1 Section 1. NEW SECTION. 159.32 COMPREHENSIVE MANAGEMENT
2 PLAN -- HIGHLY ERODIBLE ACRES.

3618-3 The department shall request cooperation from the federal
4 government, including the agricultural conservation and
5 stabilization service and the soil conservation service, to
6 investigate methods to preserve land which is highly erodible,
7 as provided in the federal Food Security Act of 1985, 16
8 U.S.C. § 3801 et seq., for the purpose of developing with
9 owners of the land a comprehensive management plan for the
10 land. The plan may be based on the soil conservation plan of
11 the federal soil conservation service and may include a farm
12 unit conservation plan and a comprehensive agreement as
13 provided in chapter 467A. The department of natural resources
14 and extension services at Iowa state university of science and
15 technology shall cooperate with the department in developing
16 the comprehensive plan.

17 The investigation shall include methods which help to
18 preserve highly erodible land from row crop production through
19 production of alternative commodities, and financial
20 incentives. The department shall report to the governor and
21 the general assembly not later than January 15, 1990, of the
3618-22 department's progress and recommendations for programs
23 necessary to preserve highly erodible land from injury or
24 destruction.

25 EXPLANATION

26 This bill provides for the investigation by the department
27 of agriculture and land stewardship in cooperation with state
28 and federal agencies of methods to preserve land which is
29 highly erodible, as provided in the federal legislation
30 concerning the conservation reserve program, for the purposes
31 of developing with owners of the land a comprehensive
32 management plan.

1 Section 1. NEW SECTION. 159.32 COMPREHENSIVE MANAGEMENT
2 PLAN -- HIGHLY ERODIBLE ACRES.

3 The department shall request cooperation from the federal
4 government, including the agricultural conservation and
5 stabilization service and the soil conservation service, to
6 investigate methods to preserve land which is highly erodible,
7 as provided in the federal Food Security Act of 1985, 16
8 U.S.C. § 3801 et seq., for the purpose of developing with
9 owners of the land a comprehensive management plan for the
10 land. The plan may be based on the soil conservation plan of
11 the federal soil conservation service and may include a farm
12 unit conservation plan and a comprehensive agreement as
*13 provided in chapter 467A. The extension services at Iowa
14 state university of science and technology shall cooperate
15 with the department in developing the comprehensive plan.

16 The investigation shall include methods which help to
17 preserve highly erodible land from row crop production through
18 production of alternative commodities, and financial
19 incentives. The department shall report to the governor and
20 the general assembly not later than January 15, 1990, of the
21 department's progress in the investigation. The department
22 shall report to the governor and the general assembly not
23 later than January 15, 1991, on the department's
24 recommendation for programs necessary to preserve highly
25 erodible land from injury or destruction.

HOUSE FILE 623

AN ACT
RELATING TO DEVELOPING COMPREHENSIVE MANAGEMENT PLANS WITH OWNERS OF HIGHLY ERODIBLE LAND.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF IOWA:

Section 1. NEW SECTION. 159.32 COMPREHENSIVE MANAGEMENT PLAN -- HIGHLY ERODIBLE ACRES.

The department shall request cooperation from the federal government, including the agricultural conservation and stabilization service and the soil conservation service, to investigate methods to preserve land which is highly erodible, as provided in the federal Food Security Act of 1985, 16 U.S.C. § 3801 et seq., for the purpose of developing with owners of the land a comprehensive management plan for the land. The plan may be based on the soil conservation plan of the federal soil conservation service and may include a farm unit conservation plan and a comprehensive agreement as provided in chapter 467A. The extension services at Iowa state university of science and technology shall cooperate with the department in developing the comprehensive plan.

The investigation shall include methods which help to preserve highly erodible land from row crop production through production of alternative commodities, and financial incentives. The department shall report to the governor and the general assembly not later than January 15, 1990, of the department's progress in the investigation. The department shall report to the governor and the general assembly not later than January 15, 1991, on the department's

DONALD D. AVENSON
Speaker of the House

JO ANN ZIMMERMAN
President of the Senate

I hereby certify that this bill originated in the House and is known as House File 623, Seventy-third General Assembly.

JOSEPH O'HERN
Chief Clerk of the House

Approved May 22, 1989
