Proposed Legislation

PRISON RECYCLING FUND

RATIONALE FOR CHANGE: From Department of Corrections

The recycling fund was intended to support the institutional operations relating to recycling, including the cost of personnel (FTE's) involved in the project. When established only a single recycling fund was created which coincided with the single institution (Anamosa) which had a recycling fund. As other institutions have established recycling programs, additional fund accounts are needed so that staffing costs can be appropriately charged to the right institution.
