EXPLANATION OF HOUSE FILE 5

This bill authorizes the Commissioner of Social Services to direct the establishment and operation, at one of the existing state mental health institutes, of a special unit to serve mentally retarded persons who need psychiatric services or other services which the Commissioner may authorize the special unit to provide. The Commissioner is empowered to appoint the superintendent of the special unit, which in many respects would function as a separate institution while sharing the physical facilities and support services of the mental health institute at which it is located. The limitations on financial liability of parents for the cost of care of patients at the Glenwood or Woodward State Hospital-School are extended to the special unit. See the report of the State Mental Health Institutions Study Committee, contained in the Report of the Legislative Research Committee to the first session of the Sixty-third General Assembly.
