The Iowa plan fund for economic development, also to be known as the Iowa plan fund, is created in the office of the treasurer of state. Lottery revenue remaining after expenses are determined shall be transferred to the Iowa plan fund on a quarterly basis. Revenues generated during the last quarter of the fiscal year which are transferred to the Iowa plan fund during the following fiscal year shall be considered revenues transferred during the previous fiscal year for purposes of the allotments made to and appropriations made from the separate accounts in the Iowa plan fund for that previous fiscal year. However, upon the request of the commissioner and subject to approval by the treasurer of state, an amount sufficient to cover the foreseeable administrative expenses of the lottery for a period of twenty-one days may be retained from the lottery revenue. Prior to the quarterly transfer to the Iowa plan fund, the commissioner may direct that lottery revenue shall be deposited in the lottery fund and in interest bearing accounts designated by the treasurer of state in the financial institutions of this state or invested in the manner provided in section 452.10. Interest or earnings paid on the deposits or investments is considered lottery revenue and shall be transferred to the Iowa plan fund in the same manner as other lottery revenue. Money in the Iowa plan fund shall be deposited in interest bearing accounts in financial institutions in this state or invested in the manner provided in section 452.10. The interest or earnings on the deposits or investments shall be considered part of the Iowa plan fund

and shall be retained in the fund unless appropriated by the general assembly.
