified order of the new tribunal having continuing, exclusive jurisdiction.

97 Acts, ch 175, §174
