HF 2151

2151-77

1 Section 1. Section 455B.310, subsection 3, Code 1997, is
2 amended to read as follows:

3 3. Solid waste disposal facilities with special provisions
4 which limit the site to disposal of construction and
5 demolition waste, landscape waste, coal combustion waste,
6 cement kiln dust, foundry sand, and solid waste materials
7 approved by the department for lining or capping, or for
8 construction berms, dikes, or roads in a sanitary disposal
9 project or sanitary landfill are exempt from the tonnage fees
10 imposed under this section. However, solid waste disposal
11 facilities under this subsection are subject to the fees
12 imposed pursuant to section 455B.105, subsection 11, paragraph
13 "a". Notwithstanding the provisions of section 455B.105,
14 subsection 11, paragraph "b", the fees collected pursuant to
15 this subsection shall be used by the department for the
16 regulation of these solid waste disposal facilities.

17 EXPLANATION

18 Code section 455B.310, subsection 3, provides that certain
19 solid waste disposal facilities are exempt from paying the
20 tonnage fee to the department of natural resources for waste
21 received and disposed of at the sanitary landfill due to
22 special provisions which limit the site to the disposal of
23 certain types of waste. This bill adds cement kiln dust to
24 the list of materials which may be disposed of at the exempted
25 solid waste disposal facilities.
