*HF 2415*

1 Section 1. NEW SECTION. 280.23 STUDENT HEALTH SERVICES.  
2 The board of directors of each public school district and  
3 the authorities in charge of each nonpublic school shall not  
4 require nonadministrative personnel to perform any special  
5 health services or intrusive nonemergency medical services for  
6 students unless the nonadministrative personnel are licensed,  
7 or otherwise qualified, or have consented to perform the  
8 services.

9 EXPLANATION

10 This bill prohibits the boards of directors of public  
11 school districts and the authorities in charge of nonpublic  
12 schools from requiring nonadministrative personnel to perform  
13 any special or intrusive, nonemergency medical or health  
14 services for students unless they are licensed or otherwise  
15 qualified, or have consented to perform the services.

HOUSE FILE 2415  
FISCAL NOTE

---

A fiscal note for House File 2415 is hereby submitted pursuant to Joint Rule 17. Data used in developing this fiscal note is available from the Legislative Fiscal Bureau to members of the Legislature upon request.

---

House File 2415 prohibits the board of directors of public school districts and the authorities in charge of nonpublic schools from requiring nonadministrative personnel to perform any special or intrusive, nonemergency medical or health services for students, unless they are licensed or have consented to perform the services.

Assumptions:

- \* There are currently 81 districts that reported no health services.
- \* If necessary, these districts would employ a half-time health services staff, with an average salary of \$11,150.
- \* For districts that have existing health services, this legislation would have no additional impact.
- \* While this affects the expenditures of a district, it does not affect the school foundation formula, so it does not affect the amount of money a district receives.

Fiscal Estimate:

House File 2415 has no additional general fund or property tax impact. It could however, cost districts approximately \$903,000 (\$11,150 X 81). The impact on districts could also be less, if they opted to not hire the staff listed above.

FISCAL NOTE

---

A fiscal note for House File 2415 is hereby submitted pursuant to Joint Rule 17. Data used in developing this fiscal note is available from the Legislative Fiscal Bureau to members of the Legislature upon request.

---

House File 2415 prohibits the board of directors of public school districts and the authorities in charge of nonpublic schools from requiring nonadministrative personnel to perform any special or intrusive, nonemergency medical or health services for students, unless they are licensed or have consented to perform the services.

Assumptions:

- \* There are currently 81 districts that reported no health services.
- \* If necessary, these districts would employ a half-time health services staff, with an average salary of \$11,150.
- \* For districts that have existing health services, this legislation would have no additional impact.
- \* State expenditures will be approximately 83% of the total expenditures for FY 1993, and property taxes would be approximately 17% of the total.

Fiscal Estimate:

House File 2415 could cost approximately \$903,000 ( $\$11,150 \times 81$ ). Of this amount, state expenditures would be \$749,000 ( $\$903,000 \times .83$ ), and \$153,000 ( $\$903,000 \times .17$ ) would be property taxes.

The actual impact could be less, if districts opted to not hire the staff listed above.

1 authority of the territory involved, and to each property  
2 owner listed in the petition. The written notification shall  
3 include notice that the petitioners shall hold a public  
4 meeting on the petition for involuntary annexation prior to  
5 the filing of the petition.

6 Sec. 5. Section 368.17, subsections 6 and 7, Code  
7 Supplement 1991, are amended to read as follows:

8 6. An incorporation of territory, any part of which is  
9 within ~~an urbanized area of a~~ two miles of an existing city,  
10 unless a petition for annexation of substantially the same  
11 territory to such city has been dismissed, disapproved, or  
12 voted upon unfavorably within the last five years.

13 7. ~~An annexation~~ A city development action which creates  
14 an island.

15 EXPLANATION

16 This bill makes technical changes to the city development  
17 chapter. The phrase "urbanized area" is substituted for "area  
18 of a city other than the city to which the annexation is  
19 directed." The bill also specifies to whom notice of an  
20 involuntary annexation must be sent.

21 The bill prohibits deletion of territory from a city if it  
22 would create an island. Currently, annexation of territory  
23 which would create an island is prohibited.

24 The bill also provides that a committee may not approve  
25 either the establishment of a new city which is within two  
26 miles of an existing city, rather than within the urbanized  
27 area of a city, unless a petition for annexation of  
28 substantially the same territory was dismissed, disapproved,  
29 or voted upon unfavorably within the last five years, or a  
30 city development action which creates an island.

2 1. The board of directors of each public school district  
3 and the authorities in charge of each nonpublic school shall  
4 establish and maintain a school health services program. The  
5 program shall be designed to assist each student to protect,  
6 improve, and maintain their physical, emotional, and social  
7 well-being.

8 2. The program shall include but is not limited to the  
9 following: environmental health and safety, emergency health  
10 procedures and responsibilities, health promotion,  
11 communicable disease prevention and control, acute or chronic  
12 health problem management, health assessment and screening,  
13 school health program staffing, the administering of  
14 prescription medication, and recordkeeping and program  
15 evaluation.

16 3. Student health services program personnel shall not  
17 perform any duties within a school health services program  
18 unless they are licensed, certified, or otherwise qualified to  
19 perform the services.

20 EXPLANATION

21 The bill directs the board of directors of each public  
22 school district and the authorities in charge of each  
23 nonpublic school to establish and maintain a school health  
24 services program to assist students in protecting, improving,  
25 and maintaining their physical, emotional, and social well-  
26 being.

27 The bill provides that student health services personnel  
28 can perform only those duties they are licensed, certified, or  
29 otherwise qualified to perform.

30 The bill may include a state mandate as defined in section  
31 25B.3.
