1 Section 1. Notwithstanding the requirement in section
2 99E.10, subsection 1, to transfer lottery revenue remaining
3 after expenses are deducted, prior to any such transfer there
4 is appropriated from the lottery fund to the following named
5 entities, agencies, and funds for the fiscal year beginning
6 July 1, 1991, and ending June 30, 1992, the following amounts,
7 or so much thereof as is necessary, to be used for the
8 purposes designated:

9 1. The waste volume reduction and recycling fund:
10 \$ 700,000

11 Moneys appropriated in this subsection shall be used as
12 follows:

13 a. One-half of the moneys shall be used for the purposes
14 specified pursuant to section 455D.15, subsection 2. The
15 moneys shall be allocated to each county on the basis of
16 population. The county allocation shall be distributed
17 quarterly by the department to each county. The county shall
18 immediately distribute the funds to the cities based upon the
19 proportion of the city's respective population to the total
20 county population, and the county shall retain the portion of
21 the funds based upon the proportion of the unincorporated area
22 of the county to the total population of the county. The
23 funds shall be used by the county and the cities for the
24 implementation of the comprehensive plan elements required
25 pursuant to section 455B.306 and relative to chapter 455D.

26 b. One-half of the moneys shall be used for the purposes
27 specified pursuant to section 455D.15, subsection 3.

18 \$ 200,000

19 7. The water protection fund created in section 467F.4, to
20 be used for filter strips and waterways projects. The
21 governing body of each soil and water conservation district
22 shall identify those critical areas within the district where
23 permanent grass and buffer zones would mitigate the effects of
24 concentrated runoff on surface water quality. The governing
25 body shall notify the landowners of those critical areas and
26 provide the landowners with recommendations to establish these
27 permanent grass and buffer zones, including any erosion
28 control structures that may be appropriate, to mitigate the
29 effects of concentrated runoff on surface water quality. In
30 providing this notification and these recommendations, the
31 governing body shall also inform the landowners that the
32 establishment of these zones along with any erosion control
33 structures may be eligible for financial assistance under the

19 and shall contain a component for ongoing education concerning
20 the goals of the plan and how to achieve those goals. The
21 moneys under this subsection shall be allocated equally for
22 building efficiency and vehicle efficiency. However, if the

14 14. To the Iowa resources enhancement and protection fund:
15 \$ 2,500,000

16 Notwithstanding the setoff provision in section
17 455A.18, subsection 4, the amount appropriated in this
18 subsection is in addition to any amount appropriated
19 from the general fund of the state under section
20 455A.18 or other Act of the general assembly.

21 15. The agency or entity to which moneys are appropriated
22 or which oversee a fund to which moneys are appropriated under

2 subsection 2, for the commissioner to certify and transfer a
3 portion of the lottery fund to the CLEAN fund, nor the
4 appropriations and allocations in section 99E.34, all lottery
5 revenues received during the fiscal year beginning July 1,
6 1991, and ending June 30, 1992, after deductions for expenses
7 as provided in section 99E.10, subsection 1, and as
8 appropriated under section 1 of this Act, shall not be
9 transferred to and deposited into the CLEAN fund but shall be
10 used to reimburse the general fund of the state for each
11 dollar spent, up to the following amounts, as a result of the
12 appropriations made for the following purposes:

- 13 1. Soil conservation cost share as administered by the
14 department of agriculture and land stewardship, up to

30 used for the reimbursement of general fund expenditure for the
31 purposes and in the amounts specified in subsections 1 through
32 8 shall not revert to the general fund of the state but shall
33 remain in the lottery fund. The appropriations from the
34 general fund of the state for purposes specified in
35 subsections 1 through 8 shall not be reduced or prorated if

1 lottery revenues are insufficient to reimburse the general
2 fund of the state for the appropriations for the purposes of
3 subsections 1 through 8.

The Honorable Elaine Baxter
Secretary of State

L O C A L

Dear Madam Secretary:

I hereby transmit Senate File 549, an act relating to appropriations from the lottery fund.

Senate File 549 is, therefore, approved on this date with the following exceptions which I hereby disapprove.

I am unable to approve the items designated in Section 1, subsections 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13 and 15, in their entirety. These items appropriate a total of \$2.5 million directly ("off-the-top") from the lottery fund for programs administered by the Department of Natural Resources, the Department of Agriculture and Land Stewardship and Iowa State University.

While I support many of these items, each is either a new program or a program expansion that cannot be approved at this time, given the state's difficult fiscal circumstances.

For the above reason, I hereby respectfully disapprove this item in accordance with Amendment IV of the Amendments of 1968 to the Constitution of the State of Iowa. All other items in Senate File 549 are hereby approved as of this date.

Sincerely,

A handwritten signature in cursive script that reads "Terry E. Branstad".
