FISCAL NOTE  
HOUSE FILE 375

Date prepared April 3, 1973

Requested by Representative Lipsky.

Prepared in regard to H.F. 375 - An Act creating a  
division of grain resources research within the Iowa  
Development Commission. Following is the fiscal effect in  
dollars of the legislative proposal as required by House  
Rule 48.

It is estimated that the study and research costs would  
be approximately \$50,000 for a two year period. This  
includes no administrative expense since the Iowa  
Development Commission feels that this could be handled  
within the existing structure.
