21 implement of husbandry, which is exempted from the permit  
22 requirements under this section shall be equipped with an  
23 amber flashing light under section 321.423, shall be equipped  
24 with warning flags on that portion of the vehicle which  
25 protrudes into oncoming traffic, and shall only operate from  
26 thirty minutes prior to sunrise to thirty minutes following  
27 sunset.

28 EXPLANATION

29 This bill amends Code section 321.453 which provides that  
30 the provisions of Code chapter 321 regulating the size,  
31 weight, and load of vehicles and Code chapter 321E requiring  
32 permits for the movement of certain vehicles do not apply in  
33 some cases to implements of husbandry. One exception provides  
34 that an implement of husbandry may be moved between a retail  
35 seller and a farm purchaser within a 100-mile radius from the

1 retail seller's place of business. This bill eliminates the  
2 100-mile condition. It also provides that an implement of  
3 husbandry may be moved between any site and the site of an  
4 agricultural exposition or fair.
