Sec. 4. NEW SECTION. 455G.23 ABOVEGROUND PETROLEUM STORAGE TANK FUND.

1. An aboveground petroleum storage tank fund is created as a separate fund in the state treasury under the control of the board. The board shall administer the aboveground petroleum storage tank fund. Notwithstanding section 8.33, moneys remaining in the aboveground petroleum storage tank fund at the end of each fiscal year shall not revert to the general fund but shall remain in the aboveground petroleum storage tank fund. The aboveground petroleum storage tank fund shall include, notwithstanding section 12C.7, interest earned by the aboveground petroleum storage tank fund or other income specifically allocated to the aboveground petroleum storage tank fund.

2. The board may reimburse the owner of an aboveground petroleum storage tank site up to twenty-five thousand dollars per site, but not more than a total of one hundred thousand dollars per owner, for the upgrade or permanent closure of the aboveground petroleum storage tank site provided all of the following criteria are met:

a. By January 1, 2004, the aboveground petroleum storage tank site was registered with the state fire marshal pursuant to section 101.22.

The board, or a contractor approved under subsection 6, may enter into contracts with qualified businesses to provide permanent closure services at eligible aboveground petroleum storage tank sites. The board or a contractor may limit reimbursement to those activities approved under the terms of the contracts. The board or a contractor may allow permanent closure activities to occur and be reimbursed after February 18, 2005, at those tank sites where the owner timely applied for reimbursement and agreed to allow the board or a contractor to complete the permanent closure at a time determined to be convenient to the board. All activities conducted under this subsection must be completed by December 31, 2006.
