EXPLANATION

29 This bill amends Code section 321.453 which provides that
30 the provisions of Code chapter 321 regulating the size,
31 weight, and load of vehicles and Code chapter 321E requiring
32 permits for the movement of certain vehicles do not apply in
33 some cases to implements of husbandry. One exception provides
34 that an implement of husbandry may be moved between a retail
35 seller and a farm purchaser within a 100-mile radius from the

1 retail seller's place of business. This bill eliminates the
2 100-mile condition. It also provides that an implement of
3 husbandry may be moved between a retail seller's place of
4 business and an agricultural exposition or fair.
