

# Senate Study Bill 190

## Conference Committee Text

PAG LIN

1 1 Section 1. Section [8D.13](#), Code 1995, is amended by adding  
1 2 the following new subsection:

1 3 NEW SUBSECTION. 5A. Notwithstanding subsection 5, the  
1 4 state may own fiber optic cable facilities or facilities with  
1 5 DS-3 capacity for a Part III connection which is a spur  
1 6 connection. For purposes of this subsection, "spur  
1 7 connection" means a connection which is associated with a Part  
1 8 III authorized user, described in subsection 2, paragraph "c",  
1 9 which is located no more than one and one-half miles from a  
1 10 fiber optic cable route used or to be used for connecting a  
1 11 facility, identified in the Iowa national guard request for  
1 12 proposals dated October 10, 1994, and any subsequent addendum,  
1 13 to the network, or no more than one and one-half miles from an  
1 14 Iowa national guard facility which is or is to be connected to  
1 15 the network. The spur connection shall be no more than one  
1 16 and one-half miles long and shall be connected to such fiber  
1 17 optic cable route or national guard facility.

1 18 Sec. 2. There is appropriated from the general fund of the  
1 19 state to the Iowa telecommunications network fund under the  
1 20 control of the Iowa telecommunications and technology com-  
1 21 mission for the fiscal year beginning July 1, 1995, and ending  
1 22 June 30, 1996, the following amount, or so much thereof as may  
1 23 be necessary, to be deposited in a separate account and to be  
1 24 used, notwithstanding section 8D.13, for costs associated with  
1 25 spur connections to the network as defined in section 8D.13,  
1 26 subsection 5A, which extend from a connection to an Iowa  
1 27 national guard facility:

1 28 ..... \$ 2,000,000

1 29 EXPLANATION

1 30 This bill provides that the state may own fiber optic cable  
1 31 facilities or facilities with DS-3 capacity for a connection  
1 32 associated with a Part III authorized user which is located no  
1 33 more than one and one-half miles from a fiber optic cable  
1 34 route used or to be used for connecting a facility, identified  
1 35 in the Iowa national guard request for proposals dated October  
2 1 10, 1994, and any subsequent addendum, to the network, or no  
2 2 more than one and one-half miles from an Iowa national guard  
2 3 facility which is or is to be connected to the network. These  
2 4 connections are defined as spur connections.
