21 For the purpose of this paragraph, the reimbursable contact

34 by the fiscal year beginning July 1, 1989. The
35 recommendations shall take into account the existing general

1 state financial aid for each area school, the extent of the

5 school. Prior to December 1, 1985, the state board shall

The Honorable Donald Avenson
Speaker
House of Representatives
State Capitol Building
L O C A L

Dear Mr. Speaker:

I hereby transmit House File 747, an act relating to and making appropriations to agencies, institutions, commissions, departments, and boards responsible for education, artistic, and historical programs of this state.

House File 747 is approved May 3, 1985, with the following exceptions which I hereby disapprove.

I am unable to approve of the item designated as Section 6, Subsection 1(c), which reads as follows:

c. As a condition of the appropriation made in paragraph "a", the department of public instruction shall expend at least twenty-five thousand (25,000) dollars of the moneys appropriated in paragraph "a" to provide increased compensation for individuals employed by the department in consultant positions in order to bring their compensation up to a level that is more competitive with compensation received by individuals employed in other professional positions that have similar educational requirements.

The state of Iowa is currently in the process of implementing a state-wide comparable worth policy. The system is based on comprehensive evaluations of the "worth" of the tasks done by employees in all state classifications, and in all state agencies.

The Department of Public Instruction's consultant pay classifications were evaluated as part of the comparable worth study. Now, even as comparable worth is just being implemented on a state-wide basis, this section would go outside the comparable worth system to make adjustments to the salaries of a few employees in one department. These arbitrarily-chosen adjustments are inappropriate at this time and would not be in the interests of developing a sound comparable worth system for the state as a whole.

The Honorable Donald Avenson
May 3, 1985
Page 2

I am also unable to approve Sections 5, 18, and 19, which read as follows:

Sec. 5. There is appropriated from the general fund of the state to the Iowa college aid commission for the fiscal year beginning July 1, 1985, and ending June 30, 1986, the sum of fifteen thousand (15,000) dollars, or as much thereof as may be necessary, to make reimbursement payments to teachers under the guaranteed student loan payment program established in section 261.45.

Sec. 18. Sec. 261.45, Code 1985, is amended by adding the following new subsection:

NEW SUBSECTION. 6. Received reimbursement payments under this section during the fiscal year beginning July 1, 1984.

Sec. 19. Sec. 261.45, unnumbered paragraph 3, Code 1985, is amended by striking the unnumbered paragraph.

Taken together, these three sections effectively eliminate the guaranteed loan payment program established in 1983. This program encourages college students to become certified and teach advanced mathematics and advanced science courses in Iowa. Individuals who graduated from college in 1983 or later, and who teach qualifying subjects, are reimbursed by this program for up to \$1,000 of their guaranteed student loan payments for each year they teach. Teachers may receive up to \$6,000 in reimbursements under this program.

Many studies have indicated that there is an impending shortage of qualified teachers in the advanced math and science areas. This program encourages graduates in these shortage areas to teach in Iowa.

In its two years of existence, this program has provided incentives to 30 new Iowa teachers. These are all teachers who are providing instruction in Iowa schools in these high demand areas, and who graduated from college since 1983. The program is clearly a success at encouraging math and science instruction for a minimal cost to the state.

The Honorable Don Avenson
May 3, 1985
Page 3

In light of its success, this program should be retained to complement the forgivable loan program established in House File 225. The forgivable loan program provides assistance to Iowa residents who attend higher education institutions in Iowa. However, that new program does not provide teaching incentives for Iowa residents who attended out-of-state institutions, or for residents of other states who attended Iowa colleges. The guaranteed loan payment program provides incentives for these teachers, and no cost accrues to the Iowa taxpayers until the teacher has actually taught here for one year. Thus the guaranteed loan payment program is a valuable complement to the new forgivable loan. It should be retained.

For the above reasons, I hereby respectfully disapprove of these items in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in House File 747 are hereby approved as of this date.

Very truly yours,

Terry E. Branstad
