ROBERT D. RAY
GOVERNOR

The Honorable Melvin D. Synhorst
Secretary of State
State Capitol
L O C A L

Dear Mr. Secretary:

I hereby transmit Senate File 1325, An Act appropriating from the general fund of the state to the State Historical Society for capital improvements of state historical sites and for the planning and study of a new historical site.

Senate File 1325 is approved June 3, 1974, with the following exception which I hereby disapprove:

Section 2 which reads as follows: "Any unobligated balance remaining after any of the specific projects included in this section are completed may be used to supplement the amount available for any other project financed by this Act."

I disapprove this item for the following reasons:

This section provides for the carry-over of any unobligated balance remaining after specific projects included in this "section" are completed. Through apparent oversight the Legislature included in this provision an incorrect reference, since there are no projects included in this said Section 2.

I am in complete agreement with the intent of this section if it is applied to the specific items referred to in Section 1. However, that is not what the section says. By striking Section 2, it is hoped that the bill will be less confusing, and the use of any unobligated balance remaining after any of the specific projects included in Section 1 are completed can be made available administratively to the other projects financed by this Act.

The legislative conference committee dealing with this Act compromised on the fourth item of Section 1 by providing \$2500 instead of the \$5000 voted in the House version of the bill for the planning and study of a memorial to Ansel Briggs. The conference committee report was approved, so it certainly seems that the intent of the Legislature was to reduce the total amount provided in this Act by \$2500. Yet the committee neglected to reduce the total sum appropriated by a similar amount, thus the

added confusion when considered with Section 2. In view of the opinions of the Offices of Attorney General and Comptroller, this action that I take will help clarify this Act and assure intended progress for improvements of state historical sites and for the planning and study of a new historical site.

For these reasons, I disapprove the aforementioned item of this bill in accordance with Amendment 4 of the Amendments of 1968 to the Constitution of the State of Iowa. All other items of Senate File 1325 are hereby approved.

Sincerely,

Robert D. Ray
Governor
