EXPLANATION

33 The bill increases the appropriations for the 1980-81
34 fiscal year for the county government assistance fund and
35 the municipal assistance fund by \$350,000 and \$1,650,000
36 respectively.

1 Amend House File 2477 as follows:

2 1. Page 1, by inserting after line 31 the
3 following:

4 "Sec. 3. NEW SECTION. Sections three (3) through
5 eleven (11) of this Act establish a state urban
6 funding formula. For each fiscal year, each city
7 in the state is entitled to receive state urban funding
8 which shall be an amount per resident of the city
9 equal to the difference between the amount per resident
10 of general fund property tax in the city and the state
11 urban funding base or the city cost per resident,
12 whichever difference is less. However, if the amount
13 of difference for a city is less than twenty dollars
14 per resident, the city is entitled to receive not
15 less than twenty dollars per resident unless the total
16 amount of aid received plus the amount of the general
17 fund property tax exceeds the city cost for the fiscal
18 year. In such case, the city shall receive in urban
19 funding aid an amount equal to the difference between
20 the amount of the general fund property tax and the
21 city cost for the fiscal year.

22 Sec. 4. NEW SECTION. As used in sections three
23 (3) through eleven (11) of this Act:

24 1. "City" means the same as defined in section
25 three hundred sixty-two point two (362.2) of the Code.

26 2. "Per resident" or "per urban resident" means
27 for each resident based on the weighted number of
28 residents.

29 3. "Weighted number of residents" is the number
30 as computed pursuant to section ten (10) of this Act.

31 Sec. 5. NEW SECTION.

32 1. The general fund property tax for a city shall
33 be deemed to be the amount of property tax that would
34 be raised in the fiscal year if the eight dollar and
35 ten cent per thousand dollars of the taxable value
36 limit specified in section three hundred eighty-four
37 point one (384.1) of the Code were levied.

38 2. The amount per resident of general fund property
39 tax for a city is the amount of general fund property
40 tax that would be raised in the fiscal year as
41 determined under subsection one (1) of this section,
42 regardless of whether that amount is actually raised,
43 divided by the weighted number of residents of the
44 city for that fiscal year.

45 Sec. 6. NEW SECTION. The state urban funding
46 base for the fiscal year beginning on July 1, 1980,
47 is seventy percent of the state cost per urban
48 resident. For each succeeding fiscal year, the state
49 urban funding base shall be increased by the amount
50 of one percent of the state cost per urban resident

H-5276
Page Two

1 up to a maximum of eighty percent of the state cost
2 per urban resident. The state cost per urban resident
3 shall be as computed pursuant to section seven (7)
4 of this Act.

5 Sec. 7. NEW SECTION.

6 1. The state cost per urban resident for the
7 fiscal year beginning on July 1, 1980, is the amount
8 determined by dividing the total amount of general
9 fund property taxes actually raised by every city
10 within the state under section three hundred eighty-
11 four point one (384.1) of the Code, excluding the
12 levies authorized in section three hundred eighty-
13 four point twelve (384.12) of the Code, in the previous
14 fiscal year by the weighted number of residents in
15 every city within the state as of the beginning of
16 the previous fiscal year.

17 2. For each succeeding fiscal year, the state
18 cost per urban resident for that fiscal year, is equal
19 to the state cost per urban resident for the previous
20 fiscal year plus the allowable growth for the fiscal
21 year.

22 3. The allowable growth for a fiscal year, for
23 purposes of the computations in sections seven (7)
24 and nine (9) of this Act, is equal to the product
25 of the state cost per urban resident for the previous
26 fiscal year times the state percent of growth for
27 the previous fiscal year as determined under section
28 eight (8) of this Act.

29 Sec. 8. NEW SECTION. The state percent of growth
30 for the fiscal year beginning July 1, 1980 and for
31 each succeeding fiscal year shall be computed by the
32 state comptroller prior to September fifteenth
33 immediately following that fiscal year. The state
34 percent of growth shall be the difference between
35 the percent change in the state general fund revenues
36 for that fiscal year, adjusted for changes in rates
37 or basis, and the state general fund revenues for
38 the previous fiscal year minus the percent change
39 in the Iowa consumer price index as of the end of
40 that fiscal year and the Iowa consumer price index
41 as of the end of the previous fiscal year. If the
42 difference as computed is negative, then the state
43 percent of growth for that fiscal year shall be zero.

44 If an Iowa consumer price index is not available
45 from the bureau of labor statistics of the United
46 States department of labor or successor agency, the
47 state comptroller shall compute a consumer price index
48 based upon a comprehensive sampling of the costs of
49 goods and services within Iowa.

50 Sec. 9. NEW SECTION.

1 1. The city cost per resident for the fiscal year
2 beginning on July 1, 1980, is the amount determined
3 by dividing the amount of general fund property taxes
4 actually raised by the city under section three hundred
5 eighty-four point one (384.1) of the Code, excluding
6 the amount raised by the levies authorized in section
7 three hundred eighty-four point twelve (384.12) of
8 the Code, in the previous fiscal year by the weighted
9 number of residents of the city as of the beginning
10 of the previous fiscal year.

11 2. For each succeeding fiscal year, the city cost
12 per resident for that fiscal year is equal to the
13 city cost per resident for the previous fiscal year
14 plus the allowable growth for the fiscal year.

15 3. The city cost for a fiscal year is equal to
16 the city cost per resident for the fiscal year
17 multiplied by the weighted number of residents of
18 the city for the fiscal year.

19 Sec. 10. NEW SECTION. The weighted number of
20 residents of a city for a fiscal year is the population
21 of the city, as provided under chapter four hundred
22 five (405) of the Code, adjusted by the sum of the
23 following:

24 1. The population of the city multiplied by the
25 percent of unemployed residents of the city in excess
26 of the average state percent of unemployed residents
27 of all cities in the state during the calendar year
28 ending in the previous fiscal year as determined by
29 the department of job service.

30 2. The population of the city multiplied by the
31 percent of the population of the city in excess of
32 the average state percent of the population of all
33 cities in the state which have received credit or
34 reimbursement under sections four hundred twenty-five
35 point sixteen (425.16) to four hundred twenty-five
36 point thirty-nine (425.39) of the Code during the
37 calendar year ending in the previous fiscal year as
38 determined by the department of revenue.

39 3. The population of the city multiplied by the
40 percent of the population of the city in excess of
41 the average state percent of the population of all
42 cities in the state which have received at any time
43 during the calendar year ending in the previous fiscal
44 year state supplemental assistance pursuant to chapter
45 two hundred forty-nine (249) of the Code as determined
46 by the department of social services.

47 Sec. 11. NEW SECTION. There is appropriated
48 annually from the general fund of the state to the
49 treasurer of state to be credited to the state urban
50 funding account, which fund is hereby created, from
