14 NOT ELIGIBLE. When the nomination of a public officer is re-

1051 EXPLANATION

1052 This bill reenacts chapter two of the Code and incor-
1053 porates many of the recommendations of the Legislative
1054 Processes Study Committee into it. This chapter was repealed
1055 and reenacted because it appeared more logical to rearrange
1056 the section placements in the chapter, and because of the
1057 fact that so many sections had to be amended to reflect an-
1058 nual sessions.

1059 The first ten sections are primarily concerned with
1060 placing the General Assembly on an annual basis. Section
1061 three does provide for the method of designating each session
1062 of the General Assembly. Provisions pertaining to permanent
1063 organization of the General Assembly anticipate that such
1064 organization would be made at the first session of the Gen-
1065 eral Assembly only, with modifications as may be required
1066 being made at the second session.

1067 Section eleven provides the method of payment to mem-
1068 bers of the Sixty-third General Assembly and changes are
1069 made to reflect the fact that annual sessions of the Gen-
1070 eral Assembly will be held. Section twelve incorporates
1071 the recommendations of the Legislative Processes Study Com-
1072 mittee in regard to salaries and expenses of members of future
1073 General Assemblies. It appears necessary to have two sections
1074 in regard to compensation and expenses of legislators because
1075 of the fact that the Constitution provides that a General As-
1076 sembly cannot set salary and expense rates for itself, al-
1077 though it can for a succeeding General Assembly.

1078 Section fourteen is a revision of present section 2.20
1079 of the Code pertaining to the method by which the Gen-
1080 eral Assembly provides expenses for its operation. The pur-

1081 poses of the amendments are to recognize annual sessions,
1082 and reflect the fact that standing committees will be meeting
1083 during the interim. Although the Legislative Processes Study
1084 Committee's recommendations do not anticipate that studies
1085 will be performed by interim committees, the authorization
1086 to appoint interim committees is retained since the General
1087 Assembly may desire to appoint them for special purposes.
1088 The third paragraph of section fourteen provides funds for
1089 preparation prior to sessions of the General Assembly.

1090 Section sixteen provides that standing committees may
1091 meet in the interim between sessions of the General Assembly,
1092 and section seventeen describes the duties of such standing
1093 committees.

1094 Sections nineteen through thirty-four are basically amend-
1095 ments made for the purpose of reflecting annual sessions.

1096 Sections thirty-five through thirty-seven are amendments
1097 to the law pertaining to the fiscal director. Under the
1098 proposal the fiscal director will be hired and subject to
1099 the policies of the Legislative Council. He will be attached
1100 to the standing committees on appropriations.

1101 Sections thirty-eight through forty-one create the Legisla-
1102 tive Council and prescribe its powers and duties, including
1103 the power to set the policies for the Legislative Research
1104 (Service) Bureau and the Legislative Fiscal Director.

1105 Subsections nine and ten of section thirty-nine relate to
1106 the power of the Legislative Council to establish a style
1107 and format for bill drafting, and recommendations to be
1108 made for the printing and publishing of the Code of Iowa
1109 and the Session Laws. Since annual sessions may cause certain
1110 problems in regard to the printing of Session Laws and the
1111 Code, an attempt has been made to build in flexibility for
1112 whatever problems may arise in the printing of Session Laws
1113 and the Code. The provisions of subsections nine and ten of
1114 section thirty-nine would allow the State of Iowa to continue
1115 its present manner of drafting bills and publication of the
1116 Session Laws and the Code. However, flexibility is also pro-
1117 vided by placing the responsibility for prescribing the style
1118 and format of bill drafts and recommending the manner of
1119 publishing the Code and Session Laws in the Legislative
1120 Council.

1121 Section forty provides the method by which the General
1122 Assembly may prepare itself for future sessions.

1123 Sections forty-one through fifty pertain to the Legislative
1124 Research Bureau and remain basically the same as at present
1125 except that the name has been changed to Legislative Service
1126 Bureau. Provision is made for the fact that the policies of
1127 the Bureau will be set by the Legislative Council.

1128 Sections fifty-one through seventy-eight are designed to
1129 carry out the following purposes:

1130 1. Delete specific references to the manner in which the
1131 Code of Iowa is printed and published and the years and
1132 volumes to be published. The purpose of this provision is

Senate 40

- 1133 to allow flexibility in publishing such documents without
1134 freezing definite procedures into the Code at this time.
1135 Provision is made for printing bound copies of the Code,
1136 supplements to the Code, pocket part supplements, or what-
1137 ever the Legislature may deem feasible in the light of annual
1138 sessions. Specific reference to methods of bill drafting
1139 have been deleted in anticipation that the Legislative
1140 Council would provide the manner in which bills should be
1141 drafted. Since computer technology may in the future dictate
1142 definite drafting styles, it appears more logical to provide
1143 that such bill drafting style be promulgated through the rule-
1144 making process.
- 1145 2. Section sixty-five provides that the number of journals
1146 to be printed shall be determined by the presiding officers
1147 of the two houses of the General Assembly.
- 1148 3. Other sections delete reference to the budget and
1149 financial control committee, which has, in effect, been
1150 repealed because chapter two was repealed and reenacted
1151 without reincorporating references to the budget and finan-
1152 cial control committee.
- 1153 4. Section seventy-seven repeals the prefiling law which
1154 has been incorporated into section eighteen of this bill.

*See
act 8/23*

To the President of the Senate and the Speaker of the House of Representatives:

We, the undersigned members of the conference committee appointed to consider the difference between the Senate and the House of Representatives on House File 390, a bill for an act relating to the implementation and organization for annual sessions of the general assembly, respectfully submit the following recommendation:

1. That section 1 of the Senate amendment be struck and the following inserted in lieu thereof:

Section 1. Sections two point one (2.1) through two point forty (2.40), and sections two point forty-nine (2.49) through two point sixty-two (2.62), Code 1966, are hereby repealed and sections two (2) through forty-seven (47), as renumbered, inserted in lieu thereof.

2. That no change be made in sections 2 through 11 of the Senate amendment, previously concurred in by the House except that section 3 be amended by striking from line 9 of page 2 the word "These" and insert in lieu thereof the words "One of these".

3. That section 12 of the Senate amendment be struck and the following inserting in lieu thereof:

Commencing with the Sixty-fourth General Assembly, members of the general assembly and the lieutenant governor shall receive salaries and expenses as provided by this section.

1. Every member of the general assembly except the speaker of the house and majority and minority floor leaders of the senate and house shall receive an annual salary of five thousand five hundred dollars for each year while serving as a member of the general assembly. The majority and minority floor leaders of the senate and house shall receive an annual salary of six thousand five hundred dollars for each year while serving in such capacity. In addition, each such member shall receive the sum of fifteen dollars per day for expenses of office, except travel, for each day the general assembly is actually in session. However, members from Polk county shall receive seven and one-half dollars per day. Expenses shall not be paid for more than five days per week. Weekly travel expenses shall be paid at the rate of ten cents per mile for actual travel in going to and returning from the seat of government by the nearest traveled route.

2. The lieutenant governor while presiding in the senate shall receive compensation of twice the per diem rate a senator receives determined by dividing the total number of days of each regular session into the total annual salary of a senator. Personal expense and travel allowances shall be the same for the lieutenant governor as for a senator.

The lieutenant governor while performing administrative duties of the office of lieutenant governor or serving as the president of the senate during special sessions of the general assembly shall receive eighty dollars per diem and reimbursement for expenses incurred in performing such duties pursuant to an appropriation made by the general assembly.

3. The speaker of the house shall receive an annual salary of eleven thousand dollars for each year while serving as the speaker of the house. Expense and travel allowances shall be the same for the speaker of the house as provided for other members of the general assembly.

of the general assembly and the lieutenant governor semimonthly commencing with the first pay period after the names of such persons are officially certified. The salaries of the members of the General Assembly and lieutenant governor shall be paid in twelve equal installments after each pay period of the first six months of each calendar. The presiding officers of the two houses of the general assembly shall jointly certify to the state comptroller the names of the members, officers, and employees of their respective houses and the salaries and mileage to which each is entitled. Travel and expense allowances shall be paid upon the submission of vouchers to the state comptroller indicating a claim for the same. Such vouchers shall be submitted no more frequently than once each month.

6. In addition to the salaries and expenses herein authorized, members of the general assembly shall be paid forty dollars per day and necessary travel and actual expenses incurred in attending standing or interim committee meetings subject to the provisions of section sixteen (16) of this Act, or when on official state business, when the general assembly is not in session. Such salaries or expenses shall be paid promptly from funds appropriated pursuant to section fourteen (14) of this Act, unless otherwise provided by law.

In case of vacancy in the chairmanship or in his absence, the ranking member shall act as chairman. A standing committee or subcommittee may act on bills and resolutions in the interim between the first and second regular sessions of a general assembly. Nonlegislative members shall not serve upon any study committee, unless approved by the legislative council. A standing committee may hold public hearings and receive testimony upon any subject matter within its jurisdiction.

Nonlegislative members of study committees shall be paid their necessary travel and actual expenses incurred in attending committee or subcommittee meetings for the purposes of the study.

4. Standing committees and subcommittees of standing committees may meet when the general assembly is not in session under the following conditions:

b. Additional meetings of standing committees or their subcommittees shall be authorized by the legislative council, however such authorization may be given at any one time for as many meetings as deemed necessary by the legislative council.

c. Any study committee, other than an interim committee provided for in subsection three (3) of this section, which utilizes staff of the legislative service bureau may meet at such times as authorized by the legislative council.

5. When the general assembly is not in session, a member of the general assembly shall be paid forty dollars per day and his necessary travel and actual expenses incurred in attending meetings of a standing committee or subcommittee of which he is a member in addition to his regular compensation. Such compensation and expenses shall be allowed only if the member attends a meeting of the committee or subcommittee for at least four hours.

6. That the House concur in section 17 of the Senate amendment.

7. That section 18 of the Senate amendment be struck and the following inserted in lieu thereof:

Sec. 18. **PREFILING LEGISLATIVE BILLS.** Any member of the general assembly or any person elected to serve in the general assembly, or any standing committee, may sponsor and submit legislative bills and joint resolutions for consideration by the general assembly, before the convening of any session of the general assembly. Each house may approve rules for placing prefiled standing committee bills or joint resolutions on its calendar. Such bills and resolutions shall be numbered, printed, and distributed in a manner to be determined by joint rule of the general assembly, or in the absence of such rule, by the legislative council. All such bills and resolutions, except those sponsored by standing committees, shall be assigned to regular standing committees by the presiding officers of the houses when the general assembly convenes.

Departments and agencies of state government shall, at least ten days prior to the convening of each session of the general assembly, submit copies to the legislative service bureau of proposed legislative bills and joint resolutions which such departments desire to be considered by the general assembly. The legislative service bureau shall review such proposals and submit them in proper form to the presiding officer in each house of the general assembly for referral to the proper standing committee.
