EXPLANATION

2 4 This bill amends section 99D.22 which requires racetracks  
2 5 to hold at least one race on each racing day limited to Iowa-  
2 6 foaled horses. The statute provides that the eligibility for  
2 7 brood mare residency is based on a 30-day residency, unless  
2 8 the mare was bred by other than an Iowa-registered stallion.  
2 9 In that case, continuous residency is required. This bill  
2 10 provides that on and after the effective date of the bill,  
2 11 eligibility is based on whether the brood mare foals in Iowa,  
2 12 and the foal is raised for the first six months of its life in  
2 13 Iowa. In addition, the bill requires that the owner of the  
2 14 mare must have been a resident of the state for at least two  
2 15 years prior to the horse being foaled. The bill requires the  
2 16 department of agriculture and land stewardship to adopt rules  
2 17 and prescribe forms to administer this provision.
