S. 2361

1 DIVISION I

2 Section 1. NEW SECTION. 260A.1 EDUCATIONAL EXCELLENCE  
3 PROGRAM. The Iowa educational excellence program is  
4 established and it includes Iowa educational excellence  
5 incentive awards to be granted in the manner provided in this  
6 chapter.

7 Sec. 2. NEW SECTION. 260A.2 EDUCATIONAL IMPROVEMENT  
8 PROJECTS. The board of directors of a school district may  
9 make application by November 1 of a school year to the  
10 department of public instruction for funding for an educational  
11 improvement project to be carried out in the school district  
12 during the next following school year. The board of directors  
13 may apply for an educational excellence incentive award or  
14 for additional allowable growth, or both, to fund the project.

15 An educational improvement project is a project that has  
16 not been implemented, requires additional funding for  
17 implementation that the district cannot provide, is designed  
18 to achieve academic excellence, and has general application  
19 in other school districts throughout the state. The project  
20 may relate to curriculum, instructional practices, expansion  
21 of educational program or staff development.

22 The application shall include the goals and objectives  
23 of the project, staff utilization plans, evaluation criteria  
24 and procedures, the program budget, and other factors the  
25 department deems necessary. The board also shall include  
26 in its application the process used in the school district  
27 to involve parents, teachers, administrators, and students  
28 in the planning and development of the project.

29 The total cost of a project shall not exceed one percent  
30 of the district cost per pupil of the school district for  
31 the budget year multiplied by the budget enrollment of the  
32 school district for the budget year or five thousand dollars,  
33 whichever is greater.

34 The department of public instruction shall review the  
35 project applications and shall prior to February 15 of that

1 school year send written notification of approval to the  
2 school district proposing the project and the state comptroller  
3 and school budget review committee. The written notification  
4 shall include notification whether a district has been granted  
5 an educational excellence incentive award by the department.

6 Sec. 3. NEW SECTION. 260A.3 FUNDING. A project that  
7 has been approved by the department of public instruction  
8 shall be funded one-fourth or more from the district cost  
9 of the school district and up to three-fourths by an increase  
10 in allowable growth as defined in section 442.7 or by an  
11 educational excellence incentive award granted by the  
12 department of public instruction under section 260A.4, or  
13 both.

14 Annually, the state comptroller shall establish a modified  
15 allowable growth for each school district having an approved  
16 project for which additional allowable growth is required  
17 to fund the project. The modified allowable growth shall  
18 be equal to the difference between the approved budget for  
19 the project for that district and the sum of the amount funded  
20 from the district cost of the district plus funds received  
21 from the educational excellence incentive award if an award  
22 has been granted to that district.

23 Sec. 4. NEW SECTION. 260A.4 AWARDS. Annually, the  
24 department of public instruction shall select from among the  
25 school districts with approved educational improvement projects  
26 and shall approve the distribution of educational excellence  
27 incentive awards to school districts. An award is equal to  
28 five thousand dollars, and the department shall make payment  
29 to school districts from funds appropriated by the general  
30 assembly for that purpose.

31 Sec. 5. NEW SECTION. 260A.5 REPORT REQUIRED. Not later  
32 than August 15 of the school year following the school year  
33 in which an educational improvement project has been carried  
34 out, the board of directors of the school district carrying  
35 out the project shall file a report with the department of

1 public instruction describing the manner in which the project  
2 was carried out, the results of the project, and moneys ex-  
3 pended for the project.

4 If a project was not carried out, or if the cost of carrying  
5 out a project was less than the amount approved for the  
6 project, the department of public instruction shall notify  
7 the state comptroller. The state comptroller shall determine  
8 for a project the amount not expended that was additional  
9 allowable growth and the amount not expended that was from  
10 the educational excellence incentive award, and shall reduce  
11 the district's tax levy computed under section 442.9 for the  
12 next following budget year to reduce the anticipated receipts  
13 from the tax levy by the amount of additional allowable growth  
14 not expended and the district's total state school aids  
15 available under chapter 442 for the next following budget  
16 year by the amount of the award not expended.

17 Sec. 6. NEW SECTION. 260A.6 RULES. The state board  
18 of public instruction shall adopt rules under chapter 17A  
19 to implement this chapter.

20 Sec. 7. Section 442.9, subsection 1, paragraph a, Code  
21 Supplement 1983, is amended to read as follows:

22 a. As used in this chapter, "district cost per pupil"  
23 for the school year beginning July 1, 1975, and subsequent  
24 school years means district cost per pupil in weighted  
25 enrollment. The district cost per pupil for the budget year  
26 is equal to the district cost per pupil for the base year  
27 plus the allowable growth. However, district cost per pupil  
28 does not include additional allowable growth added for programs  
29 for gifted and talented children, and for programs for  
30 returning dropouts, and for educational improvement projects,  
31 under this chapter or for school districts that have a negative  
32 balance of funds raised for special education instruction  
33 programs under section 442.13, subsection 14, paragraph "b",  
34 and does not include additional allowable growth established  
35 by the school budget review committee for a single school

1 1985, the sum of one million five hundred thousand (1,500,000)  
2 dollars, or so much thereof as may be necessary, to be used  
3 for the following purposes:

1984-1985  
Fiscal Year

1. UNIVERSITY OF IOWA

For salaries, support, maintenance, and miscellaneous purposes ..... \$ 700,000

2. IOWA STATE UNIVERSITY

For salaries, support, maintenance, and miscellaneous purposes ..... \$ 500,000

3. UNIVERSITY OF NORTHERN IOWA

For salaries, support, maintenance, and miscellaneous purposes ..... \$ 300,000

DIVISION V

Section 13. NEW SECTION. 266.31 CENTER ESTABLISHED--

DIRECTOR--ASSISTANTS--SALARIES. The state board of regents shall maintain at Ames, in connection with the agricultural experiment station at Iowa state university of science and technology, a meat export research center. The center shall research technological, economic, and other factors involved in improving the performance of Iowa products in the meat export market with emphasis on the manufacture of value added meat products. The objectives of the center are:

1. To develop innovative meat processing technology to expand and support the export of meat products from Iowa;
2. To provide information to assist in assessing demand characteristics of international and domestic markets for meat and manufactured meat products;
3. To evaluate alternatives to help decision makers develop public policy concerning international and domestic trade in commodities resulting from livestock production and manufacturing of animal products;
4. To provide a center to enhance the exchange of information relative to technology, policy considerations

1 and strategy supporting the export of animal products.

2 The president of the university shall appoint the director  
3 of the center and assistants as are deemed necessary to carry  
4 on the work of the center. The president shall fix the  
5 salaries of the director and assistants with the approval  
6 of the board.

7 Sec. 14. NEW SECTION. 266.32 ACCEPTANCE OF PRIVATE  
8 FUNDS. The state board of regents may accept grants of money  
9 from private sources for use in maintaining the meat export  
10 research center.

11 Sec. 15. There is appropriated from the general fund of  
12 the state to the state board of regents for the fiscal year  
13 beginning July 1, 1984, and ending June 30, 1985, the sum  
14 of two hundred fifty thousand (250,000) dollars to be used  
15 to establish and maintain at Ames in connection with Iowa  
16 state university of science and technology, the meat export  
17 research center.

18

#### DIVISION VI

19 Sec. 16. NEW SECTION. 266.33 The Iowa agricultural ex-  
20 periment station at Iowa state university of science and  
21 technology shall conduct horticultural research to identify  
22 and improve fruits and vegetables which can be effectively  
23 grown in Iowa to provide more diversity for Iowa agriculture.  
24 The experiment station shall investigate production, marketing,  
25 and management techniques, adaptability, and horticultural  
26 potential of the fruits and vegetables for both processing  
27 and for fresh market sale.

28 Sec. 17. There is appropriated from the general fund of  
29 the state to the state board of regents for the fiscal year  
30 beginning July 1, 1984, and ending June 30, 1985, the following  
31 amounts, or so much thereof as is necessary, to be used for  
32 the purpose designated in section 266.33:

33 1. For the acquisition of a  
34 building, necessary equipment,  
35 and operation expenses at the

1 Muscatine Island research sta-  
2 tion ..... \$ 72,090

3 2. For the establishment of  
4 and equipment, operation, and  
5 personnel of a new research  
6 center in western Iowa ..... \$ 100,000

7 Sec. 18. NEW SECTION. 266.34 The Iowa cooperative  
8 extension service in agriculture and home economics shall  
9 employ a state extension fruit specialist to provide leader-  
10 ship in the development of a broader array of educational  
11 materials and field staff training. The materials on training  
12 should provide, in popular and practical terms, the available  
13 research at Iowa state university of science and technology  
14 and elsewhere that will enable area and county extension  
15 service to expand their efforts with existing and potential  
16 fruit growers for marketing in or outside of this state.

17 Sec. 19. There is appropriated from the general fund of  
18 the state to the state board of regents for the fiscal year  
19 beginning July 1, 1984, and ending June 30, 1985, forty-five  
20 thousand (45,000) dollars, or so much thereof as is necessary  
21 to be used for salaries and operating expenses within the  
22 cooperative extension service for the purpose designated in  
23 section 266.34.

24 Sec. 20. There is appropriated from the general fund of  
25 the state to the Iowa department of agriculture for the fiscal  
26 year beginning July 1, 1984, and ending June 30, 1985, the  
27 sum of fifty thousand (50,000) dollars to be used to hire  
28 a horticultural marketing specialist and support staff in  
29 order to develop programs which will assist the horticultural  
30 industry in Iowa, which programs shall include, but are not  
31 limited to:

32 1. Statewide marketing plans for commercial horticultural  
33 products and crops.

34 2. Development of cooperatives for packaging and storing  
35 fresh produce.

1 3. Assessment of temporary and permanent market potential  
2 in metropolitan areas.

3 4. Establishment of an electronic marketing program for  
4 horticultural crops.

5 Sec. 21. NEW SECTION. 266.35 The agricultural experiment  
6 station at Iowa state university of science and technology  
7 shall conduct research to identify crops, other than corn  
8 and soybeans, which can be effectively grown in Iowa either  
9 alone or in multiple cropping schemes to provide more diversity  
10 for Iowa agriculture. The experiment station shall investigate  
11 production and management techniques, adaptability, feasibility,  
12 marketability, and agronomic potential of the alternate crops.

13 Sec. 22. There is appropriated from the general fund of  
14 the state to the state board of regents for the fiscal year  
15 beginning July 1, 1984 and ending June 30, 1985, the sum of  
16 twenty-two thousand (22,000) dollars to be used by the  
17 agricultural experiment station at Iowa state university of  
18 science and technology for the research required by section  
19 266.35.

20 DIVISION VII

21 Sec. 23. There is appropriated from the general fund of  
22 the state for the fiscal year beginning July 1, 1984 and  
23 ending June 30, 1985, to the state board of regents, the sum  
24 of seven hundred twenty-five thousand (725,000) dollars, or  
25 so much thereof as necessary, for allocation by the state  
26 board of regents to the state university of Iowa, the Iowa  
27 state university of science and technology, and the Iowa  
28 braille and sight-saving school to undertake the following  
29 capital projects:

- 30 1. STATE UNIVERSITY OF IOWA  
31 Fire safety deficiency corrections.  
32 2. IOWA STATE UNIVERSITY OF SCIENCE AND TECHNOLOGY  
33 a. Fire safety deficiency corrections.  
34 b. Planning for phase 2 of the college of education  
35 building.

1 c. Planning for the home economics building.  
 2 3. IOWA BRAILLE AND SIGHT-SAVING SCHOOL  
 3 Utility system master plan and other campus improvements.  
 4 Sec. 24. There is appropriated from the general fund of  
 5 the state to the following state agencies for the fiscal year  
 6 beginning July 1, 1984, and ending June 30, 1985, the following  
 7 amounts, or so much as may be necessary, to be used in the  
 8 manner designated:

	1984-1985 <u>Fiscal Year</u>
9	
10	
11 1. COMMISSION FOR THE BLIND	
12 a. Major overhaul of the ab-	
13 sorption system .....	\$ 1,260
14 b. For rebuilding of the cooling	
15 tower .....	\$ 840
16 2. DEPARTMENT OF GENERAL SER-	
17 VICES	
18 a. For the payment of state	
19 house renovation costs .....	\$ 750,000
20 b. For the acquisitions of	
21 land surrounding the capitol com-	
22 plex as it becomes available .....	\$ 157,000
23 c. For the renovation and re-	
24 modeling of the third floor of	
25 the Robert Lucas building .....	\$ 665,000
26 d. For repair to the Wallace	
27 state office building .....	\$ 60,000
28 e. For emergency major repairs	
29 or replacements of equipment, roofs	
30 or windows .....	\$ 45,000
31 f. For repair of the roof of	
32 the vehicle dispatcher building	
33 and the repair of the roof of the	
34 micrographics building .....	\$ 90,000
35 g. For the installation of in-	

1	dividual water heaters in capitol		
2	complex buildings .....	\$	61,600
3	h. For replacement of the in-		
4	candescent lamps in the upper por-		
5	tions of the capitol .....	\$	5,250
6	i. For automation of the north		
7	capitol elevator .....	\$	13,500
8	3. IOWA STATE HISTORICAL DE-		
9	PARTMENT		
10	a. For repair of the roof and		
11	dome of the state historical build-		
12	ing .....	\$	305,000
13	b. For construction of a handi-		
14	capped entrance to the centennial		
15	building in Iowa City .....	\$	13,000
16	c. For the renovation of rest-		
17	room and drinking facilities in the		
18	state historical building to make		
19	them accessible to handicapped per-		
20	sons .....	\$	10,000
21	d. For construction of a handi-		
22	capped entrance ramp to the state		
23	historical building .....	\$	5,000
24	e. For the purchase of property		
25	adjacent to the gravesite at Gardner		
26	cabin .....	\$	30,000
27	4. STATE CONSERVATION COMMISSION		
28	a. For Swan lake restoration .....	\$	95,000
29	b. For construction, replace-		
30	ment, development and alterations		
31	to state parks and preserves, state		
32	forest facilities and state waters		
33	including artificial lake develop-		
34	ment; shoreline erosion and silta-		
35	tion control; river, stream and		

1 lake access; and engineering and  
2 planning services or to supplement  
3 any prior appropriation for such  
4 purposes ..... \$ 581,500

5 5. TREASURER OF STATE  
6 For the purchase of an invest-  
7 ment machine and system ..... \$ 100,000

8 6. ENERGY POLICY COUNCIL  
9 For an energy management pro-  
10 gram for state-owned and rented  
11 buildings ..... \$ 500,000

12 7. STATE FAIR BOARD  
13 For roofing of the pavilion  
14 and cattle barn and major over-  
15 haul of the electrical system ..... \$ 240,000

16 8. DEPARTMENT OF PUBLIC DE-  
17 FENSE  
18 For building an armory in  
19 Clinton ..... \$ 388,000

20 Notwithstanding section 29A.57 the proceeds from the sale  
21 of the armory in Dubuque shall revert to the general fund  
22 of the state and not to the national guard facilities  
23 improvement fund.

24 9. DEPARTMENT OF PUBLIC SAFETY  
25 To purchase land and erect new  
26 tower at Cedar Falls ..... \$ 70,000

27 Sec. 25. Notwithstanding section 8.33, unobligated or  
28 unencumbered funds appropriated under sections 23 and 24 of  
29 this Act shall remain available for expenditure during the  
30 fiscal year beginning July 1, 1985 and those funds remaining  
31 as of June 30, 1986 shall revert to the general fund of the  
32 state on September 30, 1986.

33 Sec. 26. This Act, being deemed of immediate importance,  
34 shall take effect as provided in this section from and after  
35 its publication in the Oskaloosa Daily Herald, a newspaper

1 published in Oskaloosa, Iowa, and in the Diamond Trail News,  
2 a newspaper published in Sully, Iowa. Section 24, subsection  
3 2, paragraph "a", of this Act appropriating funds to the  
4 department of general services for payment of state house  
5 renovation costs shall take effect upon publication and become  
6 available for expenditure upon that date notwithstanding any  
7 contrary provision of that section. All other provisions  
8 of this Act shall take effect July 1 following enactment.

9

## EXPLANATION

10 The bill establishes the Iowa educational excellence  
11 program. It allows school districts to apply to the department  
12 of public instruction for approval for an educational  
13 improvement project. The project would be funded from district  
14 moneys, and additional allowable growth, and the department  
15 may award an educational excellence incentive grant of up  
16 to \$5,000 to help fund the project.

17 Funds are appropriated for the next fiscal year to fund  
18 these awards and to fund increases in the appropriations for  
19 supplemental grants, and tuition grants. It also appropriates  
20 money for equipment replacement for area schools and to the  
21 state board of regents for its institutions of higher educa-  
22 tion.

23 The bill establishes the meat export research center at  
24 the Iowa state university of science and technology to research  
25 technological, economic, and other factors involved in  
26 improving the performance of Iowa products in the meat export  
27 market. The board is authorized to accept private grants  
28 of money to use in maintaining the center and appropriates  
29 \$250,000 for the meat export research center.

30 The bill requires the Iowa agricultural experiment station  
31 at Iowa state university of science and technology to conduct  
32 research to identify and improve fruits and vegetables which  
33 may be grown in Iowa and to investigate production and  
34 management techniques, adaptability, and horticultural  
35 potential of the fruits and vegetables for both processing

1 and fresh market sales. It includes an appropriation for  
2 those purposes of \$172,090.

3 It requires the Iowa cooperative extension service in  
4 agriculture and home economics to develop and disseminate  
5 educational materials relating to horticultural crops and  
6 appropriates \$45,000 for that purpose.

7 The bill requires the Iowa state department of agriculture  
8 to develop plans for the marketing of commercial horticultural  
9 products and crops, develop cooperatives for packaging and  
10 storing of fresh produce, assess temporary and permanent  
11 market potential in metropolitan areas and establish an  
12 electronic marketing program; and provides an appropriation  
13 of \$25,000 to support these programs. These programs may  
14 complement research and extension programs in diversified  
15 crops conducted by Iowa state university.

16 The bill authorizes the agricultural experiment station  
17 at Iowa state university of science and technology to conduct  
18 research into production and management techniques,  
19 adaptability, feasibility, marketability, and agronomic  
20 potential of crops other than corn and soybeans which may  
21 be grown in Iowa and appropriates \$22,000 for research.

22 The bill also requires funds to several state agencies  
23 for certain repairs, renovations and capital improvements.

24 The bill takes effect July 1 following its enactment except  
25 one section that takes effect upon publication. It adds a  
26 new chapter 260A and new sections 266.31 through 266.36 to  
27 the Code.

SENATE FILE 2361

S-5979

1 Amend Senate File 2361 as follows:

2 1. Page 8, by inserting after line 19 the  
3 following:

4 "Sec. \_\_\_\_ . There is appropriated from the general  
5 fund of the state to the state board of regents for  
6 the fiscal year beginning July 1, 1984 and ending  
7 June 30, 1985, the sum of two hundred ninety thousand  
8 (290,000) dollars to be used by the agricultural  
9 experiment station at Iowa state university for a  
10 new food crops research center."

11 2. Page 9, line 19, by striking the figure  
12 "750,000" and inserting in lieu thereof the figure  
13 "740,000".

14 3. Page 9, line 22, by striking the figure  
15 "157,000" and inserting in lieu thereof the figure  
16 "120,000".

17 4. Page 9, line 25, by striking the figure  
18 "665,000" and inserting in lieu thereof the figure  
19 "650,000".

20 5. Page 9, line 27, by striking the figure "60,000"  
21 and inserting in lieu thereof the figure "55,000".

22 6. Page 9, by striking lines 28 through 30.

23 7. Page 10, by striking lines 8 through 26 and  
24 inserting in lieu thereof the following:

25 "j. For repair of the roof and  
26 dome of the state historical build-  
27 ing ..... \$ 285,000

28 k. For the renovation of rest-  
29 room and drinking facilities in the  
30 state historical building to make  
31 them accessible to handicapped per-  
32 sons ..... \$ 10,000

33 l. For construction of a handi-  
34 capped entrance ramp to the state  
35 historical building ..... \$ 5,000

36 3. IOWA STATE HISTORICAL DE-  
37 PARTMENT

38 a. For construction of a handi-  
39 capped entrance to the centennial  
40 building in Iowa City ..... \$ 13,000

41 b. For the purchase of property  
42 adjacent to the gravesite at Gardner  
43 cabin ..... \$ 30,000"

44 8. Page 11, line 32, by inserting after the figure  
45 "1986." the following: "The department of general  
46 services with the approval of the state comptroller,  
47 may transfer funds appropriated for a capital project  
48 in section 24, subsection 2 of this Act from one  
49 capital project to another capital project provided  
50 in section 24, subsection 2 of this Act so long as

S-5979  
PAGE 2

1 the total amount appropriated for all these projects  
2 is not exceeded."

3 9. Page 11, by inserting after line 32 the  
4 following:

5 "DIVISION VIII

6 Sec. \_\_\_\_\_. Section 273.3, Code Supplement 1983,  
7 is amended by adding the following new subsection:  
8 NEW SUBSECTION. 18. Be authorized to issue school  
9 credit cards allowing area education agency employees  
10 to pay for the actual and necessary expenses incurred  
11 in the performance of work-related duties.

12 Sec. \_\_\_\_\_. Section 279.8, unnumbered paragraph  
13 1, Code 1983, is amended to read as follows:

14 The board shall make rules for its own government  
15 and that of the directors, officers, employees,  
16 teachers and pupils, and for the care of the  
17 schoolhouse, grounds, and property of the school  
18 corporation, and shall aid in the enforcement of the  
19 same rules, and require the performance of duties  
20 ~~by said persons~~ imposed by law and the rules. The  
21 board shall include in its rules provisions regulating  
22 the loading and unloading of pupils from a school  
23 bus stopped on the highway during a period of reduced  
24 highway visibility caused by fog, snow or other weather  
25 conditions. The board shall have the authority to  
26 include in its rules provisions allowing school  
27 corporation employees to use school credit cards to  
28 pay for the actual and necessary expenses incurred  
29 in the performance of work-related duties.

30 Sec. \_\_\_\_\_. Section 280A.23, Code 1983, is amended  
31 by adding the following new subsection:

32 NEW SUBSECTION. 11. Be authorized to issue to  
33 employees of merged area schools school credit cards  
34 to use for payment of authorized expenditures incurred  
35 in the performance of work-related duties.

36 Sec. 4. Section 303B.6, Code 1983, is amended  
37 by adding the following new subsection:

38 NEW SUBSECTION. 9. Issue to employees within  
39 their jurisdiction regional library system credit  
40 cards to use for payment of authorized expenditures  
41 incurred in the performance of work-related duties."

SENATE FILE 2361

6003

1 Amend Senate File 2361 as follows:

2 1. Page 6, by striking line 14 and inserting in  
3 lieu thereof the following: "of two hundred thousand  
4 (200,000) dollars to be used".

5 2. Page 7, line 2, by striking the figure "72,090"  
6 and inserting in lieu thereof the figure "50,000".

7 3. Page 7, line 6, by striking the figure "100,000"  
8 and inserting in lieu thereof the figure "60,000".

9 4. Page 7, lines 1<sup>a</sup> and 20, by striking the words  
10 and figure "forty-five thousand (45,000)" and inserting  
11 in lieu thereof the words and figure "thirty-five  
12 thousand (35,000)".

13 5. Page 7, line 27, by striking the words and  
14 figure "fifty thousand (50,000)" and inserting in  
15 lieu thereof the word and figure "thirty-five thousand  
16 (35,000)".

17 6. Page 8, by inserting after line 19 the  
18 following:

19 "Sec. \_\_\_\_\_. There is appropriated from the general  
20 fund of the state to the state board of regents for  
21 the fiscal year beginning July 1, 1984 and ending  
22 June 30, 1985, the sum of two hundred thousand  
23 (200,000) dollars to be used by the agricultural  
24 experiment station at Iowa state university for a  
25 new food crops research center."

26 7. Page 8, by inserting after line 20 the  
27 following:

28 "Sec. \_\_\_\_\_. NEW SECTION. 266.36 The Iowa  
29 cooperative extension service in agriculture and home  
30 economics shall accelerate the development of computer  
31 software and field staff training to increase the  
32 extension service's ability to offer financial  
33 management and counseling services to individual farm  
34 operators and to increase the analysis and  
35 understanding of financial management, marketing and  
36 related subjects among farm operators.

37 Sec. \_\_\_\_\_. There is appropriated from the general  
38 fund of the state to the state board of regents for  
39 the fiscal year beginning July 1, 1984, and ending  
40 June 30, 1985, two hundred thousand (200,000) dollars,  
41 or so much thereof as is necessary, for salaries and  
42 operating expenses within the cooperative extension  
43 service, and for supplies, services, and equipment  
44 to be used for the purpose designated in section  
45 266.36.

46 DIVISION VIII

47 Sec. \_\_\_\_\_. AGRICULTURE, FOOD, AND ENERGY  
48 DEMONSTRATION CENTER STUDY.

49 1. PURPOSE--INTENT. The general assembly of this  
50 state desires to promote and enhance economic

1 development within the state. The establishment of  
2 an agriculture, food, and energy demonstration center  
3 may be useful in the development of agricultural and  
4 agricultural related activities within the state.  
5 A study shall be done as provided in this section  
6 for the purpose of determining the feasibility,  
7 practicality, advantages, disadvantages, benefits,  
8 and disincentives to agriculture and agricultural  
9 related businesses, the state, and local communities  
10 of having an agriculture, food, and energy  
11 demonstration center within the state. It is the  
12 intent of the general assembly that to the extent  
13 time and resources allow the study shall encompass  
14 all aspects of the question of the merits of  
15 establishing different types of agriculture, food,  
16 and energy demonstration centers and the question  
17 of how to and what is needed to establish the different  
18 types of agriculture, food, and energy demonstration  
19 centers. The major objectives of this center are:  
20     a. To increase Iowa exports of agriculture and  
21 agriculture industries.  
22     b. To assist in training Americans and foreign  
23 nationals in the operation and utilization of American  
24 agricultural products, industries, and technologies.  
25     c. To effectively utilize already existent public-  
26 owned land for the purpose of demonstrating Iowa  
27 crops, products, and technology to potential purchasers  
28 from around the United States and the world.  
29     d. To encourage private business and industry  
30 to demonstrate the production, processing, storage,  
31 and distribution of all feasible agricultural systems.  
32 Such systems would include, but not be limited to,  
33 the following: modern systems of cattle, swine,  
34 sheep, dairy, and poultry production; processing  
35 systems; food and feed processing technologies;  
36 alternative energy technologies such as solar, wind,  
37 methane, ethanol, and bio-mass; and other systems  
38 and processes that can be demonstrated.  
39     e. To encourage the purchase of Iowa based  
40 commodities and technology in the export market.  
41     f. To create and expand business opportunities  
42 and employment opportunities within the state.  
43     g. To expand the research and technology base  
44 of agricultural education and nutrition research  
45 already existent in the state.  
46     h. To seek out the help, recommendation, and  
47 support of farm organizations and commodity groups,  
48 food and agricultural relief organizations, the  
49 exporting business community, all major state  
50 industries, manufacturers, and businesses, local and

1 state government officials, and the citizens of Iowa  
2 in the establishment of an agriculture, food and  
3 energy demonstration center.

4 2. AGRICULTURE, FOOD, AND ENERGY DEMONSTRATION  
5 CENTER STUDY COMMITTEE. There is created an  
6 agriculture, food, and energy demonstration center  
7 study committee consisting of fifteen members. Four  
8 of the members, with not more than two of the same  
9 party, shall be appointed by and serve at the pleasure  
10 of the governor. Four of the members shall be members  
11 of the general assembly. The speaker of the house  
12 of representatives shall appoint two members, one  
13 from each political party. The president of the  
14 senate shall appoint two members, one from each  
15 political party. One member shall be appointed by  
16 the Des Moines city council. One member shall be  
17 appointed by the Ankeny city council. One member  
18 shall be appointed by the president of Iowa state  
19 university. Four members shall be associated with  
20 the private sector nonprofit corporation formed to  
21 provide matching funds for this study.

22 3. ORGANIZATION AND PARTICIPATION.

23 a. The chairperson and vice chairperson of and  
24 elected by the committee shall direct and coordinate  
25 the activities of the committee.

26 b. State officers and state departments and  
27 agencies shall cooperate by providing technical  
28 assistance to the committee upon request of the  
29 chairperson.

30 c. The nonlegislative members of the committee  
31 shall be reimbursed for their travel and other  
32 necessary expenses actually incurred in the performance  
33 of their official duties from the state general fund  
34 from funds not otherwise appropriated. The legislative  
35 members shall receive, when the general assembly is  
36 not in session, a per diem of forty dollars and their  
37 travel and other necessary expenses actually incurred  
38 in the performance of their official duties from funds  
39 appropriated by section 2.12.

40 d. The chairperson shall develop and provide to  
41 the governor or the governor's designee interim reports  
42 of the activities of the committee and shall complete  
43 and transmit copies of its final report to the governor  
44 and the members of the general assembly who request  
45 them by January 1, 1985. The final report shall  
46 contain a brief summary of its activities, listing  
47 of its findings, and its recommendations, including  
48 additions or changes to existing law.

49 e. The agriculture, food, and energy demonstration  
50 center study committee shall cease to exist on March

1 1, 1985.

2 4. SCOPE OF THE STUDY. The committee shall  
3 consider and its recommendations shall address, but  
4 are not limited to, the following:

5 a. Examination of existing infrastructure in the  
6 central Iowa region including:

7 (1) Transportation systems such as highways;  
8 railroads; and air, including international airport  
9 status.

10 (2) Communication systems such as computer  
11 technologies and telecommunications of all types;  
12 satellite communications, including television; and  
13 developing communication links with all of the major  
14 world centers of commerce and trade.

15 (3) Impact study for all communities in central  
16 Iowa.

17 (4) Determination of the best location for the  
18 center.

19 (5) Water source; waste, air and water management  
20 and disposal; electricity and gas.

21 (6) Environmental impact statement.

22 (7) Food, housing and local transportation for  
23 American and foreign visitors.

24 b. Determine what cooperation will be needed from  
25 local, state and federal agencies.

26 c. Determine what cooperation will be needed from  
27 higher education institutions.

28 d. Determination of the extent of participation  
29 and investment in an agriculture center by foreign  
30 governments and foreign private enterprise.

31 e. Determination of the extent of investment  
32 possible by federal government agencies, such as the  
33 foreign agricultural service of the United States  
34 department of agriculture and the agency for  
35 international development in the United States  
36 department of commerce.

37 5. STAFF SUPPORT. Staff for the agriculture,  
38 food, and energy demonstration center study committee  
39 may be provided by the legislative service bureau  
40 and the legislative fiscal bureau upon approval of  
41 the legislative council.

42 Sec. \_\_\_\_\_. There is appropriated from the general  
43 fund of the state to the marketing division of the  
44 Iowa development commission for the fiscal year  
45 beginning July 1, 1984 and ending June 30, 1985, the  
46 sum of sixty thousand (60,000) dollars, or so much  
47 thereof as may be necessary, to be deposited in a  
48 special account together with such other funds as  
49 may be obtained from other public or private sources  
50 for the use of the agriculture, food, and energy

1 DIVISION I

2 Section 1. NEW SECTION. 260A.1 EDUCATIONAL EXCELLENCE  
3 PROGRAM. The Iowa educational excellence program is  
4 established and it includes Iowa educational excellence  
5 incentive awards to be granted in the manner provided in this  
6 chapter.

7 Sec. 2. NEW SECTION. 260A.2 EDUCATIONAL IMPROVEMENT  
8 PROJECTS. The board of directors of a school district may  
9 make application by November 1 of a school year to the  
10 department of public instruction for funding for an educational  
11 improvement project to be carried out in the school district  
12 during the next following school year. The board of directors  
13 may apply for an educational excellence incentive award or  
14 for additional allowable growth, or both, to fund the project.

15 An educational improvement project is a project that has  
16 not been implemented, requires additional funding for  
17 implementation that the district cannot provide, is designed  
18 to achieve academic excellence, and has general application  
19 in other school districts throughout the state. The project  
20 may relate to curriculum, instructional practices, expansion  
21 of educational program or staff development.

22 The application shall include the goals and objectives  
23 of the project, staff utilization plans, evaluation criteria  
24 and procedures, the program budget, and other factors the  
25 department deems necessary. The board also shall include  
26 in its application the process used in the school district  
27 to involve parents, teachers, administrators, and students  
28 in the planning and development of the project.

29 The total cost of a project shall not exceed one percent  
30 of the district cost per pupil of the school district for  
31 the budget year multiplied by the budget enrollment of the  
32 school district for the budget year or five thousand dollars,  
33 whichever is greater.

34 The department of public instruction shall review the  
35 project applications and shall prior to February 15 of that

1 school year send written notification of approval to the  
2 school district proposing the project and the state comptroller  
3 and school budget review committee. The written notification  
4 shall include notification whether a district has been granted  
5 an educational excellence incentive award by the department.

6 Sec. 3. NEW SECTION. 260A.3 FUNDING. A project that  
7 has been approved by the department of public instruction  
8 shall be funded one-fourth or more from the district cost  
9 of the school district and up to three-fourths by an increase  
10 in allowable growth as defined in section 442.7 or by an  
11 educational excellence incentive award granted by the  
12 department of public instruction under section 260A.4, or  
13 both.

14 Annually, the state comptroller shall establish a modified  
15 allowable growth for each school district having an approved  
16 project for which additional allowable growth is required  
17 to fund the project. The modified allowable growth shall  
18 be equal to the difference between the approved budget for  
19 the project for that district and the sum of the amount funded  
20 from the district cost of the district plus funds received  
21 from the educational excellence incentive award if an award  
22 has been granted to that district.

23 Sec. 4. NEW SECTION. 260A.4 AWARDS. Annually, the  
24 department of public instruction shall select from among the  
25 school districts with approved educational improvement projects  
26 and shall approve the distribution of educational excellence  
27 incentive awards to school districts. An award is equal to  
28 five thousand dollars, and the department shall make payment  
29 to school districts from funds appropriated by the general  
30 assembly for that purpose.

31 Sec. 5. NEW SECTION. 260A.5 REPORT REQUIRED. Not later  
32 than August 15 of the school year following the school year  
33 in which an educational improvement project has been carried  
34 out, the board of directors of the school district carrying  
35 out the project shall file a report with the department of

1 public instruction describing the manner in which the project  
2 was carried out, the results of the project, and moneys ex-  
3 pended for the project.

4 If a project was not carried out, or if the cost of carrying  
5 out a project was less than the amount approved for the  
6 project, the department of public instruction shall notify  
7 the state comptroller. The state comptroller shall determine  
8 for a project the amount not expended that was additional  
9 allowable growth and the amount not expended that was from  
10 the educational excellence incentive award, and shall reduce  
11 the district's tax levy computed under section 442.9 for the  
12 next following budget year to reduce the anticipated receipts  
13 from the tax levy by the amount of additional allowable growth  
14 not expended and the district's total state school aids  
15 available under chapter 442 for the next following budget  
16 year by the amount of the award not expended.

17 Sec. 6. NEW SECTION. 260A.6 RULES. The state board  
18 of public instruction shall adopt rules under chapter 17A  
19 to implement this chapter.

20 Sec. 7. Section 442.9, subsection 1, paragraph a, Code  
21 Supplement 1983, is amended to read as follows:

22 a. As used in this chapter, "district cost per pupil"  
23 for the school year beginning July 1, 1975, and subsequent  
24 school years means district cost per pupil in weighted  
25 enrollment. The district cost per pupil for the budget year  
26 is equal to the district cost per pupil for the base year  
27 plus the allowable growth. However, district cost per pupil  
28 does not include additional allowable growth added for programs  
29 for gifted and talented children, and for programs for  
30 returning dropouts, and for educational improvement projects,  
31 under this chapter or for school districts that have a negative  
32 balance of funds raised for special education instruction  
33 programs under section 442.13, subsection 14, paragraph "b",  
34 and does not include additional allowable growth established  
35 by the school budget review committee for a single school

1 year only.

2     Sec. 8. There is appropriated from the general fund of  
3 the state to the department of public instruction for the  
4 fiscal year beginning July 1, 1984 and ending June 30, 1985,  
5 the sum of one hundred fifty thousand (150,000) dollars, or  
6 so much thereof as is necessary, to be paid to school districts  
7 for educational excellence incentive awards pursuant to chap-  
8 ter 260A.

9                                   DIVISION II

10    Sec. 9. There is appropriated from the general fund of  
11 the state to the department of public instruction for the  
12 fiscal year beginning July 1, 1984 and ending June 30, 1985,  
13 the sum of five hundred thousand (500,000) dollars, or so  
14 much thereof as may be necessary, to be allocated to the  
15 merged area schools created in chapter 280A for equipment  
16 replacement.

17                                   DIVISION III

18    Sec. 10. There is appropriated from the general fund of  
19 the state to the Iowa college aid commission for the fiscal  
20 year beginning July 1, 1984 and ending June 30, 1985, the  
21 sum of one hundred fifty thousand (150,000) dollars, or so  
22 much thereof as may be necessary, to be used to supplement  
23 the appropriation made in section 261.63 for supplemental  
24 grants to students.

25    Sec. 11. There is appropriated from the general fund of  
26 the state to the Iowa college aid commission for the fiscal  
27 year beginning July 1, 1984 and ending June 30, 1985, the  
28 sum of fifty thousand (50,000) dollars, or so much thereof  
29 as may be necessary, to be used to supplement the appropriation  
30 made in section 261.25, subsection 1, for tuition grants.

31                                   DIVISION IV

32    Sec. 12. In addition to any other funds appropriated to  
33 the state board of regents, there is appropriated from the  
34 general fund of the state to the state board of regents for  
35 the fiscal year beginning July 1, 1984 and ending June 30,

1 1985, the sum of one million five hundred  fifty thousand  
2 (1,550,000) dollars, or so much thereof as may be necessary,  
3 to be used for the following purposes:

	1984-1985
	<u>Fiscal Year</u>
4	
5	
6 1. UNIVERSITY OF IOWA	
7 For salaries, support, mainte-	
8 nance, and miscellaneous purposes .....	\$ 700,000
9 2. IOWA STATE UNIVERSITY	
10 For salaries, support, mainte-	
11 nance, and miscellaneous purposes .....	\$ <u>550,000</u>
12 3. UNIVERSITY OF NORTHERN IOWA	
13 For salaries, support, mainte-	
14 nance, and miscellaneous purposes .....	\$ 300,000

15 DIVISION V

16 Sec. 13. NEW SECTION. 266.31 CENTER ESTABLISHED--

17 DIRECTOR--ASSISTANTS--SALARIES. The state board of regents  
18 shall maintain at Ames, in connection with the agricultural  
19 experiment station at Iowa state university of science and  
20 technology, a meat export research center. The center shall  
21 research technological, economic, and other factors involved  
22 in improving the performance of Iowa products in the meat  
23 export market with emphasis on the manufacture of value added  
24 meat products. The objectives of the center are:

- 25 1. To develop innovative meat processing technology to
- 26 expand and support the export of meat products from Iowa;
- 27 2. To provide information to assist in assessing demand
- 28 characteristics of international and domestic markets for
- 29 meat and manufactured meat products;
- 30 3. To evaluate alternatives to help decision makers develop
- 31 public policy concerning international and domestic trade
- 32 in commodities resulting from livestock production and
- 33 manufacturing of animal products;
- 34 4. To provide a center to enhance the exchange of
- 35 information relative to technology, policy considerations

1 and strategy supporting the export of animal products.

2 The president of the university shall appoint the director  
3 of the center and assistants as are deemed necessary to carry  
4 on the work of the center. The president shall fix the  
5 salaries of the director and assistants with the approval  
6 of the board.

7 Sec. 14. NEW SECTION. 266.32 ACCEPTANCE OF PRIVATE  
8 FUNDS. The state board of regents may accept grants of money  
9 from private sources for use in maintaining the meat export  
10 research center.

11 Sec. 15. There is appropriated from the general fund of  
12 the state to the state board of regents for the fiscal year  
13 beginning July 1, 1984, and ending June 30, 1985, the sum  
14 of two hundred thousand (200,000) dollars to be used to  
15 establish and maintain at Ames in connection with Iowa state  
16 university of science and technology, the meat export research  
17 center.

18 DIVISION VI

19 Sec. 16. NEW SECTION. 266.33 The Iowa agricultural ex-  
20 periment station at Iowa state university of science and  
21 technology shall conduct horticultural research to identify  
22 and improve fruits and vegetables which can be effectively  
23 grown in Iowa to provide more diversity for Iowa agriculture.  
24 The experiment station shall investigate production, marketing,  
25 and management techniques, adaptability, and horticultural  
26 potential of the fruits and vegetables for both processing  
27 and for fresh market sale.

28 Sec. 17. There is appropriated from the general fund of  
29 the state to the state board of regents for the fiscal year  
30 beginning July 1, 1984, and ending June 30, 1985, the following  
31 amounts, or so much thereof as is necessary, to be used for  
32 the purpose designated in section 266.33:

33 1. For the acquisition of a  
34 building, necessary equipment,  
35 and operation expenses at the

1 Muscatine Island research sta-  
2 tion ..... \$ 50,000

3 2. For the establishment of  
4 and equipment, operation, and  
5 personnel of a new research  
6 center in western Iowa ..... \$ 60,000

7 Sec. 18. NEW SECTION. 266.34 The Iowa cooperative  
8 extension service in agriculture and home economics shall  
9 employ a state extension fruit specialist to provide leader-  
10 ship in the development of a broader array of educational  
11 materials and field staff training. The materials on training  
12 should provide, in popular and practical terms, the available  
13 research at Iowa state university of science and technology  
14 and elsewhere that will enable area and county extension  
15 service to expand their efforts with existing and potential  
16 fruit growers for marketing in or outside of this state.

17 Sec. 19. There is appropriated from the general fund of  
18 the state to the state board of regents for the fiscal year  
19 beginning July 1, 1984, and ending June 30, 1985, thirty-five  
20 thousand (35,000) dollars, or so much thereof as is necessary  
21 to be used for salaries and operating expenses within the  
22 cooperative extension service for the purpose designated in  
23 section 266.34.

24 Sec. 20. There is appropriated from the general fund of  
25 the state to the Iowa department of agriculture for the fiscal  
26 year beginning July 1, 1984, and ending June 30, 1985, the  
27 sum of thirty-five thousand (35,000) dollars to be used to  
28 hire a horticultural marketing specialist and support staff  
29 in order to develop programs which will assist the  
30 horticultural industry in Iowa, which programs shall include,  
31 but are not limited to:

32 1. Statewide marketing plans for commercial horticultural  
33 products and crops.

34 2. Development of cooperatives for packaging and storing  
35 fresh produce.

1 3. Assessment of temporary and permanent market potential  
2 in metropolitan areas.

3 4. Establishment of an electronic marketing program for  
4 horticultural crops.

5 Sec. 21. NEW SECTION. 266.35 The agricultural experiment  
6 station at Iowa state university of science and technology  
7 shall conduct research to identify crops, other than corn  
8 and soybeans, which can be effectively grown in Iowa either  
9 alone or in multiple cropping schemes to provide more diversity  
10 for Iowa agriculture. The experiment station shall investigate  
11 production and management techniques, adaptability, feasibility,  
12 marketability, and agronomic potential of the alternate crops.

13 Sec. 22. There is appropriated from the general fund of  
14 the state to the state board of regents for the fiscal year  
15 beginning July 1, 1984 and ending June 30, 1985, the sum of  
16 twenty-two thousand (22,000) dollars to be used by the  
17 agricultural experiment station at Iowa state university of  
18 science and technology for the research required by section  
19 266.35.

20 Sec. 23. There is appropriated from the general fund of  
21 the state to the state board of regents for the fiscal year  
22 beginning July 1, 1984 and ending June 30, 1985, the sum of  
23 two hundred thousand (200,000) dollars to be used by the  
24 agricultural experiment station at Iowa state university for  
25 a new food crops research center.

26 DIVISION VII

27 Sec. 24. There is appropriated from the general fund of  
28 the state to the department of public safety for the fiscal  
29 year beginning July 1, 1984 and ending June 30, 1985 the sum  
30 of two hundred thousand (200,000) dollars, or so much thereof  
31 as may be necessary, for payment of claims filed under the  
32 victim reparation program and for the payment of operational  
33 expenses.

34 Sec. 25. There is appropriated from the general fund of  
35 the state to the state bureau of labor for the fiscal year

1 beginning July 1, 1984, and ending June 30, 1985, the following  
2 amounts, or so much thereof as is necessary, to be used for  
3 the purposes designated:

4 1984-1985  
5 Fiscal Year

6 1. For performance of  
7 responsibilities under House  
8 File 2183, enacted by the  
9 Seventieth General Assembly,  
10 1984 Session ..... \$33,000

11 2. For performance of  
12 duties specified under the  
13 hazardous chemicals risks  
14 right to know Act, Senate  
15 File 2248, enacted by the  
16 Seventieth General Assembly,  
17 1984 Session ..... \$47,000

18 Sec. 26. Notwithstanding section 321.145, there is  
19 transferred from the road use tax fund to the general fund  
20 of the state the sum of three hundred thousand (300,000)  
21 dollars which funds are hereby appropriated from the general  
22 fund of the state to the state department of public safety  
23 for the administration and supervision of the public highways  
24 for the fiscal year beginning July 1, 1984 and ending June  
25 30, 1985, which funds shall be used for salaries, support,  
26 maintenance, and miscellaneous purposes of the division of  
27 highway safety and uniformed force for the administration  
28 and supervision of the public highways, including the state's  
29 contribution to the peace officers' retirement, accident,  
30 and disability system provided in chapter 97A in the amount  
31 of sixteen percent of the salaries for which the funds are  
32 appropriated.

33 Sec. 27. NEW SECTION. 266.36 The Iowa cooperative  
34 extension service in agriculture and home economics shall  
35 accelerate the development of computer software and field

1 staff training to increase the extension service's ability  
2 to offer financial management and counseling services to  
3 individual farm operators and to increase the analysis and  
4 understanding of financial management, marketing and related  
5 subjects among farm operators.

6 Sec. 28. There is appropriated from the general fund of  
7 the state to the state board of regents for the fiscal year  
8 beginning July 1, 1984, and ending June 30, 1985, two hundred  
9 thousand (200,000) dollars, or so much thereof as is necessary,  
10 for salaries and operating expenses within the cooperative  
11 extension service, and for supplies, services, and equipment  
12 to be used for the purpose designated in section 266.36.

13 DIVISION VIII

14 Sec. 29. AGRICULTURE, FOOD, AND ENERGY DEMONSTRATION  
15 CENTER STUDY.

16 1. PURPOSE--INTENT. The general assembly of this state  
17 desires to promote and enhance economic development within  
18 the state. The establishment of an agriculture, food, and  
19 energy demonstration center may be useful in the development  
20 of agricultural and agricultural related activities within  
21 the state. A study shall be done as provided in this section  
22 for the purpose of determining the feasibility, practicality,  
23 advantages, disadvantages, benefits, and disincentives to  
24 agriculture and agricultural related businesses, the state,  
25 and local communities of having an agriculture, food, and  
26 energy demonstration center within the state. It is the  
27 intent of the general assembly that to the extent time and  
28 resources allow the study shall encompass all aspects of the  
29 question of the merits of establishing different types of  
30 agriculture, food, and energy demonstration centers and the  
31 question of how to and what is needed to establish the  
32 different types of agriculture, food, and energy demonstration  
33 centers. The major objectives of this center are:

34 a. To increase Iowa exports of agriculture and agriculture  
35 industries.

1 b. To assist in training Americans and foreign nationals  
2 in the operation and utilization of American agricultural  
3 products, industries, and technologies.

4 c. To effectively utilize already existent public-owned  
5 land for the purpose of demonstrating Iowa crops, products,  
6 and technology to potential purchasers from around the United  
7 States and the world.

8 d. To encourage private business and industry to  
9 demonstrate the production, processing, storage, and  
10 distribution of all feasible agricultural systems. Such  
11 systems would include, but not be limited to, the following:  
12 modern systems of cattle, swine, sheep, dairy, and poultry  
13 production; processing systems; food and feed processing  
14 technologies; alternative energy technologies such as solar,  
15 wind, methane, ethanol, and bio-mass; and other systems and  
16 processes that can be demonstrated.

17 e. To encourage the purchase of Iowa based commodities  
18 and technology in the export market.

19 f. To create and expand business opportunities and  
20 employment opportunities within the state.

21 g. To expand the research and technology base of  
22 agricultural education and nutrition research already existent  
23 in the state.

24 h. To seek out the help, recommendation, and support of  
25 farm organizations and commodity groups, food and agricultural  
26 relief organizations, the exporting business community, all  
27 major state industries, manufacturers, and businesses, local  
28 and state government officials, and the citizens of Iowa in  
29 the establishment of an agriculture, food and energy  
30 demonstration center.

31 2. AGRICULTURE, FOOD, AND ENERGY DEMONSTRATION CENTER  
32 STUDY COMMITTEE. There is created an agriculture, food, and  
33 energy demonstration center study committee consisting of  
34 fifteen members. Four of the members, with not more than  
35 two of the same party, shall be appointed by and serve at

1 the pleasure of the governor. Four of the members shall be  
2 members of the general assembly. The speaker of the house  
3 of representatives shall appoint two members, one from each  
4 political party. The president of the senate shall appoint  
5 two members, one from each political party. One member shall  
6 be appointed by the Des Moines city council. One member shall  
7 be appointed by the Ankeny city council. One member shall  
8 be appointed by the president of Iowa state university. Four  
9 members shall be associated with the private sector nonprofit  
10 corporation formed to provide matching funds for this study.

11 3. ORGANIZATION AND PARTICIPATION.

12 a. The chairperson and vice chairperson of and elected  
13 by the committee shall direct and coordinate the activities  
14 of the committee.

15 b. State officers and state departments and agencies shall  
16 cooperate by providing technical assistance to the committee  
17 upon request of the chairperson.

18 c. The nonlegislative members of the committee shall be  
19 reimbursed for their travel and other necessary expenses  
20 actually incurred in the performance of their official duties  
21 from the state general fund from funds not otherwise  
22 appropriated. The legislative members shall receive, when  
23 the general assembly is not in session, a per diem of forty  
24 dollars and their travel and other necessary expenses actually  
25 incurred in the performance of their official duties from  
26 funds appropriated by section 2.12.

27 d. The chairperson shall develop and provide to the  
28 governor or the governor's designee interim reports of the  
29 activities of the committee and shall complete and transmit  
30 copies of its final report to the governor and the members  
31 of the general assembly who request them by January 1, 1985.  
32 The final report shall contain a brief summary of its  
33 activities, listing of its findings, and its recommendations,  
34 including additions or changes to existing law.

35 e. The agriculture, food, and energy demonstration center

1 study committee shall cease to exist on March 1, 1985.

2 4. SCOPE OF THE STUDY. The committee shall consider and  
3 its recommendations shall address, but are not limited to,  
4 the following:

5 a. Examination of existing infrastructure in the central  
6 Iowa region including:

7 (1) Transportation systems such as highways; railroads;  
8 and air, including international airport status.

9 (2) Communication systems such as computer technologies  
10 and telecommunications of all types; satellite communications,  
11 including television; and developing communication links with  
12 all of the major world centers of commerce and trade.

13 (3) Impact study for all communities in central Iowa.

14 (4) Determination of the best location for the center.

15 (5) Water source; waste, air and water management and  
16 disposal; electricity and gas.

17 (6) Environmental impact statement.

18 (7) Food, housing and local transportation for American  
19 and foreign visitors.

20 b. Determine what cooperation will be needed from local,  
21 state and federal agencies.

22 c. Determine what cooperation will be needed from higher  
23 education institutions.

24 d. Determination of the extent of participation and  
25 investment in an agriculture center by foreign governments  
26 and foreign private enterprise.

27 e. Determination of the extent of investment possible  
28 by federal government agencies, such as the foreign  
29 agricultural service of the United States department of  
30 agriculture and the agency for international development in  
31 the United States department of commerce.

32 5. STAFF SUPPORT. Staff for the agriculture, food, and  
33 energy demonstration center study committee may be provided  
34 by the legislative service bureau and the legislative fiscal  
35 bureau upon approval of the legislative council.

1 Sec. 30. There is appropriated from the general fund of  
2 the state to the marketing division of the Iowa development  
3 commission for the fiscal year beginning July 1, 1984 and  
4 ending June 30, 1985, the sum of sixty thousand (60,000)  
5 dollars, or so much thereof as may be necessary, to be  
6 deposited in a special account together with such other funds  
7 as may be obtained from other public or private sources for  
8 the use of the agriculture, food, and energy demonstration  
9 center study committee. The funds appropriated by this section  
10 may be expended only to the extent that they are matched with  
11 funds from other public or private sources.

12 DIVISION IX

13 Sec. 31. There is appropriated from the general fund of  
14 the state for the fiscal year beginning July 1, 1984 and  
15 ending June 30, 1985, to the state board of regents, the sum  
16 of seven hundred twenty-five thousand (725,000) dollars, or  
17 so much thereof as necessary, for allocation by the state  
18 board of regents to the state university of Iowa, the Iowa  
19 state university of science and technology, and the Iowa  
20 braille and sight-saving school to undertake the following  
21 capital projects:

- 22 1. STATE UNIVERSITY OF IOWA  
23 Fire safety deficiency corrections.  
24 2. IOWA STATE UNIVERSITY OF SCIENCE AND TECHNOLOGY  
25 a. Fire safety deficiency corrections.  
26 b. Planning for phase 2 of the college of education  
27 building.  
28 c. Planning for the home economics building.  
29 3. IOWA BRAILLE AND SIGHT-SAVING SCHOOL  
30 Utility system master plan and other campus improvements.

31 Sec. 32. There is appropriated from the general fund of  
32 the state to the following state agencies for the fiscal year  
33 beginning July 1, 1984, and ending June 30, 1985, the following  
34 amounts, or so much as may be necessary, to be used in the  
35 manner designated:

1 room and drinking facilities in the  
 2 state historical building to make  
 3 them accessible to handicapped per-  
 4 sons ..... \$ 10,000  
 5     k. For construction of a handi-  
 6 capped entrance ramp to the state  
 7 historical building ..... \$ 5,000  
 8     3. IOWA STATE HISTORICAL DE-  
 9 PARTMENT  
 10     a. For construction of a handi-  
 11 capped entrance to the centennial  
 12 building in Iowa City ..... \$ 13,000  
 13     b. For the purchase of property  
 14 adjacent to the gravesite at Gardner  
 15 cabin ..... \$ 30,000  
 16     4. STATE CONSERVATION COMMISSION  
 17     a. For Swan lake restoration ..... \$ 95,000  
 18     b. For construction, replace-  
 19 ment, development and alterations  
 20 to state parks and preserves, state  
 21 forest facilities and state waters  
 22 including artificial lake develop-  
 23 ment; shoreline erosion and silta-  
 24 tion control; river, stream and  
 25 lake access; and engineering and  
 26 planning services or to supplement  
 27 any prior appropriation for such  
 28 purposes ..... \$ 581,500  
 29     5. TREASURER OF STATE  
 30     For the purchase of an invest-  
 31 ment machine and system ..... \$ 100,000  
 32     6. ENERGY POLICY COUNCIL  
 33     For an energy management pro-  
 34 gram for state-owned and rented  
 35 buildings ..... \$ 500,000

	1984-1985
	<u>Fiscal Year</u>
1	
2	
3 1. COMMISSION FOR THE BLIND	
4 a. Major overhaul of the ab-	
5 sorption system .....	\$ 1,260
6 b. For rebuilding of the cooling	
7 tower .....	\$ 840
8 2. DEPARTMENT OF GENERAL SER-	
9 VICES	
10 a. For the payment of state	
11 house renovation costs .....	\$ <u>740,000</u>
12 b. For the acquisitions of	
13 land surrounding the capitol com-	
14 plex as it becomes available .....	\$ <u>120,000</u>
15 c. For the renovation and re-	
16 modeling of the third floor of	
17 the Robert Lucas building .....	\$ <u>650,000</u>
18 d. For repair to the Wallace	
19 state office building .....	\$ <u>55,000</u>
20 e. For repair of the roof of	
21 the vehicle dispatcher building	
22 and the repair of the roof of the	
23 micrographics building .....	\$ 90,000
24 f. For the installation of in-	
25 dividual water heaters in capitol	
26 complex buildings .....	\$ 61,600
27 g. For replacement of the in-	
28 candescent lamps in the upper por-	
29 tions of the capitol .....	\$ 5,250
30 h. For automation of the north	
31 capitol elevator .....	\$ 13,500
32 <u>i. For repair of the roof and</u>	
33 <u>dome of the state historical build-</u>	
34 <u>ing</u> .....	\$ <u>285,000</u>
35 <u>j. For the renovation of rest-</u>	

1 7. STATE FAIR BOARD

2 For roofing of the pavilion  
3 and cattle barn and major over-  
4 haul of the electrical system ..... \$ 240,000

5 8. DEPARTMENT OF PUBLIC DE-  
6 FENSE

7 For building an armory in  
8 Clinton ..... \$ 388,000

9 Notwithstanding section 29A.57 the proceeds from the sale  
10 of the armory in Dubuque shall revert to the general fund  
11 of the state and not to the national guard facilities  
12 improvement fund.

13 9. DEPARTMENT OF PUBLIC SAFETY

14 To purchase land and erect new  
15 tower at Cedar Falls ..... \$ 70,000

16 Sec. 33. Notwithstanding section 8.33, unobligated or  
17 unencumbered funds appropriated under sections 31 and 32 of  
18 this Act shall remain available for expenditure during the  
19 fiscal year beginning July 1, 1985 and those funds remaining  
20 as of June 30, 1986 shall revert to the general fund of the  
21 state on September 30, 1986. The department of general  
22 services with the approval of the state comptroller, may  
23 transfer funds appropriated for a capital project in section  
24 32, subsection 2 of this Act from one capital project to  
25 another capital project provided in section 32, subsection  
26 2 of this Act so long as the total amount appropriated for  
27 all those projects is not exceeded.

28 DIVISION X

29 Sec. 34. Section 273.3, Code Supplement 1983, is amended  
30 by adding the following new subsection:

31 NEW SUBSECTION. 18. Be authorized to issue school credit  
32 cards allowing area education agency employees to pay for  
33 the actual and necessary expenses incurred in the performance  
34 of work-related duties.

35 Sec. 35. Section 279.8, unnumbered paragraph 1, Code 1983,

1 is amended to read as follows:

2 The board shall make rules for its own government and that  
3 of the directors, officers, employees, teachers and pupils,  
4 and for the care of the schoolhouse, grounds, and property  
5 of the school corporation, and shall aid in the enforcement  
6 of the same rules, and require the performance of duties by  
7 said-persens imposed by law and the rules. The board shall  
8 include in its rules provisions regulating the loading and  
9 unloading of pupils from a school bus stopped on the highway  
10 during a period of reduced highway visibility caused by fog,  
11 snow or other weather conditions. The board shall have the  
12 authority to include in its rules provisions allowing school  
13 corporation employees to use school credit cards to pay for  
14 the actual and necessary expenses incurred in the performance  
15 of work-related duties.

16 Sec. 36. Section 280A.23, Code 1983, is amended by adding  
17 the following new subsection:

18 NEW SUBSECTION. 11. Be authorized to issue to employees  
19 of merged area schools school credit cards to use for payment  
20 of authorized expenditures incurred in the performance of  
21 work-related duties.

22 Sec. 37. Section 303B.6, Code 1983, is amended by adding  
23 the following new subsection:

24 NEW SUBSECTION. 9. Issue to employees within their  
25 jurisdiction regional library system credit cards to use for  
26 payment of authorized expenditures incurred in the performance  
27 of work-related duties.

28 Sec. 38. This Act, being deemed of immediate importance,  
29 shall take effect as provided in this section from and after  
30 its publication in the Oskaloosa Daily Herald, a newspaper  
31 published in Oskaloosa, Iowa, and in the Diamond Trail News,  
32 a newspaper published in Sully, Iowa. Section 32, subsection  
33 2, paragraph "a", of this Act appropriating funds to the  
34 department of general services for payment of state house  
35 renovation costs shall take effect upon publication and become

OFFICE OF THE GOVERNOR

STATE CAPITOL

DES MOINES, IOWA 50319

515 281-5211

TERRY E. BRANSTAD  
GOVERNOR

May 19, 1984

The Honorable Mary Jane Odell  
Secretary of State  
State Capitol Building  
L O C A L

✓ Dear Madam Secretary:

I hereby transmit Senate File 2361, an act relating to and making appropriations for various government projects and programs and providing effective dates.

Senate File 2361 is approved May 18, with the following exceptions which I hereby disapprove.

I am unable to approve Division I, Section 8, which reads as follows:

Sec. 8. There is appropriated from the general fund of the state to the department of public instruction for the fiscal year beginning July 1, 1984 and ending June 30, 1985, the sum of one hundred fifty thousand (150,000) dollars, or so much thereof as is necessary, to be paid to school districts for educational excellence incentive awards pursuant to chapter 260A.

Section 8 provides an appropriation to local schools in fiscal year 1984-1985. However, the grant application process outlined in Section 2 of the bill states in part:

"The board of directors of a school district may make application by November 1 of a school year to the department of public instruction for funding for an educational improvement project to be carried out in the school district during the next following school year."  
(Emphasis added)

The Honorable Mary Jane Odell  
May 19, 1984  
Page 2

Under this timetable, the first school year for which a school district can request a grant would be the 1985-86 school year. However, the appropriation has been made for fiscal year 1984-85. This program should be funded in fiscal year 1985-86, the year in which the grants will actually be used by the school districts.

I am also unable to approve Division III, Section 10, which reads as follows:

Sec. 10. There is appropriated from the general fund of the state to the Iowa college aid commission for the fiscal year beginning July 1, 1984 and ending June 30, 1985, the sum of one hundred fifty thousand (150,000) dollars, or so much thereof as may be necessary, to be used to supplement the appropriation made in section 261.63 for supplemental grants to students.

Section 10 is a \$150,000 appropriation to supplement the appropriation made last year for supplemental grants to students. Last year's legislation provided grants to students completing seven credit hours of mathematics and science courses in high school. That legislation authorized grants of up to \$500, and created a standing limited appropriation of \$1,500,000 to fund the grants.

It is currently estimated that close to 7,000 students graduating in 1984 will qualify for these supplemental grants for college in 1984-85. If these projections are accurate, the grants will total \$240-\$250 for each student. The effect of this additional \$150,000 appropriation would be to raise individual grant amounts by \$20 to \$25 per student.

This program was intended to be an incentive to encourage students still in high school to take more math and science courses. However, by making the appropriation effective for 1984-85, the funds will merely increase the grants given to students who have completed high school this year and will already be in college during 1984-85. If this program is to be expanded, it should be done in a manner that would provide incentives for students still in high school. This legislation would simply increase the grants to graduated students on a retroactive basis.

I am also unable to approve Division VIII, Sections 29 and 30, which read as follows:

DIVISION VIII

Sec. 29. AGRICULTURE, FOOD, AND ENERGY DEMONSTRATION CENTER STUDY.

1. PURPOSE--INTENT. The general assembly of this state desires to promote and enhance economic development within the state. The establishment of an agriculture, food, and energy demonstration center may be useful in the development of agricultural and agricultural related activities within the state. A study shall be done as provided in this section for the purpose of determining the feasibility, practicality, advantages, disadvantages, benefits, and disincentives to agriculture and agricultural related businesses, the state, and local communities of having an agriculture, food, and energy demonstration center within the state. It is the intent of the general assembly that to the extent time and resources allow the study shall encompass all aspects of the question of the merits of establishing different types of agriculture, food, and energy demonstration centers and the question of how to and what is needed to establish the different types of agriculture, food, and energy demonstration centers. The major objectives of this center are:

a. To increase Iowa exports of agriculture and agriculture industries.

b. To assist in training Americans and foreign nationals in the operation and utilization of American agricultural products, industries, and technologies.

c. To effectively utilize already existent public-owned land for the purpose of demonstrating Iowa crops, products, and technology to potential purchasers from around the United States and the world.

d. To encourage private business and industry to demonstrate the production, processing, storage, and distribution of all feasible agricultural systems. Such systems would include, but not be limited to, the following: modern systems of cattle, swine, sheep, dairy, and poultry production; processing systems; food and feed processing technologies; alternative energy technologies such as solar, wind, methane, ethanol, and bio-mass; and other systems and processes that can be demonstrated.

e. To encourage the purchase of Iowa based commodities and technology in the export market.

f. To create and expand business opportunities and employment opportunities within the state.

g. To expand the research and technology base of agricultural education and nutrition research already existent in the state.

h. To seek out the help, recommendation, and support of farm organizations and commodity groups, food and agricultural relief organizations, the exporting business community, all major state industries, manufacturers, and businesses, local and state government officials, and the citizens of Iowa in the establishment of an agriculture, food and energy demonstration center.

2. AGRICULTURE, FOOD, AND ENERGY DEMONSTRATION CENTER STUDY COMMITTEE. There is created an agriculture, food, and energy demonstration center study committee consisting of fifteen members. Four of the members, with not more than two of the same party, shall be appointed by and serve at the pleasure of the governor. Four of the members shall be members of the general assembly. The speaker of the house of representatives shall appoint two members, one from each political party. The president of the senate shall appoint two members, one from each political party. One member shall be appointed by the Des Moines city council. One member shall be appointed by the Ankeny city council. One member shall be appointed by the president of Iowa state university. Four members shall be associated with the private sector nonprofit corporation formed to provide matching funds for this study.

3. ORGANIZATION AND PARTICIPATION.

a. The chairperson and vice chairperson of and elected by the committee shall direct and coordinate the activities of the committee.

b. State officers and state departments and agencies shall cooperate by providing technical assistance to the committee upon request of the chairperson.

c. The nonlegislative members of the committee shall be reimbursed for their travel and other necessary expenses actually incurred in the performance of their official duties from the state general fund from funds not otherwise appropriated. The legislative members shall receive, when the general assembly is not in session, a per diem of forty dollars and their travel and other necessary expenses actually incurred in the performance of their official duties from funds appropriated by section 2.12.

d. The chairperson shall develop and provide to the governor or the governor's designee interim reports of the activities of the committee and shall complete and transmit copies of its final report to the governor and the members of the general assembly who request them by January 1, 1985. The final report shall contain a brief summary of its activities, listing of its findings, and its recommendations, including additions or changes to existing law.

e. The agriculture, food, and energy demonstration center study committee shall cease to exist on March 1, 1985.

4. SCOPE OF THE STUDY. The committee shall consider and its recommendations shall address, but are not limited to, the following:

a. Examination of existing infrastructure in the central Iowa region including:

(1) Transportation systems such as highways; railroads; and air, including international airport status.

(2) Communication systems such as computer technologies and telecommunications of all types; satellite communications, including television; and developing communication links with all of the major world centers of commerce and trade.

(3) Impact study for all communities in central Iowa.

(4) Determination of the best location for the center.

(5) Water source; waste, air and water management and disposal; electricity and gas.

(6) Environmental impact statement.

(7) Food, housing and local transportation for American and foreign visitors.

b. Determine what cooperation will be needed from local, state and federal agencies.

c. Determine what cooperation will be needed from higher education institutions.

d. Determination of the extent of participation and investment in an agriculture center by foreign governments and foreign private enterprise.

e. Determination of the extent of investment possible by federal government agencies, such as the foreign agricultural service of the United States department of agriculture and the agency for international development in the United States department of commerce.

5. STAFF SUPPORT. Staff for the agriculture, food, and energy demonstration center study committee may be provided by the legislative service bureau and the legislative fiscal bureau upon approval of the legislative council.

Sec. 30. There is appropriated from the general fund of the state to the marketing division of the Iowa development commission for the fiscal year beginning July 1, 1984 and ending June 30, 1985, the sum of sixty thousand (60,000) dollars, or so much thereof as may be necessary, to be deposited in a special account together with such other funds as may be obtained from other public or private sources for the use of the agriculture, food, and

The Honorable Mary Jane Odell  
May 19, 1984  
Page 6

energy demonstration center study committee. The funds appropriated by this section may be expended only to the extent that they are matched with funds from other public or private sources.

Division VIII, Sections 29 and 30 provide a study of the feasibility of establishing an agriculture, food, energy demonstration center and for its funding. The study committee would consist of fifteen members. Section 29 provides for a standing unlimited appropriation to reimburse non-legislative members.

The study effort established by this legislation has a worthy purpose, but is too narrowly defined. A good lesson learned during this past session is that all corners of Iowa and all elements of our economy must work together if we are to be successful in reaching statewide economic goals. The study provided for in Senate File 2361 centers on Des Moines, Ames, and the surrounding area. While it makes sense that a special, agriculturally oriented research or trading center would be located in central Iowa, we must be careful to address this issue and others in the context of how all Iowa would benefit.

I have publicly stated my intention to appoint a Blue Ribbon Strategic Development Council to fully explore ideas for Iowa's economic future. This effort will be large in scope, not limited to a particular geographic area or one or two segments of our economy.

The work of the Strategic Development Council will complement the interim legislative study of the proposed Iowa World Trade Center and other export initiatives. And, a federal government review of this same issue is also underway. To have yet another study created by law is unnecessary. Thus, I have chosen to delete this provision from Senate File 2361.

Finally, I am unable to approve Division 10, Section 38, which reads as follows:

Sec. 38. This Act, being deemed to immediate importance, shall take effect as provided in this section from and after its publication in the Oskaloosa Daily Herald, a newspaper published in Oskaloosa, Iowa, and in the Diamond Trail News, a newspaper published in Sully, Iowa. Section 32, subsection 2, paragraph "a", of this Act appropriating funds to the department of general services for payment of state house renovation costs shall take effect upon

The Honorable Mary Jane Odell  
May 19, 1984  
Page 7

publication and become available for expenditure upon that date notwithstanding any contrary provision of that section. All other provisions of this Act shall take effect July 1 following enactment.

The publication clause provides that the appropriation to the Department of General Services for the payment of statehouse renovation costs would be effective upon publication of the Act. The will occur in the fiscal year 1984. This would be an obligation against the 1984 fiscal year balance even though the funds would not be spent until fiscal year 1985 or thereafter. This could put the 1984 state fiscal year general fund projected balance into a deficit position. Therefore, I am deleting this section to prevent the possibility of a deficit balance.

For the above reasons, I respectfully disapprove of these items in accordance with Amendment 4 of the Amendments of 1968 to the Constitution of the State of Iowa. All other items of Senate File 2361 are hereby approved as of this date.

Very truly yours,

Terry E. Branstad  
Governor

TEB/ps

cc: Secretary of the Senate  
Chief Clerk of the House

SENATE FILE 2361

AN ACT

RELATING TO AND MAKING APPROPRIATIONS FOR VARIOUS GOVERNMENT PROJECTS AND PROGRAMS AND PROVIDING EFFECTIVE DATES.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF IOWA:

DIVISION I

Section 1. NEW SECTION. 260A.1 EDUCATIONAL EXCELLENCE PROGRAM. The Iowa educational excellence program is established and it includes Iowa educational excellence incentive awards to be granted in the manner provided in this chapter.

Sec. 2. NEW SECTION. 260A.2 EDUCATIONAL IMPROVEMENT PROJECTS. The board of directors of a school district may make application by November 1 of a school year to the department of public instruction for funding for an educational improvement project to be carried out in the school district during the next following school year. The board of directors may apply for an educational excellence incentive award or for additional allowable growth, or both, to fund the project.

An educational improvement project is a project that has not been implemented, requires additional funding for implementation that the district cannot provide, is designed to achieve academic excellence, and has general application in other school districts throughout the state. The project may relate to curriculum, instructional practices, expansion of educational program or staff development.

The application shall include the goals and objectives of the project, staff utilization plans, evaluation criteria and procedures, the program budget, and other factors the department deems necessary. The board also shall include in its application the process used in the school district to involve parents, teachers, administrators, and students in the planning and development of the project.

The total cost of a project shall not exceed one percent of the district cost per pupil of the school district for the budget year multiplied by the budget enrollment of the school district for the budget year or five thousand dollars, whichever is greater.

The department of public instruction shall review the project applications and shall prior to February 15 of that school year send written notification of approval to the school district proposing the project and the state comptroller and school budget review committee. The written notification shall include notification whether a district has been granted an educational excellence incentive award by the department.

Sec. 3. NEW SECTION. 260A.3 FUNDING. A project that has been approved by the department of public instruction shall be funded one-fourth or more from the district cost of the school district and up to three-fourths by an increase in allowable growth as defined in section 442.7 or by an educational excellence incentive award granted by the department of public instruction under section 260A.4, or both.

Annually, the state comptroller shall establish a modified allowable growth for each school district having an approved project for which additional allowable growth is required to fund the project. The modified allowable growth shall be equal to the difference between the approved budget for the project for that district and the sum of the amount funded from the district cost of the district plus funds received from the educational excellence incentive award if an award has been granted to that district.

Sec. 4. NEW SECTION. 260A.4 AWARDS. Annually, the department of public instruction shall select from among the school districts with approved educational improvement projects and shall approve the distribution of educational excellence incentive awards to school districts. An award is equal to five thousand dollars, and the department shall make payment.

to school districts from funds appropriated by the general assembly for that purpose.

Sec. 5. NEW SECTION. 260A.5 REPORT REQUIRED. Not later than August 15 of the school year following the school year in which an educational improvement project has been carried out, the board of directors of the school district carrying out the project shall file a report with the department of public instruction describing the manner in which the project was carried out, the results of the project, and moneys expended for the project.

If a project was not carried out, or if the cost of carrying out a project was less than the amount approved for the project, the department of public instruction shall notify the state comptroller. The state comptroller shall determine for a project the amount not expended that was additional allowable growth and the amount not expended that was from the educational excellence incentive award, and shall reduce the district's tax levy computed under section 442.9 for the next following budget year to reduce the anticipated receipts from the tax levy by the amount of additional allowable growth not expended and the district's total state school aids available under chapter 442 for the next following budget year by the amount of the award not expended.

Sec. 6. NEW SECTION. 260A.6 RULES. The state board of public instruction shall adopt rules under chapter 17A to implement this chapter.

Sec. 7. Section 442.9, subsection 1, paragraph a, Code Supplement 1983, is amended to read as follows:

a. As used in this chapter, "district cost per pupil" for the school year beginning July 1, 1975, and subsequent school years means district cost per pupil in weighted enrollment. The district cost per pupil for the budget year is equal to the district cost per pupil for the base year plus the allowable growth. However, district cost per pupil does not include additional allowable growth added for programs

for gifted and talented children, and for programs for returning dropouts, and for educational improvement projects, under this chapter or for school districts that have a negative balance of funds raised for special education instruction programs under section 442.13, subsection 14, paragraph "b", and does not include additional allowable growth established by the school budget review committee for a single school year only.

Sec. 8. There is appropriated from the general fund of the state to the department of public instruction for the fiscal year beginning July 1, 1984 and ending June 30, 1985, the sum of one hundred fifty thousand (150,000) dollars, or so much thereof as is necessary, to be paid to school districts for educational excellence incentive awards pursuant to chapter 260A.

#### DIVISION II

Sec. 9. There is appropriated from the general fund of the state to the department of public instruction for the fiscal year beginning July 1, 1984 and ending June 30, 1985, the sum of five hundred thousand (500,000) dollars, or so much thereof as may be necessary, to be allocated to the merged area schools created in chapter 289A for equipment replacement.

#### DIVISION III

Sec. 10. There is appropriated from the general fund of the state to the Iowa college aid commission for the fiscal year beginning July 1, 1984 and ending June 30, 1985, the sum of one hundred fifty thousand (150,000) dollars, or so much thereof as may be necessary, to be used to supplement the appropriation made in section 261.63 for supplemental grants to students.

Sec. 11. There is appropriated from the general fund of the state to the Iowa college aid commission for the fiscal year beginning July 1, 1984 and ending June 30, 1985, the sum of fifty thousand (50,000) dollars, or so much thereof

as may be necessary, to be used to supplement the appropriation made in section 261.25, subsection 1, for tuition grants.

## DIVISION IV

Sec. 12. In addition to any other funds appropriated to the state board of regents, there is appropriated from the general fund of the state to the state board of regents for the fiscal year beginning July 1, 1984 and ending June 30, 1985, the sum of one million five hundred fifty thousand (1,550,000) dollars, or so much thereof as may be necessary, to be used for the following purposes:

	1984-1985 <u>Fiscal Year</u>
1. UNIVERSITY OF IOWA	
For salaries, support, maintenance, and miscellaneous purposes .....	\$ 700,000
2. IOWA STATE UNIVERSITY	
For salaries, support, maintenance, and miscellaneous purposes .....	\$ 550,000
3. UNIVERSITY OF NORTHERN IOWA	
For salaries, support, maintenance, and miscellaneous purposes .....	\$ 300,000

## DIVISION V

Sec. 13. NEW SECTION. 266.31 CENTER ESTABLISHED--DIRECTOR--ASSISTANTS--SALARIES. The state board of regents shall maintain at Ames, in connection with the agricultural experiment station at Iowa state university of science and technology, a meat export research center. The center shall research technological, economic, and other factors involved in improving the performance of Iowa products in the meat export market with emphasis on the manufacture of value added meat products. The objectives of the center are:

1. To develop innovative meat processing technology to expand and support the export of meat products from Iowa;
2. To provide information to assist in assessing demand characteristics of international and domestic markets for meat and manufactured meat products;

3. To evaluate alternatives to help decision makers develop public policy concerning international and domestic trade in commodities resulting from livestock production and manufacturing of animal products;

4. To provide a center to enhance the exchange of information relative to technology, policy considerations and strategy supporting the export of animal products.

The president of the university shall appoint the director of the center and assistants as are deemed necessary to carry on the work of the center. The president shall fix the salaries of the director and assistants with the approval of the board.

Sec. 14. NEW SECTION. 266.32 ACCEPTANCE OF PRIVATE FUNDS. The state board of regents may accept grants of money from private sources for use in maintaining the meat export research center.

Sec. 15. There is appropriated from the general fund of the state to the state board of regents for the fiscal year beginning July 1, 1984, and ending June 30, 1985, the sum of two hundred thousand (200,000) dollars to be used to establish and maintain at Ames in connection with Iowa state university of science and technology, the meat export research center.

## DIVISION VI

Sec. 16. NEW SECTION. 266.33 The Iowa agricultural experiment station at Iowa state university of science and technology shall conduct horticultural research to identify and improve fruits and vegetables which can be effectively grown in Iowa to provide more diversity for Iowa agriculture. The experiment station shall investigate production, marketing, and management techniques, adaptability, and horticultural potential of the fruits and vegetables for both processing and for fresh market sale.

Sec. 17. There is appropriated from the general fund of the state to the state board of regents for the fiscal year

beginning July 1, 1984, and ending June 30, 1985, the following amounts, or so much thereof as is necessary, to be used for the purpose designated in section 266.33:

1. For the acquisition of a building, necessary equipment, and operation expenses at the Muscatine Island research station ..... \$ 50,000

2. For the establishment of and equipment, operation, and personnel of a new research center in western Iowa ..... \$ 60,000

Sec. 19. NEW SECTION. 266.34 The Iowa cooperative extension service in agriculture and home economics shall employ a state extension fruit specialist to provide leadership in the development of a broader array of educational materials and field staff training. The materials or training should provide, in popular and practical terms, the available research at Iowa state university of science and technology and elsewhere that will enable area and county extension service to expand their efforts with existing and potential fruit growers for marketing in or outside of this state.

Sec. 19. There is appropriated from the general fund of the state to the state board of regents for the fiscal year beginning July 1, 1984, and ending June 30, 1985, thirty-five thousand (\$35,000) dollars, or so much thereof as is necessary to be used for salaries and operating expenses within the cooperative extension service for the purpose designated in section 266.34.

Sec. 20. There is appropriated from the general fund of the state to the Iowa department of agriculture for the fiscal year beginning July 1, 1984, and ending June 30, 1985, the sum of thirty-five thousand (\$35,000) dollars to be used to hire a horticultural marketing specialist and support staff in order to develop programs which will assist the

horticultural industry in Iowa, which programs shall include, but are not limited to:

1. Statewide marketing plans for commercial horticultural products and crops.
2. Development of cooperatives for packaging and storing fresh produce.
3. Assessment of temporary and permanent market potential in metropolitan areas.
4. Establishment of an electronic marketing program for horticultural crops.

Sec. 21. NEW SECTION. 266.35 The agricultural experiment station at Iowa state university of science and technology shall conduct research to identify crops, other than corn and soybeans, which can be effectively grown in Iowa either alone or in multiple cropping schemes to provide more diversity for Iowa agriculture. The experiment station shall investigate production and management techniques, adaptability, feasibility, marketability, and agronomic potential of the alternate crops.

Sec. 22. There is appropriated from the general fund of the state to the state board of regents for the fiscal year beginning July 1, 1984 and ending June 30, 1985, the sum of twenty-two thousand (\$22,000) dollars to be used by the agricultural experiment station at Iowa state university of science and technology for the research required by section 266.35.

Sec. 23. There is appropriated from the general fund of the state to the state board of regents for the fiscal year beginning July 1, 1984 and ending June 30, 1985, the sum of two hundred thousand (\$200,000) dollars to be used by the agricultural experiment station at Iowa state university for a new food crops research center.

#### DIVISION VII

Sec. 24. There is appropriated from the general fund of the state to the department of public safety for the fiscal year beginning July 1, 1984 and ending June 30, 1985 the sum

of two hundred thousand (200,000) dollars, or so much thereof as may be necessary, for payment of claims filed under the victim reparation program and for the payment of operational expenses.

Sec. 25. There is appropriated from the general fund of the state to the state bureau of labor for the fiscal year beginning July 1, 1984, and ending June 30, 1985, the following amounts, or so much thereof as is necessary, to be used for the purposes designated:

	1984-1985
	<u>Fiscal Year</u>
1. For performance of responsibilities under House File 2183, enacted by the Seventieth General Assembly, 1984 Session .....	\$ 33,000
2. For performance of duties specified under the hazardous chemicals risks right to know Act, Senate File 2248, enacted by the Seventieth General Assembly, 1984 Session .....	\$ 47,000

Sec. 26. Notwithstanding section 321.145, there is transferred from the road use tax fund to the general fund of the state the sum of three hundred thousand (300,000) dollars which funds are hereby appropriated from the general fund of the state to the state department of public safety for the administration and supervision of the public highways for the fiscal year beginning July 1, 1984 and ending June 30, 1985, which funds shall be used for salaries, support, maintenance, and miscellaneous purposes of the division of highway safety and uniformed force for the administration and supervision of the public highways, including the state's contribution to the peace officers' retirement, accident,

and disability system provided in chapter 97A in the amount of sixteen percent of the salaries for which the funds are appropriated.

Sec. 27. NEW SECTION. 266.36 The Iowa cooperative extension service in agriculture and home economics shall accelerate the development of computer software and field staff training to increase the extension service's ability to offer financial management and counseling services to individual farm operators and to increase the analysis and understanding of financial management, marketing and related subjects among farm operators.

Sec. 28. There is appropriated from the general fund of the state to the state board of regents for the fiscal year beginning July 1, 1984, and ending June 30, 1985, two hundred thousand (200,000) dollars, or so much thereof as is necessary, for salaries and operating expenses within the cooperative extension service, and for supplies, services, and equipment to be used for the purpose designated in section 266.36.

DIVISION VIII

Sec. 29. AGRICULTURE, FOOD, AND ENERGY DEMONSTRATION CENTER STUDY.

1. PURPOSE--INTENT. The general assembly of this state desires to promote and enhance economic development within the state. The establishment of an agriculture, food, and energy demonstration center may be useful in the development of agricultural and agricultural related activities within the state. A study shall be done as provided in this section for the purpose of determining the feasibility, practicality, advantages, disadvantages, benefits, and disincentives to agriculture and agricultural related businesses, the state, and local communities of having an agriculture, food, and energy demonstration center within the state. It is the intent of the general assembly that to the extent time and resources allow the study shall encompass all aspects of the question of the merits of establishing different types of

agriculture, food and energy demonstration centers and the question of how to and what is needed to establish the different types of agriculture, food, and energy demonstration centers. The major objectives of this center are:

- a. To increase Iowa exports of agriculture and agriculture industries.
- b. To assist in training Americans and foreign nationals in the operation and utilization of American agricultural products, industries, and technologies.
- c. To effectively utilize already existent public-owned land for the purpose of demonstrating Iowa crops, products, and technology to potential purchasers from around the United States and the world.
- d. To encourage private business and industry to demonstrate the production, processing, storage, and distribution of all feasible agricultural systems. Such systems would include, but not be limited to, the following: modern systems of cattle, swine, sheep, dairy, and poultry production; processing systems; food and feed processing technologies; alternative energy technologies such as solar, wind, methane, ethanol, and bio-mass; and other systems and processes that can be demonstrated.
- e. To encourage the purchase of Iowa based commodities and technology in the export market.
- f. To create and expand business opportunities and employment opportunities within the state.
- g. To expand the research and technology base of agricultural education and nutrition research already existent in the state.
- h. To seek out the help, recommendation, and support of farm organizations and commodity groups, food and agricultural relief organizations, the exporting business community, all major state industries, manufacturers, and businesses, local and state government officials, and the citizens of Iowa in the establishment of an agriculture, food and energy demonstration center.

2. AGRICULTURE, FOOD, AND ENERGY DEMONSTRATION CENTER STUDY COMMITTEE. There is created an agriculture, food, and energy demonstration center study committee consisting of fifteen members. Four of the members, with not more than two of the same party, shall be appointed by and serve at the pleasure of the governor. Four of the members shall be members of the general assembly. The speaker of the house of representatives shall appoint two members, one from each political party. The president of the senate shall appoint two members, one from each political party. One member shall be appointed by the Des Moines city council. One member shall be appointed by the Ankeny city council. One member shall be appointed by the president of Iowa state university. Four members shall be associated with the private sector nonprofit corporation formed to provide matching funds for this study.

### 3. ORGANIZATION AND PARTICIPATION.

- a. The chairperson and vice chairperson of and elected by the committee shall direct and coordinate the activities of the committee.
- b. State officers and state departments and agencies shall cooperate by providing technical assistance to the committee upon request of the chairperson.
- c. The nonlegislative members of the committee shall be reimbursed for their travel and other necessary expenses actually incurred in the performance of their official duties from the state general fund from funds not otherwise appropriated. The legislative members shall receive, when the general assembly is not in session, a per diem of forty dollars and their travel and other necessary expenses actually incurred in the performance of their official duties from funds appropriated by section 2.12.
- d. The chairperson shall develop and provide to the governor or the governor's designee interim reports of the activities of the committee and shall complete and transmit copies of its final report to the governor and the members

of the general assembly who request them by January 1, 1985. The final report shall contain a brief summary of its activities, listing of its findings, and its recommendations, including additions or changes to existing law.

c. The agriculture, food, and energy demonstration center study committee shall cease to exist on March 1, 1985.

4. SCOPE OF THE STUDY. The committee shall consider and its recommendations shall address, but are not limited to, the following:

a. Examination of existing infrastructure in the central Iowa region including:

(1) Transportation systems such as highways; railroads; and air, including international airport status.

(2) Communication systems such as computer technologies and telecommunications of all types; satellite communications, including television; and developing communication links with all of the major world centers of commerce and trade.

(3) Impact study for all communities in central Iowa.

(4) Determination of the best location for the center.

(5) Water source; waste, air and water management and disposal; electricity and gas.

(6) Environmental impact statement.

(7) Food, housing and local transportation for American and foreign visitors.

b. Determine what cooperation will be needed from local, state and federal agencies.

c. Determine what cooperation will be needed from higher education institutions.

d. Determination of the extent of participation and investment in an agriculture center by foreign governments and foreign private enterprise.

e. Determination of the extent of investment possible by federal government agencies, such as the foreign agricultural service of the United States department of agriculture and the agency for international development in the United States department of commerce.

5. STAFF SUPPORT. Staff for the agriculture, food, and energy demonstration center study committee may be provided by the legislative service bureau and the legislative fiscal bureau upon approval of the legislative council.

Sec. 30. There is appropriated from the general fund of the state to the marketing division of the Iowa development commission for the fiscal year beginning July 1, 1984 and ending June 30, 1985, the sum of sixty thousand (60,000) dollars, or so much thereof as may be necessary, to be deposited in a special account together with such other funds as may be obtained from other public or private sources for the use of the agriculture, food, and energy demonstration center study committee. The funds appropriated by this section may be expended only to the extent that they are matched with funds from other public or private sources.

#### DIVISION IX

Sec. 31. There is appropriated from the general fund of the state for the fiscal year beginning July 1, 1984 and ending June 30, 1985, to the state board of regents, the sum of seven hundred twenty-five thousand (725,000) dollars, or so much thereof as necessary, for allocation by the state board of regents to the state university of Iowa, the Iowa state university of science and technology, and the Iowa braille and sight-saving school to undertake the following capital projects:

1. STATE UNIVERSITY OF IOWA

Fire safety deficiency corrections.

2. IOWA STATE UNIVERSITY OF SCIENCE AND TECHNOLOGY

a. Fire safety deficiency corrections.

b. Planning for phase 2 of the college of education building.

c. Planning for the home economics building.

3. IOWA BRAILLE AND SIGHT-SAVING SCHOOL

Utility system master plan and other campus improvements.

Sec. 32. There is appropriated from the general fund of

the state to the following state agencies for the fiscal year beginning July 1, 1984, and ending June 30, 1985, the following amounts, or so much as may be necessary, to be used in the manner designated:

	1984-1985 Fiscal Year
1. COMMISSION FOR THE BLIND	
a. Major overhaul of the absorption system .....	\$ 1,260
b. For rebuilding of the cooling tower .....	\$ 849
2. DEPARTMENT OF GENERAL SERVICES	
a. For the payment of state house renovation costs .....	\$ 740,000
b. For the acquisitions of land surrounding the capitol complex as it becomes available .....	\$ 120,000
c. For the renovation and remodeling of the third floor of the Robert Lucas building .....	\$ 650,000
d. For repair to the Wallace state office building .....	\$ 55,000
e. For repair of the roof of the vehicle dispatcher building and the repair of the roof of the micrographics building .....	\$ 90,000
f. For the installation of individual water heaters in capitol complex buildings .....	\$ 61,600
g. For replacement of the incandescent lamps in the upper portions of the capitol .....	\$ 5,250
h. For automation of the north capitol elevator .....	\$ 13,500

1. For repair of the roof and dome of the state historical building .....	\$ 285,000
2. For the renovation of restroom and drinking facilities in the state historical building to make them accessible to handicapped persons .....	\$ 10,000
3. For construction of a handicapped entrance ramp to the state historical building .....	\$ 5,000
3. IOWA STATE HISTORICAL DEPARTMENT	
a. For construction of a handicapped entrance to the centennial building in Iowa City .....	\$ 13,000
b. For the purchase of property adjacent to the gravesite at Gardner cabin .....	\$ 30,000
4. STATE CONSERVATION COMMISSION	
a. For Swan lake restoration .....	\$ 95,000
b. For construction, replacement, development and alterations to state parks and preserves, state forest facilities and state waters including artificial lake development; shoreline erosion and siltation control; river, stream and lake access; and engineering and planning services or to supplement any prior appropriation for such purposes .....	\$ 591,500
5. TREASURER OF STATE	
For the purchase of an investment machine and system .....	\$ 190,000

6. ENERGY POLICY COUNCIL

For an energy management program for state-owned and rented buildings ..... \$ 500,000

7. STATE FAIR BOARD

For roofing of the pavilion and cattle barn and major overhaul of the electrical system ..... \$ 240,000

8. DEPARTMENT OF PUBLIC DEFENSE

For building an armory in Clinton ..... \$ 388,000

Notwithstanding section 29A.57 the proceeds from the sale of the armory in Dubuque shall revert to the general fund of the state and not to the national guard facilities improvement fund.

9. DEPARTMENT OF PUBLIC SAFETY

To purchase land and erect new tower at Cedar Falls ..... \$ 70,000

Sec. 33. Notwithstanding section 8.33, unobligated or unencumbered funds appropriated under sections 31 and 32 of this Act shall remain available for expenditure during the fiscal year beginning July 1, 1985 and those funds remaining as of June 30, 1986 shall revert to the general fund of the state on September 30, 1986. The department of general services with the approval of the state comptroller, may transfer funds appropriated for a capital project in section 32, subsection 2 of this Act from one capital project to another capital project provided in section 32, subsection 2 of this Act so long as the total amount appropriated for all those projects is not exceeded.

DIVISION X

Sec. 34. Section 273.3, Code Supplement 1983, is amended by adding the following new subsection:

NEW SUBSECTION. 18. Be authorized to issue school credit cards allowing area education agency employees to pay for the actual and necessary expenses incurred in the performance of work-related duties.

Sec. 35. Section 279.8, unnumbered paragraph 1, Code 1983, is amended to read as follows:

The board shall make rules for its own government and that of the directors, officers, employees, teachers and pupils, and for the care of the schoolhouse, grounds, and property of the school corporation, and shall aid in the enforcement of the same rules, and require the performance of duties by said persons imposed by law and the rules. The board shall include in its rules provisions regulating the loading and unloading of pupils from a school bus stopped on the highway during a period of reduced highway visibility caused by fog, snow or other weather conditions. The board shall have the authority to include in its rules provisions allowing school corporation employees to use school credit cards to pay for the actual and necessary expenses incurred in the performance of work-related duties.

Sec. 36. Section 280A.23, Code 1983, is amended by adding the following new subsection:

NEW SUBSECTION. 11. Be authorized to issue to employees of merged area schools school credit cards to use for payment of authorized expenditures incurred in the performance of work-related duties.

Sec. 37. Section 303B.6, Code 1983, is amended by adding the following new subsection:

NEW SUBSECTION. 9. Issue to employees within their jurisdiction regional library system credit cards to use for payment of authorized expenditures incurred in the performance of work-related duties.

Sec. 38. This Act, being deemed of immediate importance, shall take effect as provided in this section from and after its publication in the Oskaloosa Daily Herald, a newspaper

published in Oskaloosa, Iowa, and in the Diamond Trail News, a newspaper published in Sully, Iowa. Section 32, subsection 2, paragraph "a", of this Act appropriating funds to the department of general services for payment of state house renovation costs shall take effect upon publication and become available for expenditure upon that date notwithstanding any contrary provision of that section. All other provisions of this Act shall take effect July 1 following enactment.
