Amendment H-6181

REQUESTED BY REPRESENTATIVE HALVORSON of Clayton

In compliance with a written request received April 9, 1984, there is hereby submitted a Fiscal Note for Amendment H-6181 to HOUSE FILE 2519 pursuant to Joint Rule 17. Background information used in developing this Fiscal Note is available from the Legislative Fiscal Bureau, to members of the General Assembly upon request.

Amendment H-6181 to House File 2519 strikes the area schools authority to levy three cents per thousand dollars assessed valuation for equipment replacement and inserts intent language that the general assembly appropriate funds to the area schools on the basis of need for equipment replacement.

Presently, the levy could generate \$1.9 million for equipment replacement from property tax. This would be eliminated for FY 1986. The area schools requested a FY 1985 appropriation of \$1.85 million for equipment replacement. If this request is a reflection of need, there would need be appropriated \$1.85 million for FY 1986.

STATE CAPITOL

TERRY E. BRANSTAD  
GOVERNOR

May 18, 1984

The Honorable Mary Jane Odell  
Secretary of State  
State Capitol Building  
L O C A L

Dear Madam Secretary:

I hereby transmit House File 2519, an act relating to and making appropriations to agencies, institutions, commissions, departments, and boards responsible for education programs for the state.

House File 2519 is approved May 18, 1984, with the following exceptions which I hereby disapprove.

I am unable to approve the item designated in the act as Section 12, which reads as follows:

Sec. 12. The state board of regents is directed to expend not less than one hundred thousand (100,000) dollars of funds received from the sale of negotiable revenue bonds under Senate Concurrent Resolution 13, by the Seventieth General Assembly, 1983 Session, and allocated by the state board of regents to the university of northern Iowa for communication arts center construction and equipment, for renovation of the old administration building at the university of northern Iowa. Other funds available to the state board of regents for construction and renovation purposes may be expended for renovation of the old administration building.

Section 12 requires that the board of regents use \$100,000 of funds received from the sale of bonds authorized last year for the renovation of the Old Administration building at the University of Northern Iowa. Renovation of the Old Administration building was not included in the list of projects originally

authorized by the bonding resolution, Senate Concurrent Resolution 13. All bonds for the Communication Arts Center have been issued. A diversion of revenue to the Old Administration remodeling project would violate the terms of the bond issuance agreement. Such violation could be construed as impairing the obligation of contract, which action is denied in Article I, Section 10 of the Constitution of the United States.

I am unable to approve the item designated in the act as Section 13, which reads as follows:

Sec. 13. 1983 Iowa Acts, chapter 195, section 17, is amended to read as follows:

SEC. 17. There is appropriated from the general fund of the state to the state comptroller for the fiscal year beginning July 1, 1983 and ending June 30, 1984, the sum of two hundred fifty thousand (250,000) dollars, or so much thereof as is necessary to pay costs for the purchase of fuel and electricity which exceed the amounts appropriated to the various state agencies, or allocated by the state board of regents to institutions under its control, from the general fund for the purchase of fuel and electricity. The funds or any portion of the funds shall not be allocated to a state agency, or institution under the control of the state board of regents, unless the state comptroller determines the agency's costs for the purchase of fuel and electricity exceed the amounts appropriated or allocated for the fiscal year beginning July 1, 1983 and the agency or institution is either developing an energy conservation plan in consultation with the energy policy council, or is implementing, or has implemented, an energy conservation plan which has been approved by the energy policy council and the state comptroller determines that other money is not available to the agency or institution for fuel or electricity purposes. However, not more than one hundred thousand (100,000) dollars of the funds appropriated in this section shall be used by the state comptroller to pay costs for the purchase of fuel and electricity which exceed the amounts allocated by the state board of regents to institutions under its control for the purchase of fuel and electricity.

Mary Jane Odell  
May 18, 1984

Section 13 amends chapter 195, section 17 of the Acts of 1983 to allow the institutions under the control of the State Board of Regents to separately apply for fuel contingency funds.

As in the past the legislature made a lump sum appropriation to the Board of Regents for the purchase of fuel and electricity for 1983-84 for all the institutions. The board is authorized to distribute these funds among the institutions as is necessary to meet the various institutions' needs.

The contingency fund appropriation made last year was intended to offset any shortfall in the appropriation for fuel and electricity. Information obtained by the State Comptroller's Office indicates that the total amount of the appropriation is adequate to meet the requirements of all the Regent Institutions. Therefore the fuel deficit at any one institution could be met by reallocating fuel and electricity funds from the institutions which received allocations in excess of their needs. Since adequate funds are available within the overall appropriation for that purpose, and due to the state's difficult financial position, chapter 195, section 17 should remain as originally intended.

I am unable to approve the item designated in the act as Section 22, which reads as follows:

Sec. 22. This Act, being deemed of immediate importance, takes effect from and after its publication in The Record-Herald & Indianola Tribune, a newspaper published in Indianola, Iowa, and in the Ottumwa Courier, a newspaper published in Ottumwa, Iowa. However, sections 1 through 12 and 14 through 21 of this Act take effect July 1, 1984. Section 13 takes effect upon publication.

Section 22 is the enacting clause which would make Section 13 effective immediately. With disapproval of Section 13 this publication clause is no longer needed.

For the above reasons, I hereby disapprove these items in accordance with amendment 4 of the amendments of 1968 to the Constitution of the State of Iowa. All other items in House File 2519 are hereby approved as of this date.

Sincerely,
