1 Section 1. Section four hundred forty-two point four
2 (442.4), subsection two (2), paragraph a, Code 1979, is amended
3 by striking the paragraph and inserting in lieu thereof the
4 following:

5 a. For the school year beginning July 1, 1980, and each
6 subsequent school year, the adjusted enrollment for a school
7 district is equal to the largest of the following:

3326

8 (1) The basic enrollment for the year prior to the base
9 year.

10 (2) The basic enrollment for the base year.

3326

11 (3) The basic enrollment for the budget year.

12 Sec. 2. Section four hundred forty-two point four (442.4),
13 Code 1979, is amended by adding the following new subsections
14 after subsection two (2):

15 NEW SUBSECTION. 3. For the school year beginning July
16 1, 1980, and each subsequent school year, budget enrollment
17 means the sum of the following:

3326 3315 -

18 a. Thirty-three and one-third percent of the basic en-
19 rollment on September 8, 1978.

20 b. Sixty-six and two-thirds percent of the adjusted en-
21 rollment computed under subsection two (2), paragraph a, of
22 this section.

23 c. Adjustments made by the state comptroller under sub-
24 section four (4) of this section.

25 NEW SUBSECTION. 4. For the school years beginning July
26 1, 1980 and July 1, 1981 only, if an amount equal to the dis-
27 trict cost per pupil for the budget year minus the amount
28 included in the district cost per pupil for the budget year
29 to compensate for the cost of special education support ser-
30 vices for a school district times the budget enrollment of
31 the school district for the budget year is less than one

3334 -

32 hundred three percent times an amount equal to the district
33 cost per pupil for the base year minus the amount included
34 in the district cost per pupil for the base year to compensate
35 for the cost of special education support services for a

1 school district times the adjusted enrollment of the school
2 district for the base year beginning July 1, 1979 or times
3 the budget enrollment of the school district for the base
4 year beginning July 1, 1980, the state comptroller shall
5 increase the budget enrollment for the school district for
6 the budget year to a number which will provide a three percent
7 increase in the amount.

3334-6
3326

8 Sec. 3. Section four hundred forty-two point four (442.4),
9 subsection three (3), Code 1979, is amended to read as fol-
10 lows:

11 3 5. Weighted For the school year beginning July 1, 1980,
12 and each subsequent school year, weighted enrollment is the
13 adjusted budget enrollment as modified by application of the
14 special education weighting plan in section 281.9.

15 Sec. 4. Section four hundred forty-two point seven (442.7),
16 subsection one (1), paragraph a, subparagraph one (1), Code
17 1979, is amended to read as follows:

18 (1) From ~~January 1~~ of the year immediately preceding the
19 base year to the base year.

20 Sec. 5. Section four hundred forty-two point seven (442.7),
21 subsection one (1), paragraph b, subparagraphs one (1) and
22 two (2), Code 1979, are amended to read as follows:

23 (1) From January first of the calendar year ending during
24 the school year prior to the base year to January ± first
25 of calendar year ending during the base year.

26 (2) From January ± first of the calendar year ending
27 during the base year to January ± first of the calendar year
28 ending during the budget year.

29 Sec. 6. Section four hundred forty-two point seven (442.7),
30 Code 1979, is amended by adding the following new subsection
31 after subsection one (1):

32 NEW SUBSECTION. Notwithstanding subsection one (1) of
33 this section, for the school year beginning July 1, 1980 only
34 the state percent of growth is the average of the two per-
35 centages of growth computed under subsection one (1), para-

3330 -

2 Sec. 7. Section four hundred forty-two point fourteen
3 (442.14), subsection one (1), Code 1979, is amended to read
4 as follows:

3326 -5 1. For the budget year beginning July 1, 1979, and each
6 succeeding school year, if a school board wishes to spend
7 more than the amount permitted under sections 442.1 to 442.13,
8 and the school board has not attempted by resolution to raise
9 an additional enrichment amount for that budget year, the
10 school board may raise an additional enrichment amount not
11 to exceed ten percent of the state cost per pupil multiplied
12 by the adjusted budget enrollment in the district, as provided
13 in this section. ~~However, the additional enrichment amount~~
14 ~~may be used only for educational research, curriculum~~
15 ~~maintenance or development, or innovative programs.~~

16 Sec. 8. Section four hundred forty-two point fifteen
17 (442.15), unnumbered paragraph one (1), Code 1979, is amended
18 to read as follows:

19 If a majority of those voting in an election approves
20 raising the additional enrichment amount under section 442.14
21 and this section, the board shall certify to the state comp-
22 troller that the required procedures have been carried out,
23 and the state comptroller shall establish the amount of addi-
24 tional enrichment property tax to be levied and the amount
25 of school district income surtax to be imposed for each school
26 year for which the additional enrichment amount is authorized.
27 The state comptroller shall determine these amounts based
28 upon the most recent figures available for the district's
29 valuation of taxable property, individual state income tax
30 paid, and adjusted budget enrollment in the district, and
31 shall certify to the district's county auditor the amount
32 of enrichment property tax, and to the director of revenue
33 the amount of school district income surtax to be imposed.

34 Sec. 9. Section four hundred forty-two point twenty-seven
35 (442.27), subsection nine (9), Code 1979, is amended to read

1 as follows:

2 9. "Enrollment served" means the basic enrollment plus
3 the number of nonpublic school pupils served with media
4 services or educational services, as applicable, except that
5 if a nonpublic school pupil receives services through an area
6 other than the area of the pupil's residence, the pupil shall
7 be deemed to be served by the area of ~~his~~ the pupil's
8 residence, which shall by contractual arrangement reimburse
9 the area through which the pupil actually receives services.
10 For the budget year beginning July 1, 1975, the total number
11 of nonpublic pupils served by each area education agency and
12 the number of nonpublic school pupils residing within each
13 school district in the area to be served by the area edu-
14 cation agency for media and educational services shall be
15 submitted by the department of public instruction as approved
16 by the state board to the state comptroller within one week
17 after this Act is duly published. For school years subsequent
18 to the school year beginning July 1, ~~1975~~ 1979, each school
19 district shall include in the second Friday in ~~January~~
20 September enrollment report the number of nonpublic school
21 pupils within each school district for media and educational
22 services served by the area.

EXPLANATION

25
26 This bill provides for a budget enrollment of one-third
27 of the enrollment on September 8, 1978 and two-thirds of the
28 September enrollment for the previous year, the year before
29 that, or the current year. It provides for computing the
30 state percent of growth for the 1980-1981 school year by
31 averaging the changes in the consumer price index for the
32 calendar years beginning January 1, 1978 and January 1, 1979.
33 It guarantees that each school district will have at least
34 three percent budget growth for the regular program from the
35 previous school year for 1980-1981 and 1981-1982 school years.

1 The state comptroller is directed to adjust the number of
2 pupils to provide the budget growth. It corrects a date in
3 the computation of state percent of growth.

4 The bill strikes the restrictions on the use of the addi-
5 tional enrichment moneys.

6 The bill changes the enrollment date for reporting the
7 number of nonpublic school pupils for media and educational
8 services from January to September. It strikes an obsolete
9 section relating to reporting of miscellaneous aids to the
10 department of public instruction.

11 The bill is effective July first following its enactment.

7 "Sec. _____. Section four hundred forty-two point
8 eight (442.8), Code 1979, is amended to read as
9 follows:

10 442.8 STATE COST PER PUPIL. As used in this
11 chapter, "state cost per pupil" for the school year
12 beginning July 1, 1975, and subsequent school years
13 means state cost per pupil in weighted enrollment.
14 The state cost per pupil for the school year beginning
15 July 1, 1972, is nine hundred three dollars. The
16 state cost per pupil for the school year beginning
17 on July 1, 1973, and for each succeeding school year
18 is the base year's state cost per pupil plus the
19 allowable growth for the budget year. If the state
20 percent of growth is zero, the state cost per pupil
21 shall be the same as the base year's state cost per
22 pupil.

23 However, for the budget school year beginning July
24 1, 1980, and for each subsequent even-numbered budget
25 school year the state cost per pupil for the budget
26 year shall be computed by using a recomputed state
27 cost per pupil for the base year. The recomputed
28 state cost per pupil for the base year is equal to
29 the amount allocated for all area education agency
30 support costs in the state for the base year divided
31 by the weighted enrollment in the state for the base
32 year plus an amount for regular program costs per
33 pupil. The regular program cost per pupil is equal
34 to the sum of the district costs for all school
35 districts in the state for the base year less the
36 amount generated for all area education agency support
37 services in the state for the base year, and less
38 the amount generated for all special education
39 instruction in the state for the base year from the
40 application of the weighting factors in chapter two
41 hundred eighty-one (281) of the Code, which sum less
42 deductions shall be divided by the adjusted enrollment
43 in all school districts used for the calculation of
44 district budgets for the base year.

45 For each school year subsequent to the school year
46 beginning July 1, 1975, the allowable growth added
47 to the state cost per pupil as otherwise computed
48 under section 442.7 shall be the basic allowable
49 growth increased by an amount equal to the average
50 of the amounts of allowable growth added for each

1 school district in the state for additional special
2 education support services needed for that year to
3 serve newly identified children who require the
4 services, under sections 273.9, subsection 3 and
5 442.7, subsection 7, paragraph "d". The state
6 comptroller shall compute the applicable amount of
7 allowable growth to be added to the state cost per
8 pupil for each school year."

9 5. Page 3, by inserting before line 34 the
10 following:

11 "Sec. ____ . Section four hundred forty-two point
12 fourteen (442.14), subsections two (2) and three (3),
13 Code 1979, are amended to read as follows:

14 2. The board shall determine the additional
15 enrichment amount per pupil needed, within the limits
16 of this section. The board shall publish notice in
17 a newspaper of general circulation in the school
18 district listing the date, time and location of each
19 of three public hearings to be held for reading and
20 approval of the enrichment resolution. The hearings
21 shall be at least one week apart with the third hearing
22 to take place at least forty-five days prior to the
23 school board election in September of the base year.
24 If, on or before the date of the third hearing, the
25 school board receives a petition protesting the
26 proposed enrichment resolution and signed by not less
27 than twenty percent of the number of persons who voted
28 in the most recent school district election, or if
29 by its own motion the board determines that a
30 referendum should be held, the school board shall
31 direct the county commissioner of elections to submit
32 the question of whether to raise that amount under
33 the provisions of this section and section 442.15,
34 to the qualified electors of the school district at
35 a regular school election held during September of
36 the base year. If no petition is received and the
37 board approves the enrichment resolution or if a
38 majority of those voting favors raising the enrichment
39 amount, the board may include the approved amount
40 in its certified budget.

41 3. The Except for that portion of the enrichment
42 amount provided by state enrichment aid under section
43 four hundred forty-two point fifteen (442.15) of the
44 Code, the additional enrichment amount needed shall
45 be raised within the limits provided in this section
46 by a combination of an enrichment property tax and
47 a school district income surtax imposed in the
48 proportion of a property tax of twenty-seven cents
49 per thousand dollars of assessed valuation of taxable

2 Sec. ____ Section four hundred forty-two point
3 fifteen (442.15), unnumbered paragraph one (1), Code
4 1979, is amended by striking the paragraph and
5 inserting in lieu thereof the following:
6 If the additional enrichment amount is approved
7 under section four hundred forty-two point fourteen
8 (442.14) of the Code, the board shall certify to the
9 state comptroller that the required procedures have
10 been carried out. For each school year the additional
11 enrichment amount is authorized, the state comptroller
12 shall calculate the total enrichment amount for the
13 district. Total enrichment amount means the additional
14 enrichment amount for the district expressed in
15 dollars. A school district that has authorized an
16 additional enrichment amount is entitled to state
17 enrichment aid equal to the amount, if any, that the
18 guaranteed enrichment return exceeds the total
19 enrichment amount. The guaranteed enrichment return
20 is the sum of the guaranteed enrichment property tax
21 return and the guaranteed enrichment surtax return.
22 The guaranteed enrichment property tax return is the
23 product of the guaranteed property tax rate times
24 the district's adjusted enrollment times the greater
25 of the average valuation of taxable property per pupil
26 in adjusted enrollment in the state or the valuation
27 of taxable property per pupil in adjusted enrollment
28 in the district. The guaranteed enrichment surtax
29 return is the product of the guaranteed surtax rate
30 times the district's adjusted enrollment times the
31 greater of the average state individual income taxes
32 paid per pupil in adjusted enrollment in the state
33 or the individual income taxes paid per pupil in
34 adjusted enrollment in the district. The guaranteed
35 property tax rate is the enrichment property tax that
36 would be levied if the state enrichment aid was zero,
37 divided by the valuation of taxable property in the
38 district. The guaranteed surtax rate is the school
39 district income surtax that would be imposed if the
40 state enrichment aid was zero, divided by the total
41 individual income taxes paid in the district. The
42 school district must raise the total enrichment amount
43 less state enrichment aid as provided in section four
44 hundred forty-two point fourteen (442.14), subsection
45 three (3) of the Code, and the state comptroller shall
46 establish the amount of the enrichment property tax
47 to be levied and the school district income surtax
48 to be imposed. The state comptroller shall determine
49 these amounts based upon the most recent figures
50 available for the district's valuation of taxable

1 property, state individual income tax paid, and
2 adjusted enrollment in the district, and shall certify

6 imposed."

13 SEC. 31. To meet the special problems that result
14 from budget reductions due to declining enrollments
15 prior to the modifications in the adjustments for
16 declining enrollments to take effect commencing with
17 the school year beginning July 1, 1979, there is
18 appropriated from the general fund of the state for

20 June 30, 1980, to the school budget review committee
21 the sum of two million five hundred thousand
22 (2,500,000) dollars, or so much thereof as necessary
23 to be used to minimize the impact of the factor listed
24 in paragraph two (2) of this section. The school
25 budget review committee may also establish a modified
26 allowable growth for the school district by increasing
27 the allowable growth for the school district to provide
28 additional funds to assist the school district with
29 hardships which result from the impact on the school
30 district's budget resulting from declining enrollment.

31 To assess whether a district has hardships resulting
32 from reduced funds because of declining enrollment,
33 the school budget review committee shall consider
34 whether the school district will be or has been forced
35 to terminate an ~~existing~~ educational program because
36 of insufficient funds and thus diminish the overall
37 quality of the school program for the budget year
38 from that provided in the base year or prior school

A school district shall be eligible for state dropout incentive aid for a budget year if the district's dropout rate for the base year is lower than the district's base dropout rate. A district's dropout rate for the base year is the number of students in the school district who were enrolled on the second Friday of September during the base year and who withdrew their enrollment before the completion of the base school year or before graduation provided the withdrawal was for reasons other than death or transfer to any other public or nonpublic school and provided the student did not subsequent to withdrawal reenroll in the school district, divided by the basic enrollment for the budget year. 25 follows:

26 442.8 STATE COST PER PUPIL. As used in this
27 chapter, "state cost per pupil" for the school year
28 beginning July 1, 1975, and subsequent school years
29 means state cost per pupil in weighted enrollment.
30 The state cost per pupil for the school year beginning
31 July 1, 1972, is nine hundred three dollars. The
32 state cost per pupil for the school year beginning
33 on July 1, 1973, and for each succeeding school year
34 is the base year's state cost per pupil plus the
35 allowable growth for the budget year. If the state
36 percent of growth is zero, the state cost per pupil
37 shall be the same as the base year's state cost per
38 pupil.

39 However, for the budget school year beginning July
40 1, 1980, and for each subsequent even-numbered budget

11 For each school year subsequent to the school year
12 beginning July 1, 1975, the allowable growth added

7 3. The Except for that portion of the enrichment
8 amount provided by state enrichment aid under section
9 four hundred forty-two point fifteen (442.15) of the

13 a school district income surtax imposed in the
14 proportion of a property tax of twenty-seven cents
15 per thousand dollars of assessed valuation of taxable
16 property in the district for each five percent of
17 income surtax.

18 Sec. ____ . Section four hundred forty-two point
19 fifteen (442.15), unnumbered paragraph one (1), Code
20 1979, is amended by striking the paragraph and
21 inserting in lieu thereof the following:

22 If the additional enrichment amount is approved
23 under section four hundred forty-two point fourteen
24 (442.14) of the Code, the board shall certify to the
25 state comptroller that the required procedures have
26 been carried out. For each school year the additional
27 enrichment amount is authorized, the state comptroller
28 shall calculate the total enrichment amount for the
29 district. Total enrichment amount means the additional
30 enrichment amount for the district expressed in
31 dollars. A school district that has authorized an
32 additional enrichment amount is entitled to state
33 enrichment aid equal to the amount, if any, that the
34 guaranteed enrichment return exceeds the total
35 enrichment amount. The guaranteed enrichment return
36 is the sum of the guaranteed enrichment property tax
37 return and the guaranteed enrichment surtax return.
38 The guaranteed enrichment property tax return is the
39 product of the guaranteed property tax rate times
40 the district's adjusted enrollment times the greater
41 of the average valuation of taxable property per pupil
42 in adjusted enrollment in the state or the valuation
43 of taxable property per pupil in adjusted enrollment
44 in the district. The guaranteed enrichment surtax
45 return is the product of the guaranteed surtax rate
46 times the district's adjusted enrollment times the
47 greater of the average state individual income taxes
48 paid per pupil in adjusted enrollment in the state
49 or the individual income taxes paid per pupil in
50 adjusted enrollment in the district. The guaranteed

H-3350

1 property tax rate is the enrichment property tax that
2 would be levied if the state enrichment aid was zero,
3 divided by the valuation of taxable property in the
4 district. The guaranteed surtax rate is the school
5 district income surtax that would be imposed if the
6 state enrichment aid was zero, divided by the total
7 individual income taxes paid in the district. The
8 school district must raise the total enrichment amount
9 less state enrichment aid as provided in section four
10 hundred forty-two point fourteen (442.14), subsection
11 three (3) of the Code, and the state comptroller shall
12 establish the amount of the enrichment property tax
13 to be levied and the school district income surtax
14 to be imposed. The state comptroller shall determine
15 these amounts based upon the most recent figures
16 available for the district's valuation of taxable
17 property, state individual income tax paid, and
18 adjusted enrollment in the district, and shall certify
19 to the district's county auditor the amount of
20 enrichment property tax, and to the director of revenue

14 SEC. 31. To meet the special problems that result
15 from budget reductions due to declining enrollments
16 prior to the modifications in the adjustments for
17 declining enrollments to take effect commencing with
18 the school year beginning July 1, 1979, there is
19 appropriated from the general fund of the state for
20 the fiscal years beginning July 1, 1978 and ending
21 June 30, 1980, to the school budget review committee
22 the sum of two million five hundred thousand
23 (2,500,000) dollars, or so much thereof as necessary
24 to be used to minimize the impact of the factor listed
25 in paragraph two (2) of this section. The school
26 budget review committee may also establish a modified
27 allowable growth for the school district by increasing
28 the allowable growth for the school district to provide
29 additional funds to assist the school district with
30 hardships which result from the impact on the school
31 district's budget resulting from declining enrollment.

32 To assess whether a district has hardships resulting
33 from reduced funds because of declining enrollment,
34 the school budget review committee shall consider
35 whether the school district will be or has been forced
36 to terminate an existing educational program because
37 of insufficient funds and thus diminish the overall
38 quality of the school program for the budget year
39 from that provided in the base year or prior school
40 years.

41 Sec. ____ . The section amending Acts of the Sixty-
42 seventh General Assembly, chapter one thousand ninety-
43 nine (1099), section thirty-one (31), being deemed
44 of immediate importance, shall take effect from and
45 after its publication in The Des Moines Register,
46 a newspaper published in Des Moines, Iowa, and in
47 the Iowa City Press-Citizen, a newspaper published
48 in Iowa City, Iowa.

7 "Sec. ____ . Section four hundred forty-two point
8 eight (442.8), Code 1979, is amended to read as
9 follows:

10 442.8 STATE COST PER PUPIL. As used in this
11 chapter, "state cost per pupil" for the school year
12 beginning July 1, 1975, and subsequent school years
13 means state cost per pupil in weighted enrollment.
14 The state cost per pupil for the school year beginning
15 July 1, 1972, is nine hundred three dollars. The
16 state cost per pupil for the school year beginning
17 on July 1, 1973, and for each succeeding school year
18 is the base year's state cost per pupil plus the
19 allowable growth for the budget year. If the state
20 percent of growth is zero, the state cost per pupil
21 shall be the same as the base year's state cost per
22 pupil.

23 However for the budget year beginning July 1, 1980,
24 and for each subsequent budget year, the state cost
25 per pupil is the base year's state cost per pupil
26 plus one and three-tenths times the allowable growth
27 for the budget year. However if the resulting
28 computation produces a state cost per pupil greater
29 than the average state cost per pupil, the state cost
30 per pupil for the budget year shall equal the average
31 state cost per pupil for that year, and the state
32 cost per pupil for each even-numbered budget year
33 thereafter shall equal the average state cost per
34 pupil for that year, and the state cost per pupil
35 for each odd-numbered budget year thereafter shall
36 equal the state cost per pupil for the prior year.
37 The average state cost per pupil for the budget year
38 equals the amount allocated for all area education
39 agency support costs in the state for the base year
40 divided by the weighted enrollment in the state for
41 the base year plus an amount for regular program costs
42 per pupil. The amount for regular program costs per
43 pupil is equal to the sum of the district costs for
44 all school districts in the state for the base year
45 less the amount generated for all area education
46 agency support services in the state for the base
47 year, and less the amount generated for all special
48 education instruction in the state for the base year
49 from the application of the weighting factors in
50 chapter two hundred eighty-one (281) of the Code,

H-3355

1 which sum less deductions shall be divided by the
2 adjusted enrollment in all school districts used for
3 the calculation of district budgets for the base year.

4 For each school year subsequent to the school year
5 beginning July 1, 1975, the allowable growth added
6 to the state cost per pupil as otherwise computed
7 under section 442.7 shall be the basic allowable
8 growth increased by an amount equal to the average
9 of the amounts of allowable growth added for each
10 school district in the state for additional special
11 education support services needed for that year to
12 serve newly identified children who require the
13 services, under sections 273.9, subsection 3 and
14 442.7, subsection 5, paragraph "d". The state
15 comptroller shall compute the applicable amount of
16 allowable growth to be added to the state cost per
17 pupil for each school year."

1 Section 1. Section four hundred forty-two point four
2 (442.4), subsection one (1), unnumbered paragraphs four (4)
3 and five (5), Code 1979, are amended to read as follows:

3449

4 Pupils attending a university laboratory school are not
5 counted in any district's basic or actual enrollment, but
6 the laboratory school shall report them directly to the
7 department of public instruction.

8 A school district shall certify its basic enrollment to
9 the state department of public instruction by September 25
10 twenty-fifth of each year, and the department shall promptly
11 forward the information to the state comptroller. For purposes
12 of determining whether a district is entitled to an advance
13 for increasing enrollment, and for record-keeping purposes,
14 a determination of actual enrollment shall be made on the
15 second Friday of September in the budget year and the second
16 Friday of January in the base year, in the same manner as
17 the September basic enrollment is determined. Actual
18 enrollment is obtained by counting on the second Friday of
19 September in the budget year resident pupils enrolled in the
20 district, resident pupils for which tuition is paid by the
21 district who are enrolled in another district, another state
22 or an Iowa area school, and shared-time and part-time pupils.

3427

23 Sec. 2. Section four hundred forty-two point four (442.4),
24 subsection two (2), paragraph a, Code 1979, is amended by
25 striking the paragraph and inserting in lieu thereof the
26 following:

27 a. For the school year beginning July 1, 1980, and each
28 subsequent school year, the adjusted enrollment for a school
29 district is equal to the larger of the following:

3427

30 (1) The basic enrollment for the base year.

31 (2) The basic enrollment for the budget year.

32 If a school district uses subparagraph two (2) of this
33 paragraph for its adjusted enrollment and the district's
34 actual enrollment for the budget year is larger than the
35 adjusted enrollment computed under subparagraph two (2) of

1 this paragraph, the district may be eligible to receive an
2 advance for increasing enrollment under section four hun-
3 dred forty-two point twenty-eight (442.28) of the Code.

4 Sec. 3. Section four hundred forty-two point four (442.4),
5 Code 1979, is amended by adding the following new subsections
6 after subsection two (2):

7 NEW SUBSECTION. 3. For the school year beginning July
8 1, 1980, and each subsequent school year, budget enrollment
9 means the sum of the following:

10 a. Thirty-three and one-third percent of the basic en-
11 rollment for the school year beginning July 1, 1979.

12 b. Sixty-six and two-thirds percent of the adjusted en-
13 rollment computed under subsection two (2), paragraph a, of
14 this section.

15 c. Adjustments made by the state comptroller under sub-
16 section four (4) of this section.

17 NEW SUBSECTION. 4. For the school years beginning July
18 1, 1980 and July 1, 1981 only, if an amount equal to the dis-
19 trict cost per pupil for the budget year minus the amount
20 included in the district cost per pupil for the budget year
21 to compensate for the cost of special education support ser-
22 vices for a school district times the budget enrollment of
23 the school district for the budget year is less than one

24 hundred three percent times an amount equal to the district
25 cost per pupil for the base year minus the amount included
26 in the district cost per pupil for the base year to compensate
27 for the cost of special education support services for a
28 school district times the adjusted enrollment of the school
29 district for the base year beginning July 1, 1979 or times
30 the budget enrollment of the school district for the base
31 year beginning July 1, 1980, the state comptroller shall
32 increase the budget enrollment for the school district for
*33 the budget year to a number which will provide the one hundred
34 three percent for the budget year.

35 Sec. 4. Section four hundred forty-two point four (442.4),

1 subsection three (3), Code 1979, is amended to read as fol-
2 lows:

3 3 5. Weighted For the school year beginning July 1, 1980,
4 and each subsequent school year, weighted enrollment is the
5 adjusted budget enrollment as modified by application of the
6 special education weighting plan in section 281.9.

7 Sec. 5. Section four hundred forty-two point seven (442.7),
8 subsection one (1), paragraph a, subparagraph one (1), Code
9 1979, is amended to read as follows:

10 (1) From ~~January 1~~ of the year immediately preceding the
11 base year to the base year.

12 Sec. 6. Section four hundred forty-two point seven (442.7),
13 subsection one (1), paragraph b, subparagraphs one (1) and
14 two (2), Code 1979, are amended to read as follows:

15 (1) From January first of the calendar year ending during
16 the school year prior to the base year to January 1 first
17 of the calendar year ending during the base year.

18 (2) From January 1 first of the calendar year ending
19 during the base year to January 1 first of the calendar year
20 ending during the budget year.

21 Sec. 7. Section four hundred forty-two point seven (442.7),
22 subsection one (1), paragraph a, unnumbered paragraph one
23 (1), Code 1979, is amended to read as follows:

24 The difference in the state general fund revenues received
25 during the year, adjusted for changes in rates or basis,
26 computed or estimated as a percentage of change for each of
27 the following periods:

28 Sec. 8. Section four hundred forty-two point seven (442.7),
29 Code 1979, is amended by adding the following new subsection
30 after subsection one (1):

31 NEW SUBSECTION. Notwithstanding subsection one (1) of
32 this section, for the school year beginning July 1, 1980 only
33 the state percent of growth is the average of the two per-
34 centages of growth computed under subsection one (1), para-
35 graph b, of this section.

1 Sec. 9. Section four hundred forty-two point fourteen
2 (442.14), subsection one (1), Code 1979, is amended to read
3 as follows:

4 1. For the budget year beginning July 1, 1979 1980, and
5 each succeeding school year, if a school board wishes to spend
6 more than the amount permitted under sections 442.1 to 442.13,
7 and the school board has not attempted by resolution to raise
8 an additional enrichment amount for that budget year, the
9 school board may raise an additional enrichment amount not
10 to exceed ten percent of the state cost per pupil multiplied
11 by the adjusted budget enrollment in the district, as provided
12 in this section. ~~However, the additional enrichment amount~~
13 ~~may be used only for educational research, curriculum~~
14 ~~maintenance or development, or innovative programs.~~

15 Sec. 10. Section four hundred forty-two point fifteen
16 (442.15), unnumbered paragraph one (1), Code 1979, is amended
17 to read as follows:

18 If a majority of those voting in an election approves
19 raising the additional enrichment amount under section 442.14
20 and this section, the board shall certify to the state comp-
21 troller that the required procedures have been carried out,
22 and the state comptroller shall establish the amount of addi-
23 tional enrichment property tax to be levied and the amount
24 of school district income surtax to be imposed for each school
25 year for which the additional enrichment amount is authorized.
26 The state comptroller shall determine these amounts based
27 upon the most recent figures available for the district's
28 valuation of taxable property, individual state income tax
29 paid, and adjusted budget enrollment in the district, and
30 shall certify to the district's county auditor the amount
31 of enrichment property tax, and to the director of revenue
32 the amount of school district income surtax to be imposed.

33 Sec. 11. Section four hundred forty-two point twenty-seven
34 (442.27), subsection nine (9), Code 1979, is amended to read
35 as follows:

1 9. "Enrollment served" means the basic enrollment plus
2 the number of nonpublic school pupils served with media
3 services or educational services, as applicable, except that
4 if a nonpublic school pupil receives services through an area
5 other than the area of the pupil's residence, the pupil shall
6 be deemed to be served by the area of ~~his~~ the pupil's
7 residence, which shall by contractual arrangement reimburse
8 the area through which the pupil actually receives services.
9 For the budget year beginning July 1, 1975, the total number
10 of nonpublic pupils served by each area education agency and
11 the number of nonpublic school pupils residing within each
12 school district in the area to be served by the area edu-
13 cation agency for media and educational services shall be
14 submitted by the department of public instruction as approved
15 by the state board to the state comptroller within one week
16 after this Act is duly published. For school years subsequent
17 to the school year beginning July 1, ~~1975~~ 1979, each school
18 district shall include in the second Friday in ~~January~~
19 September enrollment report the number of nonpublic school
20 pupils within each school district for media and educational
21 services served by the area.

22 Sec. 12. Section four hundred forty-two point twenty-
23 six (442.26), unnumbered paragraph two (2), Code 1979, is
24 amended to read as follows:

25 All state aids paid under this chapter unless otherwise
26 stated, shall be paid in installments due on or about September
27 15 fifteenth, December 15 fifteenth, March 15 fifteenth, and
28 May 15 fifteenth of each year, and the installments shall
29 be as nearly equal as possible as determined by the state
30 comptroller, taking into consideration the relative budget
31 and cash position of the state resources. However, the state
32 aids paid to school districts under section four hundred
33 forty-two point twenty-eight (442.28) of the Code shall be
34 paid in installments due on or about December fifteenth, March
35 fifteenth, and May fifteenth of each year.

1 Sec. 13. Section four hundred forty-two point twenty-

4 Notwithstanding the definition of weighted enrollment in
5 section four hundred forty-two point four (442.4) of the Code,
6 each school district shall calculate a special weighted
7 enrollment using the actual enrollment for the budget year
8 instead of the budget enrollment for the budget year and
9 applying the special education weighting plan in section two
10 hundred eighty-one point nine (281.9) of the Code for the
11 budget year. If a-district's-weighted-enrollment-on-the
12 second-Friday-of-September-in-the-budget-year, determined
13 in-the-same-manner-as-the-September-weighted-enrollment-is

15 is higher than its the district's weighted enrollment on-the
16 second-Friday-of-September in the base budget year determined
17 under section four hundred forty-two point four (442.4) of
18 the Code, the district is entitled to an advance from the
19 state of an amount equal to its district cost per pupil less
20 the amount per pupil for special education support services,
21 media services and other services computed as a part of
22 district cost under the provisions of section 442.7 and section
23 442.27 for the budget year multiplied by its increase in
24 weighted enrollment. The advance shall be miscellaneous

FISCAL NOTE

DATE: APRIL 24, 1979
REQUESTED BY: SENATOR HUTCHINS

In compliance with a written request received April 10, 19 79, there is hereby submitted a Fiscal Note for S-3513 to S-3424, HF 660 pursuant to Joint Rule 16. Background information used in developing this Fiscal Note is available from the Legislative Fiscal Bureau, to members of the Legislature upon request.

The estimated fiscal effect of S-3513 to S-3424 is to add an additional \$222,000 (\$133,000 State and \$89,000 property) to what is otherwise provided for in Senate Amendment 3424.

Assumptions used for this estimate of fiscal effect were the same as used in estimating the fiscal effect of Senate Amendment 3424 as follows:

CPI - 9%
Assessed Valuation - 5%
Average State Cost for 1979-80 - \$1648
Enrollment - 604,000

31 1. Pupils in a regular curriculum attending all
32 their classes in the district in which they reside
33 and taught by teachers employed by that district,
34 are assigned a weighting of one.

35 2. Pupils attending classes in another school
36 district, attending classes taught by a teacher who
37 is employed jointly under section two hundred eighty
38 point fifteen (280.15) of the Code, or attending
39 classes taught by a teacher who is employed by another
3683-40 school district, are assigned a weighting of one plus
41 one-tenth times the percent of the pupil's school
42 day during which the pupil attends classes in another
43 district, attends classes taught by a teacher who
44 is jointly employed under section two hundred eighty
45 point fifteen (280.15) of the Code, or attends classes

11 442.8 STATE COST PER PUPIL. As used in this
12 chapter, "state cost per pupil" for the school year
13 beginning July 1, 1975, and subsequent school years
14 means state cost per pupil in weighted enrollment.
15 The state cost per pupil for the school year beginning
16 July 1, 1972, is nine hundred three dollars. The
17 state cost per pupil for the school year beginning
18 on July 1, 1973, and for each succeeding school year
19 is the base year's state cost per pupil plus the
20 allowable growth for the budget year. If the state
21 percent of growth is zero, the state cost per pupil
22 shall be the same as the base year's state cost per
23 pupil.

24 However, for the budget school year beginning July
25 1, 1980, and for each subsequent even-numbered budget
26 school year the state cost per pupil for the budget
27 year shall be computed by using a recomputed state

30 the amount allocated for all area education agency
31 support costs in the state for the base year divided
32 by the weighted enrollment in the state for the base
33 year plus an amount for regular program costs per
34 pupil. The regular program cost per pupil is equal
35 to the sum of the district costs for all school
36 districts in the state for the base year less the
37 amount generated for all area education agency support
38 services, media services, and educational services
39 in the state for the base year, and less the amount

42 the weighting for shared employment of teachers, which
43 sum less deductions shall be divided by the adjusted
44 enrollment in all school districts used for the
45 calculation of district budgets for the base year.

46 For each school year subsequent to the school year
47 beginning July 1, 1975, the allowable growth added

4 NEW SECTION. ADVANCE FOR SPECIAL EDUCATION. If
5 a school district's additional enrollment because
6 of special education determined by the district on
7 the second Friday of September in the budget year
8 is greater than its additional enrollment because
9 of special education determined by the district on
10 the second Friday of September in the base year, the
11 school district is entitled to an advance from the
12 state of an amount equal to its district cost per
13 pupil for the budget year less the amount per pupil
14 for special education support services, computed as
15 a part of district cost under section four hundred
16 forty-two point seven (442.7) of the Code for the
17 budget year multiplied by the district's increase
18 in additional enrollment because of special education.

19 For the purpose of this section, a school district's
20 additional enrollment because of special education
21 is determined by multiplying the weighting for each

33 district's total state school aids available under
34 this chapter for the next following budget year by
35 the amount so determined, and shall increase the
36 district's tax levy computed under section four hundred

3 section:

4 NEW SECTION. ADVANCE FOR SPECIAL EDUCATION. If
5 a school district's additional enrollment because
6 of special education determined by the district on
7 the second Friday of September in the budget year
8 is greater than its additional enrollment because
9 of special education determined by the district on
10 the second Friday of September in the base year, the
11 school district is entitled to an advance from the
12 state of an amount equal to its district cost per
13 pupil for the budget year less the amount per pupil
14 for special education support services, computed as
15 a part of district cost under section four hundred
16 forty-two point seven (442.7) of the Code for the
17 budget year multiplied by the district's increase
18 in additional enrollment because of special education.
19 For the purpose of this section, a school district's
20 additional enrollment because of special education
21 is determined by multiplying the weighting for each
22 category of child under section two hundred eighty-
23 one point nine (281.9) of the Code times the number
24 of children in each category totaled for all categories
25 minus the actual enrollment.

26 If a district receives an advance under this section
27 for a budget year, the state comptroller shall
28 determine the amount of the advance which would have
29 been met by local property tax revenues if the
30 additional enrollment because of special education
31 in the budget year had been used for that budget year
32 in determining district cost, shall reduce the
33 district's total state school aids available under
34 this chapter for the next following budget year by
35 the amount so determined, and shall increase the
36 district's tax levy computed under section four hundred
37 forty-two point nine (442.9) of the Code, for the
38 next following budget year by the amount necessary
39 to compensate for the reduction in state aid, so that
40 the local property tax for the next following year
41 will be increased only by the amount which it would
42 have been increased in the budget year if the
43 additional enrollment because of special education
44 in the budget year could have been used to establish
45 the levy.

46 There is appropriated each year from the general
47 fund of the state the amount required to pay advances
48 authorized under this section, which shall be paid
49 to school districts in the same manner as other state

6 eight (442.8), Code 1979, is amended to read as
7 follows:

8 442.8 STATE COST PER PUPIL. As used in this
9 chapter, "state cost per pupil" for the school year
10 beginning July 1, 1975, and subsequent school years
11 means state cost per pupil in weighted enrollment.
12 The state cost per pupil for the school year beginning
13 July 1, 1972, is nine hundred three dollars. The
14 state cost per pupil for the school year beginning
15 on July 1, 1973, and for each succeeding school year
16 is the base year's state cost per pupil plus the
17 allowable growth for the budget year. If the state
18 percent of growth is zero, the state cost per pupil
19 shall be the same as the base year's state cost per
20 pupil.

21 However, for the budget school year beginning July
22 1, 1980, the state cost per pupil for the budget year
23 shall be computed by using a recomputed state cost
24 per pupil for the base year. The recomputed state
25 cost per pupil for the base year is equal to the
26 amount allocated for all area education agency support
27 costs in the state for the base year divided by the
28 weighted enrollment in the state for the base year
29 plus an amount for regular program costs per pupil.
30 The regular program cost per pupil is equal to the
31 sum of the district costs for all school districts
32 in the state for the base year less the amount
33 generated for all area education agency support
34 services, media services, and educational services
35 in the state for the base year, and less the amount
36 generated for the base year from additional enrollment
37 because of the special education weighting plan and
38 the weighting for shared employment of teachers, which
39 sum less deductions shall be divided by the adjusted
40 enrollment in all school districts used for the
41 calculation of district budgets for the base year.

42 For each school year subsequent to the school year
43 beginning July 1, 1975, the allowable growth added
44 to the state cost per pupil as otherwise computed
45 under section 442.7 shall be the basic allowable
46 growth increased by an amount equal to the average
47 of the amounts of allowable growth added for each
48 school district in the state for additional special
49 education support services needed for that year to

39 is the base year's state cost per pupil plus the
40 allowable growth for the budget year. If the state
41 percent of growth is zero, the state cost per pupil
42 shall be the same as the base year's state cost per
43 pupil.

44 However, for the budget years beginning July 1,
45 1980, July 1, 1981, July 1, 1982, and July 1, 1983,
46 the state cost per pupil shall equal the base year's
47 state cost per pupil plus the allowable growth for
48 the budget year plus an adjustment to the state cost
49 per pupil. For the budget years beginning July 1,
50 1980, July 1, 1981, July 1, 1982, and July 1, 1983,

1 the adjustment to the state cost per pupil is twenty
2 dollars per pupil, six dollars per pupil, seven dollars
3 per pupil, and eight dollars per pupil, respectively.

E

4 For each school year subsequent to the school year
5 beginning July 1, 1975, the allowable growth added
6 to the state cost per pupil as otherwise computed
7 under section 442.7 shall be the basic allowable
8 growth increased by an amount equal to the average
9 of the amounts of allowable growth added for each
10 school district in the state for additional special
11 education support services needed for that year to
12 serve newly identified children who require the
13 services, under sections 273.9, subsection 3 and
14 442.7, subsection 5, paragraph "d". The state
15 comptroller shall compute the applicable amount of
16 allowable growth to be added to the state cost per
17 pupil for each school year."

6 of special education determined by the district on
7 the second Friday of September in the budget year
8 is greater than its additional enrollment because
9 of special education determined by the district on
10 the second Friday of September in the base year, the
11 school district is entitled to an advance from the
12 state of an amount equal to its district cost per
13 pupil for the budget year less the amount per pupil
14 for special education support services, computed as
15 a part of district cost under section four hundred
16 forty-two point seven (442.7) of the Code for the
17 budget year multiplied by the district's increase
18 in additional enrollment because of special education.

40 a. If the state cost per pupil in the base year
41 minus the amount included in the state cost per pupil
42 in the base year to compensate for the cost of special
43 education support services exceeds the district cost
44 per pupil in the base year minus the amount included
45 in the district cost per pupil in the base year to
46 compensate for the cost of special education support
47 services, the basic allowable growth per pupil for
48 the budget year is modified to equal the lesser of
49 one hundred ~~twenty-five~~ ten percent of the product
50 obtained by multiplying the state percent of growth

1 for the budget year times an amount equal to the state
2 cost per pupil for the base year less the average
3 amount for special education support service costs
4 per pupil for the base year or an amount sufficient
5 to equalize the district cost per pupil in the budget
6 year, excluding the district's amount per pupil for
7 special education support service costs, with the
8 state cost per pupil in the budget year, excluding
9 the average amount per pupil for special education
10 support service costs.

11 Sec. _____. Section four hundred forty-two point
12 eight (442.8), Code 1979, is amended to read as
13 follows:

14 442.8 STATE COST PER PUPIL. As used in this
15 chapter, "state cost per pupil" for the school year
16 beginning July 1, 1975, and subsequent school years
17 means state cost per pupil in weighted enrollment.
18 The state cost per pupil for the school year beginning
19 July 1, 1972, is nine hundred three dollars. The
20 state cost per pupil for the school year beginning
21 on July 1, 1973, and for each succeeding school year
22 is the base year's state cost per pupil plus the
23 allowable growth for the budget year. If the state
24 percent of growth is zero, the state cost per pupil
25 shall be the same as the base year's state cost per
26 pupil.

27 However, for the budget years beginning July 1,
28 1980, July 1, 1981, July 1, 1982, and July 1, 1983,
29 the state cost per pupil shall equal the base year's
30 state cost per pupil plus the allowable growth for
31 the budget year plus an adjustment to the state cost
32 per pupil. For the budget years beginning July 1,
33 1980, July 1, 1981, July 1, 1982, and July 1, 1983,
34 the adjustment to the state cost per pupil is twenty
35 dollars per pupil, six dollars per pupil, seven dollars
36 per pupil, and eight dollars per pupil, respectively.

37 For each school year subsequent to the school year
38 beginning July 1, 1975, the allowable growth added
39 to the state cost per pupil as otherwise computed
40 under section 442.7 shall be the basic allowable
41 growth increased by an amount equal to the average
42 of the amounts of allowable growth added for each
43 school district in the state for additional special
44 education support services needed for that year to
45 serve newly identified children who require the
46 services, under sections 273.9, subsection 3 and
47 442.7, subsection 5, paragraph "d". The state
48 comptroller shall compute the applicable amount of
49 allowable growth to be added to the state cost per
50 pupil for each school year."

49 "Sec. ____ . Chapter four hundred forty-two (442),
50 Code 1979, is amended by adding the following new

1 section:

2 NEW SECTION. ADVANCE FOR SPECIAL EDUCATION. If
3 a school district's additional enrollment because
4 of special education determined by the district on
5 the second Friday of September in the budget year
6 is greater than its additional enrollment because
7 of special education determined by the district on
8 the second Friday of September in the base year, the
9 school district is entitled to an advance from the
10 state of an amount equal to its district cost per
11 pupil for the budget year less the amount per pupil
12 for special education support services, computed as
13 a part of district cost under section four hundred
14 forty-two point seven (442.7) of the Code for the
15 budget year multiplied by the district's increase
16 in additional enrollment because of special education.
17 The advance shall be miscellaneous income.

18 For the purpose of this section, a school district's
19 additional enrollment because of special education
20 is determined by multiplying the weighting for each
21 category of child under section two hundred eighty-
22 one point nine (281.9) of the Code times the number
23 of children in each category totaled for all categories
24 minus the actual enrollment.

25 If a district receives an advance under this section
26 for a budget year, the state comptroller shall
27 determine the amount of the advance which would have
28 been met by local property tax revenues if the
29 additional enrollment because of special education
30 in the budget year had been used for that budget year
31 in determining district cost, shall reduce the
32 district's total state school aids available under
33 this chapter for the next following budget year by
34 the amount so determined, and shall increase the
35 district's tax levy computed under section four hundred
36 forty-two point nine (442.9) of the Code, for the
37 next following budget year by the amount necessary
38 to compensate for the reduction in state aid, so that
39 the local property tax for the next following year
40 will be increased only by the amount which it would
41 have been increased in the budget year if the
42 additional enrollment because of special education
43 in the budget year could have been used to establish
44 the levy.

45 There is appropriated each year from the general
46 fund of the state the amount required to pay advances
47 authorized under this section, which shall be paid
48 to school districts in the same manner as other state
49 aids are paid under section four hundred forty-two
50 point twenty-six (442.26) of the Code."

8 which send their resident pupils to another school
9 district for classes, which jointly employ and share
10 the services of teachers under section two hundred
11 eighty point fifteen (280.15) of the Code, or which
12 use the services of a teacher employed by another
13 school district, a supplementary weighting plan for
14 determining enrollment is adopted as follows:

15 1. Pupils in a regular curriculum attending all
16 their classes in the district in which they reside
17 and taught by teachers employed by that district,
18 are assigned a weighting of one.

19 2. Pupils attending classes in another school
20 district, attending classes taught by a teacher who
21 is employed jointly under section two hundred eighty
22 point fifteen (280.15) of the Code, or attending
23 classes taught by a teacher who is employed by another
24 school district, are assigned a weighting of one plus
25 one-tenth times the percent of the pupil's school
26 day during which the pupil attends classes in another
27 district, attends classes taught by a teacher who
28 is jointly employed under section two hundred eighty
29 point fifteen (280.15) of the Code, or attends classes
30 taught by a teacher who is employed by another school
31 district.

32 3. A pupil eligible for the weighting plan provided
33 in section two hundred eighty-one point nine (281.9)
34 of the Code is not eligible for the weighting plan
35 provided in this section."

AN ACT

RELATING TO THE FINANCING OF ELEMENTARY AND SECONDARY SCHOOLS, INCLUDING COMPUTATION OF BUDGET ENROLLMENT, PROVIDING GUARANTEED BUDGET GROWTH, ESTABLISHING THE STATE COST PER PUPIL, ADDITIONAL ALLOWABLE GROWTH, AND STATE PERCENT OF GROWTH, ELIMINATING RESTRICTIONS ON USE OF ADDITIONAL ENRICHMENT MONEYS, PROVIDING A SUPPLEMENTARY WEIGHTING PLAN, CORRECTING DATES, AND STRIKING OBSOLETE SECTIONS.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF IOWA:

Section 1. Section four hundred forty-two point four (442.4), subsection one (1), unnumbered paragraph five (5), Code 1979, is amended to read as follows:

A school district shall certify its basic enrollment to the state department of public instruction by September 25 twenty-fifth of each year, and the department shall promptly forward the information to the state comptroller. For purposes of determining whether a district is entitled to an advance for increasing enrollment, ~~and for record-keeping purposes,~~ a determination of actual enrollment shall be made on the second Friday of September in the budget year ~~and the second Friday of January in the base year, in the same manner as the September basic enrollment is determined~~ by counting the pupils in the same manner and to the same extent that they are counted in determining basic enrollment, but substituting the count in the budget year for the count in the base year.

Sec. 2. Section four hundred forty-two point four (442.4), subsection two (2), paragraph a, Code 1979, is amended by striking the paragraph and inserting in lieu thereof the following:

a. For the school year beginning July 1, 1980, and each subsequent school year, the adjusted enrollment for a school district is equal to the larger of the following:

- (1) The basic enrollment for the base year.
- (2) The basic enrollment for the budget year.

If a school district uses subparagraph two (2) of this paragraph for its adjusted enrollment and the district's actual enrollment for the budget year is larger than the adjusted enrollment computed under subparagraph two (2) of this paragraph, the district may be eligible to receive an advance for increasing enrollment under section four hundred forty-two point twenty-eight (442.28) of the Code.

Sec. 3. Section four hundred forty-two point four (442.4), Code 1979, is amended by adding the following new subsections after subsection two (2):

NEW SUBSECTION. 3. For the school year beginning July 1, 1980, and each subsequent school year, budget enrollment means the sum of the following:

- a. Twenty-five percent of the basic enrollment for the school year beginning July 1, 1979.
- b. Seventy-five percent of the adjusted enrollment computed under subsection two (2), paragraph a, of this section.
- c. Adjustments made by the state comptroller under subsection four (4) of this section.

NEW SUBSECTION. 4. For the school years beginning July 1, 1980 and July 1, 1981 only, if an amount equal to the district cost per pupil for the budget year minus the amount included in the district cost per pupil for the budget year to compensate for the cost of special education support services for a school district times the budget enrollment of the school district for the budget year is less than one hundred four percent for the budget school year beginning July 1, 1980, and one hundred three percent for the budget school year beginning July 1, 1981, times an amount equal to the district cost per pupil for the base year minus the amount included in the district cost per pupil for the base year to compensate for the cost of special education support services for a school district times the adjusted enrollment

of the school district for the base year beginning July 1, 1979 or times the budget enrollment of the school district for the base year beginning July 1, 1980, the state comptroller shall increase the budget enrollment for the school district for the budget year to a number which will provide that one hundred four percent amount for the budget school year beginning July 1, 1980, and that one hundred three percent amount for the budget school year beginning July 1, 1981.

Sec. 4. Section four hundred forty-two point four (442.4), subsection three (3), Code 1979, is amended to read as follows:

3 5. Weighted For the school year beginning July 1, 1980, and each subsequent school year, weighted enrollment is the adjusted budget enrollment as modified by application of the special education weighting plan in section 281.9 and the supplementary weighting plan in chapter four hundred forty-two (442) of the Code.

Sec. 5. Section four hundred forty-two point five (442.5), subsection one (1), paragraph a, Code 1979, is amended to read as follows:

a. "Miscellaneous income" means all receipts deposited to the general fund of a school district which are not obtained from state aid provided under section 442.1 ~~or 442.11~~ or from property tax authorized under section 442.2 or 442.9. Miscellaneous income includes property tax levied under the provisions of section 613A.7, to fund the costs of tort liability insurance for the school district.

Sec. 6. Section four hundred forty-two point seven (442.7), subsection one (1), paragraph a, Code 1979, is amended by striking the paragraph and inserting in lieu thereof the following:

a. The difference in the receipts of state general fund revenues computed or estimated as follows:

(1) The percentage of change between the revenues received during the year preceding the base year and the revenues received during the base year.

(2) The percentage of change between the revenues received during the base year and the revenues received during the budget year.

Sec. 7. Section four hundred forty-two point seven (442.7), subsection one (1), paragraph b, Code 1979, is amended by striking the paragraph and inserting in lieu thereof the following:

b. The difference in the consumer price index published by the bureau of labor statistics, United States department of labor, computed or estimated as a percentage of change for the following:

(1) From the index for January eighteen months prior to the beginning of the base year to the index for January six months prior to the beginning of the base year.

(2) From the index for January six months prior to the beginning of the base year to the index for January six months prior to the beginning of the budget year.

Sec. 8. Section four hundred forty-two point seven (442.7), Code 1979, is amended by adding the following new subsection after subsection one (1):

NEW SUBSECTION. Notwithstanding subsection one (1) of this section, for the school years beginning July 1, 1980, July 1, 1981, and July 1, 1982 only, the state percent of growth is the average of the two percentages of growth computed under subsection one (1), paragraph b, of this section.

Sec. 9. Section four hundred forty-two point seven (442.7), subsection three (3), Code 1979, is amended to read as follows:

3. Each year prior to September ~~15~~ fifteenth the state comptroller shall recompute the state percent of growth for the previous year using adjusted estimates and the actual figures available. The difference between the recomputed state percent of growth for the base year and the original computation shall be added to or subtracted from the state percent of growth for the budget year, as applicable. However, for the budget school years beginning July 1, 1980, July 1,

1981, and July 1, 1982 the state comptroller shall recompute the state percent of growth for the previous year using adjusted estimates and the actual figures available based only upon the consumer price index.

Sec. 10. Section four hundred forty-two point seven (442.7), subsection five (5), paragraph a, Code 1979, is amended to read as follows:

a. If the state cost per pupil in the base year minus the amount included in the state cost per pupil in the base year to compensate for the cost of special education support services exceeds the district cost per pupil in the base year minus the amount included in the district cost per pupil in the base year to compensate for the cost of special education support services, the basic allowable growth per pupil for the budget year is modified to equal the lesser of one hundred ~~twenty-five~~ ten percent of the product obtained by multiplying the state percent of growth for the budget year times an amount equal to the state cost per pupil for the base year less the average amount for special education support service costs per pupil for the base year or an amount sufficient to equalize the district cost per pupil in the budget year, excluding the district's amount per pupil for special education support service costs, with the state cost per pupil in the budget year, excluding the average amount per pupil for special education support service costs.

Sec. 11. Section four hundred forty-two point eight (442.8), Code 1979, is amended to read as follows:

442.8 STATE COST PER PUPIL. As used in this chapter, "state cost per pupil" for the school year beginning July 1, 1975, and subsequent school years means state cost per pupil in weighted enrollment. The state cost per pupil for the school year beginning July 1, 1972, is nine hundred three dollars. The state cost per pupil for the school year beginning on July 1, 1973, and for each succeeding school year is the base year's state cost per pupil plus the allowable

growth for the budget year. If the state percent of growth is zero, the state cost per pupil shall be the same as the base year's state cost per pupil.

However, for the budget years beginning July 1, 1980, July 1, 1981, July 1, 1982, and July 1, 1983, the state cost per pupil shall equal the base year's state cost per pupil plus the allowable growth for the budget year plus an adjustment to the state cost per pupil. For the budget years beginning July 1, 1980, July 1, 1981, July 1, 1982, and July 1, 1983, the adjustment to the state cost per pupil is twenty dollars per pupil, six dollars per pupil, seven dollars per pupil, and eight dollars per pupil, respectively.

For each school year subsequent to the school year beginning July 1, 1975, the allowable growth added to the state cost per pupil as otherwise computed under section 442.7 shall be the basic allowable growth increased by an amount equal to the average of the amounts of allowable growth added for each school district in the state for additional special education support services needed for that year to serve newly identified children who require the services, under sections 273.9, subsection 3 and 442.7, subsection 5, paragraph "d". The state comptroller shall compute the applicable amount of allowable growth to be added to the state cost per pupil for each school year.

Sec. 12. Section four hundred forty-two point fourteen (442.14), subsection one (1), Code 1979, is amended to read as follows:

1. For the budget year beginning July 1, ~~1979~~ 1980, and each succeeding school year, if a school board wishes to spend more than the amount permitted under sections 442.1 to 442.13, and the school board has not attempted by resolution to raise an additional enrichment amount for that budget year, the school board may raise an additional enrichment amount not to exceed ten percent of the state cost per pupil multiplied by the adjusted budget enrollment in the district, as provided

in this section. ~~However, the additional enrichment amount may be used only for educational research, curriculum maintenance or development, or innovative programs.~~

Sec. 13. Section four hundred forty-two point fifteen (442.15), unnumbered paragraph one (1), Code 1979, is amended to read as follows:

If a majority of those voting in an election approves raising the additional enrichment amount under section 442.14 and this section, the board shall certify to the state comptroller that the required procedures have been carried out, and the state comptroller shall establish the amount of additional enrichment property tax to be levied and the amount of school district income surtax to be imposed for each school year for which the additional enrichment amount is authorized. The state comptroller shall determine these amounts based upon the most recent figures available for the district's valuation of taxable property, individual state income tax paid, and ~~adjusted~~ budget enrollment in the district, and shall certify to the district's county auditor the amount of enrichment property tax, and to the director of revenue the amount of school district income surtax to be imposed.

Sec. 14. Section four hundred forty-two point twenty-seven (442.27), subsection nine (9), Code 1979, is amended to read as follows:

9. "Enrollment served" means the basic enrollment plus the number of nonpublic school pupils served with media services or educational services, as applicable, except that if a nonpublic school pupil receives services through an area other than the area of the pupil's residence, the pupil shall be deemed to be served by the area of ~~his~~ the pupil's residence, which shall by contractual arrangement reimburse the area through which the pupil actually receives services. For the budget year beginning July 1, 1975, the total number of nonpublic pupils served by each area education agency and the number of nonpublic school pupils residing within each

school district in the area to be served by the area education agency for media and educational services shall be submitted by the department of public instruction as approved by the state board to the state comptroller within one week after this Act is duly published. For school years subsequent to the school year beginning July 1, ~~1975~~ 1979, each school district shall include in the second Friday in ~~January~~ September enrollment report the number of nonpublic school pupils within each school district for media and educational services served by the area.

Sec. 15. Section four hundred forty-two point twenty-six (442.26), unnumbered paragraph two (2), Code 1979, is amended to read as follows:

All state aids paid under this chapter unless otherwise stated, shall be paid in installments due on or about September ~~15~~ fifteenth, December ~~15~~ fifteenth, March ~~15~~ fifteenth, and May ~~15~~ fifteenth of each year, and the installments shall be as nearly equal as possible as determined by the state comptroller, taking into consideration the relative budget and cash position of the state resources. However, the state aids paid to school districts under section four hundred forty-two point twenty-eight (442.28) of the Code shall be paid in installments due on or about December fifteenth, March fifteenth, and May fifteenth of each year.

Sec. 16. Section four hundred forty-two point twenty-eight (442.28), unnumbered paragraphs one (1) and two (2), Code 1979, are amended to read as follows:

If a district's weighted actual enrollment on the second Friday of September in for the budget year, determined in the same manner as the September weighted enrollment is determined under section 442.4, is higher than its weighted budget enrollment on the second Friday of September in the base year for the budget year, the district is entitled to an advance from the state of an amount equal to its district cost per pupil less the amount per pupil for special education

support services, ~~media-services-and-other-services~~ computed as a part of district cost under the provisions of section 442.7 ~~and-section-442-27~~ for the budget year multiplied by ~~its-increase-in-weighted-enrollment~~ the difference between the actual enrollment for the budget year and the budget enrollment for the budget year. The advance shall be miscellaneous income.

If a district receives an advance under this section for a budget year, the state comptroller shall determine the amount of the advance which would have been met by local property tax revenues if the ~~September-weighted~~ actual enrollment for the budget year had been used in determining district cost for that budget year, ~~less-the-amount-of-the adjustment-to-the-district-cost-for-increases-in-the-weighted enrollment-made-in-the-first-paragraph-in-this-section,~~ shall reduce the district's total state school aids available under this chapter for the next following budget year by the amount so determined, and shall increase the district's tax levy computed under section 442.9, for the next following budget year by the amount necessary to compensate for the reduction in state aid, so that the local property tax for the next following year will be increased only by the amount which it would have been increased in the budget year if the ~~September-weighted~~ actual enrollment could have been used to establish the levy ~~less-the-amount-of-the-adjustment-to the-district-cost-for-increases-in-the-weighted-enrollment made-in-the-first-paragraph-in-this-section.~~

Sec. 17. Chapter four hundred forty-two (442), Code 1979, is amended by adding the following new section:

NEW SECTION. ADVANCE FOR SPECIAL EDUCATION. If a school district's additional enrollment because of special education determined by the district on the second Friday of September in the budget year is greater than its additional enrollment because of special education determined by the district on the second Friday of September in the base year, the school

district is entitled to an advance from the state of an amount equal to its district cost per pupil for the budget year less the amount per pupil for special education support services, computed as a part of district cost under section four hundred forty-two point seven (442.7) of the Code for the budget year multiplied by the district's increase in additional enrollment because of special education. The advance shall be miscellaneous income.

For the purpose of this section, a school district's additional enrollment because of special education is determined by multiplying the weighting for each category of child under section two hundred eighty-one point nine (281.9) of the Code times the number of children in each category totaled for all categories minus the actual enrollment.

If a district receives an advance under this section for a budget year, the state comptroller shall determine the amount of the advance which would have been met by local property tax revenues if the additional enrollment because of special education in the budget year had been used for that budget year in determining district cost, shall reduce the district's total state school aids available under this chapter for the next following budget year by the amount so determined, and shall increase the district's tax levy computed under section four hundred forty-two point nine (442.9) of the Code, for the next following budget year by the amount necessary to compensate for the reduction in state aid, so that the local property tax for the next following year will be increased only by the amount which it would have been increased in the budget year if the additional enrollment because of special education in the budget year could have been used to establish the levy.

There is appropriated each year from the general fund of the state the amount required to pay advances authorized under this section, which shall be paid to school districts in the

same manner as other state aids are paid under section four hundred forty-two point twenty-six (442.26) of the Code.

Sec. 18. Chapter four hundred forty-two (442), Code 1979, is amended by adding the following new section:

NEW SECTION. SUPPLEMENTARY WEIGHTING PLAN. In order to provide additional funds for school districts which send their resident pupils to another school district for classes, which jointly employ and share the services of teachers under section two hundred eighty point fifteen (280.15) of the Code, or which use the services of a teacher employed by another school district, a supplementary weighting plan for determining enrollment is adopted as follows:

1. Pupils in a regular curriculum attending all their classes in the district in which they reside and taught by teachers employed by that district, are assigned a weighting of one.

2. Pupils attending classes in another school district, attending classes taught by a teacher who is employed jointly under section two hundred eighty point fifteen (280.15) of the Code, or attending classes taught by a teacher who is employed by another school district, are assigned a weighting of one plus one-tenth times the percent of the pupil's school day during which the pupil attends classes in another district, attends classes taught by a teacher who is jointly employed under section two hundred eighty point fifteen (280.15) of the Code, or attends classes taught by a teacher who is employed by another school district.

3. A pupil eligible for the weighting plan provided in section two hundred eighty-one point nine (281.9) of the Code is not eligible for the weighting plan provided in this section.

Sec. 19. Section four hundred forty-two point twenty-five (442.25), Code 1979, is repealed.

Sec. 20. It is the intent of the general assembly that the department of public instruction obtain information on

the secretary's annual reports filed by each school corporation listing the costs for each school year of heat, fuel, and light.

Sec. 21. This Act is effective July 1, 1979 for the school year beginning July 1, 1980. This Act shall not affect the computation and payment of state aid and levying of property taxes under the state school foundation program for the school year beginning July 1, 1979.
