3 EXPLANATION

4 This bill amends section 99D.22 which requires racetracks  
5 to hold at least one race on each racing day limited to Iowa-  
6 foaled horses. The statute provides that the eligibility for  
7 brood mare residency is based on a 30-day residency, unless  
8 the mare was bred by other than an Iowa-registered stallion.  
9 In that case, continuous residency is required. This bill  
10 provides that on and after the effective date of the bill,  
11 eligibility is based on whether the brood mare foals in Iowa,  
12 and the foal is raised for the first six months of its life in  
13 Iowa. In addition, the bill requires that the owner of the  
14 mare must have been a resident of the state for at least two  
15 years prior to the horse being foaled. The bill requires the  
16 department of agriculture and land stewardship to adopt rules  
17 and prescribe forms to administer this provision.
