18 thoroughbred, quarter horse, or standardbred stallion, the
19 following requirements shall be met:

20 (1) (a) Stallion residency from January 1 through July 31

26 c. For horses foaled on or after the effective date of

2 brood mare residency is based on a thirty-day residency,
3 unless the mare was bred by other than an Iowa registered
4 stallion. In that case, continuous residency is required.
5 This bill provides that for horses foaled on and after the
6 effective date of the bill, the eligibility for brood mare
7 residence shall be achieved, if the brood mare establishes
8 residence from December 1, and the foal is raised in Iowa for
9 the first six months of its life. The bill requires the
