4 EXPLANATION

5 This bill creates an Iowa Soybean Promotion Board to promote  
6 soybean market development. A procedure is established for  
7 conducting a referendum among soybean producers of this state  
8 to determine if the producers desire to have an assessment  
9 made on soybeans sold in this state. If the referendum is  
10 favorable, an assessment will be made on the first sale of  
11 soybeans. Any soybean producer can apply for a refund of  
12 the assessment, giving protection for those who do not desire  
13 to participate in the program. A procedure is also provided  
14 in the bill for discontinuance of the program by petition  
15 and referendum vote of the producers after a promotional order  
16 has been in effect four years.

#### EXPLANATION

The bill creates an Iowa Soybean Promotion Board to promote soybean market development. A procedure is established for conducting a referendum among soybean producers of this state to determine if the producers desire to have an assessment made on soybeans sold in this state. If the referendum is favorable, an assessment will be made on the first sale of soybeans. Any soybean producer can apply for a refund of the assessment, giving protection for those who do not desire to participate in the program. A procedure is also provided in the bill for discontinuance of the program by petition and referendum vote of the producers after a promotional order has been in effect four years.
