Sec. 5. EMERGENCY RULES.

1. An agency may adopt emergency rules under section 17A.4, subsection 3, and section 17A.5, subsection 2, paragraph "b", providing for additions, exceptions, or amendments to uniform rules on agency procedure adopted by the administrative rules coordinator pursuant to section 17A.24. The rules shall be effective immediately upon filing unless a later date is specified in the rules, but no later than June 30, 2026. However, rules adopted by the department of revenue or the property assessment appeal board relating to contested cases shall be effective no later than December 31, 2026. Any rules adopted in accordance with this subsection shall also be published as a notice of intended action as provided in section 17A.4.

2. An agency may only adopt emergency rules under subsection 1 if the agency determines one or more of the following applies.

The agency shall explain its determination in the preamble of the rulemaking document filed pursuant to section 17A.4, subsection 3.

a. The rule is necessary to comply with a legal obligation imposed on the agency. The agency shall include in the explanation a specific citation of the source of the legal obligation, a description of how the rule is necessary to comply with the legal obligation, and an explanation of why the existing language of the uniform rules on agency procedure adopted pursuant to section 17A.24 is insufficient to comply with the legal obligation.

b. The rule is otherwise determined to be necessary by the agency. The agency shall include in the explanation the reason the agency determined the rule to be necessary and an explanation of why the existing language of the uniform rules on agency procedure adopted pursuant to section 17A.24 is insufficient to respond to the necessity.

3. Notwithstanding section 17A.4A, a regulatory analysis shall not be required for rules adopted pursuant to subsection 1.

4. This section shall not be construed to prohibit an agency from engaging in rulemaking pursuant to chapter 17A relating to uniform rules on agency procedure adopted pursuant to section 17A.24 that is not subject to this section.

5. This section is repealed January 1, 2027.

6. The repeal of this section pursuant to subsection 5 shall not be construed to affect the validity of rules adopted under this section before the date of repeal.

Sec. 6. EFFECTIVE DATE. The following, being deemed of immediate importance, takes effect upon enactment:

DIVISION II

FIVE-YEAR REVIEW AND REGULATORY READOPTION OF ADMINISTRATIVE RULES

Sec. 7. Section 17A.7, subsections 2 and 3, Code 2026, are amended to read as follows:

2. a. Beginning January 1, 2027, each agency shall conduct an ongoing and comprehensive review of all of the agency's rules. The goal of the review is the identification and elimination

of all rules of the agency that are outdated, redundant, or inconsistent or incompatible with statute or its own rules or those of other agencies. Over each five-year period of time, an agency shall perform a retrospective analysis that includes a comprehensive evaluation and rigorous cost-benefit analysis of each existing chapter of rules to determine whether the benefits the rules are intended to achieve are being realized, whether those benefits justify the costs imposed by the rules, and whether there are less restrictive alternatives to accomplish those benefits.

b. The administrative rules coordinator may adopt a schedule for agencies to conduct reviews under this subsection that staggers the reviews evenly over each five-year period. If the administrative rules coordinator does so, the administrative rules coordinator shall publish the schedule on the internet site established or designated under paragraph "c".

c. When the agency completes the five-year review of the agency's rules, the agency shall provide a written summary of the results to the administrative rules coordinator and the administrative rules review committee. The administrative rules coordinator shall publish each summary on an internet site established or designated for purposes of this subsection. The summary shall include all of the following for each chapter of rules:

~~a.~~ (1) The intended benefits of the rules and if the benefits are being achieved.

~~b.~~ (2) The costs imposed by the rules and if the costs are justified by the benefits identified in ~~paragraph "a"~~ subparagraph (1).

~~c.~~ (3) Less restrictive alternatives to the rules and an analysis of how other states regulate the activities addressed by the chapter.

3. a. Each chapter of rules is rescinded five years after the date on which the most recent regulatory readoption of the chapter as a whole became effective. A chapter rescinded in this manner ceases to be effective as of the date of rescission. The date of rescission of a chapter under this subsection shall not be altered if such date falls on a Saturday, Sunday, or holiday.

b. Before ~~or after~~ such rescission under paragraph "a" occurs, the agency that adopted the chapter may ~~adopt~~ complete

~~a regulatory readoption of the chapter anew after completing a retrospective analysis as described in subsection 2. Such adoption~~ A regulatory readoption shall be subject to the rulemaking process under this chapter, including but not limited to sections 17A.4, 17A.4A, and 17A.5. An agency adopting completing a regulatory readoption of a chapter anew as described in this subsection shall do so from a zero base. Adoption A regulatory readoption of a chapter anew as described in this subsection shall not include notation in a rulemaking document published in the Iowa administrative bulletin all amendments to the chapter found necessary or appropriate by the agency during the agency's comprehensive review and retroactive analysis of the chapter pursuant to subsection 2 that have not yet been adopted by the agency. A regulatory readoption of a chapter shall include notations of additions to or deletions from the language of the prior chapter in the item statements in any rulemaking document published in the Iowa administrative bulletin. The agency shall indicate in the preamble of the rulemaking document that the document is part of the regulatory readoption of the chapter. For purposes of this subsection, "zero base" means adoption of a chapter anew without merely adopting the prior language of the chapter and without any presumption in favor of utilizing retaining the prior language when the chapter is adopted anew of the chapter.

~~b. The effective date of adoption, amendment, or rescission of individual rules or portions of rules in a chapter, and the date of any changes to the chapter or rules or portions of rules in the chapter pursuant to section 2B.13, shall not be considered when determining the effective date of the chapter as a whole for purposes of this subsection. The date of rescission of a chapter under this subsection shall not be altered if such date falls on a Saturday, Sunday, or holiday.~~

c. (1) If a chapter has been rescinded under this subsection, the agency that adopted the chapter shall notify the administrative code editor in writing of the rescission. The administrative rules coordinator may notify the administrative code editor in writing on behalf of the agency.

(2) As soon as practicable after receiving such notification, the administrative code editor shall publish notice of the rescission in the Iowa administrative bulletin and, no sooner

than two weeks after such publication, remove the chapter from the Iowa administrative code.

d. When a regulatory readoption of a chapter of rules becoming effective as a whole is published in the Iowa administrative code, the administrative code editor shall include the next rescission date of the chapter, as provided in this subsection, with the chapter.

e. (1) For a chapter of rules that most recently became effective as a whole prior to January 1, 2023, the effective date of the chapter shall be deemed January 1, 2023, for purposes of this subsection. For a chapter that most recently became effective as a whole on or after January 1, 2023, the date of rescission pursuant to this subsection shall be based on the most recent effective date of the chapter as a whole. Notwithstanding paragraph "a":

(a) The date of rescission of a chapter that becomes effective as a whole from January 1, 2023, through January 1, 2028, both dates inclusive, shall be deemed to be five years after the date on which the chapter most recently became effective as a whole.

(b) The date of rescission of a chapter that was in effect prior to January 1, 2023, and did not become effective as a whole from January 1, 2023, through January 1, 2028, both dates inclusive, shall be deemed to be January 1, 2028.

(2) The effective date of adoption, amendment, or rescission of individual rules or portions of rules in a chapter, and the date of any changes to the chapter or rules or portions of rules in the chapter pursuant to section 2B.13, shall not be considered when determining the effective date of the chapter as a whole for purposes of this paragraph.

(3) The administrative code editor shall include the next rescission date of a chapter under this paragraph with the chapter in lieu of the date provided in paragraph "d".

f. The administrative rules review committee may grant a six-month an extension of up to one hundred eighty days of the date of rescission of a chapter of rules provided in this subsection upon written request by the agency that adopted the chapter. The request shall be submitted to the administrative rules review committee by the agency at least thirty thirty-five days before the date of rescission with a copy provided to

the administrative code editor. The request shall include an explanation of the agency's reasoning for seeking an extension and any other information the agency finds appropriate. If the administrative rules review committee approves the request, the administrative code editor shall update the rescission date included with the chapter pursuant to paragraph "d" or "e".
