# A BILL FOR

*passed on file 3/23  
agriculture 3/24  
pass 4/7*

*passed house as amended 5/3 (94-11)*

An Act relating to weights and measures.

*motion to reconsider tabled 4/15  
passed Senate as amended  
5/6 (54-1)*

Be It Enacted by the General Assembly of the State of Iowa: 5/6 (54-1)

- 1 Section 1. Chapter two hundred fifteen (215), Code 1962, is
- 2 hereby amended by adding the following section:
- 3 "All motor truck scales, livestock scales, grain dump scales,
- 4 and combination truck and railroad track scales used for commercial
- 5 purposes in the state of Iowa shall be equipped not later than
- 6 January 1, 1966 with either a type-registering weigh beam, a dial
- 7 with a mechanical ticket printer, an automatic weight recorder, or
- 8 some similar device which shall be used for printing or stamping
- 9 the weight values on scale tickets."

### EXPLANATION OF HOUSE FILE 315

The purpose of this bill is to require that certain scales used for commercial purpose will be required no later than January 1, 1966, to have a device on the scales which will print or stamp the weight values on scale tickets. Such a device helps to eliminate errors in recording weights and reduces the opportunity for altering weights on scale tickets. Equipping a scale with such a device does not require installation of new scales.
