Hi Julia,

There is no assurance you will be able to speak.
That's why I included my email address so people
aren't disappointed after spending a day.

You can submit a written statement to
patty.funaro@legis.iowa.gov. If you do, please send
me a copy.

Several people have told me they have called
members of the committee, or emailed them. Here's
a link to their contact information:
[https://www.legis.iowa.gov/committees/committee?
ga=86&groupID=24165](https://www.legis.iowa.gov/committees/committee?ga=86&groupID=24165)

If you do, I'd be interested in their responses.

If you have more questions, call me at [515-418-8709](tel:515-418-8709).

Thanks,

Rusty

I am writing this in regards to my son Brandon who is only 25 years old. Brandon has severe schizophrenia, and had been a resident in the Abby center in Marion Iowa for 6 years. Branstad closed the facility. As a result we lost the commital on him and my child wandered the streets, slept behind bushes at night in fear he would be hurt, had been beat up, money taken from him as well as food stamps.

My child, as well as my self scrambled foe help. Hospitals kept him for 3 days to maybe a week and sent him on his way, with the ticket of being "well".

My child needed more care, and nowhere to turn for help. Last December 2014, a week before Christmas. Brandon pulled his own eye out and this past April 11th he pulled the other eye out.

My child is mentally ill and now completely blind. He will never see anything in this life again, or even his own mother.

This privatization needs to be stopped, and the

← Medicare Privatization

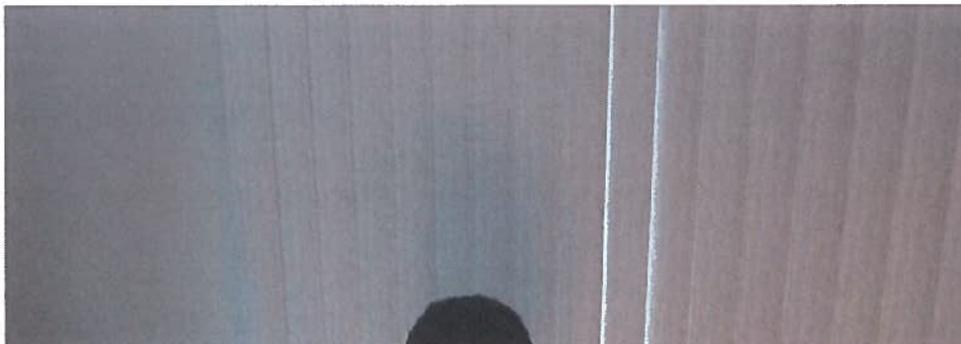

This privatization needs to be stopped, and the proper care given to those in need.

Sincerely,

Julia Duncan
