1 WHEREAS, efforts have been initiated in the legislatures
2 of Nebraska, Missouri, and Kansas to establish a compact
3 between those states and this state for the purpose of
4 promoting barge traffic on the Missouri river as it flows
5 between and within those states; and

6 WHEREAS, the general assembly of this state desires to
7 support the efforts to establish the compact; NOW THEREFORE,

8 BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF IOWA:

9 That the governor is requested to negotiate on behalf of the
10 state of Iowa with the states of Nebraska, Missouri, and
11 Kansas, and present a compact with those states to the next
12 general assembly in form substantially as follows:

13 ARTICLE I

14 The purposes of this compact are to provide for planning
15 for the most efficient use of the waters of the segment of
16 the Missouri river below Sioux City, Iowa, to increase the
17 amount of barge traffic on that segment of the Missouri river
18 which flows between and within the compact states, to take
19 necessary steps to develop that segment of the Missouri river
20 and its banks to handle more barge traffic than is presently
21 handled, to encourage the use of barges on that segment of
22 the Missouri river for transporting bulk goods, especially
23 farm commodities, and to promote joint action between the
24 compact parties to accomplish these purposes.

25 ARTICLE II

26 It is the responsibility of the four states to accomplish
27 the purposes in article I through the official in each state
28 who is charged with the duty of administering the public
29 waters and to collect and correlate through those officials
30 the data necessary for the proper administration of the
31 compact. Those officials may, by unanimous action, adopt
32 rules and regulations to accomplish the purposes of this
33 compact.

34 ARTICLE III

35 The states of Iowa, Missouri, Kansas, and Nebraska agree

1 that within a reasonable time they shall fulfill the
2 obligations of this compact and that each shall authorize
3 the proper official or agency in its state to take the
4 necessary steps to promote the use of barges and develop the
5 Missouri river as if flows between and within the compact
6 states for greater amounts of barge traffic.

7
ARTICLE IV

8 This compact does not limit the powers granted in any other
9 act to enter into interstate or other agreements relating
10 to the Missouri river flowing between and within the compact
11 states, alter the relations between the respective internal
12 responsibilities of the government of a party state and its
13 subdivisions, or impair or affect any rights, powers, or
14 jurisdiction of the United States, or those acting by or under
15 its authority, in, over, and to those waters of the Missouri
16 river. The adoption of this compact by the general assembly
17 shall not require the state of Iowa to adopt any legislation
18 or to appropriate funds for its implementation.

19
ARTICLE V

20 Unless this compact is entered into on or before July 1,
21 1982, the governor shall take no further action to secure
22 the compact.

23
EXPLANATION

24 This joint resolution requests the governor to negotiate
25 a compact with Kansas, Missouri, and Nebraska to promote barge
