36 Sec. . It is the intent of the general assembly

8 and the Iowa drug abuse authority shall be merged
9 into a single state agency having responsibility for
10 education about, prevention efforts directed against,
11 and treatment programs to aid victims of the abuse
12 of chemical substances. The official title of the
13 merged agency and the provisions for its
14 administration, powers, duties and limitations shall
15 be as may be prescribed by the general assembly.
16 Initial proposals relative to these matters shall
17 be delivered to the general assembly by the governor
18 on or before January 17, 1977.

19 If the governor determines that merger effective
20 July 1, 1977 would not be in the best interest of
21 the state of Iowa, the governor may by executive order
22 delay the merger to a date not later than January
23 1, 1978.

24 Sec. 4. The general assembly declares that the
25 priorities of the merger to be effected pursuant to
26 section three (3) of this Act are:

27 1. Improved assistance to residents of Iowa who
28 are abusing or seeking to recover from the effects
29 of abuse of chemical substances; and

30 2. Reduced administrative costs and greater program
31 efficiency, relative to the quantity and quality of
32 services being offered.

33 Sec. 5. In preparing proposals to be submitted
34 to the general assembly as required by section three
35 (3) of this Act, the governor shall be guided by the
36 priorities established in section four (4) of this
37 Act. The proposals submitted by the governor shall
38 include, but need not be limited to, the following:

39 1. Administrative structure of the merged agency,
40 including its relationship to the governor and to
41 the general assembly and whether or not a governing
42 board or commission, an advisory council, or both
43 should be established, and if so their composition,
44 manner of selection and responsibilities.

45 2. Continuation of strong local community and
46 local treatment program input into a state plan.

47 3. Annual development of a state plan, with comment
48 and review by local agencies and groups.

49 4. Specific recommendations for funding mechanisms
50 and criteria, with additional recommendations for

1 the related roles of counties and local communities.
2 5. Specific designation of education, treatment
3 and prevention programs, outlining the state's role
4 and the related responsibilities of counties and
5 communities.
6 6. Proposed relationship to other state agencies.
7 7. Common (so far as feasible) licensing and
8 certification standards and procedures.
9 8. Monitoring and evaluation mechanisms.
10 9. A goal of statewide availability of acute care
11 for chemical substance abusers.
12 Sec. 6. It is the intent of the general assembly
13 in adopting this Act that the proposals developed
14 in response to section five (5) of this Act be based
15 on the needs of clients, and of the community in
16 general, as determined from public hearings held
17 widely throughout the state.
18 Sec. 7. Chapters one hundred twenty-five (125)
19 and two hundred twenty-four B (224B), Code 1975, are
20 repealed effective July 1, 1977. However, if the
21 merger of the division of alcoholism and the Iowa
22 drug abuse authority is delayed pursuant to section
23 three (3) of this Act, the two agencies shall con-
24 tinue to be governed by the provisions of those
25 chapters as if they were in full force and effect
26 until the merger takes effect."

	<u>Fiscal year</u>
1. COMMISSION ON AGING

2. IOWA STATE CIVIL RIGHTS

It is the intent of the general assembly in making this appropriation to the Iowa state civil rights commission that the increase in the appropriation over the 1975-76 fiscal year shall be used to the maximum extent possible to support volunteers in service to America lawyers engaged in performing a service for the civil rights commission. Such lawyers shall maintain lists of numbers and names of cases upon which they work, lists of cases completed, information relating to location where such lawyers are working, and such other information as may be required by the Iowa civil rights commission. Such information, if not privileged, shall be available for public inspection in the offices

of the Iowa civil rights commission.

It is the intent of the general assembly that insofar as feasible complaints filed either with local human rights commissions or with the Iowa state civil rights commission shall be handled at the local level.

It is also the intent of the general assembly that the Iowa state civil rights commission shall, at the request of local human rights commissions, assign field staff to locations where a large number of complaints are filed to work with local human rights commissions where possible in order to better utilize staff time and agency funds.
