

OFFICE OF THE GOVERNOR

THOMAS J. VILSACK
GOVERNOR

SALLY J. PEDERSON
LT. GOVERNOR

June 2, 2006

The Honorable Chester Culver
Secretary of State
State Capitol Building
L O C A L

Dear Mr. Secretary:

I hereby transmit **House File 2734**, an Act relating to and making appropriations to the Department of Human Services, the Department of Elder Affairs, the Iowa Department of Public Health, the Department of Veterans Affairs and the Iowa Veterans Home, the Department of Human Rights, and the Department of Inspections and Appeals, providing for fee increases, and including other related provisions and appropriations, and including effective, applicability, and retroactive applicability date provisions.

House File 2734 is approved on this date with the following exceptions, which I hereby disapprove:

I am unable to approve the bracketed portions of the item identified as section 63. This section restricts the flexibility of the executive branch to transfer funds so that it can meet the priorities of Iowa's citizens. Accordingly, this provision threatens the ability to efficiently and effectively provide health care security, opportunities through job creation, and a world-class education that Iowans expect and deserve.

I am unable to approve the item designated as Section 123 in its entirety. Not only does this language create an unnecessary bureaucratic step in the efficient operation of state government, but it also calls into question the cost-savings produced by the state motor pool while disregarding the benefits that the state of Iowa derives from maintaining a state motor pool.

The cost-savings of maintaining a state motor pool are clear. In meetings with legislators and the private sector this legislative session and prior legislative sessions, the Department of Administrative Services (DAS) has continually shown that it provides a cost-effective service and the private sector has not shown that they can provide a similar service for the same or a lesser amount. It should also be noted that the state motor pool is a marketplace service that currently competes with the private sector for its state customer business.

In addition, this language only addresses the fiscal impact of the state motor pool and does not recognize other benefits of maintaining a state motor pool. The State of Iowa benefits greatly from having accessibility to a full service, on-site motor pool team with the sole responsibility of maintaining the state motor pool, which ensures convenience to the motor pool's customers, state agencies. In signing Executive Order 41, I requested that DAS take the initiative to move its fleet towards flexible fuel vehicles (vehicles that that can either use E-85 or soy biodiesel). By December of 2007, 90% of eligible motor pool vehicles will be flexible fuel vehicles, which will encourage and contribute to the use of renewable fuels.

The state motor pool consistently provides cost-effective services to state agencies that enhance the ability of state government to operate efficiently and promotes Iowa's image as a leader in renewable energy.

For the above reasons, I respectfully disapprove of the designated items in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in **House File 2734** are hereby approved this date.

Sincerely,

Thomas J. Vilsack
Governor
