Be It Enacted by the General Assembly of the State of Iowa:

1 Section 1. This Act shall be known as the "Iowa law-enforce-  
2 ment academy and council act".

1 Sec. 2. It is the intent of the legislature in creating  
2 the academy and the council to maximize training opportunities  
3 for law-enforcement officers, to coordinate training and to

7 force or other agency or department of the state, county, city,  
8 town of a population of one thousand (1,000) or more people  
9 regularly employed as such and who is responsible for the pre-  
10 vention and detection of crime and the enforcement of the  
11 criminal laws of this state.

1       Sec. 4. There is hereby created the Iowa law-enforcement  
2 academy as a central police training facility, in order to

4 tent and purpose of this Act. The council shall designate  
5 the location of the academy.

1       Sec. 5. The administration of the Iowa law-enforcement  
2 academy and council act shall be vested in the commissioner of  
3 public safety. The commissioner shall appoint a director of  
4 the academy and shall employ such other staff as may be  
5 necessary for the administration of the academy.

24 (1) member of each of the associations designated in sub-  
25 sections six (6), seven (7), and eight (8) of this section

25 governmental agency are as high or higher than those established  
26 pursuant to this Act; or revocation in whole or in part of  
27 such exemption, if in its opinion the standards of police train-  
28 ing established and maintained by such governmental agency are  
29 lower than those established pursuant to this Act.

1 Sec. 13. The director with the approval of the council may  
2 enter into agreements with other public and private agencies,

12 general, the commissioner of public safety and the legislature  
13 on matters pertaining to qualification and training of law-  
14 enforcement officers and other matters considered necessary  
15 to improve law enforcement services.

16 5. Cooperate with federal, state and local enforcement

2 there shall be levied an assessment as additional cost in an  
3 amount equal to ten (10) percent of every fine, penalty and  
4 forfeiture imposed and collected by the courts for criminal  
5 offenses, including those violations which call for sus-  
6 pension or revocation pursuant to section three hundred twenty-  
7 one point two hundred nine (321.209) and section three hundred  
8 twenty-one point two hundred ten (321.210), paragraph seven (7),  
9 Code 1966, but not including violation of local ordinances  
10 relating to stopping, parking or operation of a vehicle, and  
11 violations of the conservation laws. When a fine is suspended,

12 in whole or in part, the assessment shall be reduced in pro-  
13 portion to the suspension. The additional cost collected  
14 shall be credited to the general fund and the treasurer  
15 shall transmit therefrom July 1 of each year to the department  
16 of public safety the amount necessary for operation of the

3 to send personnel to the academy, shall not exceed one-half  
4 (1/2) of the salary paid to each police officer meeting the  
5 standards prescribed pursuant to this Act, while he is in  
6 attendance at the academy. If the appropriation to the  
7 department of public safety for operation of the academy is  
8 insufficient to allocate such amount to each governmental  
9 agency required to comply with the terms of this Act, the  
10 amount allocated to each shall be reduced proportionately.  
11 In no event shall any allocation be made to any governmental  
12 agency which has not throughout the period covered by the  
13 allocation, adhered to the standards established by the council  
14 and director as applicable to personnel recruited or trained  
15 by any such agency during such period.

1 Sec. 17. Any governmental agency subject to the require-  
2 ments of this Act which desires to receive aid pursuant to this  
3 Act shall make application to the council and director for such  
4 aid. The application must be accompanied by a certified copy

6 providing that while receiving any aid pursuant to this Act,  
7 the agency will adhere to the standards established by the  
8 council and director. The application shall contain such  
9 information as the council may request.

EXPLANATION

Records show that the crime rate is increasing in Iowa as in other states. The increase comes at a time when demands upon law enforcement are greatly intensified by restrictive guidelines set out by the Supreme Court, and because of manpower shortages due to low pay scales and uncertain working conditions.

Higher, more realistic salaries will enable agencies to recruit and retain competent personnel. But what can we do to assist the law-enforcement officer as he attempts to carry out his important job from day to day in dealing with suspected and actual criminals? We can provide him with knowledge of the increased technical and educational advances which must guide him in his proper conduct as an officer. Law-enforcement officers need thorough training in investigation, photography, chemical testing, traffic control, fingerprinting, public relations and other important areas. We require education and special training for lawyers and doctors, barbers and morticians, but only a few of the state's largest police agencies require specific police training. Fewer than one-tenth of all Iowa law-enforcement officers have attended any adequate facility. It is not the fact that the officers do not wish to be trained, but rather simply the fact that there are no adequate facilities available.

This bill does several things as follows:

1. The bill proposes the establishment of a permanent training facility under the auspices of the Department of Public Safety, which would operate year around, offering three week courses in law enforcement.
2. It provides that state, county and township law enforcement agencies and cities and towns of 1,000 or more population must qualify their officers at this academy, unless they have been trained at other approved facilities. Those law enforcement related agencies not required to send personnel may send personnel optionally by paying necessary costs.
3. Operating cost of the academy would be absorbed by the state's levying a charge equal to ten percent of the fine, on all criminal charges including serious traffic violations, this charge to be added over and above the amount of the fine and costs assessed the violator. This ten percent collection would go into the general fund, and the legislature would appropriate the necessary amount to the department for the academy's operation.
4. Agencies required to send officers could apply for reimbursement of up to one-half of the salary of those officers attending the academy for the period they are attending.

This proposal deserves priority consideration by the legislature. The establishment of an academy will go far toward improving the law enforcement situation in Iowa, not only because we will improve the caliber of the individual employed as an enforcement officer,

but also because we will be providing uniform training of peace officers, thus assuring maximum coordination of effort of all law-enforcement agencies throughout the state. As officers apply the principles acquired through instruction at the academy, they will reach a high level of competency, and our people will afford law enforcement the respect and cooperation due a fine profession.
