BACKGROUND STATEMENT

SUBMITTED BY THE AGENCY

18 The purpose of this bill is to allow the Iowa board of 19 dental examiners the authority to address a recently emerging 20 problem relating to disciplinary action against licensees.

At the present time there are licensees who are licensed in 22 Iowa and also licensed in other states. These licensees may 23 be the subject of disciplinary action in other states and then 24 move back to Iowa to practice dentistry. Under present law 25 the Iowa board of dental examiners must allow these licensees 26 who move back into Iowa to practice in this state despite the 27 disciplinary action taken against them in the state where they 28 formerly practiced. This bill would allow the board to 29 address the problem of licensees seeking multiple licenses as 30 a hedge against licensee discipline and moving from one state 31 to another.

32 It is consistent with the recently enacted federal statute 33 "Health Care Quality Act of 1986" which mandates the 34 establishment of a central federal clearinghouse for 35 information on licensee discipline. States shall be required

-2-

S.F. H.F.

1 to report sanctions and malpractice judgments to this federal 2 clearinghouse. The purpose of this federal statute is due to 3 the increasing occurrence of malpractice and the need to 4 improve the quality of medical care nationwide. Also its 5 purpose is to address the need to restrict the ability of 6 incompetent dentists who move from state to state without 7 disclosure or discovery of the dentist's previous damaging or 8 incompetent performance.

9 This proposed bill is consistent with and patterned after a 10 corresponding provision in section 148.6, relating to the 11 powers already possessed by the Iowa board of medical 12 examiners as well as other examining boards.
