

CHESTER J. CULVER
GOVERNOR

OFFICE OF THE GOVERNOR

PATTY JUDGE
LT. GOVERNOR

May 26, 2009

The Honorable Michael Mauro
Secretary of State
State Capitol Building
L O C A L

Dear Mr. Secretary:

I hereby transmit House File 811, an Act relating to and making appropriations for health and human services and including other related provisions and appropriations, providing penalties, making penalties applicable and providing effective, retroactive, and applicability date provisions. House File 811 is approved on this date, with the exceptions noted below, which I hereby disapprove.

I am unable to approve the item designated as Section 28, subsection 3 in its entirety. This language requires the Department of Human Services to provide detailed proposals for any reorganization to the Legislature. It requires a 30-day advance notice. This provision infringes on the Executive Branch's duties to administer operations and programs. As I have previously stated, making government more efficient is a priority of my Administration, but we should not do it in a piece-meal fashion as this language would require. We need a more comprehensive reorganization.

I am unable to approve the item designated as Section 35 in its entirety. This language directs the Departments of Elder Affairs, Public Health, Human Services and Veterans Affairs to develop plans for a five-percent reduction in their respective budgets and a report of such reductions to the Legislature by December 15, 2009. A budget process is already delineated in law that starts with the Executive Branch, and this language infringes on the Executive Branch's duties to develop the state budget.

I am unable to approve the item designated as Section 37 in its entirety. Section 37 directs employees to submit actual receipts for meals and other costs and requires reimbursement up to the maximum amount shall only be allowed in an amount equal to the sum of the actual receipts submitted. While I agree with the general intent of this section and believe that employees should be reimbursed only for actual expenses, this language would be particularly difficult to administer because similar language has not been consistently required by the Legislature for every state agency or department or for the Legislature's own employees. Accordingly, I have issued Executive Order Thirteen to require the Department of Administrative Services (DAS) to implement a

policy that will require every executive department of the Culver-Judge Administration to institute cost-effective and transparent practices that will track reimbursements paid to state employees for meals, travel and other work-related costs.

I am unable to approve the item designated as Section 38 in its entirety. This language directs that all out-of-state travel for performance of official state business by state employees of the Departments of Elder Affairs, Public Health, Human Services and Veterans Affairs or agencies subject to this Act must be approved by the Executive Council. While only certain out-of-state travel must, by law, be approved by the Executive Council, this language would extend this requirement to all out-of-state travel for the performance of official state business by these agencies, including the University of Iowa Hospitals and Clinics (UIHC). Extending this requirement for all out-of-state travel for performance of official state business by UIHC is not in the best interests of providing emergency medical care and taking care of patients. This language would set a different standard for these agencies. When economic conditions required such action last December, I restricted out-of-state travel by Executive Branch employees.

For the above reasons, I respectfully disapprove of the designated items in accordance with Article III, Section 16 of the Constitution of the State of Iowa. All other items in House File 811 are hereby approved this date.

Sincerely,

A handwritten signature in black ink, appearing to read "Chester J. Culver", with a long, sweeping underline that extends to the right.

a. It is the intent of the general assembly that the department of human services initiate a system to recognize nursing facilities that provide quality of life and appropriate access to medical assistance program beneficiaries in a cost-effective manner.

b. The department shall design and implement a program to establish benchmarks and to collect data for these benchmarks to evaluate nursing facility performance and to adjust the program and benchmarks, accordingly, to recognize improvement. The program shall include procedures to provide a pay-for-performance payment based upon a nursing facility's achievement of multiple favorable outcomes as determined by these benchmarks. Any increased reimbursement shall not exceed 5 percent of the sum of the direct and nondirect care medians. The increased reimbursement shall be included in the calculation of nursing facility modified price-based payment rates with the exception of Medicare-certified hospital-based nursing facilities, state-operated nursing facilities, and special population nursing facilities. The increased reimbursement shall be applicable to the payment periods beginning July 1, 2009.

c. It is the intent of the general assembly that any pay-for-performance payments to nursing facilities be used to support direct care staff through increased wages, enhanced benefits, and expanded training opportunities and that all pay-for-performance payments be used in a manner that improves and enhances quality of care for residents.

d. The program shall include various levels of compliance in order for a nursing facility to be considered eligible for a pay-for-performance payment including:

(1) The initial meeting of prerequisites including all of the following:

(a) A nursing facility shall not be eligible to participate if during the payment period the nursing facility receives a deficiency resulting in actual harm or immediate jeopardy, pursuant to the federal certification guidelines at an H level scope and severity or higher, regardless of the amount of fines assessed.

(b) The pay-for-performance payment component shall be suspended for any month the nursing facility is in denial of payment for new admissions status.

(2) Monitoring for nursing facility compliance with program requirements including:

(a) Survey compliance during the payment period. If a nursing facility receives a deficiency resulting in actual harm pursuant to the federal certification guidelines at a G level scope and severity or higher, the payment shall be reduced by 25 percent for each such deficiency received during the state fiscal year. Additionally, if the nursing facility fails to cure any deficiency cited within the time required by the department of inspections and appeals, the payment shall be forfeited and the nursing facility shall not receive any payment for that payment period.

(b) Compliance with the use of the pay-for-performance payment received.

(c) Establishing and utilizing a tracking and reporting system to document the use of the pay-for-performance payments by the nursing facility.

(3) Use of measures based on the four domains of quality of life, quality of care, access, and efficiency.

e. (1) The department shall utilize cost reports or other means to document nursing facility eligibility for and compliance with the pay-for-performance payments.

(2) The department shall publish the results of the measures for which a nursing facility qualifies and the amount of any pay-for-performance payment received. The department shall also publish information regarding the use of the pay-for-performance payments by any nursing facility receiving such payment.

f. The department may adopt emergency rules to implement this subsection.

g. The department shall request any medical assistance state plan amendment necessary to implement the pay-for-performance payment methodology.

h. It is the intent of the general assembly that the department of human services continue to convene the workgroup established pursuant to 2008 Iowa Acts, chapter 1187, section 33, to develop recommendations to design a quality improvement process for targeted nursing facilities for implementation in the fiscal year beginning July 1, 2010. Recommendations shall include a process that identifies the best practices used in

Of the amount appropriated in this section, \$146,750 shall be used for assistance to the counties with limited county mental health, mental retardation, and developmental disabilities services fund balances which were selected in accordance with 2000 Iowa Acts, chapter 1221, section 3, to receive such assistance, in the same amount provided during the fiscal year beginning July 1, 2000, and ending June 30, 2001, to pay reimbursement increases in accordance with 2000 Iowa Acts, chapter 1221, section 3.

NEW SUBSECTION. 2. Of the amount appropriated in this section, \$12,000,000 shall be distributed as provided in this subsection.

a. To be eligible to receive a distribution under this subsection, a county must meet the following requirements:

(1) The county is levying for the maximum amount allowed for the county's mental health, mental retardation, and developmental disabilities services fund under section 331.424A for taxes due and payable in the fiscal year beginning July 1, 2009, or the county is levying for at least 90 percent of the maximum amount allowed for the county's services fund and that levy rate is more than \$2 per \$1,000 of the assessed value of all taxable property in the county.

(2) In the fiscal year beginning July 1, 2007, the county's mental health, mental retardation, and developmental disabilities services fund ending balance under generally accepted accounting principles was equal to or less than 15 percent of the county's actual gross expenditures for that fiscal year.

b. A county's allocation of the amount appropriated in this subsection shall be determined based upon the county's proportion of the general population of the counties eligible to receive an allocation under this subsection. The most recent population estimates issued by the United States bureau of the census shall be applied in determining population for the purposes of this paragraph.

c. The allocations made pursuant to this subsection are subject to the distribution provisions and withholding requirements established in this section for the county mental health, mental retardation, and developmental disabilities allowed growth factor adjustment for the fiscal year beginning July 1, 2009.

NEW SUBSECTION. 3. The following amount of the funding appropriated in this section is the allowed growth factor adjustment for fiscal year 2009-2010, and shall be credited to the allowed growth funding pool created in the property tax relief fund and for distribution in accordance with section 426B.5, subsection 1:

..... \$ 41,962,020

NEW SUBSECTION. 4. The following formula amounts shall be utilized only to calculate preliminary distribution amounts for the allowed growth factor adjustment for fiscal year 2009-2010 under this section by applying the indicated formula provisions to the formula amounts and producing a preliminary distribution total for each county:

NEW SUBSECTION. 5. After applying the applicable statutory distribution formulas to the amounts indicated in subsection 4 for purposes of producing preliminary distribution totals, the department of human services shall apply a withholding factor to adjust an eligible individual county's preliminary distribution total. In order to be eligible for a distribution under this section, a county must be levying 90 percent or more of the maximum amount allowed for the county's mental health, mental retardation, and developmental disabilities services fund under section 331.424A for taxes due and payable in the fiscal year for which the distribution is payable. An ending balance percentage for each county shall be determined by expressing the county's ending balance on a modified accrual basis under generally accepted accounting principles for the fiscal year beginning July 1, 2007, in the county's mental health, mental retardation, and developmental disabilities services fund created under section 331.424A, as a percentage of the county's gross expenditures from that fund for that fiscal year. If a county borrowed moneys for purposes of providing services from the county's services fund on or before July 1, 2007, and the county's services fund ending balance for that fiscal year includes the loan proceeds or an amount designated

in the county budget to service the loan for the borrowed moneys, those amounts shall not be considered to be part of the county's ending balance for purposes of calculating an ending balance percentage under this subsection. The withholding factor for a county shall be the following applicable percent:

a. For an ending balance percentage of less than 5 percent, a withholding factor of 0 percent. In addition, a county that is subject to this lettered paragraph shall receive an inflation adjustment equal to 3 percent of the gross expenditures reported for the county's services fund for the fiscal year.

b. For an ending balance percentage of 5 percent or more but less than 10 percent, a withholding factor of 0 percent. In addition, a county that is subject to this lettered paragraph shall receive an inflation adjustment equal to 2 percent of the gross expenditures reported for the county's services fund for the fiscal year.

c. For an ending balance percentage of 10 percent or more but less than 25 percent, a withholding factor of 25 percent. However, for counties with an ending balance percentage of 10 percent or more but less than 15 percent, the amount withheld shall be limited to the amount by which the county's ending balance was in excess of the ending balance percentage of 10 percent.

d. For an ending balance percentage of 25 percent or more, a withholding percentage of 100 percent.

NEW SUBSECTION. 6. The total withholding amounts applied pursuant to subsection 5 shall be equal to a withholding target amount of \$7,664,576. If the department of human services determines that the amount to be withheld in accordance with subsection 6 is not equal to the target withholding amount, the department shall adjust the withholding factors listed in subsection 6 as necessary to achieve the target withholding amount. However, in making such adjustments to the withholding factors, the department shall strive to minimize changes to the withholding factors for those ending balance percentage ranges that are lower than others and shall not adjust the zero withholding factor or the inflation adjustment percentage specified in subsection 5, paragraph "a".

Act will assure the public of the availability of a basic level of public health service in every community.

2. a. If the nonparticipating provider meets the requirements specified in subsection 1, the nonparticipating provider shall be reimbursed for covered expansion population services provided to the expansion population member through the nonparticipating provider reimbursement fund in accordance with rules adopted by the department of human services. However, any funds received from participating providers, appropriated to participating providers, or deposited in the IowaCare account pursuant to section 249J.24, shall not be transferred or appropriated to the nonparticipating provider reimbursement fund or otherwise used to reimburse nonparticipating providers.

b. Reimbursement of nonparticipating providers under this section shall be based on the reimbursement rates and policies applicable to the nonparticipating provider under the full benefit medical assistance program, subject to the availability of funds in the nonparticipating provider reimbursement fund and subject to the appropriation of moneys in the fund to the department.

c. The department shall reimburse the nonparticipating provider only if the recipient of the services is an expansion population member with active eligibility status at the time the services are provided.

3. a. A nonparticipating provider reimbursement fund is created in the state treasury under the authority of the department. Moneys designated for deposit in the fund that are received from sources including but not limited to appropriations from the general fund of the state, grants, and contributions, shall be deposited in the fund. However, any funds received from participating providers, appropriated to participating providers, or deposited in the IowaCare account pursuant to section 249J.24 shall not be transferred or

appropriated to the nonparticipating provider reimbursement fund or otherwise used to reimburse nonparticipating providers.

b. Moneys in the fund shall be separate from the general fund of the state and shall not be considered part of the general fund of the state. The moneys deposited in the fund are not subject to section 8.33 and shall not be transferred, used, obligated, appropriated, or otherwise encumbered, except to provide for the purposes specified in this section. Notwithstanding section 12C.7, subsection 2, interest or earnings on moneys deposited in the fund shall be credited to the fund.

c. Moneys deposited in the fund shall be used only to reimburse nonparticipating providers who provide covered services to expansion population members if no other third party is liable for reimbursement and as specified in subsection 1.

d. The department shall attempt to maximize receipt of federal matching funds under the medical assistance program for covered services provided under this section if such attempt does not directly or indirectly limit the federal funds available to participating providers.

4. For the purposes of this section, "nonparticipating provider" means a hospital licensed pursuant to chapter 135B that is not a member of the expansion population provider network as specified in section 249J.7.

Sec. 128. NONPARTICIPATING PROVIDER REIMBURSEMENT FOR COVERED SERVICES -- IOWACARE PROGRAM WAIVER RENEWAL.

Beginning July 1, 2010, the department of human services shall include in any medical assistance program waiver relating to the continuation of the IowaCare program pursuant to chapter 249J, provisions for reimbursement of covered expansion population services provided to an expansion population member by a nonparticipating provider subject to all of the following:

a. A nonparticipating provider may be reimbursed if the nonparticipating provider contacts the appropriate participating provider prior to providing covered services to verify consensus regarding one of the following courses of action:

(1) If the nonparticipating provider and the participating provider agree that the medical status of the expansion population member indicates it is medically possible to postpone provision of services, the nonparticipating provider shall direct the expansion population member to the appropriate participating provider for services.

(2) If the nonparticipating provider and the participating provider agree that the medical status of the expansion population member indicates it is not medically possible to postpone provision of services, the nonparticipating provider shall provide medically necessary services.

(3) If the nonparticipating provider and the participating provider agree that transfer of the expansion population member is not possible due to lack of available inpatient capacity, the nonparticipating provider shall provide medically necessary services.

(4) If the medical status of the expansion population member indicates a medical emergency and the nonparticipating provider is not able to contact the appropriate participating provider prior to providing medically necessary services, the nonparticipating provider shall document the medical emergency and inform the appropriate participating provider immediately after the member has been stabilized of any covered services provided.

b. Reimbursement of a nonparticipating provider shall be based on the reimbursement rates and policies applicable to the nonparticipating provider under the full benefit medical assistance program, subject to the availability and appropriation of funds to the department for such purpose.

c. Reimbursement shall be made to a nonparticipating provider only if the recipient of the services is an expansion population member with active eligibility status at the time the services are provided.

d. For the purposes of this section, "nonparticipating provider" means a hospital licensed pursuant to chapter 135B that is not a member of the expansion population provider network as specified in section 249J.7.

2. Notwithstanding the requirement of this section directing the department of human services to include provisions for reimbursement of covered services provided to

an expansion population member by a nonparticipating provider under any medical assistance program waiver relating to the continuation of the IowaCare program beginning July 1, 2010, if the department of human services in consultation with the governor determines that such requirement would adversely affect continuation of or would reduce the amount of funding available for the IowaCare waiver, the department shall not include such provisions in the IowaCare waiver.
