Senate File 257

AN ACT

RELATING TO THE DISPLAY OF A VALIDATION STICKER ON A VEHICLE
REGISTRATION PLATE.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF IOWA:

Section 1. Section 321.34, subsection 2, paragraph a, Code
2025, is amended to read as follows:

a. In lieu of issuing new registration plates each
registration year for a vehicle renewing registration, the
department may reassign the registration plates previously issued
to the vehicle and may adopt and prescribe an annual validation
sticker indicating payment of annual registration fees. The
department shall issue one validation sticker for each set of
registration plates. The sticker ~~shall~~ must specify the month
and year of expiration of the registration plates. The sticker
shall be displayed only on the rear registration plate, except
that the sticker shall be displayed on the front registration
plate of a truck tractor. A validation sticker issued for
the upcoming registration year prior to the expiration of
the applicable current registration year does not invalidate
the registration, and is not required to be displayed on the
registered vehicle's registration plate

until the owner would be considered to be driving a motor vehicle with an expired registration under section 321.39.
