(House File 761)

6

Department of Environmental Quality

7

The committee recommendation is for an appropriation of \$995,766.00 for 1973-74 and \$1,038,065.00 for 1974-75.

8

The Department of Environmental Quality currently has 36 employees on the state payroll. The committee recommendation funds a total not to exceed 64 employees for the biennium.

9

10

The committee approved the current level of activity of the Department as expanded by Senate File 55. The committee approved the number one priority of the Department, which is to take over the administrative duties currently being performed for the Department by the Department of Health. The committee recommendation would fund three new personnel for the priority, instead of the six requested by the Department.

11

12

13

The committee specifically provided funding for the number two priority of the Department, which is to develop river basin plans delineating sources and severity of pollution in order to qualify for federal grants.

14

15

The committee intends to send a letter to the Department of Environmental Quality setting forth the legislative intent behind the committee's actions.
