OFFICE OF THE GOVERNOR

STATE CAPITOL

DES MOINES IOWA 50319

TERRY E. BRANSTAD
GOVERNOR

May 3, 1989

The Honorable Jo Ann Zimmerman
President of the Senate
State Capitol Building
L O C A L

Dear Madam President:

I hereby transmit Senate File 520, an act relating to and making appropriations to the Department of Economic Development.

Senate File 520 is, hereby, approved on this date with the following exceptions which I hereby disapprove.

I am unable to approve the item designated as Section 1, subsection 2, unnumbered paragraph 2. This provision in Senate File 520 would prevent any of the funds appropriated in subsection 2 for tourism promotion from being used for tourism advertising. However, the legislature included \$215,000 in this particular line item for that very purpose. In order to meet our commitment to provide a total of \$3 million for tourism marketing in the coming fiscal year, the \$215,000 included in subsection 2 will be needed. To allow that to occur and to correct this oversight, I must eliminate that language included in Section 1.

I am unable to approve the designated portion of Section 1, subsection 8, unnumbered paragraph 2. This provision in Senate File 520 stipulates that any official trade mission led by the governor must include representatives of the executive council. Frankly, as a matter of course, we have invited the secretary of agriculture to participate in trade missions when agricultural products are being promoted. The purpose of trade missions have not been and should not be made political; instead, the purpose should be to further the sale of Iowa-made products and to encourage reverse investment into our state. We have been most successful at the efforts we have made to date in that regard and we plan to continue those efforts.

The Honorable Jo Ann Zimmerman
May 3, 1989
Page 2

The funds the General Assembly have provided to the Department of Economic Development will greatly assist Iowa in its export activities. Should a trade mission require the participation from a member of the executive council in an area of their particular interest and expertise, the general assembly can be assured that the member will be invited. To require their participation regardless of their expertise or interest would simply be a waste of the taxpayers' funds.

I am unable to approve the designated portion of Section 1, subsection 18, unnumbered paragraph 2 and the item designated as Section 1, subsection 21, unnumbered paragraph 3. These provisions in Senate File 520 prevent any unspent funds appropriated to the displaced homemakers and dislocated workers programs from reverting to the state's general fund. Apparently, this anti-reversion language was inadvertently left in the legislation from my original budget bill draft. However, the final legislative action significantly increased the funding available for both of these programs, as compared to my original draft, thus making it unnecessary to include language allowing a carryover of the funds. If additional funds are needed to be provided in future fiscal years, the legislature can provide those appropriations at that time.

Senate File 520 is generally a good bill that supports our efforts to diversify the economy and to market and promote Iowa. I applaud the legislature for taking this responsible action to further the state's economic development efforts.

For the above reasons, I hereby respectfully disapprove this item in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in Senate File 520 are hereby approved as of this date.

Sincerely,

Terry E. Branstad
Governor
