

House Study Bill 269

Conference Committee Text

PAG LIN

1 1 Section 1. Section 321.1, subsection 32, paragraph f, Code
1 2 1995, is amended to read as follows:
1 3 f. Self-propelled machinery or machinery towed by a motor
1 4 vehicle or farm tractor operated at speeds of less than thirty
1 5 miles per hour. The machinery must be specifically designed
1 6 for, or especially adapted to be capable of, incidental over-
1 7 the-road and primary off-road usage. In addition, the
1 8 machinery must be used exclusively for the mixing and
1 9 dispensing of nutrients to bovine animals fed at a feedlot, or
1 10 the application of organic or inorganic plant food materials,
1 11 agricultural limestone, or agricultural chemicals. However,
1 12 the machinery shall not be specifically designed or intended
1 13 for the transportation of such nutrients, plant food
1 14 materials, agricultural limestone, or agricultural chemicals.
1 15

~~The machinery shall be operated in compliance with section~~

1 16

~~321.463.~~

1 17 EXPLANATION
1 18 This bill provides that machinery drawn by a motor vehicle
1 19 or farm tractor and used for mixing or dispensing feed or the
1 20 application of plant food materials is considered an implement
1 21 of husbandry. The bill further provides that the plant food
1 22 materials may be either organic or inorganic.
1 23 This bill also provides that certain self-propelled
1 24 machinery, as well as the machinery added by this bill,
1 25 defined as an implement of husbandry is not specifically
1 26 subject to the gross weight restrictions provided in section
1 27 321.463. Instead, the machinery is treated similarly to other
1 28 equipment deemed an implement of husbandry and subject to the
1 29 exceptions to size, weight, and load requirements as provided
1 30 in section 321.453.
