A BILL FOR

1 An Act relating to the appropriation of the office of the
2 geological survey.

3 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF IOWA:

4 Section 1. Chapter fourteen (14), section three (3), Acts
5 of the Sixty-fourth General Assembly, First Session, is amended
6 to read as follows:

7 Sec. 3. Notwithstanding the provisions of section eight
8 point thirty-three (8.33) of the Code, all unencumbered or
9 unobligated balances of appropriations made by this Act for
10 the first fiscal year of the biennium commencing July 1, 1971
11 shall, on September 30, 1972, revert to the state treasury
12 and to the credit of the fund from which appropriated, pro-
13 vided however, the sum of twenty-one thousand (21,000) dol-
14 lars appropriated by section one (1), subsection one (1),
15 paragraph a of this Act shall not revert and shall be carried
16 over for use during the fiscal year commencing July 1, 1972.

17 The state agencies to which this appropriation is made may
18 make application to the appropriation committee for the re-
19 appropriation of any funds that do revert, or probably will
20 revert upon the dates herein set and the respective appro-
21 priation committee or a subcommittee thereof shall hold a
22 hearing upon such application while the general assembly is
23 in regular session. In all other respects the provisions
24 of section eight point thirty-three (8.33) of the Code shall
25 apply to appropriations made for the first fiscal year of

1 such biennium. Unencumbered or unobligated balances of ap-
2 propriations made for the second fiscal year of such biennium
3 shall be subject to section eight point thirty-three (8.33)
4 of the Code.

5 EXPLANATION

6 This bill provides that the sum of \$21,000 appropriated
7 to geological survey shall not revert to the general fund
8 at the end of the present fiscal year. Because of technical
9 delays and delays caused by weather conditions certain proj-
10 ects which would have normally been completed during the
11 present fiscal year were not completed and the \$21,000 non-
12 reversion will allow completion of such projects.
