S.F. 59

1 Section 1. Section 444.1, Code 1995, is amended by adding  
2 the following new unnumbered paragraph:

3 NEW UNNUMBERED PARAGRAPH. Notwithstanding any other  
4 provision, all taxing districts in the state authorized to  
5 certify or levy a tax on real property shall, for each fiscal  
6 year, certify to the county auditor or board of supervisors  
7 the percentage of the budget for which the tax will be levied  
8 against the assessed valuation of land subject to tax and the  
9 percentage of the budget that will be levied against the  
10 assessed valuation of the taxable real property other than  
11 land. If a taxing district has a limit on the rate of the  
12 levy, that limit shall only mean that the total amount of  
13 property tax revenues that the taxing district may collect  
14 from all taxable real property equals the product of that levy  
15 rate limit times the total assessed value of all taxable real  
16 property.

17 Sec. 2. This Act applies to property taxes levied for  
18 fiscal years beginning on or after July 1, 1995, which are due  
19 and payable during fiscal years beginning on or after July 1,  
20 1996.

21 EXPLANATION

22 This bill allows a taxing district to set the percentage of  
23 its budget, for which a real property tax levy is authorized,  
24 that is to be collected from the tax on the land and the  
25 percentage of its budget that is to be collected from the tax  
26 on all other taxable real property other than land. The bill  
27 also provides that if the taxing district has a levy limit,  
28 this levy limit only means that the total amount of property  
29 tax revenues that may be collected equals the product of the  
30 levy limit times the total assessed valuation of all taxable  
31 real property.

32 The bill applies to property taxes levied for fiscal years  
33 beginning on or after July 1, 1995, which are due and payable  
34 during fiscal years beginning on or after July 1, 1996.
